## Rev. David Wernecke Installed At Salem and St. John's UCC

Rev. Stevens Hilyard, Pastor, United Christian Church Campbellsport and Rev. Eric Kirkegaard, Pastor Peace UCC, Kewaskum. Special music was provided by the Salem UCC Sanctuary Choir, under the direction of Roger Mertz and the St. John's UCC Youth Bell Choir, under the direction of Anna Asch. Sherri Scheurman was organist for the service. Greeters and ushers for the occasion were Jeff and Matt Steger and John Gudex of Salem UCC of Wayne. After the service, a family style meal was served by people from both churches.

Both churches invite you to join them for Sunday morning worship. The people of Salem UCC of Wayne, 8925 Highways W. worships at 9:30. The people of St. John's UCC of Kohlsville, located on the corner of Highway WW and Beaver Dam Road, worship at 10:30. Both churches have Christian Education for children and youth as young people leave worship after a time for children. The churches also provide adult educational opportunities.

Salem United Church of Christ of Wayne and St. John's United Church of Christ of Kohlsville celebrated a special day on Sunday, October 12th at Salem UCC of Wayne as the two congregations installed their Pastor and Teacher, the Rev. David D. Wernecke.

Those who helped install Rev. Wernecke were the Rev. Thomas Bentz, Southeast Wisconsin Association Minister, Carol Marchant-Ferber, United Christian Church, Campbellsport; Rev. George Jorenby, West Bend; Rev. Russell Knoth, St. Paul's UCC, Menomonee Falls, Matt Leithold, St. John's UCC, Kohlsville and Jim Maul, Salem UCC of Wayne represented the Search Committee that worked to call Rev. Wernecke.

In addition to installing Rev. Wernecke, messages were shared to instruct the newly formed yoke of Salem UCC and St. John's UCC. The messages were based on 1 Corinthians 12:1-11, read by Denise Goetsch, Member Salem UCC of Wayne. In their messages based on the text, the Reverend Dr. Steve Pedersen, Senior Pastor, Zion UCC, Sheboygan, and the Rev. William Kesting, pastor of two churches (St. Mark's UCC, Cleveland, and St. James UCC, Newton) urged the congregations to work cooperatively, not competitively, because we are called as Christians to work to enhance the ministry of the church. And in a yoke situation, the same is true of two churches. Both

churches are called to work together in shared ministry. Rev. Therese Leonhard, pastor of Friedens UCC, Fort Atkinson, gave a charge to Rev. Wernecke.

Providing a warm welcome to start the afternoon were Jim Gutjahr, Salem UCC of Wayne and Matt Teetzeen, St. John's UCC, Kohlsville. Liturgists for the occasion were

## First Elementary Early Release Day Oct. 29th

By NICOLE KUEHL  
 STATESMAN STAFF WRITER  
 nkuehl@kewaskumstatesman.com

The Kewaskum Board of Education approved three new courses for the high school and four early release dates for the elementary schools at Monday night's board of education meeting.

The first date for an early release day for the KSD elementary students will be Wednesday, October 29th. Additional days include November 26th, February 20th and March 13th, however, the March 13th date should have been the 25th of March instead, and will have to come before the board again to have the correct date approved.

Keith Kriewaldt, director of elementary education stated that the staff enjoyed having these days to work together on things they don't normally get the time for. Kriewaldt also stated that the teachers are required to be in the building during the in-service hours.

The board also approved three new classes for the high school. Christine Horbas,

KHS principal, presented seven new courses. After much discussion, four of the courses were put on hold until the next meeting because the board felt that one of the courses needed to be changed and the others the board wanted costs for. The courses approved were Advance Physical Fitness, Web Page Design and Principles of Food Science.

Mr. Dave Bertelson was on hand to ask the board for approval for a band / choir trip to Orlando in March. The board approved the trip wishing them well. The group will leave on March 24th and return and be in school on March 30.

## Broad Community Support For KEYS Run/Walk

Shown above are six of the poster contest winners poster's. They are by, top left: Valerie Paulus, grade 5, FES; and top, right Georgianna Alfall, grade 5, WES. Middle, left, Block, grade 3, FES; right, Ayla Kunes, grade 3, KES. Bottom, left, Joe Ebert, grade 5, KES and right, Melanie Juech, 1st grade, WES

More award winning posters by, top right, Andrea Wiedmeyer, grade 2, WES and top left, Kelsey Heberer, KES, grade 3. Bottom row, left, Ashley Stahl, KES, grade 3 and right, Hunter Demmon, KES.

A glorious blue sky, cool temperatures and brilliant fall colors greeted the runners and walkers of the 10th annual KEYS scholarship run/walk on Sunday, October 12.

There were 846 registrations for the event which raises money each year for Kewaskum high school students. Matt Thull was the winning male runner and Dot McMahon placed first for the females.

Dozens of high school students assisted with the race, both prior to and on race day itself. Students from Tim Rohlinger's class did computer data entry for all the registrations received prior to Sunday morning.

Other students folded some 1,200 t-shirts and helped fill bags for pre-regis-

tered runners and walkers. On race day many more high school students assisted with the race by manning water stops, giving directions at corners and keeping bib tags in order at the finish line.

Elementary students created colorful posters for the KEYS run/walk as a new activity this year. First place winners were displayed at the registration headquarters for all to admire.

Staff members at all Kewaskum public and private schools publicized the race, created motivating activities to increase registration, collected and organized all registrations at their buildings, and packaged boxes of t-shirts and race numbers for their teams to be distributed at each of the schools. Businesses had captains who

also formed teams and distributed race day materials to their members.

On race day many other volunteers assisted by setting up the race course, donating and setting up refreshments for runners and walkers, collecting race day registration and pledges, helping hand our race numbers and shirts, and assisting with timing the race and recording results.

The management of a race with over 800 participants is a monumental task and could not be handled without the assistance of so many willing and helpful volunteers from our wider community.

KEYS officials are proud of the broad community support this each year and are grateful to all runners and walkers for participating

once again. KEYS also thanks all sponsors for their help in making this scholarship fund raiser so successful.

The Kettle Kountry Twirlers. Front row, left to right: Leah Brown, Krystal Scannell, Rhianna Byrnes. Back row: Brenda Jaycox, and Nicole Meyer. Missing from picture: Crystal Marquardt, Brittany Zorn, Ashley Zorn, Ashley Jones and Becky Steinert.

Kewaskum's own Kettle Kountry Twirlers Baton Corp. are marching into their eighth season. They are a smaller group, but a very talented group. It seems Baton Twirling has gotten to be a lost "sport," but the girls are trying to bring the excitement back to this almost forgotten activity. Baton twirling takes a lot of patience, skill, grace and agility.

The first half of their session, they learn new twirls and routines for their February program. They also do about 12 parades a year, including Homecoming (in which they marched in the rain), and three Christmas parades, and many more during the summer. They participate in parades from as far away as Germantown and as close as Boltonville.

They meet twice a week, Tuesdays and Thursdays,

with each class consisting of twirling, dance, flag and pom poms. Captain and head teacher, Crystal Marquardt, choreographs all the routines and teaches the twirlers new twirls. They promote parent involvement to try to keep twirling fun.

For more information, call Cindy at 262-626-2037.

American adventurer Jim Bowie, who fell at the Alamo in 1836, actually adopted Mexican citizenship in 1830, two years after moving to what we now know as Texas.

*Morality is character and conduct such as is required by the circle or community in which the man's life happens to be placed. It shows how much good men require of us.*

-Henry Ward Beecher

Well, here we are again, getting ready for, and talking about, the musical STATE FAIR, which is set in the state of Iowa. My impression of Iowa has always been about corn and pigs, and believe it or not, that's exactly what Oscar Hammerstein II wrote about in his screenplay about STATE FAIR.

Once, when he was accused of being corny, he freely admitted to it. "But isn't life sometimes corny?" he asked, and of course it is. What could be cornier than a tentative young couple in the moonlight sharing a first kiss? Or an animal so beloved he's like a member of the family? But such things do happen, and they are real, and STATE FAIR is played for you like it is real.

Of course, the whole story could be told to you through these newspaper articles, but the fun of the story and the show must be experienced by you in person, so get ready (purchase your tickets), get set (load up the car), and go (to the Kewaskum High School performance) of STATE FAIR.

Performances are scheduled for Friday, November 7, and Saturday, November 8,

2003. The performances will begin at 7:30 PM. Tickets can be obtained by personally stopping at the high school music offices on Monday evening, October 20, from 6:00 PM to 8:00 PM, or anytime after that, or by calling 626-8427, extension 4571.

Cost of the tickets are the same as the past few years and all seats are reserved. You will be able to purchase \$5.00 seats, which puts you close to the stage, \$4.00 seats which aren't as close, but are still on the floor, and, of course, the \$3.00 bleacher seats.

There will be a free performance for senior citizens on Thursday, November 6th at 4 p.m. in Rose Hall. Due to budget restraints, refreshments will not be served at this time.

### NORMAN O. BOEGEL

Norman O. Boegel was a barber in Northbrook, Illinois, who worked by appointment and his customers were

in and out in 15 minutes, and that was quick enough to grab a haircut on their coffee break. His specialty was the military buzz cut.

Mr. Boegel, 67, of Niles, Illinois, a former Marine, died at his home on Tuesday, September 16, of complications from esophageal cancer.

Norman was born on a farm in Wayne, Wisconsin. In 1954 he graduated from Kewaskum High School and enlisted in the Marines. After serving for three years in Hawaii, he moved to Chicago where he attended barber school.

He proposed to a high school friend, Kathleen, on their way to the Aragon Ballroom and they married in 1958. They had four daughters.

When those daughters began to date, young men were required to come inside and meet Dad. "He would greet our boyfriends at the door," said his daughter, Debra. "If their hair was touching their collar, he would tell them they needed a haircut."

Mr. Boegel also appreciated a hearty handshake. "He always gave one," his daughter added. "He treated everybody the way he wanted to be treated."

Mr. Boegel owned Norm's Barber Shop for 30 years. Most of his customers originally came from the insurance offices next door to the Touhy Avenue Barber Shop where he worked. When the insurance company moved, he moved to Northbrook and opened Norm's inside a nearby hotel in 1973. He always shaved his customers' necks and ears with a straight edge razor, massaged their scalps

and used a hot towel. "He did it first class," said Jack Shine, a customer for more than 25 years.

In addition to his wife and daughter, survivors include three other daughters, Sharon, Sandra and Julie; four brothers, Lambert, John, Jim and Bill; five sisters, Rita, Joan, Margaret, Mary Ann and Lucy, and 14 grandchildren.

Family and friends gathered for an 11 a.m. Mass at St. Juliana Catholic Church on Saturday, September 20, in Chicago.

For every burden, every care  
There's a reason.  
For every grief that bows the head  
For every teardrop that is shed  
There's a reason  
For every hurt, for every plight  
For every pain racked night  
There's a reason.

It all works for our good.  
God knows the reason.

# OPINION - EDITORIAL

## That's What I Think

By Andrew Kuehl  
Statesman Editorial Staff

### Why Does Government Think They Can Tell Us How to Raise Our Children?

I have been informed by area conservatives and assembly Republicans that Wisconsin Representative of the 58th District, Glenn Grothman has authored a bill (AB 383) that would amend a current bill that at this time allows girls starting at age 15 to receive birth control and other family planning aids without cost and even worse without the consent of their parents! Please see Grothman's column to the right on this page.

This is just another case of bureaucrats taking away authority of parents. Why do the Democrats think that government should set the standards for how to raise our children?

This past Tuesday, a public hearing on AB383 was held in Madison.

Dr. Meg Meeker, author of the book EPIDEMIC: Teen Sex is Killing our Kids spoke on behalf of Grothman and his cohorts.

Dr. Meeker, a previous supporter of the waiver program stated that after more research she feels that the waiver program is doing much more damage to the teens than benefiting them.

She eluded to the fact that teen girls do not have the immune systems that older women do and are more prone to attracting sexually transmitted diseases. She further stated that many studies have shown that condoms have no effectiveness in providing protection against STDs in women and teen girls.

Representatives from Planned Parenthood, an agency that offers abortion services and birth control of course had a completely different story. They are providing just general medical procedures!

Every parent reading this should stand up and take notice and contact their legislators and make their voices heard before it's too late. Stop letting government bureaucrats tell your children what's right and what's wrong.

Please contact Rep. Carol Owens, Assembly Family Committee Chair at rep.owens@legis.state.wi.us or Sen. Carol Roessler at sen.roessler@legis.state.wi.us

As I proudly wore my new Bush/Cheney 04 pin this weekend I had a family member ask me "why are you such a strong Republican?"

I told him that I followed the beliefs of the party, and most importantly because the party for the most part is somewhat conservative and hold themselves to a decent

standard. This whole issue re-affirms why I am proud to be a Wisconsin Republican! God Bless our legislators like Glenn Grothman for standing up for what is right!

If you would like further information on this bill please contact me at the email address below. A copy of this bill will be posted on my page of the Statesman website under "That's What I Think" at www.kewaskum-statesman.com

As I ended my column last week I alluded to the fact that this paper played a huge role in the Kettle Kountry Kolors Festival held in Kewaskum this past weekend. When the editor of this paper, who along with myself chaired the festival in years' past, was approached by community members and even people who lived outside of Kewaskum to take over the festival from the Chamber of Commerce, I was less than amused.

My thought was that once again I (along with the paper) was getting dragged into a lot of hard work that would just be taken for granted and again I would be taken away from doing what I like to do best.... managing a newspaper.

WOW, was I wrong! I have never in my life seen people team up together and work as a team like these people did to put together this festival. It wasn't even the group itself; it was every one who worked for the benefit of the festival.

I started getting my hands dirty Thursday, when I started my work in the park, which was getting the grounds ready and getting the Kiwanis' food booth ready to go.

To my amazement I was greeted by whom I call Kewaskum's finest, the Department of public works crew.

These guys were just incredible. It was like having a professional grounds crew. They had the whole park looking and operating wonderfully by day's end.

That was just one aspect of how the entire weekend went. Everyone was excited and eager to help. Kewaskum Police Officer Bob Buddenhagen was another one, a smile on his face all weekend, and was there whenever someone needed a hand.

I guess you could say I am still in shock at how this festival went. Like I said, I chaired this festival for three years previously and every year when it was over I promised myself it was my last year.

This year's group of

friends, Lana Kuehl, Joann Hall, Patsy Panzer, Gwen Dreher, Dodie Sargent, Melissa Hall, Barb Liegl, Jeff Jaeger, Bev Rohlinger, Jeanne Becker and Hank Schmidt were the greatest and deserve a HUGE pat on the back. What they did for this community was phenomenal.

Now, you're asking, besides giving us a weekend of entertainment, what did they do?

Think about the money that was put into the community by the people who came to OUR festival. The people stopping for food, whether it be Dairy Queen or Woody's, the vendors renting hotel rooms at the Bonne Belle, everyone needs gas, people who stopped for a cup of coffee at the Coffee Corner, or the person who drove past Premier Auto Center and stopped to take a look at the vehicles on the lot, I haven't asked Bob if anyone bought a car but the next time they need one, they just might come back up or down here and buy one!

How many times was the ATM used at St. Francis Bank? I bet it was used plenty or I sure hope it was, because St. Francis Bank sponsored one of the performers in the park and it's because of people banking there and shopping locally they could do that!

The list of possibilities for people spending money here could go on and on.

I think the above-mentioned Friends need to be thanked by their community, business and residential!

When I previously chaired this festival, I waited anxiously for things to end Sunday! Not this year, I was quite sad Sunday when the festival closed. I look forward to being able to work with my Friends again and word has it they are already working on their next endeavor, a Mardi Gras Dance. More on that to follow I would imagine.

Once again, GREAT JOB FRIENDS!

I would appreciate your feedback on this column and other aspects of the paper. I can be emailed at akuehl@kewaskumstatesman.com.

## News From The Capitol

By Rep. Glenn Grothman  
58th Assembly District

### Family Planning Waiver

One of the most offensive areas of increased government intrusion is in the right of parents to instill their own values in their children. The state of Wisconsin began earlier this year to provide free birth control, and other family planning services to girls as young as fifteen without parental knowledge. Sadly, this was largely caused by Tommy Thompson, both in his former capacity as Governor and now, as Secretary of Health and Human Services.

In 1997 a coalition of liberal legislative Republicans and Democrats inserted a provision in the budget requiring the state to apply for federal grants for family planning services to women aged 15 to 44 from families below 185% of the Federal Poverty Level. This would be about \$16,000 for one person and \$28,000 for a family of three.

The no-longer conservative Governor Thompson refused my request to veto the provision. Then, Thompson's own administration ignored legislative intent and decided not to count a teenager's parents income in determining poverty. Since almost no high school students make over \$16,000 a year, this clearly was an effort to make the pill available to every fifteen-year-old girl in the state.

The program is funded with 90% federal dollars and 10% state dollars. The federal Department of Health and Human Services under Donna Shalala did not grant the request over the final three years of the Clinton Administration.

Unfortunately, in 2002 with former Governor Thompson as President Bush's Cabinet Secretary the waiver was approved and the program was implemented by the Doyle Administration earlier this year. Under federal law, agencies receiving these funds will not be able to require any parental notification.

The program is horrible for two reasons. First, authority figures who approve of contraceptive use for teens inevitably encourage sexual activity, as they break down teen's natural reticence regarding sex. This

means more disease, more emotional problems and more pregnancies.

Some people may doubt the last statement, but in Britain, a similar program was temporarily shut down for a year and a half for legal reasons. There was no increase in pregnancies. The idea that a fixed number of teens will always engage in sexual activity has also been proven false over the past few years, as the AIDS epidemic and abstinence education has resulted in decreased pregnancy rates and sexual activity among teens.

The second concern is as to who the providers are. Planned Parenthood and similar organizations are the primary advocates and presumably financial beneficiaries of this program. A review of a Planned Parenthood website for teens will quickly show they cannot be expected to encourage any religious values when discussing appropriate sexual behavior.

Are these groups who you would trust to advise your fifteen year-old daughter?

I have tried to terminate this program and the committee I am co-chairing has introduced a bill restricting its use to adults. The Doyle Administration advocates for the program. In my opinion, the current department is showing embarrassment over the program in that their primary defense appears to be focusing on health care services related to health care check-ups and sexual diseases, which are incidental to, but not the primary intent of the program.

Some of our freedoms are specifically stated in our Constitution. I believe some freedoms were so taken for granted they weren't listed. A right closely related to the freedom of religion is the right to instill your values in your children including your religious values. For our state and federal governments to generously fund and encourage organizations whose values are an anathema to most parents is an outrage that must be stopped.

### Fifth Annual Indian Invite

Last Thursday the Kewaskum High School boys' and girls' cross country teams competed at home in the 5th Annual Indian Invite. Running against teams from Milwaukee Lutheran, Campbellsport, Markesan, Laconia, Howards Grove, Elkhart Lake, and Ozaukee, the boy's finished in fourth and the girl's finished in sixth. Milwaukee Lutheran won both ends of the meet.

The Kewaskum harriers met the challenge of the meet by posting nine personal best times for the year. Josh Meyer, (medal winner) the number one runner for the Indians, took a second place overall losing by inches to Pat Buffington from Howards Grove and posting his best time ever covering the 5000 meter course in 17:03. Zack Van Wormer and Bobby Gibson (both medal winners) battled for the next two spots with personal best times of 18:53 and 18:58 respectively.

Rounding out the counters were Justis Clayton and Adam Wagner also with personal best times of 19:33 and 19:36. Jon Hawig and Adam Janz finished up the tough race with times of 20:03 and 21:05.

Not to be out done, the JV squad also turned in their own personal best times. Competing for the squad were John Carpenter, 20:47, Micheal Neumann, 21:13,

Tristin Wright, 23:34, and Jeffery Paulus, 23:34.

The girl's race was a first for all competitors as they also ran the 5000 meter course, normally their race is 4000 meters. Times were comparable and most of the runners said they hardly noticed the longer distance. Top lady runner for the Indians was Nicole Stern, (medal winner) covering the course in a blistering time of 22:49 followed by Allison Janz, (medal winner) 23:33, Rachel Shea, 25:42, Katie Uehlman, 26:34, and Crystal Treptow, 27:39.

### Everything Comes Together For KHS Soccer Team

The 2003 KHS Varsity Soccer team. Front row, left to right: Javob Cochran, John Rudzitis, Tyler Hickman, Ryan Nuernberg, Shane Harlacher, Jason Jahnke. Second row: John Olla, Adam Hickman, Nate Kenworthy, Aaron Olla and Frank Cole. Third row: Dennis Bigley, Austin Flanders, Paul Gaynor, Noah Olla, Todd Warnecke and Andrew Olla.

Sometimes life just works out for the best. For the KHS Boys soccer team, traveling to Sheboygan Falls on Thursday, October 9 was the soccer equivalent of falling into the Midas touch, discovering the fountain of youth and finding the Holy Grail – all rolled into one. Seemingly everything the Indians did on the soccer pitch worked. Playing with intensity and urgency, KHS executed well at all levels of the game from the opening kick-off to the final whistle 80 minutes later as Kewaskum earned a well-deserved 5-0 victory.

As with most efforts of this type, the win was a total team effort and heroes were plentiful across the field. These efforts were lead – as they have been all season long – by Senior Aaron Olla who once again excelled on the field and proved why he is the premier defender in the conference. Olla's exploits on the field are done with such apparently effortless grace that it is easy to overlook how remarkable he has performed all year long and this game was certainly no different. Another Senior whose contributions will not show up in the box score was Adam Hickman who seemed to win every contested ball with his quick first step. Hickman showed Senior leadership as he was involved in practically every aspect of Kewaskum's success. Sharp passes, attacking defense, smart on-field communication are all hallmarks of a mature player and they were certainly part of Hickman's arsenal against Sheboygan Falls.

If the exemplary play of Senior stars is somewhat expected on the athletic field, the emergence of a young star is always a welcome surprise. Freshman Jacob Cochran earned his first start of the year on Thursday and quickly

demonstrated why he had earned that honor. In the first two minutes of the game, Cochran crashed the Sheboygan Falls' box running onto a beautifully executed pass from Junior Noah Olla. Cochran struck the ball solidly and planted it deep in the back of the net to score the first goal for the Indians and set an example for the upperclassmen to follow.

The Indians had been struggling of late to score, but Cochran's goal and energetic play seemed to wake the rest of the team who discovered that goals could be had if they aggressively attacked the heart of the Falls' defense by running into and through the box.

One Indian who did not need to have this lesson shown to him was Sophomore Jon Olla who had recently been moved up to Forward from his usual defensive position because he offered exactly that kind of crash-the-box mentality on every play. Since he moved forward, Olla has consistently troubled the opposition goalkeepers with his aggressiveness and relentless play. He was rewarded for these efforts in the first half as Junior Tyler Hickman passed it crisply up to Olla in the box where Jon nailed the Indians' second goal of the day.

The Indians defense, meanwhile, continued to play with the teamwork, good communication and strong, tough play of which they are accustomed. Sophomores Frank Cole, Paul Gaynor, Austin Flanders and Goalkeeper Nate Kenworthy joined with Aaron Olla to keep the Falls' offense from scoring throughout the half. Of particular note was the gritty play of Flanders who moved back from his usual position of Midfield to play outside defender for the first

time this year.

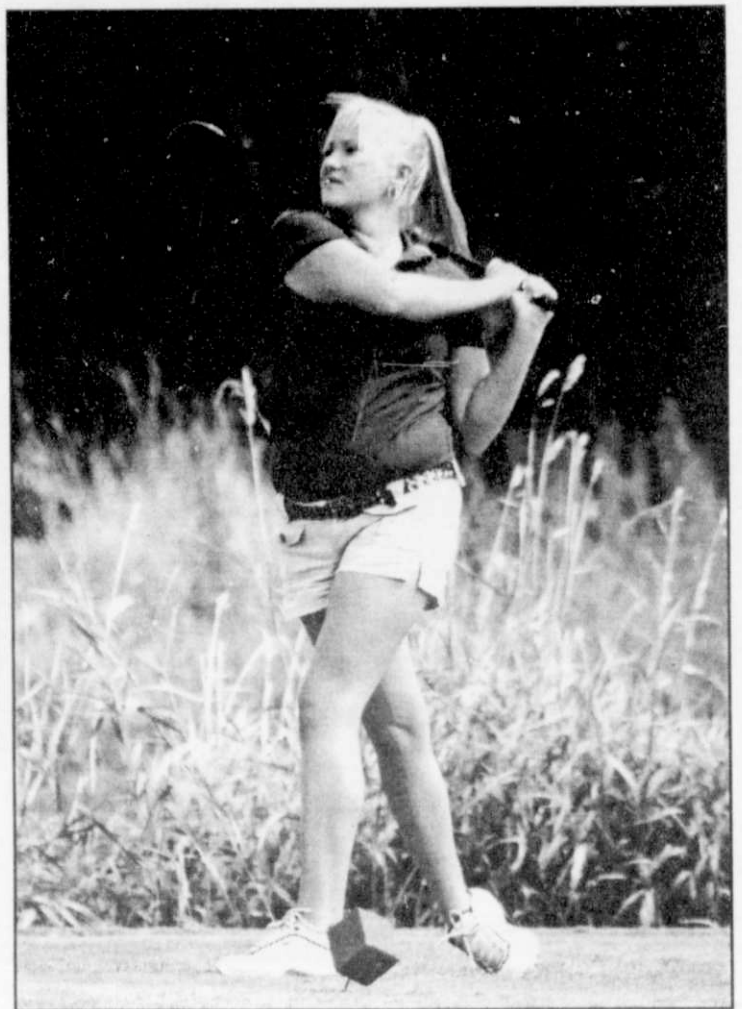

The second half was more of the same on both ends of the pitch. Tyler Hickman started things off with a long shot outside the eighteen that sailed over the Falls' Keepers head and found the back of the net. Unfortunately for Sheboygan Falls, it was the kind of shot that when executed perfectly is practically indefensible.

Perhaps realizing this, a few short minutes later, lightning struck again when Noah Olla made almost exactly the same shot from the same location. Like Hickman's, Olla's shot was perfectly struck and arced beautifully into the net.

With a 4-0 lead, Coach Dennis Bigley in a matter of sportsmanship, cleared his bench getting solid minutes from Junior Todd Warnecke, Freshman Ryan Nuernberg, Senior Adam Hildebrand and Sophomore Jon Radzitis. Each played with a spirit and tenacity equal of the starters and kept the pressure on Sheboygan Falls throughout the second half. In one of his few extended stints in goal this season, Senior Shane Harlacher showed solid play at Goalkeeper making several nice saves on Fall's shots.

Late in the game, the Indians attempted to manufacture a goal for starting keeper Kenworthy who was playing up on top with energy – if not exactly finesse. Finally, with no good pass opportunity available, Sophomore Jason Jahnke – the Indians high scorer for the year – planted a patented left-footed, far-post rocket shot into the goal. This was the final goal of the game for Kewaskum who hope to build on the well-executed 5-0 win as they looked forward to the final two conference games against Campbellsport and State Champion Plymouth.

### Successful Season For KHS Golfers

Crystal Dreher, first team all conference, shows her strength off the tee.

A bid to the sectional golf tournament, a third place finish in the Wisconsin Little Ten conference and four varsity golfers making the all-conference team selections is a good measure of the success of the KHS girls' golf team this season. The Lady Indians wrapped up their season on Wednesday at Old Hickory in Beaver Dam. The competition was tough and the Kewaskum girls didn't have their best showing of the year but the game of golf can be kind one day and very cruel the next.

Arrowhead high school won the sectional competition with a team score of 359 with Jessie Hauser's 82 leading the way. Second place went to Catholic Memorial with a team score of 369. Kewaskum finished in eighth

place with a 441. The best round for the Indians was the 102 shot by senior Crystal Dreher with nines of 52 and 50. Katie Kowalczyk added a 111, Nicole Rimmel a 112 and Cassie Rimmel a 116. All the rounds for the girls were well above their season averages. Maybe we can blame it on the fast greens of Old Hickory and the biting Japanese beetles for the higher than normal scores. The team has every reason to be proud of their season and to be hopeful for next year.

Competition is a painful thing, but it produces great results.
