Replaying High School Memories

By Anne Trautner

As Kewaskum High School alumni reunite this week for homecoming, many will visit their alma mater, rekindling high school memories.

Dick Edwards, 87, is a KHS graduate who recently visited the high school. Although the school is housed in a different building than the one he attended in the 1940s, his name is one of those that is engraved, along with his teammates, on trophies that are displayed at the school.

"We all played ball together in one form or another. We all had to play because we only had about 30 kids in a class," said Edwards, who graduated in 1948.

The game of football was different in those days.

"We played six-man football back then," Edwards said.

Edwards remembers being quarterback and throwing to John McElhatton and Bobby

Stahler.

"McElhatton was my fast guy and Bobby was my straight-ahead guy," Edwards said. "They were fast runners, and that's what you needed in six-man football."

Edwards never played football under the lights, because those were not added until after he graduated. Games were always held Friday afternoons before the sun went down.

Ernie "Doc" Mitchell coached the football, basketball and baseball teams that Edwards played on. Today, the high school's athletic field bears his Mitchell's name.

When the seasons changed, the same students typically went out for the next sport. So the football team pretty much became the basketball team, Edwards said.

One glance into the high school's trophy case, and it is clear that Kewaskum's basketball teams were the powerhouse of the conference back in the late 1940s and early 50s.

Students from Farmington Elementary School and the i4Learning Community School take part in a Mini KEYS Run on September 27. The event kicked off the Fuel Up To Play 60 program for the two schools, as well as introduced students to the KEYS 5K Run, which will be held on Sunday, Oct. 8, to raise funds for scholarships for Kewaskum students. For the story and more pictures, see page 13.

KHS Plans Homecoming Events

Kewaskum High School (KHS) is celebrating Homecoming this week.

The community is welcome to take part by participating in some of the planned events. It all starts with a weeklong

food drive sponsored by the KHS Key Club that benefits the Kewaskum Community Food Pantry. Community members can either drop off items during homecoming week in the box located by the high school office or send items with students.

Throughout the week

there are also numerous sporting events that community members are encouraged to attend. A calendar of these events can be found on the high school's athletic calendar.

This year's homecoming parade will begin at 4:30 p.m. on Friday, Oct. 6. The parade will begin in the

Regal Ware parking lot on Reigle Drive, head east in front of the high school, south on Bilgo Lane, east on Third Street to Parkview Drive. It will then travel south before turning west on First Street, north on Bilgo Lane and west on Third Street back to Reigle Drive.

Dick Edwards (right) poses with his grandson, Isaiah Cochran, in front of the trophy case at Kewaskum High School. Edwards, 87, is a 1948 KHS graduate who played football, basketball and baseball for the school.

Photos Of Local Veterans Sought

By Andrew Johnson

The Kewaskum Statesman will be honoring local veterans by publishing their photos in the Veteran's Day edition.

Veterans and or their family members are encouraged to submit a photo of a local veteran (living or deceased) in uniform by noon on Friday, Oct. 27. This includes those currently serving as well as those honorably discharged. THERE IS NO COST.

All local veterans include those who have called the coverage area (Kewaskum School District) home now or at one time. Once the photo has been submitted, the Kewaskum Statesman will continue to use it in future Veteran's Day editions unless notified otherwise or a different photo is submitted.

Photos submitted last year will be used again this year. Only one photo will be used per veteran per year. Please include the following information with the photo: name of veteran, branch of service, rank, years serviced, and hometown.

In addition to honoring our veterans now in our special edition, it is also important that permanent records be made for every veteran who is serving or served our great country in historical media records for future generations. The pages of the Kewaskum Statesman are archived digitally every week at the Wisconsin Historical Society that is located on the UW-Madison campus in Madison. These pages or records are searchable in all Wisconsin libraries and public school libraries by field as part of the Badger Link System. In other words, a veterans photo can be located by

name on the system if published in a Wisconsin Newspaper Association newspaper like this one.

Why Honor Our Veterans

Why is honoring our veterans important? The reality is that the only thing separating our free country from the rest of the world is our armed forces. It is our veterans from the past who made us free and it is our current service members who keep us free. These fine people gave or are giving of themselves for the protection of our way of life.

Many of them paid a huge price for us. Some of them suffer daily long after they are out of the service. There has never been a more important time to positively honor our local veterans in this local media.

Laura and I along with the staff at the Kewaskum Statesman proudly support our military veterans. Please join us in making sure every local veteran is properly honored by publishing a photo of each one. This includes friends, relatives, spouses, children or anyone you can think of that served.

Let us not forget anyone! Please spread the word.

Veterans' photos can be emailed to frontdesk@kstatesman.com or dropped-off at the Kewaskum Statesman office (1032 Fond du Lac Ave.), or mailed to the Statesman (1032 Fond du Lac Ave., Kewaskum, WI 53040). Please only mail a copy of a photo since the Kewaskum Statesman will not be responsible for mailing the photos back.

Photos must be received by noon on Friday, Oct. 27, to be included in the Thursday, Nov. 7, newspaper.

KHS Class Of 1992 Plans Reunion

The Kewaskum High School Class of 1992 will hold its 25-year class reunion on Saturday, Oct. 7, at Hon-E-Kor Golf Club at 7 p.m.

The reunion will feature a cash bar, light appetizers and casual attire. The cost is \$25 per person. Attendees are asked to RSVP to Kelly (Enright) Goedon, 529 Knights Ave., Kewaskum, WI 53040.

Members of the class are welcome to join the group at the Homecoming football game on Friday, Oct. 6.

WASHINGTON COUNTY SHERIFF'S OFFICE REPORT

Structure Fire

At 2:23 a.m. on September 28, the Washington County Sheriff's Office Communications Center received a 911 call from a 60-year-old Town of Addison woman indicating her home, located in the 6100 block of W. Linden Drive, was filling with smoke.

Both occupants woke up when multiple smoke alarms activated in the home, and were able to safely evacuate. Prior to, and as first responders were arriving, the 60-year-old husband re-entered several times in an effort to retrieve property. He was later transported for smoke inhalation to St. Joseph's Hospital and was expected to be released after additional treatment.

Allenton Fire Department responded to the scene and was assisted by St. Lawrence, Hartford, West Bend, Kohlsville and Kewaskum fire departments. All fire departments cleared from the scene by 4:20 a.m.

Fire officials determined that the fire originated in the basement near a dehumidifier. Preliminary estimates are that the structure sustained \$40,000 in smoke and water damage.

The subsequent investigation revealed the dehumidifier was a make and model that may have been subject to either a stop sale notice from the manufacturer or possibly a recall. The fire remains under investigation.

The Sheriff's Office

urges residents to thoroughly research the recall history of any dehumidifiers in use.

One such resource is: www.recallrtr.com/dehumidifier.

OWI Cases

- On Saturday, Sept. 30, at 8:49 a.m., a deputy located a car on Interstate 41 near County Trunk K that was called in and reported to be swerving and tailgating. The deputy stopped the vehicle for expired registration. The driver, a 43-year-old Horicon woman, was suspended and failed sobriety field testing. She was arrested for fifth offense OWI. Her passenger, a 52-year-old Horicon man, was also arrested on an outstanding Milwaukee County warrant for failure to appear on third offense OWI and a felony warrant for possession of cocaine.

- On Saturday, Sept. 30, at about 6:30 p.m., a landowner in the Town of Trenton contacted the Sheriff's Office when he observed a subject driving through his bean field. Deputies made contact with the driver, identified as a 31-year-old Town of Trenton man, at a residence in the 6700 block of Eastwood Trail and arrested him for fourth offense drunk driving. He also remains in custody at the Sheriff's Office.

- On Sunday, Oct. 1, at 4:57 a.m., the Sheriff's Office received a report of a vehicle speeding on Interstate 41 southbound

from the north county line. A deputy located the suspect vehicle, driven by a 39-year-old City of Milwaukee man, traveling at 94 mph near State Highway 33. The vehicle was stopped by the deputy north of State Highway 60. The driver, currently on parole for felony weapons charges, drug charges and drunk driving conviction with a child under 16 years of age, failed roadside sobriety and was arrested for fifth offense drunk driving. A pistol was also located in the car during the subsequent search.

After the arrest, the man, who is 6 feet 2 inches tall and 240 pounds, told deputies the Sheriff's Office is, "going to pay for this." He proceeded to kick at the rear door and window of the squad car. The glass on the window held, but the portion of the door above the window was peeled open and the door will be a total loss. At the scene the driver vowed to a supervisor that law enforcement would never get his blood for a legal test. After obtaining a search warrant for his blood, six deputies held him down to fulfill the requirements of the warrant; his blood sample is in evidence.

He was held at the Washington County Jail for on the following charges: OWI fifth offense, operating without a valid driver's license, speed, felon in possession of a firearm, criminal damage to property, carrying a concealed weapon, armed while intoxicated and a probation hold.

The passenger, a 40-year-old City of Milwaukee man, was also on parole and a convicted felon. He was also arrested on a probation hold and currently in custody.

- On Sunday, Oct. 1, at 5:23 p.m., a deputy stopped a 53-year-old Theresa woman for erratic driving on Interstate 41.

The driver failed to stop for the deputy for approximately one mile. She was arrested for OWI first offense and transported to jail. During the arrest a marijuana and a pipe was located in her purse and she was cited for those offenses.

On September 29 at 9:43 p.m., in the area of southbound Interstate 41 and Holy Hill Road, a deputy stopped a 60-year-old Milwaukee man for unsafe lane deviation. The man told the deputy he left Wauwatosa and was headed to the east side of Milwaukee when he missed his turn. The man thought he turned around in the City of Port Washington and was headed back south on Interstate 43. He was arrested for first offense OWI. A preliminary breath test indicated he was 0.203.

- On September 29 at 1:09 a.m., a deputy arrested a 70-year-old Shawano man for third offense OWI after observing the man speeding and deviation in the lanes of Interstate 41 near County Trunk DW. The deputy learned that the man was out on bail for second offense OWI, and was also in violation of his bond restriction of absolute sobriety. The man was arrested for OWI third and bail jumping. He was also cited for operation with suspended, unsafe lane deviation and speed. A preliminary breath test indicated he was at 0.18.

- On September 29 at 2:06 a.m., a deputy observed a vehicle traveling in the middle of two lanes and almost strike a semi in the area of Interstate 41 and Mequon Road. The driver, a 27-year-old Oakfield man, failed sobriety testing as was arrested for OWI first offense. The intoximeter result was 0.13.

2016-17 Assessment Data Shows Improvement For Kewaskum Schools

Kewaskum School District state assessment results increased across all subjects on the Wisconsin Forward Exam during the 2016-17 school year. Over 453,000 students participated in the Wisconsin Student Assessment System last year.

In grades three through eight, the number of students who were proficient or advanced in English language arts (ELA) was 57.5 percent, an increase of 2.5 percent compared to last year and 13.1 percent above the state average. The number of students proficient or advanced in math was also 57.5 percent, an increase of 1.7 percent and 14.7 percent above the state average.

The Wisconsin Forward Exam also tests students in science in grades four and eight and social studies in grades four, eight, and 10. The percentage of students proficient or advanced in science improved to 60.4 percent, an increase of 1.7 percent from last year. The percentage of students proficient or advanced in social studies was 59.9 percent, an improvement of 7.7 percent compared to last year.

"Our teachers are doing

an amazing job holding our students to high standards. Our state assessment results are a great indicator of the progress the school district has made in academic achievement and growth," Superintendent James Smasal said.

Students in grade 11 took the ACT Plus Writing test as part of the Wisconsin Student Assessment System. This marks the third year that Wisconsin has used the ACT Plus Writing for its state assessment at the high school level. Kewaskum students scored a composite of 20.3 on the test, an increase of 0.2 points compared to last year. This marks the first year that Kewaskum students have scored above the state average since the ACT became the state assessment.

"Our mission is to prepare all students to be successful when they graduate and to ignite a passion for learning that will continue long after they leave our district. A good ACT only opens more doors for our students as they start applying to colleges, tech schools, and jobs," Curriculum Director Mark Bazata said.

Washington County Sheriff's Fugitive

The Washington County Sheriff's Department is seeking:

Name: Eric John Walker
Age: 25
Race: White
Sex: Male
Height: 6'00"
Weight: 165
Hair: Brown
Eyes: Hazel

Last Known Address: West Bend
Warrant Entry Date: 10/02/2017

Warrant: #1 - Washington County Sheriff- Resist/Obstruct an Officer, Warrant #2 Waukesha County - Felony - Possess Narcotic Drugs, Possess Drug Paraphernalia, Resist/Obstruct an Officer.

Anyone with information on this person's whereabouts should call the Washington County Sheriff's Department at 262-335-4411 or Washington County Law Enforcement Tip Line at 800-232-0594. Residents should not attempt to apprehend this suspect.

CWD Sampling Plan In Place For Southeastern Wisconsin For 2017-18 Deer Hunting Season

In cooperation with local businesses, Department of Natural Resources staff will focus on collecting deer heads for chronic wasting disease surveillance testing within Dodge, Jefferson, Walworth, Washington, Ozaukee, Waukesha, Racine, Kenosha and Milwaukee counties during the 2017 archery, crossbow and gun hunting seasons.

In addition, hunter service testing is available in all CWD-affected counties in Southeastern Wisconsin. If you harvest an adult deer within those counties, please consider submitting a sample from any harvested adult deer for CWD testing. While the nearest method for individual hunters to submit samples may not be in the county of harvest, be sure to look for sampling opportunities nearest you and play an important role in CWD sampling.

Sampling efforts in Walworth County are

aimed at learning more about disease intensity as part of CWD monitoring in the southeast area of CWD infection, which extends into Illinois. Sampling in Waukesha and Washington counties are part of efforts to gain more information regarding disease spread and intensity at the northeast edge of the CWD affected area.

Deer can be sampled for CWD at the following locations:

- Dodge County DNR 24-hour self-service kiosk at 1210 N. Palmatory St., Horicon.
- Jefferson County Bark River Lanes, Sullivan; and DNR 24 hour self-service kiosk, DNR Wildlife Management Office, Lake Mills.
- Walworth County Lake Side Bait and Tackle, Delavan; and Brehm Taxidermy, East Troy.
- Washington & Ozaukee County DNR 24-hour self-ser-

vice kiosk at Pike Lake Unit, Hartford.

- Waukesha County Whale Tales Archery, Dousman; DNR 24-hour self-service kiosk, Kettle Moraine State Forest, Eagle; and DNR Service Center, Waukesha. By appointment only, 414-588-1814.
 - Racine County Ron's Service Station, Tichigan; Artisan Taxidermy, Burlington; and Berndt's Hide Service, Burlington.
 - Kenosha County DNR 24-hour self-service kiosk at Bong Recreation Area, Kansasville.
 - Milwaukee County DNR Service Center. By appointment only, 262-424-9827.
- Wisconsin's citizens and cooperators play a key role in CWD sampling efforts in Wisconsin, and department staff would like to thank all participants and collection cooperators for their continued efforts.

Continued From... Replaying High School Memories

At that time, the teams played in the gym that was located in the building that became district's elementary school. It has since been demolished.

The playing floor was less than half the size of the current high school court, according to Edwards. He remembers all too well the solid brick wall that was under the basket at one end.

But the competitors had their own unique courts that are engraved in Edwards' memory.

"In Rosendale, most of the spectators sat in a balcony above one side. At Oakfield, you had to shoot over or under a cable that stretched across just outside the free throw lines," Edwards said.

He recalls that anyone who went in strong for a layup in Brandon often ended up going under the bucket and through the exterior door. Before they knew it, they were outside in the snow.

"There was one school, it might have been Oakfield, where there was a big cast iron heating stove in one cor-

ner of the gym, so you had to be careful if it was on," he added.

Edwards remembers winning most games. But when Kewaskum faced Fort Atkinson, he remembers what they were up against.

At 6 feet, six inches tall, the Blackhawks had a player that towered over Kewaskum's 6-foot star, John Tessar.

"We got killed, especially in a small gym like that. The center of the floor was about where the three-point line is now," Edwards explained.

There were no buses to transport the athletes to games. Instead, the players would catch a car ride from a coach or another student.

After high school, many of the athletes from that era continued to play basketball and baseball in the Land O' Lakes and Rivers leagues.

"The team changed from year to year as guys got hurt, were drafted, went off to school or moved away, but it was always all local players,"

Edwards said.

And the teams played anywhere they could.

"We played Waucousta and St. Michaels. There, we played in farm fields...they didn't even have a regular field, it just was something flat, with bases on it," Edwards said.

As the players got older, some had children who carried on the Kewaskum sports tradition. Some of their children were even on the same KHS teams. Edwards' son Tom was teammates with Augie Bilgo's son Jim, and John Tessar's son Scott in 1976. Today, Edwards has a special connection as his grandson Isaiah Cochran competes on Kewaskum High School teams.

All the former KHS Indians still remember their roots.

"Those of us still living and able closely follow the Kewaskum High School games either in person at games and/or in the papers," Edwards said.

Sick Deer Reports

Samples will also be collected from sick adult deer exhibiting signs of CWD in all nine counties. Everyone is encouraged to keep an eye out for deer that appear sick or are otherwise acting abnormally so biologists can assess if symptoms are consistent with CWD infection. Sick deer can be reported to your local DNR office or directly to the following DNR Wildlife Management staff:

- Mike Dampf, DNR wildlife supervisor, 608-588-3432.

For more information and a current list of participating taxidermists and deer processors, visit dnr.wi.gov and search keywords "CWD sampling." For CWD testing results, search keywords "CWD test results." Deer hunters are encouraged to check out the frequently asked questions page for more information regarding deer hunting in Wisconsin. The FAQ feature provides brief responses to a wide variety of deer hunting questions, ranging from deer management unit boundaries to antlerless permits. To view the FAQ page and more information regarding archery and crossbow deer hunting, search keyword "deer."

Kewaskum Community Conducts Coat Drive Through October 18

Schools, churches and local businesses in the Kewaskum community are conducting a coat drive through October 18.

They will accept gently used or new coats, hats, mittens and boots in all sizes.

Drop-off locations include: all Kewaskum

- School offices, Geidel's Piggly Wiggly, Holy Trinity Church, Kettlebrook Church, Kewaskum Village Hall, New Horizon Church, Peace United Church, Salem United Church, St. Lucas Church, St. Michael's Church and Westbury Bank, Kewaskum. Monetary

donations will also be accepted.

There also will be a bin available at the Homecoming football game on Friday, Oct. 6, for community members to bring items to the game that they would like to donate.

Fiesta Fun Night Planned For October 10

On Tuesday, Oct. 10, the Kewaskum Spanish Department and Spanish Club will host the fourth annual Fiesta Fun Night. The event will take place at Kewaskum High School, and will run from 5 to 7 p.m.

The purpose of Fiesta Fun Night is to give community members the opportunity to experience

the Hispanic culture and see what students in the district's 4K-12 program have been learning.

"It's great to see the community come together to celebrate Hispanic heritage and learn more about what the students do every day," Spanish teacher Anna Baltz said.

This year, the theme is Holidays. At this free

event, attendees will have the opportunity to taste Hispanic food donated by Casa Tequila of West Bend and several other local businesses (while supplies last).

Children can construct craft projects while learning about traditions that take place during Hispanic Holidays.

Christmas Carol Auditions – Searching For Tiny Tim (And Others, Too!)

The West Bend Theatre Company, in collaboration with area schools announce OPEN AUDITIONS for the eighth Annual Production of Dickens' "A Christmas Carol."

Auditions are: October 3 or 5 at West Bend High School Choir Room from 3 p.m. to 7 p.m. Sign up at the website, WBTheatreCo.com. Rehearsals will run Monday thru Thursdays, and some weekends in

November. Performances will be December 1,2,3 at the Silver Lining Performing Arts Center. Copies of the script, important dates, character roles and descriptions are posted on the company website.

Community members, students - people of all ages are encouraged to audition. Students as young as four and as old as 84 are welcome to audition. Over 40 roles for acting, singing and danc-

ing are available.

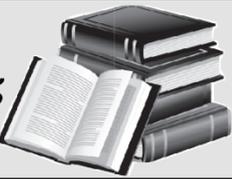

The production includes familiar christmas carols, an original script, and a team of community members that are developing a Dickens Immersion experience for attendees and participants. An old world type market, pre-show performers, and holiday crafts will also be included. Interested crafters can also contact info@WBTheatreCo.com.

Details can be found at: www.WBTheatreCo.com.

Library Happenings

ACTIVITIES AT THE KEWASKUM PUBLIC LIBRARY

The Kewaskum Public Library, 206 1st St. in Kewaskum, is offering the following programs. For more information, contact the library at (262) 626-4312.

As the air becomes more crisp, and the leaves start to fall, we give thanks for friends and family, warm food and shelter. Unfortunately, not everyone has plentiful food and warmth, so we at the Kewaskum Public Library are looking ahead to November (Thanksgiving), when we all deserve to sit down to a nice hot meal. Please consider donating a food item to the library to help feed those in need this holiday season. For each non-perishable item you donate, we will take \$1 off of your fines (excluding fines for lost items). Suggested item are: Instant mashed potatoes, canned yams, marshmallows, canned beans, rice, canned vegetables, canned soups, stuffing mix, broth (chicken and beef), cans or jars of gravy, pie crust and pie filling, pasta and pasta sauce, canned meat (tuna and chicken), peanut butter and jelly, macaroni and cheese, sugar and flour, muffin/cake/brownie mix, apple sauce, cereal, jell-o, pudding mix, 100% fruit juice.

October Programs
Come to the library to hear Deetra Kajfosz, award winning suicide awareness and prevention advocate, and founder of Life Of Hope in West Bend, talk about The Gift of Mental Illness and Second Chances.

She will be exploring the truth behind mental illness and how you can rekindle the spark of hope that resides in each of us. You'll learn how to welcome the upside of adversity and embrace every second you are given.

October 12: The Gift of Mental Illness and Second Chances, 6 p.m.

October 19: 6:30 p.m., Spooktacular Program. We are excited to have Allison Journlin, recipient of the Milwaukee Paranormal Conference's 2016 Wisconsin Researcher of the Year Award, talk about spooks and haunts!! It's going to be SPOOKTACULAR.

Kid Programs

October 24: 4 p.m. Fall Costume Party, Wear your favorite costume and join us for fall-inspired games, crafts and treats.

Storytimes

Storytime takes place every Wednesday at 10:30 a.m. and 6:15 p.m. (the same stories each session), year-round.

October 5: Dinosaurs
October 12: Community Helpers

October 19: Fall Animals

October 26: Fairy Tales

After School Movies

October 17: It's the Great Pumpkin, Charlie Brown, 4:30 p.m.

5 Years Ago October 4, 2012

The Kewaskum Board of Education has hired a UW-Oshkosh professor to facilitate a strategic plan for the district. The community will be invited to a Saturday meeting and take part in the process.

Across the nation, the urban legend of the Goatman has secured its place in folklore. In the late 60's and into the early 70's Goatman lived at the end of South Mill Road in Kewaskum. Teenagers routinely partied there and were spooked by a half-man and half-goat creature that supposedly lived in a crumbling house at the dead end.

15 Years Ago October 3, 2002

The 13th Washington County Wet Down took place on Monday evening in St. Lawrence.

Stefanie Brettingen of Kewaskum is playing on the 2002 Carthage women's golf team.

Last year's scarecrows entitled "Heads Off," took Holy Trinity's second place. It was designed by Allison Kowalczyk, Lindsay Krautkramer, Bryanne Timblin, Katie Schoofs and Elisa Schoofs.

25 Years Ago October 1, 1992

The Kewaskum Village Board meeting, held Monday, September 21, was another clash of wills as each faction on the cemetery sidewalk issue tried to validate their points.

Julie Schulz is a ten year member of the Wayne Crusaders 4-H Club, Schulz is a recipient of the club's "Crusader Award."

Alice I. Wilson, 64, of Kewaskum, passed away on Sunday, September 27. Margaret J. Staehler, 86, of Kewaskum, passed away on September 24.

50 Years Ago October 2, 1967

Dick Schaefer of Kewaskum and his assistant Harry Krueger of Kewaskum, will open a

meat market in the A.G. Koch Inc. store building (former post office) on Main Street, next Tuesday, Oct. 3. The name of the market will be The Chopping Block. Schaefer has had eight years experience in the meat business.

Homecoming festivities for 1967 will be held at Kewaskum High School on Thursday and Friday, Oct. 5 and 6. The theme "Victory Town, U.S.A." will be carried out.

Funeral services were held Saturday, Sept. 16, from the Twohig Funeral Home and St. Matthew Church, Campbellsport, for Bernard Straub, 31. Straub's body was recovered from Lake Winnebago at Lakeside Park, Fond du Lac Tuesday, Sept. 12, when a passerby noticed it floating in the water. He had been residing at the Fond du Lac County Home. Straub was the son of Peter and Loretta Straub. He is survived by two brothers, Norman and Alvin of Campbellsport, and seven sisters, Mrs. Alvin Wieter and Mrs. Clarence Schmitt, Campbellsport, Mrs. Donald Funk, Fond du Lac, Mrs. Bernard Strobel, Wayne, Mrs. William Volland, Neillsville, Mrs. Leo Nigh, Plymouth and Mrs. Paul Bodden, Kewaskum.

Birth - A daughter to Mr. and Mrs. William Grahl, 1339 Kewaskum St., Kewaskum, Wednesday, Sept. 20.

Marriage License - Karl Kannenberg, West Bend, and Kathleen Mary Hawig, Campbellsport; wedding Oct. 7.

75 Years Ago September 29, 1942

Andrew Rodenkirch, farm resident of near Boltonville, suffered a very painful and unfortunate

accident last Friday morning while filling the silo on his farm. He was working at the ensilage cutter when the sleeve of the left arm of his coat caught in the rollers. The arm was drawn into the swiftly - revolving knives and he was unable to bring the cutter to a stop and get his hand free until all of the fingers were cut off at the knuckles. Mr. Rodenkirch was taken to a physician's office at Batavia and later to a hospital at Sheboygan. This was a very regrettable accident which will cripple the man for life.

Included in a group of 78 recruits who recently enlisted in the United States Navy at the Milwaukee office are two former Kewaskum young men. They are Marlin Kocher, son of Mrs. Albert Kocher, West Bend and Carl Muckerheide, son of Mrs. Alma Muckerheide of West Bend. Both young men attended school here.

Births - Mr. and Mrs. Edw. E. Miller of this village are the parents of a baby boy born Sunday, Sept. 27. Mr. and Mrs. Ralph Remmel of this village are the proud parents of a baby girl born Friday, Sept. 25.

William Struebing of Kewaskum submitted to an emergency appendicitis operation at St. Joseph's Hospital, West Bend, on Saturday, Sept. 26.

100 Years Ago September 29, 1917

Last Monday, the County Road and Bridge Committee and several members of the local Advancement Association. The road was found in very poor condition and Mr. Weymouth, the state engineer advised the members the cost to repair the road would be

too great and advised re-location or a new road. The proposed new road would be considerably shorter than the present one besides eliminating all the hills and would be a great benefit not only to farmers living along the road but to farmers living along the road but to farmers living to the east who make Kewaskum their marketing center. Mr. Weymouth impressed on the association members the benefits this village would also derive and urged the Association to cooperate with the town in raising funds to construct same. Acting on his suggestion, the association voted \$400.00 for the purpose. It was suggested the town raise \$1,000 and accept the association's gift. The total amount \$2,500 to \$3,000, would then be met with county and state aid, making a good road fund of \$7,500 to \$9,000. The town could also use the \$3,000 already raised.

The little twin daughter of Philip Schladweiler and wife, St. Michaels, died last Tuesday.

The Woman's Club held their first meeting of the season at Mrs. Fancher Colvin's home last Saturday afternoon. A hankie shower was also given to Miss Edna Guth who was united in marriage to Mr. Elwyn Romain last Wednesday.

Born to Mr. and Mrs. Willie Kohn, a baby boy. Congratulations.

Weekly HEALTH TIP

FIGHTING FALL ALLERGIES

To help avoid seasonal allergy flare-ups, try the following tips. Plan ahead; if you have medication, start taking it about two weeks before symptoms usually appear. Avoid pollen; try not to bring allergens into the home. Take off your shoes when you come in, and if you've been outside playing or working, change clothes and shower to wash off any pollen sticking to your hair or body. Avoid excess outdoor chores and keep windows closed when counts are high. Prevent mold by minimizing moisture. Use fans and dehumidifiers to keep air drier. Consider an air purifier with a HEPA filter to help remove allergens from indoor air.

An Upcoming Calendar of Events for River Edge Nature Center

Saturday, October 7 - Family Weekend For Corporate Members, Employees (and their immediate families) of businesses/organizations with Riveredge Corporate Memberships can visit Riveredge for free on select

weekends. Opportunity includes unlimited access at the Trail Pass Family Memberships level. Corporate members can email Natalie Dorrier to take advantage of this special offer.

Saturday, October 7 - Wild Animal Finders: Spiders, 10 a.m. - 11:30 a.m., 'Tis the season of spiders, bats, creepies and crawlies. Seek out spiders in various habitats and learn fact and fiction about spiders. Peek at spiders up close with hand lenses and a microscope. Create a spider frame to welcome spiders to your garden. Children under 6 must be accompanied by an adult, Fee: Non-Members & Trail Pass Members: \$5.00/person, All-Access Members: FREE.

Sunday, October 8 - Family Weekend For Corporate Members, Employees (and their immediate families) of businesses/organizations with Riveredge Corporate Memberships can visit Riveredge for free on select weekends. Opportunity includes unlimited access at the Trail Pass Family Memberships level. Corporate members can email Natalie Dorrier to take advantage of this special offer.

Sunday, October 8 - Community Rivers Project: Kayaking the Milwaukee River, 9 a.m. - 2:30 p.m., Join Riveredge and our partners at Milwaukee Riverkeeper to see Newburg and Riveredge Nature Center from a whole new view, the Milwaukee River Watershed. We will start out at Fireman's Park in Newburg and meander to Waubedonia Park in Fredonia. Along the way we will see some river critters, fun Riveredge sites, and the wonders of the Milwaukee River. All you need is a water bottle, sunscreen, lunch and a great attitude. Learn all about the Community Rivers Project this event is a part of here, Cost: Residents living within 5 miles of Newburg can attend FREE all others \$45. Call Riveredge at 262-375-2715 for Newburg coupon code.

Thursday, October 12 - Little Explorers Playgroup, 10 a.m. - 11:30 a.m., Hello Fall! Let's gather in the Natural Play Area and share the wonder of nature through outdoor play. We will taste the harvest's bounty in the Children's Organic Garden, hunt for patterns in nature, play camouflage hide and go seek, and venture into forests, fields, ponds and more. Nature sensory bins for babies and exploration tools for older children will be available. Indoor activities will be planned in case of inclement weather. Fee: Non-Members & Trail Pass Members: \$5.00 per child (adults are free); All-Access Members: FREE.

Friday, October 13 - Trails & Treats- Hallow's Eve Hike, 6 p.m. - 9:30 p.m., Join us for an evening of tricks and treats on the trails of Riveredge! Families are invited to hike the Riveredge trails and visit educational stations along a 1 mile loop, answer questions posed by costumed creatures and receive candy-free treats as you go. Plus: Paint a Gourd, enjoy a crackling campfire with family and friends, and more seasonal fun! Cider, trail mix and sweets will be available for purchase. This is one Friday the 13th celebration you won't want to miss. Costumes and flashlights are encouraged. Schedule of Activities: Trails & Treat Stations Open From 6 p.m. - 9:30 p.m., Campfire and Creepy Stories from 8:30 p.m. - 9:30 p.m., Tree Climbing Add-On Available from 6:30 p.m. - 9:30 p.m. (Experience the treetops at night!): \$15.00/person (climbers must be 7 or older and registered for the event, adults welcome, walk-ins will climb on a first come first served basis), Cost Per Child: Non-members: \$9.00, Trail Pass Members: \$7.00, All-Access Members- FREE. ALL ADULTS ARE FREE.

Saturday, October 14 - Adopt-a-River with Riveredge, 12:30 p.m. - 3:30 p.m., Help Riveredge keep the Milwaukee River and its shoreline clean and healthy by joining us in a river clean-up along the river that flows along Riveredge. If you're able to help, please sign up below so we know how many helpers to expect.

Saturday, October 14 - Children's Library Storytime- Red Leaf, Yellow Leaf by Lois Ehlert, 10 a.m. - 11:30 a.m., This is the story of a sugar maple tree and the child who planted it. As they grow up together, the child watches the tree through all the seasons. Ehlert uses watercolor collage, leaf-shaped die cuts, and pieces of actual seeds, fabric, wire, and roots in this rich introduction to the life of a tree. After the story, we'll have an activity tied to the themes of the book. Fee: FREE. Recommended for Ages 7 and under.

Sunday, October 15 - Family Worm Bin Building Workshop, 12 p.m. - 3 p.m., Want to start a home compost system? Lessen your environmental impact? Make nutrient rich soil yourself? Then this workshop is for your family! Join Laura Grunwald from Perennial Farms and a Riveredge Naturalist to expand your recycling efforts and knowledge in this Vermicomposting Workshop for families. Participants will build their own worm bin to take home and begin composting right away. We provide the bin, tools and worms. Cost: Non-Members: \$30.00/family, Members: \$25.00/family.

Tuesday, October 17 - Science for Everyone at LacLawrann Conservancy- Viruses: Friend or Foe? 7 p.m. - 8:30 p.m., Local nurse practitioner Holly Schneider will present and discuss illness and viruses today and in history. Did illness swing the outcome of war? How do we know the difference between the flu or a cold? And why can't they cure the common cold anyway? Join us for a lively discussion and remember to get your flu shot this season. Science for Everyone is a monthly lecture series sponsored by Riveredge and the Friends of LacLawrann Conservancy and the UWM Field Station. The series covers a wide range of topics including natural history, science, public policy and the environment. The programs are for the curious of any age and are open to the public. The lectures will both educate and entertain. Fee: Free (\$5 Donation Appreciated) Please note that this month's event is at LacLawrann.

For more information about Riveredge Nature Center, please go to their website at riveredgenaturecenter.org or call (262)375-2715. The Center is located about a mile northeast of Newburg off of County Highway Y/Hawthorne Drive. The center is open seven days a week.

An Upcoming Calendar of Events for the Northern Kettle Moraine State Forest...

Friday, October 6 - Trees of Many Colors Nature Storytime, 9:30 a.m. - 10:30 a.m., Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee), Red, orange, and yellow leaves twirling in the wind are a sure sign of autumn. Discover why our tall, tall trees lose their leaves before winter. This hour of nature fun awaits 3 to 6 year olds with accompanying adults.

Saturday, October 7 - Nature Up Close Autumn Drop In Program, 11 a.m. - 2 p.m., Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee), Gain a new perspective by taking a closer look at nature using a variety of magnifying tools and techniques. You'll be astonished by what we encounter. Bring your camera to capture your unique finds. Drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Thursday, October 12 - Nuts in Wisconsin, 7 p.m. - 8:30 p.m., Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee), Beware! The nuts are dropping! With Julie Peltier, DNR Forester, and Jackie Scharfenberg, Forest Naturalist, discover the variety of Wisconsin trees and shrubs that produce edible nuts and where they grow. After the presentation try a variety of nuts and nut-filled treats. This program is most appropriate for people more than 10 years old.

Saturday, October 14 - Winged Mammals: Bats Autumn Drop In, 11 a.m. - 2 p.m., Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee), Steeped in myth, bats often get an undeserved bad rap. Uncover truly astounding facts about bats and maybe gain a new appreciation for them. Drop in for a few minutes or more than an hour for some sunny nature fun. Adults are encouraged to participate with their children.

Friday, October 20 - Pee-yew Skunk! Nature Storytime, 9:30 a.m. - 10:30 a.m., Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee), What's black and white and smells all over? A skunk! Join us as we discover some cool truths about skunks. This hour of nature fun awaits 3 to 6 year olds with accompanying adults.

Friday, October 20 - Halloween Nature Hikes, 6:30 p.m. - 9:30 p.m., Mauthe Lake Recreation Area Beach (located off County Road GGG south of County Road SS near New Prospect), Watch Out! The spineless wonders of nature are creeping along the trails waiting to tell their tales. Join us for a fun-filled stroll through the dark autumn woods to meet a cast of fascinating characters including the mighty dragonfly, invading crayfish, wriggly worm, and stealthy praying mantis. This is not a scary hike and is best for those more than five years of age. Groups leave every six minutes. The last hour-long hike leaves at 8:30 pm. While waiting for your hike, enjoy playing fun-filled games, making a craft to take home, or snacking by the glow of a campfire. In the event of severe weather, the activities will be canceled for that night.

Saturday, October 21 - Halloween Nature Hikes, 6:30 p.m. - 9:30 p.m., Mauthe Lake Recreation Area Beach (located off County Road GGG south of County Road SS near New Prospect), Watch Out! The spineless wonders of nature are creeping along the trails waiting to tell their tales. Join us for a fun-filled stroll through the dark autumn woods to meet a cast of fascinating characters including the mighty dragonfly, invading crayfish, wriggly worm, and stealthy praying mantis. This is not a scary hike and is best for those more than five years of age. Groups leave every six minutes. The last hour-long hike leaves at 8:30 pm. While waiting for your hike, enjoy playing fun-filled games, making a craft to take home, or snacking by the glow of a campfire. In the event of severe weather, the activities will be canceled for that night.

Saturday, October 21 - Animals of the Night Exploring Nature Program, 12:30 p.m. - 2 p.m., Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee), Whooo's awake during the hours of darkness? Join us as we delve into the world of nocturnal animals. This program is best for families/groups with children between the ages of 6 and 12 years.

All the events are free except at locations where a Wisconsin State Park System vehicle admission sticker is required or where a fee is listed. The events are held within the Kettle Moraine State Forest - Northern Unit at the locations listed for each event. The Ice Age Visitor Center is located about 20 miles north of West Bend and 20 miles south of Fond du Lac.

Washington County Program Receives Award

The Washington County Site Redevelopment Program has been selected to receive the 2017 Planning Excellence Award from the American Planning Association - Wisconsin Chapter for Plan Implementation. Since 2012, Washington County has been proactively working to evaluate, assess and plan for the redevelopment of idle or underutilized sites.

The Program was designed to provide an integrated multidisciplinary approach to supporting the redevelopment of for-

mer commercial, industrial, and other vacant or underutilized properties sometimes referred to as "brownfields." The integrated approach combines planning, economic development, and environmental assessment/remediation expertise in evaluating and prioritizing sites for funding, identifying and quantifying environmental and other liabilities, creating integrated remediation/reuse plans, and advancing sites to redevelopment or a "shovel ready" status.

Regarding the award to the Site Redevelopment Program, the American Planning Association Wisconsin Chapter jury commented, "This program and its implementation is the result of an impressive coalition of multiple communities and agencies working together to achieve common goals. The prioritization strategy helps leverage various funding sources and sets the stage for long-term reinvestment."

In 2013, Washington County formed a Redevelopment Coalition

with the City of Hartford, City of West Bend, Village of Jackson, Village of Richfield and Village of Slinger and has received \$1.2 million in USEPA Community-wide Coalition Brownfield Assessment Grants to perform Phase I and Phase II environmental site assessments, complete remedial action plans, engage in redevelopment planning and perform community outreach and education.

A Site Redevelopment Committee (SRC) leads the coalition and is made up of ten representatives from the County Board, City/Village Administrators, City Planners, County Workforce Development, Economic Development Organization, and a commercial real estate professional. Program support is provided by a Project Management Team including Debora Sielski, Deputy Planning and Parks

Administrator for Washington County and Project Manager of the Site Redevelopment Program, David Holmes, Senior Environmental Scientist for Stantec Consulting Services, Inc., Jolena Presti, Principal Planner for Vandewalle & Assoc. and Christian Tscheschlok, Executive Director for Economic Development Washington County.

The Site Redevelopment Program has had exceptional results to date including the completion of a county-wide potential redevelopment site inventory, environmental site assessments, successful leveraging of fiscal resources to provide the best opportunities for redevelopment, empowering decision makers by creating an online redevelopment analysis tool and connecting potential businesses and other end-

users with redevelopment sites.

When asked about the role of planners in the Site Redevelopment Program, Rick Gundrum, County Board Chairperson said, "Since 2013, our program has had a proven record demonstrating the types of successes that are possible when professional planners work to maximize resources and take a regional approach to problem solving. It is imminently clear that the success of our work was driven by collective buy-in achieved through a process and approach that would not have emerged without the commitment from professional planners."

The award will be celebrated at the annual conference of the American Planning Association Wisconsin Chapter on October 27 at the Hilton City Center in Milwaukee.

Kewaskum Elementary School Receives Award

Kewaskum Elementary School (KES) is working to increase positive student outcomes in reading, mathematics and behavior. Recently, KES was recognized by the Wisconsin Response to Intervention (RtI) Center with a Silver level award for their specific efforts in behavior. To earn this level of achievement, schools must meet specific RtI criteria.

The Positive Behavior Interventions and

Supports (PBIS) program that is used by KES builds a supportive learning environment, along with increasing staff knowledge and skills to support all learners, and helps create a culture that supports stronger relationships with students and families.

"The implementation and continued use of the PBIS program will give students the skills needed for further learning and growth," KES Principal Jody Heipp said.

Kewaskum Elementary School received an award for its Positive Behavior Interventions and Supports (PBIS) program. Pictured receiving the award are: (from left) Megan Grisolono, Jody Heipp, Stephanie Rinzel and Sherry Gerhartz.

Seeking Wisconsin's Outstanding Adoptive Parents

November is National Adoption Month and to honor those special Wisconsin families who open their hearts and homes to provide "forever families" for children and youths, the Wisconsin Department of Children and Families (DCF) is seeking nominations for the 2017 Governor's

Outstanding Adoptive Parent Awards.

To recognize and thank adoptive parents for their efforts to improve the lives of children, DCF is requesting nominations for adoptive parents who go above and beyond, especially those who have adopted sibling groups, teenagers, children with

special needs and/or foster care children to be recognized at this year's awards ceremony.

Families will be invited to attend a recognition ceremony at the state capitol on November 16. To nominate a special adoptive family in your community, please visit <https://dcf.wisconsin.gov/a>

doption-nomination/ and complete the nomination form online.

Nominations must be received by Saturday, Oct. 7. Please email DCFMBCcommunications@wisconsin.gov or call 608-266-9000 for more information.

PHOTOS SOUGHT TO HONOR LOCAL VETERANS

ATTENTION: VETERANS AND FAMILY AND FRIENDS OF VETERANS

The Kewaskum Statesman will be honoring local veterans by publishing their photos for Veterans Day. Veterans and/or their family members are encouraged to submit a photo of a local (who called this area home at one time) veteran who is currently active/honorably discharged that is living or deceased. Photos submitted last year will automatically be included in the section unless a different photo is submitted for the same veteran. There is NO COST.

Along with your photo, please submit the following (if available):
Name of Veteran, Branch of Service, Rank, Years Served (YYYY - YYYY), & Hometown
(please include war if applicable)

**SUBMIT YOUR VETERAN'S PHOTO & INFORMATION
 BY OCTOBER 27TH TO BE PUBLISHED ON NOVEMBER 9TH.**

Any other info including interesting military feature photos, letters, etc., can be submitted for consideration for other copy for the special pages honoring veterans.

Kewaskum Student Raises Awareness Of Bullying

“Stay Strong” Walk And Fundraiser To Be Held On Sunday, Oct. 15, In West Bend

By Anne Trautner

Savannah Euer was born prematurely 16 years ago.

She arrived in this world weighing just 1 pound. She was born with paralyzed vocal chords and mild cerebral palsy.

“Because of her paralyzed vocal chords, she doesn't have a big voice and people have a hard time hearing her. She has a lot of illness, and she is delayed in cognitive skills,” explained Savannah's mother, Lavonne Euer.

Savannah is not able to tie her shoes. Her fingers are not able to button all her clothes, and she cannot always get zippers to work.

“There's a disconnect between her brain and her hands,” Lavonne explained.

When she was in ele-

mentary school, she was not able to go up and down stairs because her bones grew more quickly than her muscles did. And she was not able to eat lunch like the other children because she had a feeding tube inserted into her side.

She also has difficulty understanding math.

When she was younger, other children did not always understand why Savannah was different. And they were not always kind about it.

That has not changed. Now that she is a junior at Kewaskum High School, Savannah knows what it is like to be teased and bullied by others. She knows how that cruelty can hurt.

She is not alone.

One of Savannah's friends recently transferred to Kewaskum High School after being bullied.

Savannah's friend hated going to the cafeteria at her old school because other students would shoot spitballs at her.

“She was bullied at her school so badly that she intentionally got in trouble so she would get detention at lunchtime so that she wasn't able to go into the lunchroom,” Lavonne said.

Savannah has learned that bullying is a worldwide phenomenon. And she wants to do something about it.

To raise awareness of the effects of bullying, Savannah is organizing a walk, which will be held on Sunday, October 15. The walk will begin at 4 p.m. at the downtown West Bend Gazebo at the Old Settlers Park in downtown West Bend.

Entitled “Stay Strong,” the walk will also raise funds for the Amanda

Savannah Euer is a Kewaskum High School student who wants to raise awareness to the tragic effects of bullying. Savannah is organizing a walk on October 15 to raise money for the Amanda Todd Legacy Foundation, in honor of Amanda Todd, who committed suicide after being bullied.

photo by Anne Trautner

Todd Legacy Foundation.

At age 15, Amanda Todd of British Columbia committed suicide on October 10, 2012, after a suffering from bullying. On September 7 of that same year she had posted a nine-minute YouTube video entitled My Story, which shows her using

flashcards to tell of her horrible experience of being bullied.

Amanda's mother, Carol Todd, is trying to bring increased awareness and education to young people through the Legacy Foundation about mental health. one of the messages that she brings to

people is that “No one should be bullied because of their own personal uniqueness.”

For more information about the walk or to donate to the cause, contact Lavonne Euer at lavonneeuer@gmail.com.

Tuttle Creek Learning Center, Inc.

Tuttle Creek Learning Center, Inc. is proud to be in business for over 18 years. After purchasing the established center in 1997, Mike and Audra Beyer began molding the business, adding their own unique touches and continued the growing process to accommodate the communities changing needs. Over the past 15 years an infant, toddler and two year old room have been added to the already existing preschool room at the main site, as well as adding before and after school programs in Kewaskum Elementary School and Farmington Elementary School. They have been providing quality childcare for Kewaskum and the surrounding area for over 18 years, while continually improving and adding new features!

Audra brings 27 years of experience to the business and the Administrator, Shelly Marx, brings 23 years of experience. Along with them, there are 10-14 employees depending on the time of year. Mike and Audra Beyer are supportive of their staff going back to school through funding in conjunction with TEACH.

Thank you to all of the parents who have shared their precious children with us! We feel truly blessed to have met each and every one of you. We look forward to many more years of helping your children grow!

St. Joseph's Hospital Begins Comfort Dog Program

Froedtert & the Medical College of Wisconsin St. Joseph's Hospital, 3200 Pleasant Valley Road, West Bend, has begun a Comfort Dog Program in which a trained dog provides comfort to hospital patients.

Coordinated by Volunteer Services and in partnership with the Lutheran Church of the Prince of Peace in Menomonee Falls, the comfort dog, Rhoda, visits patients and families at the hospital periodically. Rhoda is accompanied by one of five handlers, visiting the Kraemer Cancer Center alternating Monday and Wednesday afternoons, and the Medical/Surgical Unit and Modified Care Unit on Saturday mornings.

Before coming to West Bend, Rhoda completed over 2,000 hours of training with several different

trainers to earn her designation as a certified comfort dog through the national Lutheran Church Charities K-9 Comfort Dog program. She has also been working at Froedtert & the Medical College of Wisconsin Community Memorial Hospital for the past year.

Rhoda, a two-year-old, female purebred golden retriever, interacts with a wide variety of people at churches, schools, hospitals, nursing homes, events and disaster response situations. While Rhoda primarily spends her time with local organizations, her main responsibility is providing comfort during disaster situations. As a result, she can be called away from her local schedule for those purposes as at any time.

Benefits of comfort dogs specifically in health care include bringing a calming

Kewaskum Students Prepare For KEYS Run

By Anne Trautner

The “Rocky” theme song blared across the field behind Farmington Elementary School.

Young runners stretched and warmed up. Some looked seriously down the course. Most laughed with one another.

They were ready for the run.

It was the fifth year that the Mini KEYS Run was held for elementary school students in the Kewaskum School District.

On Wednesday, Sept. 27, students in 4K through fifth grade from i4Learning Community School joined Farmington Elementary School students for the run.

“I think it is just a great opportunity for the kids to see what a run/walk is like. We try to raise awareness for our kids that this is an option for the future if they enjoy it, and hopefully it sparks some interest for the main event on October 8,” said Russell Thull, who is the physical education teacher at both elementary schools.

On Sunday, Oct. 8, the KEYS 5K will be held at Kewaskum High School at 11 a.m. to raise funds for KEYS, Inc.

KEYS, Inc. is a nonprofit organization that was established in 1985 to provide scholarships for Kewaskum High School graduates. Since its inception, KEYS, Inc. has awarded over \$1.8 million in academic scholarships.

In May, KEYS awarded 43 scholarships totaling \$124,300 to the Kewaskum High School Class of 2017.

“I think the KEYS is a wonderful program for our community, giving out scholarships every year to graduating seniors,” Thull said. “That is one of the reasons I want to support them. KEYS gives back to our students who go through the school system.”

The elementary school students who took part in the Mini KEYS Run last week learned a little about the scholarships that will be available when they get older.

The Mini KEYS Run also kicked off this year’s Fuel Up To Play 60 Program, which promotes healthy eating and living. To encourage the good nutrition aspect of the program, healthy snacks were offered to children after they completed running/walking/skipping

photo by Anne Trautner

through the course.

For the run, there was a staggered start, with each grade lining up separately. Wide smiles covered the young runners’ faces.

“They look forward to it each year. They absolutely like it,” Thull said.

Something about the run brings out an enthusiasm in the students.

“I think it’s the atmosphere. It’s different than just running in class. Two schools are there. The music is playing. They get to hang out with friends. It

just has a different exciting vibe to it,” Thull said.

The younger students ran about 0.7 mile for the fun run, while the older students covered 1.75 miles.

Teachers encouraged the students through the route, marking their hands each time they finished a lap. Dozens of parents came out for the event as well, lining up along the course to cheer on their children.

“It’s fun to watch,” Thull said.

Students have fun while participating in the Mini KEYS Run held at Farmington Elementary School last week.

Chargers Have Too Much Firepower For KHS

By Judy Harlow

At times, Kewaskum must have felt like Kettle Moraine Lutheran had 12 or 14 soccer players on the field instead of the usual 11 in their East Central Conference match played on September 28.

The Chargers scored four goals in the first half and another four in the second to beat the Indians, 8-0. For the year, KML, 11-2-2, is averaging four goals per game, and KHS coach John Kenworthy praised their performance.

"KML is KML," Kenworthy said, adding, "There's a reason they are playing for the (East Central) championship."

In the past, the Chargers would always have a couple stars, according to Kenworthy, who said, now, "They have 10 players who are all interchangeable. They were scoring from everywhere."

Kewaskum battled but just didn't have the overall depth and experience to stay with the Chargers, who got three goals from Ethan Dubs and Joseph Raasch and two from Jake Semenske with Luke Willis, Logan Miller and Raasch (2) getting credit for assists.

Kenworthy said about the 70th minute, coach Matt Moeller took his starters out, and, "We lasted the rest of the way (without giving up another goal) ... We matched up very well against the players we are going to face next season," adding the Indian reserves also saw action at this point.

Kewaskum had three shots, according to the coach.

A week ago, the Indians

posted their first EC win of the season by beating Campbellsport 3-1 in what Kenworthy said was the best game his team had played all season.

Scoring for KHS were: Will Jens, Matthew Krautkramer and Gavin Curtain, with Isaiah Cochran providing one assist.

"Gavin Curtain, one of our defenders, scored from just inside the midfield line," Kenworthy said, reporting it was "a beautiful pass that ended up being a beautiful shot."

Curtain "played so much under control. I was very proud of the way he stepped up," the coach went on, adding Hunter Kuehl "started putting pressure on the ball defensively" from his forward spot, and, "We're looking forward to more of that."

Goalie Brenden Rice was credited making 10 stops in that victory.

The first-ever EC Tournament begins this afternoon (October 5) with the top four teams playing in a round robin, and the Indians starting a round robin with the other three teams, Ripon, Winneconne and Campbellsport.

Kewaskum (6-11-2) will host Ripon in a game starting at 4 p.m., then October 10, the Indians travel to Winneconne and the finale will be on the 12th when they host Campbellsport.

EC standings: 1. (tie) KM Lutheran and Waupun, 8-1; 3. Plymouth, 5-1; 4. Berlin, 3-4; 5. Winneconne, 2-4-1; 6. Ripon, 1-3-1; 7. Campbellsport, 1-5; 8. Kewaskum, 1-5.

Note: Plymouth and Ripon were scheduled to play on October 2.

Isaiah Cochran heads the ball for Kewaskum High School in a home game against Living Word Lutheran on October 2.

Golfers Have Good Day, Move On To Sectionals

By Judy Harlow

Happily, the golf season is not over for the combined Kewaskum-Campbellsport girls' team.

Thanks to some excellent scoring on the front nine and some competitive spirit on the back, the Kew-Cats finished fourth in the Division-1 regional hosted by Oshkosh North at the Westhaven Golf Club on September 27.

"It was a pretty tight race to qualify for the fourth spot ... I knew it would get interesting," coach Amy Uhlig said about her team's effort in the regional where the top four of the eight teams earned berths in the sectional test.

Understandably, Uhlig was very pleased her girls prevailed. "I think this is the first time we have gone (to sectional) as a team for the past seven or eight years," she said.

Kaukauna's 334 total easily topped the field in the tournament. The Lady Ghosts finished 23 shots head of Oshkosh West (357), then came the combined Sheboygan North/South team at 389, and Kewaskum-Campbellsport nipped neighboring West Bend West/East for the fourth and final spot, shooting a 400.

Medalist honors went to Kaukauna's Kendall Williamson, who carded a 9-over-par 79.

The Kew-Cats were led by sophomore Alyssa Dreher, who finished in a

tie for 12th with a 42-51—93. "I know she wanted to do better. She wanted to finish in the 80s," Uhlig said about her new Number 1, who was dialed in on the front nine with one par 3, three 4s and three 5s.

Unfortunately she couldn't duplicate the effort on the back, but, "The back nine there does play trickier," Uhlig said.

Next came Alivia Wisnefske, who started with a 47 and came back with a 53 for an even 100. According to Uhlig, Wisnefske had a pretty good round going on the back until Number 16 where she hit two balls out of bounds and ended up with a 16.

"I give her credit for her resiliency," Uhlig said, noting Wisnefske composed herself and finished with a par and bogey to help the Indians finish fourth.

Ashley Trapp certainly has proven in recent meets she belongs on the varsity. She shot a 48-53 for 103, and Uhlig said, "She's become real consistent for us. It's nice to see because she's a junior, and we will need her next year."

Grace Kober carded a 48-53—101 to become the Kew-Cats' final counter. Taylor Cook's 106 was the throw out score.

The Kew-Cats were at Rolling Meadows in Fond du Lac on October 2 for the sectional tournament, and the field was loaded with highly regarded

Hartland Arrowhead and Homestead in the field. Arrowhead came in with a 320 to win the Hartford Regional by 18 shots over Homestead.

Arrowhead is the defending state champion while Homestead finished fourth in the event. Hartford and Cedarburg, two other North Shore teams, also advanced to Fond du Lac.

From the sectionals, the top two teams and top three individuals from non-qualifying teams earn berths in the 36-hole WIAA State Golf Tournament that will be held October 9-10 at the University Ridge Golf Course near Verona.

In the 20-team Hartford Invitational held on September 22, the Kew-Cats placed 13th with a 406 total from its low four counters.

Cedarburg nipped Divine Savior/Holy Angels for the team title, 342 to 346, with Abby Cavaiani carding a spectacular 5-under par 69 to win the medal by nine shots.

Alyssa Dreher led the Kew-Cats with a 95, putting her in a tie for 21st place. Then came Alivia Wisnefske, in a tie for 38th at 97, followed by Ashley Trapp, tied for 53rd at 102; and Grace Kober, tied for 73rd at 112.

Tanner Jacak kicks the ball for Kewaskum in a home game against Living Word Lutheran on October 2.

Bid To Beat KML Falls Short For Lady Indian Spikers

By Judy Harlow

No doubt about it, Kettle Moraine Lutheran traditionally has a good volleyball program.

After winning the East Central championship last season, the Chargers are currently undefeated and tied for first place with Winneconne this fall after turning back Kewaskum in a match played in Jackson on September 26.

All three games were close, but the Chargers managed to win them all, 25-19, 25-18, 25-20 ruining the Indians' plans to move up the EC ladder.

"Tough match. Kettle Moraine Lutheran is a top five Division 2 team, and we knew going in that we would need to fight and be aggressive the whole match," Kewaskum coach Laine Leitzke said. "We had our opportunities, but we just were not able to match their intensity every point. We took off too many points, and a team like KML does not let you back in after that. It was a good match to learn from."

The Indians were way down in kill numbers. Amanada Schaller and Elizabeth Lightner led the KHS team, but each managed just six in the three games played, while Brelynn Scoles and Sarah Butschlick were next with four and three, respectively.

Scoles did manage to come up with a team-leading four aces and 12 digs, while Lightner, Carolyn Stockhausen and Schaller produced seven, five and four blocks, respectively.

Another telling number came under assists leaders where Butschlick led the team with just 11 and Morgan Denlinger added seven.

Specialist Hailey Hasenberg had another good effort in the back row, coming up with 10 digs.

With the win, KML improved to 5-0 in the EC, while the Indians dropped to 3-2.

The Indians were perfect at Cedar Grove on

September 30, winning their second invitational of the season with convincing victories over Kohler (25-10, 25-15), Kiel (25-19, 25-19), Valders (25-11, 25-21), host Cedar Grove-Belgium (25-22, 25-21) and St. Francis (25-9, 25-14).

"We had some team goals that would require us to play at a high level all day. We didn't quite reach them but the pursuit of those goals led us to a strong day where we did not drop a set," KHS coach Laine Leitzke said. "There are eight names in the stat leaders, which shows how much the team played together. There wasn't just one person and everyone else going for a ride. They all worked hard together to get this tournament championship."

It's certainly nice to have senior Elizabeth Lightner back in the lineup. After starting all of 2016, she missed many of the early matches because of illness, but since returning she has solidified the front line. In these five matches, she led the Indians with 26 kills and also had the most blocks, 8.5.

Another veteran performer, Amanda Schaller, continued her steady play with 21 kills and 1.5 blocks, and the next two in order in kills were sophomore Brelynn Scoles and Morgan Kappler with 15 and 13, respectively.

Scoles had a big day at the serving line, with her team high 15 aces, ahead of Morgan Denlinger (9), Sarah Butschlick (6) and Hailey Hasenberg (6).

Butschlick was busy setting up balls for her teammates, with 54 balls assists, while Denlinger had 35 in that category. The big dig leaders included Elizabeth Hasenberg with 48; Butschlick with 19; Tara Theusch, 16; and Schaller, an even dozen.

While she was on the court, Carolyn Stockhausen provided 2.5 blocks.

Kewaskum will hold its annual Senior Night tonight (October 5) while entertaining Berlin.

High-Powered Indians Jump To 7-0 On The Year

By Judy Harlow

After his Indians scored five touchdowns in the first half of their game against winless Kettle Moraine Lutheran on September 29, Kewaskum coach Jason Piittmann wisely pulled many of his starters.

A 35-0 lead by the Indians was easily enough for win Number 7 on the season and Number 5 against East Central teams, setting up the big showdown for tomorrow night (October 6) against Berlin, which will also bring a 5-0 mark into the contest after smothering Campbellsport 48-0.

Kewaskum had the ball three times in the first quarter and scored three times against the inexperienced Chargers, who fell to 0-5 and 0-7 after the 35-7 loss.

"We got off to a good start," Piittmann said. "The first play from scrimmage was a long pass from Gabe (Christenson) to Tony (Steger) for a score. From there we were able to control the evening." The long bomb, which

covered 72-yards, marked the third time in the last two games Christenson and Steger have teamed up for scoring strikes.

Steger scored again with 9:00 left in the quarter, breaking loose for a 45-yard scamper and the PAT (point after touchdown) was good by Cade Peterson.

A little over four minutes later, Steger scored touchdown Number 3, darting into the end zone from nine yards out, and Patrick Krier ran for the 2-point conversion.

Up 21-0, the Indians kept the pedal to the metal in the second quarter, adding two more touchdowns, the first on a 2-yard run by Krier to cap a drive, and in the final minute, it was Steger scoring for the fourth time, this one a 13-yard gain.

Peterson was perfect on both PATs to keep his season string alive. He is currently 24x24 on the year.

KML got on the board late in the third quarter on a 1-yard plunge by quarterback Blake Nelson. The play was set up by a long pass. The kick was good

by Andrew May.

The Indians wound up with 283 yards rushing, including 141 by Steger, who had 14 carries for an impressive 10.3 yard per carry average. Krier added 47-yards on six carries, and sophomore J.J. Thull, seeing extensive varsity action, rushed for 74-yards in 12 carries.

In the passing department, Steger was 2x2 for 12-yards, while Christenson had the one completion in three tries for 72-yards.

The tackling leader was Eli Bartelt, who was in on nine tackles, including three solos. Krier had seven stops, the same number credited to Reagan Dricken.

Reserve linebacker Dawson Fox made one tackle and had one forced fumble.

"Overall we were pleased with how we played on the evening," Piittmann said. "We never punted on the night."

About Friday's game, it promises to be a real treat for those who like offensive shots. Both offenses are extremely potent, with

the Berlin Indians having scored 208 points in the five EC contests, and Kewaskum's Indians — the two have the same nickname — 167.

Steger currently has 817 yards rushing this year, 585 yards passing and 267 yards in pass receptions. He has scored 12 touchdowns.

Krier has rushed for 635 yards in 113 carries for a 5.6 yard average and eight touchdowns with just two fumbles. In limited action at quarterback, Christenson has passed for 400 yards, completing 13x26 passes for five touchdowns.

The defenses aren't bad either. Kewaskum, behind its powerful linebackers Patrick Krier and Faton Elmazi, have given up 60 points while Berlin has given up 54.

KHS 21-14-0-0 —35, KML 0-0-7-0 — 0

Current EC standings: 1. (tie) Kewaskum and Berlin, 5-0; 3. (tie) Plymouth and Winneconne, 3-2; 5. Waupun, 2-3; 6. (tie) Ripon and Campbellsport, 1-4; 8. KM Lutheran, 0-5.

Reck Keeps Pace With Talented Runners From Larger Schools

By Judy Harlow

A beautiful venue and a good field of runners adds up to a successful cross country invitational, which was the case at Homestead Hollow, the site of the annual Slinger Owl Invitational on September 28.

While Kewaskum was up against stiffer competition in the larger school division, several of the Indians took advantage of the situation and posted some very fine individual efforts.

Senior Justin Reck finished a very respectable ninth place in a very fast field. He covered the 5,000-meter course in a time of 17 minutes, 12.04 seconds (17:12.04) to lead the Indians.

West Bend West's Luke Guttormson captured top

individual honors with his sizzling time of 15:50. Guttormson and his Spartan teammates also took home the team trophy with their score of 47, six points ahead of the host Owls who came in at 53.

Kewaskum placed eighth in the nine-team field, nipping Hartford, 184-197.

Sophomore Andrew Carlton made the top 20, placing 18th in 17:34.40, while Kyle Toth ran a nice race, placing 46th with a 19:08.52 clocking.

The other two KHS counters included Blake Miller, 53rd in 19:40.39 and freshman Gannon Kreuser, 58th in 20:09.39.

On the girls side, it was powerhouse Grafton at the top of the list. The Blackhawks, behind a 5-10-11-13-18 finish, posted a team score of 57, 11 in

front of Slinger, whose Paige Fassbender took home top individual honors with a time of 19:19.16.

Kewaskum was eighth with 189, led by junior Maela Olla, who hit the finish line in 21:02.19, good for 24th overall. Also in the top 25 was freshman Alyssa Butz, whose 21:59.17 was good for 24th place.

The other Indian counters included steady

Number 3 runner, Courtney Zarda, who ran a 23:21.18, good for 44th, followed by Kenzie Schneider, 57th, 26:27.86; and Erika Bolek, 58th in 27:27.86.

Kewaskum moves on to the Cougar Invitational this afternoon (October 5) at Columbus Park in Campbellsport.

KHS coach Kris Evans did not return phone calls from the Statesman for comments on the meet.

THE ULTIMATE PACKER FAN PICKS

“Ride Them Cowboys”

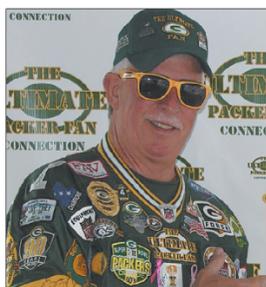

By Wayne Sargent

The Green Bay Packers (3-1) were hosts to the Chicago Bears (1-3) this past Sunday at Lambeau Field. The Packers dominated the field and came away with an impressive 35-14 win. For the first time since 1933, the Pack led the series 95-94-6.

A highlight of the game was Clay Mathews setting a milestone for quarterback sacks. Now with 2.5 sacks this season, he is the all-time Packer sack leader (75 sacks) breaking Kaber Gbaja-Biamila's past record.

The Bears came into Lambeau Field riding high off a victory over the top-ranked Pittsburgh Steelers, while almost beating the Atlanta Falcons in the Season opener. The Bears had shown possible signs of becoming a contender once again.

The Bears fumbled on the very first play of the game and never led during the game. They were able to score one touchdown in the second and fourth quarters. The Packers scored two touchdowns in the first and one in each of the following three quarters.

WAYNE SARGENT

The Bears have been outscored on the road 64-21 in 2017 and last Sunday against the Packers was no different.

The Packers will face longtime interdivisional rivals, The Dallas Cowboys (2-2) in AT&T Stadium in Arlington, Texas, this Sunday. These two top-ranked powerhouses meet quite often, depending on the schedule rotation and divisional places at the end of the season. The last meeting between them was in the NFC Divisional Playoff game last January, with the Packers pulling out an amazing last-minute win. Aaron Rodgers threw a laser to Jared Cook setting up Mason Crosby in the final seconds with the game winning field goal. Packers won 34-31. The Packers own the all-time

series lead at 18-17-0, and in the regular season series, they lead with 14-13-0. They are tied at 4-4 in the playoff series race.

The Cowboys are coming off an unexpected loss last Sunday to the Los Angeles Rams, while the Packers are coming off back-to-back wins against the Cincinnati Bengals and the Chicago Bears.

The Packers are still injury-plagued since the season opener. Hopefully coming off a 10-day break, they will return healthy, rested and ready to play. The Cowboys are for the most part healthy and are hungry for the win. The Packers are coming into Sunday's matchups as -2.5 underdogs. Something to keep an eye on this weekend is the running back situation. Ty Montgomery is still questionable, but will be limited, so expect Aaron Jones to see some action. Davante Adams is also questionable, along with David Bakhtiari and Bryan Bulaga.

I'm going against my bias on this one. I believe home field advantage will help the Cowboys win a tight one, 24-21 on a last-second field goal.

Kaitlyn Miller competes in her first varsity tennis match as Kewaskum faces Waupun on September 14.

With Win Over Kiel, KHS Tennis Team Gains A Tie For Fourth Place

By Judy Harlow

The Kewaskum High girls tennis team went on a roller coaster ride in its final week of the regular season.

First the Lady Indians were shutout by a senior-laden Plymouth team, but several days later they rose to the occasion, topping Kiel 5-2 after beating the Raiders 4-3 earlier this year in non-conference action. With the split, Kewaskum's season ended with a 5-4 mark against Eastern Wisconsin Conference tennis schools, and coach Peter Garcia was happy with that considering he has all underclassmen at the singles position and two more at doubles.

"A great result for a match we really needed," Garcia said about the win over Kiel, which was played on the Chilton High tennis courts. "It is always encouraging to end on a positive note. The effort shown this night was outstanding."

Kewaskum, Kiel and Waupun all tied for fourth place in the EWC behind unbeaten Kohler, 9-0; Plymouth, 8-1; and Sheboygan Falls, 7-2.

Going into the meet, Garcia wondered if his team could overtake a team known for its strength at singles. The Indians got an early boost when the Number 2 doubles team of Sydney Donath and Kallie Hoeft, and the Number 3 doubles team, consisting of Nikki Bruss and Nicole Brzozowski got quick straight set victories. At Number 2, it was a 6-0, 6-0 shutout and at Number 3 a solid 6-3, 6-1 victory.

Brandi Geldnich and Ariahna Grossebacher helped when they completed the doubles sweep,

winning at Number 1 6-4, 6-3.

As expected, Kiel's Maggie Dricken and Jacalyn Crom won at Number 1 and 2 singles but not without a fight from Grace Marchello and Emma Preder. "Grace was in every point and played well but finally succumbed 1-6, 0-6," Garcia said, reporting Preder won one game in the first set and three in the second in her loss to Crom.

That put the match in the hands of the Krolski sisters, who both ended up winning. At Number 3 Amanda Krolski won her first set against Amanda Brandt but was down 1-4. Garcia reported at that point, he told her to continue moving her opponent from side to side and wait for her to make unforced errors. The plan worked, and she won the second set 7-5.

At Number 4, Megah Krolski dropped the first set 3-6 to Savannah Walsdorf, a 6-footer who has reportedly received multiple scholarship offers in basketball and is a strong baseline player. To counter that, Garcia encouraged Krolski to try to move her opponent up and back.

With this new strategy, Megan Krolski won set Number 2 6-3, then the two battled back and fourth in the third set, with Megan Krolski getting the 7-5 victory.

KEWASKUM 5, KIEL 2
Singles: Number 1 — Grace Marchello lost to Maggie Dickrell 1-6, 0-6; Number 2 — Emma Preder lost to Jacalyn

Crom, 1-6, 3-6; Number 3 — Amanda Krolski def. Amanda Brandt, 6-4, 7-5; Number 4 — Megan Krolski def. Savannah Walsdorf, 3-6, 6-3, 7-5.

Doubles: Number 1 — Brandi Geldnich-Ariahna Grossebacher def. Kendra Preissner-Kassidy Mooren, 6-4, 6-3; Number 2 — Sydney Donath-Kallie Hoeft def. Emily Swanson-Erin Swanson, 6-0, 6-0; Number 3 — Nikki Bruss-Nicole Brzozowski def. Caitlyn Muten-Analiese Olig, 6-3, 6-1.

There wasn't much that could be said about the match against Plymouth except that the Panthers' experience was evident. Eighteen of the 20 Plymouth players that came for the varsity and JV competitions were seniors, according to Garcia.

PLYMOUTH 7, KEWASKUM 0

Singles: Number 1 — Grace Marchello lost to Alayna Wilderman, 2-6, 2-6; 6-2, 6-3; Number 2 — Ema Preder lost to Amanda Krueger, 3-6, 3-6; Number 3 — Amanda Krolski lost to Ashley Batzner, 2-6, 0-6; Number 4 — Megan Krolski lost to Katie Benedict, 2-6, 2-6.

Doubles: Number 1 — Brandi Geldnich-Ariahna Grossebacher lost to Kayla Prah-Kaylee Woelfel, 2-6, 3-6; Number 2 — Sydney Donath-Kallie Hoeft lost to Ellie Potrykus-Savannah Wiese, 1-6, 3-6; Number 3 — Nikki Bruss-Nicole Brzozowski lost to Catherine Williamson-Hannah Stucke, 1-6, 2-6.

Enter to win the
ULTIMATE PACKER FAN GIVEAWAY!

Congratulations to this week's winner, Michael Szczepaniak!

Michael's name will be put in the drawing to win Packers tickets for next season.

Each week that the Packers play, the Campbellsport News and Kewaskum Statesman are holding an Ultimate Packer Fan Giveaway contest. There is no charge to enter. There will be two winners announced at the end of the season. Each winner will receive a pair of tickets to a 2018 Packers home preseason game.

For your chance to win and complete details, go to www.kstatesman.com or www.thecampbellsportnews.com and make your picks by 5 p.m. on the Thursday preceding the game. Winners will be announced in next week's paper.

KYSO RESULTS

U12 Venom 4, Hartford Fire 1

U12 Venom girls took to the field on Saturday to play against the Hartford Fire. All players were excited to play. There was good defensive playing by Dakota Gatzke, Elizabeth Erdmann, Victoria Kenworthy, Mara Butschlick and Eden Korth. Goals for Venom were made by Emma Sielski, Caitlin Finger, Lidia Handke and Rowan Bell. Game ended with score 4 to 1, with the win going to Venom. Great job ladies.

U10 Kewaskum Twisters 5, Jackson Jaguars 4

The U10 Kewaskum Twisters had beautiful weather for their face off against the Jackson Jaguars. The Twisters got off to a strong start with two goals from Carson Maine in the first quarter. Isaac Michlig once again kept the Jaguars out of the goal for the first half. Lending a hand on defense was Gabe Bestul and Eric Jungers. Due to mindful passing from Aaron Schmidt, the Twisters scored again in all three remaining quarters. Leading 5 to 2 in the fourth quarter, Jackson managed to score two more goals. The Twisters held on for the 5 - 4 win making their record 3 - 1 for the season.

U7 Kewaskum Thunder 9, Erin Leprechauns 3

The Kewaskum U7 Thunder team started the morning with a 9 - 3 win against the Erin Leprechauns. The Thunder team came out ready to play and quickly went up 4 - 0 in the first quarter. Scoring eight goals for the young Thunder team was Carson Strom. Contributing our final goal was Stella Gurrola. Abigail Pritchard was a defensive genius only allowing one goal to slip past her. The 3-0-1 Thunder team will face another tough competition in the Erin tournament October 1st.

U12 Kewaskum Aztecs 3, West Bend Royals 1

Continuing to improve game by game the U12 Kewaskum Aztecs got their fourth win of the season. Good team work and a solid defensive effort equated to a 3-1 victory over the West Bend Royals. Goalie Riley Kuehl made good saves and two assists from booming goal kicks that carved through the Royals defense springing both Adam Deppert and Gavin Schneider for first half goals. Alex Severence continued his excellent hustle and was close to scoring a goal on multiple occasions in the second

half. Jayson Maas is proving to be a true force on the defensive side of the ball shutting down attacks from the opposition. Gavin Schneider added a second half goal after a great individual effort to steal the ball and dribble through the defense and drive a shot past the goalie.

U10 Cyclones 5, Erin Emeralds 3

The U10 Cyclones started with some fast play against the Erin Emeralds with a quick score by Colton Rabe. Play continued with good passing by Anna Parish, Jadelyn Stoltzmann, Malora Maluf, Bryce Wildt, Eli Van Beek, Kingston Grisolono and Cate Stram. Colton moved the ball to set up another goal for the Cyclones from Anna. All Cyclone players were making great plays and understanding where they needed to be to help their team. Colton scored 2 more goals, along with Anna for another. Kingston Grisolono stonewalled the Emeralds with some excellent goal tending to defend the lead. The Cyclones took home their 1st win against the Erin Emeralds, final score was 5 to 3. Great job.

U12 Warriors 5, Slinger Storm 0

U12 Girl Warriors beat Slinger Storm 5-0. Great defense played by Rowyn Wiedmeyer and Abigail Gorton to hold Storm scoreless and keep the ball on the offensive side of the field. Goals scored by: Brooke Gruen-2, Jadin Czuppa-2 and Emilie Steinbauer-1.

U9 Phoenix, Leah Fenney Tournament

U9 Phoenix had an exciting weekend of soccer. Saturday they lost to Hartford 2-0. Cami Boelte and Shaye Bartel had several saves. On Sunday at the tournament in Erin they lost to Hartford, 3-2 (goals from Jayna Dieringer and Brooke Pritchard) and tied Jackson, 3-3. Millie Kreif and Oliver Grover had some great saves.

U12 Aztecs, Leah Fenney Tournament

The U12 Aztecs dropped a heart breaker in their first game of the Leah Fenney Tournament in Erin on Sunday. After falling behind 1-0 at half time the Aztecs dominated the second half but were only able to capitalize on one goal from Luke Grover for a 1-1 tie which forced penalty kicks to determine a winner. Some saves from a good Juneau Rage goal keeper the Aztecs fell 4-2 in the shootout. Not to be discouraged they came out

and played a dominate game in their second outing getting their first clean sheet of the season with a 2-0 win. Jayson Maas again showed he's a defensive power shutting down attack after attack on the left side of the Aztecs defense. Gavin Schneider got two more goals and Riley Kuehl and Justin Toth combined with quality goal keeping to ensure the shutout. The Aztecs weren't able to make the finals but represented the KYSO admirably and made their fans proud with their never quit attitude and good sportsmanship.

U12 Venom, Leah Fenney Tournament

U12 Venom had a great time playing the Leah Fenney Tournament on Sunday. Their first game was against the Richfield Heat. Venom played hard and worked together as a team. Venom took the win. Their second game of the day was against the Hartford Fire. Again another good game played by Venom with the win taking them to the Championship game.

The Championship game was played against the Kewaskum Warriors. This was a great game to watch. Venom was playing hard. Kewaskum Warriors took the win. Way to go Venom getting second. Super proud of all the ladies.

U10 Cyclone, Leah Fenney Tournament

The U10 Cyclone had a great day of soccer at the Leah Fenney Tournament on Sunday. Their first game was against the tough Juneau Rage. The Cyclone players were doing a nice job moving the ball down the field and held a 2-0 lead after the first quarter. They continued to play well but the Juneau Rage picked up steam from there. Colton Rabe added his third goal for the Cyclones in the third quarter but with only one available sub they were not able to calm the Rage down. Final score was 3 to 5, with the win going to the Juneau Rage. The Cyclones second game was against the very tough Slinger Cougars. The Cyclones played hard with tons of effort on the field but were exhausted from their first game and struggled to contain the Cougars and they jumped out to a quick lead with the final 0-6 going to the Slinger Cougars. The huge efforts of Bryce Wildt, Cate Stram, Anna Parish, Sophia Lunde, Colton Rabe, Mia Dornacker, Kingston Grisolono and Jadelyn Stoltzmann got us very close our second victory. Next time.

The U12 Girl Warriors won the championship game in the Erin soccer tournament. Team members include: (front row, from left) Emma Schultz, Abby Gehartz and Josie Volesky; (second row) Madison Legate, Jadin Czuppa, Alexis Klahn and Emilie Steinbauer; (back row) Emma Survis, Rowyn Wiedmeyer, Brooke Gruen, Brynna Bartel and Izzy Butler; and (not pictured) Abigail Gorton.

Washington County Mountain Bike Team Races On Private Grounds

On Sunday the Washington County Mountain Bike Team had an awesome opportunity. They got to race on the private grounds of the Trek Bike Headquarters. These trails are not open to the public and they got the privilege of racing on the trails for their third race of the season.

The weekend consisted of a band, food, camping, and a day spent with professional Trek Factory rider, Emily Batty. The weather was perfect and the trails were fast. Three of the team's consistent medalists continued to step on the podium. Anja Lanser even stepped into

first place, getting a winner's jersey. With a few bumps and bruises the team still left with smiles and great performances. Here are the results for the Trek Plant race.

Continuing To Be Medalists For Their Age Group

•Anja Lanser (West Bend)- First place 33:46
•Kendra Schmitt (Kewaskum)- Third place 34:36
•Hunter Schmitt (Kewaskum)-Third place 1:12.12

Top 10 In Their Age Group

•Fiona Shaw (West

Bend) 6th 40:25

•Ethan Janssen (Mayville) 9th 52:57

Other Team Athletes

•Sawyer Bussey (Slinger) 11th 31:32
•Gabe Rogaczewski (Slinger) 16th 38:31
•Mikey Spangenberg (West Bend) 22nd 34:15
•Quentin Willmas (West Bend) 29th 37:32
•Sam Oliver (West Bend) 33rd 38:57
•Nick Vogel (West Bend) 46th 42:18
•Skyler Schmitt (Kewaskum) 14th 56:15
•Sam Carlson (West Bend) 43rd 1:39:57
•Tommy Spangenberg (West Bend) 46th 1:42:49

YOUTH FOOTBALL RESULTS

Eighth Grade Gridiron Indians 36, West Bend East 0

The eighth grade Indians played their best game of the season to date, beating West Bend East by a score of 36-0. The Indians scored on five of their six possessions in the game. The first half scoring was taken care of by running back Max Melzer. He scored on two nice touchdown runs and then shortly before half-time catching a touchdown pass from the quarterback Matthew Buechel. Kicker Andrew Bolek made two out of his three kick attempts making the halftime score 22-0. In the second half, running back Ben Butler scored on a rushing touchdown and Melzer added one more to make it four touchdowns for him on the day. The

defense played a solid game overall not allowing West Bend to get much going offensively. The offensive line had another stellar game, opening up some great holes for the running backs. MVP of the game was Melzer with his four touchdowns and some tough running all day.

Seventh Grade Gridiron West Bend East 27, Indians 7

The seventh grade was defeated 27-7.

Sixth Grade Gridiron West Bend East 14, Indians 6

The sixth grade team was led by Bailey Ralph's excellent defensive play. He had a strip tackle for a turnover, his second interception of the year, and at least two other large hit-

ting plays. Good play by the whole team kept it to a respectable game, with the Indians losing 14-6.

Fifth Grade Gridiron West Bend East 6, Indians 6

The fifth grade team played to a 6-6 tie. The fifth grade Indian defense was tough all day Saturday, allowing only one touchdown early in the first quarter. The Indians score came on a pitch from quarterback Elijah McChain to running back Landon Daniel. Corbin Dexter had a great defensive game.

The Gridiron Indians are home this Saturday, playing the West Bend Spartans. It is also Parent's Day. Come support the future of Kewaskum Indian Football Games start at 9 a.m.

Walk To End Alzheimer's Raises \$108,097

Washington County showed their support on Saturday, Sept. 23, as more than 700 participants turned out to support the Walk To End Alzheimer's at Regner Park in West Bend. The Walk, chaired by Dr. Larry Sullivan, Neurologist, Froedtert Health and Debbie Spaeth, President of SSA Sales Reps, has already raised \$108,097 and will only increase over the next few months as donations continue to roll in.

"On behalf of the Walk to End Alzheimer's, Debbie Spaeth and I would like to thank the

people in Washington County for doing an outstanding job raising funds that will help the Alzheimer's Association fund critical research and provide care and support services to more than 2,750 local people and families living with this disease," said Dr. Larry Sullivan, Walk co-chair.

"None of the victories that we've achieved as an organization this year, from providing over 33,000 points of service in Southeastern Wisconsin, to speaking up for the needs and rights of those facing the disease, could

have happened without grassroots support for the mission," said Dave Grams, Executive Director of the Alzheimer's Association Southeastern Wisconsin chapter. Thanks to local efforts like this, the Alzheimer's Association has fought for and won legislative approval that more than doubled funding for Alzheimer's research at NIH in just the last 24 months.

Donations can still be made to the Walk to End Alzheimer's and should be directed to the Alzheimer's Association, Southeastern

Wisconsin chapter at 620 S. 76th Street, Suite 160, Milwaukee, WI 53214. Please designate contributions to the Walk to End Alzheimer's, Washington County Walk. Donations can also be made online through November 30 at www.alz.org/sewi

The money raised in Washington County is used to fund research and services including support groups, information and referral services, care consultations and a 24/7 Helpline - 800-272-3900.

County's Hazardous Waste Collection Set For October 7

The Washington County Full Service Clean Sweep is an opportunity for county residents to properly dispose or recycle unwanted hazardous chemicals, electronic goods, pharmaceutical medication, and used tires. TVs and large household appliances will again be accepted at this event. This is the eighth consecutive year for the Full Service Clean Sweep Program coordinated by the Planning and Parks Department, while partnering with the County's Health Department, Sheriff's Department and

the Highway Department. The drive-through collection makes this program simple and efficient for participants.

A \$30 pre-registration fee is required for the hazardous waste, electronics and appliances. The Pharmaceutical Collection does not require anyone to pre-register. At the Used Tire Collection a maximum of 20 tires will be accepted per participant and disposal fees apply at the time of drop off.

The 2017 Full Service Clean Sweep event will be held on Saturday, Oct. 7.

Collection will be from 8 a.m. to noon at the Washington County Highway Facility, 900 Lang St., West Bend.

Pre-registration for the Hazardous Waste, E-Goods and Appliances;

1. Pay with credit card at washcoparks.com

2. Download the Registration Form from the website and mail in your payment www.co.washington.wi.us/cleansweep or

3. Stop in at the Washington County Land & Water Conservation Division, located at 333 E. Washington St., Suite

2300, West Bend, to submit your payment (cash/check accepted); or 4. Call 262-335-4808, leave your name address and phone number. A registration form will be mailed to you.

The following materials will NOT be accepted during the Clean Sweeps: latex paint, motor oil, needles/sharps, radioactive items, smoke detectors, propane tanks and cylinders.

For additional information visit www.co.washington.wi.us/cleansweep.

Business Planning Workshop Series Kicks Off October 10

A Business Planning Workshop Series will launch on Tuesday, Oct. 10 at Lakeshore Technical College's Sheboygan location for startups, entrepreneurs and any existing businesses seeking to update their business plan.

Presented by SCORE mentors, the classes help prospective entrepreneurs identify the steps to take, as well as how to test an idea and plan for each step in the business-for-

mation process.

The three-part series will be held on three upcoming Tuesdays - Oct. 10, Oct. 24 and Nov. 14. During these three sessions, the complete business planning process will be discussed with the goal of finalizing a solid business plan. The format includes lectures, discussions and breakout sessions along with "hands on" coaching during the workshops. Mentors will continue one-on-one

coaching between and after workshops until completion each participant's business plan.

All classes are offered at Lakeshore Technical College's Sheboygan location at 3620 Wilgus Ave. Each class session will run from 6-9 p.m. with the doors opening at 5:30 p.m. There is fee of \$35 for each session (\$20 for second attendee). Registration is available at www.sewisconsin.score.org.

SCORE is a network of experienced Southeast Wisconsin business professionals who provide free, hands-on mentoring to new and existing businesses while sharing their real-world experiences and knowledge.

For more information on mentoring, workshops, webinars, podcasts and more, see www.sewisconsin.score.org.

Ideas For Parents: Easy Things To Help Your Child Succeed - Boundaries And Expectations

Why do some kids grow up with ease while others struggle? Search Institute Researchers identified specific, practical things that can have a tremendous and lasting positive impact on youth. Rather than focusing on the problems, this research concentrates on the Developmental Assets - the positive things (such as parent support and commitment to learning) that help young people thrive. The assets are values, experiences and positive qualities that young people need to help them make wise decisions and choose positive lifestyles. The more assets they

have, the better.

Boundaries And Expectations

The more your child has clear, consistent boundaries and high expectations, the more likely he or she is to grow up healthy.

Why Boundaries And Expectations Make A Difference

Search Institute researchers found that young people have fewer boundaries as they get older. While it's normal and healthy for teenagers to take more responsibility for themselves as they grow, the problem is that not enough young people

have clear boundaries in the first place. Positive peer influence is one boundary asset that can help youth make good decisions for themselves.

The Four C's Of Boundaries And Expectations

- Clear - Everyone should know what to expect.
- Consistent - Standards are more likely to be honored when you uphold them.
- Creative - Kids respond better when boundaries are clever and creative.
- Confident - Expectations empower

when you say, "I know you can do this."

This column is sponsored by Elevate, Inc., a Washington County non-profit whose mission it is to address the root causes of high risk behaviors through prevention, intervention and residential programming that focus on drug and alcohol issues, mental health and delinquency.

For more information about Elevate's prevention, intervention and support services, visit www.elevateyou.org or call Julie Wolf at 262-677-2216.

Successfully Transition Houseplants Indoors For Winter

By Melinda Myers

Help your houseplants make a smooth transition from their outdoor summer home back inside for winter. The lower light and humidity indoors along with any insects that hitched a ride indoors make it difficult to keep these plants looking their best.

Give them a shower before they move indoors. A gentle blast of water washes dust and dirt off the leaves and dislodges aphids and mites that might be feeding on the plants.

Gradually prepare the plants for the lower light conditions indoor. Start by placing plants in the sunniest south- or west-facing window available or grow them under artificial lights. Leave them here for several weeks if the final destination receives less light.

Next move them to an east-facing or well-lit north facing window. Again, leave them here for several weeks. Gradually decrease the amount of light the plants receive until they reach their final location. This gradual acclimation helps the plants develop more shade tolerant leaves. Foregoing this process results in yellow leaves and massive leaf drop. This is stressful on the plant and its caretaker.

Skip this step, reduce the stress on your plants and keep them looking their best throughout the winter by growing them under artificial lights. Using a combination of natural and artificial light helps plants better tolerate the less-than-ideal indoor growing environment.

Isolate these plants from your indoor houseplant collection until you are sure no insects tagged along. Check under the leaves and along the stems for aphids, mites, scale and white flies. Use an eco-friendly product like Summit Year-Round Spray Oil (SummitResponsible

Solutions.com) to prevent these pests from moving onto the rest of your indoor garden. This highly refined mineral oil suffocates the insects, doesn't poison them, and is approved for organic gardening.

Continue monitoring for pests over the next few weeks. Reapply the organic insecticide every two weeks as needed. Always read and follow label directions when using any organic, natural or synthetic chemical.

Increase the humidity by grouping plants together. As one plant loses moisture from its leaves, or transpires, it increases the humidity around its neighboring plants.

Further increase the humidity and decrease your workload by placing the plants on a gravel tray. Place pebbles in the bottom of the saucer or other shallow container. Set the pot on top of the pebbles. Allow excess water to collect in the pebbles below the pot. As this water evaporates, it increases the humidity around the plants.

You'll also eliminate the

amount of time spent and mess made when pouring off the excess water that collects in the saucer. Plus, you'll avoid root rot and other diseases caused by plants sitting in a water-filled saucer.

Give your plants a bit of TLC as you tuck them into their winter lodgings. Your efforts will be rewarded with healthier, pest-free and better-looking plants to enjoy all winter long.

—Gardening expert Melinda Myers has written over 20 gardening books, including *Small Space Gardening* and the *Midwest Gardener's Handbook*. She hosts *The Great Courses "How to Grow Anything: Food Gardening For Everyone"* DVD set and the nationally syndicated *Melinda's Garden Moment TV & radio segments*.

Myers is also a columnist and contributing editor for *Birds & Blooms* magazine and was commissioned by Summit for her expertise to write this article. Myers' website is www.melindamyers.com.

Camp Dundee Becomes Unique Stop In The Kettle Moraine

By Andrea Hansen Abler

Camp Dundee is quickly becoming a talked about stop in the Northern Kettle Moraine State Forest. The bar/restaurant is located in downtown Dundee on the corner of Highway 67 and F, across from the Hamburger Haus.

Owner Jim Petersen has heard it referred to as "the canoe bar" by people from outside the area and he is fine with that. The name refers to the many canoes that can be found around the outside of the building and attached to the building.

"Here's a guy 70 or 80 miles away and he knew the 'canoe bar,'" Petersen said. "It's the uniqueness that strikes people. You have to create a destination location."

Unique is definitely a good word to describe the new Camp Dundee. There are about four canoes that sit in front and on the side of the building that act as planters and there are three attached to the building.

Petersen purchased the building about a year ago. He decided that it needed to be completely remodeled before opening the business. The upstairs apartment was completed first and then the bar/restaurant were done.

"I had owned a summer home out here for 28 years," Petersen said. "I retired and moved out to Long Lake. Then I bought the building and redid it from the top down."

When he started the project, Petersen was not sure how he wanted the building to look. Once he found a few items, the theme for the building just took off.

Petersen decided to use as much recycled material as he could to remodel the business. "Everything is off Craig's List," he said.

The main part of the decor were some logs he found. Once he purchased those logs, the rest of the decor started to fall into place.

"When I saw those, it called out to me," Petersen said.

Then he found some old tin barn siding that was for sale and he knew he had the siding for the building. Petersen bought recycled tin siding to cover his building, which is a large two-story one. He also used some of the tin for the ceilings in the restaurant and on the outdoor patio.

He also looked for more logs and wood after finding the first logs that inspired him so much. The walls inside the business are covered with these logs along with the bar and the front porch area of the building.

"It gives us a unique look," Petersen said. "Finding the wood made it exactly what we wanted. We worked on the building for almost a year."

As he was looking for items to use on his busi-

Camp Dundee has a very unique look with the many canoes outside and on the building along with recycled tin barn siding. Owner Jim Petersen is very proud that he was able to use all recycled items to finish and decorate his business in downtown Dundee.

photo by Andrea Hansen Abler

The bar area at Camp Dundee also uses all recycled materials in its decor. This gives the business a unique look that has many people in the area talking about it.

photo by Andrea Hansen Abler

ness, Petersen found a few canoes. When he put one on the building, some people saw that and offered to donate a canoe to the business. Hence, they became a cornerstone for the business' look.

"A lot of them have been donated to us," Petersen said.

When the business officially opened on July 1st, people started to understand Petersen's idea for the decor. His customers and neighbors started to get into the spirit that he created.

"Once people saw the atmosphere, they donated trophies (like mounted animals and fish)," Petersen said.

When trying to come up with an appropriate name, Petersen knew he wanted to have Dundee in the name since that is where the business is located. As the look of the building came together and knowing the forest area that surrounded the business, it seemed appropriate to use Camp Dundee.

They added a patio area behind the building. You can walk out the back door onto a deck area with tables and seating and then walk down a few steps to more tables and seating. This area also has a small stage and small outside bar. It is the

perfect place for live music in the spring, summer and fall.

"We think we have the nicest outdoor dining in the area," Petersen said. "We do live music on weekends out there."

Petersen had used his previous profession to help with the live music portion of the business. He was able to book some good area artists to play at Camp Dundee.

"I used to own a chain of record stores in Milwaukee," Petersen said. "I started Mainstream Records when I was a senior in college."

Petersen is also excited to work with other area businesses. He serves Loehr's Meat Service products.

"We carry all their meats and sausages," Petersen said. "We try to buy from local vendors."

They took a little while to come up with an appropriate menu for the restaurant. A signature item for them is their campfire burger, which can be made with chicken.

"We make our own barbecue sauce," Petersen said.

He has also worked out an agreement with his neighbor across the street — Hamburger Haus. During the winters months when the Hamburger Haus is closed, you will

now still be able to enjoy their food. The cook from Hamburger Haus will work at Camp Dundee during the winter months.

"We will carry their menu here," Petersen said. "I'm excited to work with them. I think it's a fantastic marriage."

Being a business owner all of his life is probably why Petersen couldn't resist buying a business after he retired and moved to the Dundee area.

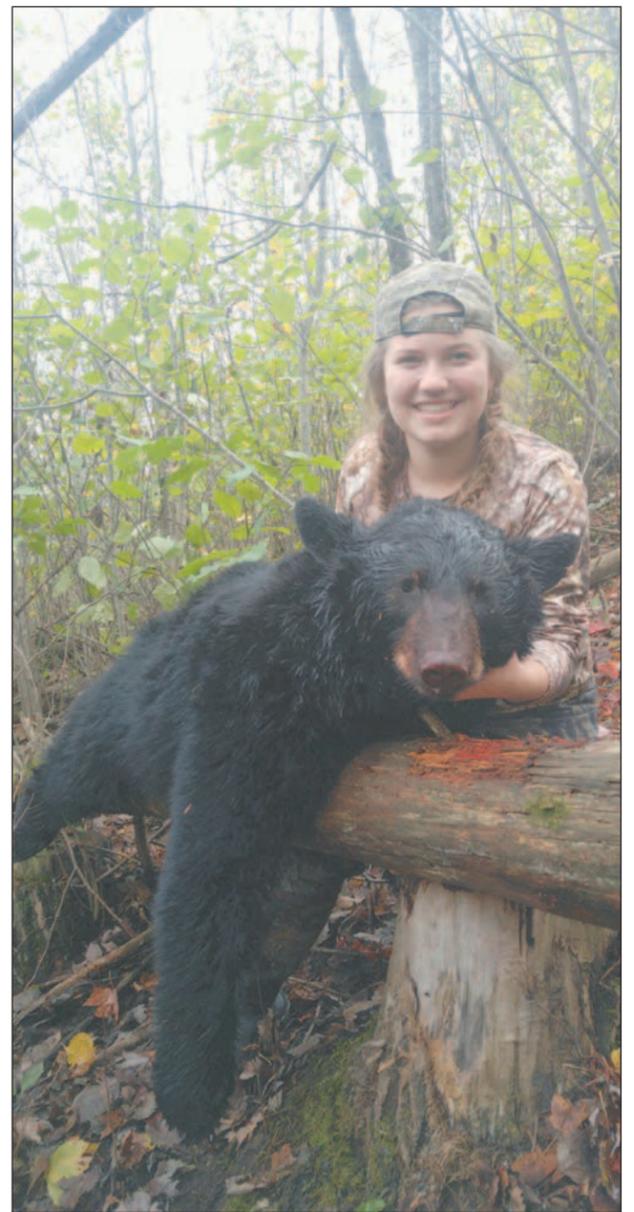

"I'm entrepreneurial," he said. "It's been interesting. I'm learning the restaurant business. I'm satisfied when everything's running right. In today's business world, you can't just put up an open sign. We have to create fun here."

Oktoberfest At Camp Dundee

A great way to check out the new Camp Dundee in downtown Dundee will be this Saturday, Oct. 7, at their first ever Oktoberfest event.

There will be a pig roast, live music, raffles, Jager shots and much more. The event starts at 11 a.m. Loehr's Meat Service in Campbellsport will be doing the pig roast.

"This is kind of an event/Grand Opening for Camp Dundee," said owner Jim Petersen.

Kiley May of Kewaskum had a successful black bear hunt near Brule, Wisconsin, on September 22.

DNR Seeks Public Comment On Commercial, Residential And Industrial Wetland General Permit

The Wisconsin Department of Natural Resources is seeking public comment on a draft reissuance of the wetland general permit for commercial, residential and industrial activities. The public comment period on the general permit runs until the close of business October 27.

The ability for the department to develop the streamlined general permit process was created by a change in wetland laws in 2012 under Wisconsin Act 118. This is the first permit reissuance under this authority.

"The proposed general permit would continue to enable commercial, residential and industrial activities a streamlined permitting process that meet standards set forth in the draft," said DNR Waterway and Wetland Policy Coordinator Amanda Minks.

"That includes the filling of just under one-quarter of an acre or 10,000 square feet of wetland."

Minks added that the DNR does not anticipate this general permit to result in significant effects on the environment. An

informational hearing is scheduled from 10-11 a.m. on Friday, Oct. 13, in Room G09 at the Natural Resources Building, 101 S. Webster Street, Madison.

To view a copy of the draft wetland general permit, or to view other information about the DNR individual and general wetland permit process, please see the department's waterway protection web page. To submit written comments on the draft wetland general permit via U. S. mail, contact Amanda Minks, DNR-WT/3, P.O. Box 7921, Madison, WI 53707-7921, 608-264-9223.

For more information contact: Amanda Minks, DNR waterway and wetland policy coordinator, 608-264-9223; Martye Griffin, waterway and wetland section chief, 608-266-2997.

FIRE PEVENTION WEEK: OCTOBER 8 - 14, 2017

HONORING OUR LOCAL

FIREFIGHTERS & EMTS

A SUPPLEMENT TO THE KEWASKUM STATESMAN • PUBLISHED OCTOBER 5, 2017

Courage Under Fire
We Salute Our Firefighters.

For the important role they play in protecting our lives and for their brave and selfless sacrifice, we thank the dedicated men and women of our nation's fire departments. We gratefully recognize their service to our communities, and we honor the memories of those who have fallen in the line of duty. You are all heroes, and we thank you for all that you do.

Saluting Our Area Fire Departments During Fire Prevention Week And Throughout The Year

On behalf of the Washington County Fire Chief's Association, I would like you to enjoy this special section about the dedicated men and women who serve our communities. The Fire Chief's Association was approached about doing this section because readers in other surrounding areas had similar sections in their local community papers and asked why we didn't do something like this. Our response was simply that we never thought about it, but after seeing some other examples it was discussed at our meeting and decided to investigate the matter further.

My name is John Breuer and I am currently the Fire Chief in Allenton and head of the Fire Prevention and Public Education Committee for the County Fire Chief's Association.

The idea of recognizing our local professionals through this special section caught my interest because I felt it was important to provide our residents with the names and faces of the people within our communities providing them protection. These men and women spend hundreds of hours annually educating, training and preparing themselves for many possible emergencies. These hours take the members' time away from many family, work and recreational activities so you can have peace of mind knowing there is someone qualified coming to your aid in the event of an emergency.

These individuals serve their communities unselfishly in the most professional manner and they do it with pride and ask very little in return. It is the desire of the Fire Chief's Association to recognize them for their service to our communities and share with you the pride and honor we have for them and their commitment.

To give you a little background on the Washington County Fire Chief's Association, we are a 501 (c) 3 organization comprised of the 13 fire departments within Washington County. Those departments and agencies who make up the Association are as follows: Allenton Fire

Department, Boltonville Fire Department, Fillmore Fire Department, Germantown Fire Department, Hartford Fire & Rescue, Jackson Fire Department, Kewaskum Fire Department, Kohlsville Fire Department, Newburg Fire Department, Richfield Fire Company, St. Lawrence Fire Company, Slinger Fire Department, and West Bend Fire Department. The Washington County Sheriff's Department, Washington County Emergency Management Department and Moraine Park Technical College are also members because of the resources we share between the agencies.

Our Association meets bimonthly to discuss common areas of interest, share resource availabilities, set up common procedures at incidents for ease of cooperation and set direction for the emergency needs our communities may need.

Our Association was the group that spearheaded a county-wide Hazardous Materials Team and Dive Rescue Team for the area. The Association has regular updates from these groups so that all the agencies within the county have access to the same resources and understand what is required and expected from them when they are activated in our communities.

The Association was the driving force behind bringing MABAS Division 111 to our county. MABAS is an acronym that stands for: Mutual Aid Box Alarm System. This system is designed to assist our local communities in planning and knowing what resources are available to us when we need to call for them and also leaves areas protected so we don't deplete an area and leave it without any protection. It's a resource we use that helps our incident commanders manage emergency situations.

One of the biggest benefits our communities have by having an organization like the Fire Chief's Association is the cooperation it brings to all the agencies involved working together and providing our residents the best service they deserve. Everybody

involved is working together knowing what to expect and it really benefits the communities and the county as a whole having such great cooperation.

As we approach National Fire Prevention Week from October 8th-14th, we want to remind you that fire prevention is a year-round activity. Although we pay recognition to it this week in October, we want you to practice it every week of the year.

The men and women serving our departments in the county are doing this 24/7, 365 days a year. They are some of the most compassionate, dedicated and professional individuals you will meet and they do it because they love it. Their heart and soul goes into their work and preparation to provide you with the best coverage for you community.

In closing, I want to thank the Kewaskum Statesman for helping make this section available to you. We as an Association are thankful to have a community-minded newspaper help us deliver some recognition to these true professionals.

Thank you also to the fire departments for your commitments in making this a reality. You will notice that Germantown, Hartford, Richfield and Slinger Fire Departments are not included as that was their request and we honored that request for them. They are very much an active part of the Association and the services we deliver in the county.

As we move into Fire Prevention Week, look through these pages and have confidence and comfort knowing these individuals are here to help you at a moment's notice.

If you see them in your community, thank them for their service to others. They don't serve for the recognition, but they do appreciate your thanks and support.

Enjoy and Be Safe Always,
John P. Breuer
Fire Chief,
Allenton Fire Department
Chair WCFCFA Public Education/Prevention Committee

Firefighting A Rewarding Career

Firefighting can be a rewarding career and exciting opportunity to serve one's community. Firefighters protect homes and businesses when fires unexpectedly break out, saving millions of dollars in potential property loss. These invaluable workers also make emergency medical calls and may help preserve lives until paramedics or other medical services can respond.

The United States Department of Labor reports that there are more than 300,000 professional firefighters across the country. More than 90 percent of all those firefighters are employed by local governments.

Despite the risk involved in firefighting, many find it to be a very satisfying career. The requirements to become a firefighter vary depending on the locality, but people willing to put in the time and effort to become a firefighter can likely find a department that will give them a chance. The application process to become a firefighter can be competitive, and the training is physically demanding. The following are a few tips for men and women mulling a career as a firefighter.

•Meet the basic requirements. Confirm the

schooling and age requirements for the job. Depending on where they apply, firefighters may need to have high school diplomas or some college credits. Age requirements are common as well, as many departments mandate that applicants are at least 18 or 21 upon submitting their applications.

•Refrain from drug use and illegal activity. Firefighters must be physically fit and undergo a criminal background checks and drug screenings.

•Undergo CPR and EMT training. Firefighters may be called upon in emergency medical situations. As a result, many firefighters are required to have an Emergency Medical Technician, or EMT, license. Even if a license is not a requirement, it is a helpful to have and may increase your odds of being hired.

•Take fire technology courses. According to FireRescue1, a resource that features the most current news and analysis from some of the top experts in fire service, taking a semester of building construction and fire behavior can be helpful. Such coursework can educate prospective firefighters about how build-

ings are built and may make them more attractive candidates.

•Speak to current firefighters. Visit a local firehouse to speak to current firefighters. Ask questions of the firefighters and get their impressions on training and testing. They may offer some job leads, and some may even offer some first-hand advice from their time in the field.

•Become a volunteer firefighter. Volunteer as a firefighter while enrolled in training or while studying. This can provide you with a pretty accurate idea of what the job entails. Gaining hands-on experience prior to applying for a permanent position — or even if the decision is made to keep volunteering — can be quite handy.

•Take the tests. Firefighting tests vary depending on the agency, but many include a written examination, oral interview and physical aptitude/agility exam. A person may not pass the first time around, but he or she will gain experience and understand which areas to work on for future examinations.

Becoming a firefighter takes commitment, physical and emotional strength and a willingness to help one's community.

Allenton Fire Department and St. Lawrence Fire Company

FIRE PREVENTION OPEN HOUSE AND PANCAKE BREAKFAST

Sunday, October 15th, 8:00 am to 12 pm

Did You Know?

According to the National Fire Protection Association, 92 percent of all civilian structure fire deaths in 2011, the most recent year for which statistics are available, resulted from home structure fires. Not surprisingly, kitchens are the

leading area of origin for home structure fires. Forty-two percent of such fires, which peak during the dinner hours between 5 p.m. and 8 p.m., began in the kitchen. And while smoke alarms may not prevent fires, they can prevent deaths

stemming from home structure fires. Three out of five reported home deaths resulted from fires in homes with no smoke alarms or homes with smoke alarms that were not in operation.

*Some people run from the problems.
Others run to the them.*

A SALUTE TO OUR BRAVEST

During Fire Prevention Week, we'd like to take a moment to thank our local firefighters for their hard work, bravery and dedication to saving lives. Their tireless efforts make our community a safer place to live. This week, show your appreciation by learning how you can help protect yourself, your family and our firefighters through fire prevention.

Establish A Home Fire Safety Plan

People rely on fire and smoke detectors to help keep them safe in their homes. Though fire and smoke alarms are effective, a firm fire safety plan that will keep everyone calm should a fire occur could make the difference between life and death.

The U.S. Fire Administration says that more than 3,500 Americans die each year in fires, while roughly 18,300 more men, women and children are injured each year. Cooking accounts for the greatest percentage of residential fires, followed by arson. Dryer vent fires are also a big concern. FEMA says that smoke, rather than the fire's flames, is responsible for 75 percent of all deaths by fire.

In addition to physical injury and material damage, fires can cause a host of problems. Psychological distress, monetary damages and loss of pets may come with fires. Loss of irreplaceable personal items is also a concern. Although fires can be devastating, they're also highly preventable, and smoke alarms and a home fire safety plan are two precautionary measures everyone should take.

Creating an evacuation plan doesn't have to be complicated. Such a plan can

be established in a few minutes and then reinforced through practice every so often to keep everyone fresh on what to do.

- Begin by assessing the layout of the home. Figure out the two best exits from the home.

- If your home doesn't have two doors, invest in a fire ladder so that one of the windows can be a point of exit.

- Know how to gain access to the exits, including the best path to take to avoid injury. It's a good idea to consider a few different scenarios. A kitchen adjacent to the upstairs staircase may become engulfed in flames and make exit by way of staircase impossible. Just because you have doors to the outside doesn't mean they'll present the best type of exit.

- Sketch out the layout of the home and the escape plan. Smoke can make it difficult to know up from down. Be sure everyone can reach the exits even if vision is obstructed. Try it with your eyes closed.

- Check fire alarms routinely, and change batteries at least every year.

- Make sure windows can be easily opened if they are an exit point.

- Make note of who will be helping children or the elderly out of the home.

- Establish a place where the family will meet outdoors. This area should be far enough away from the home so that everyone will be safe from smoke, flames and falling debris. Fires may ignite fuel explosions, so be sure the meeting spot is a good deal away.

- Children should be instructed to run to the meeting spot immediately without waiting behind for anyone to catch up. No one should reenter the home after arriving at the meeting spot.

- Do a few practice runs so that everyone will be accustomed to getting out quickly.

- While in most cases it is better to escape and let the fire department extinguish a fire, in the event of a small fire, occupants may be able to stanch it with a personal fire extinguisher. Follow the acronym PASS to properly put out the fire.

- PULL the pin in the extinguisher.
- AIM the nozzle or hose at the base of the flames.
- SQUEEZE the trigger.
- SWEEP the foam across the fire base; do not just aim in one place.

Fire safety is very important. In conjunction with smoke alarms, a fire safety plan can help everyone get out alive.
