Pool Or Splash Pad? – Committee Considers Replacing Swim Pond At Kiwanis Park

By Anne Trautner

The swim pond in Kiwanis Park may one day be replaced with either a new pool or a splash pad.

Those are two of the scenarios that a pool committee is considering for the swimming pool in the Village of Kewaskum.

The committee was formed after the Kewaskum Village Board became concerned with dropping attendance at the pool last summer. That, coupled with the \$50,000 the village spends on the pool each year, made trustees question whether they should make changes to the pond.

“The board is kind of wrestling with: Is this a good way of spending taxpayer money if attendance is dropping?” Village

Administrator Matt Heiser said.

One way to raise attendance is to invest in the facility and make it more appealing, Heiser said. So, the village contracted with Burbach Aquatics to see how the pool could become a more meaningful amenity for the village.

Continued on Page 14

What Do You Think?

The pool committee is looking for input from the community. To voice an opinion on whether the swim pond at Kiwanis Park should be converted into a pool or splash pad, email Village Administrator Matt Heiser at mheiser@village.kewaskum.wi.us.

Kewaskum Native Gets Turkey Grand Slam

By Anne Trautner

Claude Johann, a Kewaskum native, has made it to the big leagues of turkey hunting.

Johann recently achieved a grand slam, one of the great feats of turkey hunting. This accomplishment consists of harvesting all four subspecies of wild turkeys in the United States: the Eastern, Osceola, Rio Grande and Merriam's wild turkeys.

Johann, 73, began hunting Eastern wild turkeys in Wisconsin about 15 years ago.

In 2014, he went hunting with his friend Dave Seyfert in Nebraska, where both hunters bagged a Merriam turkey. That is when Johann decided he wanted to go for the full grand slam.

“I had read stories in sport magazines about people who have gotten a grand slam,” Johann said. “After we got the Merriam turkey, I thought, ‘We are going all the way.’”

So, the next year, the two hunters, who both currently live in Eagle River, traveled to Florida. Johann got an Osceola there, but Seyfert came up empty-handed.

Then, this past April, the duo traveled to Texas and stayed with Seyfert's son. Again, Johann was successful and shot a Rio Grande, while Seyfert was not able to land a turkey.

Johann's favorite part of hunting turkeys is the quiet.

“You spend a lot of hours just sitting and being quiet,” Johann said.

Johann also likes the thrill of trying to lure the turkeys out in the morning.

“They roost in the trees, and before they come out of the tree, they gobble. That's fun just to listen to the different gobbles,” Johann said.

Turkey hunting has also provided a venue for Johann to spend time with his daughter Leann Karoses, who lives in Kewaskum.

The two of them started

going on annual turkey hunting trips about six years ago.

“We sit in the same tent together and we can talk and laugh and bond. So we have a good time,” Karoses said.

Usually either Johann or Karoses, who still lives in Kewaskum, shoots a turkey. This year, though, they weren't as lucky in their home state.

Johann thought he was going to be successful when he was hunting in Wautoma about two weeks ago when a gobbler came by his decoys.

Johann aimed his gun, pulled the trigger, and the gun went “click.”

“I thought I had a bad shell, so I looked and it was good,” Johann said.

So Johann put in another shell and shot again. And once again, the gun “clicked.”

The firing pin in the shotgun had failed.

And the twice-lucky turkey got away.

Continued on Page 13

Leann Karoses and her father, Claude Johann, sit with Eastern wild turkeys they harvested in Wisconsin. The two have been turkey hunting together for the past six years.

WASHINGTON COUNTY SHERIFF'S OFFICE REPORTS

Fourth Offense OWI

A 32-year-old Town of Addison man was arrested for fourth offense felony OWI after being stopped for driving without headlights on and weaving onto the gravel shoulder on May 16 at 11:57 p.m. on County D. He was arrested after failing sobriety testing. The driver did not have insurance and was revoked for previous OWI convictions. Four citations were issued: OWI fourth, Operate after Revocation Criminal, Operating without Headlamps and Operating without Insurance. The case is open pending blood results, but initial tests had him at 0.19.

Structure Fire

On May 16, authorities were called regarding a fully engulfed structure at 7145 County Trunk O at 11:27 a.m. The single family two-story structure was unoccupied at the time of the fire and was in the process of being vacated. The fire-fighting efforts forced the closure of County Trunk O for a period of approximately three hours.

The following fire departments responded to the scene to fight the fire; Hartford, Ashippun, Woodland, West Bend, Merton, Stone Bank, Slinger, St. Lawrence, Lebanon, Neosho, Richfield fire departments. Also assisting was Lifestar Ambulance and the Dodge County Sheriff's Office. There were no reported injuries to fire personnel as a result of the fire.

The fire remains under investigation by the Sheriff's Office and there has not been a dollar amount of estimated damage determined.

Disorderly Conduct/ Pointing and Aiming

The Sheriff's Office was dispatched to Jug's Hitching Post located at 5781 Main St. in Kohlsville in the Town of Wayne on

Friday evening at 11:23 p.m. on May 15 for a report of an argument that occurred in the parking lot.

The argument resulted in one suspect pulling a handgun on the victim. While squads were responding to the scene, it was determined the suspect already left the premises and the victim, a 21-year-old Eden man, left the scene and was reporting the incident from his home.

Investigating deputies were able to develop a 29-year-old Fond du Lac man as a suspect. The victim reported to investigators that during the argument the suspect pulled a handgun on him and pointed it directly at his head from about 1.5 feet away. About four hours later, Fond du Lac County Deputies located the suspect at his residence with the vehicle in question. A search of the vehicle resulted in the seizure of a small framed semi-auto pistol consistent with the victim's account of events.

The 29-year-old man was turned over to Washington County where he was brought to jail on charges of disorderly conduct while armed and reckless use of a weapon.

Disorderly Conduct

On Sunday, May 15, at 2:29 a.m. the Sheriff's Office responded to a residence on the 6700 block of Yellowstone Trail in the Town of Addison for a family trouble complaint. Upon arrival deputies made contact with a 35-year-old male who was just released from the Washington County Jail 18 hours beforehand.

He had just completed serving a six-month sentence. The man was still on probation, and one of the requirements was absolute sobriety. When deputies contacted the suspect he had a blood alcohol level of 0.32. The subject was arrested and taken back to jail for that probation viola-

tion.

Domestic/Substantial Battery/Bail Jumping

The Sheriff's Office is currently investigating a substantial battery domestic incident that occurred on May 14 at 1:29 a.m. The victim, a 25-year-old Town of Trenton woman, had her jaw broken in two spots. The suspect fled the residence and charges will be requested against him. The investigation continues as well as efforts to locate the known suspect to take him into custody.

Criminal Trespassing Investigation

On Tuesday, May 10, at 9:26 p.m., the Sheriff's Office responded to the 6200 block of Esker Park Court in the Town of Trenton for a criminal trespassing/burglary complaint that had just occurred. The 36-year-old homeowner was working in his attached garage when a white male opened the back service door and peered inside. The suspect and victim briefly made eye contact and the suspect fled the area on foot. The Sheriff's Office saturated the area with patrol cars but was not able to locate the suspect. A detective was also called in to process the scene.

During the initial investigation, the homeowner provided investigators with a description of the suspect and he also had phone contact with his ex-wife, a 33-year-old Saukville woman. She advised that the suspect matched the description of her ex-boyfriend. The ex-wife indicated her ex-boyfriend, a 38-year-old South Milwaukee man, had demonstrated unreported abusive/domestic type behavior that occurred at her Saukville residence approximately three weeks ago.

Although the Town of Trenton homeowner was not certain he could positively identify the suspect based on the glimpse of him, the Sheriff's Office requested South Milwaukee Police Department to make contact with the 38-year-old man based on the information from the ex-wife of the victim. The intent was to interview him regarding his whereabouts earlier in the evening. On May 10, the Sheriff's Office also requested that South Milwaukee Police Department photograph the clothing he was wearing. South Milwaukee Police made contact with the suspect and he adamantly denied being in Washington County that evening.

Concurrently, during this request to the South

Milwaukee Police Department, the Sheriff's Office investigators encouraged the ex-wife to report the most recent abusive/domestic type incident to the Saukville Police Department. She subsequently contacted the Saukville Police Department to report that incident based on the Sheriff's Office recommendation that evening.

Wednesday morning, May 11, Washington County investigators were still actively investigating the case and attempted to re-contact the suspect after speaking with the suspect's probation officer and the ex-wife of the trespassing victim again. The Sheriff's Office was later notified that the trespassing suspect was involved in an armed standoff in the Village of Grafton that night.

Washington County Sheriff's investigators continue to investigate the case.

Armed Robbery

The armed robbery suspect that was shot and killed by Milwaukee Police during a foot chase on May 5 has criminal ties to Washington County. Milwaukee Police indicated in a previous statement that Burt T. Johnson, a convicted felon, robbed an auto parts store in the area of 76th Street and Mill Road on the evening of Thursday, May 5. A Milwaukee police officer observed Johnson wearing a mask and running away from the store. An armed confrontation ensued that left one officer injured and Johnson dead.

On Nov. 14, 2006, the Washington County Sheriff's Office responded to the 5700 block of Cedarview Drive in the Town of Addison for a report of a suspicious individual asking for directions to Oshkosh. Responding deputies located the suspect vehicle parked at nearby residence in 5700 block of Hillcrest Drive. A neighborhood canvas by responding deputies revealed two nearby homes were recently burglarized. A subject on foot, later identified as Burt T. Johnson, was taken into custody at Addison Station 90 minutes later. He was arrested for armed burglary. At the time of his arrest, he told the officers that he did not commit any burglaries before deputies even mentioned why he was in custody.

Johnson also was booked into the Washington County Jail on Sept. 29, 2006, for possession of burglarious tools as a result of a Germantown Police investigation.

LETTERS TO THE EDITOR

Dear Editor,

Now that we have the Kewaskum school survey in hand, we have the opportunity to see just what the school board and administration wants to build, and how much money they want to do it.

First off I think we need to make the distinction between the true needs of the schools and what is a "wish list." The needs of the schools to fix the roofs or HVAC or things of that nature can be determined and repaired/ replaced if the need is there. Basketball courts, new kitchens and cafeterias don't affect learning and may be nice to have, but not necessary to the school.

Demographic trends for the county and the Town of Kewaskum show no growth in school-age children and teens for the foreseeable future as can be seen on the state's web site of population projections, so the need for increased space is not a concern for the future. The only growing demographic is the elderly, many on fixed income for who an increased tax burden would be harder to manage. In my mind, that leaves us with the decision as to how much debt are we taxpayers willing to take on for things that are needs or just would be "nice to have."

The analogy used in the survey of the district paying off the present debt being like a homeowner paying off the mortgage is flawed. The homeowner in most cases would celebrate paying off the mortgage and not go out and take on one twice as big for twice as long upon completion of the first.

The survey is worded in a way to make it sound easy and painless to tax ourselves \$32 million and also makes it hard to say no to questions... who could possibly say no to increased security for our children? And what are the ongoing hidden costs of these additions? Increased utilities, maintenance, staffing? And what about later when the town needs increased tax money for infrastructure needs, we may be wishing then that we had payed off the current debt and not taken on more for things that are unnecessary for the schools.

We have a student in high school and not once in all his years in school has he complained of crowded classes, noise from the band room, feeling unsafe, having to walk outside to get to another building, or being too hot or too cold in school. The school may be 40 years old but many students live in houses in town or on farms that are far older than that, and require periodic maintenance and upgrades, and the school is no different. I think that the board needs to go back and break down the individual needs of each school to see what truly needs replacing and what can be repaired, and come back with a more detailed plan for each.

For the first time in my life, over the last couple years I have not had to look with dread at the real estate tax bill that arrives in the mail in December, I no longer fear yearly increases in my taxes and I would like it to stay that way.

Tony Balistreri

Dear community,

In the Kewaskum school district, there are many wonderful employees. As a Kewaskum graduate of 2015, I can tell you many employees often went beyond education to improve the lives of their students and the community.

During my educational career in Kewaskum, I noticed something very concerning to me. Many employees leaving and they continue to leave. As I attended the May school board meeting, one name on the resignation list appalled me. Her name is Connie Fitzgerald, a Kewaskum middle school teacher.

She was a key example of why kids have pride in their schools and community. She would always be there to help students before and after school. It was obvious to me that her goal was to give children the best education and make sure today was brighter than yesterday.

As we say goodbye to yet another wonderful educator and professional I just can't stop thinking why? Why do we continue to lose great educators who are here to make a difference in our community and children's lives?

We have a student in high school and not once in

Sincerely,
Bradley A. Petersen

**THE NEWS OFFICE
WILL BE CLOSED ON MAY 30.
EARLY DEADLINE IS FRIDAY,
MAY 27 AT 2 P.M.**

KEWASKUM POLICE REPORTS

Burglary

On April 19, the Kewaskum Police Department responded to a reported burglary at a residence on Fond du Lac Avenue. Investigation revealed that forced entry was made into the front door of the residence. It was apparent that the burglars were looking for something very specific. Stolen from the residence was a laptop, TV, cash and a handgun. The victim also was arrested on an outstanding warrant and transported to jail.

Trespassing

On April 20, the Kewaskum Police Department responded to a trespassing complaint at a residence on Fond du Lac Avenue. Investigation concluded that a male and female were squatting in the residence illegally. There is

no electricity or running water in the residence and the couple were entering through a second story window. They were arrested for Criminal Trespassing and Bail Jumping.

65th Offense Of Operating After Revocation

On April 24, the Kewaskum Police Department stopped a vehicle for a burned-out headlight. The driver was issued a citation for Operating after Revocation - his 65th offense. The driver told the officer that he will "drive whenever I want." He was issued citations for OAR (65th offense), No Motor Vehicle Insurance and Operating without Carrying a License.

The driver's vehicle was towed from the scene.

Is Your Identity At Risk?

– Free Shredding Event May 20, 3 p.m. - 6 p.m. In Kewaskum

Every home has paper information that requires secure destruction. At some point, every person has the need to dispose of confidential information. You cannot control your personal information once it is given out, but you can control who you give personal information to and the personal information in your home. It is a good idea to do this on an annual basis.

Identity theft is one of the fastest growing crimes. Identity theft is a multibillion dollar industry that is used to fund organized crime. One or two pieces of personal information from your garbage is all that is required to steal your identity or financial security. It could be a credit card receipt, address label from junk mail, account numbers, a social security number, employee pay stubs, identification cards, pre-approved credit card applications, ATM receipts, utility bills, report cards or other documents containing personal information.

Identify theft affects over 12 million people yearly in the United States. That means 1 in 3.7 Americans will be the victim of identity theft in their lifetime. Most identity theft information is obtained through hard copy paper sources. Someone could find personal information that can cause you harm. Most identity theft is committed by people who are close to us, including family and close friends.

Every step that occurs once your trash leaves your control on the way to the landfill has risk. Once information ends up in a dumpster, it legally becomes fair game to anyone who finds it. Recyclers have no fiduciary responsibility to insure the security of paper in their control.

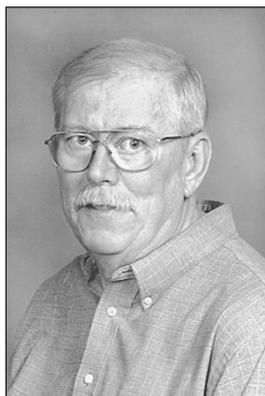

Your biggest question when thinking about identity theft is "What can I do to protect myself from identity theft?" Protect personal information from prying eyes. Protect personal papers in the home. Shred all personal infor-

mation before it goes into the garbage. These are by far the easiest things that one can do to protect himself/herself. Other steps include: keeping passwords on your computer, locking up sensitive documents, not using your mailbox to mail things, being careful with your credit card number and buying identity theft coverage through your homeowner's insurance policy.

Recycling one ton of paper saves 17 trees. Protect your identity and the environment by participating in the shredding event on May 20, from 3 p.m. - 6 p.m., in "The Silbernagel Group" parking lot. You can watch your items being shredded on site. This is a free event hosted and paid for by The Silbernagel Group at 114 Main Street, Kewaskum. No registration is required. Staples, rubber bands, paper clips do not need to be removed from the materials before bringing it to our parking lot. Bring all documents that need to be shredded. It would be nice if you also brought some peanut butter and jelly. The peanut butter and jelly will be used to promote childhood nutrition during the summer meal gap for many children in our community.

The Silbernagel Group hopes to see you there. If you have questions about obtaining identity theft coverage, call the Silbernagel Group at 626-8892. Act and reduce your risk of having your identity stolen.

OBITUARIES

Glenn E. Anderson

Glenn Eugene Anderson, age 65, of Tn. Wayne, passed away on Monday, May 9, 2016, at Kettle Moraine Gardens in Kewaskum.

Glenn was born the son of Lloyd and Arlene (Jensen) Anderson on July 30, 1950 in Waupaca.

He was a 1968 graduate of Waupaca High School. Glenn was a tool and die maker for John Deere for over 25 years until his retirement.

He was a member of Salem United Church of Christ, in Wayne.

He enjoyed wintering in Panama City Beach, FL. Glenn also loved the time spent with his family and his grandchildren especially attending their sporting events.

Survivors include his children: Ted (Ann) Anderson of LeRoy and Todd Anderson of West Bend. His mother, Arlene Anderson of Waupaca. His special friend, Sharon Larsen of Kewaskum. His grandchildren, Aaron Anderson, Nathan Anderson, Brad Anderson, and Danielle (fiancé Charles Rochwite) Stern. His sister, Pat (Ed) Vedejs of Madison. His brother, Fred Anderson of Plover. Further survived by nieces, nephews, other relatives and friends.

He was preceded in death by his father Lloyd Anderson.

The visitation was at Salem United Church of Christ in Campbellsport (Wayne) on Friday, May 13, from 11 a.m. until 1 p.m.

A funeral service followed at the church on Friday, May 13 at 1 p.m. the Rev. Ruth Hansen officiated and a luncheon followed at the church. Burial took place at Lakeside

Memorial Park in Waupaca on Sat., May 14. Koepsell Funeral Home and Cremation Services in Mayville is serving the family. Online condolences may be made at www.koepsellfh.com.

Jeannette E. "Jeanne" Backhaus-Moe

Jeannette E. "Jeanne" Backhaus-Moe, 93, of Kewaskum, passed away on Saturday, May 14, 2016, at Kathy Hospice in the town of Polk, with her family at her side.

Jeanne was born on February 7, 1923, in Wautoma, the daughter of the late Chester and Beatrice (Douglas) Wilcox.

On April 20, 1946, she was united in marriage to Howard Backhaus in Berlin. Howard passed away on July 13, 1972.

On March 29, 1980, Jeanne was united in marriage to Philip Moe at St. Lucas Evangelical Lutheran Church in Kewaskum. Philip preceded Jeanne in death on December 27, 2003.

Jeanne was a member of St. Lucas Lutheran Church in Kewaskum where she was involved in the Ladies Guild. She was also a member of Washington County Retired Educators, Delta Kappa Gamma - Alpha Beta Society, an honorary member of the Kewaskum Women's Club, and the Washington County Historical Society.

Jeanne attended grade school at Raymond Rural School, High School at Dafoe High School in Wautoma, Waushara Teachers College and the UW Oshkosh.

She began teaching in 1941 at Sunnyside in Washington County. In 1944 she accepted a position at Kewaskum Elementary School, as a 7th and 8th grade teacher. In 1950, she retired temporarily to raise their three children until they were of school age. She then continued teaching until retiring in 1985.

Jeanne enjoyed her many years of teaching and her healthy active years of retirement. The retirement years passed quickly doing voluntary work at St. Joseph's Hospital and the Kewaskum library board. She enjoyed playing bridge, gardening, genealogy, traveling, and most of all being with her family and grandchildren. She will be missed by all who were blessed to know her.

Those Jeanne leaves behind to cherish her memory include three children, Jody (Harry) Krueger of Kewaskum, Ann (Gary) Schneider of West Bend, and Lyn (Vonda) Backhaus of Tomahawk; six grandchildren, Chad (Debbie) Krueger, Erin (Jason) Olsen, Jason Schneider, Matthew (Heidi) Schneider, Kaitlyn Backhaus (special friend, Scott Wishart), Kortney Backhaus (fiancé, Joe Pilecky); nine great grandchildren; three sisters-in-law; nieces, nephews, other relatives and friends.

In addition to her two husbands and parents, Jeanne was preceded in death by her four brothers; a sister; four brothers-in-law and four sisters-in-law.

Funeral services for Jeanne will be held at 1 p.m. on Saturday, May 21, at St. Lucas Evangelical Lutheran Church in Kewaskum. Rev. Troy Swenson will officiate and burial will follow at Lutheran Memorial Park in Kewaskum.

Jeanne's family will greet relatives and friends at the church on Saturday from 10 a.m. until the time of service.

Memorials to St. Lucas Evangelical Lutheran Church Building Fund or to KEYS are appreciated.

The Myrhum Patten Miller and Kietzer Funeral Homes have been entrusted with Jeanne's arrangements. Additional information and guest book can be found at www.myrhum-patten.com.

The family extends their heartfelt appreciation to Kathy Hospice for the care provided to Jeanne.

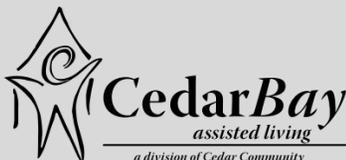

A decision the whole family will feel good about ...

Cedar Bay Assisted Living!

"I am so glad I made the decision to move to Cedar Bay Assisted Living on my own instead of waiting too long and my children having to make it for me. All four of my children couldn't be happier for me. I am glad I am here. It's a change and an adjustment but a good decision," said Juanita.

Call 262.306.4299 to learn more about why Juanita chose Cedar Bay Assisted Living.

DAYS GONE BY

5 Years Ago May 19, 2011

KHS students celebrated prom with A Night Under the Stars.

St. Lucas students in the fourth, fifth, sixth and eighth grades tested 100 percent in the proficient and advanced categories in Math and Reading.

Andrea Boehlke ends her Survivor Story. The 21-year-old soon-to-be college graduate from Random Lake dairy farm who placed in the top five on the show that wrapped up Sunday, is getting recognized even by actors in New York, where she is spending the week with her theater class.

A daughter, Halle Lynn, was born to Tim and Jill Kleiber, of Waldo, on March 23.

Beatrice R. "Beats" Manthei, 81, of Kewaskum, died May 11.

Clara M. Kempf, 99, of Beechwood, died May 15.

Gerhard C. Firme, 92 of Batavia, died May 14.

Mildred R. "Millie" Donahue, 77, of Kewaskum, died May 13.

15 Years Ago May 17, 2001

Drug paraphernalia found in KHS student's car.

The KHS music department will hold its annual outdoor concert at River Hill Park in Kewaskum.

West Bend Police Department hosts Law Enforcement Memorial.

School releases results of start day survey.

Erik Backhaus of Kewaskum will make an appearance on the Lottery Money Game Show, with a chance to win \$50,000.

Daughters, Valerie Marie and Alexis Ann, were born to Julie and Jeff Czerniak, of Kewaskum, on May 5.

25 Years May 23, 1991

Gloria Hass of Kewaskum was all smiles on her way to winning \$3,850 on the Money Game Show.

The Kewaskum Fire Department and American Legion announce the theme for the annual parade held in July as "A

Special Thanks to all Our Troops."

Dr. Robert Butler has taken over the chiropractic practice of Dr. D.L. Rumsey who retired in April. Dr. Butler and his wife, Ruth, have purchased the Rumsey office and home at 1554 Fond du Lac Ave, Kewaskum.

Kiwanis students for the month of May were Amy Chesak and Angie Clements.

Jenny Degnitz has been awarded the East Central Select Sires Cooperative Scholarship for the 1991-92 year.

Charles Metz was student of the month for Kewaskum High School.

Raymond J Ross, 79, of Kewaskum, died May 9.

50 Years May 20, 1966

Roger Mertz and Jeanne Reindl are the Kewaskum Community High School 1966 winners of J.O. Reigle scholarships, it was announced today by Regal Ware, Inc. The scholarships, each worth \$2,000, will provide the students \$500 per year during a four-year scholarship.

The nearly completed new addition to Wigwam Supper Club and Restaurant, was damaged at 8:50 a.m., Monday, when a four-wheel trailer towed by Walter Krueger, 48, Town of Auburn, unhitched and crashed into the front of the building. The tractor and trailer are owned by Farmco, Inc., of Kewaskum. The tractor was towing the trailer loaded with fertilizer south-bound when the pin on the spreader unhooked, and it broke away from the tractor. The trailer mounted the curb, veered into the building, ripping two holes in the front outer wall. An estimated \$1,000 damage to the new building resulted.

An early morning fire of undetermined origin last Friday destroyed a large shed, an automobile, 25 chickens and other small farm equipment stored in the building on the farm occupied by Murray McEwen about two miles west of Kewaskum on Hwy 28. The farm buildings and property are owned by Lloyd Backhaus of R2, Kewaskum. Firemen remained at the scene for almost two hours.

A daughter was born to Mr. and Mrs. Wallace Tolonen, R2, Kewaskum, Wednesday, May 11.

A son was born to Mr. and Mrs. Barry Murre, Kewaskum, Tuesday, May 17.

75 Years May 23, 1941

In a free hitting and loosely played contest at Adell Sunday, Kewaskum lost its first game away from home, 11 to 9, dropping the team from among the leaders. H. Marx started on the mound for Kewaskum and pitched the first four innings in which Adell got all of their 11 runs. He was nicked for nine hits in the four frames he worked, and three errors by his teammates

hurt the cause considerably. Honeck entered the game as relief hurler in the fifth, but it was too late to save the game although he did a good job.

Jos. Schmitt, assessor of the Town of Ashford, sustained serious injuries to his head Monday when a heifer he had loaded on a trailer bolted and threw him to the ground.

Old Time Dance at Gonring's, Big Cedar Lake, Sunday, May 25th. Music by Tony Salerna and his Gypsy Melodians. Admission 30c tax included. Everybody invited.

Attention brides and bridegrooms, Field Furniture Mart three-room household for \$159, 11-pc Living Room outfit including 2-pc living room suite, occasional chair, coffee table, reflector floor lamp, two pillows, wall shelf and mirror.

Dollar Sale at Felix Radio Service. Complete fishing tackle outfit \$1.00. Three 12 qt. dairy pails \$1.00. G and S Balloon Tire \$1.00. Gamble's standard floor paint, 2 qts. \$1.00.

100 Years May 13, 1916

George Bachman, aged 30 years and one month, suddenly passed away at the home of his parents on South Fond du Lac Ave., last Sunday, May 14th. Death being due to heart failure. Deceased was born on April 14, 1886, in the town of Wayne and came to the village with his parents, three brothers, Edward and Oscar, town of Wayne, William of this village and one sister Nora at home.

Matthew Hurt, the young Town of Ashford farmer who was seriously injured about two weeks ago when his clothing was caught in the shaft of a gasoline engine, died Friday evening. The unfortunate man suffered a skull fracture and was in a coma from the time of the accident until the final end came.

The Beechwood Advance Threshing Machine Co. completed threshing shed Monday.

Wm. Fick, New Fane, had a barn raising bee Thursday. He is putting a hip roof on his barn.

Thos. Byrnes, St. Kilian, received a new 1916 model Overland touring car from Schaefer and Sons of Kewaskum last week. John Beisbier received a new 1916 Ford touring car from Wm. Kippenhan of Wayne last week.

Herman Backhaus of the Town of Kewaskum was hauled into court last Saturday afternoon upon complaint of S. Marks, the charge being assault and battery, to which Mr. Backhaus pled guilty and received a fine of \$5 and cost.

Mr. and Mrs. Peter Hilbert Sr., Ashford, who had the misfortune to be injured in a run-away accident recently, are getting along nicely. Their friends hope to see them up and about soon.

Holy Trinity students in grades two through four learn about maple sugaring at Riveredge Nature Center.

Volunteer Days In The Northern Kettle Moraine State Forest In Haskell Noyes State Natural Area

Among the greatest conservation concerns today is the threat from invasive species that have the ability to overrun our native ecosystem and crowd out native plants and wildlife.

Native to Eurasia, garlic mustard is a biennial herb that made its way to North America in the late 1800s and is currently distributed in 37 states, including Wisconsin. Early settlers introduced this plant for cooking and medicinal purposes where it escaped from cultivation into the natural environment and began to spread from the East Coast.

Garlic mustard affects woodland forests and wildlife by displacing

undergrowth vegetation and monopolizing the entire forest floor in only a few years. It can thrive both in shade and full sun, upland and flood plains, along trails, roadsides and other habitats.

Please help to control the spread in one of the premier state natural areas, Haskell Noyes, in the Northern Kettle Moraine State Forest. Since it is the finest example of southern mesic forest in this part of the state, we need to make sure garlic mustard doesn't take it over and displace the abundant native wildflowers.

Two volunteer days will be held from 9 a.m. until noon on this Saturday,

May 21, and from 5 p.m. until 8 p.m. on Tuesday evening, May 24.

We will meet at the parking lot on County Road GGG just off of County Road SS east from New Prospect. If unable to come for the whole time, follow the main path into the forest and you will find us. Please wear long sleeves, sunscreen, hat and bring drinking water. Let's make a difference in our Kettle Moraine State Forest!

If you have questions, please call Connie at 920-533-8939.

Tools And Recommendations For Healthier Aging

The Alzheimer's Association will present a community workshop called "Healthy Living for Your Brain and Body: Tips from the Latest Research", on Wednesday, June 1 from 11:30 a.m. - 12:30 p.m. at the West Bend Community Memorial Library, 630 Poplar Street, in West Bend.

For centuries, we have known that the health of the body and brain are connected. But now, science is able to provide insights into how to make lifestyle choices that may help you keep your body and brain healthy as you age. Join us to learn about research in the areas of diet and nutrition, exercise, cognitive activity and social engagement, and use hands-on tools to help you incorporate these plans into a plan for healthy aging.

There is no cost to attend this program, and it is open to all members of the community. Registration is required, to register please contact Sarah Prohuska at 414.479.8800, 800.272.3900 or sprohuska@alz.org

The Alzheimer's Association is the leading voluntary health organization in Alzheimer's care, support and research whose mission is to eliminate Alzheimer's disease through the advancement of research; to provide care and enhance care and support for all affected; and to reduce the risk of dementia through the promotion of brain health. For more information about Alzheimer's disease or local services visit www.alz.org/sewi or call the Alzheimer's Association 24/7 Helpline at 800.272.3900.

Weekly HEALTH TIP

WEIGHT LOSS HELP

If you are trying to drop a few pounds, a new study suggests that drinking water before meals may help you lose more weight. Participants in the study were either in the water pre-loading group who drank 2 cups of water 30 minutes before eating or in a control group who were instructed to just "imagine" their stomachs being full. Both groups received advice on weight loss, diet and exercise. After three months, those who drank water before most meals lost an average of 5 lbs. and those who drank water before ALL three main meals each day lost an average of about 10 lbs. The control group lost an average of only 2 lbs.

Free Skin Cancer Screening Offered At St. Joseph's Hospital

Froedtert & the Medical College of Wisconsin St. Joseph's Hospital will hold a free skin cancer screening Wednesday, May 25, 6 p.m. - 8 p.m. at its Kraemer Cancer Center, 3200 Pleasant Valley Road, West Bend.

The screening is for individuals with no prior history of skin cancer who are not currently under the care of a dermatologist. Space is limited and by appointment only. Register by calling 414-805-3666 or 1-800-272-3666. Screenings will

include the examination of skin lesions such as moles, birthmarks and scaly patches for signs of cancer or precancerous conditions.

More than two million cases of skin cancer will be diagnosed this year in the United States.

Froedtert & the Medical College of Wisconsin St. Joseph's Hospital, founded in 1930 by local doctors, community leaders and the Sisters of the Divine Savior, is a full-service hospital serving residents of West Bend and

Washington County. St. Joseph's Hospital, specializing in women's health and birthing services, cancer care, surgical procedures and rehabilitation services, is part of the Froedtert & the Medical College of Wisconsin health care network, which also includes Froedtert Hospital, Milwaukee; Community Memorial Hospital, Menomonee Falls; and more than 30 primary and specialty care health centers and clinics.

Kewaskum High School Student Government To Sponsor Blood Drive

Blood Drive To Be Held At Kewaskum Middle School

The Kewaskum High School student government will sponsor a blood drive in the Kewaskum Middle School gym, located at 1676 Reigle Drive in Kewaskum, on Friday, May 27, 9 a.m. to 2 p.m.

To make an appointment, students can sign up during lunch with Lois Volesky or Lisa Hencsik. Community members can call 1-800-RED CROSS (1-800-733-2767) or visit redcrossblood.org and

enter sponsor code: kewaskum.

Donors can save up to 15 minutes when donating blood by using RapidPass. Visit redcrossblood.org/RapidPass for more information.

Wisconsin Department Of Natural Resources To Host Online Bear Chat May 19 At Noon

Those interested in learning more about bears in Wisconsin are reminded to join Wisconsin Department of Natural Resources experts for an online chat Thursday, May 19 at noon.

DNR staff will be on hand to answer questions ranging from homeowner tips to avoid bear conflicts to habitat and behavior.

Visit dnr.wi.gov and search keyword "chat" to submit questions and view responses from DNR experts. Here, you can also view past chats and sign up to receive email notifications.

To receive email updates regarding black bears in Wisconsin, visit dnr.wi.gov and click on the email icon near the bottom

of the page titled "subscribe for updates for DNR topics." Follow the prompts and select the "black bear" distribution list, found within the "hunting" category.

For more information regarding bears and safety, visit dnr.wi.gov and search keywords "bear."

3 Angels Color Burst This Saturday

The third annual, and final, 3 Angels Color Burst 5K Run/Walk will be held this Saturday, May 21.

It will start and finish at Drexel Building Supply on Main Street in Campbellsport. Participants will run/walk on the beautiful Eisenbahn Trail. Registration will begin at 7:30 a.m. and the race will start at 9 a.m.

If you have never participated in a Color Run, you are not going to want to miss this one. During a Color Burst, you run or walk 3.1 miles and at stations throughout the race, you are sprayed with colored powder. By the end of the race, most people are a rainbow of color from head to toe.

It is a lot of fun. Many

participants go all out with their outfits including tutus, colored and patterned knee socks and much more. White is recommended for your clothing color so you can see all the pretty colors you are splashed with. This is meant to be a fun event.

The run is open to all ages. Any children under the age of 10 will require supervision during the run/walk. Eye protection is recommended so you don't get the color in your eyes. Many also wear bandanas or use their shirts to cover their nose and mouth while the colored powder is sprayed on you.

To register at the event, the cost will be \$35 for individuals and \$30 each for a team.

All the money raised at this event will go toward the Community Memorial Gazebo at Mill Pond Park in Campbellsport. Construction of the foundation has begun on the gazebo and will continue this summer to complete the gazebo.

After the race, food and beverages will be available for purchase.

Registration forms are available in Campbellsport at the Campbellsport News office, Piggly Wiggly, the Village Apothecary, Reflections, Ty's Place, Drexel, the village hall, True Value and Schlaefter Optometrists.

For more information, call Kris (Adams) Cleveland at 920-946-1838.

Kewaskum Post Office Delivers Important Message About Dog Bites

They are on the streets everyday delivering America's mail, and during National Dog Bite Prevention Week, May 15-21, Kewaskum letter carriers want to deliver a special message to the community about working together to avoid the cost and pain of dog bites.

Last year, 6,549 postal employees were victimized by dogs. But that number pales in comparison to the more than two million children who received dog bite injuries in a single year.

"That's why we want to deliver this important message," said Kewaskum

Postmaster Hope Lewitzke. "Several of our letter carriers know firsthand about both the prevention and the pain of animal attacks, and we want to do whatever we can to help educate the community — especially parents and pet owners."

More than 4.5 million people are bitten annually by dogs. The American Veterinary Medical Association (AVMA) and the American Academy of Pediatrics (AAP) report that small children, the elderly, and letter carriers, in that order, are the most frequent victims of dog bites. Children are the

majority of victims and are 900 times more likely to be bitten than letter carriers.

"Dog attacks are the most commonly reported childhood public health problem in the United States," adds Lewitzke. "Dog bite victims account for up to 5 percent of emergency room visits."

The following tips will help people avoid being bitten by a dog and offer advice on how to be a responsible dog owner.

Don't run past a dog. The dog's natural instinct is to chase and catch you. If a dog threatens you, don't scream. Avoid eye contact. Try to remain

motionless until the dog leaves, and then back away slowly until the dog is out of sight.

Don't approach a strange dog, especially one that's tethered or confined.

While letter carriers are discouraged from petting animals, people who choose to pet dogs should always let a dog see and sniff them before petting the animal.

If you believe a dog is about to attack you, try to place something between yourself and the dog, such as a backpack or a bicy-

cle. How to Be a Responsible Dog Owner.

Obedience training can teach dogs proper behavior and help owners control their dog in any situation.

When the letter carrier comes to your home, keep your dog inside, away from the door, in another room, or on a leash.

Dogs can be protective of their territory and may interpret the actions of letter carriers as a threat.

Please take precautions when accepting mail in the presence of your pet.

Spay or neuter your dog. Neutered dogs are less likely to bite. Humane Society of the United States (HSUS) statistics reflect that dogs that have not been spayed or neutered are up to three times more likely to be involved in a biting incident than neutered or spayed dogs.

Dogs that haven't been properly socialized, receive little attention or handling, or are left tied up for long periods of time frequently turn into biters.

AREA CHURCH SERVICES

Kewaskum

GREAT FUTURES START HERE.

BOYS & GIRLS CLUBS
OF WASHINGTON COUNTY

As the final month of school comes around, the Boys & Girls Club of Kewaskum is getting ready for summer programs. This year we're expecting a large crowd of our local kiddos. This makes us happy because we have some great programs set for our kids.

During our summer program, we are open weekdays 12 noon to 5 p.m. from June 9 through July 1. During this time, the students are able to engage in activities in the various spaces which the school district has graciously let us use. You'll find the library is transformed into a games room where our kids can play air hockey, foosball, ping pong, carpet ball, board games and video games. We have an art cart loaded with art and craft supplies to keep our kids busy. We get use of the technology center where we have access to 30 computers for our kids to play on Club approved websites and to engage in small activities put together by our staff. From there, we also have use of the gymnasium and the outdoor recess area to let our kids get up and get active. It can be an organized game of kick-

ball or free-time on the playground.

So whether or not our kids are signed up for programs, they will always have something to do. But our programs are the staple of our summer. We have what we call life skill programs and sports programs. Our programs this summer include the following:

- Advanced Art
- Painting
- Food Art
- No-Bake Food Class
- Baking
- Cooking
- Creative Chem
- Rocket Science
- Basketball
- Soccer
- Golf
- Volleyball
- Dance
- Summer Brain Gain

We're beyond excited to get the summer going. On top of our programs, we'll offer two field trips a week for our members to participate in. We have field trips planned such as mini-golf, a trip to Shalom Wildlife, roller blading, and bowling. We're also finalizing a few other options this month prior to the start of the summer.

With summer talk in mind, it's important for me to recognize some of our community partners who are helping us out this summer. This includes Kelly Nerat and Hon-E-Kor Country Club for their partnership to help us put on our golf program. I also want to recognize Kate Korth, who runs Jazzercise Kewaskum, for putting on our dance program!

If there is anyone in the community reading this that feels that they can help us make an impact on our local youth, I invite you to consider volunteering at the Club. You can help us this summer with any of the programs we're offering, put on your own small activity based on a skill or area of interest you're passionate about, or you can simply hang out with our kids and put on small impromptu activities to keep our kids busy.

For any information on the Kewaskum Club, please give me a call at the Club! I would love to talk to you about getting your kids signed up, developing new partnerships, and finding volunteer opportunities for anyone interested!

Kewaskum School District Plans For Reduced Budget In 2016-17

By Anne Trautner

The Kewaskum School District is anticipating a decrease of about \$148,732 in its revenue limit for the 2016-17 school year.

Preliminary calculations show the revenue limit will be \$17,856,986, compared to this year's revenue limit of \$18,005,718, according to Julie Thoreson, business manager for the Kewaskum School District.

That amount is based on assumptions that there will be no changes in membership, open enrollment, property valuation or state aid.

If the per-pupil amount

that the district receives from the state remains the same as what it has been this year, there will be a net impact of \$148,732, Thoreson said.

The district's general fund will see a decrease of \$305,096. The current year's budget (2015-16) also included use of fund balance for \$168,787, which will actually result in a \$473,883 loss in budget revenues next year.

Expenditures in the general fund are expected to increase by \$283,752, Thoreson said. That amount includes wage increases with fringes, curriculum software, inter-fund transfer, property/casualty insur-

ance, common school funds and miscellaneous increases, she said.

To help reach a balanced budget, the district will eliminate 1.5 administrative positions next year for a savings of \$150,330.

Health insurance costs will decrease by \$100,248, and post retirement benefits are expected to go down \$101,000. Fuel surcharges will go down \$40,000, insurance/judgments will be decreased by \$31,962 and lease capitalization will go down by \$250,750. In addition, Transportation costs will be cut by \$8,425, and buildings and grounds expenses will go down \$29,965, Thoreson said.

Technology expenses will decrease by \$45,000, thanks to a grant that the schools received.

All of the figures are preliminary, and may change by the fall when the final budget is approved. Unknown factors include general state aid, categorical aids, membership count, open enrollment and staffing changes, Thoreson said.

Area students create artwork at the Kewaskum School District Gallery Night on May 4. More than 1,000 people attended the event.

Kewaskum School Board Approves Spending From Class-Action Settlement Claim

By Anne Trautner

Kewaskum School District's budget for the current year got a little boost when the district received a check for

\$103,448 as part of a \$4.9 million class-action settlement with the Wisconsin Education Association (WEA) Insurance Trust.

"It is now booked into this current school year. It precipitated some of the things we needed and allowed us to take care of some of the things we needed to take care of," Kewaskum School District Superintendent James Smasal said.

The lawsuit, which was filed in 2012, sought the recovery of federal funds distributed under a program enacted as part of the Affordable Care Act. WEA Trust had obtained several million dollars in the disputed funds by using health care claims data for early retirees of the class member school districts and then refused to pay the funds to school districts that moved their insurance business to WEA Trust's competitors.

The settlement involved 141 Wisconsin school districts. Kewaskum was one of 12 school districts to receive individual payments of more than \$100,000.

At its May 9 meeting, the school board approved coupling the money with funds already in the current budget to purchase technology devices for students and to pay off a fleet lease vehicle purchase agreement for the district's vans.

The district will use \$54,335.94 to purchase Chromebooks and charging stations for students in

the high school and middle school.

"This will make a huge difference. It will help us reach our goal of two-to-one [student to technology device ratio] status across the district," said Tiffany Wilson, technology integration specialist for the school district.

The district is currently at a one-to-one ratio for student devices at the i4Learning Community School because of a charter school grant, and is at a two-to-one ration for students with technical devices at Kewaskum Elementary and Farmington Elementary because of purchases made this year.

"This new purchase of Chromebooks will cover the middle school and high school language arts and social studies," Wilson said.

Some subjects, such as math and science, require some subject-specific capabilities that Chromebooks don't offer, Wilson said.

The remainder of the insurance settlement money will go toward prepayment of the lease for the district's fleet of vans. The prepayment of \$177,722.31 will save the district \$10,340.

"This is great situation here. We are able to completely replace our entire fleet in October of this year instead of following a four-year path," Kewaskum School Board President Troy Hanson said.

The News Office will be closed on Monday, May 30 for Memorial Day.

Early deadline is Friday, May 27 at 2 p.m.

Abuse In Kewaskum High School

By Lauren Vogt

—All students names have been changed for the purposes of this article

"I don't get why you're so stupid." "It's all your fault," "I do this because of you," "I hit you because it's the only way you'll listen to me."

These are the reasons Maggie's ex-boyfriend used when he hit her or fought with her. A lot of the abuse she experienced in the year they were together was physical as well as emotional, and even now that it's over, she is still dealing with it every day.

Abuse happens every day. According to Dosomething.org, 1.5 million teens admit to being intentionally hit by romantic partners. One in three high school students will be (or are in) an abusive or unhealthy relationship. Along with that, women between 16 and 24 are three times more likely than all others to be abused in an intimate relationship. Unfortunately most cases of domestic/relationship violence are never reported, according to the organization Safe Voice.

These are national statistics, however in Kewaskum High School five percent of teens answered on the Youth Risk Behavior Survey that they had been physically hurt by a boyfriend/girlfriend on pur-

pose, according to Kelly Pokrzywa. Mrs. Pokrzywa has been a school guidance counselor for six years. In that time, she estimates that she sees approximately five to 10 cases that could be classified as abusive every year. Most often these relationships concern older students who are in more "intense relationships." Pokrzywa revealed that when meeting with students she hears about more emotional abuse than physical abuse in high school.

While victims don't always want to admit, or don't even realize that their relationship is unhealthy, there are signs. Mrs. Pokrzywa revealed that the biggest sign she sees in students is a withdrawal from friends and things they once loved. Parents and friends often do not like their child's significant other. The best thing a student can do to get help in these kinds of situations is to go to a trusted adult. Maggie and Alice, the two students who were interviewed, have both talked to counselors about what they experienced, and seeking help with their unhealthy relationships.

In Alice's case, she dated her boyfriend for a year and a half. He was older than she was. Everything started normal, the abuse didn't start until four months into the relation-

ship, he would make mean and unkind comments to her. Things started to escalate when he would grab her or hit her to try and get his way. Alice stayed because she was afraid of him, and she thought that he would stop because she loved him.

Maggie also dated an older boy, he often grabbed her or pushed her inside school, and even in the driveway of her house. Maggie shared that while in her relationship she stopped seeing her friends because Tommy always wanted to just be with her, and he didn't like any of the people she enjoyed. He even encouraged her to pull away from her family and spend less time with them.

When she finally got the courage to leave the abuse didn't stop. It turned to stalking, and even grabbing her in the halls and throwing her phone. Tommy still went to the high school. He continued to follow Maggie around, spread rumors and lies about her, and even threatened her. He would call her, claiming to need help, or say he was going to hurt himself or hurt her. It's been over five months since their relationship ended, and she still deals with her abusive ex even now. She continues to block unknown numbers, or profiles on social media that she doesn't know in

Holy Trinity School students look at the blueprints that C.D. Smith Construction is using to build a new parish center for the Kewaskum church.

-photo submitted

case it's him.

Unfortunately, the most that can be done in cases like that of Alice and Maggie is that they can talk to a counselor. If they reveal the physical abuse then counselors are required to report it and authorities are then involved. However physical abuse is reported less than emotional abuse, and even that often can't be proven and turns into a "he said/she said." In school, there isn't much that can be done if the situation is a "he/she said."

Mrs. Pokrzywa suggested a few other things that can be done to separate problem students from each other by letting them leave class early or arrive late, changing class schedules, and informing other

teachers of what's been going on. If law enforcement has been involved then the school is required to follow the requirements they set.

Both girls revealed that previously in their lives they have dealt with other kinds of abusive relationships. This brings forth an interesting and unsettling statistic. According to the National Center of Victims of Crimes: "compared to that of women who have not been assaulted, the odds of a victims of assault or abuse experiencing a new assault over a two-year period double for women with one assault, quadruple for women with two assaults, and decuple for women with three or more prior victimizations." Along with this fact, revic-

timized women often experience a higher number of women who report depression, anxiety, and PTSD related symptoms.

It is important that people who know someone, or are someone currently in an abusive or unhealthy relationship of any kind, that they seek help from someone they trust. If you don't feel their is anyone who can help you, there are organizations set up for these particular cases. Safe Voices is an organization that works toward helping those experiencing domestic abuse, as well as Friends of Abused Families. Safe Voices has a 24-hour hotline at 1-800-559-2927 and can be reached through email at info@safevoice.org.

FEATURE BUSINESS OF THE WEEK

Tuttle Creek Learning Center, Inc.
 Tuttle Creek Learning Center, Inc. is proud to be in business for over 18 years. After purchasing the established center in 1997, Mike and Audra Beyer began molding the business, adding their own unique touches and continued the growing process to accommodate the communities changing needs. Over the past 15 years an infant, toddler and two year old room have been added to the already existing preschool room at the main site, as well as adding before and after school programs in Kewaskum Elementary School and Farmington Elementary School. They have been providing quality childcare for Kewaskum and the surrounding area for over 18 years, while continually improving and adding new features!
 Audra brings 27 years of experience to the business and the Administrator, Shelly Marx, brings 23 years of experience. Along with them, there are 10-14 employees depending on the time of year. Mike and Audra Beyer are supportive of their staff going back to school through funding in conjunction with TEACH.
 Thank you to all of the parents who have shared their precious children with us! We feel truly blessed to have met each and every one of you. We look forward to many more years of helping your children grow!

Kondex Recognition Dinner Celebrates Associate Contributions

Kondex Corporation recently held its 11th annual Service Recognition Dinner at the Golf Club at Camelot in Lomira.

This year, the company celebrated associates with milestone anniversaries of five, 10, 15 or 35 years. In addition to recognizing individual anniversaries, Kondex retirees and 25-Year Club members also

attended the banquet.

"We are very blessed and thankful for the dedication of our associates, whose efforts allow us to grow and expand our business," commented Kondex President Jim Wessing. "While we recognize associate contributions on a daily basis, this event allowed us to formally acknowledge the impact of individual contri-

butions while looking back at the advancements and memories made. We look forward to many more years of success with these and all of our Kondex associates."

Kondex, a manufacturer of cutting and wear-resistant components, uses new technologies to improve product life by two to three times and manufacturing innovations to strengthen product functionality. For the company's OEM customers, this elevates market share; for end users, it extends the life of their machinery. With the majority of our products agriculturally based, these efforts support our mission of helping to feed and fuel the world. For additional information, visit www.kondex.com.

Kewaskum School District Receives Technology Grant

By Anne Trautner

Next year, more students in the Kewaskum School District will benefit from technology in their classrooms.

The school district recently received word that it has received a grant for \$45,400 to support technology integration into its classrooms.

As part of the grant, the district must match it 100 percent with \$45,400 from the regular 2016-2017 budget.

The grant will cover purchasing SMARTBoard Interactive Displays and Juno recording devices that will help teachers capture their content instruction and share it with students/parents through Google Drive. It also will cover the cost of a classroom set of devices and professional development to support the effective integration of the new technology.

Because of the grant, the high school will receive four new SMARTBoards and the middle school will receive three.

Combined with the current SMARTBoards and Promethean boards, that addition will give Kewaskum Middle School total of 14 interactive boards next year and 11 interactive boards at the high school. All of the classrooms at Kewaskum Elementary School, Farmington Elementary School and the i4Learning Community School will have interactive boards as well.

Because the grant is a 100 percent matching grant, the school district will fund professional development for any teacher in the district who uses a SMARTBoard.

In addition, the district will purchase a classroom set of Cloudbooks for high school science.

"It is essentially buy-

one, get-one free for technology. That is about as good as it can get," said Tiffany Wilson, technology integration specialist for the school district.

The Juno recording system that the grant will provide allows teachers to record their voices as they instruct, as well as records what the teachers put up on the SMARTBoards. Each lesson is recorded onto Google Drive for students and parents to review.

Two teachers, Keith Traska, a math teacher at the high school, and Bobby Bannasch, a science teacher at the middle school, have been using the program this year as a pilot program.

"They have received lots of positive feedback from students and parents," Wilson said.

The grant is funded by the Wisconsin Technology Initiative.

UW-WC To Award \$75,000 In Scholarships At Commencement

— Transferring Students To Receive Awards

Recognizing the accomplishments of UW-Washington County students will be the main focus of the Commencement ceremony on Thursday, May 19 with the awarding of bachelor and associate degrees, over \$75,000 in scholarships to transferring students, and 12 department awards. The ceremony begins at 7pm in the gymnasium, with members of the Milwaukee Scottish Pipe Band leading the procession of faculty and students. A color guard made up of student veterans, Mitchell Bury (Marines), Adam Bunkelman (Navy), Nathan White (Air Force), Daniel Bruder (Army) and Quinn Paruch (Army) will present the flags. UW-WC student, Sophia Gibeau along with Moriah Hensler, Sean Lundquist and Andrea Roth will sing the National Anthem. Dr. Peter Gibeau, UW-WC Music Professor, will play the piano recessional.

Scholarships are awarded to students who have completed their first two years of college studies at UW-WC and are now transferring to other insti-

tutions to complete their education, as well as students who are completing a bachelor degree through one of the collaborative programs offered on campus. UW-WC student from Kewaskum, receiving a scholarship at Thursday's ceremony is, Christa Theisen, The Curtis A. & Adele S. Collins Scholarship for \$5,000.

Incoming new freshmen and returning students receiving scholarships will be honored in a separate ceremony on Friday, May 20 at 7 p.m. The substantial scholarship opportunities at UW-WC reflect the tremendous community support of local residents, civic groups and area businesses.

Five UW-WC employ-

ees will also be recognized with service recognition awards, including Judy Benike (office associate), Dr. Wayne Schaefer (Professor of Biological Sciences), Terry Seil (Dean's office associate), Dr. Colleen Vachuska (Associate Professor of Mathematics) and Peter Vachuska (Associate Professor of Mathematics).

No tickets are needed to attend Commencement. A social immediately follows the ceremony in the cafeteria.

UW-WC is located at 400 University Drive in West Bend. For directions to campus or more information, visit the website, www.washington.uwc.edu

Kewaskum Police Department Receives Donations For New AEDs

By Anne Trautner

Drexel Building Supply, the New Fane Sportsman Club and Wessing Properties each donated \$1,500 for the Kewaskum Police Department to purchase three new Automated External Defibrillators (AEDs).

The donations were readily made when Kewaskum Police Chief Tom Bishop put out a plea for new AEDs.

"All three of those groups jumped at the opportunity. It was outstanding," Bishop said.

When Bishop contacted Drexel Building Supply about donating funds to support the AED purchase, Drexel stepped up to the plate and agreed to donate one of the AEDs to the department.

"Our local police department is integral to keeping our community safe. Our team at Drexel has several community members in Kewaskum, in addition to having several delivery

trucks that travel the roads through the community. Drexel is honored to donate an AED to the Kewaskum Police Department, we truly appreciate their service to the community," Operations and Safety Leader Eric Beck said.

Likewise, Wessing Properties readily answered the plea.

Mike Berger of the New Fane Sportsman Club heard Bishop talk about the AED at a village board meeting, and called Bishop after the club's next meeting to say that the club would like to purchase an AED.

The Kewaskum Police Department last purchased its AEDs 15 years ago, and those three defibrillators have been used to save numerous lives.

"Over the years, all of the officers in the department have used AEDs," Bishop said.

The department uses two of the AEDs in its two

squad cars and keeps the third as a spare at the village hall.

The need for new equipment arose when two of the AEDs recently stopped functioning.

"These have lasted as long as possible. Luckily the fire department had an extra one and we were able to keep operating," Bishop said.

The old AED that is still functional will be tested daily and used somewhere in the village, Bishop said.

Local police officers are often the first on the scene in a medical emergency, and having an Automated External Defibrillator (AED) readily available is essential in their ability to save lives, Bishop said.

"The rescue squad can take seven to 10 minutes to get on scene, and our guys are on patrol and will be there in two to three minutes. Every minute counts, it is very important," Bishop said.

Police Chief Tom Bishop (center) receives a check from the New Fane Sportsman's Club during an event at the Wild Game Feed in order to purchase an AED for the Kewaskum Police Department. The department received donations from Drexel Building Supply, New Fane Sportsman Club and Wessing Properties to purchase three AEDs for the department.

Reichert Seeks To Build On Positive County Reforms

West Bend, Wisconsin: Surrounded by family, friends and several community supporters, on May 3, 2016, lifelong Washington County resident and Town of Wayne native Ashley Reichert formally declared her candidacy for Washington County Clerk on the steps of the Herb J. Tennes Government Center. Reichert, a current employee of the Washington County Sheriff's Office, working under the direct supervision of Sheriff Dale K. Schmidt, has been involved in County level government for the last two (2) years and seeks to help continue the trend of positive reforms Washington County has made in recent years. In 2015, she was named the recipient of the first ever Washington County "Core Values Award for Innovation" for her tireless efforts towards greater citizen involvement and overall government transparency.

"The taxpayers of Washington County deserve a County Clerk worthy of following in the footsteps of our current Clerk, Brenda Jaszewski. Someone who is committed to ensuring the sanctity of our precious right to vote and who can fulfill the statutory obligations this role requires. I am that person and I look forward to earning the trust of our electorate between now and this coming November."

Reichert announced a robust plan to combine a traditional grassroots campaign utilizing scores of volunteers with a multifaceted online social media platform to help directly connect her with the very people she hopes elect her to office in November. "While my primary focus during the summer months will be knocking on doors and meeting one-on-one with residents of the County, I also plan to launch an aggressive social media campaign to help better acquaint

myself with residents from Richfield all the way north to my hometown of Wayne. I'm guided by my faith and the conservative principles I was raised on, the same values and strong moral compass that I believe reflect our beautiful County."

Ashley and her husband of 5 years, live in West Bend with their three kids, Braeden, Delaney, and Hudson. She and her husband, a Bronze Star recipient and former Army Special Operations combat veteran, are active in the Stars and Stripes Honor Flight program and attend Trinity Lutheran Church in Jackson where their children are also enrolled. For information on how to volunteer for her campaign she can be reached at info@ashleyreichert.com. To follow her on the campaign trail: Twitter @AshReichert27 Facebook, "Ashley Reichert for Washington County-County Clerk" Website: www.ashleyreichert.com.

Eric Beck, Drexel operations and safety leader, hands Kewaskum Police Chief Tom Bishop an Automated External Defibrillator (AED) for the police department. The KPD was in need of some updated AED units and Drexel was happy to help out by donating a new one to the department.

Local Artists' Work Selected For Statewide Exhibition

On Saturday, May 7 Caleb Duren of Kewaskum was recognized for his artistic talents by VSA Wisconsin, the state organization on arts and disability. Caleb's award winning work entitled "Eye of the Kraken" is an arresting portrait outlined in pencil and filled in with green and blue watercolor, accented with soft oranges, yellows and reds. The main focus of the portrait is the eyes: one black eye is a Kraken, the giant sea monster resembling an octopus, and the other eye is a ship, under attack from the Kraken. Caleb says that the ship represents human kindness and the Kraken represents the material world. He says the painting shows that human kindness is being

destroyed by our love of material possessions.

Artist submissions to the annual 'Call for Art' were reviewed by a jury of art professionals who looked for originality, creativity and craftsmanship. Caleb's art was selected from 40 entries in his age category. It will join 29 other works in Visual Expressions, VSA Wisconsin's traveling exhibition which will be shown throughout the state at libraries, galleries, and corporations for the next three years. www.vsawis.org.

About VSA Wisconsin: VSA Wisconsin uses the arts to expand the capabilities, confidence and quality of life for adults and children with disabilities. By using the arts to enhance education,

advance socialization and promote inclusion, programs like the Visual Expressions exhibition make it possible for more people with disabilities to contribute to the social, cultural and economic life of their neighborhoods and workplaces.

VSA Wisconsin conducts multidisciplinary arts programming in more than 30 cities and towns annually. Programs include artist residencies in K-12 classrooms and in community settings; a traveling exhibition of art work by people with disabilities; community choirs, creative art and music classes and workshops; art sales events, training and professional development for artists and educators, and disability awareness training.

Caleb Duren, an eighth-grader at Kewaskum Middle School, is honored with a youth purchase award at VSA Wisconsin's Call for Art awards ceremony in Madison on May 7. Caleb received \$50 toward art supplies, and his painting "Eye of the Kraken" became part of VSA Wisconsin's exhibit, which will be shown throughout the state for the next three years. VSA Wisconsin is a state organization on arts and disability.

Scholarships Available Through Milwaukee NARI Foundation

The Milwaukee NARI Foundation, Inc., the educational and charitable arm of the Milwaukee NARI (National Association of the Remodeling Industry) Home Improvement Council, announced a scholarship opportunity for students for the first semester of 2016-2017 academic school year.

Students enrolled in one of the following programs for the period September - December 2016 can apply for the scholarship: architecture, cabinet making, carpentry, electrical, HVAC, interior design, landscaping, masonry, plumbing, or other industry related curriculum.

Students taking at least 12 credits during the first semester of the 2016-2017 academic year will

be able to apply for a \$1,000 scholarship, while those planning to take six-11 credits during that period can apply for a \$500 scholarship.

The purpose of the Milwaukee NARI Foundation Scholarship is to assist students who are southeastern Wisconsin residents and plan to attend a Wisconsin institution, pursuing higher education for a career in the remodeling industry - including associated mechanical, technical, and creative sectors.

The students must currently reside in one of the following counties: Dodge, Jefferson, Kenosha, Milwaukee, Ozaukee, Racine, Sheboygan, Walworth, Washington, or Waukesha.

"A primary goal of the Milwaukee NARI Foundation is the expansion of the pipeline of proficient and skilled employees to secure a career in the home improvement and remodeling industry," said Tom Callen, Milwaukee NARI Foundation president. "An objective of the scholarship program is to find individuals that will complete a curriculum that leads them to enjoy many years of fulfilling work within the industry."

Completed applications, which can be accessed at www.MilwaukeeNARIFoundation.org, along with an essay, letters of recommendations, and college or post secondary acceptance letter, are due to the Milwaukee NARI Foundation, P.O. Box 26788, Wauwatosa, WI 53226, by June 1, 2016.

Recipient(s) will be notified by July 1, 2016. Call 414-771-4071 for additional information.

The goal of the Milwaukee NARI Foundation is to promote public awareness of the home remodeling and improvement industry through educational programs and community activities and raise funds to support scholarships and grants to help encourage and train young people and displaced workers interested in the professional remodeling industry.

To carry out its purpose, the Foundation expends funds for the refinement and/or expansion of existing Milwaukee NARI education programs, supports scholarships to assist professional training of individuals entering the home improvement and remodeling field, and embarks on activities judged necessary to insure an ample supply of professionally trained individuals.

Through various special events, including the annual Home Improvement Show raffle, Rummage Sale, Golf Outing, and Holiday Party, plus member contributions, the Foundation has provided more than \$180,000 in scholarships, tools, and equipment for use by students and schools in southeastern Wisconsin. The Foundation has endowments at both Milwaukee Area Technical College and Waukesha County Technical College.

For more information, visit www.MilwaukeeNARIFoundation.org.

Continued From... Kewaskum Native Gets Turkey Grand Slam

"So I didn't get one this year in Wisconsin, I just got the one in Texas," Johann said.

Johann has three daughters, but Karoses is the only one who hunts.

Johann and his wife, Kerri, moved to Eagle River in 1993. She doesn't complain too much about Johann's hunting excursions across the country.

"I guess it's my vacation. And her vacation," Johann joked.

However, Johann admits that the hunting trips can get to be expensive.

A turkey hunting license in Wisconsin costs \$15, Johann said.

However, out-of-state hunting licenses in Texas, Nebraska and Florida each run about \$125, Johann said. In addition, Johann paid about \$700 for permission to hunt on the land in Florida.

"That's a lot of money for a turkey," Johann said.

In addition, there are travel and lodging costs. To save money, Johann and Seyfert drive to the

each of the hunting destinations, and when they were in Texas, they were able to stay with Seyfert's son.

It makes for a nice spring vacation, Johann said.

"I like to travel and I like to hunt. It's a sport where you don't have to be a muscle man. You just sit in the tent and you've got your lawn chair in there, and you just relax," Johann said.

And it's a good recreation for the two.

"I can't get around that good anymore, and neither can Dave, so it's a good sport where we just have to go in the tent and sit and be quiet."

The only time that things are not so quiet is when the hunters make turkey calls to attract the gobblers to their decoys.

"The turkeys are very inquisitive, so they will come toward the sound and they look at the decoys. One time they'll see the decoys and come running to them, and the next time, they see the

decoys, they run away. It depends on how real the decoy looks to them," Johann said.

Johann has found that all four types of turkeys are similar to hunt.

"They all kind of act the same way," Johann said. "You call them in to the decoys, and if you get lucky, you get one."

The different types of turkeys do look slightly different. The Merriam is the easiest to spot because of the white tips on its feathers, Johann said.

The Rio Grande turkey is the tallest of the four species, while Florida's Osceola turkey is smaller than Wisconsin's Eastern wild turkey.

Karoses' husband, Gus, is mounting the feathers from Johann's four different types of turkeys to display.

Now that Johann has reached his goal of getting a grand slam, he's not sure what his next goal will be.

"I think maybe I will try to catch some walleyes in this state," Johann said.

Claude Johann displays the Merriam wild turkey he shot in Nebraska. The Merriam is known for the white tips on its tail feathers.

-photo submitted

Claude Johann shows off the Rio Grande wild turkey, the largest variety of wild turkey in the United States, that he shot in Texas in April to complete his Grand Slam.

-photo submitted

Claude Johann shows off the Osceola wild turkey that he harvested in Florida last year.

Continued From... Pool Or Splash Pad?

Burbach will conduct a feasibility study for the village and develop a design for an aquatic facility that the community can afford to build and to maintain for the next 25 years.

However, even if the village gets a new pool, the facility will cost the village money every year, Joshua Layer, a consultant for Burbach Aquatics, told the pool committee on Tuesday, May 10.

"With an outdoor pool, depending on what size you build, communities will subsidize these pools \$30,000 to \$60,000," Layer said. "You are not going to see a profit with an outdoor municipal pool."

However, it worth spending money to improve the quality of life for young families, Kristy Bishop, a pool committee member, said.

"This could be used as an economic tool. When people look at communities to decide where they are going to live, one of the things they look at are the amenities, your swimming pools, your parks. They want to know: what is there for my family to do?" Layer said.

Layer warned that even if a new pool is built, the village would probably see an increase in attendance for only the first five years. After that point, attendance stops dropping, he said.

To increase attendance, the Kiwanis pond may want to add new programming, such as water aerobics, suggested Rob Johnson, CEO/executive director of the Kettle Moraine YMCA in West Bend, which recently com-

pleted a \$4 million pool project.

In March, David Burbach of Burbach Aquatics presented different options for swimming pools. The pool committee considered pools with zero depth entry, various slides, lap pools, various depths and heating concepts.

The pools that the committee are focusing on would cost about \$3 to \$4 million, depending on the amenities, Layer said. In addition, renovating the pool may require additional fees to renovate the restrooms so that they are up to code, Layer said.

In contrast, a splash pad for the village would likely cost around \$250,000, Layer said, and would have lower maintenance fees. He was uncertain whether the restrooms would need to be renovated.

If the existing pond is replaced with a splash pad, the community would lose the ability to offer swimming lessons during the summer.

Kewaskum resident Lloyd Spaeth, who attended last week's meeting, suggested that the village add a splash pad to the existing pond to see if that helps build attendance.

Current Usage

Last summer, a total of 7,079 people attended the Kiwanis Park pond, compared to 3,992 in 2014 and 8,001 in 2013.

Weather may be the main driving force behind those numbers, the pool committee members agreed.

"Three years ago was the best swimming season on record," Johnson said.

That year, the Kewaskum pool was open 71 days, compared to 66 days last summer.

Swim lessons have been popular each year, with 65 students enrolled last year, 61 in 2014 and 129 in 2013.

Pool Size

The current pond ranges in depth from about 2 feet to about 15 feet at its deepest point, Heiser said.

The entire beach covers about 100,000 square feet, and the pond itself is about 52,862 square feet.

"Your pond is probably the biggest pool around. No one is even close to your size," Johnson said.

If the village decides to go with an outdoor swimming pool, the area it will cover will be much smaller, Layer said.

At last week's meeting, Layer said that if Kewaskum decides to build a new outdoor pool, a 5,000 to 6,000 square-foot pool would be a good fit for the community.

"You'd be looking at a smaller footprint of the pool, but it would serve all the needs, swim lanes, splash pad, diving hopper, water logs," Layer said.

If the pond is replaced with a splash pad or pool, it could provide additional space at the park for baseball or soccer fields, something some people in the community have been wanting.

Because of the need for more ball fields, a Stakeholders Group was formed last year to identify needed improvements for Kiwanis Park. The Stakeholders' Group consists of members of the Kewaskum Youth Soccer Organization, the Kewaskum A's men's baseball program, the Kewaskum Athletic Association, and the Kewaskum School District, as well as representation from the village staff, and has been focusing on needs for baseball and soccer fields.

"You could put a quarter of that pool into a splash pad, and still draw a number of people. The other three-quarters of that pool could be turned into grass. That would be tremendous for Kiwanis Park. We would be still creating a water facility to draw people in, and we would expand our park to open up more things," said Nathan Scheel, president of the Kewaskum Athletic Association.

The pool committee hopes to have a plan in place by the fall. The pool committee's next meeting will be on June 14 at 7 p.m. at Kiwanis Park.

Some 207 shooters take part in the Brent Schultz Memorial event at the New Fane Sportsman's Club on Saturday, May 7. The event raised funds for a greenhouse at Kewaskum High School.

photo by Anne Trautne

Community Comes Together To Remember Brent Schultz And Raise Funds For High School Greenhouse

By Anne Trautner

Several hundred people came out to the New Fane Sportsman's Club on Saturday, May 7, to remember Brent Schultz, who had been an officer for the Kewaskum High School FFA.

Brent and Travis Trapp, both lost their lives in a car crash on June 18, 2014. They were both 16.

The boys' memories live on in the Kewaskum community.

So does Brent's hope for having a greenhouse for the high school.

Brent's family and friends organized the May 7 event to raise funds to help make the greenhouse become a reality.

Even though final numbers are not in, initial estimates show that the event raised about \$26,000 to \$27,000, Kevin (KT) Thull

said.

Attendees took part in trap shooting, raffles, a dunk tank and a bouncy house. Food and beverages were sold, and musicians entertained the crowd.

There were 207 people who signed up to shoot trap, and about 300 people purchased raffle tickets. The crowd went through about 175 pounds of burgers, Thull said.

The biggest contribution, however, may have been how the community members continue to help each other heal from losing Brent and Travis.

"It's good to see everybody come together," Thull said. "It was cool to see all those kids who were friends of Brent come out and share the event and take charge like that."

Many of Brent's friends sold about 150 to 200 T-

shirts and sweatshirts at the high school in Brent's honor. The high school trap team helped set traps for the fundraiser.

This would have been Brent's senior year at Kewaskum High School, so this was a way for the students to consciously remember their friend, Thull said.

The total amount needed to add a greenhouse to Kewaskum High School is about \$125,000, Thull said.

"We are getting closer to that goal," Thull said.

Prior to the May 7 event, about \$85,000 had been raised, so the community now needs about \$15,000.

Donations for the cause can be made to the Kewaskum FFA Alumni Greenhouse Account at PNC Bank, 1225 Fond du Lac Ave. in Kewaskum.

Jadon Rhoads and Benjamin Wolf enjoy the Kiwanis Park pool in summer 2008. The pool at Kiwanis Park in Kewaskum currently has a shallow end with special water features. The village is considering replacing the pool with a splash pad.

photo by Stacy Wolf

Gunner, Alexis and Magdalene Swift (pictured from left) make sure that Brice Matthies spends plenty of time in the dunk tank during the Brent Schultz Memorial event on Saturday, May 7.

Little Folks School House Teams Up With Home Depot

Usually on Friday nights, the daycare shuts off the lights and locks the doors for the weekend. On May 6, there was clanging and banging and laughing at Little Folks School House after hours.

Mr. Rob, an associate from Home Depot, presented a parent/child woodworking workshop. 16 children and their parents attended the workshop. All of the children were given a child-size apron to wear and keep. Tools and wood pieces to build butterfly houses

were distributed and instructions were given. The child and parent worked together gluing and hammering until their project was complete.

Mr. Rob walked around and offered guidance when needed. The children got to keep their little masterpiece and they were also presented with a certificate of achievement and a commemorative pin. This type of workshop creates quality one-on-one time with parent and child. It teaches children self-help skills, tool safety,

and gives a sense of accomplishment, according to Dodie Sargent administrator at Little Folks School House.

Home Depot offers a free kids workshop in West Bend on the first Saturday of every month. They start at 9 a.m. and last until about noon. Participants can register ahead of time online, which helps Home Depot ensure there are enough kits and aprons for participants. However, registration is not mandatory.

Shay Bartel and Addison Melzark work on their butterfly houses at Little Folks School House on May 6.

Indians Are Closing In On ECC Golf Title

By Judy Harlow

Plymouth took both ends of the East Central mini-tour events hosted by Kewaskum and Campbellsport on May 13, but the consistent Indians maintained their hold on first place by finishing second at Hon-E-Kor CC and third in the final nine hole match of the season played at Auburn Bluffs.

“Let’s go get a win” was the mindset of the Indians going into these two matches, according to KHS coach Glenn Eichstedt. In both cases they fell just a few shots short.

The eight teams had fairly good weather for the first nine. Plymouth took advantage of the conditions and a 38 by co-medalist Jake Willeford to post a 165 for a five-shot lead on the host Indians. Waupun, which was sitting in second place, had to settle for third with a 174.

Conditions changed dramatically by the start of the competition at Campbellsport, and it rained continuously. That didn’t affect the Plymouth Panthers, who finished atop the standings with a 161, one shot ahead of Waupun, and four in front of the Indians.

“The weather was atrocious, but we played through it,” Eichstedt said.

The second and third places should be enough for the Indians to win the ECC crown and the key was definitely consistency as they won one mini-tour event, placed second in

six others and had just one third place for 11 total points.

Had Waupun finished second in the latter event, they would have had an outside chance to stay in the race, but now the Warriors are 4.5 points back at 20.5, and Plymouth, which is making a late charge with three wins in a row, is second with 20.

At Kewaskum, Sam Schlosser led the Indians with a six-over-par 41 on the White Nine, and Andrew Otto was a shot back at 42 in a tie for seventh. Then came Trent Griesemer and freshman Jacob Schlosser, with 43 and 44, respectively, in ties for 11th and 13th, overall.

Reed Shohoney of Ripon and Plymouth’s Jake Willeford tied for the medal with 38s.

Sean Murray struggled to card a 45, starting on the seventh hole and going seven-over par on the stretch of numbers 16 to 18.

To reach one of its goals, to win the first ECC title, “We need to finish first or second in the tournament (at Whispering Springs),” Eichstedt said.

Currently Sam Schlosser and Otto are second and third, respectively, in the tight race for the conference individual medal.

ECC standings going into the 18 hole tournament, which was scheduled to be held May 16 at Whisperings Springs in Fond du Lac, are as follows: 1. Kewaskum, 16

points; 2. Plymouth, 20; 3. Waupun, 20.5; 4. Berlin, 30; 5. Campbellsport, 46.5; 6. Kettle Moraine Lutheran, 47; 7. Winneconne, 49; 8. Ripon, 59.

Indians Are Second At Quit Qui Oc

Four teams broke 170 in the sixth mini-tour event of the season held at the Quit Qui Oc Golf Course near Elkhart Lake. Host Plymouth, led by Cole Bogenschuetz’s two-over-par 37, came in at 160, three shots ahead of first place Kewaskum (163), while Waupun also had a good outing with its 166. Berlin also dipped under 170 with a solid 168.

Bogenschuetz and Sam Schlosser tied for the medal with 37, one shot ahead of KML’s Solomon Zarlring, and Sam Marks of Berlin also had a sub-40 round with his 39.

For the Indians, Murray was tied for fifth with a 40, then came Otto and Jacob Schlosser, who were among five players tied for 16th with 43s.

“It was OK. It wasn’t great by any means,” Eichstedt said of the day, pointing out Otto had a rough start, with a triple bogey on his first hole and a couple other early bogeys, finishing several strokes above his average.

Regional Competitions Right Around The Corner

By Judy Harlow

By the end of this week, athletes competing in spring sports at Kewaskum High will have closed the books on most East Central and Eastern Wisconsin Conference (tennis) seasons and be focusing on the D-2 tournaments.

Kewaskum will host at least one regional competition, a D-2 track and field meet on Monday, May 23, and the softball team has a good chance to do the same when the coaches meet to seed the talent-laden, 13-team Chilton sectional field on May 18.

The track meet field, which includes teams from Lomira, Ripon, Laconia, North Fond du Lac, Campbellsport, Random Lake, Waupun and Winnebago Lutheran Academy, will get underway at 3:45 for those involved in the field events and at 4:30 for the running events.

The Indians are expected to do well, especially in the high jump, hurdles, weight events and some of the sprint relays. After clearing six foot, seven

inches senior high jumper Jason Hanson currently has the second best jump among the D-2 athletes.

Senior Ben Watzig qualified for state in the discus last year and has the fourth best throw (147-10) among Sectional 4 (East Troy) this spring, while Riley Donovan sits in the ninth spot at 141-3 and Cade Peterson is 10th at 136-3.

Derek Brock’s best times in the hurdles, 16.18 in the 110 highs and 41.49 in the 300 intermediates, are the eighth and fourth best times posted in the sectional. KHS also has the seventh fastest time among Sectional 4 4x400 teams, with its time of 3:34.39 set by Hanson, Brock, Jake Hrica and Cade Peterson. The 4x200 quarter of Hrica, John May, Kyle Pamperin and Peterson, comes in at number nine with a 1:35.06.

All those finishing in the top four will advance to the East Troy Sectional on Thursday, May 26.

Coach Kris Evans’ team is expected to put on a good show at home and is favored to win the title, which would be its first regional title since the 2002 season when Kewaskum scored 150.5 points to 134 for Mayville. The 2001 and 2002 seasons are probably the best in school history.

Tennis Sub-Sectionals

The Kewaskum tennis team will travel to Beaver Dam on Monday, May 23 for a D-2 subsectional at Wayland Academy. All No. 1 singles and No. 1 doubles teams who reach the semifinals will advance to the East Troy Sectional on Wednesday, May 24 at 9 a.m. Also advancing will be the finalists at No. 2, 3,

and 4 in singles and doubles.

Seeding is based on records during the regular season. All the Indians’ doubles teams have winning records. Jared Chesak and Brent Goeden are 12-3 at No. 1, while Zack Brogaard and Cole Rahlf are 12-2 at No. 2 and Ty Schellinger and Nate Heniadis are 10-4 at No. 3.

Golf Regionals

The KHS golf team already knows it will open the tournament season with an 18-hole competition at the Rolling Meadows Golf Course on Tuesday, May 24, with the top four teams and top four individuals from non-qualifying teams advancing to the Sheboygan Falls Sectional on Tuesday, May 31st. Here the top two teams and top three individuals who are not members of qualifying teams earn berths at the WIAA State Golf Tournament, which will be held at the University Ridge Golf Course in Verona on June 6-7.

Seniors Sam Schlosser and Sean Murray both shot 84 a year ago, missing out on state by three strokes. Kewaskum finished in sixth place and with all four starters returning, should move up in the field this year to challenge some of the favorites, Catholic Memorial and Sheboygan Falls.

Soccer Regionals

Regional games for D-2 soccer teams will be held on June 2nd and 4th. KHS soccer coach Luke Piwoni said recently coaches meetings to determine seeds will be held sometime the week of May 23-27.

New Fane Sportsmen’s Club

Friday night open shooting at the New Fane Sportsmen’s Club, will start on Friday night, April 1st, at 7 p.m. There will not be any shooting on Friday, May 6th. The club will be closed.

Indians Open '16 Baseball Campaign At KML

By Judy Harlow

To get ready for its first season in the North Shore Conference, the Kewaskum High baseball team will play non-conference games against Kettle Moraine Lutheran and Campbellsport in the next week.

The Indians, who opened camp on May 13, travel to KML in Jackson on Saturday, May 21 for an 11 a.m. game, and they

will be in Campbellsport on Tuesday, May 24 for a 5 p.m. start against their arch rivals.

Currently KML and Campbellsport are in second and third place, respectively, in the new East Central Conference. Waupun is holding on to first place with a 9-3 mark, with KML next at 7-6 and the Cougars at 5-3 following a 10-6 victory over Waupun.

Following these games,

coach Doug Gonring will direct his team in its first North Shore encounter at Cedarburg on Thursday, May 26 in a 5:30 p.m. The busy weekend concludes with a home game vs. Whitefish Bay on Friday, May 27 at 5:30 p.m. in Kiwanis Park.

A full preview of the KHS team will be included in the May 26 edition of the Kewaskum Statesman.

Indians Bow To Kohler, Still Hold Onto Second Place

By Judy Harlow

They didn't have much luck against undefeated Kohler, but the Kewaskum High tennis players bounced back to defeat Sheboygan Falls to gain a split in what was a double-header at Kohler and Sheboygan Falls on May 14.

The Indians lost to Kohler 5-2, and the 9-0 Blue Bombers need only to get past winless Chilton to wrap up an undefeated season in the 11-team Eastern Wisconsin Conference.

In the afternoon session, Kewaskum used a sweep in doubles and a win by number one Michael Prochnow for a 4-3 victory over the Falcons. With this win, KHS improved to 7-2 in EWC play with one conference match left on its schedule.

"We are in shock to see it snowing in May," Julia Duquaine, one of the team's co-coaches, said near the conclusion of the second match, adding, "The boys played as best they could."

Against Kohler, the lone Indian winners were Jared Chesak and Brent Goeden at number one doubles and Cole Rahlf and Zack Brogaard at number two. Chesak and Goeden nipped Brendan Pellegrini and Zach Hoell in a 7-6 (6-2) tie-breaker in the first set, then cruised through the second 6-2. Rahlf and Brogaard were dominant, winning 6-1, 6-0.

At number one singles, Prochnow had a tough draw, facing Casey Johnson, who finished third in the D-2 state meet last year. Prochnow battled hard and won a couple games off Johnson in the first set but was shut out in the second, falling 2-6, 0-6.

"That was a tough one,"

Duquaine said.

Current standings: 1. Kohler, 9-0; 2. Kewaskum, 6-2; 3. Plymouth, 6-2; 4. Roncalli, 5-2; 5.(tie) Howards Grove and Sheboygan Falls, 5-3; 7. Ripon 3-5; 8. Two Rivers, 2-5; 9. Kewaunee, 1-6; 10. Chilton, 0-7; 11. Waupun, 0-8.

Kohler 5, Kewaskum 2

Singles: No. 1 Michael Prochnow lost to Johnson, 2-6, 0-2; No. 2 Noel Bindrich lost to Archie Bruhn, 2-6, 1-6; No. 3 Devin Schneider lost to Avinash Murthy, 1-6, 1-6; No. 4 Andrew Neu lost to Johnny Vallo, 2-6, 0-2

Doubles: Brent Goeden/Jared Chesak def. Brendan Pellegrini/Zach Hoell, 7-6 (6-2); No. 2 Cole Rahlf/Zack Brogaard def. Dominic Michmerhuisan/Joe Conklin 6-1, 6-0; No. 3 Ty Schellinger/Nate Heniadis lost to Josh Konecke/Evan Udovich, 3-6, 1-6.

Kewaskum 4, Sheboygan Falls 3

Conditions were pretty brutal for this match, but the Indians prevailed. Prochnow showed his competitive spirit, bouncing back for an important 6-4, 6-1 win over Breydan Much in a match that featured many long volleys.

The number one team of Goeden and Chesak improved to 8-1 in EWC action and 11-3 overall with a 6-3, 5-7 and 6-3 victory over Peyton Lueske and Jordon Mikhie while Brogaard and Rahlf (8-1 and 11-2) won in straight sets, as did Schellinger and Heniadis (7-2 and 8-4). All three teams are new to varsity play this season and have made great improvement in their fundamentals and their ability to play together.

Kewaskum 4, Howards Grove 3

The Indians posted EWC win number six at home on May 12, behind another doubles sweep and a win at number one singles by Prochnow.

Match scores were not available from the KHS coaches.

Roncalli 4, Kewaskum 3

Kewaskum suffered its first conference loss of the season on May 9 in a match played in Manitowoc against Roncalli, which traditionally is one of the Eastern Wisconsin's leading teams.

The Jets' top two singles players are back from successful 2015 seasons. They dominated the Indians' Michael Prochnow and Noel Bindrich, but KHS took the other two singles matches in straight sets, with Devin Schneider winning 6-3, 6-4 and Andrew Neu staying unbeaten with a 6-4, 6-2 win.

The longest match of the night came at number two doubles where Goeden and Chesak lost the first set 6-1, but came back from 3-0 deficits in the next two to top their opponents 6-4 and 7-5.

Singles: No. 1. Michael Prochnow lost to Zach LeVene, 1-6, 2-6; No. 2 Noel Bindrich lost to Ben Salutz, 0-6, 0-6; No.3 Devin Schneider def. Camden Schullander, 6-3, 6-3; No. 4 Andrew Neu def. Noah Peterson, 6-4, 6-2.

Doubles: No. 1. Jared Chesak/Brent Goeden def. Joe Brotz/Alec Schermetzler, 1-6, 6-4, 7-5; No. 2 Zach Brogaard/Cole Rahlf lost to Max Zeddies/Evan Mihalakakos, 2-6, 2-6; No. 3 Ty Schellinger/Nate Heniadis lost to Seth Gjesen/Joe Bettag, 2-6, 1-6

KHS Softball Team Secures A Pair Of Sweeps

By Judy Harlow

It was a week of "sweeps" in the East Central Conference for the Kewaskum High girls fast-pitch team.

First the Lady Indians used some solid plate performances to lasso the Chargers 12-2, and the very next day, timely hitting by junior Brea Trepes and senior Maddy Lehmann helped them get past host Plymouth 5-4.

Kewaskum went 2-0 vs. both those teams this season, and with just two ECC games remaining, the Indians are 9-3 in conference action and currently sitting in third place behind Waupun (12-0) and Winneconne (11-1).

"Any time you can sweep a series from a team, you can feel good about it," KHS coach Jeff Gosse said.

The victory over Plymouth was a nail-biter, with the two teams all tied after seven innings. The eighth didn't produce any runs, but in the top of the ninth, Kewaskum scored a single run and hung on for the victory.

"They came ready to play. I don't know what we did" in the early going, Gosse said, figuring this might be one of those "trip

games" when a team is looking ahead to a tournament or a tougher foe and doesn't concentrate on the task at hand. At any rate, he gave the Panthers plenty of credit for the way they battled.

KHS pitcher Kennedy Lehn had another good outing, which was instrumental in the victory. She struck out 19, didn't walk a single Panther and scattered six hits.

At the plate, Lehmann was a perfect 3x3, drove in a pair of runs, stole two bases and scored a run. Trepes chipped in with two doubles, including the game-winner with Skylar Donath on second after drawing a walk and moving up one base on a sacrifice by Emma Debelak.

"Bre hit a double down the left field line," Gosse said, noting Maddie Geidel had two hits including a double and Laura Weishan had two hits.

Erica Helmer took the loss for the Panthers, giving up eight hits and two walks, while striking out one.

Kewaskum 12, KML 2 In Five Innings

Facing a left-handed pitcher can be a challenge in softball, but with some extra practice, the Indians

didn't have much trouble with KML's Katie Scherf. They got to her for 16 base hits in this game, scoring three runs in the first, five in the fourth and another four in the fifth when the game ended via the 10-run "mercy rule."

"They (Indians) hit her hard. The girls did a good job with that," Gosse said, reporting Weishan had three hits (2b) and three runs batted in (RBIs), while Geidel (2b), Trepes (2b), Kennedy Lehn (2b), Theusch and leadoff hitter Hailey Plachinski each chipped in with two.

The two freshmen, Geidel and Lehn, are currently the team leaders in hitting, with .458 and .446 batting averages. Geidel and Weishan have the most RBIs, 17 and 16, respectively.

Kennedy Lehn pitched and got the win, her ninth of the season against four losses. She gave up two runs on four hits, struck out seven and didn't walk a single Charger.

After a key game on May 17 against Winneconne, the Indians end the conference season this afternoon with a 4 p.m. game at Campbellsport.

After First Round Loss, Indians Win A Pair

By Judy Harlow

They were shut out in their first match, but the Kewaskum High soccer players ended the Kiel Invitational with back-to-back victories over Random Lake and Mayville to finish 2-1 in the event, which was held on May 14.

KHS shut out Random Lake 3-0 and defeated Mayville 3-1 after getting shut out 5-0 by a powerful Oostburg team. Games in the tournament included 25-minute halves.

In the win over Mayville, the Indians had an early 10-second lapse, which could have been costly, if not for the brilliant save by Courtney Aker. "Courtney made a fantastic save," KHS coach Luke Piwoni said, reporting Aker jumped high and "was able to push the ball over the crossbar."

After that, the KHS offense went into high gear. "It was as good a half as I've seen us play," the coach said. "We were crisp and we were con-

necting passes ... building our attack that way."

The attack produced three, first half goals, the first by senior Emily Krier, who has been doing double duty this spring, competing in soccer and on the track team where she is a distance runner.

Jeray Riffel scored goal number two, and later Molly Schulteis got in the act, with Riffel credited with the assist.

The goal and assist give Ripple 60 points this season for her 25 goals and 10 assists. This puts her in a tie for sixth in scoring in the state.

Piwoni cited Jensen Kapla for her efforts on defense. "I thought Jensen played a real nice game. She was real aggressive" helping to stop the Cardinals' attack. "Everyone played really well," he said.

Kewaskum 3, Random Lake 0

In the win over the Rams, Piwoni said, "We just had a lot of good opportunities ... we defi-

nately left some out there too, but it was good to see us keep attacking."

Riffel scored a pair of goals in the first half. Both were unassisted, according to Piwoni, who said the second one "was a 50-yard sprint from midfield" when she broke away from a couple Ram defenders.

Goal number three was scored by Hailey Herriges, who had the chance to move up from her normal spot on defense to see some action in the midfield. "Lizzy Bauer played a nice ball to her," he said about the final scoring play.

Oostburg 5, Kewaskum 0

"They are definitely a very good team. They took it right to us," Piwoni said about the Oostburg team. "We had one legitimate shot on goal."

Ellen Pallo drew praise from Piwoni, who said, "She's improved a lot and has really taken to the sport."

Soccer Team High Comes Right Behind A Low

By Judy Harlow

The roller coaster ride continued for the Kewaskum High girls soccer team in the new East Central Conference. The past week the Indians had a rough outing at Winneconne, then bounced right back to shut out Ripon in a game played in Kewaskum.

"We were definitely able to mount our offensive attack," KHS coach Luke Piwoni said about the 3-0 shutout over Ripon, reporting the Tigers came into the game with a plan to stop Jeray Riffel, and it didn't work.

"They focused on her" and packed the middle tight, he said, indicating Riffel was smart enough to see what was happening, and she wisely turned her attention to feeding her teammates.

Riffel and junior Molly Schulteis were definitely instrumental in securing the victory. Schulteis scored the Indians' first goal with just a minute left in the first half, and Riffel was credited with the assist.

The Indians put the game away with a pair of second-half goals. Schulteis scored for the second time with help from Riffel, and later, it was Ellena Pallo getting a goal, and Riffel assisting for the third time.

The split gives Kewaskum an ECC record of 3-5-1, good for sixth place and just one-half of a game out of the fifth spot.

After playing home games against Campbellsport and Waupun, the Indians travel to Berlin this afternoon (May19).

Winneconne 7, Kewaskum 0

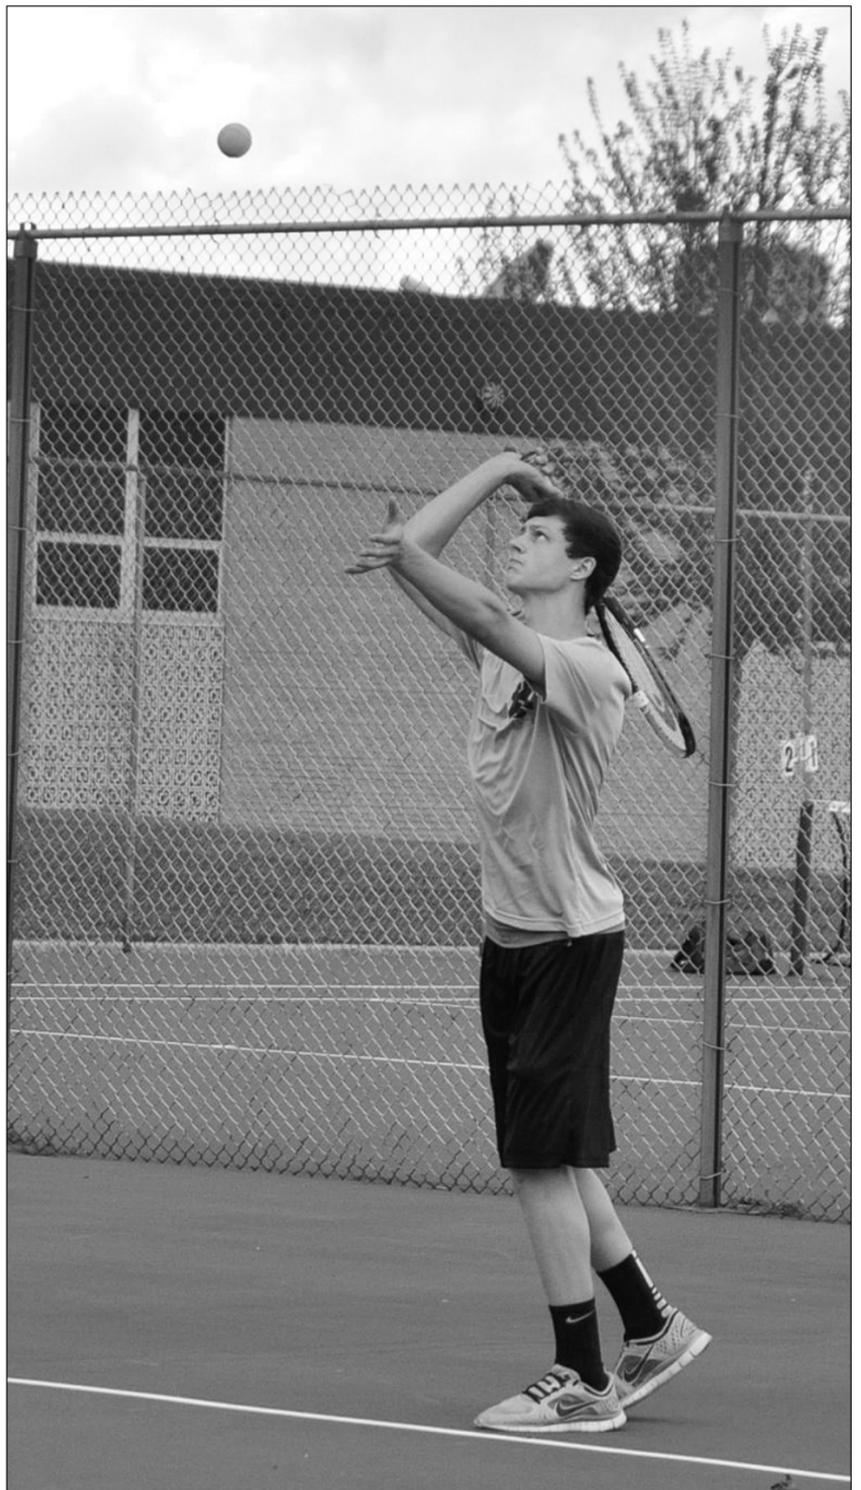

On a day where most people were happy to be inside their homes and some even turned their heat back on, the Indians were sloshing in the rain trying to slow down a potent scoring Winneconne team. The Wolves led 2-0 at half then they exploded for five more goals after the break as they improved to 7-1-1 and maintained their hold on second place in the ECC.

"It was a challenging one" Piwoni said about the conditions his team faced, and the fact the host Wolves were overpowering offensively. "They kept pressing and pushing until they found a crease."

This was just the second time the Indians were shut out this spring.

Note: Plymouth lost for the first time on May 12, falling to Kettle Moraine Lutheran in a 1-0 decision, with the Chargers scoring the lone goal with less than six minutes to play.

Current ECC standings: 1. Plymouth, 8-1-1; 2. (tie) Winneconne and KML, 7-2-1; 5. Campbellsport, 6-1-2; 5. Waupun, 3-6-2; 6. Kewaskum, 3-5-1; 7. (tie) Berlin and Ripon, 0-9.

Kewaskum Tops Grafton 12-9

The Kewaskum A's picked up their first Rock River League win of the year with a 12-9 comeback win over the Grafton Express on Sunday afternoon, May 8.

The A's wasted little time in taking an early lead on a first-inning RBI single by Harry Steldt and added to that lead with a three-run fourth inning to push their lead to 4-0.

Brad Young (2 RBI double) and Nick Rosenthal (RBI single) delivered with

run scoring hits in the inning. Jordan Dreikosen (5IP, 8 Ks) cruised into the 5th inning without a hit and a 4-0 lead, but Grafton rallied with a six run inning to take a 6-4 lead.

Finding themselves trailing 8-4 in the seventh inning, the A's erupted for eight runs as they sent 13 batters to the plate. Jason Strobel (RBI double), Jim Ziegler (2 RBI single) and Nick Rosenthal (RBI single) all collected run scoring hits in the inning to

give the A's a 12-8 lead. Austin Cairo (2IP, Win) and Brad Young (2IP) made that lead hold up the rest of the way to secure the Mother's Day win. The A's were led offensively by Brad Young (2B, 2 RBI's), Nick Rosenthal (2 RBI's) and Adam Sarauer (RBI) as each collected three hits on the day.

Sunday's win puts the A's at 2-2 overall (1-1 Rock River) on the year.

West Allis Too Much For Kewaskum A's

The Kewaskum A's traveled to West Allis on Thursday night, May 5, looking to avenge three blow-out losses last season to the host Nationals.

The A's were able to avoid the big inning that doomed them in last sea-

son's games, but West Allis was eventually able to pull away for a 10-2 Southeastern Wisconsin Baseball League win.

Alan Carrasquillo and Nate Farrington knocked in runs in the third inning for the A's to tie the game

at two apiece, but that was as close as things would get. Carrasquillo (RBI) and Jim Ziegler (2B) led the A's with two hits apiece, while Ziegler (5IP, 4ER, 5Ks) also picked up the loss on the mound.

James Banks tees off on one of the holes at Auburn Bluffs Golf Club in Campbellsport on Saturday, April 30. The Kewaskum High School golf team has been doing well this season.

Missed Scoring Chances Keep KHS From A Sweep

By Judy Harlow

The guest list was star-studded for the annual Waupun High softball tournament held May 14, including two strong Division 2 teams, Waupun and Kewaskum, Laconia, the top D-3 team in the state and a traditionally good D-4 squad from Oakfield.

Laconia, behind the pitching and hitting of Kayla Schwebke, emerged from the event unscathed, beating Waupun 1-0 and Kewaskum 3-2.

"We went 1-1," KHS coach Jeff Gosse said, and considering the competition he was pleased to be that close to Laconia and to defeat Oakfield, 10-4.

The host Warriors, currently atop the East Central Conference standings, wound up 0-2.

About the one-run loss to Laconia, Gosse said, "It was a very, very good game," with no errors, and, "Both pitchers were right on."

Gosse went with freshman Kennedy Lehn, who struck out 13, walked three and scattered three hits. "Each pitcher gave up

three hits," Gosse went on, reporting Schwebke struck out 16 Indians and also issued three free passes to first base.

"She (Schwebke) was probably the best pitcher we've seen," Gosse said, noting there are several good pitchers in the area, but she is "just a notch above the rest."

KHS scored its run in the third, coming when Maddie Geidel singled, went to second on a passed ball and came home on a single by Kenzie Lehn.

Ashley Trapp had the Indians' other hit.

The Spartans scored single runs in the fifth and sixth frames. The winning run came on a walk, sacrifice bunt and a base hit.

"We couldn't get the big two-out hit. That was the big difference," Gosse said, reporting his team left five runners stranded.

Kewaskum 10, Oakfield 4

The Indians' bats came alive in the win over the

Oaks. KHS had 13 hits, scored eight runs in the first three innings en route to the victory over Oakfield, which had been in the top ten among D-4 teams and is now receiving honorable mention.

Bre Trepes, Geidel and Kennedy Lehn all contributed two hits, with Lehn, Maddy Lehmann and Leah Theusch all drove in two runs.

Trepes pitched the first four innings for the Indians and picked up the win. She struggled a bit with control, giving up five walks, which led to four runs, but the Oaks only managed three hits against her.

Kennedy Lehn came on in relief and shut out the Oaks the rest of the way.

"It was a neat tournament. You had four quality teams there," Gosse said, adding it was good for the Indians to have the opportunity to play in it because, "You learn so much. You take away so much"

The Indians are currently 17-4 and now await the decision by the 13 coaches in the Chilton Sectional on seeding for the upcoming regional. Gosse said the coaches were meeting May 18 to set the field.

Kewaskum Statesman • (262) 626-2626

Kewaskum Youth Soccer Results From May 14th

Despite a solid performance, the U7 Fireballs were outmatched by the Slinger Lightning. Excellent defense was played by Aaron Schmidt and Shaye Bartel. Elsa Rettler displayed aggressive rushing and Lydia Geidel was great at driving the ball for long runs. Kaylee Flood had some awesome breakaways and Eleanor Schulz really knew her position and played strong all around. Brady Flood and Cece Broughton had some superb blocks and consistently made plays at the ball.

The KYSO U7 Suns Soccer team did not mind the cold and windy conditions on a very unpleasant Saturday. They scored quickly to warm up their spirits and continued to play great offense and defense throughout the entire game. The Suns added three more goals in the second quarter, one in the third and three more in the fourth quarter. All players showed great effort and continued improvement in their skills, game awareness, and sportsmanship. Great job Suns! Scoring – Kingston Grisolono (4) Scarlett Reis (2) Grant Rasmussen (1) Marisol Gurrola (1).

U8 Hurricanes came away with another win this week with a 9-2 victory over the Richfield Rush. Emerson Schmidt had two goals and Liam Stoffel added another six. The final goal came from

Tommy Wilcox. The Hurricanes worked as a team through the entire game to keep the Rush on their toes and out of the goal. Great work Hurricanes. With this victory, the Hurricanes are now 5-0-1.

The U-8 Cyclones played in Slinger against the Cougars on Friday, May 13 and at home against the Slinger Rebels on Saturday, May 14. The Cyclones lost 0-12 on Friday night but played much better on Saturday in a 2-7 losing effort. Elli Calliari played aggressively, especially in the second half and Taylor Daniel was constantly around the ball, pushing it up the field.

U9 Riptide played well all four quarters against the Slinger Pumas. The result was a 8-4 win. Lidia Handke, and Macy Sabish scored their first goals of the spring. Emily Melzer scored three, and Madison Legate and Tyler Kehres scored as well. Emma Koch and Rowan Bell played very well today as well. It was a great team performance.

Saturday, May 7th the U9 Flash took to the field against the Jackson Mustang to take a win. There was good passing from Emma Sielski to allow Casey Schmidt to score for Flash. The game continued on with goals from Casey Schmidt, Nick Paul and Caitlin Finger. There was good blocking from Lauren Rettler, Nathan Vlotho, Maddie

Marquardt, Jason Maas and Eden Korth. The final score was 4-3.

This past Saturday, the U9 Flash took to the field against the Jackson Stingrays but came up short. The entire team worked hard on the field. Caitlin Finger scored for team Flash during the third quarter. Keep working hard Flash!

U10 Spartans suffered a tough loss this weekend to Hartford with a final score of 3-6. The game began with a score for Hartford during the first play of the match. The Spartans soon became disheartened but after halftime were determined to get back in the game. The team began a strong comeback with majority possession in the fourth quarter but were unable to close the gap in time. Scoring this week were Dawson Stahl (1), James Martin (1) and Timmy Hafemann (1).

Wow! A big scoring barrage from the U10 Aztecs this Saturday in their 10-5 win over Jackson. It started out with an own goal from Jackson to give the Aztecs a 1-0 lead and that was all the confidence they needed. Lead by a first half hat trick (three goals) from Austin Jantz. Luke Grover was able not only to get his first goal of the season but his second as well. Caleb Galecke, who's been a goal scoring machine this season, had two more goals. Adam Deppert and Emily Burmeister capped off the

Jordan Carlton tees off on one of the holes at Auburn Bluffs Golf Club in Campbellsport on Saturday, April 30. The Kewaskum High School golf team has been doing well this season.

photo by Dan Miller

scoring with one goal apiece.

The Girls KYSO U10 Warriors Soccer team wrapped up their amazing season on Saturday and closed out the regular season with an undefeated record. The Warriors were trailing for the better amount of the first half 0-1. It may have been the cold and windy conditions that slowed the Warriors, but after they warmed up they quickly scored three unanswered goals to run away with the victory 3-1. Scoring was Brooke Gruen (1), Ally Heipp (1) and Jadin Czuppa (1).

U12 Fury played two excellent games this week. On Wednesday they played a great game against the Jackson Badgers tying 3-3. Kewaskum had a rough

first half as the Badgers scored within seconds of the game starting and all three of their points in the first half of the game. At half time the score was 3-0. The Badgers were up. The second half, Dane Maramonte and Hudson Curtin led the defense and helped hold off any more scores. Kaidan Dieringer and Carter Curtin scored three in the second half to tie the game. On Saturday KW Fury played against the Slinger Hurricanes. Within the first few minutes of the game Slinger scored off of a great corner kick. However, the defense was able to hold them the rest of the game. Sydney Wheaton played fantastic at goalie during the second half. Kaidan Dieringer and Carter Curtin again scored in the

second half of the game putting a win on the books over the Hurricanes 2-1.

The Knights took on Juneau Rage and tied with a score of 6-6.

Andrew Carlton and Hunter Koss each scored several goals. The defensive team was led by keeper Gannon Kreuser, Tayllor Fischer, Emma Penfield, Colin De Young and Emma and Elena Vlotho.

The Kewaskum offensive team of Andrew Carlton, Mark and Brett Moran, Trevor Geldnich and Skylar Schmitt played hard, putting lots of pressure to Juneau. Despite the weather, the Knights played a great game.

Come cheer on the team this weekend as it plays West Bend Y at home.

Rock River Paddlers To Focus on Water Quality

From May 15 through May 25 the Rock River Coalition will be paddling down the Rock River during "Testing the Waters: A Paddle and Probe Adventure" and we invite you join us! Starting in Mayville and ending in Beloit, the paddlers will test water quality along the Rock River and host community programs to discuss their findings.

They will give evening presentations in towns along the way, including Horicon, Watertown, Jefferson, Fort Atkinson, Janesville, and Beloit.

The "Testing the Waters" event will use a new approach to water testing. Rather than conducting tests in one spot, the paddlers will install special equipment on their kayaks to measure four parameters, every ten seconds, all along the river throughout the eleven days of the trip. The information will be instantly uploaded to a mapping server via the paddlers' cell phones, so anyone with internet access can see the results at testing-waters.org. Website visitors will be able to view data and even prepare their own maps to print or share in presentations or on social media.

The water quality tests will include dissolved oxygen, temperature, conductivity and pH, each an important measure of water quality.

The team will do some traditional sampling as well by collecting water samples for phosphorus analysis at the start and end of each day and at the confluence of every major stream or river entering the Rock River. The pad-

dlers will also measure turbidity, or how clear the water is, several times each day.

Together these measurements will give us a better picture of the Rock River's water quality. While this one trip doesn't tell the whole story, it will give one snapshot view of water quality and establish a baseline for future research efforts.

Eric Compas, a UW-Whitewater professor and the inventor of the testing array and the associated web map, said he is looking forward to the journey. "This offers us the chance to look at rivers in a new way," he said. "We're all really looking forward to seeing what patterns emerge."

Testing the Waters isn't the only method that the Rock River Coalition uses to collect data on streams in the basin. The charitable organization annually trains legions of volunteers to monitor water quality. Last year, 141 volunteers collected data at 102 sites. This data is used for both educational purposes and in some cases can be used by the DNR in doing evaluations of water quality.

In fact, the DNR has been working on the Rock River Recovery Plan since 2010 when its report, "The Total Maximum Daily Load for Total Phosphorus and Total Suspended Solids in the Rock River Basin" was published. The report explains why the entire Rock River and many of its tributaries are impaired and describes how to reduce the amount of the critical pollutants, sediment and phosphorus, down to the target goals.

DNR officials and others are convinced that water quality in the Rock River can be improved. Greater water clarity and decreased algae blooms will increase the value and usefulness of the river. We all depend on clean water—for drinking, recreation, agriculture and industrial businesses. Everyone who lives, works, or vacations in the Rock River Basin will benefit from improved water quality.

The "Testing the Waters" paddlers will host community programs to reveal their findings to date and provide a forum for interested community members to ask questions and discuss water quality challenges. Visit www.rockrivercoalition.org for a full list of speakers and events.

"Testing the Waters" is an eleven-day educational adventure. Our paddlers will use special equipment to take water quality samples along the Rock River from Mayville to Beloit, stopping at communities along the way to share what they've learned and provide a forum for discussions about water quality and practical solutions. Community Program Evening Schedule; doors open at 6 p.m. with light refreshments served, 6:30 p.m. welcome – our project: An Overview, 6:45 p.m. welcome from local leaders, 6:50 p.m. water quality in the rock, 7:10 p.m. report from the river, hear what we're learning about your river. View the webmap and learn how to watch our daily paddle. 7:30 p.m. keynote speaker, 8 p.m. what you can do, 8:20 p.m. closing.

Sunday, May 15, Trip Launch in Mayville, Paddle Crew Arrives at Rotary Park in Mayville at 11 a.m., Welcome to the Rock, and Testing the Waters, Our Hopes and Goals. Hands-on demonstrations of water quality monitoring.

May 16, Horicon, this event will have two speakers. A Vision for the Riverfront in Horicon, river-based ecotourism as a basis for downtown placemaking – Jim Schaefer, Horicon Economic Development Coordinator. The Importance and Role of Citizen Stream Volunteers – Nancy Sheehan, RRC Monitoring Coordinator. Location: IAM Local 873 Lodge, 258 Barstow Street, Horicon.

May 17, Hustisford, Water Quality, Recreation and Economic Development – Dennis Uecker, Hustisford Village President. Location: Hustisford Community Library, 609 W. Juneau St.

May 18, Preserving Farmland for the Benefit of All – Jill Bedford, Tall Pines Conservancy. Location: Dodge County Harnischfeger Park.

May 19-20, Paddling only; no other events scheduled.

Saturday, May 21, Watertown and Johnson Creek, our water quality program will start about Noon at the Watertown Senior Center, 514 S. First Street.

At 6 p.m., after our day's paddle is completed, we'll enjoy a picnic and conversation with Johnson Creek Watershed Alliance and Friends of the Glacial Heritage Area, Rock River Park on County B,

Johnson Creek. Brats and beverages available for purchase.

May 22, Jefferson, The Fishery of the Rock River Basin, Located at Jefferson Rotary Park in Jefferson, Noon – 1:30 p.m.

May 23, Fort Atkinson, Cities and Water Quality Improvements: Progress made to date and goals for the future – Andy Selle, Fort Atkinson City Engineer. Location, Fort Atkinson Club, 211 S Water St. East.

May 24, Janesville, After

the Flush, How Your Treatment Plan Works and Meeting the Clean Water Challenge – Joe Zakovec, Janesville WWTP Supervisor. Location, Janesville Traxler Park Warming House, 600 N Main St.

May 25, Wrap-Up Celebration in Beloit. Focus on Our Paddle Adventure, Our discoveries through videos, photos and stories. Cake and light refreshments served. 4 p.m. at Rotary Center, Riverside Park, Beloit.

Washington County's Most Wanted

The Washington County Sheriff's Department is seeking:

Name: Natshawn M Johnson
Also Known As: "Nat"
Age: 21

LEGAL NOTICES

NOTICE OF PUBLIC HEARING TOWN OF FARMINGTON

NOTICE IS HEREBY GIVEN that the Town of Farmington Zoning Board of Appeals will conduct a hearing on the application for appeal filed by Stan Neilsen. The hearing will be held at 4:30 p.m. on June 2, 2016 at the applicant's property located at 2076 Elm Tree Dr., in the Town of Farmington.

The applicant's property is located in the NW 1/4 of the SW 1/4 of Section 20.

The appeal is to seek a variance from the requirements of the Zoning Ordinance and if granted will permit the applicant to build a garage bigger than allowed by ordinance.

All interested persons wishing to comment on the appeal should appear at the hearing.

5-19(2) WNAXLP
 Henry J. Derler,
 Zoning Administrator

NOTICE OF BOARD OF REVIEW STATE OF WISCONSIN TOWN OF FARMINGTON WASHINGTON COUNTY

NOTICE IS HEREBY GIVEN that the Board of Review for the Town of Farmington, Washington County, Wisconsin shall hold its first meeting on June 6, 2016, from 6:00 p.m. to 8:00 p.m. at the Town of Farmington Town Hall, 9422 STH 144, Kewaskum, WI 53040.

Please be advised of the following requirements to appear before the board of re-

view and procedural requirements if appearing before the board:

1. No person will be allowed to appear before the board of review, to testify to the board by telephone, or to contest the amount of any assessment of real or personal property if the person has refused a reasonable written request by certified mail of the assessor to view the property.

2. After the first meeting of the board of review and before the board's final adjournment, no person who is scheduled to appear before the board of review may contact or provide information to a member of the board about the person's objection, except at a session of the board.

3. The board of review may not hear an objection to the amount or valuation of property unless, at least 48 hours before the board's first scheduled meeting, the objector provides to the board's clerk written or oral notice of an intent to file an objection, except that upon a showing of good cause and the submission of a written objection, the board shall waive that requirement during the first two hours of the board's first scheduled meeting, and the board may waive that requirement up to the end of the fifth day of the session or up to the end of the final day of the session if the session is less than five days with proof of extraordinary circumstances for failure to meet the 48-hour notice requirement and failure to appear before the

board of review during the first two hours of the first scheduled meeting.

4. Objections to the amount or valuation of property shall first be made in writing and filed with the clerk of the board of review within the first two hours of the board's first scheduled meeting, except that, upon evidence of extraordinary circumstances, the board may waive that requirement up to the end of the fifth day of the session or up to the end of the final day of the session if the session is less than five days. The board may require objections to the amount or valuation of property to be submitted on forms approved by the Department of Revenue, and the board shall require that any forms include stated valuations of the property in question. Persons who own land and improvements to that land may object to the aggregate valuation of that land and improvements to that land, but no person who owns land and improvements to that land may object only to the valuation of improvements to that land. No person may be allowed in any action or proceedings to question the amount or valuation of property unless the written objection has been filed and that person in good faith presented evidence to the board in support of the objections and made full disclosure before the board, under oath, of all of that person's property liable to assessment in the district and

the value of that property. The requirement that objections be in writing may be waived by express action of the board.

5. When appearing before the board of review, the objecting person shall specify in writing the person's estimate of the value of the land and of the improvements that are the subject of the person's objection and specify the information that the person used to arrive at that estimate.

6. No person may appear before the board of review, testify to the board by telephone, or object to a valuation if that valuation was made by the assessor or the objector using the income method of valuation, unless the person supplies the assessor with all the information about income and expenses, as specified in the assessor's manual under s.73.03 (2a), Wis. stats., that the assessor requests. The Town of Farmington has an ordinance for the confidentiality of information about income and expenses that is provided to the assessor under this paragraph that provides exceptions for persons using information in the discharge of duties imposed by law or the duties of their officer or by order of a court. * The information that is provided under this paragraph, unless a court determined that it is inaccurate, is not subject to the right of inspection and copying under s. 19.35(1), Wis. stats.

7. The board shall hear upon oath, by telephone, all ill

or disabled persons who present to the board a letter from a physician, surgeon, or osteopath that confirms their illness or disability. No other persons may testify by telephone unless the Board, in its discretion, has determined to grant a property owner's or their representative's request to testify under oath by telephone or written statement.

8. No person may appear before the board of review, testify to the board by telephone, or contest the amount of any assessment unless, at least 48 hours before the first meeting of the board, or at least 48 hours before the objection is heard if the objection is allowed under s.70.47 (3) (a), Wis. stats., that person provides to the clerk of the board of review notice as to whether the person will ask for the removal of a member of the board of review and, if so, which member, and provides a reasonable estimate of the length of time the hearing will take.

Notice is hereby given this 18th day of May, 2016
 5-19 WNAXLP
 Chris Schellinger, Town Clerk

TOWN OF FARMINGTON WASHINGTON COUNTY WISCONSIN

Please take notice that on May 10, 2016, the Town Board of the Town of Farmington adopted Ordinance No. 2016-01 authorizing the Washington County Sheriff's Department to enforce certain Town of Farmington ordinances. The full text of Ordinance No. 2016-01 is available for inspection at the Town Hall at 9422 STH 144, Kewaskum WI 53040 by appointment or at www.town.farmington.wi.us. For additional information contact Chris Schellinger, Town Clerk at 262-447-1018 or csclerk@charter.net. This ordinance will be effective after publication and posting. CITY OF MAYVILLE CITY CLERK

The City of Mayville is accepting applications for the position of City Clerk. This is a full-time salaried position responsible for performing various functions of the office of Clerk as defined by State Statutes and Municipal Ordinances. Duties include issuing licenses and permits, conducting elections, serving as Clerk of the Board of Review, attending City Council meetings and preparing agendas and minutes. This position supervises a Deputy Clerk. Hours will require some evening hours.

Desired qualifications include: experience in office management or related field, proficient in Microsoft word and excel a must, municipal government experience desired, payroll/personnel supervision experience desired. Certified Municipal Clerk, Wisconsin Municipal Clerk designation or completion (or in process of completing) of Wisconsin Municipal Clerk's Institute and Wisconsin Municipal Treasurer's Completion Course a plus, or any equivalent combination of training and experience which provides the required knowledge, skills and abilities. Starting salary range is \$38,000 - \$47,000 dependent on qualifications, with competitive fringe benefits. Full position description and application can be found under the City Clerk tab on the City's website at www.mayvillecity.com. Application deadline is May 27th at 4:30 pm. Mail resume and completed application to:

Mayor Rob Boelk, City of Mayville
PO Box 273, Mayville, WI 53050.

Low Maintenance Vegetable Gardening For A Bountiful Harvest

By Melinda Myers

Increase your harvest without increasing the size of your garden or workload. All you need is a bit of intensive planting, along with some low maintenance techniques.

Invest some time upfront to prepare the garden soil. This will save you time throughout the growing season. Add several inches of organic matter and a slow release fertilizer into the top eight to 12 inches of soil. The organic matter improves drainage in clay soils and increases moisture retention in sandy soils. The slow release fertilizer feeds the plants for several months, reducing the number of applications needed. You'll have healthier plants that are better able to fend off pests and out-compete the weeds.

Match the plants with the right growing conditions. Tomatoes, peppers, and other vegetables that produce fruit need full sun. Leafy crops like lettuce are more tolerant of

shade. Check plant tags and seed packets for planting details or download a free gardening app, like Homegrown with Bonnie Plants, for plant information, maintenance tips, weather reports, and more.

Plant seeds and transplants in blocks with fewer pathways. Give each plant enough room to grow to its full size. Your rows will be closer together with just enough paths for weeding, watering, and harvesting. You will be growing more plants and pulling fewer weeds with this strategy.

Interplant to further maximize your planting space. Plant short-season vegetables like lettuce and radishes in between properly spaced longer-season vegetables like broccoli and tomatoes. By the time the longer-season plants start filling the space, the shorter season plantings will be ready to harvest. You'll be pulling radishes or cutting lettuce instead of weeds. Plus, you'll harvest two crops from one row.

Plant successive crops throughout the growing season. Plant cool weather vegetables like spinach, radishes, and lettuce in spring. Once these are harvested, replace with warm weather vegetables like beans, tomatoes, or cucumbers. Finish off the season by filling any voids with a fall crop of cool weather vegetables.

Go vertical to save space, reduce disease, and make harvesting easier. Growing vine crops on supports lifts the fruit off the ground and increases the amount of light and airflow the plants receive, reducing the risk of disease. Plus, you'll do less bending when it's time to harvest.

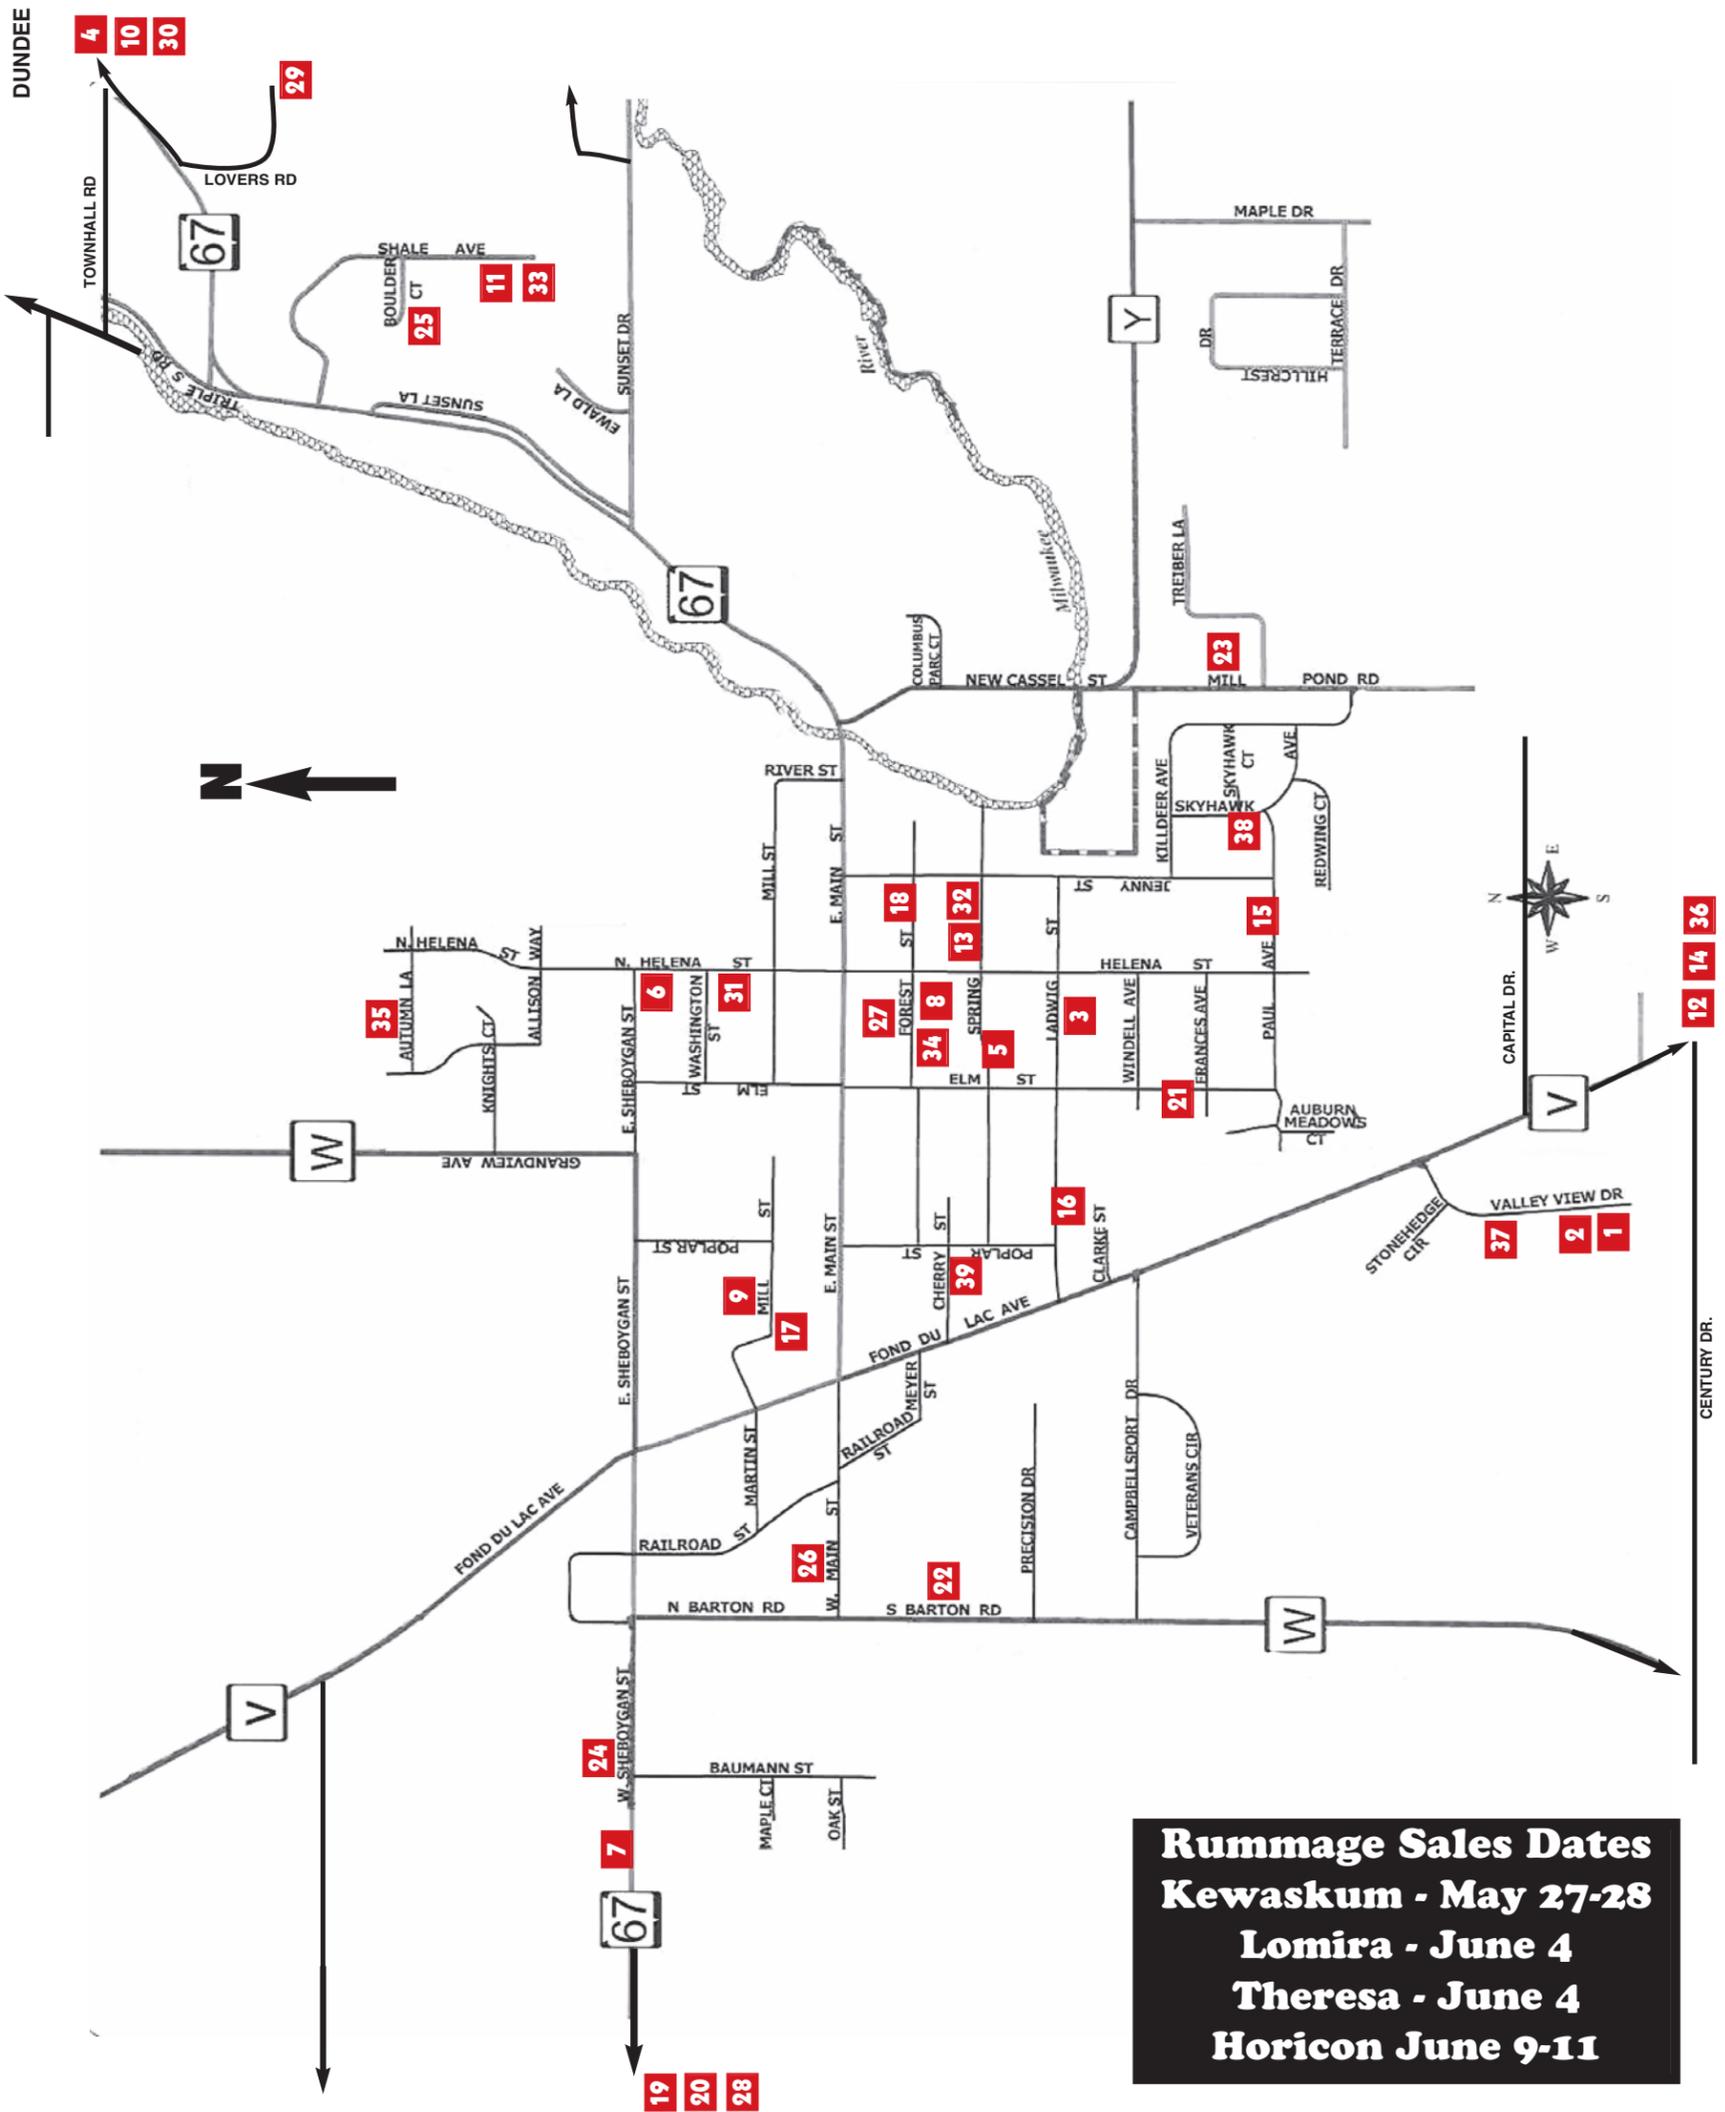

Mulch the garden with pine straw/evergreen needles, shredded leaves, or other organic matter. These materials suppress the weeds, conserve moisture and add organic matter to the soil as they decompose. You'll have fewer weeds to pull and not have to water as often.

Save time and water with the help of soaker hoses or drip irrigation. These systems apply the water directly to the soil where it is needed. Less water is lost to overspray, evaporation, and runoff. They also reduce the risk and spread of disease by preventing water from settling on the leaves of the plants.

Try a few or all of these strategies this season for an abundant harvest without a lot of extra work.

—Melinda Myers has over 30 years of gardening experience has written over 20 gardening books, including *Small Space Gardening* and the *Midwest Gardener's Handbook*. She hosts *The Great Courses* "How to Grow Anything: Food Gardening For Everyone" DVD set and the nationally syndicated *Melinda's Garden Moment* TV & radio segments. Myers is a columnist and contributing editor for *Birds & Blooms* magazine and was commissioned by *Bonnie Plants* for her expertise to write this article.
