KHS's Koch Earns National Certification

Mary Koch

Statesman Photo: Andrew Kuehl

Thirty-nine WEAC members have earned their profession's top honor. They learned recently that they achieved National Board for Professional Teaching Standards certification, the teaching profession's highest credential.

The NBPTS today released the names of teachers from throughout the nation, including 39 from Wisconsin, who achieved national certification by voluntarily going through a rigorous, yearlong performance-based assessment process.

Mary Koch of the Kewaskum School District was certified on November 15 for Early Adolescence through Young Adulthood/Career and Technical Education.

"Great schools depend on great teachers and staff," Wisconsin Education Association Council President Stan Johnson said. "All the WEAC members who achieved National Board

certification this year have shown their dedication to children and great schools by going through this difficult process in order to make sure they provide every child with a classroom that works. Certification is a nationally recognized symbol of teaching excellence."

Johnson said the certification process involves an in-depth analysis of the applicant's teaching practices, a subject-specific standardized test, and a demonstration of an applicant's contributions to the profession and local community.

"These teachers have earned the thanks of every Wisconsin resident," Johnson said. "They are continuously striving to become better teachers, which benefits children and our entire society."

Wisconsin now has 74 nationally certified teachers. More than 100 WEAC members are currently pursuing certification for next year.

WEAC continues to provide candidates with support materials and works with regional offices throughout the state to provide workshops for candidates.

Insights & Inspirations

By Rochelle Pennington

I Heard the Voice of God

Visions. Conversations with God. Holy encounters with the Heavenly.

Until one evening during the Christmas season a few years back, I never experienced any of these, but always marveled that Divine dialogues actually took place - to other people, not me. My relationship with God was one continuous monologue: I talked, He listened; I hoped. But then it happened, and it happened like this....

Our family had gone to Holy Hill Cathedral to see the living nativity set up there beneath the night sky. Joseph, Mary, an angel, and Kings took their place among the animals that included goats, sheep, a donkey, a llama, even a camel. These are the ones who came, as did we, every Christmas.

There is "something" about this sanctuary atop the mount that draws visitors from around the world to pray, to worship, and to climb its towers that reach upward to touch Infinity. And there are those who come for healing. Wheelchairs, left behind, now empty, attest to the power of this place. Crutches and leg braces rest against the great wall, a visual affirmation of the lame who left walking. People pause and stare at the crutches, especially the little ones. Some murmur among themselves in wonder. Some are silent. What is there to say? Yes, there is something here that reaches out to you from Somewhere else. One can sense it.

We stayed for the nativity and also for the symphony concert that is performed every Christmas in the massive church with its marvelous acoustics on the same night. The concert concluded with a congregational singing of carols. If you've never experienced singing *Joy to the World* with a chorus of hundreds of other voices joined to your own, and hearing those voices accompanied by both a massive pipe organ and an entire orchestra, well, words fail to express what opens in your heart at such a moment. At least mine do.

When we finally got back home and into bed, sleep came readily. Then, sometime during my drowse, I heard a Voice ask of me, "Who are you in Bethlehem?" I knew the Voice was God's. I still wonder how I knew this, and am still unable to answer my own question. My response was less than brilliant, "Huh?" Thus said I to God. Again came the ques-

tion, "Who are you in Bethlehem?"

I was confused. How could God be asking me who I was in Bethlehem when I wasn't even in Bethlehem? If He's supposed to know everything, how could He not know rural Wisconsin is no where near the Middle East? I mean, really, we're talking Geography 101 here. The question did not make sense, and I decided to tell Him so. Perhaps this was not the brightest idea, but it was the only one I had at the time.

"I don't know what you're talking about," came my second and final contribution to the conversation. Then visions came, many of them: visions of shepherds and angels, of an innkeeper and a donkey, visions of a young woman named Mary, wise men, and a star.

"Look closely," God told me of the innkeeper. "I still stand at the door and knock; the door of every heart of humankind. Do you make room for Me within you? Do you welcome Me or instead say, I have no place for You; my heart and my life are full? Have you sent me to the barn of your heart, apart from you, out back, forgotten?"

"Look closely," He told me of a star, shining with brilliance. "Without words, the star's light proclaimed the message that Christ was among men and led travelers from distant lands to seek Him. Is this you?" He asked. "Does the light of your faith radiate from within you? Are others led to seek The Light of the World

by what they see from your life?"

"Look closely," He said of a simple donkey, laboring to carry a woman, great with Child, up hillsides. "Is this you?" He asked. "Are yours the humble efforts that serve in roles necessary, but so often taken-for-granted? Without the donkey, the Christ Child would not have arrived in Bethlehem, nor could the Church stand without the efforts of those who, in quiet humbleness, labor and build and roof and paint and scrub and mow and clear jungles for mission sites."

And then I saw Mary, kneeling before the angel Gabriel who brought her news that she had been chosen to give birth to the Messiah. I heard her respond, "Behold, I am the handmaid of the Lord. Let it be to me according to thy word."

"Is this you?" God asked. "Is yours a heart desiring acceptance of My will for your life? My will for your life is in My Word. Does your spirit respond, Let it be to me?"

Visions of other angels then appeared, multitudes of them, with voices raised in praise from the skies above Bethlehem, "Glory to God in the highest!"

"Is this you?" God asked. "Do your lips proclaim My praise?"

Then came wise men asking, "Where is He that is born King of the Jews for we have seen His star in the East and are come to worship Him?"

"Is this you?" God asked. "Are you determined to kneel before Me and worship or instead have no time?"

"Look closely," God said, indicating shepherds hurrying to Bethlehem to find a Babe wrapped in swaddling clothes and lying in a manger as told to them by the angels. After finding the Christ Child, the shepherds then made known abroad all that had been told to them

concerning the Child.

"Is this you?" God asked. "Has the message of Christ been made known unto your heart? Have you, like the shepherds of Bethlehem, taken this message to others?"

Then the visions ended with one final face: that of King Herod who wanted nothing more than the life and name of Christ silenced forever. "But that didn't happen," said the Voice, because, "shepherds of the message kept coming to tell all that had been made known unto them abroad, and donkeys kept coming to serve in a humble and necessary way, and angels kept coming to sing praise and glory unto the Lord, and innkeepers kept coming to make room in their hearts for the Honored Guest, and Marys kept coming, obedient to the will and Word of God, and wise men kept coming to worship and kneel before the King of Kings, and stars kept coming to shine The Light of the World to others."

I awoke and understood. Bethlehem's story is our story. When we look to

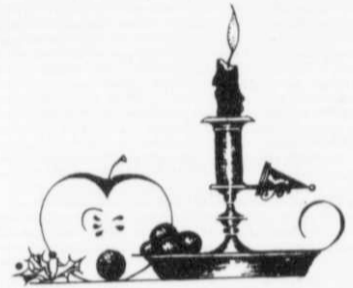

Bethlehem, we look to ourselves.

As I crawled out of bed in search of pen and paper, my husband heard me and asked where I was going.

"God just spoke to me and I need to write this down," I told him.

He muttered something. I don't remember exactly what it was, but I think it went something like, "Huh? I don't know what you're talking about."

EDUCATION... IT'S EVERYONE'S BUSINESS

By Wayne P. Graczyk,
Kewaskum Superintendent of Schools
www.kewaskumschools.org

I have pondered what to write during this special and delightful time of the year, but nothing struck me as being just right, nothing that caught the spirit of the season, or that captured my imagination much less inspiration.

So I thought I would leave you with two jokes with just a "tinge" of religion in them.

A young boy had just gotten his driving permit. He asked his father, who was a minister, if they could discuss his use of the car. His father said to him, "I'll make a deal with you. You bring your grades up, study the bible a little, and get your hair cut; then we'll talk about it."

A month later the boy came back and again asked his father if he could use the car. His father said, "Son, I'm really proud of you. You brought your grades up, studied the bible well, but you didn't get your hair cut!" The young man waited a moment and then replied, "You know dad, I've been thinking about that. Samson had long hair, Noah had long hair, and even Jesus had long hair." His father replied, "Yes son, and they walked everywhere they went."

Now to close with a little prayer, tongue in cheek style, that might be quite appropriate for some of us, some of the times:

"Dear Lord: So far today I've done alright. I haven't lost my temper, haven't been greedy, grumpy or over indulgent. I'm very thankful

The "Good Old Days"

One evening a grandson was talking to his grandfather about current events. He asked what he thought about the shootings at schools, the computer age, and just things in general.

Granddad replied, "Well, let me think a minute..."

I was born, before television, penicillin, polio shots, frozen foods, Xerox, contact lenses, Frisbees and the pill.

There was no radar, credit cards, laser beams or ball-point pens. Man had not invented pantyhose, air conditioners, dishwashers, clothes dryers, and the clothes were hung out to dry in the fresh air and man hadn't yet walked on the moon.

Your grandmother and I got married first - and then lived together. Every family had a father and a mother, and every boy over 14 had a rifle that his dad taught him how to use and respect. And they went hunting and fishing together.

Until I was 25, I called every man older than I, "Sir" and after I turned 25, I still called policemen and every man with a title, "Sir."

Sundays were set aside for going to church as a family, helping those in need, and visiting with family or neighbors.

We were before gay-rights, computer-dating, dual careers, daycare centers, and group therapy.

Our lives were governed by the Ten Commandments, good judgment, and common sense. We were taught to know the difference between

right and wrong and to stand up and take responsibility for our actions.

Serving your country was a privilege; living here was a bigger privilege.

We thought fast food was what people ate during Lent. Having a meaningful relationship meant getting along with your cousins.

Draft dodgers were people who closed their front doors when the evening breeze started.

Time-sharing meant time the family spent together in the evenings and weekends not purchasing condominiums.

We never heard of FM radios, tape decks, CDs, electric typewriters, yogurt, or guys wearing earrings.

We listened to the Big Bands, Jack Benny, and the President's speeches on our radios. And I don't ever remember any kid blowing his brains out listening to Tommy Dorsey.

If you saw anything with "Made in Japan" on it, it was junk. The term "making out" referred to how you did on your school exam.

Pizza Hut, McDonald's, and instant coffee were

unheard of. We had five and dime cent stores where you could actually buy things for five and ten cents. Ice cream cones, phone calls, rides on a streetcar, and a Pepsi were all a nickel. And if you didn't want to splurge, you could spend your nickel on enough stamps to mail 1 letter and 2 postcards.

You could buy a new Chevy Coupe for \$600, but who could afford one? Too bad, because gas was 11 cents a gallon.

In my day, "grass" was mowed, "coke" was a cold drink, "pot" was something your mother cooked in, and "rock music" was your grandmother's lullaby.

"Aids" were helpers in the Principal's office, "chip" meant a piece of wood, "hardware" was found in a hardware store, and "software" wasn't even a word. And we were the last generation to actually believe that a lady needed a husband to have a baby.

No wonder people call us "old and confused" and say there is a generation gap.

How old do you think grandpa is? This man would be only 59 years old.

KMS Eighth Graders Study Holocaust

KMS students view a Holocaust display put together by speaker Fela Warshau.

By Jessica Alexandra
KMS Student Reporter

In the last few weeks, the eighth graders at Kewaskum Middle School have been doing a unit on the Holocaust. "We have been learning a lot of things about the Jewish religion and the Holocaust," said an 8th grader.

A speaker by the name of Fela Warshau came in to give her story on what it was like to be in WWII. Everyone was very moved by her story. Mrs. Warschau was a teenager going through the war and she told her side with great interest shown by the students. She lived in Lodz, a city in Poland. One day the Nazis arrived and told the families of the city to pack one bag with their personal belongings. They were taken to an area of the city to live. After time, she was taken to Auschwitz, a concentration

camp. At this camp, she and her sister were separated from the rest of their family, and she never saw her brothers, parents, or grandparents again. After ten days, she and her sister were moved to Hamburg, where they worked long days with little or no food.

After Hamburg, they were taken to Bergen-Belsen, a concentration camp. By the spring of 1945, Fela thought that she was in hell. She got weaker each day. On the day she thought she was going to die, her camp was liberated. British soldiers were on their way to a neighboring camp, they smelled the awful smell of rotting bodies and kohlrabi

and therefore stopped.

"Fela's story was very emotional and I give her a lot of credit for coming out here and speaking to us," said Ryan Brothen, eighth grader at Kewaskum Middle School.

The eighth graders also went on a field trip to Beth Israel, a synagogue in Milwaukee. There they learned more about the Jewish religion and their way of life. The eighth graders learned about the laws of keeping Kosher.

"I think its pretty cool how the people of the Jewish religion go to church on Saturday," said Sara Jung, another eighth grader at KMS.

They learned that the Jewish religion goes back over 4000 years. The eighth graders had also learned that the scrolls were written in Hebrew, which is read left to right. While the eighth graders were at Beth Israel, they also heard another story from a Holocaust survivor. Her name was Toba Biterman. She had a different kind of story. She was a Jewish girl who didn't go to a concentration camp. Her family went to Russia and they lived there. Toba managed to stay in Poland by pretending to be German and working in factories and offices. Her story was told from the viewpoint of a Jewish person in hiding during the war.

"The story was a little hard to understand, but I think it was because she hasn't talked about it before hand," said Robbi Bode.

All in all, this unit was

Fela Warshau

very informative to all the eighth graders. Brian Coster thought that one lesson to be learned from the Holocaust is, "Never give up on yourself."

"Enjoy life while you have it, because you can lose it in a second," Aaron Smith added.

Moraine Park Foundation Receives \$274,000 Donation

Moraine Park Technical College's Foundation, recently announced the donation of \$274,000 from the Trust Estate of Carolyn "Carrie" J. Schucht.

"This generous donation means a great deal to Moraine Park and its Foundation," said Moraine Park President John Shanahan. "Not only does it enable the Foundation to provide additional scholarships for students attending our College next fall, but it will continue to generate revenue for scholarships for Moraine Park students for years to come. We're very grateful."

Schucht, of West Bend, was 78 when she passed away December 30, 2000. She was active on the state advisory committee for adult education and a member of many committees at Moraine Park. She was also involved with scholarship donations while employed with B.C. Ziegler. "Carrie was very interested in students, particularly those who were goal oriented," said Maureen Josten, former Moraine Park West Bend campus and community partner. "I believe she had a particular interest in technical education, which I'm sure played a role in her decision to make this donation."

Moraine Park Foundation representative, Val Krueger, says the donation will be used to establish an endowed scholarship program for Moraine Park students.

The Moraine Park Foundation received the check for \$273,946.99 from the Schucht Estate in October 2001. Specifications for the bequest include it being used to establish an annual Schucht Scholarship Fund, with the number of scholarships, as well as the criteria for selecting recipi-

ents, to be determined by the Foundation's Board of Directors.

The Moraine Park Foundation, Inc., will provide approximately \$62,000 in scholarships to almost 100 students during the 2001-02 school year. The foundation is a tax exempt, nonprofit corporation. Its purpose is to solicit, receive and administer gifts, bequests and property for the development, promotion and benefit of Moraine Park.

Kewaskum 4-H News

On December 6, 2001 the Kewaskum 4-Hers held a short meeting and Christmas party. There were donations of hats, mittens, and food for the needy. At the Christmas party there were a lot of fun things to do such as, games, food, crafts, and cookies to decorate. We all had a great time. Thank you

to all the families that helped make this a great Christmas party.

At the meeting we discussed the Bucks game, the parade float, and the Christmas tree. Special thanks to all participants who helped with the float and Christmas tree. Our float won 3rd place in the parade. Great job on the Christmas tree 4-Hers.

The special emphasis committee and club officer meeting is scheduled for

Dec. 27 at 6:30 p.m. to work on the theme "4-H Celebrates 100 Years."

All members are asked to bring their power of youth pledge at the January meeting. Any questions contact Rachel Gavin or Mitchell Weindorf.

Our next meeting is on January 3, 2002 at the Kewaskum Town Hall.

LETTERS TO THE EDITOR

To the Editor:

With the holiday season upon us, influenza immunization is far from most people's minds. Yet, many individuals aged 65 and above and those at high risk for influenza complications remain unvaccinated.

Distribution of this year's influenza vaccine was delayed, and sufficient quantities were not available in many locations to meet the October and November demand - the traditional "flu shot season." Sufficient quantities are now available, and vaccination should continue through December and beyond.

Many elderly individuals and those at risk have not yet received a flu shot. Also, many younger, healthier persons were unable to get a flu shot earlier because they were part of a lower priority group. Finally, many work-site clinics were postponed or cancelled due to influenza vaccine delays.

It's not too late for a flu shot! The Wisconsin Adult Immunization Coalition urges you to contact your physician, clinic, public health department or visiting nurse association if you have not yet received a flu shot this season.

To date, there has been little influenza activity in Wisconsin for the 2001-2002 season. In fact, most past influenza outbreaks (15 of the last 19 years) occur in late January, February or March. Even if influenza is occurring in a community, individuals who have not yet been exposed - especially the elderly and those at risk - can benefit from vaccination.

Have a safe and happy holiday season...and make sure you get your flu shot!

Dear Editor,

During this time of year, I hear so many children tell me about the letters they've written to Santa. This year it got me thinking about WHY we have our children do that. Why don't we have

them write thank you letters to Jesus instead? Thanking Him for being born into this world. Thanking Him for everlasting life to those who believe in Him. Thanking Him for the wonderful country we live in, of blessings upon blessings and freedom to worship Him. Thanking Him for food on our tables and warm soft beds to sleep in. Why are they asking someone who does not even exist for toys instead of thanking the One True Giver of all good things?

Just something to think about...

*Sincerely Yours,
Karen Paulus*

Kewaskum Athlete Receives Medal at Special Olympics

Bump... set... strike were the words being chanted by more than 1,100 athletes, including the Kewaskum Special Olympics team, who competed at the Special Olympics Wisconsin 2001 State Fall Sports Tournament in Waukesha November 30 and December 1.

Congratulations to Jeff Puestow of Kewaskum who took third place in Division Four in bowling.

More than 2,500 athletes, coaches, volunteers, and spectators from around the state traveled to Waukesha for state championship competition in bowling and volleyball.

The event kicked off Friday, November 30, with Opening Ceremonies at the Country Inn in Brookfield. Red, white and blue was the theme of the evening as the athletes, families and vol-

unteers gathered to salute Wisconsin's own firefighters and law enforcement officers as a tribute following the September tragedy.

More than 1,100 athletes of 9,000 from around the state qualified to travel to the state games according to their performance at the local and regional or district tournaments. It was a weekend of fun and games as bowling competition took

place throughout the day on Saturday as the AMF Bowlero Lanes in Wauwatosa and AMF Waukesha Lanes, while volleyball took place at the EPICENTER.

Special Olympics Wisconsin holds five state tournaments per year and provides year-round sports training and competition opportunities for citizens with cognitive disabilities.

Telecom investment bolsters Wisconsin economy

At a time when our nation as a whole is facing a dramatic economic slowdown, SBC Ameritech is working to help support and sustain Wisconsin's economy.

A few facts and figures about SBC's current investment in Wisconsin:

- SBC provides jobs for over 6,500 Wisconsin families, with an annual statewide payroll of about \$285 million.
- SBC has contributed more than \$3 million a year to Wisconsin charities.
- SBC has invested a record total of about \$350 million in Wisconsin this year.

Merrill Wegner

That type of investment has helped produce a strong telecommunications infrastructure for Wisconsin.

Local phone service competition in Wisconsin is healthy. Since the passage of the federal Telecommunications Act, SBC has opened up its local networks; today, Wisconsin consumers can choose from nearly 50 phone companies in Ameritech's service area, and the numbers continue to rise.

Which means Wisconsin customers have both a solid incumbent phone company and the security of network redundancies — duplicative structures that give callers other options if a system should go down. And consumers are enjoying the benefits and savings that naturally come with greater competition.

Broadband deployment in our state is doing well, too. Today, SBC's state-of-the-art network includes more than 350,000 strand-miles of fiber optics in Wisconsin, as well as 100% digital switching in our central offices. A recent Federal Communications Commission study showed high-speed Internet access within our state above the national average.

At SBC, we're dedicated to continuing this investment in the state's telecom infrastructure, so that Wisconsin can continue its economic development and growth well into the future.

25 Years Ago

December 10, 1976

Willard and Marge Lynn, owners of the Glacier Inn Supper Club, Kewaskum, have sold their business and property, which includes an apartment and hotel rooms to William and Nancy Kulas of Sussex. Kulas, a former state trooper, and his wife will take possession of the business on January 3. The Lynns, who are retiring, have operated the Glacier Inn for the past 13-1/2 years. They purchased the establishment from the Bruhn estate on June 1, 1963. Helen Pugh had been operating it at that time.

Preceding their regular meeting last Thursday night, the Kewaskum Fire Department was presented with a flag for their new fire station by Robert G. Romaine Post 384 of The American Legion. The display flag with gold fringe and tassel was presented to Fire Chief Bilgo by Legion Commander Bob Kieckhafer. The flag was advanced by Legionnaires, after which the flag presentation ceremony was held. Legionnaires officiating were Wes Kuehl and Ray Zeimet, color guard; Jim Korth and Clayton Stautz, color bearers; Harold Boettcher, sergeant-at-arms and Commander Kieck-

hafer.

In non-conference wrestling last Tuesday, Campbellsport extended its streak to 72 matches without a loss with a 47-11 win over Kewaskum. They recorded three pins, three decisions and one draw and were aided by three Kewaskum forfeits as the Indians do not have a competitor in these weights. The Indians had one pin, one decision and one draw. Dan Ruplinger at 105 had the quickest pin of the night as he put away previously unbeaten Bob Crofts in 33 seconds. Dan Schmidt had a win at 138 pounds outpointing Rich Grahl 2-0. Eric Schmidt at 185 picked up two points on a draw with the Cougar's Steve Halfmann, 4-4.

Village Board Meeting Minutes

Mid Monthly Meeting
November 19, 2001
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Session in the Council Room of the Municipal Building, 204 First Street.

President John D. Kenworthy presided. Trustee Mathew Heiser, Trustee Andy Pesch asked to be excused and were absent. Trustee Kevin Scheunemann arrived at 8:07 p.m., all other Trustee Members were present. A quorum was present.

The meeting was opened with a moment of Silence and Pledge of Allegiance.

On a motion by Trustee Robert Stoltzmann seconded by Trustee Larry Ammel and unanimously carried by voice vote, the minutes of the November 5, 2001 meeting were approved as printed.

Public hearing was held on the request of Kewaskum Veterinary Clinic for a conditional permit to allow for permission to the boarding of pets and a kennel license. The CUP would allow the maximum of up to 15 animals all of which would be boarded inside. Dr. Gregory Ogi was present to explain his request and to answer questions. Eighteen notices of said hearing were mailed out and three of those notified were present. It was noted the boarding of the dogs and cats would be temporary and that they would be housed inside of the building. The people in attendance did ask about inside or outside boarding and if outside runs would be used. The answer was all animals will be inside and that if outside the animals would be on a leash. Another party asked if the outside appearance of the property would change. The answer was no, not at this time, but that in the future an additional request may be brought to the Plan Commission and Village Board. The Police were asked if any noise complaints have been filed against the clinic to date. The answer was no. On a motion by Trustee Larry Ammel, seconded by Trustee Thomas Piwoni and carried by majority roll call vote, the Board closed the public hearing. Roll call was 5 "Aye" 0 "Nay" 2 "Absent".

Administrator Daniel S. Schmidt informed the Board the CUP was not included on the agenda so final action would first be addressed on November 26, 2001.

Fire Chief Mark Groeschel asked to be excused and was absent. Chief of Police Richard Knoebel presented the September report:

Criminal arrests 19 Criminal investigations 25
Traffic warnings 94 Traffic citations 19
Adult arrests 20 Juvenile arrests 16

Property stolen \$7,696 Property recovered \$-0-
Parking warnings 12 Parking tags 30

Director of Public Works, Jerry Gilles reported as follows:

1) Well # 4 and pump station # 1 have been fence for security reasons.

2) The fire hydrants have been drained and checked for the winter.
3) Leaf collection is almost complete.

4) A hydrant has been repaired on the corner of Meadow Lane and Clinton.

5) The placement of Christmas decorations has been started.

On a motion by Trustee Robert Stoltzmann, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote the Board approved the issuance of an Operators License for 2001/2002 upon proper payment of fee and

documentation for the following:

Gauthier, Jacob D. West Bend, WI

Note: The Police Department had no objection to the application.

Administrator Daniel S. Schmidt reviewed the following with the Board:

1) Review of League and Taxpayer bulletins.

2) Review budget control sheets for period ending October 31, 2001.

3) Update on October 24, 2001 Mid Moraine social Dinner Meeting.

4) Review of correspondence.

a. The letter sent to St. Josephs Hospital Board of Directors was reviewed. President John Kenworthy informed the Board of the informational meeting held earlier this evening in West Bend on the hospital project. It was noted the format for discussion was extremely controlled and nothing was open to discussion. It also appeared that the Board has no regard for health care for Kewaskum and Campbellsport and are only interested in dollars and not for the well being of the residents of Washington County. The minds of those in control have been made up even though they say

they are not.

5) President John Kenworthy read a letter he and the village received from the White House regarding the September 11th Resolution acted on by the Village Board.

Because the Town of Barton pulled out of the fire service contract with the Village of Kewaskum it was necessary for the Village to amend the Fire Department budget and related service contracts. The loss of revenue had a far greater effect on the budget than did the reduction in the expenditures.

The difference was \$29,768.

This increased the Villages tax rate by an additional 3% changing the total to 13.1%. The Board reviewed options and could not find a suitable means to reduce that noted deficit. The overall tax rate was looked at and that estimated tax rate came in at 3.6% or \$.82. On a motion by Trustee Robert Stoltzmann seconded by Trustee Larry Ammel and unanimously carried by voice vote, the Board authorized the sending of the Fire Service Agreements to the Town of Kewaskum and the Town of Auburn as amended and dis-

cussed.

On a motion by Trustee Larry Ammel, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote, the board authorized the signing of a contract with Aqua Biologist for 2002 pool maintenance at the same price as 2001.

The Village board reviewed the information gathered and put together regarding Municipal Building rules and Regulations as well as the fees. On a motion by Trustee Kevin Scheunemann, seconded by Trustee Larry Ammel and unanimously carried by voice vote, the Board approved the establishment of the MBA Rules, Regulations and fees as prepared.

On a motion by Trustee Larry Ammel, seconded by Trustee Kevin Scheunemann and unanimously carried by voice vote, the Board authorized the advertising for cleaning services or help for the MBA.

Police Chief Richard Knoebel

reviewed with the Board the suggested changes to the parking fines. It was noted the last time any adjustment was applied to these fines was in the late 1970s. On a motion by Trustee Larry Ammel, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote, the Board approved the adjustments to the parking fines as outlined by the Chief of Police and that they would take affect on January 1, 2002.

Motion by Trustee Robert Stoltzmann, seconded by Trustee Larry Ammel and carried by the majority roll call vote, to adjourn. Roll call vote was 5 "Aye" 0 "Nay" 2 "Absent".

Village Board Meeting Minutes

**Public Hearing Meeting
November 26, 2001
7:00 p.m.**

The Village Board of Kewaskum, Washington County, Wisconsin, met in Regular Special Session in the Council Room of the Municipal Building, 204 First Street.

President John Kenworthy presided. Trustee Andy Pesch was absent and arrived at 7:50 p.m., all other Trustee Members were present. A quorum was present.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

On a motion by Trustee Larry Ammel, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote, the minutes of the November 19, 2001 were approved as printed, with a couple of noted corrections.

On a motion by Trustee Kevin Scheunemann, seconded by Trustee Larry Ammel and carried by the majority roll call vote the Board suspended the rules to take up IX New Business, A. Conditional Use Permit 2001 - CUP.02 as heard at public hearing on November 19, 2001.

Action was taken on Conditional Use Permit No. 2001-CUP.02 regarding the request of the Kewaskum Veterinary Clinic and the request to receive a kennel license to board healthy pets as attached hereto:

The public hearing was held on the proposed budget for 2002 as noticed in the November 8 and November 15, 2001 Kewaskum Statesman. It was noted one reporter was present as well as one resident. Administrator Daniel Schmidt informed the Village Board of the incorrect time of the public hearing within the West Bend Daily News article on the Villages budget. A review of both the revenues and expenditures were gone over by the Administrator with questions being asked and answered. The budget as proposed and heard, would equal a general budget increase of 6.7% or \$128,197. The tax levy as discussed would equal an increase of \$154,197 or 17.7%, partially caused from the real growth within the Village and a decrease in state revenues. The Village tax rate also reflects an increase of 89.9¢ or 13.2% per \$1,000 assessed value. The Village's rate as proposed would equal \$7.72 per \$1,000 assessed value. The net tax rate would be \$23.63, an increase of \$.93 or 4.1%. Several other vital tax facts were reviewed in conjunction with the proposed budget. On a motion by Trustee Larry Ammel, seconded by Trustee Thomas Piwoni and carried by the majority roll call vote, the Board closed the public hearing. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent".

The public hearing was held on the proposed Library Fund, Debt Service Fund and Special Revenue Fund budgets for 2002. A review of the funds revealed the cost of providing library service has increased by 27.4% or \$19,583.00 and that no major changes have occurred on either the Debt Service Fund or Special Revenue Fund. On a motion by Trustee Robert Stoltzmann, seconded by Trustee Larry Ammel and carried by the majority roll call vote, the Board closed the public hearing. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent".

The public hearing was held on the proposed Water Department budget for 2002. The Board reviewed the budget and it was noted the utility was meeting the PSC's requirement in reference to a rate of return. A rate adjustment is again needed at this time to provide the rate of return as required by the PSC. On a motion by Trustee Robert Stoltzmann, seconded by Trustee Kevin Scheunemann and carried by the majority roll call vote, the Board

closed the public hearing. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent".

The public hearing was held on the proposed Water Pollution Control Department budget for 2002. The Board reviewed the budget and noted that the engineering work for Main Street and Riverview Drive will continue in 2002. The expenses associated with this project are to be capitalized and not part of the utilities operating budgets. It was noted that the revenues and expenditures did not balance and is suggested that a rate adjustment will be needed in 2002. On a motion by Trustee Larry Ammel, seconded by Trustee Thomas Piwoni and carried by the majority roll call vote, the Board closed the public hearing. Roll call vote was 6 "Aye" 0 "Nay" 1 "Absent".

The Fire Chief Mark Groeschel was not present.

Police Chief Richard Knoebel arrived late, but did not have anything to report.

Director of Public Works, Jerry Gilles reported:

- 1) The Christmas decorations have been installed.
- 2) He would be meeting with an engineer regarding utility security and the system to implement such a system.

Administrator Daniel S. Schmidt reviewed the following with the Board:

- 1) Reported the next meeting of the Village Board to be December 10, 2001 at 8:30 p.m.

Trustee Andy Pesch, the Board Representative on the Plan Commission, announced the scheduled meeting of the Commission December 11, 2001, at 7:00 p.m.

The Board reviewed the proposed budget for 2002 as heard at the public hearing and reviewed the taxpayer informational memo, including Holiday Municipal Building hours as earlier approved. On a motion by Trustee Robert Stoltzmann, seconded by Trustee Thomas Piwoni and unanimously carried by voice vote, the Board approved the General Budget as proposed for 2002. On a motion by Trustee Robert Stoltzmann, seconded by Trustee Larry Ammel and unanimously carried by voice vote, the format and content for the taxpayers memo was approved. Village President John Kenworthy and the entire Board thanked the Administrator, staff and all Department Heads for continuing to work hard on maintaining a sound

and reasonable budget.

On a motion by Trustee Larry Ammel, seconded by Trustee Mathew Heiser and unanimously carried by voice vote, the Board approved the Library Fund, Debt Service Fund and Special Revenue Fund Budgets as heard at public hearing for 2002.

Action was taken on Resolution No. 2001-28 a resolution setting the 2001 tax rate as attached hereto:

On a motion by Trustee Thomas Piwoni, seconded by Trustee Larry Ammel and unanimously carried by voice vote, the Board approved the Water Department budget for 2002 as heard at public hearing.

On a motion by Trustee Larry Ammel, seconded by Trustee Kevin Scheunemann and unanimously carried by voice vote, the Board approved the Water Pollution Control Department budget for 2002 as heard at public hearing.

On a motion by Trustee Larry Ammel, seconded by Trustee Kevin Scheunemann and carried by the majority roll call vote, to adjourn. Roll call vote was 7 "Aye" 0 "Nay" 0 "Absent".

Local Cheerleaders Travel to New York to Participate in Macy's Thanksgiving Day Parade

Kewaskum High School cheerleaders Jennifer Simonson and Mandy Glander participated in the Macy's Thanksgiving Day Parade on November 22 in New York.

To be in the parade, they solicited donations. They had found out about the opportunity at a cheerleading camp they had attended this past summer.

They joined thousands of teens from across the country to perform. The routine to be performed at Herald Square was sent to them a week before they left to know upon arrival in New York, however, the routine was completely changed once they got to New York.

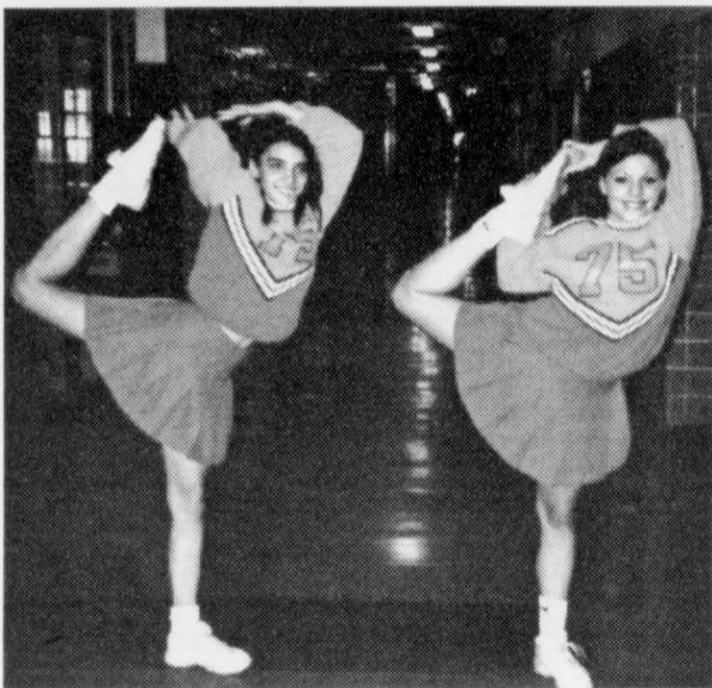

Here is Jennifer's account of the trip:

While we were in New York, we made many new friends. There were some girls from around here and we got along with everyone. Everyone seemed to have an accent to everyone else. Every time we would say something the girls from the south would start laughing, then repeat what we just said, and laugh some more. Everyone laughed at the way everybody else talked.

We had practice every day except one until Thanksgiving. We practiced in a room above the Hilton's chandelier and practice was cancelled because there was a party going on downstairs and we were shaking the chandelier too much. We were all happy about that!

The one day that we did not have practice we could go with our chaperones or get checked out by our chaperones Mrs. Marie Glander and Sara Bauer. I headed out with the group in the early morning to go to the Statue of Liberty. We rode the ferry and circled the island, but they wouldn't let us go on due to the recent terrorist acts.

When I got back we went on a shopping spree and

shopped all day long. There are vendors that set their things on the street and hoard you to buy things. Many of them are really nice and even funny. By the time we got back to the hotel, we all needed a nap.

We also went to see the Lion King on Broadway. It was so much fun and the special effects were awesome. Sometimes one person had two or three of the same animal attached to them so it would look like they were traveling in a pack.

Another day we got up at 3:30 a.m. to go to the Today Show. It was really cold. We saw Barry Manilow and enjoyed our time there.

The Empire State Building was definitely a sight to see. Especially all lit up in red, white and blue.

The Christmas Spectacular starring the Rockettes was another stop on our agenda. It also had great special effects. The show combined many of our favorite Christmas stories into one large one. There

was never a dull moment. People were dancing everywhere and you never knew what would happen next.

Although we were away from home for Thanksgiving, Mandy and I were happy to share it with Mrs. Glander and Sara. Our meal was delicious and we had everything imaginable, turkey, duck, potatoes, sweet potatoes, pumpkin pie, apple pie, sherbet, cheesecake and more.

Then came the day we were to perform our routine in front of millions and millions of people. We got to our waiting spot and waited. We saw many celebrities. Some of them even stayed at our hotel. There was Usher, Shawn and Belle from *Days of Our Lives*, Billy Ray Cyrus, Billy Gillman, Jesse Jackson, Jennifer Lopez and Brooks from Brooks and Dunn was there because his daughter was in one of the bands.

Then it was our turn to get in the line-up. We did many cheers, some of the

famous people and the men serving our country started the "We got spirit yes we do, we got spirit how 'bout you cheer and everyone joined in. People on the street started it to!

We chanted and cheered all the way to Herald Square. This was it, it was time for us to perform our routine in front of everyone. We were all nervous and excited, and any other emotions you could have possible shoved into us at that time. Then our music started and before we knew it, it was over. We didn't worry about all the people and we didn't worry about messing up, we just let the music take control and we did just fine.

It's amazing to see people from all over the United States pull together to create and perform such a spectacular performance.

Mandy and I would like to give a special thanks to Mrs. Glander (Mumma G.) and Sara Bauer for being with us in New York. We really appreciate all they did for us to help us get to New York, the entire time we were there, and even still now that we're back in town.

We were sad to be leaving because we had to leave all our new friends and we had so much fun. Though we were really glad when we arrived home, we had all missed our families tremendously and we were so very glad to see them again.
