Over \$17,000 Raised for Scholarships

Matt Thull Wins KEYS 5 K Run; Sue Miller Wins Women's Division

KEWASKUM -- The rainy weather that persisted Saturday stopped, and Sunday morning's sunshine welcomed 953 runners and walkers for the eighth annual KEYS (Kewaskum Youth Scholarship) 5 K Run/Walk. Both the number of participants and the \$17,000 raised were the second largest amounts in the KEYS 5 K Run/Walk history. While the purpose of the race is to raise money for scholarships for graduates of Kewaskum High School, this year's race had extra meaning to it. The 2001 race was dedicated in memory of Andrea Haberman, a 1994 graduate of Kewaskum High School, who was in the World Trade Center on

September 11 when terrorists attacked the building.

After the dedication and a moment of silence, the participants joined students from Kewaskum High School in singing the National Anthem. The race then began, a few minutes after eleven o'clock, with a shot from a flint-lock musket fired, from one of the buckskinners participating in the encampment at Kettle Kountry Kolors.

For the record, Matt Thull won the race for the fifth time in a row with a time of 15:02 on Sunday, October 14. Thull, a former Campbellsport resident and Campbellsport athlete, competed at the University of Wisconsin - Oshkosh where

he earned All-American honors in track and cross country. Scott Jansky, from Two Rivers, finished second with a time of 15:42 and Jason Mayer, formerly from New Holstein, finished third with a time of 16:32.

In the women division's, another former winner, Sue Miller, who missed last years race due to her pregnancy, won this year with a time of 17:47. Sue Miller is better known by other runners and readers by her maiden name - Sue Daggett. Daggett's parents live in rural Kewaskum. Last years

Chat With The Principal

Parents, grandparents and other community members are invited to the year's first "Principal Chat," on October 29 at 3 p.m. in the Kewaskum Elementary School Library.

"Principal Chat" provides an informal opportunity to discuss school topics of interest with Kewaskum and Wayne Elementary School Principal Mr. Kieth Kriewaldt.

People may bring questions or topics, or just chat with Mr. Kriewaldt about everything from KES educational goals to test scores and educational trends.

Look for "Principal Chats" throughout the year. Everyone is welcome!

Kettle Kountry Kolors Festival Donates \$1,000 to KEYS Fund

Kettle Kountry Kolors Festival has made a \$1,000 donation to the KEYS (Kewaskum Education Youth Scholarship Fund) in memory of KHS graduate Andrea Habermann.

Habermann, who was working in the World Trade Center in New York is still missing.

The monies were raised by individuals who graciously gave their time in a dunk tank at Kettle Kountry Kolors. Organizers Shelly Marx and Audra Beyer would like to thank everyone who came out to dunk the brave souls. Special thanks to Tim Rohlinger, Kelli Dorn, Troy Ellis, Keith Kriewaldt, David Figge and Andy Kuehl who were the dunkees. Also thanks to the Kewaskum Kiwanis Club, Klemme Brothers Well Drilling, Tuttle Creek

Learning center, Debra Strigentz Attorney at Law, The Hoof Doctor and Kohlsville Cruisers for their support.

Marx and Beyer also wished to thank everyone who volunteered their help and support in the children's activity tent.

"We are happy to say that the children's tent had a great year and we were very happy to see so many smiling faces," said the two.

Trick or Treaters Welcome at Mapledale Sunday

Don't forget to stop at Mapledale Manor One and Two on your rounds trick or treating this Sunday from 5-7 p.m.

KHS to Present 'Wizard of Oz'

As we left you last week, Dorothy (Virginia Feind) and the Scarecrow (Amy Fehlhaber) were walking through a dark, scary woods, when they heard a groan.

I'm sure that they wanted to run away, but they didn't and discovered the Tin Woodman (Kevin Schneider) all rusted. After applying oil to the right spots, the Tinman was able to talk and walk, and the three continued through the forest.

It wasn't much longer until they met a lion. Now the lion didn't have any courage, thus he was called the Cowardly Lion (Eric Braun). Well they all continued along the road to Oz, with each one of the four wanting something that only the great Wizard of Oz

could give them.

Now the rest of this story can be seen on Friday, November 2, and Saturday, November 3, 2001. The performances will begin at 7:30 p.m. Tickets can be obtained by personally stopping at the high school music offices, or by calling 626-8427, extensions 4570 or 4571.

The cost of the tickets are the same as the past few years and all seats are reserved. You will be able to purchase \$5 seats, which put you close to the stage; \$4 seats which aren't as close, but are still on the floor, and the \$3 bleacher seats.

Don't forget about the free performance for all area senior citizens on Thursday, November 1, beginning at 4 p.m.

women's winner, Corrine Hlavka, finished second with a time of 18:54. Lisa Johnson of West Bend finished third with a time of 19:22.

A total of 953 people registered for this popular fund raising event, held in conjunction with Kewaskum's Kettle Kountry Kolors.

Students from Kewaskum, Farmington, Wayne, Holy Trinity, St. Lucas elementary schools, and students from Kewaskum Middle and High Schools made up a large portion of the participants. The people of Kewaskum and the surrounding areas again did a fantastic job supporting the KEYS 5 Run/Walk with over

100 people registering Sunday morning.

"We are very thankful to all the people who registered and made the run so successful this year," reported Jerry Gosa, one of the race organizers. "We also want to thank all our sponsors and especially the team captains at the schools, who worked so hard in getting

students and their families registered. The help we received from all these captains and all the volunteer high school students, made this event run smoothly and successfully," concluded Gosa.

The top three male and female finishers for each of the 16 age groups are listed below.

Special Gift to Special Olympics

In memory of Christa Fleischman, a 1994 Kewaskum High School graduate, a donation was received by Kewaskum Special Olympics from Christa's parents, Al and Joan Fleischman and family, and the Gutjahr extended family.

Christa was tragically taken in an automobile accident on October 20, 2000. The gift in Christa's memory was given as a result of the family's special friendship with Special Olympian Josh Dreher. In addition to Christa's immediate family, the gift was received from the families of Jim and Mary Gutjahr, Tim and Debbie Gutjahr, Greg and Kim Gutjahr and Barb and Robert Behnke.

May the memory of Christa live on, not only in the spirit of the Special Olympians, but in the hearts and prayers of those whose lives she touched.

Kewaskum Juniors to Host Art/Craft Show

This year's Kewaskum Junior Woman's Club Quilt to be raffled on November 17th at the Kewaskum Middle School is a Country Heart design in forest green, ivory and pastel colors.

Members of the GFWC Kewaskum Junior Woman's Club cordially invite area residents to their 19th annual fine art and craft show entitled, "A Kettle Country Christmas." The show will be held on Saturday, November 17, from 9 a.m. to 3 p.m. at the Kewaskum Middle school, 1676 Reigle Drive and will feature many unique, skilled artists and craftspeople from across central, eastern and southeastern Wisconsin.

Club members are actively working to once again make this an outstanding event for artists, craftspeople, club members and the viewing public. This year Junior members will again offer a large variety of baked goods at a bake sale and cookies-in-a-jar mixes. A new addition to the bake sale will include soup-mixes-in-a-jar. The ever-popular quilt raffle this year features a beautiful Country Heart quilt in forest green, ivory and pastel colors. Advance tickets are available in Kewaskum at Hair on Main, the Kewaskum Statesman or from any club member at \$1 each or six for \$5. A free quilt raffle ticket will be offered on the day of the show with a \$1 per adult admission fee.

A luncheon and refreshments will be served in the cafeteria area of the Middle School by members of the Kewaskum High School Booster Club.

The Kewaskum Junior Woman's Club is in its' 34th year of chartering with the largest volunteer woman's organization in the world, the General Federation of Women's Clubs. Areas of donations and service projects include the arts, conser-

vation, education, home life, international affairs and public affairs.

Plan to join us for our annual fund-raising show on Saturday, November 17 at the Kewaskum Middle School!

LETTERS TO THE EDITOR

Dear People of Kewaskum:

Dear Editor,

We are from Mrs. Rose's fourth grade class at Kewaskum Elementary School. We heard President Bush's speech last Thursday and we are trying to raise money for the Afghanistan children. They are without food and water. They have a bad government. We feel lucky to live in the United States. One out of four Afghanistan children are going to die before they are five years old.

President Bush asked each person to donate \$1.00 to help these children. If you want to help, you can drop off a dollar at the Kewaskum Elementary School office or in Mrs. Rose's room 214. We will accept donations until November 2 and then we will send the money to the White House. If you want more information about President Bush's idea to help the Afghanistan children, go to www.whitehouse.gov/kids.

Sincerely,
 Lisa Schulz,
 Stephanie Gigstead,
 Sara Weyer,
 Kari Watkins

Where were all the KHS football players during the Homecoming parade?

I came to the parade hoping to give the teams (Freshman, JV and Varsity) my support. Unfortunately none of them were able to attend. As I stood on the street after the parade, many people voiced their disappointment about the teams' absence. The town is so very proud of these teams, look at the attendance in the stands. What is so wrong about letting them shine during the parade? If anything, I would think it would energize these players.

The adrenaline of hearing the town cheer them towards a victory makes them well aware of how important the game is, so I doubt their minds would wander away from their mission. I'm sure there is some logical reason why someone feels they should not be in the parade. I just hope they understand that these are kids, who will soon be out in the real world. Let them be kids, let them have fun!!

Maybe we can compromise and at least have the Freshmen and JV players suited up, and riding in the parade.

Thanks,
 Becky Manthei

United Way Campaign at Halfway Mark

One milestone of the 2001 United Way Campaign has been reached as of October 12th: the halfway mark in the campaign. Volunteers reported total results to date of 49 percent, with \$568,090 in gifts and pledges raised toward the county-wide goal of \$1,165,065.

Results were reported at the "Out At Sea" Mid-Campaign Report Breakfast on Friday, with more than 70 volunteers and agency representatives in attendance. The event was held at The Threshold, one of the 24 agencies that will receive funds from the current Campaign effort.

Attendees entered the meeting by walking through paper streamers resembling seaweed, and encountered many aquatic creatures as they made their way to a fish-themed breakfast buffet.

Campaign Chair Tim Purman, dressed as the serious fisherman he is, measured the catch so far by hanging fish on a stringer line as Divisions reported their progress to date.

Barbara Hurula, Executive Director of United Way, also told the group that they were "making waves" in spreading the good message of United Way throughout the country.

Volunteers and event hosts, Lori Yahr and Gary Howley were thanked for their efforts to add fun to the festivities.

Purman was pleased with the event. "We're always happy to showcase one of our Member Agencies for this event. It gives our volunteers the opportunity to see first hand where the funds they are raising go to - and to interact with all of the different agencies and the people who benefit from their hard work and generosity," he said.

According to Barbara Hurula, Executive Director, "Fund raising is hard work - we like to build camaraderie among the volunteers, and make this an enjoyable experience, too. The team spirit helps us raise funds for the many programs and services our funded Agencies provide - programs that are vital to so many here in Washington county," she said. Such programs include feeding the hungry, helping the homeless, providing services for the dis-

abled, giving help to the terminally ill and their families, and helping seniors, scouts, families and youth. "Many of the funded programs focus on prevention, helping deter problems from escalating in our community," added Hurula.

A number of divisions are at or above the 49 percent mark already. These include: Accountants and Business Services, Attorneys, Clergy, Dentists, Financial, Professional Specialties, Washington County Employees, Industrial and Manufacturing, Retail, Hartford, Kewaskum, Richfield/Hubertus/Colgate, and Newburg.

"All of our divisions are moving in the right direction, with our campaign volunteers hard at work on this Campaign excursion," said Purman, "and we need the momentum to continue." Employee group campaigns are ongoing, and donor mailings to retirees have been sent and are also being returned with gifts and pledges.

"We extend our heartfelt thanks to everyone who has given so far, and encourages those who haven't done so to give," he said. Donors can contact the United Way office directly at 338-3821, or give on-line through the web-site at www.unitedway-ofwashingtoncounty.org.

Karen Ramthun Winner of WBKV 'Packer Predictions'

Congratulations to Karen Ramthun of the Kewaskum-Campbellsport area, winner of the WBKV morning show's "Packer Predictions" for the Green Bay-Tampa Bay game.

Karen won \$10 gift certificates from Dick's Pizza, West Bend Woolen Mills, Schwai's Tavern and Meats, Jo Jo's Bar and Grill, West Bend Lakes Golf and Badger Wash. As a weekly winner, she'll also be in the drawing at the end of the season for a \$250 leather Packer jacket and \$100 cash.

Cedar Campuses' Annual Benefit Gala Nov. 3

Cedar Campuses planners and volunteers are rounding up their creative talents in making this year's annual Benefit Gala the best one yet. Reserve Saturday, November 3, from 7:00 to 11:00 p.m. at Cedar Ridge Retirement Apartments, 113 Cedar Ridge Drive in West Bend, for a special evening of fanfare whether you are a first-time or a returning Gala guest.

With the theme "Set the Night to Music" and entertainment headliner Howie Schneider Big Band Orchestra, the benefit evening is assured to start off with an animated beat. Whether you dance or not, the music will create a care-free mood for meandering across three floors of continuous buffet, from assorted hors d'oeuvres and savory main entrees to those fabulous desserts for which the Gala has earned its reputation that would make any confectioner jealous.

Door prizes will again add a touch of frolic and a cash bar will be available as well. This annual tradition is hosted by the Cedar Campuses Foundation and Cedar Campuses Volunteers. Net proceeds will be used toward the purchase of a Cedar bug, a recreational vehicle for residents.

Advance tickets, priced at \$25 per person, are available at Cedar Lake Health Care Center and Cedar

Ridge. Tickets at the door that evening may be purchased for \$30 per person. For more information, please call (262) 334-9487.

Confessions of an Ex-Aborter

By Dr. Bernard Nathanson
author of *The Silent-Scream*

I am personally responsible for 75,000 abortions. This legitimized my credentials to speak to you with some authority on the issue. I was one of the founders of the National Association for the Repeal of the Abortion Laws in the U.S. in 1968. A truthful poll of opinion then would have found that most Americans were against permissive abortion. Yet within five years we had convinced the U.S. Supreme Court to issue the decision which legalized abortion throughout America in 1973 and produced virtual abortion on demand up to birth. How did we do this? It is important to understand the tactics involved because these tactics have been used throughout the western world with one permutation or another, in order to change abortion law.

The First Key Tactic Was to Capture the Media

We persuaded the media that the cause of permissive abortion was a liberal enlightened, sophisticated one. Knowing that if a true poll were taken, we would be soundly defeated, we simply fabricated the results of fictional polls. We announced to the media that we had taken polls and that 60% of Americans were in favor of permissive abortion. This is the tactic of the self-fulfilling lie. Few people care to be in the minority.

We aroused enough sympathy to sell our program of permissive abortion by fabricating the number of illegal abortions done annually in the U.S. The actual figure was approaching 100,000 but the figure we gave to the media repeatedly was 1,000,000. Repeating the big lie often enough convinces the public. The number of women dying from illegal abortion was around 200-250 annually. The figure we constantly fed to the media was 10,000. These false figures took root in the consciousness of Americans convincing many that we needed to crack the abortion law. Another myth we fed to the public through the media was that legalizing abortion would only mean that the abortions taking place illegally would then be done legally. In fact, of course, abortion is now being used as a primary method of birth control in the U.S. and the annual number of abortions has increased by 1500% since legalization.

The Second Key Tactic Was to Play the Catholic Card

We systematically vilified the Catholic Church and its "socially backward ideas" and picked on the Catholic hierarchy as the villain in opposing abortion. This theme was played endlessly. We fed the media such lies as "we all know that opposition to abortion comes from the hierarchy

and not from most Catholics" and "Polls prove time and again that most Catholics want abortion law reform." And the media drum-fired all this into the American people, persuading them that anyone opposing permissive abortion must be under the influence of the Catholic hierarchy and that Catholics in favor of abortions are enlightened and forward-looking. An inference of this tactic was that there were no non-Catholic groups opposing abortion. The fact that other Christian as well as non-Christian religions were (and still are) monolithically opposed to abortion was constantly suppressed, along with pro-life atheists' opinions.

The Third Key Tactic Was the Denigration and Suppression of All Scientific Evidence That Life Begins at Conception

I am often asked what made me change my mind. How did I change from prominent abortionist to pro-life advocate? In 1973, I became director of obstetrics of a large hospital in New York City and had to set up a perinatal research unit, just at the start of a great new technology which we now use every day to study the foetus in the womb. A favorite pro-abortion tactic is to insist that the definition of when life begins is

impossible; that the question is a theological or moral of philosophical one, anything but a scientific one. Foetology makes it undeniably evident that life begins at conception and requires all the protection and safeguards that any of us enjoy.

Why, you may well ask, do some American doctors who are privy to the findings of foetology, discredit themselves by carrying out abortions? Simple arithmetic: at \$300 a time 1.55 million abortions means an industry generating \$500,000,000 annually, of which most goes into the pocket of the physician doing the abortion. It is clear that permissive abortion is purposeful destruction of what is undeniably human life. It is an impermissible act of deadly violence. One must concede that unplanned pregnancy is a wrenchingly difficult dilemma. But to look for its solution in a deliberate act of destruction is to trash the vast resourcefulness of human ingenuity, and to surrender the public weal to the classic utilitarian answer to social problems.

As A Scientist I Know, Not Believe, Know That Human Life Begins at Conception

Although I am not a formal religionist, I believe with all my heart that there is a divinity of existence which commands us to declare a final and irre-

Kewaskum Middle School Receives a Helping Hand

Written by: Nicole Braun, Grade 8

The Kewaskum Middle School has an organization that has been under way for years. The group of students that have named themselves N.R.G. (Natural Resources Group) has been trying to improve the front of their school for a long time. We've recently made benches, put in more flowers, and weeded. However we did not do this without a little bit of help, Mr. Drexler has helped us tremendously. We could not have built the benches on our own. Mr. Drexler is a very valuable person to the N.R.G.

We thought he needed a little recognition for helping make our school a better place!!

Sincerely, N.R.G.

IN MEMORY

In memory of MICHAEL STERN, who passed away eighteen years ago, Oct. 18, 1983:

We remember, we care
Your name is whispered
In our prayers
A smile, a tear, a thought
sincere.
How often we wish you were
still here.
God looked around his garden
And found an empty space.
He then looked down upon
His earth and saw your face
He put his arm around you
And lifted you to rest
God's garden must be beautiful
Because he only takes the best.

WALLACE H. KLUG

Wallace H. Klug, 78, of West Bend, died Friday, October 19, 2001, at St. Joseph's Community Hospital, West Bend.

He was born February 28, 1923, in the Town of Scott in Sheboygan County, to the late Walter and Frances (nee Beier) Klug and married Evelyn K. Goring on October 9, 1943, in Allenton.

Wally was a third generation dairy farmer for most of his life, and worked at the Gehl Company for many years.

He was a member of Lodge 1398 Loyal Order of the Moose in West Bend where he enjoyed pitching horseshoes.

Survivors include his wife; two daughters, Mary Klug of Wauwatosa and Carole Taylor of Strawberry, Arizona; two granddaughters, Lori Schinker of Surprise, Arizona and Debra (Mark) Cruz of Phoenix; a great-grandson, Mark Cruz Jr.; nieces, nephews, other relatives and friends.

Preceding him in death were a son-in-law, Robert Taylor, and a sister, Gladys Garbisch.

A memorial service was held on Wednesday, October 24, at 2 p.m. at the Schmidt Funeral Home, West Bend.

Rev. Michael Petersen officiated and inurnment was in Washington County Memorial Park, West Bend.

The family greeted relatives and friends on Wednesday, from 1 p.m. until the time of services.

Contributions may be made to the American Heart Association or to the charity of the donor's choice.

CARD OF THANKS

The family of DAN McCARTY wishes to express their sincere thanks to all those who showed their support in our time of sorrow. Thank you for your kind words, prayers, flowers, cards and food.

We would also like to thank Father Victor Kemmer for the lovely service, the church choir, St. Matthew's Christian Women, and anyone else who assisted us in any way.

These kindnesses will long be remembered.

Cholesterol Guidelines Class to Meet

St. Joseph's Community Hospital of West Bend will be holding a "New Cholesterol Guidelines" class on Wednesday, October 31 from 6 to 7:30 p.m. at the hospital.

The class will provide participants with an overview of new guidelines and diet modifications to help keep the heart healthy. The cost is \$10. Please register by calling the hospital's Class Connection Line at 262-306-7888.

'Hearty Bunch' To Meet Oct. 30

"The Hearty Bunch" cardiac rehabilitation support group sponsored by St. Joseph's Community Hospital of West Bend will meet Tuesday, October 30 from 7 to 8 p.m. at the Cedar Ridge Retirement Center, 114 Cedar Ridge Drive.

Dana Scheunemann, registered dietitian at St. Joseph's, will speak about "New Cholesterol Guidelines: How Do They Affect What I Eat Each Day?"

Spouses, friends and family members are invited to attend this informative evening.

To register or for more information, contact the hospital's rehabilitation services department at 262-334-8237 or 262-334-8595.

The free cardiac rehabilitation support group is designed to educate and provide support for people who have had a heart attack, bypass surgery, angioplasty or other heart problems.

Infant, Child and Adult CPR Offered

St. Joseph's Community Hospital of West Bend will be the site for Family and Friends: Adult, Infant and Child CPR (cardiopulmonary resuscitation) training Tuesday, October 30 from 5:30 to 9:30 p.m.

Participants will learn warning signs of heart attack, stroke and cardiac arrest, CPR, and relief of foreign-body airway obstruction for adults, infants and children. The cost is \$28. For more information or to register call the Class Connection Line at 262-306-7888.

Two-Week Crash Course in Canine Household Obedience

Is Aunt Dottie coming to visit for the holidays and you're afraid your rambunctious two-year-old lab mix is going to knock her down or chew on her best Sunday gloves?

And you're thinking you just might have to hide good ol' Louie in the garage for a week? Why not find a solution that's fair to both Louie AND Aunt Dottie?? At the Washington County Humane Society, help is available just in time for the holidays with a two-week crash course in canine obedience.

The first class will cover foundation obedience and problem-solving including barking, jumping, mouthing and "stealing" while the second class will cover basic commands as well as additional trouble-shooting.

The two-week session for dogs six months or older will be held Saturday, October 27 and Saturday, November 10 from 10:30 a.m. until 12 p.m. at the Humane Society on Highway 60. Cost is \$30 and pre-registration is required. Dogs must be on a six-foot leash, and proof of vaccinations, including nasal bordatella should be brought to the first class.

To register or for more information, call the Shelter at 677-4388.

Scouting For Food Was a Success

Shown above are some of the Cub Scouts and their den leaders Earl Meyer, Mike Marx, Mike Petri, Todd Kirst and Steve Yahr after loading vans full of food donations.

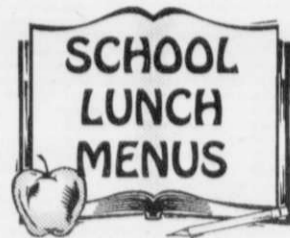

A van fully loaded with Scouting for food bags and little helpers Tyler and Brandon Gray, Ryan McCann and Randy and Ryan Petri.

Kewaskum Cub Scout Pack 3744 wishes to thank all of the generous people in town for their generous donations of non-perishable food items to the Scouting for Food drive this past weekend. Over 220 bags of food were collected on the west side of town alone!

The food was delivered to the West Bend Food Pantry for distribution in the Washington County area. The West Bend Food Pantry is one of the agencies supported by the Washington County United Way, as is Scouting in Washington County.

Some people believe that the city Chicago got its name from the American Indian word *checagou*, which refers to the smell of a wild leek found in the eastern U.S.

Boys Basketball Clinic Open Gym Offered

On Sunday evenings during the months of November and December, there will be a basketball clinic for fifth, sixth, seventh and eighth grade boys. The clinic will be conducted by David Nordeng, KHS varsity boys basketball coach, and will run from 5:30 to 7 p.m.

Assistant clinicians will be the players from the varsity boys' basketball team. Other volunteer coaches are also needed.

Open gym will follow the clinic from 7 to 9 p.m. The clinic is open to all boys attending public or private schools.

Fundamentals of shooting, passing and dribbling, offensive moves, defense

and rebounding will be stressed.

If interested, information sheets are available at each school or just come to the first day of the clinic on October 28 before 5:30 p.m. The cost will be \$20 and a t-shirt and free admission to one boy's basketball game is included in the cost. This will be a great way for students to brush up on their skills for the upcoming seasons. Be a part of the Indian tradition.

Any questions can be directed to David Nordeng at 626-8427 ext. 4256. Clinics for boys in grades K-4 will be held in January and February. Details will be coming later.

Tree Stand Safety Should Be Important Issue for Hunters

MADISON -- Tree stands are popular among Wisconsin hunters -- especially among archery enthusiasts -- because they help improve the hunters' ability to survey surrounding land and help decrease the chances that their scent will spook approaching deer.

But tree stands can also be precarious perches if they're used incorrectly or carelessly, according to hunting safety experts.

"Research shows that one out of three hunters who hunt from a tree stand will fall from their stand sometime during his or her hunting career," says Tim Lawhern, hunter education administrator for the Wisconsin Department of Natural Resources. "Each year we see a range of injuries from falls. People break their arms or legs, or even worse, their backs, in some cases causing paralysis. Some even die."

"Falls can be caused by a variety of factors, including weaknesses in the stand's structure, incorrect installation of a tree stand, failure to use a safety harness and hunters dozing off while on the stand," Lawhern said.

Tree stands can also be a factor in other hunting incidents, such as when hunters shoot themselves while climbing in to or out of their stands while carrying their guns, or when bow hunters fall on their arrows.

Lawhern recommends hunters who plan on using tree stands follow these precautions to avoid suffering injuries:

- * Check permanent tree stands every year before hunting from them and replace any worn or weak lumber before it breaks.

- * Read, understand, and follow the factory recommended practices and procedures when installing commercial tree stands.

- * Inspect portable stands for loose nuts and bolts each time the stand is used.

- * Use a safety belt or har-

ness.

- * Know how to right yourself if you should slip while using a safety device.

- * Use a haul line to raise and lower your equipment and keep firearms unloaded and arrows in a covered quiver.

- * Make sure someone knows the location of your tree stand and when you will be hunting.

- * Stay awake.

Lawhern also suggests selecting a suitable tree -- one large enough to support your weight and that of your tree stand -- before the season.

Following a special dedication of the KEYS 5K Run/Walk to Andrea Habermann, a moment of silence was held, the National Anthem was sung, and a Buckskinner shot off a flint lock musket, and the eighth annual race began.

Motorists Being Warned That Car Deer Collisions Are About to Increase Sharply

MADISON -- All the necessary factors are converging to produce an active fall season of deer-vehicle collisions according to law enforcement officials with the Wisconsin Department of Natural Resources.

Shorter periods of daylight, more motorists driving at dawn and dusk, and deer -- especially bucks -- on the move and because of "the rut," not nearly as wary of their surroundings.

It's an annual occurrence that will continue from late October through Thanksgiving week and begin to slow down by mid-December. For the sake of public safety, DNR wardens are urging motorists to drive cautiously and be on the lookout for deer during this time.

"You can expect deer to be moving at any time of the day or night for the next several weeks," said Chief DNR Warden Tom Harelson. "Deer activity might be a little higher just before sunrise or sunset, but don't be surprised to see them moving around -- crossing highways and roads -- during the middle of the day or the middle of the night. During the fall breeding season, all bets are off regarding "normal" deer behavior."

Being knowledgeable about deer can help Wisconsin residents stay out of harm's way.

"During the rut, deer are moving around more than usual," Harelson said. "It's a time when deer are preoccupied with finding the opposite sex or staying a few steps ahead of rival suitors. It's a time when this summer's fawns -- left alone while does follow nature's calling -- sometimes wander onto roads. It's also a time when deer don't seem to maintain that invisibility and distance that typically keeps them from dangerously interacting with Wisconsin motorists."

"It's a shame to see these deer killed on our highways in the weeks before our biggest deer season," Harelson said. "Obviously, many of these accidents are unavoidable because deer do step into the path of fast-moving vehicles. But driving defensively and alertly can give motorists an edge in many instances."

Harelson also noted that drivers shouldn't assume trouble has passed completely when a deer successfully crosses the road. Deer frequently travel in family groups and in single file. Just because one has crossed, doesn't mean the threat is over.

Its crossing could be a signal that others may follow, which they sometimes do blindly. And bucks will be chasing does. Sometimes these bucks follow closely, other times they pursue

with their heads to the ground nosing a scent trail.

"Trailing bucks are famous for their obsessive conduct," said Harelson. "Some are so preoccupied that they step out in front of tractor-trailers in broad daylight, ignore blaring vehicle horns or walk right by people. Of course, such activities don't qualify as normal deer behavior. But in the fall, they're not abnormal either."

Hunters also play a role in rousing deer during daylight hours. Small game hunters moving through fields occasionally flush deer from thickets and windbreaks. Bear and deer hunters also flush deer from forested areas during drives.

"If you see hunters in the vicinity of the road you're traveling, it's probably a good idea to slow down, especially if you hear gunfire," Harelson said.

Motorists also should slow down whenever farmers are harvesting cornfields because deer are often flushed from fields as farm equipment approaches them.

Other tips for motorists include:

- * Don't count on deer whistles to keep deer from crossing roads in front of you. Stay alert.

- * Watch for the reflection of deer eyes and for deer silhouettes on the shoulder of the road.

- * Slow down in areas where deer-crossing signs are posted. These signs are placed in areas where a high number of accidents have occurred.

- * Drive carefully on roads that divide agricultural fields from forests and whenever in forested areas between dusk and dawn.

- * Assume nothing. Deer do unpredictable things. Sometimes they stop in the middle of the road when crossing. Sometimes they cross and quickly re-cross back from where they came. Sometimes they move toward an approaching vehicle. Slow down and blow your horn to urge the deer to leave the road.

Statewide, there were approximately 45,702 car deer accidents from July 1,

2000 to June 30, 2001. Motorists struck a deer in every county, but the leading counties were Waupaca (1,954), Shawano (1,867), Dane (1,615), Marathon (1,595) and Marinette (1,528).

But not all the deer go to waste. Just under 12,000 were salvaged with free permits.

Shining Deer After 10 p.m. Illegal Sept. 15 to Dec. 31

MADISON -- Deer shining is a popular recreational activity among some people in Wisconsin, but officials warn it is illegal between the hours of 10 p.m. and 7 a.m. from September 15 through December 31.

State conservation law enforcement officials say the practice -- taking high-powered spotlights out on the state's back roads in an effort to see white-tailed deer -- can be fun and exciting for those doing it, but that it can be rude and annoying to rural landowners.

"Some rural landowners have legitimate grievances with deer shiners," said Tom Harelson, chief warden with the Wisconsin Department of Natural Resources. "Indiscriminate use of a high-powered beam on livestock or someone's home in the middle of the night is something most folks just won't tolerate. I can't say that I blame them. Shining a spotlight into someone's bedroom at 3 a.m. is probably the quickest way to convince that person to close off his land to hunters for good."

Deer shining is allowed before 10 p.m. from September 15 to December 31 and at any time of the night from January 1 through September 14. In either case, it is not legal to have with you any firearms, guns or bows while shining deer. However, some counties have stricter laws regarding deer shining and Harelson recommends contacting local sheriff's offices for specific information.

After legal hunting

who hits a deer with a vehicle is entitled to claim the animal. You're required to contact your local sheriff's office to report the accident. They may tag the deer for you at the scene or have you take it to a different location for tagging. Any other passing motorist may also claim the deer if the person who struck it does not want it by calling the sheriff's office to get the deer tagged.

"This year's deer population is estimated at 1.6 million," Harelson said. "That's

a huge herd and it's no surprise that with more deer in the state, the greater the chance of hitting one with your vehicle. People are also driving more and further these days."

"I expect that this fall will be a busy season for local law enforcement officials and wardens who'll be notified of deer-vehicle crashes," Harelson concluded. "It's an unfortunate and sometimes intolerable consequence of having a thriving white-tailed deer population."

hours, hunters who are attempting to find game they shot but were unable to retrieve during the day may do so with the aid of artificial light as long as they notify the local conservation warden, police or sheriff's department. While looking for the game with a light, hunters may not possess a firearm, gun or bow.

"With the number of rural landowners practicing quality deer management, a growing number of unethical hunters are resorting to shining and shooting deer to get a big trophy buck," Harelson said. "Whether shooting from their vehicle or -- in a growing number of cases -- over a bait pile from a cabin, this activity is on the rise in Wisconsin."

While a few hunters are after a big buck for themselves and don't care how they get it, economic pressures might drive others to shine and shoot trophy deer. Record book trophy bucks can fetch tens of thousands of dollars on the black market and there are plenty of buyers for smaller mounts.

Deer shining complaints increase during the fall and have been on the rise for several years. In 2000, wardens issued 377 citations for a variety of activities involving shining deer with the aid of artificial light. The penalty for illegal shining is a \$2,079 fine per violation, loss of vehicle and hunting equipment, and the loss of hunting privileges for up to three years. Penalties increase if a person is in possession of a deer or commits other viola-

tions in addition to just illegal shining.

"Our game wardens take shining complaints very seriously," said Harelson. "We spend thousands of hours each fall investigating shiners and cabin shooters. But with fewer than 160 wardens, this is one situation where we really appreciate the information and cooperation of law-abiding hunters and non-hunters across the state. We simply cannot protect the state's deer by ourselves."

To report illegal shining activity, call the DNR's toll-free tipline at 1-800-TIP-WDNR (1-800-847-9367) or the new cellular tipline at #DNR (#367). The cellular service is currently only available to subscribers of U.S. Cellular.

KHS Offers Open Gym

On Sunday evenings, there is an open gym at Kewaskum High School. All ages are invited, youth through adult. There are pickup basketball games and an open weight room for your use.

If you are a student who would like to brush up on your basketball skills before the season begins, or an adult who just wants to work out, you are welcome.

The gym is open on Sundays throughout the year from 7 to 9 p.m. Hope to see you there. If you have any questions or concerns, please call Dave Nordeng at 626-1572.

Indians In Three-Way Tie for EW Crown

The Kewaskum Indians football team finished in a three-way tie for the Eastern Wisconsin Conference Championship on the strength of a 35-14 win at New Holstein.

Campbellsport's 35-8 win over Roncalli and Sheboygan Falls' 32-15 victory over Kiel placed all three schools atop the EWC with 6-1 conference records.

The Indians scored early and often on the Huskies before they cruised to the win. Tony Fitts started the onslaught with a 72 yard punt return for a touchdown after New Holstein's first offensive series.

Tailback Chris Canter recorded the longest play of the night on the next series, scampering 84 yards only to be tripped up one yard short of paydirt. Tom Ogi would sneak in for the one-yard touchdown, one play later.

The Matt Hartmann PAT put the Indians up 14-0 within the first five minutes of the game. Kewaskum

added two more touchdowns in the first quarter, both by Canter, from six yards and 17 yards out.

Kewaskum finished their scoring in the second quarter on a one-yard run by fullback Justin Rhoads. Hartmann was perfect on all five PAT's to make the halftime score, 35-0.

The Indians used their substitutes extensively in the second half. The Huskies scored both of their touchdowns in the fourth quarter.

Kewaskum's Josh Peterson recovered one fumble and Darren Schulist returned an interception 46 yards in the final quarter.

Chris Canter finished the night with 14 rushes for 205 yards, as the Indians rolled up 244 yards rushing. Alex Charland recorded his third interception of the season. Leading tackles were Troy Koefel with 11, Bill Weber with eight and Justin Rhoads with seven.

Indians Have Opportunity at State Robbed From Them

Indian's Chris Canter makes an amazing 70 yard touchdown in the first quarter of the Indian's playoff game held here Tuesday evening against New Berlin Eisenhower. Eisenhower took a 16-15 victory in the last five minutes of play. Tony Fitts also made an outstanding play going 86 yards for a touchdown at the end of the third quarter.

Kettle Moraine Lutheran Shuts Out Kewaskum

The Kewaskum men's varsity soccer team visited Kettle Moraine Lutheran on Tuesday, October 16, losing 2-0. The Indians played their best game of the season against the strong Kettle Moraine squad.

The defense did a great job stopping the attacks on the Kewaskum goal the majority of the game.

Kurt Cochran, Lee Schacht, Bradey Long and Nick Luther all played magnificent in keeping the Kettle Moraine's offense at bay.

Justin Wessing, Adam Hickman, Justin Brockman, and Jason Knoll did a tremendous job at midfield.

Tyler Hickman, Keith Boegel, Josh Timblin and Aaron Olla played one of their best games at forward, keeping a good balance in the game. Kewaskum's forwards struck at the Kettle Moraine goal with some real quality shots, keeping the defenders scrambling. Hickman had a superb game showing that a freshman could develop to be a star forward. He tacitly danced around the Kettle Moraine players sending a notice that they came to play soccer.

Cochran played a major role in the strong defense in the game. He smartly danced around the opposing teams offense, passing brilliantly to his midfield and forwards.

Freshman Brockman showed his soccer savvy skills stealing the ball many times from the startled Kettle Moraine players.

Wessing played a great game stopping many intrusions in the Indians midfield. He snatched many soccer

balls from the opposing team's offense with nothing less than great play.

Schacht played a great game at left full back, stealing the ball and sending it many times in the game to safety.

Luther played his greatest game of the year at right full back corraling the ball from the Kettle Moraine forwards and sending it down to the team's offense.

Andy Olla was great at keep with many brilliant saves and skilled positioning with his punts.

Bryan Becht played an awesome game at midfield, blasting the ball to safety.

Boegel played his best game of the year, passing superbly and taking the game to Kettle Moraine Lutheran.

Timblin put as much energy into his game as he could. He constantly harassed the defense of Kettle Moraine, catching the unwary defenders and stealing the ball.

Aaron Olla was awesome at playmaking at center forward. He moved the ball tacitly into scoring position.

Knoll played a big game against the seniors of Kettle Moraine Lutheran.

A pack of Indians trample on a New Berlin Eisenhower player in the first quarter. A complete article and statistics on the playoff game will be in the next edition of the Statesman.
