Technology will be at the forefront of operations in the Kewaskum School District after the district recently hired a new IT (Information Technology) director to replace Jane Lazarevic who retired from the district last month. The search for her replacement landed the district a principal for Wayne Elementary School who has a IT background and can perform both IT and administrative duties for the district.

"We had the opportunity to look where we are at and where we want to go and what it is going to take for us to do that," Superintendent Jim Smasal said, "We feel that by the virtue of the people that have applied, we have a unique opportunity to move forward and help ourselves out in a lot of different ways."

John Platais was introduced to parents last week at Wayne Elementary. He replaces Janet Molebash who will continue as principal at Farmington Elementary. Molebash previously served both schools as Principal with the help of each building having a "teacher-in-charge" Smasal says the teacher-in-charge at WES will stay in place but there will no longer be a teacher-in-charge at FES.

Platais will begin his duties with the district on Oct. 1. He will also serve as the district's Director of Educational Technology. A newly created position in the district. Since 2000, he was IT Director and principal in the Erin School District. He has a Masters of Science in Educational Leadership, a Bachelor's in History with a minor in English from UW- Milwaukee.

Platais' expertise is taking the world of technology and meshing it with the educational world, which

Candy Tree to close after 10 years in Kewaskum

By Andrew Kuehl

Staff Writer

andrew@kewaskumstatesman.com

Young and old receive some not so sweet news this week as Candy Tree owner, Chris Jung, announced her store will close sometime before the end of the year unless a buyer comes forward for the business. Jung just recently celebrated 10 years of business.

Jung made the announcement in a letter to customers Monday, "I would like to take this opportunity to notify all Candy Tree customers that I will be closing my retail shop this fall/winter. I will maintain my business accounts and wedding business and hope to convert my website to an E-Commerce site in the near future," Jung stated.

Jung opened The Candy Tree in August, 2001, at 230 Main Street after purchasing the property from Wendi Dreher who formerly rented the building to Door County Cheesecakes. Prior to that Dreher used the building for her salon. Jung and her husband remodeled the red brick building that was at one time used by a telephone com-

pany. The Candy Tree expanded to its current set up in 2006 when the Jung's purchased the building to the east and joined the two structures together.

Jung stated her decision was partly due to the reconstruction project on Main Street facing residents in 2014. That combined with another opportunity made the difficult decision.

Jung stated she was enthusiastic about being a part of the Kewaskum business community but was given an opportunity, she could not turn down. "I will be moving on to a Milwaukee area company where I will be marketing an estate planning company."

Asked why she decided to close, instead of sell the business, Jung stated if the right buyer came along she would consider it. "We've been very successful here which made the decision to close even more difficult. This is a great location and we have a loyal customer base, timing is everything and I don't think I could have a buyer by the end of the year," Jung stated.

Those with gift certificates are asked to redeem them as soon as pos-

sible. Parents are asked to speak with their children about possible I-O-Us that might be owed to The Candy Tree.

New merchandise will arrive until December 15, just in time for Christmas shopping.

In her job Jung says she loved hearing from her younger customers who would share various milestones in their lives. I loved when the kids would rush over from school to tell me about their field trip and what they had learned. I always felt privileged to hear the details before Mom and Dad."

Jung was also able to instill some life lessons in those younger customers. "Teenagers came to me later in life and thanked me for chewing their butt out for stealing and preaching about the 10 Commandments."

"I would like to thank all the wonderful people who have made my business so successful and a true joy to come to work to everyday. I will miss the great talks I've had with so many of you. It was like a social hour some days at the Candy Tree."

WEEK'S WIT

If you don't know where you're going, you will probably end up somewhere else.

XYZ CARD RESULTS

The winners at cards played at the Municipal Building Annex on Wed., Sept. 19 were:

SHEEPSHEAD: Leonard Weisling, Dolores Prost, Richard Ebert, Isabelle Muckerheide, Rita Kandel, Gladys Tackes, Marian Herriges, Ralph Chapman.

New members are always welcome. Cards are played from 8:30-11:15 a.m. every Wednesday.

KEWASKUM SENIOR DINING CENTER

For the Elderly Menu
Meadowcreek Complex
262-483-2056

Monday, Oct. 1 -- Beef tips over mashed potatoes, whole kernel corn, multigrain bread, apple cobbler. Alt: applesauce.

Tuesday, Oct. 2 -- Escaloped chicken & noodles, Sicilian grande veggies, citrus fruit cup, whole wheat bread, chocolate chip cookie. Alt: diet cookie.

Wednesday, Oct. 3 -- Stuffed green peppers, rosemary roasted potatoes, carrot coins, nine grain bread, seasonal fresh fruit, chocolate milk.

Thursday, Oct. 4 -- Roast pork, mashed potatoes with gravy, winter blend vegetables, marble rye bread, cheesecake with fruit topping. Alt: diet jello.

To make reservations, please call (262) 335-4497 or 1-877-306-3030, one day in advance by noon.

Marriage Licenses

Dustin Lee Vaughn and Beth Ann Landrath, both of the Village of Eden.

Cory David Schultz and Shannon Lee Ebert, both of the township of Osceola.

POLICE REPORTS

A Sheboygan County Sheriff's deputy was dispatched to N606 Camp Awana Rd in the Town of Scott on Thursday, Sept. 20 for a complaint regarding damage to property. Police reported the home was burglarized, between Tuesday, Aug. 28 at 1 p.m. and Tuesday, Sept. 18, at 4 p.m. in which two gas cans filled with two gallons of gas each were removed from the attached garage.

A Village of Kewaskum Police Officer was dispatched to Roseland Drive on Sept. 15 for complaint of theft. According to the homeowner, several items were removed from his garage. The theft occurred between 2:30 p.m. on September 10 through September 15 at noon. Among the items stolen were a set of standard sockets (regular and deep well), a low model gray floor jack, an 18 volt DeWalt

drill with two batteries and charger. Two red gas containers were also taken: an empty five gallon and a full two gallon. No suspects are identified at this time.

Habitat Women's Build a success Town of Scott man killed in crash

By KRISTYN ADAMS

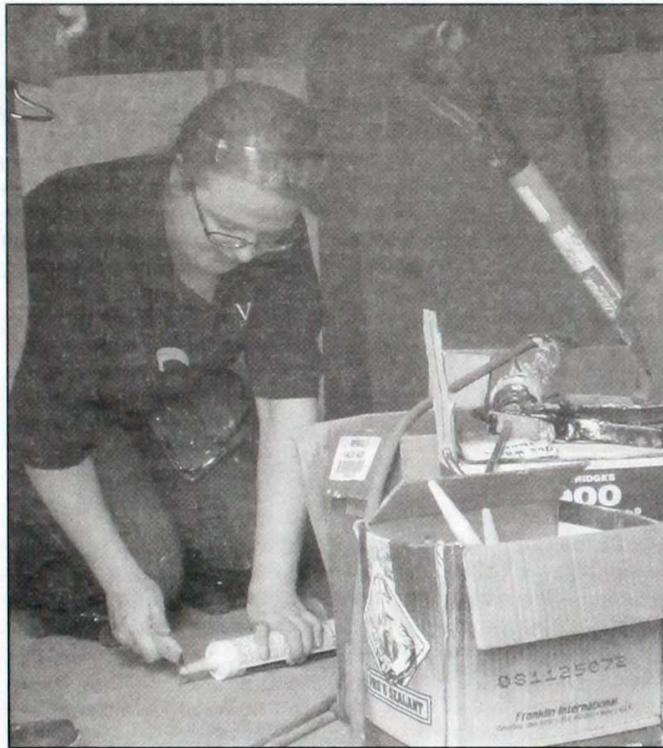

The cliché of a woman's place being in the kitchen was held in new esteem during the recent Habitat for Humanity - Washington County 2012 Women's Build. Under sunny skies, a tough-it-up crew of 30 area women took tools in gloved hands, donned safety glasses and tool-belts, and set to rest any gender-based comparison as to which has more to offer.

When it comes to building a home for a deserving low-income family, the fact remains; all Habitat for Humanity volunteers 'wear the pants' in a family comprised of hundreds. Everyone sweats, gets dirty, and envisions safe, energy efficient homes for deserving low-income families.

Bright and early, pre-registered crew-members gathered to hear the only male present for the day's construction efforts, Habitat for Humanity 2nd Ave and Oak Street site manager Tony Koebel. His brief was a pep-talk, tool instructional, and safety course combined, all prior to supervising volunteers as he has every day of construction since ground was broken. Koebel and Habitat for Humanity Washington County volunteer coordinator Julia Benson were pleased with the September 8th all-female crew.

"I was extremely impressed by the women's work ethic," said Benson. "From the start at 9 a.m. to the finish at 3 p.m., they only stopped for the lunch break, and despite my encouraging volunteers to take a break whenever they needed one, I never saw anyone stop. As soon as one task was completed, they searched for the supervisor to set them up with something else. An incredible amount of work was accomplished."

Indeed, the site was industrious as installation of siding, caulking exterior window seams and vent framework was followed by exterior painting. Inside, Pink Panther insulation was trim-fit, installed, and staple-reinforced to retard settling over time. This correspondent had the pleasure of setting an electrical line as workspace

Habitat for Humanity Women's Build participant Lisa Harville angled the tip of a caulk-tube for smoother lines during the recent all-female volunteer effort in West Bend.

cleaning, organizing tools, cooperating and taking direction were ongoing concerns cheerfully addressed. West Bend resident Rachael Phillips, 18, was also happy to participate.

"It's a women's build, but first, it's a build," Phillips said. "The fact that it was planned for all women was why I joined in that day, but I still thought it was great that Tony (Koebel) was there because then the day wasn't over the top in terms of being a feminist statement. I think it was more about the fellowship anyway. Everyone worked hard and it felt like a lot of time and energy were put to great use."

"These assignments coincided with the schedule for the build," Benson continued. "Any group that would've come on that Saturday would've tackled the same tasks - whether they were men or women. We were very fortunate to pass our electrical inspection the Friday before because that gave us the opportunity to install the insulation on Saturday."

Conversations of hope for the new homeowners echoed through the donated timber, decorated by countless children throughout Washington County who raised funds for said materials. Habitat for Humanity Washington County director of development Rex Melius also extends heartfelt thanks to West Bend Hankerson's Bakery, Seven-Up Bottling, Menard's, and Tan-n-Paradise establishments, the Something Tropical in Hartford, and the Habitat ReStore of Milwaukee for their support.

The new two-family house is due for completion in November. In the meantime, another women's build is scheduled for October 20. For more information on this volunteer opportunity, call the Habitat for Humanity affiliate office at (262) 338-0690. Builders of all skill levels aged 16 or over are encouraged to register early.

A 23-year-old man lost his life after a single-vehicle crash Sunday morning, Sept. 23.

The Sheboygan County Sheriff's Office was notified of the single-vehicle crash at approximately 8:00 a.m., Sunday. Deputies were joined by Wisconsin State Patrol, Fond du Lac County Sheriff's deputies and Kewaskum Fire Department and EMS.

Lt. Mark Rupnik stated the crash happened at the inter-

section of County Road S and Forest View Road, near the west county line. The victim, Timothy Bartline, was driving a 2001 Kia 4-door vehicle northbound on Forest View Road and crested a hill. "Due to what appears high speed, the vehicle lost control, entered the east ditch, struck some trees, spun and then struck a larger tree where it came to rest," Rupnik explained.

Bartline was the sole occupant of the vehicle. He was pronounced dead at the scene.

District cash flow borrowing getting smaller

By Amy Kumrow

Staff Writer

During the first six months, the school district has to spend more than they take in forcing the district to rely on fund balance and short term loans. The Board of Education approved their annual cash flow loan during their meeting on Monday, September 10.

At that meeting Business Manager Paul Reichert explained the district borrows money annually to meet its cash flow needs. "Property taxes do not begin to come in until the latter half of January, and we only receive about 40% of our state aid prior to December 31."

This year's cash flow borrow continues to go down like in years previous. Last year the district borrowed \$2,700,000. Interest on that transaction cost taxpayers \$67,128.89.

Federal regulations allow a district to borrow up to \$2,839,000 for 2012/13 cash flow needs. Under the recommendation of Wisconsin Public Finance Professionals, LLC, the district's financial advisor, the district should borrow \$2,300,000 in mid January 2013. This will make up a \$1,736,000 short-fall by mid-January 2013.

Robert W. Baird & Co. of

Milwaukee will be lending the district the \$2,300,000 with a 1% interest rate. The financing will cost taxpayers \$13,465.22 after an \$8,257 premium. The interest cost before the premium was \$21,722.22.

Proceeds of the loan were to be received on September 20 with repayment on August 20, 2013.

cedarcommunity.org

Technology *(Continued from front)*

Shown above WES Principal John Platias and Information Technologies Director Michael Goetzman

would allow "talking" across both platforms.

Michael Goetzman began with the district on Sept. 13 as the new Director of Technol-

ogy. He recently received his Masters of Science in Business Management from UW-Green Bay, a Bachelor of Science degree for Information Systems

Security from ITT Technical Institute. He comes from Rockwell Automation in Milwaukee.

Originally from the Northwoods, Goetzman wanted to come to something outside the city and his recent completion of his Master's degree led his to love of the education field.

Goetzman's specialties are building a network, security system, and telephone systems. "We are very excited about him coming in and taking care of our records retention, building networks, building in our safety and security in the building and making the best use of technology," Smasal said.

Together Goetzman and Platias are charged with preparing the school district for the future. Currently, the pair are working with vendors to ensure a wireless network to support a variety of mobile devices. "From one central location, we can have users and computers that have access

to Apple services, Google services and Microsoft services," Platias stated.

"Then we have to plan for the future," Goetzman continues, "There could be a fourth vendor that just jumps out of nowhere, and we have to be ready. The student needs to be ready for ten years from now."

"As a team, we are looking to move the district forward for students and the community," Platias said. Goetzman added, "An example is we are implementing the wireless network. We are hoping to exceed just the building range to include the football field for when they are visiting for some of the sporting events."

The ultimate goal for students is "24/7 access to the resources they need regardless of the device."

"We are really excited about both of those guys joining our team and the different experiences they bring," Smasal said, "They are going to mesh very well together."

Jackson woman injured in USH 41 crash

A Jackson woman was injured in a single vehicle roll-over crash on U.S. Highway 41 Sunday evening. Kohlsville Fire Department and Kewaskum Ambulance were dispatched to the scene shortly after 6 p.m. with Washington County Sheriff's deputies.

The Sheriff's Office says Lana S. Courmia, 45, was southbound on Highway 41 when the left side of her vehicle briefly left the roadway, causing her to over steer and loose control. Courmia's vehicle went through the median, rolled onto its roof, slid through the northbound lanes, and came to rest in the east ditch. No other vehicles were involved.

Courmia was transported to St. Joseph's Hospital in West Bend by Kewaskum Ambulance. Her injuries are believed to be non-life threatening. The right lane of Highway 41 in the area of the accident was closed for about an hour to facilitate

Froedtert & The Medical College of Wisconsin Plastic and Reconstructive Surgery at Froedtert Health St. Joseph's Hospital

We're making it easier to access leading edge plastic and reconstructive surgery services, right here in our community. The Froedtert & The Medical College Plastic and Reconstructive Surgery Clinic at Froedtert Health St. Joseph's Hospital provides diagnosis and treatment for all types of cosmetic and reconstructive plastic surgery and is staffed by Mark Bosbous, MD, a fellowship-trained Medical College

of Wisconsin physician. We offer the most innovative and newest techniques in both cosmetic and reconstructive plastic surgery. In addition to offering local access to a higher level of care, the Plastic and Reconstructive Surgery Clinic also provides direct access, when needed, to the world-class services at Froedtert & The Medical College, the only academic medical center in eastern Wisconsin.

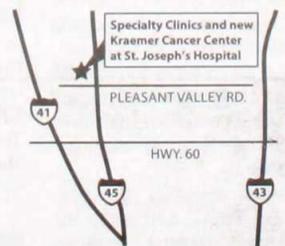

Leading plastic and reconstructive surgery care right in our community.

Pleasurable pumpkins and a day of fun guaranteed

Larry Laux gives Emily Skibba and Abby Laux a ride on the Pleasure Valley Choo Choo.

Abby Laux, left, and Emily Skibba, right, test out the duck races.

By Amy Kumrow
Staff Writer

With fall starting this past weekend, it's time to start thinking about hay rides to the pumpkin patch. Larry and Barb Laux of Adell open Pleasure Valley Pumpkins on Hwy A on September 29 and will run through October 28, offering fall activities for all ages.

General admission of \$10 includes a variety of entertainment. Returning this year are fun activities such as the haunted house, moonwalk, train rides, animals, straw maze, and Ag Adventure. New this year are duck races and the corn cannon.

In Ag Adventure, each child is given a basket to go through and collect groceries such as potatoes from a potato dig or milk a cow for a jug of milk. At the end, children sort the produce and claim a prize. Throughout the area are questions posted about animals such as "How many eggs can a hen lay in a lifetime? 900 or 1200? (You have to go to find out!)"

Visitors will need to pass the haunted house to get to the corn maze. The maze this year

has a political theme. At the end of the maze, visitors can try out the Echo Holler which was formerly a silo. "You can hear people in there all the time," Laux commented, "kids just love it."

New this year is the corn cannon where patrons can shoot a cob of corn an approximate range of 100 yards. The cob of corn does need to be purchased, since it is not included in general admission price. "You put a cob of corn in the corn cannon and then you push a button (to launch it)," Laux said.

Targets for the cannon will be set up for the "Pleasure Valley Pumpkin Presidential Pull." One of an elephant (Republican), and one of a donkey (Democrat). Participants will be asked to aim for their political party preference animal mascot, and a record will be kept for an informal poll.

The general admission includes a pumpkin less than 20 pounds. Additional pumpkins can be purchased. "We always plant our pumpkins later than anyone else," Laux states, "so our pumpkins stay very fresh."

Refreshments are available for visitors including

hamburgers, brats, hot dogs, caramel apples, and popcorn. Hours of operation are weekdays for school groups only and Sat/Sun 9:30 a.m. - 5:30 p.m. for the general public. For more information, please visit the website at <http://www.pvllamas.com> or call (920) 994- 9294.

Lewis shares paranormal stories at Library presentation

Chad Lewis talks about the mysterious creatures during his presentation in the Village Hall's community room.

By Amy Kumrow

Statesman Correspondent

What does the Beast of Bray Road and Big Foot have in common? Both mysterious creatures were discussed at the recent presentation "Wisconsin's Mysterious Creatures," presented by Chad Lewis sponsored by the Kewaskum Library.

According to Library Director Steev Baker, "The paranormal is one of the few programs that bring people out." Baker gets requests from people who want to know the history of their house, because they think it might be haunted.

Chad Lewis grew up in Eau Claire near one of the UFO capitals of the world, Elmwood. (Others in Wisconsin are Belleville and Dundee). While studying psychology in college, he wanted to know why people believed in the paranormal.

People began contacting him with requests to investigate haunting. "I listened and heard about these places and wanted to visit," Lewis said.

He began to travel around the world in search of mysterious creatures. "I try to sort fact from fiction, retell legends and folklores and then tell my investigations."

At the presentation, Lewis talked about such creatures as the Beast of Bray Road, UFOs, Big Foot, sea serpents, the Devil's Punch Bowl, and vampires. Wisconsin has many locations with paranormal sightings making for "one hell of a weird state."

Lewis encourages people to take road trips and do your own investigations. Lewis said, "Travel to these places on your own and determine if they exist or not."

For more information, check out one of the many books available at the Kewaskum Public Library or visit Chad Lewis's website at www.unexplainedresearch.com or www.chadlewisresearch.com

Editor's note- Throughout the month of October, The Statesman will be reporting on local legends and paranormal in and

Statesman photo by Amy Kumrow

around Kewaskum. We're looking for people to talk to about Kewaskum's famous Goatman, Boltonville's Jay Road, Campbellsport's Mush Bauer and other stories we might not know about. Please contact Amy Kumrow, amy@kewaskumstatesman.com or (262) 483-9572.

Annual Life Chain returns

This year marks the 25th anniversary of the annual, national event known as the Life Chain. The event returns to Kewaskum on Sunday, October 7.

Beginning at 1:30 p.m. pro-life individuals and families with gather at the Kewaskum Municipal Parking Lot on Main Street, just east of Silbernagel and Jasen, where uniform signs will be distributed for use. The display will line Main Street and Fond du Lac Avenue beginning at 2 and continuing until 3:30 p.m.

Held each year on the first Sunday of October, Life Chain

is a legal, peaceful, quiet demonstration of people in area communities who gather to publicly agree that abortion is wrong. There are no disturbing images for passing motorists or pedestrians, only thought provoking statements including "Adoption, the Loving Option," "Abortion Kills Children," and "Abortion Hurts Women." On the back of each sign, participants will find scripture and prayers on which to meditate and praise songs and hymn lyrics to sing quietly.

For more information, please call Donna Timmerman at (262) 685-7408.

OPEN HOUSE

Don & Deb Theisen

invite you to celebrate their 40th Wedding Anniversary on Sept. 30

from 1- 5 p.m. at The Amerahn in Kewaskum.

The couple has three children, Tim Theisen, Dan (Jess) Theisen and Tammy (Paul) Taddey and six grandsons.

My Health CLASSES

OPTIONS FOR BREAST RECONSTRUCTION
 Tuesday, Oct. 2, 6-7 p.m.
 Froedtert Health St. Joseph's Hospital
 3200 Pleasant Valley Road, West Bend
 Lobby Conference Room
 Presented by: *Mark Bosbous, MD,*
Medical College of Wisconsin plastic and reconstructive surgeon

Learn about the different methods and options for breast reconstruction, the difference between immediate and delayed breast reconstruction and the reasons why each is considered. We will also discuss partial breast reconstruction and the various techniques that can be used.

Join us as we discuss who is a good candidate for breast reduction, the various methods of breast reduction, possible complications associated with breast reduction, and the various types of breast implants. In addition, you'll gain a better understanding of cosmetic breast surgery procedures.

BREAST REDUCTION AND COSMETIC BREAST SURGERY
 Tuesday, Oct. 16, 6-7 p.m.
 Froedtert Health St. Joseph's Hospital
 3200 Pleasant Valley Road, West Bend
 Lobby Conference Room
 Presented by: *Mark Bosbous, MD,*
Medical College of Wisconsin plastic and reconstructive surgeon

In need of a speaker for your event? Professionals from Froedtert Health St. Joseph's Hospital and Froedtert Health Medical Group provide health-related presentations to community groups as a free public service. Call 262-306-7827 for information.

MANAGING MENOPAUSE
 Wednesday, Oct. 24, 6-7 p.m.
 Froedtert Health St. Joseph's Hospital
 3200 Pleasant Valley Road, West Bend
 Conference Room A
 Presented by: *Scott Donovan, MD,*
Froedtert Health Medical Group obstetrician/gynecologist

Join us as we discuss what is happening in your body that causes changes during menopause, what can be done to get relief from the symptoms and how to protect your health after menopause.

Cedar Valley Hosts an Evening of Poetry

Join Cedar Valley for an "Evening of Poetry" on Friday, Oct. 5 from 6 to 8:30 p.m. at 5349 County Road D in West Bend. Poetry lovers are invited to bring several poems to read aloud, either their own or their favorite author's, or sit back and enjoy the beauty of others' spoken words. Although the evening's theme is "Autumn Colors," poems of all topics are welcome.

The reading will be hosted by fellow poetry lover, Dr. Wendy Weaver. She is a member of the national Conference on

Christianity and Literature, Mound Mary College Teaching Excellence Award recipient and chair of the English department at Mount Mary College.

Refreshments will be available. There is no admission for the evening, but pre-registration is appreciated. For more information or to register for the event, visit cedar-valley.org, call 262.629.9202 or email cvcinfo@cedarcommunity.org. Overnight accommodations and spa services are also available if scheduled in advance, for an

additional fee. Call for details.

Cedar Valley, a division of Cedar Community, is nestled in the Kettle Moraine on 100 acres and features 24 overnight guest rooms and conference rooms with spa services, a country-styled dining room and homemade meals. Cedar Valley is a great getaway location for personal use, business and religious retreats and family reunions.

Paranormal Research class offered at Moraine Park

It's Halloween season, and Moraine Park Technical College is offering an opportunity to explore the scientific phenomenon behind one of Halloween's most popular headlines: Ghosts. Whether you're a believer or non-believer in paranormal activity, Moraine Park's four-week Paranormal Research class (CRN: 21583) offers a fun and educational look at the history of paranormal research, common misperceptions, identifying false positives, how to tell if something is faked, the pros and cons of different equipment used and

theories that researchers have proposed.

With paranormal enthusiasts Matt and Amanda Schenk leading the class, there are sure to be some good stories on investigations to accompany the content covered in class. Matt has been conducting and participating in paranormal investigations since March 2005. He has taken classes in Parapsychology with renowned author and expert Loyd Auerbach and is working on a degree in Psychology.

Amanda has been a paranormal investigator

since 2000. The paranormal experiences she had growing up sparked an interest in discovering answers to questions she has regarding an afterlife. She is a believer in the paranormal and is also able to look at things from a skeptical perspective.

The class will be held on Wednesdays from 6-9 p.m., Oct. 3, 10, 17 and 24. Cost to attend is \$62.50 (\$47.88 for those 62 and over). To register, call 800-472-4554. To discover more, visit morainepark.edu, or call Lauri Kounelis at 920-929-2117.

Halloween Nature Hikes October 19 & 20

Are you looking for a non-scary, but fun-filled Halloween event? The Kettle Moraine State Forest - Northern Unit is holding its fifteenth annual Halloween Nature Hikes on Friday, October 19, and Saturday, October 20, from 6:30 to 9:30 p.m. The hikes will take place at the Long Lake Recreation Area located off Division Road just north of Hwy F about one mile east of Dundee. Guided groups will leave every six minutes with the last hike leaving at 8:30 p.m. Each hike will last about one hour. The event is most appropriate for those over the age of five years. In case of severe weather, the event will be canceled for that night.

Let's go with the flow to

encounter a whole raft of water creatures including the boastful largemouth bass, the daring blue darner dragonfly, the loud honking Canada goose, and the ever elegant great egret. This is just a taste of what awaits you and your friends as you stroll through the dark autumn woods to meet all the aquatic characters!

There will also be exciting games and cleaver crafts for the kids of all ages to do before or after their hikes. The Friends of the Kettle Moraine will provide hot and cold cider and popcorn (free of charge) for all the hikers to enjoy by the glow of a blazing campfire.

Wisconsin State Park System vehicle admission

stickers are required for this event. A Wisconsin resident daily sticker is \$7.00 per car or an annual sticker is \$25.00. If you already have your State Park System sticker, the event is free. Your donations are always very gratefully accepted to help us continue to offer this event into the future.

Please join us for an awesome evening of educational entertainment for the entire family! For more information, contact the forest staff at the Ice Age Visitor Center. The phone number there is (920) 533-8322. The center is open Monday through Friday from 8:30 a.m. to 4:00 p.m. and on Saturday and Sunday from 9:30 a.m. to 5:00 p.m.

Community Events

SEPTEMBER 29 - LET'S GO NUTTY! EXPLORING NATURE PROGRAM -10:00 - 11:30 am, Ice Age Visitor Center. Round and smooth, oval and sticky nuts come in all shapes, sizes, and textures. We'll explore the autumn woods for nuts and learn from what trees and shrubs they came. There may be even some tasty nut treats to try. This program is best for families/groups with children between the ages of 6 and 12 years.

OCTOBER 4 - SUPPORT GROUP FOR PARENTS WHO HAVE LOST A CHILD - 7 p.m. at the home of Lester and Shirley Simon, 311 Windell Ave., Campbellsport. For questions or more information call (920) 979-8704.

OCTOBER 5 - NIGHT EYES NATURE STORYTIME - 9:30 - 10:30 am, Ice Age Visitor Center. Red, yellow, green and white eyes: whose eyes do we see at night? Join us as we find out what animals' eyes are open while ours are closed. This hour of nature fun awaits 3 to 6 year olds with accompanying adults.

Jason James Butschlick
Sept. 9, 2002 - Sept. 9, 2012

- 10 - Years since you've been gone from our lives, but always in our hearts.
9 - Beautiful little nieces that know and love their Uncle Jay.
8 - Family weddings where we felt your presence, and we knew you were watching from above.
7 - Of your many friends carried you to your resting place.
6 - Heartened in our lives, but our faith in God got us through.
5 - Other angels taking care of you in your new home, Heaven.
4 - Siblings that show their love and share their memories of you with their girls.
3 - Sisters-in-law who instill in their girls, the role of how important faith is in their lives.
2 - Parents who have a void in their hearts that can't be filled.
1 - Angel watching over us all!

We love and miss you Jay!
Dad & Mom

Brian, Nicki,
Hayley & Addison

IN MEMORY

In loving memory of
MARILYN JUNG, on our 50th
Wedding Anniversary.

Your presence I miss,
Your memory I treasure,
Loving you always
Has given great pleasure.

You are sadly missed along
life's way,
Yet always remembered every
day.
No longer in my life to share,
But in my heart, you are always
there.

*Sadly missed by her
loving husband, David
and family*

IN MEMORY

In memory of WILMER
SCHMIDT, who passed away
one year ago on October 2,
2011 and BEVERLY SCHMIDT,
who passed away six years ago,
September 28, 2006.

We watched through all your
suffering,
And often had to cry,
For very soon we knew that,
We would have to say goodbye.

When days are sad and lonely,
And everything goes wrong,
We seem to hear you whisper,
Cheer up and carry on.

Every time we see your picture,

You seem to smile and say,
Don't cry, I'm in God's keeping,
We will meet again someday.

*Sadly missed by their
children, grandchildren
and great-grandson*

75 Years Ago

August 13, 1937

The Village of Kewaskum employed a group of men this last week building sidewalks on two village streets. At present the men are building a walk on the East side of the road, on West Water Street, from Wietor's Barber Shop for one block to the John Weddig property. There was no walk at that location up to this time. After finishing that project the workmen will move their equipment to Railroad Street where a walk will be built on the East side of the road from the S.N. Casper tavern for one block to Louis Bath's Machine Shop. The slab sidewalk now being used there will be torn up.

A motion was made by Trustee Van Blarcom at the regular monthly session of the Village Board on August 2, and seconded by Trustee Weddig, that Arnold Kutz be hired until September 7, as supervisor at the bathing beach at the rate of \$30 per month.

Sixteen young men have entered the tennis tournament to be held in the village, playing of which will begin some time next week, as soon as the caretaker, Mr. Bassil, gets the courts in good shape. Pairings for the first round of play were drawn up on Tuesday evening as follows: Clifford Rose vs. Curtis Romaine; Kilian Honeck Jr. vs. Bernard Hafemann; Henry Lay vs. Albert Hron Jr.; Howard Schmidt vs. Louis Bath Jr.; Walt Keller vs. Harold Bartelt; William Harbeck vs. Otto Weddig; Paul Kral vs. Lloyd Hron, and Paul Landmann vs. Willard Dreyer.

In a quiet summer wedding performed by Rev. Philip J. Vogt, in the Holy Trinity Church parsonage on August 5, Miss Dolores Andre, daughter of Mr. and Mrs. John Andre of Kewaskum, and Henry Lemke, son of Mr. and Mrs. Ervin Lemke of West Bend, became husband and wife.

William Albert Quandt, 63, well known merchant of many years in New Fane, died suddenly of a heart stroke while helping to haul in grain on the Art Feuerhammer farm near that community on August 11.

Mrs. Wilhelmina Degnitz, nee Dautermann, 86, a lifelong resident of the town of Wayne, passed away on the homestead in which she was born and raised on August 6. She had been suffering with illness for two years, caused by heart trouble and the complications of old age.

Mr. and Mrs. Frank Backus of Dundee are the parents of a son born on August 3 at their home. Mrs. Backus was formerly Leona Roehl, daughter of Mr. and Mrs. Otto Roehl.

August 20, 1937

Louis Bath, who has been operating a machine shop in the Rimmel Corporation plant on the corner of First and Railroad

Streets for the past five years, recently purchased the plant from the stockholders of the Rimmel Corporation, and has now taken over sole ownership of the same. Hereafter the plant will operate under the name of Rimmel Manufacturing Company. The new owner, Mr. Bath, has been employed in the Rimmel plant for over 25 years and his experience, reliability and past record makes his business known far and wide, which assures his patrons that he is able to take care of their work. The plant, under the name of Rimmel Manufacturing Co. will continue to manufacture Rimmel concrete mixers, Rimmel two-roll corn huskers and other articles. Bath will also continue to operate the machine shop in the Rimmel plant. Included in the repair work is cutting and welding with electricity and acetylene equipment.

A \$44,000 entertainment program has been arranged for the thousands of visitors who are expected at the big all-star Wisconsin State Fair August 21-29. The state fair manager said that all plans are complete and that the 148 acre state fair park will be crowded with the most exhibits, thrills and excitement in the 87 years of the event.

A large happy gathering again assembled at Fillmore last Sunday for the third annual reunion of the Klessig-Jaehnig families. The old house and its surroundings dear to all for its history and memories was again chosen for the place of the meeting. There were 52 family members present and 10 guests.

This week, with deep regret, as a result of an unkind blow of fate, we must inform our readers of the passing of one of Kewaskum's most prominent businessmen and citizens, Edward C. Miller, 59, died at his home on Main Street on August 16, following an illness of five days.

Shortly before going to press we received notice that Louis Backhaus Sr., aged resident of Prospect Avenue of Kewaskum, had passed away on August 19 at his home following an illness with pneumonia. Last minute notice informs us also that on the same day her husband passed away, Mrs. Louis Backhaus was stricken with what is believed to be an appendicitis attack. She was rushed to St. Joseph's Hospital, West Bend, where she is being properly cared for at this writing.

Reuben Schuster, a young Theresa youth, who has been pitching for the Theresa ball club this year, has signed a contract with the Milwaukee Brewers, and is expected to join the club in a week or two.

August 27, 1937

According to information from Principal Clifford M. Rose, Kewaskum High School and Grades will resume classes on September 7. The board of education has engaged the same capable staff of teachers for the ensuing year with one exception. Miss LaVerne Bratz of near Fillmore will replace Miss Louis Hamlyn of near West Bend in the intermediate room consisting of the third, fourth and fifth grades. The extra teach-

ing staff for the coming school term will be as follows: Principal - Clifford M. Rose; Manual Training - Harry Furlong; Social Science and Athletics - Lyle E. Bigson; Commercial - Margaret E. Browne; History and Music - Margaret O. Lea; English and Dramatics - Agnes Busch; Grammar Grades - Mrs. O. Muenk; Intermediate Grades - LaVerne Bratz; Primary Grades - Viola Daley.

The employees of the Kewaskum Aluminum Company and their wives were entertained by their employers last Saturday afternoon at a picnic in the new Kewaskum City Park. All sorts of amusements were delved into during the process of the afternoon and refreshments were served. All present stated that they will not soon forget the good time shown them by their employers and it is hoped that this picnic may become an annual affair.

Kewaskum continued to grow a little bigger when two more families moved in recently. Mr. and Mrs. Harvey Backhaus and family have moved from the Town of Kewaskum into the residence recently purchased by Mr. Backhaus on First Street, formerly the Kludt home. Mr. and Mrs. Clarence Schrauth, who were married a short time ago, have also moved into our little village. They come here from Elmore and are at present living in the Mrs. Rob. Backhaus home on Second Street.

A Model T Ford, owned by Alfred Firks, blacksmith at New Fane, was considerably damaged by fire on Monday noon of last week while parked on Main Street in Campbellsport. A fire alarm was sounded about 10 minutes after the noon whistle and the fire department responded immediately and extinguished the blaze in a few minutes. The back end of the car was badly damaged. The cause of the fire is not known.

In a pretty summer ceremony, Miss Lucille Alliet, daughter of Mr. and Mrs. Bernard Alliet, Route 2, West Bend, and Fred Weddig, son of Mr. and Mrs. John Weddig of this village, were united in marriage on August 24 in West Bend.

Howard Schmidt, son of Mr. and Mrs. George Schmidt of this village have been granted an amateur radio operator's license by the Federal Communications Commission. The call letters for Howard's amateur station will be W9DDD. He will transmit code on 7146 K C 7206 K C and 14,292 K C. The station will be in Howard's home.

A torchlight parade, dedication ceremonies and a pavement dance marked the official opening of West Bend's new \$25,000 concrete bridge across the Milwaukee River on Water

Street on August 12. The structure replaces the steel span built 50 years ago which had become unsafe.

100 Years Ago

October 12, 1912

Henry and Charles Muck-erheide will, in the very near future, erect a feed mill and equip same with a complete new outfit of machinery on the premises known as the Bilgo Saw Mill Grounds, which they have leased for a certain number of years. The machinery is expected to arrive here some time next week, after which a new building will be erected. They will also equip the plant with a saw mill outfit. This movement will be greeted by Kewaskum, as a plant of this kind is very necessary for this village. It will mean farmers in this vicinity will not need to travel miles to have their feed ground.

Joseph Rimmel of Wausau this week purchased the meat market of Henry Powers of Campbellsport. Possession will be given to Mr. Rimmel about December 1. The new proprietor is very well known in this community, being a son of Mr. and Mrs. Math Rimmel, former residents of this village.

A very pretty wedding took place last Saturday at the Ev. Lutheran St. Lucas Church, when Rev. Greve pronounced the words that made Herbert Backhaus and Miss Selma Miller man and wife. The bride is the daughter of Mr. and Mrs. August Miller of the town of Kewaskum. The groom is the oldest son of Mr. and Mrs. Otto Backhaus, also of the town of Kewaskum.

While tending a herd of cattle in a pasture on his farm near Campbellsport, John Ramthun, 76, was stricken with a paralytic stroke Saturday morning, dying a few minutes later.

Mrs. Clara S. Laddey, President of the New Jersey State Woman Suffrage Association, who is working in the Wisconsin campaign under the auspices of the Wisconsin Woman Suffrage Association, was in the village last week Friday afternoon, trying to secure voters for their cause. Reports received from the parties she called upon, the suffragette was not very much satisfied as to what the local people think about the woman's suffrage.

Ray Wenzel, a Campbellsport young man, shot an eagle which measured five feet, 10 inches from tip to tip, near G.L. McDermott's cottage at Long Lake.

Open letter to the Community

This recent accident, on Thursday, September 13th, just north of Kewaskum, has been particularly upsetting to residents in this small town. Drinking and Driving. We all know better. . .right? Sadly this is not an isolated incident. This happens far too often in our country and particularly in our state. Lives lost, hearts broken, lives forever changed.

First our hearts go out to the victims. To the lives cut short. To goals that will not be reached and dreams that will not be fulfilled. To the family and friends who are left with a hole in their hearts. With questions that will never be answered. Family holidays and togetherness that will no longer be shared. To a daughter who will no longer have a mother or a father to comfort her, to share her struggles and her achievements.

We also cannot help but think about the drunk driver and his family. The driver is a young man from our area. His future is forever altered. He will almost certainly face incarceration. In addition, he will have to live with the consequences of his actions, with the knowledge that he took the lives of others in an action that could have been prevented. Unfortunately, what is done is done and cannot be undone no matter how much we wish it so.

We also think about his parents and family members and the range of emotions they must be feeling. While their son is alive, their dreams for his future are not.

As parents we are often consumed by thoughts of something bad happening to our child. We cannot think of much worse than dying or causing the death of others.

So now what? Can we keep this from happening again?

Being a member of a small community has advantages. We believe that we can work together to change the culture in our village of drinking to excess, drinking and driving and underage drinking.

If we look at our village, we have many establishments that sell alcohol. The majority of our community events focus around alcohol. Our goal is NOT to put these places out of business or prevent community groups from successful fundraising, but to look at how we can deter people from drinking to excess, underage drinking and drinking and driving.

We know that an individual's thoughts on drinking are formed long before the age of 21. In our village our children walk by outdoors signs that promote binge drinking (bottomless cups) and drink specials on their way to and from school. They walk past window signs that advertise the latest alcohol special. While this in and of itself is not necessarily the cause of problem drinking, it is a part of the culture that we all see.

Did you know that 14% of Kewaskum freshmen and 29% of sophomores report getting drunk one or more times in the last two weeks? (Developmental Assets Report May 2012) When we know better we do better. We

now know through medical research that underage drinking is not without harm to our children. We know that the adolescent brain is growing and changing until a person in their early 20's and that chemicals (alcohol, marijuana, etc.) cause much more damage to an adolescent brain than that of an adult; we know that people who start drinking as adolescents have a much higher risk of becoming addicted than if they simply wait until their bodies and brain are grown.

Our wishes are that adults who choose to drink do so responsibly – not drinking to intoxication and not drinking and driving; that we really look at reducing youth access to alcohol in our homes, in our neighborhoods and in our village; that we as adults set an example for our community youth in both our words and actions.

Homecoming is September 28th. What are your plans? What are your children's plans? Please take time to discuss these topics with your children. Be sure they have a clear understanding of your rules about drinking or riding with a friend who has been drinking.

We can come together as a community and work together to ensure that our friends and family don't get behind the wheel after drinking. We can work together to ensure that our youth don't have access to alcohol. We can work together to ensure that our kids know what it means to "drink responsibly". We can learn from this tragedy and in some small way each do our part to ensure that drinking and driving doesn't claim any more lives from our area communities. Together we can make a difference. Will you help? Watch for more information about a community meeting on this topic to follow.

Sincerely,

Anderson takes a short cut to the HEK Club title

By Judy Harlow

Statesman Correspondent

Many times in the past at Hon-E-Kor, the Men's Club Championship has been determined on the challenging final three holes of the White Nine.

This time was different as the two finalists, Craig Anderson and Joe Volesky never get close to them. Anderson took the drama out of the scheduled 27-hole finals with a very convincing 8-and-7 victory over his opponent that ended on No. 2 of the White.

Anderson, a teacher and golf coach at West Bend West High School, started with eight pars and one birdie on the first (Red) nine for 5-up lead, and he never looked back.

"I had a couple fortunate things go my way ... then I played pretty well," Anderson said. "I really didn't give him a chance to get back in the match."

After Anderson won the first three of four holes, it looked as if Volesky was going to get one back on No. 5 as he put his approach shot 12- to 15-feet from the cup.

"I blocked a 5-iron to the right. I was over by the sixth

tee," Anderson said, explaining from there he hit a flop shot to a foot away, while Volesky three-putted, and, "That was a two-hole swing."

Even Anderson was surprised how well he hit the chip, considering he had a bad lie. "It's probably a shot I hit one in a hundred times," he said.

Anderson did not make a bogey until the 14th hole (No. 6 Blue), then Volesky won two straight holes on No. 7 and 8. "He made a nice birdie on No. 8 ... sunk a 20-footer," Anderson said.

Anderson came back with a birdie on Blue No. 9 and started the White Nine with a birdie for an 8-up lead, and when both men parred No. 11, the match was over.

Anderson last won the event in 2009 and before that in 2006. Looking at the championship plaque determined he has now won 12 titles, starting with his first in 1992 and including a run of five straight, from 2002 to 2006.

And will Anderson play in the upcoming Kettle Moraine Amateur meet where his son Jeff is defending champion? "Sure, I've got nothing else to do," he said kiddingly.

In the Men's First Flight, it was Larry Sterr also winning convincingly, by a 7-and-5 margin over Dave Wietor in a match that was scheduled to go 27 holes.

Dale Jung won the Second Flight over Tom Bartelt, 3-and-2; Jim Volesky edged Jim Kleinke, 1-up, in the Third Flight, while Scott Rindt was a 6-and-5 winner over Dave Pfeiffer in the Fourth Flight finals.

The veteran Mike Pfeiffer survived an extra hole match with Chuck Kleinke, winning on the 19th hole.

Teresa Dreher is the 2012 Women's Club Champion after her 3-and-2 decision over Leslie Scheid. Handicaps were determined in all the women's matches.

Div. one teams are just too strong

By Judy Harlow

Statesman Correspondent

Winning the final meet they hosted and taking second in the conference tournament, the Beaver Dam girls golf team won the Wisconsin Little Ten title.

The Golden Beavers, who slipped into a tie with Oconomowoc recently, showed they would have no part of sharing the crown. They shot a 395 total in the 18-hole tournament at Rock River Hills GC (on Sept. 19) near Horicon, second only to West Bend which had an excellent 381.

Beaver Dam did better two days before on the long and tree-lined Old Hickory course, winning with a 195.

Kewaskum, which struggled this season to keep up with the larger schools, finished sixth in both meets and sixth in the final standings.

"Conference is just tough this year," coach Amy Uhlig said. "We just didn't have the consistent score in the 40s, and we didn't have the depth."

At Beaver Dam, the Lady

Indians shot a 225, one shot behind West Bend. The Indians had a 52 from Brittany Duarte, 55 from April Gilane, and 59s from Leah Wilde and Destiny Duarte.

At the WLT Tournament, none of the Indians broke 100. Brittany Duarte came the closest with her 52-49-101, while Gilane was consistent with her 53-52-105. Wilde was next with a 110 and the final counter was Emily Eutsey at 112.

Beaver Dam's Abby Chase captured the 2012 medal with 303 strokes in the six mini-meets and 18-hole conference test, throwing out one score.

Brittany Duarte finished 11th overall with 356 strokes, earning herself a spot on the honorable mention team.

"I was hoping she would sneak on the second team," Uhlig said, but, "It's nice to have one player in there."

Final Little Ten Standings: 1. Beaver Dam, 15 points; 2. (tie) Oconomowoc and West Bend, 22 points; 4. Hartford, 29; 5. Watertown, 32; 6. Kewaskum, 47.

Kreis duo to the rescue; Indians garner 4th place

By Judy Harlow

Statesman Correspondent

Before the season started, Kewaskum's girls tennis coach Matt Fehlhaber commented the Kreis sisters, Mallory, the senior, and Maddy, a sophomore, were "athletic and very coachable."

Add to that assessment highly competitive. Fehlhaber saw this time and time again but never more than in the Indians' final Eastern Wisconsin dual meet of the year at Chilton on September 20.

The match was tied 3-3, and the situation looked grim as the Kreis sisters dropped their first set 3-6 and were behind in the second. Then all of a sudden

it was like Venus and Serena Williams were on the court, and the Kreis girls took sets 2 and 3 over Sage LeGault and Annie Krause to give the Indians a thrilling 4-3 win.

"Mallory and Maddy dug down deep and won the second set 7-5. They cruised on the wave of that win to kill Chilton in the third set 6-1, securing the team victory," Fehlhaber said.

The team win gave Kewaskum a dual meet record of 6-3 and using match wins, which determine the final standings in the EWC, the Indians ended up with 33 points, five more than they had in 2011.

"This is the best finish since I've been coaching," Fehlhaber

said, adding, "Those 33 victories put them just past Kewaunee (32) and landed them fourth place in the very tough EWC for the first time in well over 10 years."

Manitowoc Roncalli claimed the top slot with 62 out of a possible 63 points.

In the match vs. Chilton, sophomore Becca Strigenz was the lone singles winner, while KHS dominated the doubles. Dannielle Ekker and Gabrielle Wade coasted at No. 1 doubles 6-0, 6-3, while Amber Flasch and Jessica Etta continued their winning ways, topping Heather Mather and Erika Pethan 7-5, 6-2.

McClyman leads Indians to a second place finish

By Judy Harlow
Statesman Correspondent

It was pretty obvious early on the Waupun boys were going to be the winners of the annual Dave Drexler Cross Country Invitational hosted by Kewaskum last Thursday afternoon.

From start to finish, there was a wave of black and gold-clad runners from Waupun in front of the pack, and the Warriors used that bunching toward a convincing win, with just 18 points. (first, second, fourth, fifth and sixth) Campellsport was a distant second with 77.

The girls' race was also decisive as Howards Grove led the way with 28 points, Kewaskum came in second with 65.

Calay McClyman led the Indians with her sixth place finish and a time of 18:22.5 over the 4,000-meter (2.5 miles) course. Then came Jeray Riffel in 10th with an 18:57.8.

The other counters were: Jessica Nurkala, 13th in 19:17.3; April Stern, 15th, 19:50.7; and Amanda Plachinski, 21st, 20:05.9.

"It was good racing weather ... minus the wind," McClyman said. "I felt pretty good."

Concerning the difficulty of the course, which winds around the exterior of the middle school, McClyman said, "This one is about the middle, a little hilly."

And while the Indians don't have a large number of

participants, McClyman feels the girls are working together as a unit. "Yes, (we are) very well bonded," she said.

McClyman is a sophomore but it's her first year of competitive running. She did not go out for cross country last year, nor did she participate in track. "You are this year," she was told by one of her teammates.

"I'm excited," KHS coach Randy Backhaus said about the girls team. "We've got these couple groupings ... They're going to do well."

Backhaus likes the competitive spirit he's seeing. Noting that Riffel was slowed by a cold, he said, "You could tell at the end, she was mad" she couldn't do better.

KHS has just four boys out for the sport and only had three available Thursday. Jared Sanborn led the group with his time of 20:17, good for 17th place, while freshman Zach Heberer came in at 22:24 (38th), and Matt Vogt with 23:18 (44th).

Backhaus reported Alex Fischer was out with a calf injury.

At Horicon on Thursday, Liz Bohn was the winner in the girls' division and she set a personal best of 15:16 in the race. Bohn, who lives in Kewaskum, is a sophomore at St. Mary's Springs High School.

A year ago, the Lady Ledgers finished second in the Division 3 State competition behind Oshkosh Lourdes, and Bohn finished 83rd overall.

Dave Drexler Invitational
Girls scores — 1. Howards Grove, 28; 2. Kewaskum, 65; 3. Waupun, 70; 4. Elkhart Lake-Glenbeulah, 140; 5. Campbellsport, 170.

Boys scores — 1. Waupun, 18; 2. Campbellsport, 77; 3. West Bend East, 112; 4. Ozaukee, 115; 5. Elkhart Lake-Glenbeulah 138; 6. Howards Grove, 158; 7. Waupun B, 172; Kewaskum, incomplete.

Sixth grade Gridiron teams shines up Gold

By Judy Harlow
Statesman Correspondent

Touchdowns were hard to come by for the Kewaskum Gridiron teams this past Saturday. Playing against the host Germantown Gold, only the sixth graders scored.

Using two offensive scores and a "fumble six" near the end of the half, coach Joel Tietz's charges earned a hard-fought 18-6 victory to improve to 2-0-1 on the year.

The first TD was scored early in the second quarter by Ryan Prochnow on a 7-yard quarterback keeper.

Later in the quarter, Alex Deheck's 60-yard scamper set up Eduardo Padilla's 5-yard TD run, and then Germantown started a drive of its own.

"With 10 seconds left, (Ty) Hartman came in and creamed their quarterback," Tietz said. "The ball came tumbling out, and Alex Sette scooped it up and ran 70 yards for a touchdown."

Hartman, Sette and Luke Christenson played well on defense, while the entire offensive line, including center Colten Miller, guards Clayton Pomeroy and Nick Thill and tackles Teagan Herman and Hartman were cited for their fine play.

In a game where the defenses dominated, one play was the difference between a loss and a tie.

Unfortunately for Kewaskum, the Gold's defense came up with a safety in the third quarter, and the seventh grade game ended as a 2-0 loss.

"We had just made a goal line stand," coach Tom Kudek said, reporting on his team's first down from the 1-yard line, Colton Fox was tackled in the end zone.

"Defensively we played real good," Kudek said, praising Faton Elmazi, who had an interception, and Jon Heus, who stripped the ball from a Germantown runner.

"Our offensive line is so small this year. We can't do much," Kudek said, noting his team did move to the Gold 20-yard line just before half where it failed to pick up one yard on fourth down.

Kewaskum (1-1-1) threw several interceptions, and fumbled on the first running play in the first quarter.

The fifth graders (1-2) committed three first-quarter turnovers which all resulted in Germantown touchdowns as Kewaskum was eventually shut out 43-0.

"Poor ball control and turning the ball over," were the stories of the game, according to coach Mark Walcheske, who said, "We would fumble on the 20. They would have 20 yards to go for a touchdown. We would fumble on the 30, and they would have 30 yards to go for a touchdown."

By half, the Indians were down 19-0. "We just could not recover," Walcheske said, adding the effort was like Jekyll and Hyde from the last game to this one.

The eighth graders fell to 0-3 after falling 42-0. "Germantown had a pretty good team," coach "Jonesy" Korth said. "I can see why they are beating everybody."

Korth said his team could not get its running game going and it was hard to pass in the wind.

One player who did stand out was linebacker Cayden Dwyer. "He came up and made some pretty good shoestring tackles," Korth said.

Kewaskum Youth Soccer Organization

Results from Saturday, Sept. 22, 2012

The **U7 Gators** hosted Erin. Everyone played a great game. Elliot Kemp scored 1 goal, Calla Kreuser scored 1 goal, and Isaac Morales scored 2 goals. The Gators won 4-2.

The **U8 Lions** played a competitive game at Slinger ending with a tie score of 3-3. Great teamwork was done by all.

The **U8 Stars** lost 1-7 vs the Hartford Big Kickers. Kate Butschlick & Eleanor Bennett both had an assist this week. Noan Nanz scored a goal & Sam Gauthier had some great defense.

The **U8 Comets** lost to a team from Richfield. Ali Taylor played aggressive offense while Reid Amerling was very enthusiastic.

The **U9 Badgers** traveled to Hartford on a cold sunny Saturday for a noon game against the Cheetahs. With Hartford having 12 players vs. our 8 made for us to play more focused. The Badgers played to a 4-4 tie. Luke Baum, AJ Smith and Aiden Giese scored for the Badgers.

The **U10 Girls Kickers** continued our march of victories on Saturday against the Slinger Cool Cats. The team fired on all cylinders as every player contributed to another display of our offensive fire power. Birthday girl Lilly Schlosser celebrated by scoring a hat trick. Her first goal came as she struck a curling corner kick that went right in. Kennedy Adams and Emma Rolf also added scored hat tricks, both continuing their scoring in every match streak. Andrea Butz kept her scoring streak alive as she opened the scoring and finished with two goals. Standout goalkeeper Nicole Butz came out and played forward, promptly scoring for the second week in a row. Every player performed well. The mid-fielders crisp passing dominated all day. The defense kept the ball out of our half for most of the game, pinning Slinger time and time again. Kickers 12 Cool Cats 2

The **U12 Puma's** played a very well controlled game against the Slinger's Scorpions, with a loss of 5-1 to Slinger. Skyler Schmitt had his best game yet, demonstrating speed, persistence and power as one of our Forwards. Kirk Johnson and Joshua Gonwa worked extremely well together at Defense, reading plays, staying in position, and returning the ball back to our Forwards. Hunter Roehrig tried out his skills as a Forward, demonstrating speed and ability to pass and get open. While Jack Paul cleared the ball out of our red zone time and time again, protecting our goalie on Defense. Several beautiful set ups were made towards the goal, with Drew Miller finishing the drive with a killer shot into the net. Excellent teamwork was demonstrated by all.

The **U12 Hawks** played against the Hartford Eliminators in what started out to be a cold rainy morning in Kewaskum. The Hawks played their best defense so far this year in a 4-1 loss to the Eliminators. DJ Smith's goal in this game was not the only bright spot for the Hawks as the sun was shining by the end of the game.

See www.kewaskumsoccer.com for information about KYSO and game schedules. Home games are played at Kewaskum Kiwanis Park.

2012-'13 KEWASKUM YOUTH BASKETBALL REGISTRATION

Are you ready for another exciting year of basketball? Kewaskum Youth Basketball (KYB) is a local non-profit organization that provides local kids with the opportunity to experience the fun of competitive basketball while improving their basketball skills and learning life skills such as teamwork, sportsmanship, commitment and responsibility.

Sunday, October 7

Kewaskum Elementary School Cafeteria
6-7:30 p.m.; 3rd grade parent's meeting at 6:15 p.m.

Open to boys and girls in the
Kewaskum School District in grades 3-6

REGISTRATION DEADLINE IS OCT. 16TH!

Forms are also available at www.kybhoops.org

Indians 5-0; top Raiders 23-6

Indians Teddy Wollner (47), Andrew Buelow (10), and Justin Zolp (68) bring down Adrian Harmsen of the Warriors in Friday evening's game that had brought the Indians another notch in their perfect record. Statesman photo by Andrew Kuehl

By Mitch Maersch

Statesman Correspondent

Kewaskum's coaching staff had an answer to Waupun's blitzes last Friday.

Teddy Wollner.

The senior tailback had a season-high 29 carries for 258 yards and three scores in a 23-6 victory that could have been a bigger blowout save for two Indians' fumbles deep in the Warriors' territory.

Kewaskum again qualified for the playoffs with its fourth straight Eastern Wisconsin Conference victory. The Indians are 5-0 overall headed into the two toughest games on their schedule that will decide

this year's EWC champion.

This week, Two Rivers comes in after scoring 50 points per game in three of its five wins this year. After that, it's off to Plymouth, the third 4-0 EWC team.

"There's no way you can look past them. Until this last Friday they've been putting up 50 points a game," said Piittmann. "They're a good team but we also feel we're a good team. We've got to match up and have a good week of practice."

Against Waupun, much of Wollner's damage came in the second half, like the week before when the Indians got the ground game going against

Campbellsport after an aerial show in the first half.

"They were blitzing a lot trying to cause confusion. We figured we'd just go right back at them. We'll just go toe-to-toe with you. It's like getting in front of a phone booth and see who comes out," said Piittmann.

Though phone booths are a rare find these days, the Indians came out. Waupun was left inside looking for a quarter.

The Warriors did pass the ball well, throwing for more than 200 yards on 20 completions. But the Indians caught three themselves, including two by Nate Krupp,

who is averaging one pick per game this season. Wollner had the other.

"They threw a lot more short passes against us than they did on film. We had worked a little more on the long ball," said Piittmann. "I wasn't real happy with our pass coverage. We kept things in front of us but we weren't as fast to the tackle as I would have liked."

Piittmann said defensive back Nick Banks played his best game of the season on defense. One play on film shows Banks taking on two blockers, forcing a runner outside and then making the stick. He made 12 tackles in all.

"He made some great tackles and gave some great run support," he said.

Running back and linebacker Joey Seitz missed the game to injury - he'll be back this week - and Piittmann said Max Maertz did a good job filling in. He had 11 tackles.

On offense, Maertles fell in for Derek Aupperle, who left with an injury early in the game. Aupperle is slated to be back this week.

Piittmann praised Alex Fechter's play on the defensive line and Greg Rate's at defensive end for helping hold the Warriors in check.

The Indians play at home this week in a game in which home field advantage might be a factor. The long bus ride to Two Rivers has impacted Kewaskum in the past, and this time they're commute is just a short walk outside the locker room.

The coach didn't want to discuss it, but he earned his 90th win last Friday. Piittmann is only looking at No. 91.

Waupun 0 0 6 0 - 6
Kewaskum 6 3 14 0 - 23

Passing: Brett Boegel, 4-11, 69 yards, INT; Waupun - Keegan Pinch, 20-32, 213 yards, TD, 3 INT.

Rushing: Teddy Wollner, 29-258, 3 TD; Brett Boegel, 4-9; Derek Aupperle, 1-minus 1; Max Maertz, 1-minus 5. Waupun - Jordan Daane, 13-39; Adrian Harmsen, 4-18; Lorenzo Sherden, 4-14; Caleb Steinhauer, 2-12; Keegan Pinch, 4-1; Jimmy Hopp, 6-minus 1.

Receiving: Nate Krupp, 2-63; Jordan Hanson, 1-6; Teddy Wollner, 1-0. Waupun - Ryan Schmitt, 11-130; Avery Armga, 4-38; Brandon Morrissey, 2-33; Jimmy Hopp, 1-10; Adrian Harmsen, 1-1; Jordan Daane, 1-1.

Tackles: Teddy Wollner, 13; Nick Banks, 12; Max Maertz, 11; Alex Fechter, 9; Andrew Buelow, 8.
