Kewaskum's First Charter School Officially Opens

By Anne Trautner

Kewaskum School District's only charter school, i4Learning Community School, is officially open.

The building, which formerly housed Wayne Elementary School, now features multi-age, project-based classrooms. It is the only school of its kind in the area.

"This never would have worked without the collaboration between the community, the governance board and the teachers. They stepped up to the plate to make this something special," School Superintendent James Smasal said.

"The teachers are amazing," said Marcia Theusch of the school's governance council.

"Also, the parent involvement is just amazing. Just look at how many parents were here today. That's pretty cool," said School Governance Council Member Jacky Alles as she looked at the crowd that gathered for the school's opening ceremony on Tuesday morning.

The new school has one classroom dedicated to 4K students that attend four mornings a week. A second classroom is for kindergarten through second grade. The third classroom combines third-through fifth-graders. Teachers team teach in the school's main classrooms.

Last year, when it was Wayne Elementary, the school had multi-age classrooms as well.

"It went really well. It's interesting if you think about it, in a regular classroom, if I have a fourth grade class, there are kids that are at a fifth grade level. You have kids that are advanced, you've got kids that are on level, and kids that are below level. We have the same thing going on here, it's kind of nice because you can differentiate, you can kind of group the kids together that maybe need the same skills, and it doesn't really matter what grade they are in," Principal Joel Dziedzic said.

Last year some parents were concerned about having siblings in the same classroom, Dziedzic

said. "We had the kids together, and had no issues," Dziedzic said. "It's kind of really neat. Some of the older kids take on the role of mentors, and the leaders, and the younger ones look up to them."

The school has had good feedback about the multi-age classrooms.

"The response has been very positive," Dziedzic said. "Parents are happy."

Enrollment, which is just shy of 100 students, is good, Dziedzic said.

There are three more students than last year. However, because the outgoing fifth-grade class was large last year, the school actually picked up an additional 10 or 11 students.

That number reflects some of the new families that moved into the area, open enrollments and students that have switched over from other district schools.

First Charter School Continued on Page 20

Developer To Invest \$4 Million Into Kewaskum TIF District

By Anne Trautner

The Village of Kewaskum announced on Tuesday that it has entered into an agreement with Kilo Tango, LLC, to develop three commercial parcels in its Tax Incremental Financing (TIF) District #2.

Kilo Tango, LLC, is managed by Kraig Sadownikow, mayor of West Bend and president of American Construction Services, a long-standing commercial real estate developer, architectural firm and construction management company based in West Bend.

Kilo Tango, LLC, purchased a substantial portion of the commercial area of TIF District #2

Monday afternoon. The agreement has the Village of Kewaskum providing the remainder of its originally planned improvements valued at \$230,000. In exchange, the developer has committed to building \$2 million worth of improvements by 2019 and another \$2 million worth of improvements by 2021.

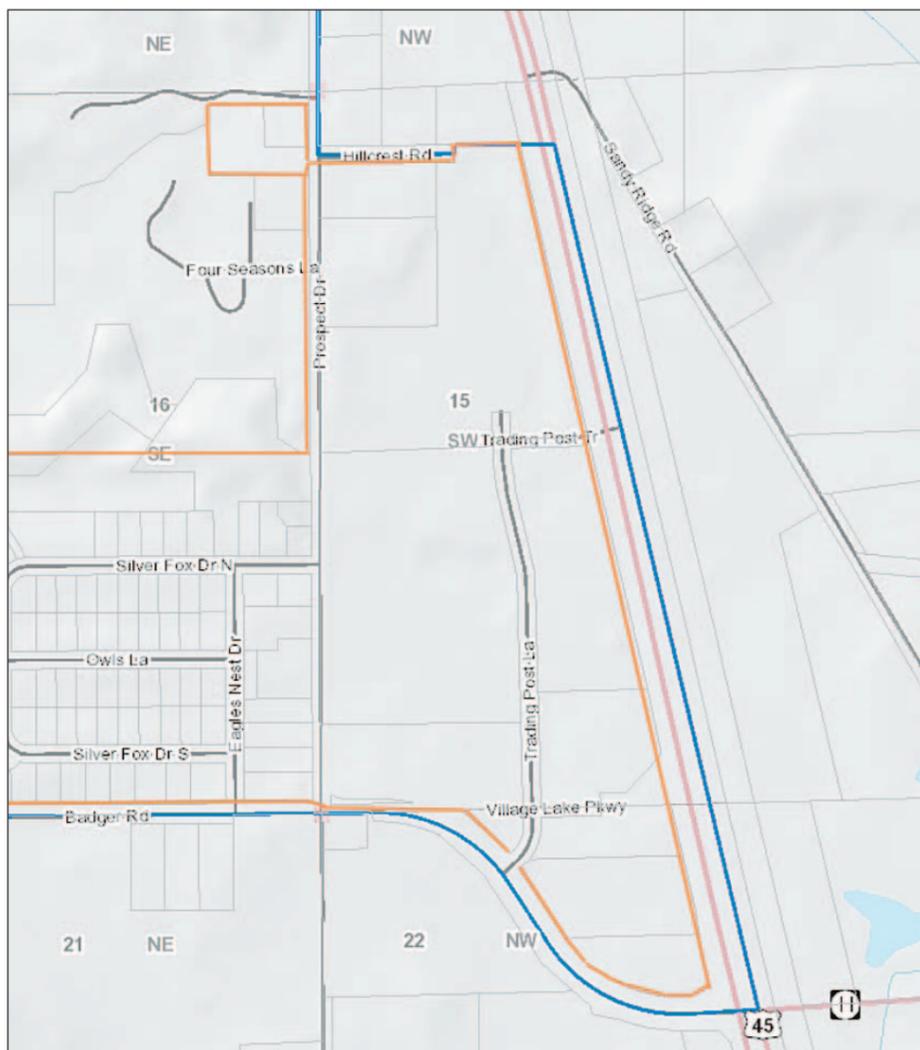

"At American Companies, we are always looking to make a positive impact on the communities we work in and partner with. The property in Kewaskum has been on hold for many years. We are confident a renewed economy coupled with fully improved lots that include direct access to Highway 45 will

prove to be a successful venture for our firm, the village, well as new users of the property," Sadownikow said.

Kewaskum's TIF District #2 was originally created in 2005. The nation's recession was in full swing by 2008, which halted all construction. The village was supposed to complete a cul-de-sac on Trading Post Lane, but it was postponed when building stopped. The TIF District has been dormant since.

"Development is anticipated to be light industrial and bring much needed economic development and jobs to Kewaskum.

Developer To Invest Continued on Page 5

The Village of Kewaskum has entered into an agreement with Kilo Tango, LLC, to develop three commercial parcels in its TIF District #2. The district is located west of U.S. Highway 45. The commercial part of the TID is between Badger and Hillcrest Drive, and the residential part is the Nature Haven Estates subdivision west of Prospect Drive.

Lance Corporal Tyler Voge of U.S. Marine Corps returns back to Kewaskum this week after a six-month deployment to Japan, South Korea, and the Philippines where his battalion participated in joint operations with the Marine Corps from each of the countries. Lance Corporal Tyler Voge has been serving for two years in a Weapons Company in the Marine Corps infantry. He is the son of Lisa and John Voge of Kewaskum and a 2013 Kewaskum High School graduate. He is currently stationed at Camp Lejeune in North Carolina. -photo submitted

WE WANT YOUR NEWS!!!

HOW TO SUBMIT INFORMATION TO THE Kewaskum STATESMAN

The Kewaskum Statesman is the official newspaper for the Kewaskum School District, published weekly on Thursdays. As the hometown newspaper, we feel it's imperative to publish news happening in our schools. Being a small family-owned newspaper, we don't have the resources to send a reporter to every event, so we ask for your help in sending us photos and information.

To get your news published in the Kewaskum Statesman, please have your items to us by Monday at 5 p.m. of the week you wish to see something published.

If you have story ideas or something we should look into, please contact our reporter Anne Trautner.

A son to Mr. and Mrs. Robert Sparks, of Kewaskum, on August 27.

A daughter to Mr and Mrs. Lewis Gatzke, of Kewaskum, on August 27.

A son to Mr. and Mrs. David Skrentny, of Campbellsport, on September 1.

75 Years

September 6, 1940

The Kewaskum Public School opened on Tuesday of this week with the largest registered enrollment in the history of the school. Both the high school and the grades showed an increase. A total of 226 pupils enrolled the opening day, 11 more than last year when the attendance was 215 of the 226, 139 are in high school and 87 in the three grade rooms.

Dr. Phillip A. Hoffmann, 87, of Campbellsport, retired physician and church organist known to thousands in the vicinity, died at 5 p.m. Thursday, August 29, at his home after four month's illness. Dr. Hoffmann retired last year both from his medical practice and 50 years service as St. Matthew's Church organist. The early-day country doctor owned the first automobile in Campbellsport in 1907, a Lambert; which was replaced later by a friction driven Petrol, made in Wisconsin.

Six-man football practice started on Tuesday at Kewaskum High School, with 18 boys reporting to Coach Gibson for this fall's Tri-County League squad. Harold Bunkelmann, Bob Brauchle, Wayland Tessar, Ralph Krautkramer, Roger Bilgo and Ray Vyvyan are the only members of last year's undefeated championship squad returning. New boys who will have to fill the gap left by last year's graduating class are Frank Bremser, John Stellpflug, Allan Tessar, Jim Strupp, Marlin Kocher, Arnold Hawig, Lloyd Petermann, George Petri, Clayton Stautz, Darwin Bruessel, Donald Kleinke, and Warren Naumann.

The New Fane School opened Sept. 3, with Mrs. Marvin Martin of Kewaskum as teacher.

A coin shower was given for Miss Vivian Staeger at the home of Mrs. Clara Schultz on Friday afternoon. The afternoon was spent playing "500" and Bunco.

100 Years

September 4, 1915

Last Wednesday evening Oscar Muench of Beechwood had an experience which he will long remember. He, in the afternoon, came to Kewaskum to deliver some hogs to John Stelpfulg, the local butcher and left for his home between nine and ten o'clock. When in the swamp just west of Ferdinand Feuerhammer on the New Fane road, he was ordered to halt by two

men, one on each side of the road, who threw a flash light at him, but instead of stopping Mr. Muench gave his horses the whip and managed to escape. He states that he was however, followed by the two men, but they were unable to catch. It has been reported that he was warned by some one in the village before leaving for his home to be careful of holdups as several of these occurrences have occurred lately.

Simon Hawig, an old and respected citizen of Wayne, died of apoplexy Sunday afternoon Aug. 29, at his home about one half mile west of this village.

The miscellaneous shower which was held in Wittenberg's Hall of Friday evening, August 27th in honor of Miss Viola Henning was largely attended. She received many beautiful gifts of china, glass ware and granite from her many friends and relatives.

A daughter was born to Mr. and Mrs. Steve Klein, of New Fane, on Monday.

Twin daughters were born to Mr. and Mrs. Theodore Dworschack on Tuesday.

Just received a new forty-horse power, four cylinder Studebaker automobile which sells for \$885. More power, more room - even higher quality - and lower prices are the features of the 1916 Studebaker cars. Call me for a demonstration, George Kippenhan, Kewaskum.

Coffee, Tea and KWC

Come and join in the evening activities of the members of the Kewaskum Women's Club on Thursday, Sept. 10, at 5 p.m. at the Annex. All ladies from the community are invited.

Jessica from the Coffee Corner will be there to show off some of her specialty coffees and teas. There will be a light lunch served with her flavored beverages.

A short meeting will follow with an outline of the

events, activities and meeting for the 2015-16 season.

Join the KWC, as members look forward to seven relaxing evenings together. Enjoy the camaraderie of friendship, as the group works together for three fundraisers. All proceeds go to promote scholarships, schools and other community events.

For more information, call Jeanne Goeden, 626-2777.

Continued From... Developer To Invest \$4 Million Into Kewaskum TIF District

This T.I.F. District has been a challenge for the Village of Kewaskum for quite some time and I am very excited to see this economic development plan move forward, which the Village Board spent many months working on. We still have a lot of work to do in the Village in terms of economic development, but this is a great first step," said recently elected Village President Kevin Scheunemann.

Kewaskum's TIF District #2

Tuesday's announcement is good news for TIF District #2, which has suffered various woes since it was first formed in 2005.

The district, also referred to as a Tax Incremental District (TID) #2, is located west of U.S. Highway 45. The commercial part of the TID is between Badger and Hillcrest. The residential part is the Nature Haven Estates subdivision west of Prospect Drive.

In 2005, the area was underdeveloped, and vil-

lage leaders decided to use the state's tool of creating a TIF district to encourage growth.

The Kewaskum School District, Washington County and the Moraine Park Technical College all agreed to forming the TIF District.

When the TID was created, the village invested \$8 million to extend sewer and water services into the area.

Since 2005 when the TIF District was created, the assessed value for all the property within the district was frozen for all other entities except the village.

This meant that the school district, technical college and the county have all been receiving taxes based on the 2005 assessed value for properties within TIF District #2.

The village has received the tax increment, which is the difference between the amount of property tax revenue generated in a TIF district before and after the TIF district was created.

The Kewaskum TID was

given a 20-year life cycle before the other taxing bodies would reap the benefits.

At first, the TIF District experienced success. Houses were built. Businesses, such as McDonald's, Citgo and Kettle Moraine Town and Country were built.

However, in 2008, the nation went into a recession and building stopped in Kewaskum.

A new house was not built in the TIF since 2009, until last year, Village Administrator Matt Heiser said.

Like many other municipalities across the state, Kewaskum's TID was declared distressed in 2012. When this happened, it was given new ending date of 2033.

Meanwhile, the village's debt payments on the \$8 million have been increasing every year.

Since about 2011, there has been a shortfall, so the TIF has not been able to pay for itself.

To make up the difference, the village has been raising the general tax

levy, and taxpayers of the village have been lending the district money.

To make matters worse, a number of properties that were initially purchased have gone into foreclosure.

"TIF is still the best tool that the state provides to lure business in," Heiser said. "If the village had not invested that \$8 million, who would have done that?"

Village leaders are excited about the new agreement with Kilo tango, LLC, and hope that the arrangement will breathe new life into the area.

Since the 2008 recession, the state has developed a new model, referred to as "pay as you go" TIF note. The "pay as you go" TIF note protects municipalities from some of the development risk because it requires a developer to pay for up-front project costs. In return, the TIF authority agrees to reimburse the developer with a portion of future taxes.

Dogs May Be Banned From Village Parks

By Anne Trautner

Kewaskum Village Board members will consider passing two new dog ordinances at their next meeting on Sept. 14. The first ordinance would prohibit dogs from being in Kewaskum village parks.

The other ordinance would require dogs to be leashed when they are on public property.

At the last village board meeting on Aug. 24, board members requested to have a draft of an ordinance that prohibits dogs from being in the community parks, as well as a new draft of an ordinance that requires dogs to be leashed when they are off private property.

There currently is an ordinance that prohibits animals from being at large in the village. Owners are required to control their dogs with a leash or by other means of presence.

"That means that if they are a very well trained dog, you can have them off the leash,"

Village Administrator Matt Heiser said.

Under the current ordinance, if an owner walks a dog and the dog stays at the owner's side, then the dog is not required to be on a leash.

However, an owner can currently receive a citation if his or her dog is running around in a neighbor's yard. Under the current ordinance, a citation can also be issued if an owner is walking a dog without a leash and the dog bolts at someone or out in traffic because the dog is not under the owner's control.

If passed at the village board meeting, the new ordinances would go into effect on Sept. 14.

Building Inspection Services Now Expanded For Village Of Kewaskum

A business relationship between the Village of Kewaskum and the City of West Bend in Washington County is expanding. By way of an agreement approved by both municipalities, the City of West Bend has provided building inspection services to the Village of Kewaskum since last fall.

In August, Kewaskum received approval from the Wisconsin Department of Safety and Professional Services, Division of Industry Services to provide commercial building code enforcement. The

approval also allows for the village to review building plans and conduct inspections for newly built structures of up to 50,000 cubic feet and renovations of existing buildings of up to 100,000 cubic feet.

"This is a great example of how intergovernmental cooperation can result in stronger customer service to local contractors, property owners and businesses in both West Bend and Kewaskum," said West Bend City Administrator T.J. Justice.

The effect of the state's approval is that West Bend, on behalf of the Village of Kewaskum, will

be able to provide these services which negate the need for contractors or businesses to work with state officials in Madison. Justice and Building Inspection Superintendent Gwenn Soldner thanked Kewaskum Village Administrator Matt Heiser for securing the state's approval and local designation.

The expanded menu of services takes effect immediately. The city and village's agreement for building inspection services was renewed on April 21, 2015 and is effective through December 31, 2016.

Community Gatherings

To be included in the Community Gatherings, please submit your event prior to our 5 p.m. Monday deadline.

Every Thursday — Kewaskum Farmers' Market in the village parking lot, 8 a.m.-noon.

Every Sunday — Dundee Farmers' and Crafters' Market at the Dundee Sportsmen's Park, 9 a.m.-1 p.m.

Friday, September 4 — Men's Softball Tournament, youth baseball fundraiser, at the Dundee Sportsmen's Club.

Friday, September 4 — Washington County Separated, Divorced and Widowed No Meeting this week.

Saturday, September 5 — Men's Softball Tournament, youth baseball fundraiser, at the Dundee Sportsmen's Club.

Sunday, September 6 — Men's Softball Tournament, youth baseball fundraiser, at the Dundee Sportsmen's Club.

Sunday, September 6 — Wheels on Main fifth annual car show in downtown West Bend, 7 a.m.-4 p.m. More than 20 categories including best in show, awards for first and second place, live music, food and retail vendors. This is a premier car, truck and bike show.

Tuesday, September 8 — Town of Farmington monthly board meeting at the town hall, 7 p.m.

Wednesday, September 9 — Kewaskum Class of 1963 second annual Get Together at the Limping Coyote, noon. Call Bill Gruhle at 262-626-4409 with questions.

Wednesday, September 9 — Storytime at the Kewaskum Public Library, 10:30 a.m. and 6:15 p.m. Intended for ages three and up. No registration necessary.

Wednesday, September 9 — Kewaskum Snow-Chiefs Bingo at the Kewaskum Annex building, doors open at 4:30 p.m., games start at 6:30 p.m. Raffles, food and refreshments.

Thursday, September 10 — Speed Networking hosted by Ogi Chiropractic and the Kewaskum Area Chamber of Commerce, 6:30 p.m.-9:30 p.m. Space is limited, reserve your spot today via Facebook.com/OgiChiropractic or Nikki.Maramonte@gmail.com.

Friday, September 11 — Washington County Separated, Divorced and Widowed meeting at Holy Angels School in West Bend, 7:30 p.m.-9 p.m. Deputy Ron Rewarts, Washington County Sheriff's Department, will speak.

Saturday, September 12 — Kewaskum Kiwanis Club 64th annual Turkey Shoot at the West Bend Barton Sportsmen's Club, 10 a.m.-4 p.m. Turkey and gun raffles, 200-yard deer rifle shoot, compound bow shoot, pistol firing line, rifle firing line, golf shoot, and archery. For the kids-bouncy house, face painting and more. Brats, burgers and soda.

Saturday, September 12 — Fall Arts & Crafts Fair at St. John U.C.C. in Germantown, 9 a.m.-4 p.m.

Sunday, September 13 — Kewaskum Historical Society's Early Farm Days featuring Antique Bicycles, between the Milwaukee River and the Eisenbahn Trail near the historical society buildings, 10 a.m.-4 p.m. Antique bicycles and vehicles, steam and gas engines, threshing and antique farm machinery, horse drawn wagon rides, petting zoo, live music, and food.

Sunday, September 13 — Campbellsport FFA Alumni Tractor Pull at Northwinds Supper Club, weigh-in starts at 9 a.m., pull starts at noon. Kids pedal tractor pull at 1 p.m. Free admission. Bleacher seating or bring your own chair. No carry-ins.

Monday, September 14 — Kewaskum Board of Education meeting at the district office, 6 p.m.

Monday, September 14 — Town of Auburn monthly board meeting at the town hall, 7 p.m.

Monday, September 14 — Town of Osceola monthly board meeting at the town hall, 7:30 p.m.

Tuesday, September 15 — Town of Farmington monthly board meeting at the town hall, 7 p.m.

Wednesday, September 16 — Storytime at the Kewaskum Public Library, 10:30 a.m. and 6:15 p.m. Intended for ages three and up. No registration necessary.

Friday, September 18 — Washington County Separated, Divorced and Widowed No Meeting this week.

Saturday, September 19 — Dundee Mill Park annual Zombie Run, starting at the Dundee Sportsmen's Club, 10 a.m., 10:15 a.m. and 10:30 a.m. For more information or to get a registration form, check out the Dundee Mill & Park's website and/or Facebook page.

An Upcoming Calendar of Events for the Northern Kettle Moraine State Forest...

Thursday, September 3 — Sensational Seeds Nature Storytime at the Ice Age Visitor Center, 6 p.m.-7 p.m. From as tiny as a dust fleck to larger than a softball, seeds come in all shapes and sizes. Unearth how seeds help plants to grow and thrive. This hour of nature fun awaits 3 to 6 year olds with accompanying adults.

Friday, September 4 — Sensational Seeds Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. From as tiny as a dust fleck to larger than a softball, seeds come in all shapes and sizes. Unearth how seeds help plants to grow and thrive. This hour of nature fun awaits 3 to 6 year olds with accompanying adults.

Friday, September 4 — Fading Into Darkness Night Hike at the

Mauthe Lake recreation area picnic shelter, 8 p.m.-9:45 p.m. As the sun sets and the light fades from the sky, the day animals retire and a new group of animals awakens. Bring your bug spray and sense of adventure as we listen for all those night sounds. This night hike is for families/groups with children at least 5 years old.

Saturday, September 5 — Saturday Morning Secret Finders at the picnic shelters at the Mauthe Lake and Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to discover secrets of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of engaging nature activities in one of three age appropriate books (ages 3-5, ages 6-8, and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

Saturday, September 5 — Marvelous Mammals Drop In at the Beach at the Long Lake recreation area south beach, 1 p.m.-4 p.m. What do humans have in common with bears, bats, mice, and deer? We're all mammals! Discover what characteristics mammals share and how they're adapted for survival. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Saturday, September 5 — Widening of the Universe: Telescope's Influence Summer Saturday Evening Event at the Ice Age Visitor Center, 7:30 p.m.-8:30 p.m. Today, telescopes bring the night sky into focus providing a way to see what's beyond the Earth. Find out how the invention of the telescope changed the way people viewed their place in the universe and opened a whole new realm of discovery. Jeff Setzer of the Northern Cross Science Foundation will be the presenter for this program. This program is best for anyone more than eight years old. Sponsored by the Friends of the Kettle Moraine.

Saturday, September 5 — Summer Star Gazing Summer Saturday Evening Event at the Ice Age Visitor Center, 8:45 p.m.-11 p.m. Look through a telescope or binoculars to bring into focus the wonders of the night sky. With the help of experienced night sky observers from the Northern Cross Science Foundation, spy distant planets, dumb-bell nebulas, globular clusters, and so much more. The program will be held only if the skies are clear. This program is best for anyone more than eight years old. Drop in any time and stay as long as you like. Sponsored by the Friends of the Kettle Moraine.

Sunday, September 6 — Marvelous Mammals Drop In at the Beach at the Mauthe Lake recreation area beach, 12 p.m.-3 p.m. What do humans have in common with bears, bats, mice, and deer? We're all mammals! Discover what characteristics mammals share and how they're adapted for survival. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Thursday, September 10 — New Aliens on the Horizon An Evening with Nature Program at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Garlic mustard, buckthorn, and crown vetch are well established non-native invasive species. Learn what new alien species are lurking on Wisconsin's horizon and what we can do to keep them at bay. This program is most appropriate for people over 10 years old.

Saturday, September 12 — Ssssnakes! Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our fears. Uncover many truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. This program is best for families/groups with children between the ages of six and 12 years.

Thursday, September 17 — Soaring Hawks Nature Storytime at the Ice Age Visitor Center, 6 p.m.-7 p.m. High above hawks soar through the sky with a keen eye looking down towards the earth. Join us as we explore the high-flying lives of hawks. This hour of nature fun awaits three to six year olds with accompanying adults.

Friday, September 18 — Soaring Hawks Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. High above hawks soar through the sky with a keen eye looking down towards the earth. Join us as we explore the high-flying lives of hawks. This hour of nature fun awaits 3 to 6 year olds with accompanying adults.

Saturday, September 19 — Let's Go Nutty! Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. Round and smooth, oval and sticky - nuts come in all shapes, sizes and textures. We'll explore the autumn woods for nuts and learn from what trees and shrubs they came. There may be even tasty nut treats to try. This program is best for families/groups with children between the ages of six and 12 years.

For more information about the Northern Kettle Moraine State Forest or the upcoming naturalist programs, please contact the forest staff at the Ice Age Visitor Center at (920) 533-8322. The Henry S. Reuss Ice Age Visitor Center is located 1/2 mile west of Dundee off of Highway 67. The center is open seven days a week.

An Evening With The Summer Stars

The Friends of the Kettle Moraine's Saturday Summer Evening Events concludes with a night of planets and stars at the Kettle Moraine State Forest - Northern Unit. The evening will start with the program, Widening of the Universe: the Telescope's Influence, at 7:30 p.m. and end with Summer Star Gazing running from 8:45 p.m. to 11 p.m.

These programs will be held on Saturday, Sept. 5, at the Ice Age Visitor Center. The center is located off Highway 67, a half mile west of Dundee. The program is free, but donations are always gratefully accepted.

Today, telescopes bring the night sky into focus providing a way to see what's beyond the Earth. At 7:30 p.m., Jeff Setzer, from the Northern Cross Science Foundation, will describe how the invention of the telescope changed the way people viewed their place in the universe and opened a whole new realm of discovery. After Jeff's program head outside for some incredible summer star gazing.

The astronomers from the Northern Cross Science Foundation will be setting up their tele-

scopes of all sizes from four inch diameters to more than twelve inches and pointing them into the night sky. Between 8:45 p.m. and 11 p.m., drop in any time and stay as long as you like to peer through the scopes to bring into focus the wonders of the night sky.

With the help of these experienced sky observers, you will be able to spy distant planets, marvel at far away galaxies, and be awed by the beauty of a dumb-bell nebula or globular cluster. The members of the Northern Cross Science Foundation are always eager to share their hobby and help people who are just getting started in astronomy.

This part of the program will be held only if the skies are clear. Both programs are best for folks over the age of eight years.

For further information or directions to the Ice Age Visitor Center, contact staff at the center. They may be reached at (920) 533-8322, Monday through Friday, 8:30 a.m. to 4 p.m., and on Saturday and Sunday from 9:30 a.m. to 5 p.m. Make sure to mark your calendars to join us for a wondrous night among the stars.

CALL NOW 1-800-838-6315

Holy Trinity Continues Planning For A Community Center

By Anne Trautner

Plans are going forward for a community center at Holy Trinity Catholic Church, located at 331 Main St. in Kewaskum.

The community center will house a gymnasium and possibly a kitchen and gathering space.

Holy Trinity has selected Groth Design Group of Cedarburg as the project's architectural firm. Joe Clarke, an architect with Groth, was scheduled to meet with stakeholders on Sept. 1.

Stakeholders include parishioners from the parish as well as members from the general community.

"We are inviting the greater community because members may come to us and say we should maybe incorporate something into the design," said parishioner Jim Wessing.

The parish would like the new community building to help accommodate the needs of not only the parish, but the greater community as well, Wessing said.

Although Groth Design Group has been selected as the project's architectural firm, the Rev. Edwin Kornath, pastor of Holy Trinity, cannot sign the architect's contract until he gets a signed proxy from Archbishop Jerome Listecky.

Listecky is expected to sign the proxy when he returns from vacation later in September.

The Archdiocesan Building Commission recommended that Listecky signs the proxy for Kornath to hire the architect after Kornath and parishioner Joel

Fleischman met with the commission on Aug. 13.

Holy Trinity parishioners are familiar with Groth Design Group. Several years ago, the firm designed Holy Trinity's handicap-accessible church narthex.

"We create places that respect the individual, the community, and the environment; places that are functional, financially responsible, yet imaginative; effective and meaningful places," said Architect Mike Groth.

The parish would like to present preliminary building plans to the Archdiocesan Building Commission in early October.

The next meeting with the architect will be held the week of Sept. 13, when data collected will be used to create preliminary needs assessments. The parish's hope is get approval at the December Archdiocesan Building Commission and proceed with construction in spring 2016.

Holy Trinity officials hope that the building will be completed sometime next fall.

Plans for the building project started earlier this year, after Holy Trinity received an anonymous donation of \$750,000 to build a gym.

In addition to a gym, the parish, which is made up of 850 families, would like to have a cafeteria, parish offices and meeting space.

How much the parish is able to build depends on the amount of money raised.

A basic parish center that houses a gymnasium, bathrooms and locker rooms, but no kitchen, cafeteria or offices, would

cost approximately \$1.2 million, Wessing said.

The parish complete wish list has a price tag of about \$2.65 million, Wessing said, and includes things such as an upgraded kitchen, a cafeteria, new parish and school offices, parking lot resurfacing, technology upgrades, educational improvements and an emergency reserve fund.

The parish has started raising funds already. Two parishioners have come forward and personally guaranteed Holy Trinity's construction loan, and a three-year short term loan, which will be used to pay contractors until pledges are all received.

A Holy Trinity family matched funds of \$30,275 for the live and silent auctions at the parish's Social Fest on Aug. 22. These funds will go to the Parish Center and will be used to pay some of the first costs incurred, such as architect design fees.

Holy Trinity parish, which was founded in 1861, is part of the Archdiocese of Milwaukee. The archdiocese has a set procedure to follow for building projects.

Holy Trinity's building process officially started in April when Listecky gave the parish approval to do a feasibility study.

The parish will begin running a capital campaign, called "We Believe," in October. Pledges will be made over a three-year period.

Any community member who would like to give input for the Holy Trinity building project should notify the Holy Trinity parish office at (262) 626-2860 by Oct. 1.

Avery, Adam and Olivia Olson are welcomed to the first day of school at Holy Trinity by their principal Mrs. Jodi Casetta.

WCCF Taking Over Festival Of Arts — Annual Event Planned For April 9, 2016

The Washington County Campus Foundation (WCCF), the official fundraising entity for the local UW-Washington County campus, will be taking over the reins of the annual Festival of Arts. The popular festival, which celebrated its 10th year in 2015, will be held on Saturday, April 9, 2016, from 10 a.m. to 4 p.m. at the UW campus located at 400 University Drive in West Bend.

The festival will retain the same features that celebrate the arts — including a juried professional art sale, middle and high school student artwork contest, photography display, musical performances, art make and take-it sessions, farmers market and mini seminars. Some new features are being planned, including a craft beer and wine tasting area.

As the new regional model for UW Colleges is adopted, this change in Art Festival leadership was essential as campus staff will no longer be available to manage the event. Moving the management to the foundation will allow the event to continue and grow.

Nina Jones, Executive Director of the WCCF, is “excited to continue this important campus and community event” and

The Washington County Campus Foundation (WCCF), the official fundraising entity for the local UW-Washington County campus, will be taking over the reins of the annual Festival of Arts. The popular festival, which celebrated its tenth year in 2015, will be held on Saturday, April 9, 2016. hopes it will “grow and that we can make it an even stronger event.” Jones also noted that the fall Fish Fry Frenzy event at the campus will go on hiatus for now as energies are re-directed to the festival.

For festival updates, visit the campus website at www.washington.uwc.edu/campus/arts/festival.

Kewaskum Public Library Offers Programs

Programs are always free to attend and are open to the public.

Tuesday, Sept. 8 — Early Farm Days: Wheel Fever. This 60-minute discussion will feature Nick Hoffman, co-author of the book “Wheel Fever.” 6 p.m. in the Community Room.

Tuesday, Sept. 15 — Congressman F. James Sensenbrenner will hold “office hours” at the library beginning at 10 a.m.

Monday, Oct. 5 — Featured artist: Lynn Molenda. Art instructor and watercolor painter Lynn Molenda will hang a selection of her work for viewing all through the month of October.

Tuesday, Oct. 6 — Essential Oils for Beginners. Hands-on learning about the health benefits of essential oils. 6 p.m. in the Community Room.

Tuesday, Nov. 17 — Movie: Wisconsin From the Air. Check out parks and forests, cities and farms like you’ve never seen them! 6:30 p.m. in the Community Room.

Saturday, Nov. 21 — International Game Day. Families and teens stop in and learn some new board and card games. Prizes, contests and food. 10 a.m.—1 p.m. in the Community Room.

We're fraternal - We offer benefits, social activities and volunteer opportunities to our members.

We're financial - We help members plan for life with personalized advice and quality financial solutions. Let's talk.

Kewaskum Historical Society To Host Early Farm Days

— 40th Annual Event To Be Held Sunday, Sept. 13

By Anne Trautner

Society.

The Kewaskum Historical Society will hold its 40th Annual Early Farm Days on Sunday, Sept. 13, from 10 a.m. to 4 p.m.

This year's event will feature antique bicycles, a parade by the Wheel Men Club and presentations with demonstrations with antique wheel bicycles and more. Attendees are encouraged to bring bikes of their own.

The free event will be held off Highway 28, near the Milwaukee River from the Kewaskum Historical Museum, 1202 View Dr., and the log cabin up to the dam.

The Kewaskum Public Library will kick off the event earlier in the week. Hoffman, author of "The Fever," will give a presentation at the library at 7 p.m. on Tuesday, Sept. 8.

Early Farm Days will feature horse-drawn rides, threshing, food, petting zoo, clothes washing for women. There also will be a variety of gas and steam engines and farm equipment all along the river- and Eisenbahn Trail.

The best part is, in my opinion, is it gives kids a look back in time, a glimpse of the past. They can learn a lot whether they are interested in the history of Kewaskum or they're interested in early farming methods. It's a neat way to get a lot of old machinery and gives kids an opportunity to look and a hands-on experience. It's a great idea," said Aaron Laatsch, a member of the

Kewaskum's History

The year was 1849. James K. Polk was just completing his term as President of the United States and Zachary Taylor was elected as his successor. Wisconsin was just created as a state and the University of Wisconsin opened a one-room school house with 20 students. That same year a group of Washington County Supervisors changed the name of the area known as North Bend to the Town of Kewaskum. It was named after Chief Kewaskum, a member of the Potawatomi tribe who settled in this area in the early to middle 1800s.

Fast forward to 1895. The Town of Kewaskum was growing with agriculture being the primary consideration for settlement. Businesses such as Myers Mill, Backhaus Saw Mill, Rimmel Manufacturing, Nic. Marx Groceries and Saloon, Miller Drug Store, Koch Store and the Kewaskum Statesman were established and flourishing. The Rosenheimer family was also running numerous businesses including a malt house, bank, mercantile store and implement dealership. Then on May 7, 1895, the Town of Kewaskum was incorporated into the Village of Kewaskum.

Through the years the village continued to grow with companies like Millers Furniture Store, Regal Ware and Honeck Cheverolet building their roots in Kewaskum. It was

of citizens decided it was time to preserve the past by forming the Kewaskum Historical Society.

Kewaskum Historical Society

The Kewaskum Historical Society was founded and held its first Early Farm Days in 1975. The historical society opened its museum in 1976 preserving local artifacts, historical photos and documents.

In 1982, the society completed the moving and reconstruction of the 1800s log cabin donated by the Reysen Family of Beechwood. It was placed near the museum on the banks of the Milwaukee River. The log cabin offers a look into the past for its visitors complete with period furniture, household items and clothing.

Through the years, the organization has continued to expand its collection with additional display

space and remodeling performed by the club members.

Each spring the Kewaskum Historical Society offers an opportunity for area fourth graders to experience the past by participating in Pioneer Days.

The Kewaskum Historical Society Museum and Log Cabin are available for tours on Sundays during the summer or by appointment.

"Since day one, every single item that has come into there has been catalogued and logged. It's a neat organization. The only thing I regret is not joining earlier," Laatsch said.

To join the Kewaskum Historical Society, email kewaskumhistoricalsociety@gmail.com or call Ron at (262) 626-4273 or Billy at (262) 689-7919. The annual membership fee is \$10.

New Aliens On The Horizon

This year's Evening with Nature Series kicks off at the Kettle Moraine State Forest - Northern Unit with the program New Aliens on the Horizon. The program will be held on Thursday, September 10, from 7 p.m. to 8:30 p.m. at the Henry S. Reuss Ice Age Visitor Center. The center is located off Hwy 67 half mile west of Dundee. This program is free, but donations are always gratefully accepted.

Garlic mustard, honeysuckle, and buckthorn invade our forests! Look in the prairies and fields for those nasty aliens, Japanese hedge parsley and spotted knapweed. Staging a sneak attack from the roadsides are crown vetch and bird's foot trefoil. In the lakes Eurasian milfoil and zebra mussels stake their claim.

Many of us already battle these established invaders trying to keep our

native communities intact and healthy, but there looms a whole host of aggressive non-native species from all over the world at Wisconsin's doorstep. Those knocking at our door include kudzu, giant hogweed, Japanese stilt grass, porcelain berry and New Zealand mud snail.

Find out what these species are and when and how to report their first infestations. Learn what can be done to keep these ecological bullies at bay and out of our prairies, woods, wetlands, rivers and lakes.

For further information or directions, contact the staff at the Ice Age Visitor Center. The center's phone number is (920) 533-8322 and is open Monday through Friday from 8:30 a.m. to 4 p.m. and on Saturday and Sunday from 9:30 a.m. to 5 p.m.

Village Garbage And Recycling Pickup To Be On Thursday, Sept. 10

Because of Labor Day, next week's garbage and recycling pickup in the Village of Kewaskum will be on Thursday, rather than on Wednesday. Both regular garbage and recycling will be picked up on Thursday, Sept. 10.

Is Your Identity At Risk?

Every home has paper information that requires secure destruction. At some point, every person has the need to dispose of confidential information. You cannot control your personal information once it is given out, but you can control who you give personal information to and the personal information in your home.

Identity theft is one of the fastest growing crimes. Identity theft is a multibillion dollar industry that is used to fund organized crime. One or two pieces of personal information from your garbage is all that is required to steal your identity or financial security. It could be a credit card receipt, address label from junk mail, account numbers, a social security number, employee pay stubs, identification cards, pre-approved credit card applications, ATM receipts, utility bills, report cards or other documents containing personal information.

Identity theft affects over 11 million people yearly in the United States. That means one in four Americans will be the victim of identity theft in their lifetime. Most identity theft

information is obtained through hard copy paper sources.

Someone could find personal information that can cause you harm. A lot of identity theft is committed by people who are close to us, including family and close friends.

Every step that occurs once your trash leaves your control on the way to the landfill has risk. Once information ends up in a dumpster, it legally becomes fair game to anyone who finds it. Recyclers have no fiduciary responsibility to insure the security of paper in their control.

Your biggest question when thinking about identity theft is "What can I do to protect myself from identity theft?" Protect personal information from prying eyes. Protect personal papers in the home. Shred all personal information before it goes into the garbage.

These are by far the easiest things that one can do to protect himself/herself. Other steps include: keeping passwords on your computer, locking up sensitive documents, not using your mailbox to mail things, being careful with your

credit card number and buying identity theft coverage through your homeowner's insurance policy.

Recycling one ton of paper saves 17 trees. Protect your identity and the environment by participating in the shredding event on Friday, Sept. 18, from 12:30 p.m. to 2 p.m., in "The Silbernagel Group" parking lot. You can watch your items being shredded on site.

This is a free event hosted and paid for by The Silbernagel Group, 114 Main Street, Kewaskum. No registration is required.

Staples, rubber bands, paper clips do not need to be removed from the materials before bringing it to our parking lot on September 18 between the hours of 12:30 p.m. and 2 p.m. Bring documents that have a signature, account number, social security number, any medical or legal information to be shredded.

The Silbernagel Group hopes to see you there. If you have questions about obtaining identity theft coverage, call the Silbernagel Group at 262-626-8892. Act and reduce your risk of having your identity stolen.

Crow Tests Positive For West Nile Virus

The Washington County Health Department reports a dead crow found in Washington County on August 17 has tested positive for West Nile virus. This is the first bird that tested positive for West Nile virus in Washington County since surveillance for the mosquito-transmitted virus began May 1.

"The positive bird means that residents of Washington County need to be more vigilant in their personal protective measures to prevent mosquito bites," Joni Whitehouse, Deputy Health Officer/Assistant Director said.

West Nile virus is spread to humans through the bite of an infected mosquito. Mosquitoes acquire the virus by feeding on infected birds.

"Washington County residents should be aware of West Nile virus and take some simple steps to protect themselves against mosquito bites," Whitehouse said. "The West Nile virus seems to be here to stay, so the best way to avoid the disease is to reduce exposure to and eliminate breeding grounds for mosquitoes."

The Washington County Health Department recommends the following:

- Limit time spent outside at dawn and dusk, when mosquitoes are most active.

- Apply insect repellent to clothing as well as exposed skin since mosquitoes may bite through clothing.

- Make sure window and door screens are in good repair to prevent mosquito entry.

- Properly dispose of items that hold water, such as tin cans, plastic containers, ceramic pots, or discarded tires.

- Clean roof gutters and downspouts for proper drainage.

- Turn over wheelbarrows, wading pools, boats and canoes when not in use.

- Change the water in birdbaths and pet dishes a least every three days.

- Clean and chlorinate swimming pools, outdoor saunas, and hot tubs; drain water from pool covers.

- Trim tall grass, weeds, and vines since mosquitoes use these areas to rest during hot daylight hours.

- Landscape to prevent water from pooling in low-lying areas.

The majority of people (80 percent) who are infected with West Nile virus do not get sick. Those who do become ill usually experience mild symptoms such as fever, headache, muscle ache, rash, and fatigue. Less than one percent of people infected with the virus get seriously ill with symptoms

that include high fever, muscle weakness, stiff neck, disorientation, mental confusion, tremors, confusion, paralysis, and coma. Older adults and those with compromise immune systems are at greater risk of developing central nervous system illness that can be fatal.

The Department of Health Services has monitored the spread of West Nile virus since 2001 among wild birds, horses, mosquitoes, and people. During 2002, the state documented its first human infections and 52 cases were reported that year. During 2014, six cases of West Nile virus infection were reported among Wisconsin residents. West Nile virus infections in humans have been reported from June through October; however, most reported becoming ill with West Nile virus in August and September.

The Wisconsin Division of Public Health will continue surveillance for West Nile virus until the end of the mosquito season. To report a sick or dead crow, blue jay, or raven, please call the Dead Bird Reporting Hotline at 1-800-433-1610.

For more information on West Nile virus: <http://www.dhs.wisconsin.gov/communicable/ArboviralDiseases/WestNileVirus/Index.htm>.

Local Photographers Click Together

By Anne Trautner

In 1955, 12-year-old Richard Yehl saved up his money and bought a used camera and a used light meter.

When he saw an advertisement at a Milwaukee grocery store for dark room equipment, he knew he had to have it, so he worked out a scheme.

"I had a .22 rifle, like any 12-year-old boy would like, and I went in the grocery store and gave the guy a cry story that I really would miss having a .22 rifle," said Yehl, who is now 72.

The grocer decided his grandson would like the rifle, and agreed to make a trade.

"And that's how I ended up with my first enlarger and trays," Yehl said.

Yehl taught himself how to use the camera and develop pictures.

Today, he is still taking pictures and is currently the president of the Camera Clique, a camera club that meets monthly at the West Bend Library.

Camera Clique, which is made up of local photographers, currently has photographs on display at the Kewaskum Public Library.

The photos will be on display through Sept. 22.

Camera Clique

Yehl, who has been the club's president for the past 10 years, has been a member of Camera Clique since it first formed in March 1980.

About 15 local photographers now make up the organization. Professional photographers, as well as people who are new to photography, have belonged to Camera Clique over the years.

The only requirement is that members are interested in photography, Yehl said.

Camera Clique meets the third Wednesday of every month, except December, at 7 p.m. at the West Bend Public Library.

At the meetings, club members share pictures they have taken. Sometimes the photos are from a vacation, and other times they are related to that month's topic. The photographers give each other tips on how to use their cameras and feedback on each other's photos.

The club recently joined the Wisconsin Area Camera Clubs Organization, which is made up of camera clubs from Wisconsin. Through that organization, photographers may have their

photos exhibited at the old federal building in downtown Milwaukee, as well as participate in photo competitions.

Last winter, the group went on a photo shoot at Old World Christmas.

"I think outings are beneficial to everybody," Yehl said. "When you're looking at pictures at a meeting, it's neat, but if you have an outing and somebody's got a question about their camera, people can help out right there and then. When you're all covering the same ground, everybody sees different things. That's the other part of photography. I think it stretches a person's creative mind by having outings."

Photography

Yehl still has the enlarger he got when he was 12. And he still has a darkroom in his basement.

"Digital has made me so lazy, but I still get down to the darkroom a couple times a year," Yehl said.

Yehl, who also heads up the Photo Pictorial camera club in Milwaukee, has continued taking pictures his whole life. He worked at Evinrude Outdoor Motors in Milwaukee for 35 years, but worked as a wedding photographer on the side during the 1970s.

"Wedding photography is probably one of the most challenging because besides being a photographer, you've got to be a psychologist, you've got to be a makeup artist, you name it. It's all there in that day, plus the emotions are running high," Yehl said.

Before the digital age, photographers had to overcome extra obstacles.

"When you had film, you'd see the subject, and you had to get it right, because you couldn't look at the back of the camera and say, 'Oh, I didn't get it right.' You had to take the exposure, you knew you had to develop it right, you knew you had to print it right and it was more of a challenge that way," Yehl said.

Although the digital age has made capturing a

good image easier, today's photography still requires basic elements of art, Yehl said.

Photographers consider composition rules such as elements of three, leading lines, keeping a main subject simple, capturing how light and dark areas interplay with each other, the split-second of time and keeping an image sharp.

"It's dealing with people, too," Yehl said. "You still have to have the basic elements. Composition, good quality and technique, in order to do a good picture. Can it be done with digital? It sure can."

The evolution of photography has taken people where they could never go, Yehl said.

"My philosophy with the photography is, and I told all my grandkids, no matter where you go in life, you can use your photography with it. I can't count the funerals that I was at that I had to make a copy of somebody's picture, or a picture where I was someplace and I got the last picture before they passed away," Yehl said.

Yehl always has a camera with him and takes pictures as often as he can.

"It's at least several times a week that I will be taking a picture of this or that or whatever, and then I'll wander two weeks in the fall, I'll wander out of my truck, and it will be just me and photography," Yehl said.

People often ask Yehl what his favorite picture is that he ever took.

His answer is always the same.

"It is the next one that I'm going to take," Yehl said.

Want to join?

Camera Clique is open to anyone interested in photography. There currently are no dues. To join, simply show up at a meeting, held at 7 p.m. at the West Bend Library on the third Wednesday of each month, except December. For information, contact Richard Yehl at ryehl1@wi.rr.com.

Members of Camera Clique, a local photography club, prepare their photos for the display in the Kewaskum Public Library. Pictured (from left) are Jay Riederer, Richard Yehl, Denise Riederer and Jan Wagner.

Free Workshop For Individuals With Chronic Conditions Offered

Froedtert and the Medical College of Wisconsin is sponsoring a free workshop series for individuals with chronic conditions at the Kettle Moraine YMCA every Tuesday from September 8 through October 13, 1:30 p.m.-4 p.m. Registration is required and space is limited. To register call 800-272-3666.

The workshop, "Living Well with Chronic

Conditions," helps participants become better "self managers" of their health by learning skills and gaining confidence to deal with life's challenges. Skills include practical ways to deal with pain, fatigue, better nutrition and exercise choices. This workshop is recommended for adults with all types of ongoing health conditions and their caregivers.

Thull Keeps Piling Up The Rushing Yardage

By Judy Harlow

With just over three minutes remaining in the first half of Friday night's game against Port Washington, senior running back Brandon Thull became Kewaskum High's all-time rushing leader.

During his 38-yard touchdown run, Thull surged ahead of Eric's Perkins mark of 3,377 yards. He ended the night with 163 yards, giving him 3,463 total yards just two games into the season.

Concerning the fact Thull is a very complete player, KHS coach Jason Piittmann said, "He'll run people over, and he'll run around them."

According to Piittmann, Thull played in two games as a freshman, rushing for 18 yards in eight carries. As a sophomore, Thull moved into a starting role, carrying the ball 145 times (in 10 games) for 974 yards, and last fall, he had

a breakout season, gaining 2,136 yards in 284 carries.

Thus far this season, Thull has rushed for 334 yards and five touchdowns in 31 carries.

Thull has played in 25 games to reach the new KHS mark, while Perkins played in 26.

As the number five rusher in Wisconsin last fall, Thull has drawn attention from college scouts, according to Piittmann, who said, "A lot of schools have asked for films on him." Schools from the Missouri Valley Conference, including Northern Iowa, North Dakota State, Western Illinois, have shown interest, and, "There is a lot of interest from the WIAC (Wisconsin Intercollegiate Athletic Conference)."

As far as Thull's academics, Piittmann said, He's a decent student. He works hard."

High School Senior Surges Into Hon-E-Kor Finals

By Judy Harlow

Playing in his first Men's Championship at Hon-E-Kor Country Club, young Andrew Otto not only advanced to the finals but defeated defending champion Craig Anderson in the process.

Otto, who will be a senior at Kewaskum High School this year and was the number three man on the KHS varsity golf team in spring, tipped Anderson 1-up in one of the semifinal matches. Two veteran HEK members, Jay Krueger and Jim Rohlinger, battled it out in the other bracket, with Krueger, a teacher at West Bend East High, prevailing, 1-up.

The Otto-Anderson match was fairly close throughout, with Otto taking a 2-up lead going into the final nine holes on the White Nine. Then Anderson took a 1-up lead after 14 when he made par and Otto had to settle for a bogey.

On number 15, a shorter par four, Otto said, "I stuck a wedge to about 10 feet,

and he was about 30 feet from the hole. He made his (birdie) putt, and I made mine," so Anderson still led.

Then came the 200-yard, par-3 16th hole, and Anderson was securely on while Otto did not make the green with his tee shot. Here's where Otto's recent work on his short game certainly paid off. "I chipped in for a birdie" while Anderson took par so the match was all square.

It stayed tied as both men had pars on the treacherous number 17, setting the stage for a winner-take-all on number 18 or in a sudden death playoff. Otto decided to go with his 3-wood off the tee and landed safely in the fairway while Anderson hit his tee shot out of bounds on the left and was hitting three on his second shot.

Otto hit a good second shot, found the green on the approach and two-putted for a routine five, while Anderson wound up with a double bogey.

And does he like his chances in the finals? "I

The Kewaskum High School varsity football team includes: (front row, from left) team manager Josh Dreher, Matthew Shoppach, Scott Hiltunen, Alexander Vogt, Steven Nurkala, Zachary Thull, James Banks, Patrick Krier and team manager Jack Paul; (second row) Coach Nick Kreif, Coach Gary Mays, Coach James Korth, Coach Casey Scheel, Coach Bobby Bannasch, Coach Tim Rohlinger, Coach Bryon Vandlen and Coach Jason Last; (third row) Seth Bartelt, Cole Rahlf, Brandon Thull, Berat Elmazi, Zachary Ehmer, Nathaniel Jung, and Michael Boettcher; (fourth row) Kyle Pamperin, Dalton Espitia, Dakota Lawrenz, Dylan May, Benjamin Gonnering, Mitchell Tietz, Daniel Seitz and Dalton Poole; (fifth row) Joshua Baker, Riley Donovan, Bennett Seidensticker, Benjamin Watzig, Dylan Krezinski, Michael Boettcher, Branden Brzozowski, Eric Doll and Tommy Strom; (back row) Jesse Jones, Derrek Brock, Samuel Fechter, Jason Hanson, Brady Hanson, Michael Prochnow, Charles Witek and Jack Felten; and (not pictured) Anthony Steger, Gabriel Christenson, James Banks, Daniel Kreis, Jerod Otto, Cole Surprenant, Brice Matthies, Adam Bruss, Faton Elmazi, Tyler Degnitz, Logan Boettcher, Dawson Fox, William Walters, Cody Oelhafen, Jonathon James Leister, Austin Heberer, Shawn O'Keefe, Logan Goettl, Dylan Romaine, Mitchell Smith, Jack Taylor, Cade Peterson, Andrew Neu and Hunter Arndt.

do. We'll see. I've been hitting the ball well," Otto said, adding he hopes both play well in the championship match.

The two will square off this Saturday in a 27-hole match, covering all three nine, starting on the Blue.

Dan Gibbon and Mike Volesky will battle it out for the First Flight title. To reach the final, Gibbon defeated Eric Leitheiser, 2-and-1, while Volesky eliminated Alex Boyung (no score available).

In the Second Flight, it will be Rick Averill going up against Tom Jakubczyk. Averill was a 5-and-3 winner over Scott Rindt in the semis, while Jakubczyk topped Mike Maurer 4-and-3.

The Third Flight finds Manny Alvarado in the finals against newcomer Pat Kent. Alvarado beat Dave Pfeifer to advance, while Kent was a 1-up victor over Eric Anderson.

The finals in First, Second and Third Flights are 18-hole matches.

Nathan Heniadis fights for the ball during a scrimmage match against Campbellsport on Saturday, Aug. 22.

Quick Turnaround Earns KHS Netters A Team Win

By Judy Harlow

After losing their conference opener in a close match, the Kewaskum High tennis team bounced back to knock off perennial power Plymouth by the same 4-3 score.

Veteran Jeray Riffel and newcomer Maddy Lehmann were winners in the singles competition, while the Indians won at number one and three doubles to secure the victory.

Riffel topped Cassandra Nicholson by identical 6-3 margins. It was her first win of the season after going 0-2 in the Washington County meet and losing to the top player at Sheboygan Falls.

"Good ... satisfying," was how Riffel described the feeling after playing some good tennis to get her win, adding, "It was fun more than anything else."

Riffel did have a short span in the second set when she had difficulty getting her first serve in play, but she worked out of it. "I think it's more of a mental thing. Eventually I relaxed, and I was able to get that first serve in."

Both girls displayed good ground strokes and the ability to go to the net to get points, but Riffel was better at staying away from unforced errors.

Riffel said normally in the first set she watches to see where her opponents' strengths and weaknesses are. You look for ways to beat her, she said.

New KHS coach Peter Garcia said Riffel's quickness and range help her. "It's like playing a wall. She (Riffel) gets to everything."

Lehmann, a senior is out for the sport for the first time, came through for the team, beating Amanda Krueger soundly. After losing the first set, she won the next two 6-2, 6-2.

Garcia said the team had "an interesting night." He said the Plymouth coach told him in the conference, the girls play a third complete set, rather than a Super 10 tiebreaker, with a seven-point tiebreaker used if the girls ended a set at 6-6.

Being new, he listened to her, but checking the WIAA rulebook, Garcia is now certain he was right about using the Super 10 tiebreaker.

Then, when Kewaskum won the fourth point,

Garcia said the Plymouth coach wanted to take her number two doubles team off the court because there was no need to finish it. Garcia did not allow this since the final conference standings are determined by the number of individual match wins — KHS currently has 7 — rather than dual meet wins. Ironically, he said, Plymouth won that match and earned a third point toward the standings.

Kewaskum 4, Plymouth 3

Singles: No. 1 Riffel beat Cassandra Nicholson, 6-3, 6-3; No. 2 Hunter Garcia lost to Scarlet Simenz, 3-6, 2-6; No. 3 Maddy Lehmann beat Amanda Krueger, 2-6, 6-2, 6-2; No. 4. Julie Vollmer lost to Drew Krablean, 4-6, 5-7

Doubles: No. 1 Julia Cotter/Laura Weishan beat Hailey Molkenhine/Danille Wiese, 6-3, 6-1; No. 2. Morgan Wenzlaff/Sammie Wiskirchen lost to Kayla Prah/Kaylee Woella, 7-6 (8-6), 4-6, 3-6; No. 3 Kassidy Lange/Hannah Preder beat Ella Harpskenn/Madi Heghbottom, 3-6, 6-3, 6-3

On August 25, the Indians opened East Central play — the tennis conference is a combination of schools from the East Central and Eastern Wisconsin and Big East Conferences — with a match vs. Sheboygan Falls, which certainly has a strong singles lineup this season.

The host Falcons won all four singles competitions, winning the match 4-3. Garcia said SF singles are "loaded." Kewaskum, on the other hand, dominated the doubles matches, sweeping all three in straight sets.

Sheboygan Falls 4, Kewaskum 3

Singles: No. 1 Riffel lost to Mia Bartel, 0-6, 0-6; No. 2. Garcia lost to Ellie Roe, 0-6, 1-6; No. 3 Vollmar lost to Monica Micolczyk, 1-6, 1-6; No. 4. Trepes lost to Allison Lee, 2-6, 6-7 (4-7).

Doubles: No. 1 Cotter/Weishan beat Rachel Lee/Klohie Kuenne, 6-1, 6-3; No. 2 Wenzlaff/Wiskirchen beat Megan Hand/Dekanide, 6-4, 6-4; No. 3 Lange/Preder beat Amy Branding/Kim Finaldeax, 6-1, 6-3.

Members of the Kewaskum High School freshmen football team include: (front row, from left) Austin Eder, Tanner Goeman, Lucas Christenson, Jared Rex, Alexander Deheck, Cole Poole and Dawson Bastian; (second row) Derrick Schraufnagel, Kyle Bath, Cameron Dodge, Coach James Korth, Coach Bryon Vandlen, Teagan Herman, Thomas Klemme and Konnor Goslinowski; and (back row) Zachary Van Beek, Hunter Grady, Evan Devalk, Jonathon James Leister, Colten Miller, Carson Dogs and Alex Sette.

Lady Indians Are Off To A Good Start

By Judy Harlow

Led by two, top-10 finishers, Emily Krier and Hailey Herriges, the Kewaskum High girls cross country team finished second in the six-team Sheboygan Falls Invitational on August 27.

Plymouth's Lady Panthers ran away with the team title, scoring 26 points from its top five runners. (In cross country, the low score wins. The places from the individual runners are added together for a final team score.)

Kewaskum was next with 75 points, with the host Falcons next with 78. "They are right on our heels," new KHS coach Kris Evans said about the Sheboygan Falls runners.

Sophia Bolich of Plymouth covered the 5,000 meters in 18 minutes and 39 seconds (18:39) with Krier next with a 19:45. "This was a personal record for her by over a minute and a half," Evans beamed about his veteran senior runner.

The junior Herriges also turned in a good effort, hitting the finish line in ninth place, with a time of 21:47 in her first-ever cross country race.

The other KHS counters were: Ellie Debelak, 16th,

22:50; Haley Placinski, 17th, 22:57; and Sydney Rosenthal, 50th in 28:33. (Her 50th place was 36 in Kewaskum's count after taking out all Plymouth's extra runners.)

Melissa Schneider missed the meet after recently having some oral surgery.

The highlight for the KHS boys, who did not have a complete team, was the finish of sophomore Justin Reck, who tied for sixth place with a time of personal best 17:57. Reck is the lone returning letterman from last season, although Blake Miller ran in some meets.

Other KHS competitors included: freshman Kyle Toth, 22nd in 20:05; junior Jacob Loehr, 33rd in 21:05 and Miller, 39th in 21:41.

Clark Otte of Sheboygan Falls was "phenomenal," according to Evans, who reported the Falcon runner covered the course in a sizzling 15:51.

Evans still has just 11 out for the sport and indicated he'll try to recruit more runners when school starts. "I would love to have a full squad for both groups," he said.

Indians Make Port Washington Their Second Victim

By Judy Harlow

Light rains became heavy rains during Kewaskum's non-conference football game against Port Washington, hampering the Indians' passing game but having little effect on the running of seniors Brandon Thull and Steven Nurkala.

Thull, one of the most exciting running backs in southeastern Wisconsin, dashed and slashed his way for 162 yards in 16 carries, scoring three touchdowns while Nurkala added 65 yards rushing and one TD on an electrifying 54-yard scamper in the third quarter, helping their team to a 34-16 victory over the Pirates (1-1) of the North Shore Conference.

It was a special night for Thull, who became Kewaskum's all-time leading rusher, hitting 3,463 yards. He passed Eric Perkin's total of 3,377 yards. (See writer's note.)

"It did (hurt) a little bit," KHS coach Jason Piittmann said about the rain. Still, "We made the decision it wasn't going to make us one dimensional" so the Indians still passed 15 times, completing nine and throwing one interception.

After the annual Parents Night introductions, the Pirates got their hands on the ball first and may have erred in their decision to try to convert a fourth-and-eight situation on their own 46-yard line.

The Indians stuffed Matt Ruppel for a 1-yard gain and got to put their offense on the field in Port's territory. It took Kewaskum just six players to get its first

touchdown, which came on an 8-yard pass from Michael Prochnow to Eric Doll, who was wide on at out pattern. On the PAT, the snap was botched, but Prochnow picked up the ball and threw it to Bennett Seidensticker for two points and an 8-0 lead.

Port managed zero yards in its second possession, but this time the Pirates wisely punted, and their defense managed to hold the Indians, who also had to punt after picking up one first down.

Kewaskum put together three scoring drives in the second quarter, with Thull finding the end zone on two of them. The first drive covered 57 yards in 11 plays, with Thull going in from the one. The big play in the drive was a 31-yard run by Thull, who took the handoff and sprinted down the right sideline until he was tackled at the Port 26-yard line.

That score came with 8:22 left before half and little over two minutes later, the Indians got the ball again, beginning a drive at the 23, a drive that ended with Thull's 39-yard cut-back run for the touchdown.

Up 21-0, Kewaskum wanted more, and its defense held on three downs, forcing the Pirates to punt from their 13-yard line. Port punter Max Franzkowiak booted the ball almost straight up into the air, covering just 12 yards to Port's 25 where the Indians took over.

After a screen pass attempt fell incomplete, Prochnow hit Josh Baker for a 7-yard strike, then the Indians spread the field as they had on Thull's earlier

Members of the Kewaskum High School junior varsity football team are: (front row, from left) Brice Matthies, Austin Heberer, Logan Goettl, Cody Oelhafen, Dawson Fox, Logan Boettcher, Jerod Otto and Tyler Degnitz; (second row) Coach Casey Scheel, Faton Elmazi, Mitchell Smith, Anthony Steger, Dylan Romaine, Shawn O'Keefe and Coach Gary Mays; (back row) William Walters, Cade Peterson, Gabriel Christenson, Andrew Neu, Jack Taylor and Cole Surprenant; and (not pictured) Alexander Vogt, Kyle Pamperin, Daniel Kreis, Seth Bartelt, Matthew Shoppach, Adam Bruss, Patrick Krier, Jack Felten, Jonathon James Leister and Hunter Arndt.

- photo submitted

long run, and this time, he scampered 18 yards for the TD, making the score 28-0 at intermission.

Port controlled the ball for much of the third quarter but had nothing to show for it. Using an interception by Jackson Struebing, Port started a 12-play drive that stalled at Kewaskum's 32-yard line when Tom Strom stopped Matt Ruppel three yards short of a first down.

After picking up one first down, Nurkala took a handoff from Prochnow, broke a tackle and was off to the races down the left sideline for a 54-yard touchdown and a 34-0 KHS lead.

In the fourth quarter, a pair of QB keepers by Tanner Orten picked up 25 yards, but once again the Indians were up to the task, stopping the Pirates on down at the KHS 31 when Ben Watzig blitzed and dropped Orten for a two yard loss.

The Indians coughed up the ball on the first play, with Port recovering and putting together a 31-yard march, capped by Ruppel's 3-yard run.

Port would score once more, going 54 yards in seven plays, the final 20 on a counter play run by Franzkowiak, and Ruppel ran for the two points.

Kewaskum's second team played the majority of the fourth quarter, giving Alex Vogt and Patrick Krier several chances to carry the ball.

Defensively, the Indians were led by Watzig, who had five solo tackles and five assists for 10 total

tackles. Safety Brady Hanson and Krier, a linebacker, were next with seven and six tackles, respectively.

"The defense came up with some big stops," Piittmann said, adding, Watzig "is really looking good. He reminds me of some good inside linebackers we've had in the past. He's doing a heck of a job inside."

Kewaskum, now 2-0, opens East Central play Friday night at home against Campbellsport (1-1), which lost to Lomira 14-13 on Friday night. Kewaskum won the Kettle Moraine Bowl last year 42-7 while the Cougars had the upper hand in 2,013 using a long TD in the final minute and a half toward a 22-14 victory.

KEWASKUM 8-20-6-0

— 34 PORT WASHINGTON 0-0-0-16 — 16

Scoring: K Eric Doll, 6-yard pass from Michael Prochnow, (pass from Prochnow to Bennett Seidensticker); K Brandon Thull, 1-yard run (pass failed); K Thull, 38-yard run (Cade Peterson kick); K Thull, 18-yard run (Peterson kick); K Steven Nurkala, 54-yard run (kick failed); PW Matt Ruppel, 3-yard run (pass from Tanner Orten to Max Franzkowiak); PW Franzkowiak, 20-yard run (Ruppel run).

Writer's Note: Perkins, a 2011 KHS graduate who is currently a wide receiver and kickoff returner for the perennial power North

Dakota State football team (in NCAA D-1), missed his entire freshman football season after breaking his arm in baseball. He played three games as a sophomore, gaining 112 yards in 17 carries, then his junior year, he went over 1,000 yards, gaining 1,382 in 174 carries in 12 games, and had another 1,000-yard season in '11, gaining 1,883 in 224 carries.

Perkins and the Bisons opened defense of their four-time national championship on Saturday, falling to Montana 38-35 with the host Grizzlies scoring the winning touchdown in the final two seconds.

Perkins caught one pass for 10 yards and returned five kickoffs for 155 yards. In the second quarter, he returned one kick for 43 yards.

Long Week Ends On A High Note For Kewaskum Soccer Team

By Judy Harlow

In the first five games of the season, the Kewaskum soccer team has had its troubles offensively, but the Indians did get a victory in its final match in the Berlin Tournament on Saturday, a win over Wautoma determined by a shootout.

"We felt we held our own (vs. Wautoma)," coach John Kenworthy said, reporting the score was 0-0 at the end of regulation, and in the shootout, Joey Sanborn, J.J. Heberer and

Dylan Baertschy scored for the Indians, and goalie "Connor Enright stopped three of their shots" so KHS won 3-1.

Kenworthy figured his team got off eight shots against Wautoma, which certainly was a bright spot after the offense struggled in its other outings.

The Indians also played pretty well in their second last match vs. Ripon (at Berlin), giving up a goal in the final two minutes to lose 1-0. "That was a heart-breaker," Kenworthy said, indicating when they play Ripon later this season in an East Center game, the Indians will be better.

In that match, Nate Heniadis was strong in the defensive midfield, while Devin Buck and freshman Austin Fischer performed well despite being inexperienced.

Kewaskum drew Random Lake for Game 1 of the tourney and lost by the same 4-0 margin the

Indians lost to the Rams in the season-opener on Aug. 25 "although it felt one hundred percent better," according to Kenworthy. Hayden (Koralewski) was back from an injury and, "That gave us some options on defense," the coach said.

On August 28, the Indians traveled to Plymouth for their East Central opener, and gave up four goals in each half in the 8-0 loss.

"Plymouth is Plymouth," Kenworthy said. "They sub 10 players at a time ... They are well coached. They have a strong program."

"We have seven starters who had never played in a varsity soccer match," Kenworthy said, indicating it will take time for them to gel but he is confident they will. Kewaskum took 20 players to Berlin and got most of them in all three games to see who will work well together.

Soccer Challenges Include New Conference, Getting More Goals

By Judy Harlow

In a couple ways, Kewaskum High soccer coach John Kenworthy is certain the upcoming season will be "very much different" than the last. In other ways — the wins and losses and final conference standings — he is hoping for it to be much different than 2014.

The certainty comes from the fact the Indians switch to the new East Central Conference with three other schools. "We keep Plymouth, one of the top teams in the old Eastern Wisconsin," Kenworthy said, adding one of the inherited teams is Winneconne, which "went to the third level of state (tournament series) with mostly juniors. I imagine they will be right there with Plymouth and Kettle Moraine Lutheran," another of the new schools.

Kewaskum tied Ripon (at Ripon) in a non-conference match a season ago, so there is a little history there, while Berlin is an unknown to Kenworthy.

The "hoping" difference is centered around winning close games, rather than losing eight by one goal, which is what happened to the Indians a year ago.

One thing for sure, the turnout for the sport is "phenomenal," according to Kenworthy, who said, "I can't ever remember us having 31 or 32 and now we have 36."

Kenworthy returns seven lettermen, including four seniors to build the 2015 team around. Back

are seniors Noel Bindrich, Joseph Sanborn, Nathan Heniadis, Hayden Koralewski, juniors Alek Gerhartz, Michael Anderson, Jake Hricka and sophomore Luke Bindrich.

"He's one of our captains," and is "a very good passer," Kenworthy said about Noel Beindrich, who is in his third year on the varsity and will be one of the team's center attacking midfielders.

Sanborn was one of the team's leading scorers in '14, and Kenworth expects him to provide more offensive punch for the Indians from the striker position.

Scoring was a problem for Kewaskum in the past, so Kenworthy is taking a new approach, one that stresses, "You can't score if you don't shoot," and getting the players to realize 84 percent of first shots do not find the net, so they have to be opportunistic on rebounds and second chances in front of the net.

Heniadis can play mid-field or defender, giving Kenworthy some options with him, while Koralewski is the team's best defender but is currently working through an issue with his hamstring. "He's very calm," Kenworthy said about Koralewski's assets, adding, "He is just going to get better as the year goes along."

Replacements must be found for Brian Wendelborn, Max Hardy and Alex Strack, but the biggest challenge is the pre-season has been finding a new goal keeper. "We certainly lucked out last

year with the walkon, Bille Lehmann. He did great," Kenworthy said.

Possible replacements include Anderson or junior Connor Enright. "Michael is doing well back there, but he's also very fast and could be the starter at mid-field," Kenworthy said, indicating he planned on starting Anderson for the season opener against Random Lake.

If he isn't in the net, Enright will be playing defender.

Newcomer junior Dylan Baertschy will play a lot, according to Kenworthy, who said, "He came in and claimed a spot immediately."

Others listed on the varsity squad include juniors Cayden Dwyer, Jacob Heberer, and Devin Buck, along with sophomores Tanner Jacak and Gavin Curtin and the group Kenworthy calls the "Fab Four Freshmen," Matthew Krautkramer, Austin Fischer, Hunder Schmitt and Hunter Kuehl, who come in with skills from club soccer and are currently adjusting to the speed of the high school game. "They are pushing people," Kenworthy said.

Kewaskum should do much better than their 4-19-3 a year ago, according to Kenworthy, who said, "These kids have a chance to be something special."

By Judy Harlow

One of the perennial powers from the old Eastern Wisconsin Conference and another that is coming into the new East Central don't appear to be as strong as they have been in the past, meaning the race for the title may be wide open this fall.

That's the way second-year Kewaskum High volleyball coach Laine Leitzke sees the situation after the two quad meets that were held last week. Leitzke reports Winneconne won the quad over defending EWC champion Waupun (former D-2 state champion), Campbellsport and Berlin, while Plymouth upended powerhouse Kettle Moraine Lutheran, which is coming into the new league this year, Kewaskum and Ripon.

"We finished third (at KML) Leitzke said Monday morning, indicating his team lost to KML by just one point, 16-17, and, "That's not too bad for where we are at with our youth."

Leitzke has just three letter winners returning from a team that finished seventh in the EWC in its final year of existence. They are seniors Haley Kleinhans and Ellie Landreville and junior

Mikala Dogs. The coach said the five foot, eight inch (5-8) Kleinhans will play on the right side while 5-9 Dogs is in the middle and Landreville, who stands 5-5, is an outside Libero.

"We're young," Leitzke said, noting his squad of 13 includes an even 10 underclassmen, but is quick to add, "We're making good strides from where we were at Slinger (on August 25, a loss with scores of 13-25, 19-25 and 22-25).

Juniors on the squad include: Dinara Beth, a 5-3 defensive specialist; Alexandra Durn, a 6-0 middle blocker/right side hitter; Hailey Schicker, a 5-10 middle blocker/outside hitter and Brittany Williams, a 5-4 defensive specialist/Libero.

Sophomores include: Amanda Schaller, a 5-10 outside hitter; Hannah Coman, a 5-8 setter; Elizabeth Lightner, a 5-10 middle blocker/outside hitter; Morgan Kappler, a 5-10 outside hitter; and Sarah Butschlick, a 5-9 middle blocker/setter.

"We went 2-5 over the weekend," Leitzke said about the Lady Indians' play in the Friendship Tournament which was held in Wisconsin Dells. Kewaskum lost to Wisconsin Dells, 21-25 and 10-25; lost to Royall,

24-26 and 21-25; lost to Clintonville, 18-25, 27-29; and lost to Lake Mills, 16-25 and 24-26.

Wins came against Bruce by scores of 29-27, 18-25 and 16-14 and Horicon, 25-14 and 25-23. "It was a tough, tiring weekend for the girls," Leitzke said, noting there were three tough competitions in the quad Thursday night, and then on Friday the team was off to the Dells for two more days of volleyball.

Leitzke loved the way his team finished, however. "They ended with a 14-point streak to take the final match of the weekend. We had some lineup changes as we are still trying to find our identity as a team," he said.

In the tournament, Schaller was the kill leader with 34, while Lightner, Butschlick and Landreville chipped in with 25, 20 and 18, respectively.

In the assist category, it was Kleinhans and Butschlick 1-2 with 70 and 27, then came Coman with 10.

Schlicker led the team in blocks with 10. Lightner and Butschlick added six and five, respectively. Four girls had six or more aces, according to Leitzke, who reported Schaller and Lightner each recorded seven while Kleinhans and Butschlick were next with six.

Landreville left no doubt she was the best in digging. Final stats show here coming up with 87, while Williams had 31 and Schaller 26.

After a match against Mayville on September 1, the Indians open EC play tonight vs. Campbellsport, the team that knocked them out of the first round of the D-2 regionals, a year ago.

Point Lead Changes Hands Again As Apel Edges Prunty At Slinger

By Dan Margetta

Steve Apel edged Dennis Prunty to win the 60-lap super late model feature Sunday night at the Slinger Super Speedway and regained the lead in the battle for the season championship by a mere five points with one night of racing remaining.

Dennis Prunty was the fastest qualifier with a lap of 11.399 seconds.

Heather Stark led flag to flag to win the 25-lap Slinger Bee feature over Nick Schmidt and Tom Berens. E.J. Waldron took the checkered flag in fourth and Jared Deming was fifth.

E.J. Waldron set a new track record in qualifying with a lap of 14.488 seconds.

Super Late Models – Feature

1. Steve Apel, West Bend
2. Dennis Prunty, Knowles
3. Conrad Morgan, Waukesha
4. Ryan Destefano, Colgate
5. John Deangelis, Hubertus

Wilde Still Going Solo In LT Golf

By Judy Harlow

Leah Wilde shot a 49 in the first Wisconsin Little Ten match held August 28 at the Old Hickory Golf Course near Beaver Dam. Hartford won the meet by 10 shots over Beaver Dam, 179-189, and the individual highlight was provided by Ashley Kukla of Beaver Dam, who carded a sizzling 3-under-par 33, the lowest round ever recorded in WLT play. She had five birdies in the round.

The combined West Bend East/West team finished third at 197.

KHS coach Amy Uhlig

said her team did not count as Wilde was its only official player. Taylor Cook and Grace Kober played on an exhibition level and should be ready to count soon.

"Leah was disappointed with her showing," according to Uhlig, who said she received a 2-shot penalty for hitting the flagstick which was placed on the green not clear enough away. "Pin placements were tough, and I witnessed more 3-putts than I cared to see," Uhlig said.

Kewaskum was scheduled to host a WLT meet at Hon-E-Kor on September 3.

Kewaskum's Cayden Dwyer heads the ball during a soccer scrimmage match against Mayville on Saturday, Aug. 22, in Campbellsport. The Indians did well in the matches that morning and are excited as they begin their 2015 season.

LEGAL NOTICES

NOTICE OF PUBLIC HEARING VILLAGE OF KEWASKUM FLOODPLAIN ORDINANCE

PUBLIC NOTICE is given to all persons in the Village of Kewaskum that a public hearing will be held on Monday, September 14, 2015, at 7:00 p.m. in the Council Room of the Municipal Building, 204 First Street, to solicit comments on the proposed floodplain zoning ordinance revisions. These revisions will include updating the current Flood Insurance Study (FIS) volume number and effective date, correcting typo-graphical errors and definitions. The proposed ordinance revisions are on file in the office of the Village Clerk. There are currently no revisions to the Flood Insurance Rate Maps (FIRM). A copy of the proposed ordinance will be on file and open for public inspection in the office of the Village Clerk for a period of two weeks prior to this public hearing.

All persons interested are invited to attend this hearing and be heard. Written comments may be submitted to: Village of Kewaskum PO Box 38 Kewaskum, WI 53040

Dated this 27th day of August, 2015

SCHOOL DISTRICT OF KEWASKUM MEETING NOTICE

The Kewaskum School Board will meet on Thursday September 10, 2015 beginning at 5:00 p.m. at Kewaskum School District Office. The purpose of this meeting is to interview construction management firms. No official Board action will be taken at this meeting.

9-3 WNAXLP
Tracie Sette,
Administrative Assistant

VILLAGE OF KEWASKUM VILLAGE BOARD MEETING August 10, 2015 7:00 p.m.

The Kewaskum Village Board, Washington County, Wisconsin, met in regular

session in the Council Room of the Municipal Building, 204 First Street. Kevin Scheunemann presided and called the meeting to order at 7:00 p.m. Board members present were Richard Laubach, Dave Zehren, Kevin Scheunemann, Dave Spenner, James Wright and Jim Hovland. Richard Knoebel was excused and absent. Staff members present were: Mark Groeschel, Mark Steiner, Dennis Aupperle, Janet Knops, Ben Propson, Steve Baker, Stephanie Justmann and Matt Heiser. Members from the community and the news media were also present. Notice of the meeting had been posted at the PNC Bank, Kewaskum Post Office and at the Municipal Building on August 6, 2015. Notice was also forwarded to the Village Board, Village Attorney, Village Engineer and the News Media.

The meeting was opened with a Moment of Silence and Pledge of Allegiance.

Motion by Dave Zehren to approve the minutes from the July 20, 2015 meeting, second by James Wright. Voice vote, motion carried. Gwen Dreher and Nancy Reichel with the Kewaskum Women's Club presented the 2015 Kewaskum Beautification Awards to the following: Creative Use of Landscape Materials: William & Eileen Bunton 757 Drumlin Dr. Floral, Shrubbery and Tree Arrangement: Dave & Carole Zehren 629 Washington Ave. Colorful Floral & Selection of Design: Kevin & Katie Muth 745 Ojibwe Path

Lawn Ornaments & Décor: Steve & Cheri Falk 203 Clinton Street

Business Honorable Mention: Rustic Timbers, Dominic Ambroselli

Fire Chief Mark Groeschel presented the June 2015 report:

Fire calls 2 Year to date 20 Jaws run 1 Year to date 12 Rescue calls 28 Miles 733 Total training hours 189.00 Year to date 1559.96

Fire Chief Mark Groeschel presented the July 2015 report:

Fire calls 4 Year to date 24 Jaws run 3 Year to date 15 Rescue calls 40 Miles 1083 Total training hours 277.70 Year to date 1837.66 DPW Working Foreman Dennis Aupperle reported on the DPW activity:

1. Large Cottonwood Tree at the Wildlife Park was cleaned up.
2. The storm damage at Wildlife Park was reported to the insurance company.
3. The library office has been cleaned out and painted.
4. Street painting is taking place.
5. The four hour refresher safety training was completed by the DPW crew.
6. The municipal yard in open on Saturday mornings. On average 18 residents drop off items between 10:00 a.m. and 12:00 p.m.
7. The Knights Avenue curb, gutter and sewer street project has started. Moraine Court and Knights Avenue will be milled and paved at the same time.

Administrator Heiser reported

1. The Kiwanis Park stakeholders meeting is scheduled for August 12, 2015 with the area athletic clubs and civic organizations.

2. The Administrator goals: 1) Develop a Capital Improvement Plan. 2) Establish connection fees in lieu of Impact Fees. 3) Start a PTO program 4) Pursue ten acre parcel dedication for Kiwanis Park. 5) Establish departmental goals. 6) Schedule Visioning Session for February. 7) Set up a sidewalk, curb and gutter replacement program. 8) Establish an insurance bond checklist for contractors.

3. Reported on the property maintenance issues concerning junk and grass violations. Consensus was to receive feedback from the Building Inspector regarding contaminating 639 Washington Avenue. Treasurer Janet Knops presented the June 2015 report:

For the month of June:
Total Revenues: \$95,879.40
Total Expenditures: \$189,335.45
50% of the fiscal year has

elapsed. For the six months ending June 30, 2015, Total Revenues: \$1,601,400.17 Total Expenditures: \$1,084,762.73

Library Director Steve Baker reported the circulation for July was 6,267 items. The participation in internet usage and downloading e-books have remained consistent. An employee has been hired to fill the Youth Services/Assistant Director position.

David Spenner, Chairperson for the Administrative Committee, reported the bills were recommended for payment. Motion by James Wright to approve the payment of the bills, second by Jim Hovland. Voice vote, motion carried.

General \$108,177.60
Library 11,572.19

TID #2 57.50
Sewer 35,823.13
Water 16,082.55
\$203,446.12

A/P Ck #43843-43964

PR/P Ck #84688-84845

Jim Hovland, Representative for the Plan Commission, reported on the July 28, 2015 meeting. The CSM for Gerald and Janice Koch was given a favorable recommendation. The sign requests for Kewaskum Citgo and Prairie Gardens Condo Association were reviewed and approved. The banner request for Kiwanis was also approved.

Dave Spenner, Representative for the Library Board, reported the Kewaskum Library is currently understaffed and this will need to be addressed at budget time. Jim Hovland, Representative for the Mid-Moraine, announced the next Dinner Meeting will be hosted by the Village of Saukville on August 26, 2015.

The retaining wall on Silver Fox Drive North was discussed. The landscape cannot be graded to eliminate the need for a retaining wall. Due to the slope of the landscape the retaining wall will need to be installed. If the wall is replaced then there will be room for a sidewalk. The options

reviewed were a block wall or a stamped poured concrete wall. The retaining wall will be the homeowner's responsibility after installation.

Ben Propson reported on the Compliance Maintenance Annual Report. Issues addressed in the report is the discharge into the Milwaukee River, exceeding the permit on chlorides, the financial obligations of the Sewer Utility and the maintenance of the collection system. While the sewer utility satisfies the CMAR criteria for good financial status discussion reviewed the annual challenge for the utility to pay its debt. Motion by James Wright to adopt Resolution #2015-07 Compliance Maintenance Annual Report (CMAR), second by Jim Hovland. Voice vote, motion carried. (Vol. R4, pgs. 1564-1570)

Motion by David Spenner to approve a .5% wage increase for the Administrator position due to the performance evaluation, second by James Wright. Voice vote, motion carried.

David Spenner reported on the Administrative Committee review of the wages for the Clerk, Treasurer and DPW laborers positions. A comparison with surrounding communities was reviewed and it was determined the DPW laborers are \$2-\$3 below the average, the Clerk and Treasurer positions are \$4-\$6 below average and Kewaskum was atypical to offer clothing allowance to administrative positions and extra pay for longevity. President Scheunemann noted with the recent reduction in staff these positions were given additional duties. Motion by Jim Hovland to set the DPW laborers wage at Grade 9, Step 5 and to set the Treasurer and Clerk positions at a Grade 10, Step 5 effective July 1, 2015, second by James Wright. Voice vote, motion carried.

Motion by David Spenner to schedule one September Village Board meeting for September 14, 2015 due to the Labor Day Holiday, second by Richard Laubach. Voice vote, motion carried. Motion by Dave Zehren to ap-

prove the request by Gerald and Janice Koch for approval of a Certified Survey Map to join lots 34 and 35 in the Woodland Creek Subdivision located at 589 Emerald Pointe (V4-0003-039) and 579 Emerald Pointe (V4-0003-038), second by Jim Hovland. Voice vote, motion carried.

Motion by James Wright, second by Jim Hovland to approve the issuance of operator's licenses for 2015/2016 licensing year as listed below. Voice vote, motion carried. No objections were noted by the police department.

Dethluff, Amy B Kewaskum, WI

Meyer, Susan Kewaskum, WI

Mendoza, Joyce Waterford, WI

Pavliak, Karen West Bend, WI

Motion by James Wright to adjourn at 7:55 p.m. into Closed Session pursuant to Section 19.85 (1) (e) Wis. Stats. deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session authorized by sec. 19.85(1)(e), Wis. Stats. Specifically to be discussed is the land lease for an entrance sign. The Closed Session will be attended by the Village Board, Administrator and Clerk, second by Jim Hovland and carried by roll call vote. Laubach-aye, Knoebel-absent, Zehren-aye, Scheunemann-aye, Spenner-aye, Wright-aye, Hovland-aye. (6-0-1)

The Village Board convened into Open Session at 8:25 p.m.

Motion by David Spenner to adjourn at 8:26 p.m., second by James Wright and carried by roll call vote. Laubach-aye, Knoebel-absent, Zehren-aye, Scheunemann-aye, Spenner-aye, Wright-aye, Hovland-aye (6,0,1)

A different kind of CBRF DAYBREAK, INC.

We are looking for kind-hearted, hardworking people!

We strive to make a difference in the lives of our clients. It is our goal to teach, support, grow, and encourage. We practice gentle yoga & mindfulness meditation. We promote good health & eating habits with our "Daybreak Gardens" horticultural program. We teach our clients an important skill; growing their own food & learning how to preserve what is grown. We teach the skills needed to perform a real life job by participating in area Farmer's Markets, and selling what is grown at their roadside vegetable stands. We offer a competitive wage with benefits including: two weeks paid vacation after first year, earned sick days, paid holidays and holidays worked paid at premium rate; \$600 a month pretax medical expense benefit for full time employees.

If you hold these skills: Patience, Kindness, Leadership, & Loyalty, Please Call 920-904-3998

We prefer a CBRF certification and experience in the mental health field but will train the right person. Check our website out at DAYBREAKGARDENS.ORG & like us on facebook: facebook.com/daybreakgarden

Guest Editorial: Advancing Manufacturing To A First-Round Draft Pick

For many students looking to enter the workforce, picking a career path follows a similar pattern to sports teams drafting players. The job that meets the most of their interests becomes the first-round pick, and all subsequent jobs take a step down the selection ladder.

At first glance, this seems like a sound process. But what's dangerous about this scenario is overlooking many career paths that may be unknown or misperceived, yet meet or exceed job seekers' interests and goals.

Manufacturing is one such career that's sometimes labeled as undesirable due to perceptions carried over from past generations. However, the myths of manufacturing offering low pay, dark and dirty environments, and little challenge or technology couldn't be further from the truth in today's manufacturing facilities.

Manufacturing plays a crucial role in the U.S. economy, yet across the country there is a shortage of both interest and talent in filling many much-needed positions. According to the National Association of Manufacturers, manufacturing alone makes up the ninth-largest economy in the world, and accounts for 12 percent of the U.S. GDP. This source also cites average U.S. manufacturing earnings exceed \$77,000 per year for pay

and benefits. Wisconsin's Sixth Congressional District alone, where Kondex is proud to call home, ranks third in the nation for its manufacturing employment reaching 80,000 jobs. But without the talent and resources to keep manufacturing growing, these numbers will quickly decline.

The manufacturing environment has greatly improved from stereotypical perceptions. Safety, comfort, and technology play a large role in manufacturing productivity and profits. Production areas are well-lit, clean, climate-controlled, and technology is found throughout these facilities. From tablets and PCs used on plant floors, to advanced quality control devices and production equipment, manufacturing simply could not operate without technology in today's fast-paced, continuous improvement culture.

With many career and cross-training options available, the myth of all manufacturing jobs being monotonous is also false. Highly skilled machinists, welders, mechanics, and quality assurance personnel are producing a variety of products while managing varying timelines and customer requirements.

In addition, supporting engineering, project management, sales, and customer service positions continually seek out new innovations, designs, and

process improvements. In short, there is never a dull moment in manufacturing.

Of all the manufacturing perceptions, the one that still holds true is also its greatest benefit: the pride that comes from being part of the team standing behind the Made in America labels. This sense of purpose and impact beyond corporate profits is one of the most sought-after qualities of new job seekers.

Those of us influencing career decisions need to be mindful of the many opportunities and advantages manufacturing offers. Take a closer look at manufacturing, tour its businesses, and change perceptions. Together, we can advance manufacturing to a first-round draft pick.

Kondex, a manufacturer of cutting and wear-resistant components, uses new technologies to improve product life by 2-3 times and manufacturing innovations to strengthen product functionality. For our OEM customers, this elevates market share; for end users, it extends the life of their machinery. With the majority of our products agriculturally based, these efforts support our mission of helping to feed and fuel the world.

For additional information, please visit www.kondex.com.

Support Red Fridays.org

The mission of RedShirtFridays.org is to show support for our servicemen and servicewomen. We care only about making our support of our servicemen and servicewomen known to our fellow Americans and the world. We are a silent majority that does not wish to remain silent anymore. We wish to let our servicemen and servicewomen know we support their sacrifice and that we will not forget them; we will do this by wearing red every Friday.
