**Four fire departments assist in extinguishing Auburn silo blaze**

By Andrew Kuehl  
Statesman Managing Editor  
akuehl@kewaskumstatesman

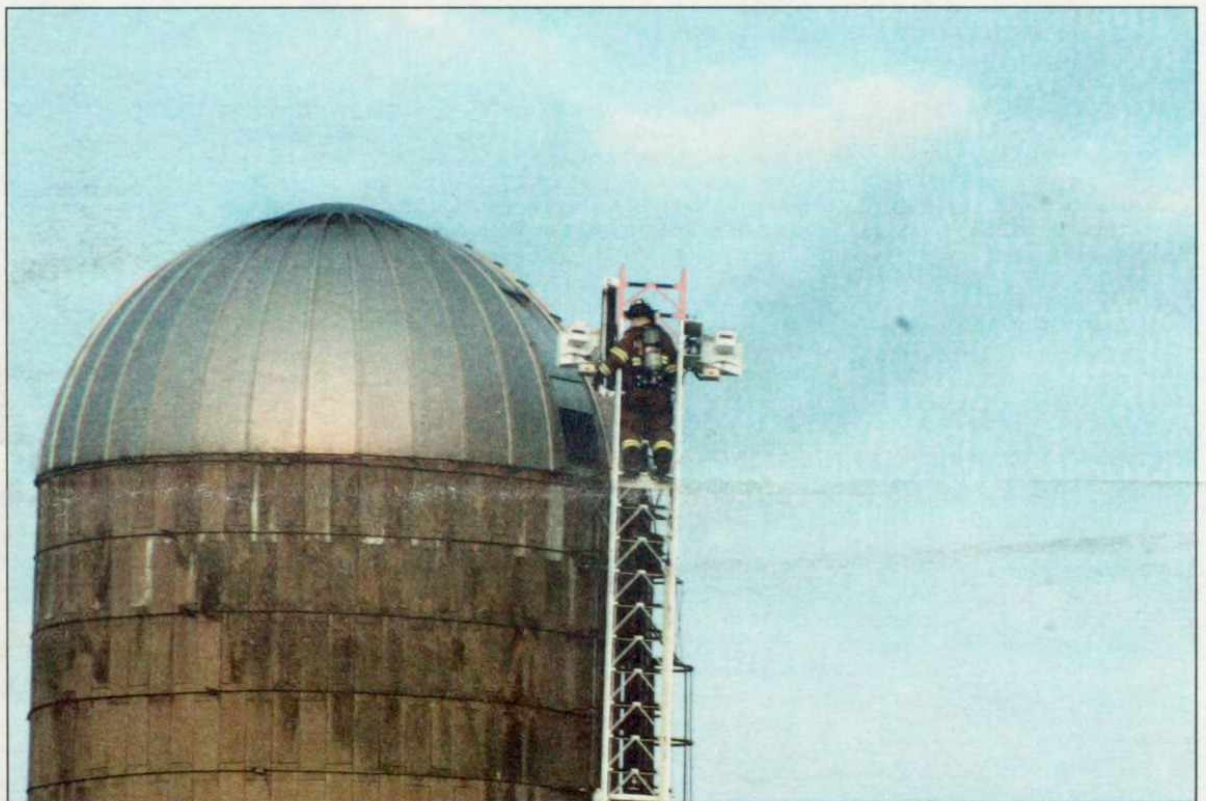

**TOWN of AUBURN-** Kewaskum firefighters were assisted by three area departments when a fire broke out in a silo at a farm owned by Jerry and Anita Schladweiler. Firefighters were on the scene for over seven hours on Sunday, September 16, containing the blaze and then making sure the blaze was extinguished.

Kewaskum Fire Chief Mark Groeschel stated his department was dispatched at 07:07 a.m. to N324 Forest View Road in Fond du Lac County for a reported silo fire. Upon arrival, it was discovered that a 70 foot cement stave silo apparently had a fire inside and smoke could be seen coming out of the top of the silo, as well as out of the inside and outside chute.

Campbellsport Fire Department responded with full mutual aid. Campbellsport's aerial ladder was utilized because it was better capable to handle the size of the silo.

"We attempted to apply foam to the feed inside the silo but were unsuccessful because there were doors already burned off in the climbing chute. We attempted to replace the doors to seal off the silo so more foam

**Kewaskum branch of West Bend Savings Bank to celebrate 35-years**

**KEWASKUM-** After the opening of over 20 locations throughout Washington, Ozaukee and Sheboygan Counties West Bend Savings Bank will focus heavily on their roots as they soon celebrate the 35-year anniversary of one of its first branch locations. The banking establishment has been a committed institution within the village that entire span.

Those who remember when West Bend Savings Bank opened on Main Street in Kewaskum will probably also remember Marx's Sentry that was to the east of the first branch the bank occupied. Or The Glacier Inn across the street, or Rosenheimer's Department Store, or A&W Restaurant that was located where Gateway Café now operates. Or Our's Laundromat, or Kohn's Farm Machinery. How many things have changed!

In 1972, the West Bend Savings Bank Board of Directors petitioned

the State to open a branch office in Kewaskum, they were opposed by the Bank of Kewaskum (later to become Valley Bank, and now Mid-America Bank) but prevailed and went on to open the office in the Kewaskum Insurance Company building currently occupied by Silbernagel & Jasen, Inc. The first manager of that office was Dieter Bombien; he gave way to Dan Filzen, who was later replaced in 1979 by Charlene Barutha who would manage that office for the next 20 years. Interestingly, the current manager, Kristy Vogt, wasn't born yet when the Kewaskum office first opened.

In 1993 a new building was built at 1052 Fond du Lac Avenue, after the demolition of a residential structure. That building has remained the Kewaskum home of West Bend Savings Bank ever since. As the second oldest of all the West Bend Savings Bank branch offices (their German-

town office opened in 1970), the Kewaskum office is celebrating its 35th anniversary this year.

"Kewaskum has changed pretty dramatically over the 35 years since West Bend Savings Bank opened here" says Pam Perkins, a Kewaskum native and bank employee who is now the manager of the bank's check processing department, and was in elementary school in 1972. "So much growth, especially over the past few years; and now, to most of us, it seems like West Bend Savings Bank has always been a part of Kewaskum."

Netty Weis is the only employee currently with the bank who served in both of the Kewaskum offices, she started with the bank in March 1990. "I've known so many of our customers for so many years and have watched families change and kids

## Crashes keep Kewaskum EMTs cranking Tuesday

Kewaskum EMT's got a workout on Tuesday, September 18 after responding to three crashes in about eight hours. Information on the three crashes is vague due to being close to press time, however the first crash occurred on Highway 45 at the Badger Road intersection. The photo to the right was involved in that crash along with another vehicle not pictured. It is also unknown the number of people injured in that crash that happened around 8:45 a.m. and snagged morning traffic heading southbound on Highway 45. The second crash happened in the northbound lanes of Highway 45 in the same intersection. In the photo below two vehicles were involved in a rear-end crash that sent an elderly woman complaining of chest pain to St. Joseph's Hospital. The driver of the pick-up truck was not injured. Shown above one man was taken to St. Joseph's Hospital after his vehicle left Highway 45 south of Highway V in the town of Kewaskum around 1 p.m. Witnesses at the scene stated the man had been driving erratically and was possibly suffering from a diabetic reaction. The vehicle ended up on the west side of Highway 45 in the Milwaukee River.

### POLICE REPORTS

#### Vehicle vandalized

On August 25, a Kewaskum Police Officer heard a complaint of a vehicle that was vandalized. The vandalism occurred in the 500 block of Main Street.

The complainant stated that someone smashed the window out of his truck. He noted that his fiancée was having a dispute with another individual earlier in the evening and that possibly this person may have done the damage.

The officer made contact with the individual accused of possibly causing the damage. It is unknown the outcome however the officer noted the investigation is ongoing.

#### Theft of property

On August 31, a Kewaskum Police Officer met with the owner of the apartment building on Courtney Lane, in the village.

The complainant advised the officer that a tenant had his electricity shut off approximately four months ago. Since then, he has been using an extension cord to take electricity from either the community hallway of the building or as discovered recently, a vacant apartment in the building.

The tenant was reported to have used an extension cord coming from his apartment leading out to the patio up to the second story porch of another apartment, using an outside outlet on the porch. The com-

plainant stated he warned that tenant a number of months ago to stop and the tenant agreed he would.

The complainant stated he wanted the tenant cited for theft.

The officer and complainant then went to the apartment in question and observed an extension cord coming out of the tenant's apartment, leading to the porch of another apartment. The complainant removed the extension cord from the vacant apartment.

The officer later made contact with the tenant and informed him he was not to use electricity from another apartment. The tenant told the officer he had permission from the tenant in that apartment.

The officer informed the tenant that that tenant no longer resides there and the apartment is vacant and the building's owner would not allow this to continue.

The tenant was cited for theft.

*Police reports are compiled and written by staff member Andrew Kuehl with the cooperation of the Kewaskum Police Department. If you have information on any of these incidents please contact the department at (262)626.2323.*

## Auburn silo blaze

could be applied and were unsuccessful at that also. More doors inside the climbing chute were removed in an attempt to flush out the burning silage with water," stated Chief Groeschel.

Due to the amount of water being applied to the burning silage, Boltonville and Beechwood Fire Departments responded with tankers. Beechwood also responded with an engine company.

Chief Groeschel reported that firefighters were sent into the silo to attempt to find where the burning silage was located and attempt to extinguish it. "When personnel exited the silo, it was reported that the silo's contents were approx 15 feet from the top, and the burning material inside the silo was approximately another 10-15 feet below the top. More water was applied and it was decided by fire per-

sonnel and the owner to let it (the silage) burn for awhile and see if it would burn itself out," he explained.

She also volunteers with Kewaskum Cares About Kids, she started the summer jobs program for our local teens and chaperones teen nights," announced Jacky Herriges who handed out the awards.

Horbas was the second to receive the award. "Christine Horbas collects money at the gate for football games, is willing to get in a dunk tank to support Peers 4 Peers, she is the first to be concerned if "one of her kids" which is any kid at the high school, is hurt, and truly has the best interest of "her kids" and their futures in mind," Herriges announced.

## Stroke and Osteoporosis Screening Coming to Kewaskum October 8

Residents living in and around the Kewaskum community can be screened to reduce their risk of having a stroke or a serious bone fracture. Life Line Screening will be at Kewaskum Municipal Building - Annex on October 8th. The site is located at 1308 Fond du Lac Ave in Kewaskum. Appointments will begin at 9:00 a.m.

A stroke, also known as a "brain attack," is ranked as the third leading killer in the world, and the leading cause of nursing home admissions. Stroke often occurs without warning. The good news is that painless screening can help identify problems that can lead to stroke before it is too late.

Screenings are fast, painless and low cost. They test for blocked carotid arteries, abdominal aortic aneurysms, and hardening of the arteries in the legs. Bone density screening is

also offered to assess the risk of osteoporosis.

These screenings are important because of the silent and often debilitating nature of the conditions. The majority of strokes are caused by plaque build up in the carotid arteries. The abdominal aorta is the largest artery in the body, and a weakness in the walls of the artery can cause a ballooning called an aneurysm, which can rupture. A ruptured aneurysm is generally fatal. Peripheral arterial disease or PAD is also known as "hardening of the arteries." Sufferers have a 4-6 fold increased risk of cardiovascular disease. Risk is evaluated through a measurement called the "Ankle-Brachial Index," which is obtained by reading the systolic pressure in the ankle and arm.

All four screenings take less than an hour to complete. The

cost for a Wellness Package of all four screenings including free osteoporosis screening is \$129.

Life Line Screening was established in 1993, and has since become the nation's leading provider of vascular screenings. Over 85 ultrasound teams are on staff to travel to local communities, bringing the screenings to residents. These non-invasive, inexpensive and painless, ultrasound tests help people identify their risk for stroke, vascular diseases or osteoporosis early enough for their physician to begin preventive procedures.

For more information regarding the screenings or to schedule an appointment, call 1-877-237-1287 or visit them on the web at [www.lifelinescreening.com](http://www.lifelinescreening.com). Pre-registration is required.

## KEYS Run/Walk goes on without Kettle Kountry Kolors

**KEWASKUM-** Despite the fact that Kewaskum's annual Kettle Kountry Kolors Fall Festival will not occur this year organizers of the KEYS Run/Walk say that event will go on. As usual the run/walk will occur on Sunday, this year on October 14.

This marks the 14th annual Keys Run/Walk, which raises money for Kewaskum youth scholarships. Each year a successful run/walk helps Kewaskum Educational Youth Scholarship, Inc. (KEYS) increase the number of scholarships and the dollar value of those scholarships.

Registration forms for the KEYS Run/Walk are available at all our Kewaskum schools, as well as all Synergy Health locations, Miller's Furniture, The Statesman and West Bend

Savings Bank. Registrations can be turned in at local schools or sent to Kewaskum High School, P.O. Box 124, Kewaskum WI 53040-0124.

Entry fees for the race have remained the same as last year. Pre-registration cost is \$15 per person or \$50 for a family of four. Additional family members can be included in the family registration for only \$10.00 each. Runners and walkers can register right up until race day at the special rate. On race day the registration fee increases to \$20. As always, registration includes a T-shirt especially designed for the race this year.

The race begins at 11:00 a.m. at the lower level of Kewaskum's River Hill Park on Sunday, October 14. Winners in the many age groups will compete

for medals as well as cash prizes. KEYS presents a challenge again this year to break the course record by beating the men's time of 14:27 or the women's time of 16:48. Breaking either record is worth an additional cash prize of \$200.

As in past years, pledge incentives are being offered to all who register for the race and collect pledges for KEYS. MP3 players, gift cards, sweatshirts, stocking caps and Kewaskum Dairy Queen coupons are the prizes to be earned for collecting various amounts of pledge money. For those unable to participate in the Run/Walk itself, KEYS gratefully accepts donations as memorials, special tributes, or group gifts.

KEYS, Inc. is a non-profit, all vol-

unteer organization. All money raised by registrations and pledges goes directly to scholarships. Come and join hundreds of other runners and walkers for the race on October 14.

Watch The Statesman for additional information to be printed in the weeks prior to the race.

Organizers of Kettle Kountry Kolors say that the festival could not continue due to a lack of community and financial support.

"We're saddened that such a great event like Kettle Kountry Kolors could not continue this year. It's a sign of the times, the lack of volunteerism in civic organizations is not what it once was," stated Andrew Kuehl who has organized the event with different individuals over the years.

### Diana Ross: A Biography

By J. Randy Taraborrelli

Citadel Press, \$26.95 539 pages

Every year, as twinkly-eyed hopefuls stream to L.A., New York, and Nashville, they wonder what it'll take to become stars.

Legend says that Lana Turner was "discovered" sitting at a drug store counter. Drew Barrymore was born into a famous dynasty. The Olsen Twins were toddlers when they hit the big time on the Small Screen. So what combination of work, good fortune, good ancestry, and kismet does it take to become famous?

In the new book "Diana Ross: A Biography" by J. Randy Taraborrelli, you'll see that it sometimes takes focus and a willingness to push one's self into the path of stardom. Others might have called that pushiness.

In retrospect, nobody should've been surprised that little Diane (her birth name) Ross from Detroit's Brewster Projects would become a star. Family members recall that she loved being the center of attention and craved approval. She was happy, Taraborrelli indicates, to curry favor with Berry Gordy, founder of Motown. Gordy was inundated with kids from Detroit who wanted to become Motown stars.

Diane was no different.

Gordy gave her her wish.

But Diana Ross's wish was, more or less, the undoing of her relationship with Florence Ballard, the original founder of The Supremes, and with Mary Wilson. Taraborrelli hints - and other witnesses support - that Ross schemed her way to more and more power within the group and without her singing partners. As the group evolved from "The Supremes" to "Diana

Ross and The Supremes", arguments and jealousies sprouted. Florence Ballard was fired on the day after her birthday in 1967. Mary Wilson hung in after Ross left the group in 1970.

No one who listens to the radio needs to be reminded that leaving The Supremes was not the end of Diana Ross's career or even her life in the limelight. She's enjoyed more mega-selling hits and professional triumphs, but she also took many hits to her personal life. Taraborrelli points out that Ross's chart-topping stopped almost two decades ago, but she continues to command respect, both from reporters and from her staff. She's still a star - a diva, Taraborrelli says - and she finally feels like it, after over forty years of performing.

I wasn't sure how I was going to feel about this book when I started it. I knew that author J. Randy Taraborrelli was a Diana Ross fan from way back. Would that taint this biography?

Happily, no.

"Diana Ross: A Biography" is well-done; not overly-gushing or fan-struck, filled with good and not-so-good anecdotes. I was particularly interested to see that Taraborrelli included stories not only of his personal relationships with the Ross family, but also a few can't-believe-it brushes he had with the Diva when he was hired to pen his former books about her.

If you grew up with Ross's music or if you've followed along with the tabloids, you might not find anything earth-shattering in this book but don't let that deter you from enjoying it. "Diana Ross: A Biography" is one supremely thorough bio for any Ross fan.

# SAMUELSON SEZ

by Orion Samuelson

## Safety a Key Issue in Trade Agreement

Orion Samuelson has been a trusted advisor and friend of farmers across the country for more than forty years. Farm families have tuned Samuelson into their homes, cars and tractor cabs for more than a generation. Now The Statesman is delighted to offer his agricultural insight through his weekly column "Samuelson Sez."

Orion Samuelson is heard six days each week on WGN Radio in Chicago, where he has served as Agribusiness Director since 1960. Orion is also heard daily on 260 radio stations with his syndicated National Farm Report and on 110 stations with his syndicated Samuelson Sez. Orion and his associate Max Armstrong are seen weekly on RFD-TV as co-hosts of This Week in Agri-Business.

Orion's life long commitment to agriculture has been recognized by organizations in all segments of agri-business. In 1998, the American Farm Bureau Federation honored Orion and Senator Bob Dole with the AFBF Distinguished Service Award. In 1997, Illinois Governor Jim Edgar renamed the State Fair Junior Livestock Building the Orion Samuelson Junior Livestock Building as a tribute to Orion's four decades of service to the agricultural youth of Illinois. In 2001 the University of Illinois conferred Orion with the Honorary Degree of Doctor of Letters; and in 2003, Orion received the highest award in the radio industry when he became the first Agribusiness Broadcaster to be inducted into the National Radio Broadcasters Hall of Fame. Hall of Fame member and long time friend Paul Harvey presented the award to Orion on the national radio broadcast hosted by Larry King.

Orion is also in the Illinois 4-H Hall of Fame, the National 4-H Hall of Fame, the Illinois Broadcasters Hall of Fame, the Scandinavian-American Hall of Fame and the National Association of Farm Broadcasters Hall of Fame.

Orion has traveled with his television crew to 43 countries to cover agriculture; four of his trips were official agricultural trade missions with the Secretary of Agriculture. During his 1989 trip to Taiwan, Orion was presented the International Communicator of the Year Award by the President of the Republic of China.

Orion is active outside broadcasting. He is Vice Chairman of the Illinois Agricultural Leadership Foundation, a member of the Farm Foundation Bennett Round Table, a member of the Board of the Agriculture Future of America, a member of the Board of Farm Safety 4 Just Kids, a member of the Board of Directors of the Foods Resource Bank, a Trustee of the Cornerstone Foundation of Lutheran Social Services in Illinois and a newly-named member of the Board of Trustees of the National 4-H Council.

The following is the first article of this new

feature.

There is no question that we are operating in a global economy. In a global economy, trade agreements are a necessity and I favor them when it comes to agricultural trade, keeping in mind however, that if a trade agreement favors only one side, then it really isn't a "fair" agreement. And if we are going to call it 'agricultural trade', then products need to move both ways; if they don't, it's not trade.

NAFTA of course, is a prime example of a trade agreement designed to bring three countries, Canada, the United States and Mexico together in 1994 to remove trade barriers and make trade easier between the three countries. That did mean U. S producers of fruits and vegetables were hurt by Mexican produce coming into the United States. On the other hand, Mexican corn growers were hurt by U.S. corn going into Mexico. So if you look at it that way, it probably is a balanced and fair agreement.

But part of the agreement is now causing concern in this country. Recently the U.S. Senate voted to block funding for a Bush Administration test program to let Mexican long-haul trucks operate in the United States under that 1994 North American Free Trade Agreement. The Senate said "we will not provide funding for the program because we don't feel enough safety measures have been taken yet to make those trucks and their drivers safe on U. S. roads".

North Dakota Senator Byron Dorgan is opposed to allowing Mexican trucks operate freely in this country without further testing. He said, and I quote "...the vote against the program was a turning of the tide on the senseless, headlong rush this country has been engaged in for some time to dismantle safety standards...". On the other side of the issue is Arizona Senator John Kyl, who said "It is much more efficient and much cheaper for American consumers if those Mexican trucks can travel in the United States."

Incidentally, timing couldn't have been worse for the Mexican government and supporters of the proposal; about a week before the Senate vote, an accident involving two trucks in Mexico killed 29 people.

The pilot program involves both Mexican trucks operating in the United States and U.S. trucks being allowed to operate in Mexico, with limits on both sides. It would allow a maximum of 100 Mexican companies and up to 600 trucks on U.S. roads. Prior to the Senate vote, the House also voted against the project.

I am with Congress on this issue. I want to see more assurance that the trucks are safe and the drivers know the U.S. driving rules before allowing this program to move forward.

## Capitol Commentary

### What would you do?

By: Senator Glenn Grothman

The State of Wisconsin is at an impasse in its attempts to finalize a state budget which was due June 30th. Republicans and Democrats disagree on about \$1.5 billion in new taxes over the next two years and this is before we include a new expensive healthcare plan. Wisconsin is the 7th highest taxed state in the country and is tied for the third-worst bond rating ahead of California and Louisiana. Even the conservative Republican version of the budget contains an increase in spending from all sources of almost 5-percent a year. The Assembly Republican and Senate Democrat versions differ on about 570 items. Let's look at one example and see what you would do if you were a Republican.

The state currently spends \$10 million per year telling people not to smoke. Most of the money goes to nonprofit organizations through grants. The Assembly Republicans want to cut these grants to \$2.5 million annually. Both the Governor and Senate Democrats are trying to triple the spending to \$30 million per year despite our current fiscal crisis.

Cigarette smoking in this country has been declining for the last 40 years. Oddly, smoking among high school kids went up until dropping the last few years. There's no mystery as to the reasons for the decline - studies in the 1960s confirmed smoking was bad for your health, the military stopped handing out free cigarettes, and cigarette taxes went up.

I'm not sure more money spent on anti-smoking programs will help reduce smoking habits. Cigarette companies are required to do their own anti-smoking campaigns as part of a lawsuit settlement. The Cancer Society and companies producing smoking cessation products do their own advertising, and the media will publish any new anti-smoking news. The cigarette tax will go up by more than 70-cents per pack if the budget is passed which will further reduce consumption. The federal government is also considering a cigarette tax hike. Smoking is expensive, it's bad for your health and could be considered rude to people around you - everyone knows this. The \$30 million a year allocation would be about three times the national average and would be well beyond what neighboring states spend per capita - Michigan spends nothing. Despite spending \$10 million last year, smoking in Wisconsin went up from an average of 70 packs per person

a year to 71.

When I talk to high school kids as to why they smoke, they almost uniformly say it's because they have been told not to - in other words, it's become a cool way to rebel. School districts have found a way to work an anti-smoking message into peer resistance strategies in elementary schools, healthy lifestyles curriculums in middle schools, and health classes in high school. In addition, the DARE program taught in the 5th grade as taught by law enforcement deals with the anti-smoking message. I strongly question whether spending any more would benefit anyone other than the the non-profit organizations receiving the grants.

Nevertheless, Smoke-Free Wisconsin, with the support of the Heart Association, the Lung Association, and the Cancer Society has mailed a postcard into the districts of Republicans attacking them. Example: "14,000 people will die from smoking-related illnesses in the next two years - Representative John Murtha could have helped stop it." So the anti-smoking groups have joined the trial attorneys, the teachers unions, and other leftwing groups in trying to remove the Republican majority in the State Assembly. This is particularly disappointing as I have always given money to the Cancer Society and had assumed the money was being used for cancer research and such - not to defeat my Republican colleagues in the State Legislature. Does it bother you that the Cancer Society has decided to use its mailing list to drive up the negative perception of Repub-

licans and become part of the coalition fighting for a Democratic majority in 2008?

Knowing the above, if you were a Republican legislator and were negotiating this budget, what would you do? One, agree to triple the annual spending to \$30 million a year because you don't want to be accused by Smoke-Free Wisconsin of being partially responsible for the deaths of 14,000 people? (A number that is greatly in excess of the actual amount.) Two, agree to split the difference with the Democrats and spend \$16.2 million per year - a 62% increase - if the Democrats will agree to it? Three, hold firm for current law -- \$10 million per year - even if it means you will be attacked in the press for being stubborn and responsible for delaying the budget? Four, be even more stubborn and hold out for spending only \$2.5 million per year? Any increase in spending will mean either further tax hikes or less money for other programs such as lower class sizes in schools, road projects, or reimbursement to healthcare professionals for taking care of the poor.

In the past when budgets do not get done on time, people frequently believe that it is just partisan bickering and that politicians should just be able to get along. But just getting along can cost taxpayers millions of dollars. What would you do?

Kewaskum teachers and the Kewaskum Board of Education paid tribute to three teachers at the annual opening school year breakfast. From the high school staff, Walter Bade, a veteran of 30 years of teaching at KHS was the nominee. From the middle school staff, Dale Squier is the outstanding teacher nominee after 16 years of service to the district. Ms. Mary Ann Koss is the elementary teacher recipient of the outstanding teacher nominee. She has taught first and second grades at Farmington School for the past nine years.

Norbert and Gloria Serwe have leased the operation of the tavern and living quarters at 1310 Riverview Drive, Kewaskum, formerly Ma and Pa's Kettle, from Ralph Scott, owner. Robert Holub had been operating the tavern since April of this year. Prior to that it had been operated by John and Dee's for one-and one-half years. Norbert and Gloria had operated Serwe's Tap on Fond du Lac Avenue for 17 years. Serwes are again serving food as they have in the past.

Enrollment figures for Holy Trinity Parochial School, Kewaskum, show a total of 168 students attending classes as of

last week.

The next best thing to home delivered mail is now available in the postal service's new neighborhood delivery boxes. This new type of delivery service is an extension of the rural mail delivery. Residents may petition the post office for a delivery box on their street. Because of budget reductions house-to-house delivery is very unlikely making this new form of service highly desirable.

History was made Labor Day in the club championships at Hon-E-Kor Country Club when Clark Eichstedt won his fifth title. Mary Ann Koss, a teacher at Farmington Elementary School, won her fourth straight women's title, and Chris Harlow, a Kewaskum high school junior and son of pro Joe Harlow, won the junior championship.

A daughter was born to Jack and Sheila Tessar, Adams, MN, on September 2. Maternal grandparents are Mr. and Mrs. K.J. Retterath, Adams and paternal grandparents are Mrs. Allen Tessar and the late Allen Tessar of Kewaskum. A son, Easton John, was born to William and Colleen Dreher, Brownsville, on September 5. Paternal grandparents are Mr. and Mrs. Earl Dreher, Sr., Kewaskum, and maternal grandparents are Mr. and Mrs. Jack Salter, Eden. The Dre-

hers have two other children, Chad and Kristen. A son, Erich Claude, was born to Terry and Marie Polnow, Campbellsport, on September 3.

## FCCLA students attend workshop

Members of Kewaskum High School's Family, Career and Community Leaders of America, Inc. (FCCLA) chapter attended a done-day Financial Fitness/Credit Education workshop at Weyauwega-Freemont Middle School on August 16. Attendees included Leah Barnhardt, Dana Schraufnagel, David Kriewaldt and Sara Weyer.

The local FCCLA chapter is part of the state association and the national organization, which is an integral part of the local school's Family and Consumer Science Education program. Mary Koch, FCE teacher and advisor accompanied the students to the workshop. The

purpose of the workshop was to prepare the local team to be leaders for their local Financial Fitness/Credit Education project to be conducted within their peers and community during the 2007-2008 school year.

Speakers, Power Point presentations and group activities were the means of educating the team members about credit, team building, FCCLA planning process, and formation of their local project ideas. Rae Johnson, from Baylake Bank in Waupaca, was the keynote speaker.

Peer team members from Mishicot High School FCCLA and Bonduel High School FC-

CLA, presented the workshop. The team from Bonduel received a national award for a 2007 project they originated titled "Money SMART Bears." An advisor session and the planning process session was conducted by members of the Wisconsin FCCLA Foundation Board.

This opportunity for students to serve in this leadership role and to learn and educate their peers about financial literacy was made possible through a grant funded by CBM Credit Foundation, Inc., Madison and the Wisconsin FCCLA Foundation, Inc.

## Over \$55,000 in scholarships awarded to students at UWWC

The University of Wisconsin-Washington County (UW-WC) presented over \$50,000 in scholarships at the fall Honors Convocation ceremony on Tuesday, September 11, 2007. Fifty new freshmen and returning UW-WC students received scholarships for the 2007-08 school year at the ceremony. An additional \$72,000 in scholarships was awarded to sophomore transferring students at the May commencement ceremony.

Dean David Nixon welcomed scholarship presenters and recipients, as well as the faculty, families and friends in attendance. Martha Nelson, Assistant Dean of Student Services, introduced the scholarship presenters, which included representatives from businesses, civic groups, foundations and memorial bequests. A reception for scholarship presenters and

recipients was held in the cafeteria prior to the ceremony.

Local Scholarships honorees included:

**Joseph & Rose Butschlick Memorial - New Freshman:** Joseph VanBeek, Campbellsport, \$500.

**Non Tradts on Campus - Returning Student:** Christopher Bauer, West Bend, \$300.

**Washington County Campus Foundation - New Freshman - three awards of \$1,000 each:** Kyle Stoffel, West Bend; Jennifer Falter, West Bend and Joline Schick, Kewaskum.

**Ziegler, Inc. - New Freshman - two Awards of half of tuition:** Jacob Cochran, West Bend and Jillian Schmitt, Allenton.

Over 900 students from a five-county region attend the West Bend campus, which is the fourth largest of the 13 two-year campuses that make

up the University of Wisconsin colleges. In addition to strong local scholarship support, the campus also offers internship programs within the community, allowing students to earn valuable work experience while attending classes.

## Cast announced for Annie Get Your Gun at KHS

KHS seniors Kurtis Wetzel and Julie Sargent will perform lead roles in the school's fall musical, Annie Get Your Gun. Wetzel will play Frank Butler while Sargent plays Annie Oakley

**KEWASKUM-** The cast has been picked for Kewaskum High School's fall musical. But, that's not the best part of this show; the cast will perform in a theater that has been in the making for almost three decades.

This year's musical, the first to grace the much-acclaimed Kewaskum Theater will be Annie Get Your Gun. The musical is touted as the greatest box-office triumph of Irving Berlin's Broadway career. Two senior vocalists will lead the performance. Julie Sargent will play the role of the rough and tough Annie Oakley. Kurtis Wetzel will be the object of Annie's affection as he takes the stage as Frank Butler.

Annie, the star of Buf-

and Frank, however, encounters difficulties by virtue of the fact that they are rivals, each being a member of a different Wild West company. Annie bemoans the fact that she has been weak enough to fall for Frank, and tries finding consolation in the fact that she has a good many things to be happy over, even if love is denied her. But their problems find a near resolution when the two Wild West Shows merge into a single outfit, and Frank and Annie become members of the same company. There is still a good deal of competition between them, but the competition is now good-natured.

The cast includes: Charlie Davenport - played by Daniel Parker; Dolly Tate - Nicole Hallstead; Mac - Sander Kiss; Foster Wilson - Nic Gerhartz; Nellie - Katie Dean; Jessie - Kierra Kuehl; Minnie - Rachel Ogi; Little Jake - Alex

Strack; Mrs. Little Horse - Rachel Gavin; Mrs. Blacktooth - Katie Oscar; Mrs. Yellowfoot - Amanda Schmidt; Conductor - Tim Boettcher; Porter - Sander Kiss; Waitor - Aaron Goebel; Major Gordon Lillie a.k.a. Pawnee Bill - Destin Kuehl; Chief Sitting Bull - Jerod Heberer; Pawnee's Messenger - Eric Turowski; Footman - Nic Gerhartz; Mr. Schuyler Adams - Michael Herriges; Mrs. Schuyler Adams - Savannah Robar; Dr. Percy Ferguson - Nick Groth; Mrs. Percy Ferguson - Kim Petermann; Mr. T.L.C. Keefer - Shawn Giese; Mr. Ernest Henderson - Tyler Still; Mrs. Ernest Henderson - Sarah Ries; Mrs. Sylvia Potter - Porter - Lindsay Schneider; Mr. Clay - Coleman Bartow; Josie - Megan Ogi.

The chorus include the Wild West Folks played by Melissa Anderson, Carolin Bach, Leah Brown, Brenda Jaycox,

Jodi Kerlin, Katie Peters, Brianna Rahoy, Sam Schuette, Taylor Bocher, Jocelyn Chambers, Sara Helland, Desiree Kuehl, Angela Kugler, Sam Lehnerz, Heather May, Courtney Meyer, Amanda Osswald, Brittany Barlow, Amanda Forbes, Morgan Grandinjan, Alyssa Krautkramer, Hannah Reysen, Becky Steinert, Karla Stoffel, Rachell Stoffel, Karissa Uelmen, Lauren Czarapata, Megan Gavin, Olivia Gitter, Samantha Hebbing, Kelsey Koller, Courtney Krueger, Cecily Mellenthin, Sam Miller, Valerie Paulus Courtney Weinert, Sam Zingsheim, Heather Zuehlke, Bennett Strack.

Performances will take place at 7:30 p.m. on Friday and Saturday, November 2 and 3. Please continue to watch The Statesman for details when tickets go on sale.

## FES students learn about butterfly tracking

Mrs. Robrahn's FES first graders are shown releasing one of their four Monarch butterflies that were officially tagged in the classroom.

Statesman photo: Amber Donath

By Amber Donath  
Statesman Correspondent

On Wednesday, September 12, Mrs. Robrahn's first grade class at Farmington Elementary School (FES) had a special visit from the "Butterfly Lady" a.k.a. Mrs. Mary Laatsch.

The FES first graders have been learning about the life cycle of the butterfly.

Laatsch, who is a certified monarch butterfly tagger in Wisconsin, came to FES and

spoke with the first grade students about butterflies, her own butterfly garden and how she tags butterflies in an effort to monitor their migration to Mexico.

As the class watched, Laatsch tagged four monarch butterflies that had emerged from their chrysalises in a classroom display. She also explained the process of tracking the butterflies.

Once tagged, the class released the butterflies to begin their long flight to Mexico.

## Gridiron teams go three for four in week two

Seventh grader Hunter Flanders, carries the ball towards the Indian's goal in Saturday's Gridiron game. Flanders did score on the run.  
Submitted photo: Dodie Sargent

By Judy Harlow

Statesman Sports Correspondent

It was another thriller for the eighth grade Gridiron football team this past Saturday, along with a tough loss for the seventh graders, then back-to-back wins by the sixth and fifth grade teams over foes from Brown Deer.

"We had a close one again," eighth grade coach Jim "Jonesy" Korth said after his Indians edged Brown Deer 6-0 to improve to 2-0. Korth said his team had a costly fumble in the first quarter to end a drive, and a nice drive before half was stalled after an Eric Perkins' TD run was called back via a penalty.

The home team moved the ball well again after the break, but Andrew Doll's 18-yard field goal try was no good.

Austin Goeman's interception and return to the Brown Deer 35-yard line set up the lone TD of the morning, a short run by Joey Wollner on a sweep. "He showed some pretty hard running," Korth said.

Goeman had picked off another pass earlier in the contest.

Assistant coach Rollie Maul noted Michael Bier did a nice job defensively from his end position.

Three times in the game, the seventh graders moved the football to inside the Brown Deer 15-yard line, and three times they came away empty, leading to a 12-6 defeat.

Brown Deer scored on its first series, and the score stayed at 6-0 until a 35-yard pass and run with 1:20 to go in the second quarter, put the Falcons up 12-0.

Neither PAT try was good.

In the third quarter, the Indians used running plays to reach the 18-yard line of BD, before stalling when a fourth down pass receiver was covered by four defenders.

A good punt return by Tyler Laufer set up the Indians on the Falcons' 14, but Jarret Sargent threw an interception.

With 1:39 to go in the game, Kewaskum blocked a punt and had a first down at the BD 11, but the QB threw his second pick on the next play.

The Indians got the ball back when Ethan Vetter intercepted a pass, and finally with :13 left, Hunter Flanders scored on a short run.

Kewaskum was successful on an onside kick, but they had time for one play and the quarterback was tackled before getting the ball off.

Two key players, Derek Aupperle and Nate Krupp, suffered injuries early in the second half.

The Statesman was unable to reach coach Randy Schlice for comments on his team's game.

The sixth graders romped over Brown Deer 26-6, and coach Joe Backhaus reported, "It was a nice, solid game. Joey Seitz was especially solid. He scored all the touchdowns for us, all on breakaway runs. I think the shortest one was 35 yards.

Alex Johnson scored one extra point on a quarterback keeper, and Backhaus couldn't remember who scored the other. "The defense was much improved" except for a couple misdirection plays, according to Backhaus, who said he used two offensive line units, and

both helped the team score TDs.

Backhaus declined to cite any of the defenders or linemen.

The score of the fifth grade game was 24-19 over West Bend West, and the game featured six lead changes.

Zach Smith opened the game with a 60-yard kickoff return for a TD for Kewaskum, but West Bend answered and went ahead when it scored the extra points.

The young Indians came back with a short TD run by Billy Lehmann, and West Bend answered once again.

When Dean Schlice scored just before half, Kewaskum led 18-13, but that changed in the third quarter with West Bend getting another score.

Late in the contest, Hunter Demmon recovered a fumble, which set up the Indian's go-ahead TD, which came with 2:30 to go on a fourth down and five situation at West Bend's 16-yard line.

"Zach Smith came to the rescue again, dragging a couple defenders into the end zone," coach Mark Walcheske said, adding his defense came up with a big effort to stop West in the final minutes.

## Sports IN BRIEF

### Wittmann shines as Pointers gain a split

Former Kewaskum High volleyball standout Jill Wittmann made an impact when UW-Stevens Point made its season debut recently in a tournament held in Forest Grove, Ore.

According to the Pointers' sport information web site, Wittmann helped the Lady Pointers in their their 30-14, 22-30, 34-32, 30-27 victory over Lewis and Claire (Ore.) on Sept. 1.

The 5-foot-9 Wittmann, who is a very versatile player, collected a team-high 15 digs in the victory.

In the second match, the Lady Pointers topped Baruch (N.Y.) by scores of 30-19, 30-11, 30-22.

UW-Stevens Point could not continue its perfect mark on Sunday, falling to 20-th ranked Pacific Lutheran (Wash.) 14-30, 24-30 and 26-30 and was beaten by Pacific (Ore.) 32-34, 20-30, 25-30, 20-30. One of the Pointers' highlights in the loss to Pacific were the 26 assists Wittmann contributed.

Wittmann, a senior, is majoring in elementary education.

### Wicklund leader on BluGold defense

The University of Wisconsin-Eau Claire football team is off to a 3-0 start in non-conference action, and a former Kewaskum High standout, Dave Wicklund, is one of the team leaders on the Blu-Gold defensive unit.

In Saturday's 30-14 win over Alma College (MI), Wicklund, a 5-foot-11, 200-pound safety, had an interception at the goal line to stop one of the Scot marches.

Earlier this season when Eau Claire defeated Black Hills State University (SD) 14-3, Wicklund also picked off a pass and returned it to the Yellow Jackets' 24 yard line. The BluGolds were unable to score off the turnover.

For the year, Wicklund has 20 solo tackles and 11 assists.

Eau Claire started the season with a 42-13 victory over host Southwestern Minnesota State. This weekend the Blu-Golds play at second-ranked Whitewater in the WIAC (Wisconsin Interscholastic Athletic Association) opener.

## Outdoor Wisconsin

with Dick Ellis

**Another Calling... Writer seeks story ending after geese beckon**

Duane Harpster of Boulder Junction and 12-year old Sam wait for the large flock of Canada geese that used the remote pothole for roosting the evening before.

Unlike most outdoor stories, this new calling was unscheduled and unexpected. After hiking into familiar northern Wisconsin whitetail country with a portable treestand on my back, I stood high in a birch on the edge of a marsh pocketed with tamarack and dead timber. A short walk into the marsh had verified that the vast grassy corridor between heavily forested upland tracts of land was also heavily pocketed with deer tracks and droppings.

Virtually no summer rainfall left the usually wet swamp bone dry and even more accessible to the travels of a whitetail. I was in a hunter's paradise, but I was also in a hunter's limbo. This September 13 "hunt" was solely another attempt to "tag" a nice buck on the camera. The archery season was still two days distant, but hunting the story is the reporter's endless journey.

One day behind me and scheduled for publication in Wisconsin newspapers in late September was a successful Washburn bear hunt on the shores of Lake Superior that had been on the docket since March. Generous Wisconsin hunters and guides had donated tags and the bear hunts to two teens fighting cancer.

I stood on stand Thursday using the seat at chest level to lean into the tree with the telephoto. My eyes searched the cover of tall grass and trees blowing in a hard September wind for any movement of deer gray. A fast moving black sky won and then lost an ongoing battle with the sun for air time.

The calling; the mournful discussion of Canada geese, pulled my eyes from the marsh straight up the birch to the sky. I watched the flock of 20 birds break the treeline canopy high above, but immediately recog-

nized that their wings were already set.

Like a giant pendulum, the black line tilted and dropped. With a single, drastically descending swing the excited chatter of geese rose as the flock waffled and tumbled out of sight behind a fortress of trees into some unseen roosting place.

In the dark 30 minutes later, I answered the call, leaving the rumble of the truck behind to walk several hundred yards down an overgrown logging road to glass a five acre pond. No birds. I walked around the distant pothole, glassing at each opening in the bordering pines, my certainty of geese here ebbing as I slowly ran out of water to search with the binoculars. Literally out of logging road, I made out the silhouetted forms of resting geese moving slowly on a final tiny inlet.

Were the birds local Canadas that would return to the pothole night after night to roost, streetwise now to the guns of the Early Season but vulnerable to ambush by a hunter who had stumbled upon their safe haven? Or instead the first migrants that had only dropped in by chance to rest before continuing their journey south? With the migrants usually arriving several days after the conclusion of the 15 day Early Season, it was worth the gamble that the geese would be back. The fact that I had never hunted the often hard to find northern birds during the statewide season added to a certain appeal.

Friday morning, with recruited guns Duane Harpster of Boulder Junction and John Ellis of Muskego, a plan was set. Low water on the creek that would normally allow access to the pond would not float a Jon-

boat. Several attempts to walk in to the puddle from various points failed; spongy wetland threatened to swallow us completely.

A final chance saw us hike a bordering forest to begin the hard work of dragging felled timber to a creek. An improvised and less than stable footbridge was our reward after an hour. I crossed without taking a bath, then carefully tested the bordering terrain 100 yards to the inlet.

Without scheduled plans to hunt, we had not brought our Early Season tags that are part of the Patron License purchase. Following a 20 mile trip to the Minocqua DNR and a \$2.75 duplication fee for the tags, we were legal goose hunters. We were ready.

With guns, camouflage blankets and Harpster's 12 year old chocolate lab, Sam, we duplicated the tenuous journey. After brief debate, we left behind our two floating decoys and stayed off the calls. If these were local birds returning, they had needed no invitation the evening before to drop in on the empty pond. Decoys and calls might make the birds already certain to be gun shy all the more skittish.

It might have been November. The mid-September Wisconsin sky had all day brought on snow squalls and driving sleet. Temperatures hung in the twenties. We were pounded with more of the same. But we were just as often bathed in warm sunshine, and we welcomed each reprieve. John claimed squatter's rights to a long abandoned blind. Harpster and Sam settled in to meld with immature pines. In between, I would take my stand with the camera, hoping for the perfect shot of geese setting into the guns of autumn.

Three flocks of high flying Canadas passed overhead with no intention of visiting. Pairs of wood ducks and mallards offered the great shots that they would have never offered during the season. And we slowly watched the shadows pull a veil over the last hours and then minutes of legal shooting.

I glanced at the camera. Fifty new photos had captured a long day. I had filled my "tag". Sliding metal told the story of guns being unloaded in the dusk. Harpster and Sam and my brother began the unstable walk back toward an unstable foot bridge. I stayed on stand, capturing their journey under swirling orange skies.

Harpster's voice carried across the marsh. "Never trust a goose," he said.

## Deer registration stations

MILWAUKEE - Bow deer registration stations are now set in the Department of Natural Resources eight-county Southeast Region.

There are two archery hunting seasons in the Region. Hunters are advised to check the 2007 Wisconsin Deer Hunting Regulations booklet for more detailed information.

The general statewide early bow season runs Sept. 15 through Nov. 15 and the late archery season runs Nov. 26 through Jan. 6, 2008. Archery hunting in both the chronic wasting disease (CWD) Eradication (DEZ) and Herd Reduction (HRZ) Zones runs continuously from Sept. 15 through Jan. 6, 2008.

Earn-A-Buck in CWD Zones  
Hunters in the DEZ and surrounding HRZ must first shoot an antlerless deer before they can harvest a buck during both the archery and gun seasons. Archers must wear blaze orange anytime there is a gun season in the DEZ and HRZ.

Registration  
All deer killed in a CWD Zone must be registered no later than 5:00 p.m. on the day after it was harvested. All deer killed in the DEZ must be registered within the DEZ. All deer harvested in the HRZ must be registered in the unit of kill or adjacent unit within the HRZ or DEZ.

Landowner Permits  
DNR is again offering landowner permits in the DEZ. The permit allows property owners with at least five contiguous acres of land within the DEZ to hunt deer on their property without having to buy a license. Only one landowner may obtain a permit for land owned within a DEZ, and owners of multiple parcels will receive only one permit.

Landowners may allow other hunters on their property without having to buy a license under the authority of their landowner permit. Hunters wishing to do so must first get a DEZ hunter backtag and landowner authorization form.

The DEZ landowner and hunter permits are only available through license vendors or

DNR service centers. They are not available via the Internet or over the phone. There is a \$2.00 processing fee for both landowner and hunter permits.

Permits may be used during either the archery or gun season. Legal archery equipment may be used from Sept. 15 through March 31, 2008. Firearms may only be used Oct. 13-21 and Nov. 17 through March 31, 2008. Where to Go for More Information

Persons who have specific questions about CWD hunting seasons and regulations can call a toll-free CWD information line at 1-877-WISC-CWD (1-877-947-2293) from 7:45 a.m. to 4:30 p.m., Monday through Friday.

Those interested in the latest information on CWD in Wisconsin can visit the DNR Web site at: Chronic Wasting Disease in Wisconsin.

Below are the archery season registration stations by county. Hunters are strongly advised to call ahead before bringing their deer in for registration to verify hours of operation.

Volleyball team will face Waupun Thursday night

## Pattern is the same... close games and a victory

By Judy Harlow  
Statesman Sports Correspondent

If the first two Eastern Wisconsin Conference matches are any indication of how exciting Kewaskum High volleyball matches are going to be this season, blood pressure checks may be required at the door.

The Indians escaped with a thrilling victory over host Sheboygan Falls on Sept. 6, and then last Thursday, the Indians posted a 26-24, 20-25, 25-22, 20-25 and 18-16 win over New Holstein.

That's right, a five-game match in which the Indians lost two games by a total of 10 points but won three, and the match, by just seven.

"Before the start of the last game, I told the girls we will not lose this match, and they really did prove it to me," KHS coach Renee Altendorf said. "We started off with New

Erika Heberer

Holstein leading 4-0, and from then on, we pushed back to take the victory."

The third-year coach went on that sophomore Erica Heberer "really had a nice game. She really pushed points for us when we needed them, either by her hitting or her passing. She was one of our go-to girls this match."

On the night, the Indians did well in the kill department, notching a total of 57, led by Christina DeGroot's 16. Then came Erica Heberer with 11, and Elissa Miller and Jenni Wicklund, each with 10.

What was impressive about DeGroot's stats is she only had two kill errors the entire night, while the others had seven, eight and six, respectively.

And Altendorf reported DeGroot was seven for seven in kills in the fifth game. "That's amazing," she said, especially considering DeGroot does much of the setting for the team.

As far as aces go, Kewaskum was led by Lauren Goring and Miller, who had two apiece and DeGroot and Wicklund, who each added one.

"It seemed like we could not get a run with our serve," the coach said.

Blocking was a good area for the Indians, according to Altendorf, who said, "The first game, the girls were playing really well, and we were able to stop New Holstein's two big hitters."

Game 2 was a bit of a reversal, with New Holstein shooting out into the lead by eight points and the Indians trying valiantly to get back in the game but not able to overtake the Huskies.

Like a roller coaster, Kewaskum was back on top in Game 3, and Altendorf said it was a case of taking the lead and battling the entire way until they hit 25.

Then came a bit of a let-down as the Indians had troubles digging in Game 4. "We were not playing our positions and wanted someone else to pass the balls that were ours,"

the coach said.

Fortunately, Kewaskum's girls responded to the pressure and came away with the "W."

For the night, the Indians came up with nine blocks, including three by DeGroot and two by Nichole Kison and Miller.

With the victory, the Indians are 2-0 in the EWC, heading into a week where they would play two matches

After a home match against Two Rivers Tuesday, the Indians go to Waupun tonight (Thursday) for what is expected to be a match full of fireworks.

"I know they are 2-0," Altendorf said, reporting the Warriors have defeated Campbellsport and Plymouth.

## Herriges sparkles in cross country tests

By Judy Harlow  
Statesman Sports Correspondent

While he is only a sophomore, Zack Herriges is running like a veteran for the Kewaskum High cross country team, placing second in the recent, Fond du Lac Invitational last Tuesday and third in the annual Mike Hurlbert Invitational at Mayville High School on Sept. 7.

In the Fond du Lac event, held at Waupun, the KHS boys placed second out of four teams, scoring 52 points to the 43 recorded by the Fond du Lac B team. Denny Buechel of Fond du Lac won top individual honors, covering the 5,000-meter course with a time of 17 minutes and 56 seconds (17:56).

Herriges crossed the finish line just four seconds back in 18:00, and Kewaskum also got a solid sixth from Tyler McElhatton, who was clocked in 18:42.

The other three KHS counters were Aaron Monte, Dan Justmann and Tim Hall, who were bunched nicely in 13th, 15th and 16th places, respectively, with times of 19:43, 20:54 and 21:09. Out of this group, only Justmann is a senior. The rest are underclassmen.

Six teams showed up to run in the girls' portion of the event, and Kewaskum totaled 88 points, 51 behind the victorious Fond du Lac A team.

Junior Tonya Janssen was the best of the bunch for Kewaskum, taking 10th place overall with a time of 18:31, and freshman Ashley Roeske was right on her heels, finishing 11th with a time of 18:31.

Soph Vanessa Schellinger finished 18th in 19:16, while

Krystal Brackmann took 21st in 19:22 and Rachel Yocum, like Brackmann, a freshman, was 28th in 20:55.

"The meet went well. (I am) very pleased with how the teams ran," KHS coach Dave Drexler said.

Concerning Herriges' effort, Drexler remarked, "Zack ran a tough race. He led for most of it and was out sprinted at the end. He is very focused with his running."

About the boys overall, the veteran coach said, "Overall, the boys team did an exceptional job tonight."

And Janssen was cited for the way she continues to improve and to lead. "Tonya is continuing to be a good team leader," Drexler said, adding, "Ashley ran a great race and is establishing her position on the team."

Another high point for the girls was the fact they "have made a lot of progress with run-

ning together, and the freshmen are becoming more comfortable in the race."

Concerning the meet at Mayville, the KHS boys finished eighth among the 30 teams, with a score of 274.

Ripon, which always fields a good team, won the event with 56.

The girls really struggled, scoring 672 for 22nd place, while Pewaukee took first with just 49.

The only two individual times and places reported were the third and 18th by Herriges and McElhatton.

Herriges hit the finish line in 18:07, with the senior McElhatton 45 seconds back, good enough for a solid top-20 effort in a large field of runners.

With three scores in the high 50s, the Kewaskum High golf team posted its best total of the year last Thursday, but unfortunately all the other teams also took advantage of the shorter course at Watertown Country Club.

The Indians posted a 237 but had to settle for last place as the nearest team to them in the standings, the host Goslings finished six shots ahead of them, taking fourth place.

"Watertown crept away from us in the standings today," KHS coach Amy Piwoni said about Watertown now having 26 points and the Indians 28. "We'll need to buckle down to make a push during the final two conference meets."

The top spot was pretty well sewed up by Hartford, which continued its first-place run. This time the Orioles posted a 190, behind Pia Wunderlich's 42.

Next came Oconomowoc with a 219, followed by West Bend, 228; Watertown, 231; and Beaver Dam, 234.

Kewaskum was led by freshman Kate Winkler, who posted a 58, and Heather Zuehlke, another freshman, and Jordan Benike were just a shot back with 59s.

"Kate Winkler and Heather Zuehlke are stepping up and really making an impact in our varsity matches," Piwoni said. "I anticipated them being successful this season, and their scores keep dropping each week to prove it."

Rounding out the scoring was Danielle Donnelley with her 62. "It's good to see Benike and Donnelley getting back to their consistent ways. We continue to rely heavily on them as we get deeper into the season," Piwoni said.

WLT golf standings: 1. Hartford, 5 points 2. Oconomowoc, 12; 3. West Bend, 13; 4. Beaver Dam, 21; 5. Watertown, 26; 6. Kewaskum, 28.

## Petrin has breakout game; Indians remain unbeaten

In a high school football game where two teams are fairly evenly matched, turnovers can determine the outcome.

They did Friday night in Kewaskum where the Indians were entertaining the new kid on the Eastern Wisconsin Conference block, Waupun. The Warriors coughed up the football on their first two running plays and committed three more turnovers along the way and left the field the same way they have the last two times they faced the Indians in Division 3 playoff battles — with a loss.

The final score was 27-14 Indians, who improved to 2-0 in EWC play and a perfect 4-0 overall.

It was three-and-out for Kewaskum on its first possession, but it didn't take the opportunistic Indians long to get the ball back. Taylor Nehls lost the handle on the football after a four-yard gain, Tom Thull pounced on it, giving it right back to the KHS offense, this time at the Waupun 38-yard line.

Ben Boettcher broke free for a 16-yard romp up the middle on the first play, later quarterback Nick Olla picked up 12 yards on an option, and the five-play drive concluded with Olla getting into the end zone from two yards out.

Brian Backhaus' PAT sailed right through the uprights, and KHS was up 7-0 just 2:15 into the contest.

Max Sheahan fumbled on Waupun's first down. This time Matt Donath was right there to cover it up, but the Indians returned the favor when Jordan Petrin coughed up the ball at Waupun's 20-yard line.

Remember that name Petrin. While his first quarter wasn't anything impressive — four carries for 12 yards — he wound up rushing for 194 yards in 26 carries and scored Kewaskum's other three touchdowns.

Before Petrin's brilliant offensive show got underway, Waupun made the game interesting, tying the score at 7-all after QB Ryan Rasmussen found Erik Marwitz for a 34-yard scoring strike with 4:34 left in the first quarter.

The kick was good by Jake Wojahn. KHS put together a four-minute drive early in the

second quarter, only to run out of downs after Olla was stopped on a fourth down play at the Waupun 15.

Waupun decided to try the air again, only this time

Rasmussen was a little rattled by the defensive pressure and threw the ball right into the hands of a sliding John Holt. Once again the Indians found themselves with a short field to cover, setting up shop at the Waupun 37-yard line.

First Olla picked up 11 yards for a first down, then after two short pickups, Mr. Petrin started to show what he can do when he finds a running seam.

Starting to his left, the junior running back broke two tackles and darted into the end zone.

Rasmussen was picked off again a couple minutes later. With Joey Paulus blitzing from his linebacker spot, the Warrior quarterback tried to make something happen, threw an ill-advised pass, and Eric Turowski was more than happy to pick it off.

This gave the ball to the Indians on Waupun's 28-yard line, and after a 10-yard pass to Donath and a couple of runs, it was Petrin again, finding a big hole on the left side of the line, going eight yards for this score.

Backhaus was good on the two extra points, making the score 21-7, but he was unable to connect on a 28-yard field goal to help the fourth quarter.

It didn't matter though as Petrin helped the Indians go 50 yards in four plays, including a nifty 37-yard sprint for the final TD.

This was Petrin's first 100-yard effort, and the way

he ran the ball and used his patented spin move, it is more than likely more are on the way.

While Petrin was getting a lot of media attention after the game, one of his classmates shouted, "Hey Hollywood." When asked if that is a nickname of his, Petrin said, "Now it is." Still he gave plenty of the credit to his linemen.

"I just made the plays ... the blocking was perfect," the 190-pound tailback remarked, adding he especially enjoys running on the left side of the line behind the Thull boys, Tim and Tom, who, he said, are "wonderful blockers."

And coach Jason Piittmann gave credit to Petrin for his patience in waiting for holes to open up. "He's getting better and better at reading the fullback's block," he said, indicating there were adjustments made in the blocking schemes, and, "In the second half, we put together a couple long drives ... ate a lot of clock. That was huge."

Along with Petrin's 198 yards, Boettcher rushed for 77 yards in seven carries, while Olla would up with 39 yards rushing and 34 yards passing.

"He did a solid job," Piittmann said of his junior quarterback. "He made a lot of smart decisions."

Nehls was the Warriors' leading rusher with only 29 yards. Rasmussen, who Piittmann praised as a very "dangerous" quarterback, especially considering he is left handed, threw for 181 yards but had three interceptions, the third one by Holt midway in the fourth quarter.

Waupun did come up with a late scoring drive, staged by Rasmussen's 56 yard pass to Joey Dolgner and ending with a seven yard run by Rasmussen, but after the Indians recovered an outside kick attempt, they were able to run out the clock.

"Defensively, our ends, Michael Bunkelmann and Jon Komp, did another great job, as did our linebackers Joe Paulus and Cody Seibel," Piittmann said, indicating he told his players before the game they had an opportunity in this to make a big statement, and they certainly responded.

Tomorrow night, the Indians make the long trip to Two Rivers.

After a 0-3 start to the Eastern Wisconsin Conference season, the Kewaskum Indians soccer team found their collective shape on September 10 at Waupun. Waupun, a newcomer to the EWC, had once been an annual opponent for Kewaskum in friendly soccer matches, but this was

the first match-up in what has all the markings of becoming a challenging intra-conference rivalry.

An autumnal downpour made playing conditions sloppy and footing treacherous. Waupun leaped to an early lead at the ten-minute mark of the first half when a foul

was called against an Indian defender in the box. Junior goalkeeper, co-captain Nick Gutbrod made a diving hand save on the ensuing penalty kick but was not able to wrap up the deflection, which slid through for a Waupun goal.

To their credit, the Indian

offense did not relent. Late in the first half, senior TJ Corey, playing outside midfielder, scored off of a well-placed Nate Wendelborn corner kick. Wendelborn, a junior in his third year of varsity, has put in solid performances all year for the Indians, playing solid defense or offense wherever he is placed.

With less than 10 minutes remaining in the game, senior co-captain Dylan Kenworthy scored from 35 yards on a shot that caught the back of the net. Kenworthy's blast combined with continued improvement by the entire team on controlling the ball at the point of attack, and a phenomenal diving save by Gutbrod near the end of the game propelled the Indians to their first victory of the season, matching their conference win total for all of 2006.

On Thursday, September 13, the Indians played a gritty match at home against the Sheboygan Falls Falcons. Despite a deceptive 2-2 record, the Falcons came into the match boasting a crisp record of defensive play against EWC opponents allowing only one goal in each of their games. Despite this heady challenge, the Indians had their chances early against Falls' vaunted defense.

With Kenworthy and last year's scoring leader senior Dan Parker currently tied for fifth place in conference scoring, the Indians were confi-

dent they would get their opportunities. Both had early shots, but were thwarted by stiff play and the Indians entered halftime tied 0-0.

Coming out strong in the second half, the Indians were led by another impassioned effort from Wendelborn who along with Corey and sophomore Caleb Olla moved the ball smartly and patiently through the midfield to provide scoring opportunities for the strikers.

The Kewaskum defense, having worked out some early season miscues, played well throughout the game. Led by senior co-captain Kevin Schellinger at defensive midfield and with veteran defender junior Dan Schladweiler and senior James Wiedmeyer - in his first year of action on the soccer pitch - anchoring the center defense, they kept the ball in front of them and returned it with authority to the feet of the midfield for distribution. Likewise, time and again, Senior Ryan Wunsch and Sophomore Tyler Haack turned back Falcon opportunities for scoring as did Senior James Weidmeyer also in his first year of of soccer. In the final minutes of the match, an errant step lead on defense led to a Sheboygan Falls goal that claimed the game win.

The team will meet Campbellsport and Plymouth to complete the first half of the EWC season.

## Drexler likes the efforts he is seeing from cross country teams

By Judy Harlow

Coach Dave Drexler has waited for a day like this. Many of his Kewaskum High cross country runners on both teams had personal bests in Saturday's annual Ripon Invitational, enabling the boys team to finish third among the 10 teams and the girls to place fifth out of nine.

"There were some good team efforts put together at the meet," Drexler said, noting sophomore Zack Herriges and senior Tyler McElhatton "played good leadership roles" as the Indians had three runners among the top 16 to score 86 points.

The Ripon A team won the meet with an impressive total of just 38 points. Lomira was next with 72, then came Kewaskum.

No one could touch Ripon's Jake Tsacadakis in the bid for

top individual honors. Tsacadakis covered the 5,000 meters in a swift time of 15 minutes and 57 seconds (15:57).

Next came Herriges, and his time of 16:58 was also very good, with McElhatton finishing sixth in 17:39.

The other three KHS counters were Aaron Monte in 16th place at 18:25, Tim Hall, 32 in 19:41 and Dan Justmann, 34th with a clocking of 19:48.

Matt Butzke was close behind. His time of 19:51 put him in the 35th spot overall.

"Zack ran the type of race he likes, up front and not in the pack," Drexler said, adding, "Tim Hall is starting to come around and is moving up nicely in the pack."

In the girls competition, Mayville was at the top of the standings with 39 points, while the Lady Indians had 109.

Ashley Roeske had an excellent outing, leading the KHS

runners with a time of 17:07, good enough for 13th place, just ahead of Tonya Janssen, who was 14th in 17:11.

Vanessa Schellinger and Katie Legate both dipped under 19 minutes for their 4,000-meter jaunts. Schellinger was 26th in 18:17, then came Legate in 18:56, good for 31st.

The final counter was Rachel Yocum, 43rd in 19:39.

"The freshmen are beginning to realize their capabilities, and with experience and leadership of the upper classmen, the team is beginning to gel," Drexler said. "Tonya Janssen ran a tough race, setting the pace early, pulling along Ashley Roeske for a great thirteenth, fourteenth place finish."

Kewaskum hosts the Indian Invitational this afternoon. The event is held on a course behind the high school and around the soccer field.

## Lady Indians fare well against visiting Raiders

The temperatures may have been cool but the Kewaskum High School Girls Tennis team was hot hot hot at their home meet against Kiel on Thursday, September 13. However, that hot streak came after a few cold streaks earlier.

Winning handily at #1 singles was junior Nellie Baum. She produced scores of 6-2, 6-3 against the Raiders' Cassie Raquet.

Winning another come-from-behind marathon match was team captain Brianna Rahoy. She defeated Kiel's Whitney Radder 4-6, 6-4, 6-4.

After rediscovering her mojo following a nearly four-hour match on Tuesday vs. Kewaunee, senior Becca Spaeth, was in fine form winning a much shorter match against Michelle Zais, 6-2, 6-2.

Juniors Kelsey Goetsch and Anna Gitter in a second set tiebreaker against the Raiders' tough #1 doubles team of Averi Luloff and Sarah Pritzl. Goetsch and Gitter posted scores of 6-3, 7-6.

The duo says they will be working on keeping up their defense against their opponents in the second set. Coach Matt Fehlhaber was pleased nonetheless with pulling out a victory in the tiebreaker.

Also winning in a three-set nail-biter was the #2 pairing of juniors Crystal Lepp and Co-Captain Liz Staege. They played Kiel's Greta Hau and Katie Sixel and conquered them 6-1, 3-6, 7-5.

"Despite being down two match points in the third set at 4-5, Crystal and Liz pulled it together to save those two match points and go on to win the next three games and finish out the match," Fehlhaber announced.

The 5-1 #3 doubles team of juniors

Cassie Prom and Lauren Smith, cruised to another victory with a score of 7-5, 6-1. Fehlhaber reported that the two pushed ahead to the win despite being down an early break in the first set and despite playing as daylight was fading, pushing their conference record to 6-1.

The only loss of the day was junior Amanda Osswald, losing to Kiel's #2 strong player Stephanie Freis.

Coming into this match the girls had a conference record of 3-3 with losses to Two Rivers, Manitowoc Roncalli, and Plymouth. The team's wins include a 4-3 nail-biter against Waupun, a 5-2 win over Chilton, and a 6-1 victory over Kewaunee. This is their second 6-1 victory in a row and the fourth overall team win in a row.

The Lady Indians were in action again on Monday, September 17, at home vs Sheboygan Falls, and away on Tuesday vs Kohler.

### Quad meet doesn't end on desirable note

The Kewaskum High School girls tennis team had a tough time on the road at the St. Francis High School Quad meet on Saturday, September 8.

The ladies ending the day in third place included Nellie Baum at #1 singles, Becca Spaeth at #4 singles, Liz Staege and Crystal Lepp at #2 doubles and Amanda and Courtney Meyer at #4 doubles.

Finishing second was Brianna Rahoy at #3 singles, Kelsey Goetsch and Anna Gitter at #1 doubles and Amanda Osswald at #2 singles. Finishing with another first place medal were the indefatigable pairing of Cassie Prom and Lauren Smith.

Kewaskum High School junior Nellie Baum produced stellar scores against the Kiel Raiders when they visited Kewaskum on Thursday, September 13. Cool temperatures produced some hot results for the team.
