Village Considers Changing Sign Ordinance

By Anne Trautner

The Kewaskum School District is currently looking at installing a large electronic scoreboard near the high school's football field that would display advertisements for local businesses.

The problem is that the village currently has an ordinance that prohibits off-premises advertising.

"The ordinance allows you to advertise your business on your own lot, but you may not advertise your business on other people's lots," Village Administrator Matt Heiser told the village board Monday night.

In the past, the ordinance has been enforced, and local businesses have not been allowed to display any off-premises advertising.

"I have had a lot of businesses come to me about how upset they are that the school district is allowed to have off premise advertising on their electronic messaging center (EMC), and they are not allowed to have off-premises advertising on their EMCs," Village President Kevin Scheunemann said.

The village does not have an ordinance that specifically addresses scoreboards. However, the Southeastern Wisconsin Regional Planning Commission (SEWRPC) advised that it does qualify for regulation as being an accessory

structure on a facility in an institutionally zoned lot, Heiser said.

Despite the ordinance, the village currently allows signs advertising area businesses to be mounted to the outfield fence at the baseball field at Kiwanis Park.

"We are violating our own ordinance right now," Trustee Dick Knoebel said.

The Village Board agreed that issue should go to the Plan Commission at the end of June.

Scheunemann said he personally is in favor of the school district's new scoreboard.

"However, I think we need to fix the off-premise advertising ordinance so that everyone in town is equally privileged because it rubs quite a few businesses the wrong way," Scheunemann said.

The sign ordinance is part of the zoning code, and state statute requires a public hearing with Class 2 public notice, Heiser pointed out.

Village Trustee Dave Spenner asked if the village can restrict how many electric signs can be on a road and if a permit process might apply.

"The fear is that you have a forest of signs," Spenner said.

Heiser was scheduled to meet with the village attorney on Tuesday to discuss the matter.

Demolition of Kewaskum Middle School began last week. The building will be replaced by a new middle school, which is being built adjacent to the current high school. The new middle school is scheduled to open in the fall. photo submitted

A Family Connection Reaches Across The Globe

By Anne Trautner

It has been several months, but Patty Schreiber remembers her trip to Japan very clearly. It was a trip she wanted to take her entire life.

Patty's mother, Shizuko (Miko) Lambrecht, is from Japan. Miko became American citizen after moving to the United States 44 years ago, but many of her relatives are still in Japan.

"I always heard stories about life in Japan. I grew up hearing about my family there; I just had never met them," said Patty, who was born in the United States.

So for two years, Patty saved up for the trip.

Then, in February, she took a three-week vacation from her job as a secretary for Kewaskum Elementary School.

That was when she finally made the trip from Kewaskum to Japan, along with her brother Jeff Lambrecht, who lives in Port Washington, her mother, Miko, and her three sons, 25-year-old T.J. Schlice, 20-year-old Dean Schlice and 10-year-old Jett Schreiber.

The trip allowed the family to be reunited and

helped the Americans learn about their family's heritage.

Family History

Patty and her family visited Okinawa, which is an island off Japan's main-

land. The island is known for being a major battleground after Japan struck Pearl Harbor during World War II.

One of the places Patty and her family visited was their family's tomb. Miko's

mother, who died six years ago, is buried in the tomb, along with numerous other relatives.

The family brought snacks, incense, flowers and tea to offer to the Buddhist spirits.

Continued on Page 9

West Bend West High School Class of 2018

WASHINGTON COUNTY SHERIFF'S REPORT

Camper Fire

On Thursday, May 31, at 1:08 p.m. the Sheriff's Office and the West Bend Fire Department responded to Timber Trail Campground located at 7590 Good Luck Lane in the Town of Barton for a camper that was on fire.

Upon the arrival of first responders, the camper was fully engulfed. The owner, a 54-year-old City of Milwaukee woman, was contacted and advised the camper was last used on Monday, May 28, with no issues. The camper was unoccupied at the time of the fire and a total loss.

According to a witness the fire started in the front portion of the camper, although fire officials were not able to determine an exact cause of the fire. The value of the camper was estimated at \$4,500.

Picnickers Injured By Falling Branch

On Sunday, May 27, at 3:08 p.m. two women were injured when a branch, about 20 feet long, fell onto two picnic tables on the Holy Hill Basilica grounds.

The branch struck a 29-year-old pregnant female from Chicago in the back. Also struck was a 55-year-old Chicago woman who was knocked to the ground, unconscious.

Both women were transported to Community Memorial Hospital in Menomonee Falls. The 55-year-old woman sustained several broken ribs, fractures to her disks in her back and a possible brain bleed.

Theft Case

On Sunday, May 27, at 11:35 p.m. the Sheriff's Office received information that youths were taking down stop signs in the 5500 block of Cedarview Road in the Town of Addison.

The first responding deputy located an individual, later identified as an 18-year-old Town of West Bend male, exposing his backside to the deputy in the middle of the road. Multiple individuals were located at a nearby residence and were also cited for underage alcohol.

The signs were recovered and the township

responded to the scene to repair the damage. The main theft suspect denied his involvement until investigators showed him a Snap Chat of him holding one of the missing signs with the caption, "We just stole a stop sign." In addition to the underage drinking, he will also be facing charges and restitution for the stop sign.

OWI Case

On Sunday, May 27, at 5:02 p.m. a citizen reported a possible impaired driver to a Cedar Lake Boat Patrol Officer at the Gonring boat launch. The citizen reported the driver had just loaded a pontoon boat onto a trailer and left the boat launch in a black SUV. The description was provided to patrol deputies, who located the vehicle turning west onto County Highway K from State Highway 144, but the vehicle pulled over before the deputy initiated the traffic stop.

The deputy approached the passenger compartment and observed a physical altercation taking place between the driver and a female passenger seated directly behind the driver. The passenger had her arms wrapped around the driver's neck and shoulder area.

The driver, identified as 48-year-old City of Hartford man, was arrested for OWI fourth offense. The 42-year-old wife was arrested for domestic abuse. During the investigation she reported a previous domestic that had occurred at their residence in the City of Hartford within the last couple of days. That information was turned over to Hartford Police Department to investigate.

OWI Case

On Saturday, May 26, at 6 p.m. a deputy was eastbound on State Highway 33 coming into West Bend when a blue Dodge Dart passed him from the rear at a high rate of speed. The deputy caught up to the car in the area of Culvers and activated his emergency lights and siren. The vehicle accelerated away and went through two red lights at

State Highway 33 and US Highway 45. The deputy was not able to pursue due to the high traffic at the stoplights.

A West Bend officer located the vehicle in the parking lot of the YMCA, and the vehicle once again fled east bound on West Washington Street. The vehicle was spiked near the airport, and the subject was taken into custody.

The Sheriff's Office has charges against the 40-year-old Rosendale man of OWI, felony fleeing, possession of either crack or heroin, possession of drug paraphernalia and numerous other traffic citations. West Bend Police will have their own charges of fleeing and traffic citations.

Ladder Injury

On Friday, May 25, at 4:25 p.m. the Richfield Fire Department and the Sheriff's Office responded to the 1300 block on State Highway 175 for a report of a 46-year-old man who had fallen off a ladder while trimming a tree. The victim fell about 15 feet. Due to the mechanism of injury, and the pain assessment, Flight for Life was called. Flight for Life landed in the parking lot of Shepard of the Hills Church and the victim was air-lifted to Froedtert.

Weapons Complaint

On Friday, May 25, at 8:03 p.m. the Sheriff's Office began to investigate a weapons complaint in the 8500 block of Salisbury Road in the Town of Kewaskum. A homeowner reported hearing five to 10 gunshots while outside of his residence and then saw and heard the back window of his car break. The owner was able to locate the bullet, similar to a smaller caliber handgun, inside the passenger compartment. Deputies made contact with a nearby hunter who did not have a handgun. Deputies are still investigating.

Deadline for News Items & Advertising is Monday at 2 p.m.

Kiwanis Park Swim Pond To Open Sunday

By Anne Trautner

The swim pond at Kiwanis Park will open on Sunday, June 10.

Life jackets will be available for swimmers who want to go on the inflatable slides and climbing equipment that are being installed in the swim pond this week.

Swim season passes will be on sale at the Municipal Building and at the Kiwanis Park Bath

House.

Individual passes for residents ages 3-17 are \$29.75. Individual passes for non-residents ages 3-17 are \$45.

Resident family passes are \$51, and non-resident family passes are \$70.

Daily swim passes are available for the following fees: ages under 2, free; ages 3-17, \$3; and ages 18 and older, \$5.

Limited hours of operation will begin Sunday,

June 10, through Thursday, June 14. Limited hours of noon to 6 p.m. will be in effect each day, weather permitting.

Beginning Friday, June 15, the pool will be open Mondays through Saturdays from 11 a.m. to 7 p.m. and Sundays 11:30 a.m. to 7 p.m., weather permitting.

For pool closings or lesson cancellations, call 262-626-8011.

Village Board Discusses Adding Pedestrian Crosswalks

By Anne Trautner

At Monday night's Village Board meeting, trustees discussed the need for additional pedestrian crosswalks along Fond du Lac Avenue.

Specifically, trustees talked about adding a crosswalk from Timblin Drive to Piggly Wiggly.

"I was getting some constituent feedback about the difficulty of crossing at that spot," Village President Kevin Scheunemann said.

There currently is a crosswalk where Fond du Lac Avenue meets Mohawk Road.

"Nine out of 10 people you talk to are not going to walk up to that corner," Scheunemann said.

Kewaskum Police Chief Tom Bishop presented a cost estimate for a pedestrian sign that uses solar power to flash yellow lights when a pedestrian pushes a button to cross the road.

"This is the same structure they have in West Bend by Regner Park. The cost is \$12,582. That is for the product only; it does not include the cost of installation," Bishop said.

The sign would require approval from the Wisconsin Department of Transportation.

The Village Board discussed the fact that speed is an issue along that stretch of Fond du Lac

Avenue.

"I solicited the DOT to lower the speed limit on 45, but they won't do that," Bishop said. "We have been hammering traffic there the last month. We are trying to get people to slow down."

Bishop agreed to check with the state Department of Transportation and report back to the board.

If the issue comes back favorably, the board will consider installing numerous pedestrian crossings along Fond du Lac Avenue.

The village has not budgeted for the signs for this year. If it comes back for approval, the board will consider it as a possible project for 2019.

"Any opposition to this is not a safety opposition, it is a cost issue," Scheunemann said.

Village Matters

In other matters at the Village Board meeting on June 4, the following items were discussed:

- The Edgewood Road project started this week, DPW Working Foreman Dennis Aupperle announced at Monday's Village Board meeting. Curbs are being cut this week, and next week the asphalt will be milled. An estimated 150 loads of milled asphalt will go to Reigle Family Park to be used as base for the parking lot.

- The Mid Moraine Municipal Court has changed the way that municipalities pay for the court so that each municipality pays for the amount of activity it generates. That is the way the court was funded when it originally formed in the 1980s, according to Village Administrator Matt Heiser.

- The 2020 census work has begun. The census is scheduled to be released on April 1, 2020, according to Clerk/Deputy Treasurer Tracie Sette.

Common Ground Healthcare Cooperative Introduces New Board Members

Members of Common Ground Healthcare Cooperative (CGHC), Eastern Wisconsin's only nonprofit and cooperatively run health insurer, has elected new Board Directors.

All of the voting members of CGHC's Board are individuals insured by the cooperative. Thousands of members voted in the contested election which resulted in the following five out of seven nominees being selected:

- Mike Braun, a business consultant and teacher with considerable experience in human resources;

- Brett Remington, who helps businesses and non-profits define and pursue performance excellence through customer knowledge, strategy development and other continuous improvement methods;

- Chris Martin, a small business owner with experience in government regulations;

- Peter Kappelman, a small business farm owner with a wealth of experience on cooperative boards;

- Dan Clarahan, an executive with several successes in start-ups, new ventures and turn-around businesses.

The newly elected directors join Keisha Krumm, Mary Rehberg, Cliff Pukel and Amy Murphy on the CGHC Board. More information on the CGHC Board of Directors can be found at www.cgcares.org/about-us/governance.

CGHC CEO Cathy Mahaffey said she's looking forward to working with the new board. "Having consumer direction at the very top of the organization means our direction is always aligned with the needs of our members," she said. "I'm looking forward to working with this impressive group of leaders."

History Center Washington County To Participate In Blue Star Museums

The History Center Washington County announced plans to participate for the third year in the Blue Star Museums program.

Blue Star Museums, a collaboration among the National Endowment for the Arts, Blue Star Families, the Department of Defense, and more than 2,000 museums across America will offer free admission to the nation's active duty military personnel and their families from Memorial Day through Labor Day. A list of participating museums

nationwide is available at arts.gov/bluestarmuseums.

The free admission program is available for those currently serving in the United States Military - Army, Navy, Air Force, Marine Corps, Coast Guard as well as Active Duty and Reservists, National Guardsman (regardless of status), U.S. Public Health Commissioned Corps, NOAA Commissioned Corps, and up to five family members.

Qualified members must show a Geneva Convention common

access card for entrance into a participating Blue Star Museum.

Follow Blue Star Museums on Twitter @NEAarts and @BlueStarFamily, #bluestarmuseums.

The History Center Washington County is located at 320 S. 5th Avenue in West Bend.

For more information contact: Patricia Lutz Executive Director, 262-335-4678 or wchs@historyisfun.com.

Dr. Robert Gibson Honored With St. Joseph's Hospital's Annual Excellence In Medicine Award

Dr. Robert Gibson, an internal medicine physician at St. Joseph's Hospital and West Bend resident, has been honored with the fifth annual Excellence in Medicine Award from St. Joseph's Hospital.

Physicians and nurses at St. Joseph's Hospital were invited to nominate one of their peers for the award, which recognizes the accomplishments of an individual physician or advanced practitioner at St. Joseph's Hospital. Nominees were evaluated based on upholding clinical practice standards, leadership, innovation, volunteerism to improve health care in a local community, the ability to communicate with colleagues and staff, and how the nominee supports the hospital's mission, vision and values.

"Caring for the West Bend community as an internist for his entire career, Dr. Gibson has provided complex care for patients at St. Joseph's Hospital since long before the hospital provided the level of speciality services that it offers today," said co-nominators Dr. Pat Gardner, associate chief medical officer, and Dr. Gary Herdrich, family practice physician. "Experiencing the evolving practice of hospital medicine and recruitment chal-

enges, he was instrumental in the vision for and implementation of the hospitalist program at St. Joseph's Hospital. He's engaged in the total care of not only his personal patients, but all of those treated in our hospital. His combination of clinical excellence and servant leadership make him an outstanding candidate for the excellence in medicine award."

"I could not have done any of this alone," said Dr. Gibson. "My wife, Sheree, has always been there for me. And there have been so many caring, hard-working and dedicated professionals in all branches of healthcare at my side. I have been very fortunate to be able to give back to a community that has given so much to me."

Dr. Gibson has served in many medical staff leadership positions at SJH, including medical staff president. He also has a strong history of volunteerism and community support, the most prominent of which may be his role at the Albrecht Free Clinic. As medical director of the clinic, he not only cares for the vulnerable population in West Bend, but works to expand that care such as with dental services. He continually advocates for the clinic and the population it serves.

DAYS GONE BY

5 Years Ago June 6, 2013

Property owners along Main Street can expect a lot of headaches with the Main Street reconstruction project in January of 2014. For some, that headache might be a migraine as village officials are considering assessing costs of bringing new sewer laterals to owners of property along Main Street.

Julie Kriewaldt will be leaving her position as Wayne town clerk, but is keeping fond memories of her four years there.

KES fifth graders celebrated random acts of kindness. For one teacher and one special class at KES, these lessons became a mission this past school year.

In the first part of November, fifth grade teacher Jeanne Wheeler's husband of twenty-eight years, Richard (Rick) was hurt in a car accident and needed surgery. Wheeler made plans to be away from her class for a couple of days, during this time; Rick unfortunately passed away on Tuesday Nov. 13. Rick Wheeler, owner and operator of Wheeler Tile & Home Improvements, was a master craftsman who excelled at ceramic tile and installation, as well as making tables and lamps, according to his obituary. He also donated tiles to the school for various uses, particularly art projects. One of those projects was a beautiful inlaid mosaic table that Wheeler's students created in Henke's art room, using some of the tiles. It was also a secret the nineteen fifth graders kept with zeal for months. The secret? The table was to be a special gift, but one that would benefit the school as well.

A daughter, Aliyah JulieAnn, was born to Jessica and Steve Groth of West Bend on April 16.

Audrey (Oelhafen) and Albert Weiland recently celebrated their 45th wedding anniversary. They

were married on May 11, 1968 at St. Kilian Parish, St. Kilian.

15 Years Ago June 6, 2003

Competing in the state track meet were Rachel Dums, Amanda Donath, Becky Herriges, Julie Graham, Jenna Roecker, Johnnajo Schicker, Breyan Donath, Amanda Magnus and Troy Koerferl.

The Kewaskum Women's Club held their annual Spring Fling Luncheon at the Peace Church in Kewaskum to raise monies for the many projects, programs and scholarships they support or sponsor.

Beechwood Fire Department celebrates 90 years of service to the community.

Michael Neumann, a member of Kewaskum Boy Scout Troop 744, received his Eagle Scout Award at an Eagle Court of Honor held Sunday, June 1 at Kewaskum Town Hall.

Kiwanis Students of the Month are Valerie Rieden, daughter of Beth Brooker and Steven Rieden, and Emily Ogi, daughter of Shirley and Mitch Ogi.

The Kewaskum High School girls track and field team scored 120 points to with the WIAA Track and Field Regional.

A son, Noah Steven, was born to Wade and Rachael Kreis of New Ulm, Minnesota, on March 20.

25 Years Ago June 10, 1993

The Kewaskum Library recently celebrated their 80th anniversary. The librarian is Nancy Bauman.

The Washington County "Breakfast on the Farm" will be held on Saturday, June 12, at the Dornacker Prairie Acres.

Lowell and Elvera Melius will celebrate their 65th wedding anniversary on June 16. They have lived in their home in Batavia since 1955 when they sold their farm. Mr.

Melius was then employed as a carpenter with Geidel Bros. until his retirement in 1970. They were married in 1928 at Immanuel Lutheran Church, Town of Scott, where they are still active members. Attendants at the wedding, still living are: Lois Krautkramer, Adeline Tomasek, Leoda Staeger, Elmer and Edna Stange, Veila Vetter, Clyde Melius and "ribbon-pullers" Dorothy DeGraff and Erhard Klug. They have one daughter, Shirley (Ralph) Koth, four grandsons, Perry (Joann) Randall, Rev. Jeffrey (Kristine), Scott (Christine), and eight great-grandchildren.

A daughter, Kaitlin Ann, was born to Mary and Jeff Spurgat of Lino Lakes, Minnesota, on May 27.

50 Years Ago June 7, 1968

While swimming in the Milwaukee River at the Village Beach on Tuesday, a group of local boys made a startling discovery when they came across a large number of human bones imbedded in the river bottom. The boys accidentally stepped on the bones while swimming. To satisfy their curiosity, the youth brought the objects to the surface and found that they were human bones. They then started an intensive search and brought up 100 or more bones during the afternoon before they discontinued their search. The boys who "fished out" the bones are Brian Ludwig, Rick Eichstedt, Mike McDlain, Tom Bohn and Jeff Lawrenz. On Wednesday morning the larger bones were laid out and pieced together on the sidewalk in front of the Municipal Building where they were viewed by District Attorney Robert Kauffman, Coroner Bob Boltz and other officials, including County Patrolman Don Mertens, Chief Pledl the writer and Eugene LaMarche, high school biology teacher. The collection of bones included a skull, jaw bone and teeth, hip socket

bones (indicating the bones were from at least two persons), upper leg and lower leg bones, upper and lower arm bones, finger bones, ribs, neck bones, vertebra bones and many other smaller bones. The assorted bones, numbering at least 100, filled two cardboard cartons. There was no way of telling how old the bones are but they are well preserved. It is not known whether they are the bones of Indians or white men. Coroner Boltz took the bones to send them to the state laboratory at Madison to have them checked for possible age, identification and how long they were deposited on the river bottom. The reason the bones were first discovered now is believed to be because the river was dredged late last fall.

Father John A. Brath, son of Mr. and Mrs. George Brath, Route 1, Allenton, was ordained a priest on Saturday, May 25, at St. Raymond's Cathedral in Joliet, Illinois. Father Brath offered a Concelebrated Mass on June 2, in Holy Angels Catholic Church in West Bend.

Miss Diane Vetter, daughter of Mr. and Mrs. Leland Vetter, Route 1, Kewaskum, became the bride of John Jaeger, son of Mr. and Mrs. Kenneth Jaeger, Route 3, Campbellsport, on Saturday, May 11.

A daughter was born to Mr. and Mrs. Thomas Weddig, Madison on May 20. Paternal grandparents are Mr. and Mrs. Ed Weddig, Kewaskum, and maternal grandparents are Mr. and Mrs. Joseph Martin, West Bend.

A son was born to Mr. and Mrs. James Pardee, Milwaukee, on May 29. Mrs. Pardee is the former Dianne Marx, daughter of Mrs. Louise Marx, Route 2, Kewaskum and the late Edward Marx.

A daughter was also born to Mr. and Mrs. Ralph Boden, Route 1, Allenton, on May 29.

75 Years Ago June 4, 1943

Four eighth grade pupils at Holy Trinity School will receive their diplomas at graduation exercises to be held during church services at 7:30 p.m. Sunday evening, June 6, at the parish church. The graduates are Harlan Gruber, Eugene Keller, Bernice Wallenfelz and Elizabeth Searles. One graduate of the St. Bridget's mission school will also receive her diploma at the services. She is Marjorie Thill.

Employees of the Kewaskum Aluminum Company, engaged in war production, started working on three shifts on Monday. The shifts run from 8 a.m. to 4 p.m., 4 p.m. to 12 midnight and 12 midnight to 8 a.m., so that the plant is now running 24 hours a day producing war materials. Formerly the plant was running on two shifts.

White lilies, peonies and tulips provided decorations at the Peace and Evangelical Reformed Church in the village for a wedding ceremony at 3 o'clock Saturday afternoon, May 29, in which Miss Evelyn Krautkramer, daughter of Mr. and Mrs. Edward Krautkramer of Route 3, Kewaskum, became the bride of Calvin Rauch of Route 3, Campbellsport, son of William Rauch of this village.

Miss Rosemary Theresa Simon, daughter of Mrs. Katherine Simon of Route 1, Campbellsport, was married to Raymond Brath, son of Mr. and Mrs. Emil Brath, Route 1, Campbellsport, in Ashford, on Saturday, May 29.

An 8 pound, 9 ounce son, Richard Otto, was born to Mr. and Mrs. Karl Kreif, of Route 1, Malone, on Friday May 28. Mrs. Kreif will be remembered as the former Miss Esther Zimmermann, daughter of Mr. and Mrs. Otto Zimmermann of West

Bend. Mr. Kreif is the son of Mr. and Mrs. Albert Kreif of Route 1, Kewaskum.

100 Years Ago June 8, 1918

Although threatening weather prevailed during Sunday morning and made it appear as though rain would be the program for the day, the clouds broke before noon and transformed the day into ideal picnic weather. Shortly after dinner crowds began to wend their way in automobiles and buggies to William Prost's grove, five miles southwest of the village where everything was in readiness for the big occasion. During the afternoon it was estimated that there were about one or two thousand people and children present. The West Bend City Band had been engaged for the afternoon and they furnished an excellent program for the enjoyment of all present. Refreshments of all kinds were furnished in abundance and we doubt anyone went home hungry or thirsty. This affair, which is given annually by the patrons of the Kleinschay cheese factory, is getting to be the one big event of the season as was demonstrated by the large crowd of people in attendance.

Postmaster Geo. H. Schmidt has opened up an office in the Jacobitz building where he will receive applications for the registration of alien women which begins on Monday, June 17, and continues up to and including Wednesday, June 26, 1918.

Sour stomach, clogged up bowels, pimples, blackheads, foul breath, are evils of constipation. Hollister's Rocky Mountain Tea regulates the bowels, purifies the stomach, expels decay matter from the system. Nature's wondrous herbs. Positive results.

An Upcoming Calendar of Events for Riveredge Nature Center, 4458 County Hwy Y, Newburg, WI. Visit: www.riveredgenaturecenter.org for further information.

Friday, June 8 - Riveredge Tree Climbing Adventures at Walleye Weekend. Help us celebrate 40 years of Walleye Weekend with Fond du Lac Festivals, Inc.! Riveredge Tree Climbing Adventures will be a featured activity at this entertaining family event. Walleye Weekend has fun activities, food, and music for everyone in your family. To learn more about this event please visit the Fond du Lac Festivals page. Our tree climbers will be stationed between the train and the bean bag toss, at the corner of Family Land. This isn't your childhood tree climbing. With the help of our trained facilitators, you'll get up in the trees like never before. Using the same professional equipment that arborists and scientists use when they ascend into the treetops, our highly trained and experienced facilitators will teach you everything you need to know to get harnessed up, in the saddle, and headed toward the treetops. Once you're at a height that's comfortable for you, you'll be free to swing, spin, bounce, walk the branches, or just hang out in a tree. It's your adventure. Our tree climbing programs are meant for youth and adults, age 8 and above, with little to no tree climbing skills. All equipment is supplied; all you need is loose clothing (T-shirt and long pants recommended), closed toe shoes (hard soles recommended), and an adventurous spirit. Cost per climber (all ages 8 or older welcome): \$15/ 20 minute mini session. 3 - 6 p.m.

Saturday, June 9 - Riveredge Tree Climbing Adventures at Walleye Weekend. Help us celebrate 40 years of Walleye Weekend with Fond du Lac Festivals, Inc.! Saturday, June 9 - Discover the world from inside a shell. Meet our Ornate Box Turtle, Glitter, then head outdoors in search of wild turtles at Riveredge. Learn as you hike around the pond, through the forest and near the prairie. Please wear sturdy walking shoes. Children under 6 must be accompanied by an adult. Non-Members & Trail Pass Members: \$7 per child, Adults FREE. All-Access Members: FREE. 10 - 11:30 a.m.

An Upcoming Calendar of Events for the Northern Kettle Moraine State Forest...

Saturday, June 9 - Saturday Morning Secret Finders. Calling all youth to discover secrets of nature by participating in the Wisconsin Explorers program. The program involves completing a required number of engaging nature activities in one of three age appropriate books (ages 3-5, ages 6-8, and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books. Picnic Shelters at Mauthe Lake Recreation Area (located off County Road GGG south of County Road SS near New Prospect) and Long Lake Recreation Area (located off Division Road north of County Road F near Dundee). 10 - 11 a.m.

Saturday, June 9 - Alien Attack Drop In at the Beach. We're being invaded not by outer space aliens, but by alien plants and animals. Uncover what foreign species are taking over our native communities and what can be done to help control their spread. You will have a chance to make several unique crafts including a smashed-plant bandanna. Bring your own bandanna or purchase one that day for a small fee. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Long Lake Recreation Area South Beach (located off Division Road north of County Road F near Dundee). 1 - 4 p.m.

Saturday, June 9 - Wriggling Worm Invaders. Summer Saturday Evening Event. Sponsored by Friends of the Kettle Moraine. Worms: great fish bait, wonderful garden soil aerators, but not native to Wisconsin? With Jodie Ellis, DNR Forest Health Educator, unearth amazing facts about worm biology and why no indigenous earthworms live here. Learn how these legless creatures impact the health of our state's plant communities, especially forests. Be prepared to head outside for a fun-filled scientific worm investigation. This program is most appropriate for people over of 8 years old. Ice Age Visitor Center (Located off Hwy 67 half mile west of Dundee). 7 - 8:30 p.m.

Sunday, June 10 - Alien Attack Drop In at the Beach. We're being invaded not by outer space aliens, but by alien plants and animals. Uncover what foreign species are taking over our native communities and what can be done to help control their spread. You will have a chance to make several unique crafts including a smashed-plant bandanna. Bring your own bandanna or purchase one that day for a small fee. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Mauthe Lake Recreation Area Beach (located off County Road GGG south of County Road SS near New Prospect). Noon - 3 p.m.

Wednesday, June 13 - Ice Age Trekkers. Join us for a relaxing 2.13-mile evening hike along the Ice Age National Scenic Trail between County Road GGG and County Road S. A shuttle will be available between the starting and finishing spot. Meet at the Ice Age Trail crossing on County Road S by St. Matthias Church (located southwest of County Road GGG near New Fane). 6 - 7:30 p.m.

Thursday, June 14 - Ethnobotany Evening Exploration. Native people incorporated plants such as deer's ear root, pine snake, and frog pants in their medicines. Bog-beans and skunk-root were used in tattooing. Join Lee Olson for a fascinating exploration of the ways Native American tribes living in our area utilized plants for food, medicine, and other utilitarian reasons. This program is for people over the age of 12 years. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 6 - 8 p.m.

Friday, June 15 - A Tale of a Tree's Life Nature Storytime. Listen as we spin a tale of a tree's life from seed to rotting log. We'll head to the woods to visit the trees and find out their special stories. This hour of nature fun awaits 3 to 6 year olds with accompanying adults. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 9:30 - 10:30 a.m.

Saturday, June 16 - Saturday Morning Secret Finders. Calling all youth to discover secrets of nature by participating in the Wisconsin Explorers program. The program involves completing a required number of engaging nature activities in one of three age appropriate books (ages 3-5, ages 6-8, and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books. Picnic Shelters at Mauthe Lake Recreation Area (located off County Road GGG south of County Road SS near New Prospect) and Long Lake Recreation Area (located off Division Road north of County Road F near Dundee). 10-11 a.m.

Saturday, June 16 - So Many Legs. Drop In at the Beach. 6, 8, 14, 20, 100+ Why so many legs? Drop in to meet creatures with a lot of legs and find out a few new things about these incredible animals. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Mauthe Lake Recreation Area Beach (located off County Road GGG south of County Road SS near New Prospect). 1 - 4 p.m.

Saturday, June 16 - From the Kettle Moraine to the Appalachian Trail. Summer Saturday Evening Event. Sponsored by Friends of the Kettle Moraine. Hear how Jan and Dan Schmidt went from training in the Kettle Moraine to through-hiking the Appalachian National Scenic Trail. Learn what it took for this couple to hike the 2,181 miles from Georgia to Maine and what amazing experiences they encountered along the way. This program is most appropriate for people over of 8 years old. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 7 - 8:30 p.m.

Sunday, June 17 - So Many Legs. Drop In at the Beach. 6, 8, 14, 20, 100+ Why so many legs? Drop in to meet creatures with a lot of legs and find out a few new things about these incredible animals. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Long Lake Recreation Area South Beach (located off Division Road north of County Road F near Dundee). Noon - 3 p.m.

All the events are free except at locations where a Wisconsin State Park System vehicle admission sticker is required or where a fee is listed. The events are held within the Kettle Moraine State Forest - Northern Unit at the locations listed for each event. The Ice Age Visitor Center is located about 20 miles north of West Bend and 20 miles south of Fond du Lac.

Slinger FFA Alumni Association Awards Scholarships

On May 17, three Slinger High School students were awarded scholarships from the Slinger FFA Alumni Association at the Slinger FFA Chapter's annual banquet.

Macy Ragsdale received the Frank Vlasak Memorial Scholarship and the Lee Prochnow Scholarship.

The Frank Vlasak Memorial Scholarship is named in honor of former Slinger teacher and FFA Advisor Frank Vlasak. Frank passed away this

past spring and was the Ag Instructor and FFA Advisor of Slinger and retired from the school district in 1995.

The Lee Prochnow Scholarship is in honor of Lee Prochnow, a Slinger High School student who passed away at a young age but always enjoyed being a part of FFA and enjoyed his agriculture classes.

Ragsdale is the daughter of Jeff and Kerri Ast of Slinger and Dan Ragsdale of Anamosa, Iowa. She will attend the University

of Wisconsin - River Falls this fall, majoring in Animal Science.

Brooklyn Bingen was awarded the Glen Konrath Scholarship. Glen was a strong supporter of the FFA and FFA Alumni and always stood behind providing opportunities to the FFA members.

Bingen is the daughter of Bill and Debbie Bingen of Allenton. She will attend Marian University this fall, majoring in Elementary Education.

Madison Brugger received the Paul Wolf

Scholarship. Paul was always one who put others' needs before his, no matter if it was at home as a dad, on the farm where he was a partner with his brothers, or as an EMT with the Allenton Fire Department.

Brugger is the daughter of Tony and Jana Brugger of Slinger. She will attend Concordia University this fall, majoring in Nursing.

The Slinger FFA Alumni Association provides scholarships annually to graduating seniors who complete an application, hold good standing as a student at Slinger High School, and are active members of the Slinger FFA.

For more information, contact Ms. Dei, Slinger High School teacher and FFA Advisor at katelyn-dei@slingerschools.org

Ethnobotany - How Native Americans Used Plants

Join us at the Kettle Moraine State Forest - Northern Unit for our Evening Exploration, Ethnobotany - How Native Americans Used Plants. The program will be held on Thursday, June 14, from 6 to 8 p.m. at the Ice Age Visitor Center of the Kettle Moraine State Forest - Northern Unit. The Ice Age Visitor Center is located off Highway 67, a half mile west of Dundee. The program is free, but donations are always gratefully accepted.

Native American tribes of the Great Lakes area utilized the resources found in a variety of habitats including the native plants. They incorporated plants such as deer's ear root, pine snake, and frog pants in their medicines.

Bog-beans and skunk-root were used in tattooing, while others were harvested for food.

Join Lee Olsen, ethnobotanist, to find out what can be learned from the Native American names for plants. He will demonstrate many utilitarian uses of plants such as dyes, cordage, fiber, and construction. He will share how to identify many food and medicinal plants utilized by the people of the past and today.

For further information, contact the staff at the Ice Age Visitor Center. The center's phone number is (920) 533-8322 and is open Monday through Friday 8:30 a.m. to 4:00 p.m., and on Saturday and Sunday 9:30 a.m. to 5:00 p.m.

CAMPUS NEWS

- Iowa State University

At Iowa State University's commencement, Margaret Weber, of West Bend, received a degree in Doctor of Philosophy, Rural Agricultural Technological and Environmental History.

- Michigan Technological University

Michigan Technological University, in Houghton, Michigan, has released the Dean's List for the 2018 spring semester.

The following students from the West Bend area were included on that list: Joel Komurka, Living Word Lutheran High School, Materials Science and Engineering; Gregory Korinek, Slinger High School, Civil Engineering and Ryan Olsen, Kettle Moraine Lutheran High School, Civil Engineering. To be included, students must achieve a grade point average of 3.5 or higher.

- University of Wisconsin -

Washington County
The University of Wisconsin-Washington County has announced the Dean's List for the 2018 spring semester (90 full-time and 16 part-time). These students have achieved academic success by achieving a grade point average (GPA) of 3.50 or higher. Nineteen students received Highest Honors (GPA of 4.0) and these are noted with an asterisk.

Full time students:
Allenton
Veda Inchaurregui and Gwenth Schreiter.

Campbellsport
Koy Walsh
Kewaskum
Jeffrey Evans, Ian Kenworthy, Kelsy Martin and Joyce Mendoza.

West Bend
Dante Dominguez, Alexander Bruni, Kerewyn Cass,

Trevor Cross, Peter Fehring, Tanner Gabel, Andrew Gebler, Austin Geiger, Amanda Goehring, Madelyn Gruenke, Amelia Hansen*, Zachary Hedlund, Abigail Holter*, Anne Jansen*, Bethany Kasten, Austin Koehler, Sydney Koehler, Ana Komro*, Kiley Komro, Elish Memmel, Jared Mitchell, Antonio Pusateri, Bailee Ramon, Alexandra Reuter*, Austin Sackett, Abigail Schmidt*, Nolan Sell, Leah Stoffel, Megan Swope, Rachel Uhren*, Sarah Uhren, Holly Wergin*, Christopher White, Amber Wolfram, Danielle Yocum and Tyler Zuydhoek.

Dean's List honors are awarded to part-time students who have earned at least 15 credits with a cumulative average of 3.5 and who carry a minimum of three credits during current semester.

Allenton
Brittany Seebantz

Campbellsport
Max Read*

West Bend
Trevor Abel, Nicholas Blommel, Sydney DeSelm, Kaitlyn Hudson*, Nicholas Krueger, Brian Roethle, Agatha Severson* and Cassidy Tyrpak*.

- Wisconsin Lutheran College

The following students have been named to the Wisconsin Lutheran College Dean's List for the spring 2018 semester. To be eligible for Dean's List, a student must carry a semester GPA of 3.6 or higher.

Kewaskum
Emily Huiras

Campbellsport
Haley Feucht

West Bend
Katrina Donahue, Taylor Hansen and Amber Soyk.

- University of Wisconsin - Superior

Emily Hilgendorf, of Campbellsport, has been named to the UW-Superior spring 2018 Dean's List.

To be named to the Dean's List, students must have completed 12 degree-seeking semester credits and achieved at least a 3.50 grade point average (on a 4.0 scale).

- Trinity Christian College

Victoria Gallup of Campbellsport and Celina Wanta of West Bend were both named to the Trinity Christian College spring 2018 Dean's List.

The Dean's List is Trinity Christian College's highest academic honor. Traditional undergraduate students who attend Trinity full-time and earn a 3.5 grade point average earn this honor.

- DePauw University

DePauw University congratulates David Rosene, from West Bend, on being named to the spring 2018 Dean's List. The Dean's List recognizes students who achieve a semester grade point average of 3.5 or higher on a 4.0 scale.

- University of Wisconsin - Whitewater

The following students were named to the University of Wisconsin - Whitewater Dean's List for the 2018 spring semester.

Kewaskum

David Schneider, Kristin Stoffel, Jessica Fieweger and Anna Remillard.

Campbellsport
Eric Limberg, Lindsay Muench, Lexie Steiner and Hannah Nelson.

Allenton
Jacob Olson

West Bend
Lexi Semrau, Sarah Nelson, Curtis Pfeil, Nicole Chernohorsky, Michelle Zancanaro, Charles Breit and Simon McGhee.

FEATURE BUSINESS OF THE WEEK

Little Folks School House

Little Folks School House is owned by Dodie Sargent. She brings 33 years of experience, receiving her training at U.N.H. and UW-Milwaukee. The Assistant Director, Jennifer Melzark has 16 years in the field and received her training at Marian College. Along with Dodie and Jennifer are 23 employees.

Little Folks is rated 5 stars by the Wisconsin Youngstar program and Nationally Accredited. The majority of the teachers have two or four year degrees and are dedicated to providing quality childcare.

Dodie provided licensed family childcare from 1983-1997 and opened the group center (Little Folks School House) in 1997 in the Town of Wayne. After outgrowing the Wayne building, they built a bigger center in Kewaskum which opened in 2006. There are five classrooms, three age separated fenced playgrounds, a coded secured entry and camera monitored classrooms. They also provide before and after school care at Little Folks and Kewaskum Elementary School. Little Folks also serves as a teaching center for Moraine Park Technical College. Students are placed with them every semester for their practicum experience where the Little Folks teachers mentor them.

Little Folks strives to form working partnerships with families. They respect the parent's insights and concerns and want them to feel comfortable leaving their children in their care, knowing they will be safe and nurtured as they help to develop and grow.

A Family Connection Reaches Across The Globe

The family tomb played a large role in protecting Miko and her family during the war. Miko was about 2 years old when she hid with her family in the tomb to stay safe from bombs and enemy fire.

One night, while they were hiding, Miko's mother brought Miko and her two brothers out of the tomb to find some water. Miko's mother carried Miko on her back and held the two boys' hands.

As they walked out onto the street, Miko's mother was shot in the back, grazing her torso.

An identical shot hit 2-year-old Miko, and the bullet grazed the left side of Miko's torso. Another bullet hit Miko's right arm.

"My mom brought us back to the cave. My mother said that she felt no pain at all. It felt like somebody pushed her very hard," Miko said.

Both Miko and her mother survived. However, Miko has scars from the wounds and suffered permanent loss of movement in her right arm.

Miko's paternal grandmother was also shot at night while trying to find water. She did not survive.

Miko's 5-year-old brother died during the war from poisonous gas.

Miko's other brother lost his voice for many years because the gas damaged his vocal chords.

Miko's father fought in the war, and never returned home. He is still listed as Missing In Action.

While visiting a World War II Memorial Park, Patty and her family saw the names of Miko's grandmother, father and brother all carved in the marble walls.

"Many years ago I visited Pearl Harbor. I got the same feeling here as I did there. It's interesting knowing that my heritage is a huge part of both sides of the war," Patty said.

Patty had heard stories of the family hiding in a cave those frightening times.

Kiyo, Chogen and Shizuko (Miko) Lambrecht visit the Yoshihira family tomb, where they made offerings and said prayers. The tomb is where Miko hid with her family during World War II.

photo submitted

"Not until we went on this trip did I find out that this cave was a tomb," Patty said.

Today, volunteers continue to dig areas of Okinawa trying to find human remains.

"They dig to try to find bones and now they can do DNA testing, and they try to find families that are still missing loved ones. They try to get closure that way," Patty said.

Finding Their Way

The trip from Kewaskum to Japan was a long one. The flight from Chicago to Japan took about 17 hours.

"The first two hours were exciting because we had been anticipating this for so long. We started watching a movie, tracked our flights, ate some

Spam is a popular food item in Japan.

photo submitted

snacks. The next hour we ate our meal, talked for a bit. After that we did some crossword puzzles, played cards, listened to music, played some video games. Then Mom and I snoozed for a bit," Patty recalled.

At that point, the flight was not even close to being halfway to Japan.

Once they finally arrived, Patty and her family stayed in a small house near the beach. They enjoyed walking along the ocean.

"Finding shells was probably our favorite thing to do," Patty said.

The temperatures ranged from 60 to 80 degrees, compared to the winter weather that Wisconsin was enduring while they were gone.

While in Okinawa, the family rented a van. Patty got her international license, and she did her best to maneuver the vehicle along Japan's narrow roads.

It took some adjustment. She had to drive on the left side of the road. And most everything in the car seemed backwards.

"Every time I tried to turn on the turn signal, I turned the wipers on," Patty said.

It didn't help that she didn't speak Japanese.

The family tried to use a GPS system to find their way around the country.

"I'm sure it worked just fine, but we couldn't get it to work, because of language," Patty said.

Patty's half brother lives in Japan, and he speaks excellent English, so Patty had assumed everyone in Japan spoke English.

"But they very clearly did not," Patty said.

She discovered that the younger Japanese folks did speak some English, but the older generations did not.

So Patty and her family relied on Google translation. They got a regular routine down.

"We talk on the phone, we show them, they laugh. They talk on the phone, they show us," Patty explained.

"There were lots of charades going on. We were able to get a couple main points out there," Patty's brother Jeff added.

Fortunately, everyone understands the word "toilet" in Japan.

And the family learned the key to communicating.

"You don't stray too far away from Mom because you need her if you want to talk to anyone," Jeff said.

"You also don't stray too far from her because it is hard to find her. They all have black hair, they all are the same height," Patty added.

The Japanese Culture

"The Japanese people are very polite. Anyone who works in a service industry of any sort is always polite. They are always bowing when they hand you something. And they hand it to you with open palms. They thank you very much for every single thing that you do," Patty said.

"They are very welcoming, very hospitable," Jeff agreed.

The workers are not acting polite in order to get tips. In Japan, people do not give tips.

"We told them how we tip around here usually around 20 percent if not more. They are absolutely floored by that," Patty said.

The country is also very clean, Patty and her family observed.

Jett Schreiber of Kewaskum enjoys the view in Japan.

photo submitted

"Even the recycling truck is attractive. It drives around with music and sounds like an ice cream truck. And it's pretty with flowers painted on it," Patty said.

There are no garbage cans along sidewalks. Instead, people are expected to take their garbage with them.

"No one litters either. Every so often, though, you see a soda can stuck somewhere," Patty said.

"It was probably left there by an American," Jeff observed.

Eating Japanese Style

One of the highlights of the trip was Japanese cuisine.

"The food was amazing," Jeff said.

Grocery prices were comparable in Japan to what they are here. However, their portion sizes were much smaller. And not everything was packaged the same way as in America.

"I couldn't find Ketchup to save my life...It's because they put it in a bag," Patty said.

Grocery stores sold lots of fish, squid and ramen noodles. And Spam.

"Spam is a huge thing there. Everywhere you go, they have Spam," Patty said.

Dining out was a new experience.

"We went to a couple restaurants where you check your shoes at the door. You walk into the

restaurant in your socks or bare feet. They have slippers there for you if you want," Patty explained.

At their favorite restaurant, the family sat at a table and ordered food off an electronic screen. The food was then delivered to them on a conveyor belt.

There were still some familiar places in Okinawa. McDonald's is located there, and orders are delivered via a special McDonald's scooter.

Most restaurants in Okinawa offer the option to sit on the floor or in chair, according to Patty.

"When we went to my uncle's house for the welcoming party, we sat on little cushions on the floor. However, we all struggled. We were able to sit on the floor for maybe half an hour. They must have seen us fidgeting and moving around a lot because they brought out chairs and stools," Patty said.

Patty was impressed with how adept the Japanese were at sitting on the floor.

"It doesn't matter how old they are, they have no problem sitting on the floor," Patty said.

Despite those differences, the family members all enjoyed seeing each other.

"The trip had so much meaning because of our heritage and all of our family there. I would not hesitate to go back there again," Patty said.

Family ties stretch from Kewaskum to Japan. Patty Schreiber's relatives were able to get together in Japan earlier this year.

Artist Dan Gerhartz To Meet Visitors At Museum Of Wisconsin Art

By Anne Trautner

Visitors will get a chance to meet Daniel Gerhartz, an internationally known artist from Kewaskum, on Saturday, June 9, from 2 to 4 p.m. at the Museum of Wisconsin Art (MOWA) in West Bend.

Gerhartz, who was born in Kewaskum in 1965, was classically trained at the American Academy of Art in Chicago. He practices a form of Realism that traces its origins to the great figurative and portrait painters of the late 19th century.

"Here, halfway between Kewaskum and New Fane you have an artist who has an international reputation, and Dan has stayed true to his home and to his roots," said Graeme Reid, MOWA director of collections and exhibitions.

Gerhartz has an exhibit of 31 paintings displayed

at MOWA through July 29. The exhibit includes many pieces that have never before been publicly exhibited.

Some of the pieces belong to owners in Indiana.

"In two of the three cases, the owners of the paintings are artists themselves, and they are both older than Dan. They are both very good painters, but what I thought was particularly interesting was the deep respect they had for Dan as a painter.

Here two older artists, showing a huge amount of respect for the younger artist," Reid said.

Part of the draw of Gerhartz's art is that it has a universal draw, Reid said.

"You look at any of those paintings, you could hang it in any state in America, you could hang it most anywhere, and people understand it. He is doing

work that has a tremendously broad appeal, and it connects with people," Reid said.

Many people are drawn to Gerhartz's paintings because they provide a break from the ugliness that exists in the world.

"When you turn on the news, you see stories about school shootings, the situation in Syria, and other issues. It's just one bad, unpleasant story after another, and I think Dan very much uses his paintings as like a visual respite or an anecdote to more unpleasant side of the world that we live in," Reid said.

"I want my paintings to represent a world that people strive for, even if it doesn't actually exist," Gerhartz said. "I paint a world of gratitude, greater acceptance, and giving rather than discord. I hope that my paintings provide some light to contrast the

darkness in people's lives."

People often find that they can relate to Gerhartz's work.

"It might remind them of the time they went to the beach or the time they spent with a grandparent. Or it might remind them of the time that they had a newborn child, or it might remind them of a time when they went up to the Kettle Moraine and visited that part of the world. It's very evocative work," Reid said.

"Not to mention, Dan and his wife, Jen, are just the nicest people imaginable," Reid added.

Gerhartz spoke to a crowd of about 250 people at MOWA on May 3.

This week's appearance will be a chance for people to speak more casually with Gerhartz.

The June 9 event is free with membership; walk-ins are welcome.

Internationally known artist Dan Gerhartz gives a presentation at the Museum of Wisconsin Art in West Bend on May 3. Visitors can talk casually with Gerhartz will be at the museum on Saturday, June 9, from 2 to 4 p.m.

SPORTS

Amazing Run By 4x100 Relay Ends With A State Title

By Judy Harlow

They are the fastest foursome in the state.

This past Saturday, junior Tyler Heus and seniors Tony Steger, Cole Suprenant and Cade Peterson combined for a time of 43 and 0.01 seconds (43.01) to win the men's Division 2 4x100-meter relay in the WIAA Track and Field Meet held on the UW-La Crosse campus.

This quartet posted the fastest time of 43.04 in the preliminaries the day before and behind some perfect handoffs and each man running a great leg, the Indians finished 0.45 of a second ahead of the runner-up team from La Crosse Aquinas in the finals.

"A long weekend but a great weekend," KHS co-head coach Kris Evans said Sunday night. "We are incredibly proud of our athletes. Kewaskum is finally back on the top of the podium." This was Evan's first state championship relay and Kewaskum's first since 2001.

Steger was running with this relay for the second straight year, while Peterson was running the event for the first time, as was Suprenant, who only participated in track a couple years. Heus' 100 win in a quad meet right before the conference meet prompted Evans to move him into the unit, and the plan certainly worked out.

When asked how it felt to be a state champ, Peterson said, "It feels amazing. It's almost unreal." He not only was the anchor of the unit but also a place winner in the 100- and 200-meter dashes. "We worked so hard, and it all worked out in our favor."

Concerning the hand-offs, which are key in a short relay like this, Peterson said, "The hand-offs looked the best at state. We had worked on them the entire last week."

The 43.01 came within an eyelash of setting a

new school record, according to Peterson, who said, "It's a tenth of a second off the record," noting the 2017 relay team from Kewaskum, comprised of Steger, Kyle Pamperin, Cameron Dodge (the alternate this year) and Brady Hanson ran a 42.90 to finish second in state.

Peterson also made the finals in both sprint races, finishing ninth in the 100 with a time of 11.30. "I was figuring to do better, but I had a pretty bad start," Peterson said. Still, he was pleased he was able to dip under 11 seconds in the prelims where he had a 10.90 clocking.

The 200 featured the Rice Lake dynamic duo of Kenneth Bednarek (who won the 100, 200 and 400) and Marquez Clerveaux. They finished first and second with respective times of 20.98 and 21.69.

Peterson placed fourth with a time of 21.79 among the nine finalists in a loaded field. "It was definitely loaded, but I did what I wanted to do," he said, specifically dipping under 22 seconds and reaching the podium.

Kewaskum scored 15 points to place 14th in Division 2. Rice Lake was crowned state champion after piling up 53 points, five more than Lodi. Freedom and Monroe tied for third with 29 points, with Clinton and Aquinas rounding out the top five with 27 and 24, respectively.

Also in Saturday's finals, junior Abby Meidl cleared 10-feet, six inches (10-6) to tie for fourth place with Gabrielle Kennedy of Sr. Thomas More. For her efforts, Meidl earned Kewaskum's 4.5 points.

"She pole vaulted very well and was proud of her effort," Evans said about Meidl, who made great strides in the event this spring and should do even better her senior year.

"Next year, we will buy her all the poles she needs," Evans said. "If she keeps going the way she

The State Champion Boys 4x100 Relay Team from Kewaskum High School includes (from left) Tony Steger, Tyler Heus, Cade Peterson and Cole Surprenant. The four won the race with a time of 43.01 seconds.

photo submitted

has, she'll be on the top rung of the podium next year."

Evans said it's obvious the seniors will be missed. "We had a real talented group this year, but I have high hopes for next year," pointing especially to the girls 4x800 and 4x400 and the boys 4x400 relays.

On Friday, Riley Donovan had difficulty putting the disc within the boundary lines and had to settle for 12th place in the field of 15. Donovan's best toss sailed 139-05.

"He scratched on two of his three throws," co-head coach Jason Last said of Donovan. "He was really coming around the last week, but it just didn't pan out."

It took a toss of 143 to make the finals. The event was won by Chilton senior Cody Gebhart with a toss of 181-05 in a strong field. Three others went over

160 feet.

Senior Liz Lightner made 4-10 but was not successful on three tries at 5-0 and tied for 14th place with two others. Just getting to state was pretty amazing since this was Lightner's first year out for

the sport.

The girls 4x400 relay, made up of Breanna Rice, Meidl, Courtney Butzlaff and Anna Peterson, also ran into some very good competition and finished last in the field with a time of 4:17.9.

State track qualifiers from Kewaskum High School include: (from left) Cade Peterson, Anna Peterson, Faith Mertzig, Courtney Butzlaff, Lizzie Lightner, Abby Meidl, Tony Steger, Riley Donovan, Tyler Heus, Jed Ermer, Breanna Rice, Cole Surprenant and Cameron Dodge.

On To State Is KHS Golfers' Cry

By Judy Harlow

Continuing its successful run, the Kewaskum High golf team won the WIAA Division 2 sectional it hosted on May 30 at the Kettle Hills Golf Course in Richfield to earn a second state trip to the WIAA D-2 Golf Tournament.

"We head to state for the second straight year, looking to improve upon our fourth place finish last year." KHS second-year coach Casey Scheel said. "We are very comfortable with the course, as all five guys golfed here last year."

The key to the Indians' success this season has been its depth, and that was true again in this meet as the Indians posted a 78, two 79s and an 80 for a 316 total, four strokes better than Waupun.

There were some anxious moments after 13 holes, according to Scheel, who said, "We really just lost our rhythm," allowing Waupun to take the lead. The Indians fought back from a four-stroke deficit, however, to win.

Scheel said it was the team's "competitive instinct where you want to win it all," adding the benefit to that is that the team will play in the second

wave on day one of state, golfing with the other sectional champions.

Leading the Indians in this meet was junior Talon Ralph, who battled back from a rather average start to shoot a 37-41-79. After going three-over on hole numbers 4 and 5, Ralph had back-to-back birdies on numbers 8 and 9 to finish the first nine with a 37. He also birdied number 10, then had several bogeys on the back for a 41 and his 78, which was tied for sixth overall.

"He was solid all day. Score could have been much better if it wasn't for a triple bogey on hole 12," Scheel said of Ralph.

Posting the 79s were senior Jordan Carlton and junior Brad Buechel. Carlton's nines were a 38 on the front, also with birdies on numbers 8 and 9, and a 41 on the back. Buechel's card included three threes on the front side toward a 39 and then a 41.

"Jordan Carlton got off to a slow start with four straight bogeys but found his swing to shoot a 79," Scheel said. "Had a few birdies mixed in there to help the round."

Buechel "had a great day overall, kept his consistency going as he has all year long," Scheel said.

Number 1 man Jacob Schlosser was consistent with two 40 rounds for his 80, which included one untimely double bogey on number 14.

Travis Griesemer started out hot with an even par 36 on the first nine, then ran into trouble on the back for a 47 and an 83, which did not count.

The meet medalist was Kettle Moraine Lutheran's Solomon Zarlring, who carded a 36-38-74, two shots ahead of Waupun's Owen Theune.

Waupun also advances to the 36-hole state test on the University Ridge course in Verona June 4-5.

"Out of the eight Division 2 teams that qualified for state, three are from our conference, Winneconne being the other," Scheel said.

WIAA D-2 SECTIONAL GOLF AT KETTLE HILLS
Team scores: 1. Kewaskum, 316; 2. Waupun, 320; 3. Catholic Memorial, 329; 4. University School of Milwaukee, 33; 5. Kettle Moraine Lutheran, 335; 6. Lake Country Lutheran, 337; 7. New Berlin West, 353; 8. Oostburg, 356; 9. (tie) Brookfield Academy and Martin Luther, 366; 11. Kiel, 371; 12. Campbellsport, 381.

Kewaskum Golfers Place Fifth At State

By Judy Harlow

Nobody was going to catch Madison Edgewood in the WIAA Division 2 State Golf Tournament ... not with the scores the Crusaders put up in the 36-hole event at the University Ridge Golf Course near Verona.

Edgewood came in with a 303 the first round June 4 and followed that up with a 302 for a 14 over-par total of 605, 39 shots ahead of Edgerton's 326-316-644.

Kewaskum, which had high hopes of improving on last year's fourth place finish and challenging for the title, had to settle for fifth place with a 661. The Indians were out of the running after carding a 339 the first round. They did much better the second, cutting off 17 shots for a 322, the third lowest score of the day.

KHS was led by junior Jacob Schlosser, who just missed a top-10 finish with his 78-80-158 that was good for 11th overall.

The medal went to Lakeside Lutheran's Lukas Heckmann, who finished with a three-over-par 147 on rounds of 68 and 79. Edgewood had all four of its counters in the top six, including Drew Arndt in second place at 150, Matthew Phelan, tied for third at 151, and Rory Gierhart and James Gilmore tied for fifth with 152s.

Schlosser was one of only two Indians who maintained any consistency, and he successfully stayed away from big numbers in the second day, except for double bogeys on No. 6 and 17. He had a birdie 3 on No. 14 and had 10 pars in the round.

Jordan Carlton, the only senior on the team, also was consistent although not as low as he hopes. He had a pair of 83s for a 166 total, putting him in a tie for 24th place.

Talon Ralph battled back in the second round to shoot a 78 for a 165 total. The 78, which

included birdies on No. 5 and 7, moved him up 12 positions.

Brad Buechel was the Indians' fourth and final counter. After firing a disappointing 91 in the opening round, he cut off 10 strokes to finish with an 81 and a 172 total, putting him in a four-way tie for 35th. Buechel had back-to-back birdies on No. 5 and 6 toward a 2-over par 38 on the front side.

Travis Griesemer never really got his game going, coming in with a 93 and 92 for a 185 and a tie for 47th place.

WIAA DIVISION 2 STATE GOLF TOURNAMENT

Team Scores: 1. Madison Edgewood, 303-302-605; 2. Edgerton, 328-316-544; 3. Lakeland, 326-324-650; 4. Rice Lake, 326-328-654; 5. Kewaskum, 339-322-661; 6. Peshtigo, 333-338-671; 7. Waupun, 342-334-676; 8. Winneconne, 350-356-706

Number One Doubles Team Gets First Win

— Then Bows Out Of Tourney

By Judy Harlow

Their decision to play high school tennis turned out to be fate because Jared Chesak and Brent Goeden qualified for berths in two WIAA Division 2 State Tennis Tournaments. The first made history in so far as they were the first doubles team to go, and the second produced the first victory in the state meet in the sport.

"When you find out your kids are competing with the best in the state, it's cool to see that," KHS coach Andrew Dahlberg said after Chesak and Goeden beat the team from Lakeland 6-2, 6-4, then lost to the eventual fifth place finishers from Madison Edgewood Academy 4-6, 1-6 in the second round.

Assistant coach Peter Garcia, who works with the doubles teams, echoed similar comments. "It's nice to see fellas come out (for the sport) as freshman, work hard and

see what happens," he said.

Goeden and Chesak were up to the challenge in their opening round on May 31, despite nearly a two-hour delay from the announced start time. Going up against Jack Garcia and Anthony Holmes of Lakeland, a team that was 17-6, they lost the first game in a two-deuce situation, the Indians duo came back to win five straight games and take command.

Good serving by both of them was a key, and even after Tony Holmes was able to hold his serve in Game 7, Goeden came right back to get the win, with the final two points an ace and a perfectly-placed smash by Chesak.

Kewaskum fell behind 0-2 in the second set but drew even with the Thunderbirds at 2-2 and 4-4, then kept the momentum by hitting great angle shots and shots to the back line to finish with wins in four straight games for the match victory.

With Chesak serving the finale, his partner went to the net twice and hit winners the Lakeland duo could not reach.

Playing Edgewood's Hunter Dunn and Forrest Lynn was a bit more challenging, even more so since their opponents yelled after every point and were warned by an official for their antics.

The first set was very close, 0-1, 1-1-, 1-2, 2-2, 2-3, 3-3, 3-4, 4-4 before the Crusaders held serve and broke Chesak's serve for a 6-4 win.

Kewaskum won the first game of the second set and had a chance to win the second, with an AD in their favor before dropping the game. Here's where the experience the Edgewood team may have come in play and they put together a string of five games for the win.

Dunn and Lynn, who were seeded eighth, went on to take fifth place in the tournament. Three out of the top four D-2 teams

Jared Chesak and Brent Goeden compete for Kewaskum High School in the WIAA Division 2 State Tennis Tournament held in Madison.

photo submitted

came from private/parochial schools.

Goeden and Chesak finished the year at 17-4 and for their three-year varsity career they had 50 victories.

"It was one of the best decisions I made as a freshman," Chesak said about coming out for the sport. "I was just starting out to have some fun and see what happens ... not thinking of going to state and being good."

When asked if he was happy he played tennis, Goeden commented, "Yes, definitely, thanks to Billie Lehmann (a senior at that time). The tennis program, I didn't know it existed. Then we found out

Andrew (Neu) and Ayrton (Lehmann) were going out, and we said, 'We're going out, too.'"

Concerning their major strength, Goeden said, "If we would get in a match and get down, we would just talk and figure out what we could do better."

"I think teamwork ... Us being good friends and trusting each other. We know which guy is going to hit the ball without really talking," Chesak said.

About their favorite victory, both agreed it was beating Lakeland because it was a first. "It made history again," Goeden said.

What tennis teaches, Chesak said, "is how to be a great leader" and "not to

be a cocky kid. You have to stay calm."

"Patience and self discipline ... You've got to know when to hit the hard shots and when to hit the soft ones," Goeden said.

The coaches praised both players. "It was great to see them both grow together," Garcia said, adding, "We have to be proud of the way they conducted themselves."

"It's not just about the tennis either," Dahlberg said, referring to the kind of young men Chesak and Goeden are. He said seeing them succeed is personally rewarding in that "It's good to think we are doing the right things to build the program."

Bats Go Silent At The Wrong Time

– No State Trip For Indians This Year

By Judy Harlow

Hopes of Kewaskum's winning a Division 2 state championship were dashed in the May 31 sectional final when Whitnall pushed two runs — only one of them was earned — across the plate in the bottom of the fifth inning, and the Indians were unable to muster any kind of comeback in their final two at-bats.

Kewaskum earned its first trip to Madison a year ago and lost a heart-breaking 6-5 defeat in eight innings to Lakeland in the semifinals. This 2-0 loss was equally as painful because of the way it unfolded and because the Indians had beaten Whitnall 7-2 at the Weyauwega-Fremont Tournament on April 28.

"We just couldn't get the big base hit," KHS coach Jess Gosse said about the game, which ended his team's run of victories at 20, and most of them had been lopsided wins. "We had a lot of chances but couldn't cash in."

KHS ace Kennedy Lehn "pitched a good game," according to Gosse, who said she gave up just three hits. "Two of them were with nobody on," Gosse said, reporting the one that drove in the two runs was "a weak little line drive to left field."

Lehn walked just one and struck out six, bringing her season total to an even 300. She had the most strikeouts of any high school pitcher in the state. Next high was Greenfield's Alyssa Vilkoski, who had 258, then came Waukesha North's Maddy Anderson

with 251.

Gosse gave a lot of credit to the Falcons, especially their defensive players and pitcher, "Hailey Wynn. "She kept our hitters guessing all day with her change up," the coach said. (When KHS beat Whitnall in April, the Falcons used a different pitcher, Alyssa Trench.)

Lehn's 20 wins was third best in the state behind Livia Bobak of Monroe and Allison Tillema of Horicon. They both had 22.

Lehn also was a state leader in RBIs (runs batted in). She finished the year with 42 to tie for 18th in the state, while Maddie Geidel was tied for 33rd with 38 RBIs.

"From a fan's standpoint, it was a great game to watch. a great sectional final," Gosse said, indicating the Falcons looked loose while his Indians appeared to be feeling the pressure of being unbeaten. "You could see the look in their eyes ... I think it finally caught up with us," he said, adding, "It's a lot to expect of high school kids."

The Indians' best chance to score came in the top of the sixth when they had runners at first and third after Geidel and Kennedy Lehn reached on back-to-back singles, but Wynn got out of the jam when she got a strikeout

and two pop ups to end the threat. The Indians went down in order in the top of the seventh.

The Indians had a defensive gem to keep Whitnall from scoring another run. With a runner at third, the Whitnall batter tried to lay down a squeeze bunt, KHS third baseman Skylar Donath scooped up the ball, faked the throw to first and threw home to Leah Theusch who tagged the runner and then threw to second to get the girl who bunted and was trying to take second. It ended up as a 5-2-4 double play.

Whitnall opens the state tournament against Portage in a game that will be played tomorrow (June 8) at approximately 4:30 p.m. The finals are set for June 9 at 4 p.m.

"We had a great year. We won a conference title which we haven't done in a number of years. We went deep into the playoffs," Gosse said of the season. "We lose just two seniors. Everyone else returns. Hopefully they have another great year next year."

Indians Continue To Roll In Early Games

By Judy Harlow

It was a good week for the Kewaskum High baseball team (1-1, 6-2), which won three of the four games it played, including a 10-8 non-conference victory over host Waukesha South on June 2.

Still missing several of their players who were running in the state track meet, the Indians helped their cause with 11 hits and four Waukesha errors.

"This game should have been over in five innings," KHS coach Doug Gonring said, reporting his team scored eight runs in the second, then gave up five to the hosts in the bottom of the inning.

"As the game went on, it got sloppy," Gonring said, looking at the fact there were eight errors between the two schools.

Leading hitters for the Indians were leadoff man, John May, who went two for four with an RBI, Jared Chesak, who went two for

four with an RBI, and Brad Buechel, who was one for three with two RBIs.

Cole Poole pitched 1 2/3 innings, giving up five runs on seven hits. All the runs were earned. He got the win.

Kewaskum 15, Port Washington 3, Five Innings

The host Indians spotted the Pirates two runs in the top of the first, then scored three, two and 10, respectively in the second, third and fourth innings for a blowout 15-3 victory, evening their North Shore record at 1-1.

Andrew Neu, Luke Christenson, Colten Miller, John May and Jared Chesak all had RBIs in the big inning. Kyle Bath, Christenson and Jared Chesak each contributed two hits. Ryan Prochnow smacked a two-run triple in the second inning.

The game ended after the top of the fifth via the 10-run "mercy rule."

"Port made a lot of mistakes, a lot of mental mistakes," KHS coach Doug Gonring said.

Luke Christenson got the win, going four innings, giving up two hits and two runs, none of them earned.

Whitefish Bay 11, Kewaskum 5

In the North Shore season opener on May 31, host Whitefish Bay used home runs by Patrick Nau and Jake Lukach in the bottom of the fifth inning to secure an 11-5 victory. Nau ended up with three runs batted in (RBIs) and Lukach had a pair in an 11-hit offensive effort.

The Blue Dukes got six runs off starter Andrew Neu in the first four innings, wiping out Kewaskum's 2-0, first inning lead. The lefty Neu got out of the first inning without any damage but gave up three runs in the second on a pair of walks, two singles and a sacrifice.

Dick Hed of Plymouth captured the Plymouth Dirt Track Racing Grand National A-main victory at The Plymouth Dirt Track at the Sheboygan County Fairgrounds in Plymouth on Saturday, June 2.

Wolves End Kewaskum's Soccer Season

By Judy Harlow

The combination of Winneconne's scoring power and experience was too much for the Kewaskum High girls soccer team, which fell to the Lady Wolves 7-1 in their first round-game of the Division 3 soccer tournament held in Winneconne on May 31.

"Winneconne is a great team. We were outmanned in this game but fought until the end," KHS coach Luke Piwoni said about the contest.

The hosts scored four goals in the first half and another three in the second to reach their total. Kewaskum prevented the shutout when Kennedy Adams scored in the 82nd minute.

"Kennedy gathered the ball around the midline and went 60 plus yards, beating at least four defenders on her way to

the goal," Piwoni said, adding, "She was very determined that she was going to get that goal. You could almost predict that it was going to happen."

Kati Friedich and Emily Heyroth each scored two goals for the winners, while Leah Kubasta, Moran Fenrich and Alex Pascarella each added one. The Wolves got off 33 shots, of which 17 were on goal.

"I thought we put forth great effort and left it all on the field," Piwoni said. "The seniors really led by example in this game and gave everything they had." Playing their last games were Brandi Geldnich, Morgan Denlinger, Paige Airaudi, Taylor Cook and Brianna Taylor.

"The entire defense and goalie—Nicole Butz had 20 saves — deserve recognition for this game. They were under tons of pressure on a hot, muggy

day, and they kept challenging everything," Piwoni said. "I cannot say enough about their effort and determination in this game."

Kewaskum finished the season at 6-10-3 after taking fifth place in the East Central Conference.

"It is a tough game to end a season on, but we knew what we were up against going in and vowed to leave it all on the field. Great effort and teamwork," Piwoni said. "The girls learned a lot from a game like this. We will use it as fuel for next season and beyond."

Winneconne, the D-3 runner-up from a year ago, is currently 13-2-3. In the regional final on June 3, the Wolves shut out Freedom 6-0. This afternoon, June 7, they play Plymouth in the sectional semifinals.

hung on for the victory.

"We played a good game against Germantown," KHS coach Doug Gonring said. "Soupy (Cole Surprenant) pitched a really well."

In the eighth, leadoff man Tony Steger started the rally with a single, and after John May popped out, Andrew Neu singled, putting runners at the corners.

Cole Surprenant's bunt single allowed Steger to score and Neu to take third. Jared Chesak lined out to center for the second out, but Gabe Christenson came through with a clutch double to right, to score Neu and Surprenant.

"We had a surprise suicide by Surprenant," Gonring said.

Neu came on in relief of Surprenant, and after walking Hessler, got Knodl to hit into a fielder's choice and the next two outs on a fly out to center and a fly out to left.

Surprenant threw 104

pitches in six innings, striking out six and walking four. He scattered four hits and didn't give up a run.

Cole Poole came in for one-third of the seventh, giving up a run on a walk and a hit, then Blake Horning got a strikeout and infield pop up to end the inning.

Reliever Cole Hessler took the loss for G-town, giving up three runs on four hits in the eighth. Adam Eigner started, and his line was seven innings, six hits and one run, earned. Gonring remarked the Warhawks couldn't use their top pitchers because they need them for conference games.

Germantown, which has been tabbed as one of the top teams in the Milwaukee area, was out-hit by the Indians 10-6. Steger, Christenson and Ryan Prochnow each had two hits for the winners.

Free Fish Camp Set For This Saturday, June 10

The Long Lake Fishing Club's annual 5 - 95+ Fish Camp will be held Saturday, June 9, down by the old mill pond behind the Hamburger Haus in Dundee.

Camp runs from 9 to 11:30 a.m. Admission is free.

A fish fry, soda and chips will be given to all attendees, compliments of the Long Lake Fishing

Club.

Attendees need not be a member to join the camp; they simply need an interest in learning more about fishing and helping the environment.

The camp is open to everyone ages 5 to 95 and older. Physically challenged individuals are encouraged to attend.

At the camp, participants will have an oppor-

tunity to meet other fishing enthusiasts. There will be an opportunity to ask questions and learn which bait to use for each species of fish, know where to throw a line, learn to read water and much more. This is a one-time power-learning session to prepare you for the fishing season ahead.

The ponds will be stocked with bluegills pro-

vided by the Long Lake Fishing Club. This is a free activity for kids of all ages. Those who have their own fishing pole should bring it to the camp. For those who do not have a pole, the club will provide one to use that day. Bait will be available, too. If you have a grandparent or parent, bring them as well.

To raise funds for the camp, the Long Lake

Fishing Club held Snow Golf in January and a fish fry and raffle in March. The club also sponsors two fishing tournaments each year.

The Long Lake Fishing Club, which has about 150 members, was created to protect, maintain, and improve all the environments necessary to insure, for present and future generations, the

enjoyment of successful fishing on Long Lake.

The club stocks the Long Lake with fish each year. In addition, the club put a rock reef in Long Lake this past winter to help young fish survive.

For more information about the Long Lake Fishing club, visit www.longlakefishingclub.com.

Wriggling Worm Invaders

The next program in the Friends of the Kettle Moraine Summer Saturday Evening Events is Wriggling Worm Invaders. The program will be held on Saturday, June 9, from 7 to 8:30 p.m. at the Ice Age Visitor Center of the Kettle Moraine State Forest - Northern Unit. The Ice Age Visitor Center is located off Highway 67, a half mile west of Dundee. The program is free, but donations are always gratefully accepted.

Do you know that there are not any native earthworms found in the Upper Midwest including Wisconsin? Uncover why our state does not have indigenous earthworms and from where these invaders arrived. Learn how these legless creatures negatively impact the health of our state's plant communities, especially forests.

Join Jodie Ellis, Dept. of Natural Resources Forest Health Educator, as she shares all the squirming dirt on earthworms. She will provide some insights on how they are spread in our state and what people can do to help lessen their impacts on native plants and animals. Be prepared to head outside for an amazing scientific worm investigation.

For further information, contact the staff at the Ice Age Visitor Center. The center's phone number is (920) 533-8322 and is open Monday through Friday 8:30 a.m. to 4:00 p.m., and on Saturday and Sunday 9:30 a.m. to 5:00 p.m.

We are looking for old photographs or postcards from the area.

Bring them in or email a copy to: news@kstatesman.com

ADVERTISEMENT FOR BIDS TOWN OF FARMINGTON, WISCONSIN 2018 PAVEMENT MAINTENANCE PROGRAM

Sealed proposals will be received until **3 p.m., local time, on June 19, 2018**, by the Kunkel Engineering Group, 107 Parallel Street, Beaver Dam, WI 53916. All proposals received will be publicly opened and read aloud at 6:30 p.m., local time, on June 19, 2018 by the Town of Farmington at the Town Hall located at 9422 Hwy 144, Kewaskum, WI 53040.

The principal items for which proposals are invited are:

- | | | |
|--------|----|------------------------|
| 21,000 | SY | Boiler Slag Seal Coat |
| 210 | TN | Asphalt Pavement Wedge |

All proposals shall be submitted on bidding forms included in the Project Manual furnished by Kunkel Engineering Group, LLC, and in accordance with the provisions of the Project Manual. Specifications and other Contract Documents are on file at Kunkel Engineering Group, 107 Parallel Street, Beaver Dam, WI 53916. **Bidders MUST purchase Bid Documents from Quest CDN or Engineer to submit a bid. Reproduction of Bid Documents will not be accepted from Bidders.**

Complete digital project bidding documents are available at www.questcdn.com. You may download the digital plan documents for **\$25.00 each, non-refundable** by inputting **Quest Project No. 5772067** into the website's Project Search field. Please contact QuestCDN.com at 952-233-1632 or info@questcdn.com for assistance in free membership, downloading of documents and working with this digital project information.

Bidding documents are also available for pickup from Kunkel Engineering Group, 107 Parallel Street, Beaver Dam, WI 53916, (920) 356-9447, upon a non-refundable payment of \$50.00 per set.

Bids shall be accompanied by a Certified Check or Bid Bond payable to the Town of Farmington in an amount equal to 5% of the Bid, as a guarantee that if the Bid is accepted, the Bidder will execute and file the Contract, the Contract Performance Bond and Payment Bond, and the Insurance Certificate(s), as required by the Contract Documents, within 15 days after the Notice of Award of the Contract by the Town of Farmington. Failure on the part of the Bidder to do so will result in forfeiture of the Bidder's Certified Check or Bid Bond to the Town of Farmington as liquidated damages.

The Town of Farmington reserve the right to accept or reject any or all bids and to waive any informalities in bidding. No bid may be withdrawn for a period of 60 days after the scheduled time for opening bids. Letting of the contract is subject to Sections 61.54 and 62.15 of the Wisconsin Statutes as applicable.

79-Year-Old Hed Claims Main Event

The most experienced driver in the pit area also proved to be the fastest, as 79-year-old Dick Hed of Plymouth outran his fellow competitors and beat a fast-closing rain storm to capture the Plymouth Dirt Track Racing Klips & Tips Grand National A main, during a rain-truncated PDTR program Saturday, June 2, at The Plymouth Dirt Track at the Sheboygan County Fairgrounds in Plymouth.

With rain looming throughout the evening, PDTR officials made an effort to accelerate the program, forgoing intermission and moving directly into A-main competition after the completion of the preliminary races. However, shortly after Hed claimed his fourth career PDTR Grand National A main victory in a time-shortened 23-lap main event, the sky

opened and a driving rain storm forced the remainder of the headline races to be cancelled. Hed, who captured a Sportsman division championship in 1966 and a Winged Super Modified title in 1969 at the Plymouth track, started on the pole and led throughout, but the victory was far from easy as the 53-year racing veteran had to deal with pressure from a host of hungry drivers and sur-

vive five restarts in the accident-plagued race. Hed grabbed the lead on the drop of the green flag with 2008 PDTR Grand National champion Matt Yancey of Sheboygan, who started second, providing pressure along the outside groove. As Yancey settled into second place along the low line, Plymouth's Tyler Kulow, who started fourth, worked his way into third with a high move around third starter Matt Loehr of Dotyville in turn two on lap nine.

The first of six yellow flags appeared on lap 19 when an infield tire was moved onto the track. On the restart, Hed continued to lead over Yancey, while sixth starter Kurt Davis of South Milwaukee dove under Kulow to assume third in turn four on lap 20. After a pair of caution flags appeared for back-to-back multi-car spins, Davis worked his way into second place in turn two on lap 21. However, the move was negated for a four-car incident in turn three. After another caution on the ensuing restart, Davis again powered past Yancey to seize the runner-up spot. Davis closed in on Hed's

rear bumper as the laps wound down before the sixth and final caution was displayed on lap 23, which rendered the race complete due to the 25-minute time limit. Davis had to settle for second behind Hed, Yancey was third, Kulow took fourth and Loehr rounded out the top five. Will Gerrits of Waupun won the Richard's of Dunbar Sprint Car B main and Derek Fehling of Beaver Dam captured the Cellcom B Mod B main event. The Plymouth Dirt Track at the Sheboygan County Fairgrounds in Plymouth is located at 229 Fairview Drive in Plymouth.

2017 CONSUMER CONFIDENCE REPORT DATA KEWASKUM WATERWORKS, PWS ID: 26701125

Water System Information

If you would like to know more about the information contained in this report, please contact Matt Heiser at (262) 626-8484. In 2017 Well #2 was rehabbed, water main was replaced on Roseland Dr. and Highway H, and leak detection was performed on the entire east side of the Village, Nature Haven subdivision and Woodland Creek subdivision.

Opportunity for input on decisions affecting your water quality

The first and third Monday of each month, 7 p.m., in the Council Chambers of the Municipal Building.

Health Information

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's safe drinking water hotline (800-426-4791). Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune systems disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbial contaminants are available from the Environmental Protection Agency's safe drinking water hotline (800-426-4791).

Source(s) of Water

Source ID	Source	Depth (in feet)	Status
2	Groundwater	503	Active
3	Groundwater	460	Active
4	Groundwater	360	Active
5	Groundwater	280	Active

To obtain a summary of the source water assessment please contact, Matt Heiser at (262) 626-8484.

Educational Information

The sources of drinking water, both tap water and bottled water, include rivers, lakes, streams, ponds, reservoirs, springs and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include:

- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations and wildlife.
- Inorganic contaminants, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff and residential uses.
- Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff and septic systems.
- Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water, which shall provide the same protection for public health.

Definitions

Term	Definition
AL	Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
Level 1 Assessment	A Level 1 assessment is a study of the water system to identify potential problems and determine, if possible, why total coliform bacteria have been found in our water system.
Level 2 Assessment	A Level 2 assessment is a very detailed study of the water system to identify potential problems and determine, if possible, why an E. coli MCL violation has occurred or why total coliform bacteria have been found in our water system, or both, on multiple occasions.
MCL	Maximum Contaminant Level: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
MCLG	Maximum Contaminant Level Goal: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MFL	million fibers per liter
MRDL	Maximum residual disinfectant level: The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
MRDLG	Maximum residual disinfectant level goal: The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
mrem/year	millirem per year (a measure of radiation absorbed by the body)
NTU	Nephelometric Turbidity Units
pCi/l	picocuries per liter (a measure of radioactivity)
ppm	parts per million, or milligrams per liter (mg/l)
ppb	parts per billion, or micrograms per liter (ug/l)
ppt	parts per trillion, or nanograms per liter
ppq	parts per quadrillion, or picograms per liter
TCR	Total Coliform Rule
TT	Treatment Technique: A required process intended to reduce the level of a contaminant in drinking water.

Detected Contaminants

Your water was tested for many contaminants last year. We are allowed to monitor for some contaminants less frequently than once a year. The following tables list only those contaminants which were detected in your water. If a contaminant was detected last year, it will appear in the following tables without a sample date. If the contaminant was not monitored last year, but was detected within the last 5 years, it will appear in the tables below along with the sample date.

Inorganic Contaminants

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2017)	Violation	Typical Source of Contaminant
ARSENIC (ppb)		10	n/a	6	0 - 6		No	Erosion of natural deposits; Runoff from orchards; Runoff from glass and electronics production wastes
BARIUM (ppm)		2	2	0.180	0.098 - 0.180		No	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits
FLUORIDE (ppm)		4	4	0.1	0.1 - 0.1		No	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories
NICKEL (ppb)				3.4000	1.8000 - 3.4000		No	Nickel occurs naturally in soils, ground water and surface waters and is often used in electroplating, stainless steel and alloy products.
NITRATE (NO3-N) (ppm)		10	10	0.27	0.00 - 0.27		No	Runoff from fertilizer use; Leaching from septic tanks, sewage; Erosion of natural deposits
SODIUM (ppm)		n/a	n/a	68.00	39.00 - 68.00		No	n/a
THALLIUM TOTAL (ppb)		2	0.5	1.0	0.0 - 1.0		No	Leaching from ore-processing sites; Discharge from electronics, glass, and drug factories

Contaminant (units)	Action Level	MCLG	90th Percentile Level Found	# of Results	Sample Date (if prior to 2017)	Violation	Typical Source of Contaminant
COPPER (ppm)	AL=1.3	1.3	0.1900	0 of 20 results were above the action level.		No	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives
LEAD (ppb)	AL=15	0	4.30	0 of 20 results were above the action level.		No	Corrosion of household plumbing systems; Erosion of natural deposits

Radioactive Contaminants

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2017)	Violation	Typical Source of Contaminant
GROSS ALPHA, EXCL. R & U (pCi/l)		15	0	6.1	3.3 - 6.1	6/5/2014	No	Erosion of natural deposits
RADIUM, (226 + 228) (pCi/l)		5	0	2.5	1.5 - 2.5	6/5/2014	No	Erosion of natural deposits
GROSS ALPHA, INCL. R & U (n/a)		n/a	n/a	6.1	3.3 - 6.1	6/5/2014	No	Erosion of natural deposits

Additional Health Information

While your drinking water meets USEPA's standard for arsenic, it does contain low levels of arsenic. USEPA's standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Kewaskum Waterworks is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at www.epa.gov/safewater/lead.

**Is it time for you to find that place where you can make a difference?
Do you like working for a company that cares about their community and their customers?**

We are currently looking for someone who can establish and maintain ongoing Agri-business relationships that connect the full line of products and services of Riesterer & Schnell. Work as a knowledgeable partner, to sell both new and used equipment for agricultural and turf applications. The regional footprint extends between the area of Washington County, Sheboygan County and the eastern side of Fond du Lac County.

If you consider yourself:

- Entrepreneurial, self-managed, strong communication, and organized
- Consultative-minded in terms of customer service skills including listening and interaction for understanding
- Detail-orientated, using a positive, outgoing, service-oriented approach that leverages others
- Technologically savvy: Working with a computer while also holding conversations; leveraging handheld technology for connectivity to internal resources and external clients.

Join one of the most successful John Deere dealers in Wisconsin! Riesterer & Schnell, a local, family-owned company, continues to grow and is looking for you! Apply today and represent the industry-leading brand of John Deere.

Interested candidates should apply online at: www.rands.com/careers

Riesterer & Schnell, Inc., is an equal opportunity employer. Women, minorities, people with disabilities and veterans are encouraged to apply.

Kewaskum Youth Soccer Results

Kewaskum U14 Spartans

This spring was addressed as a comeback season for the Kewaskum U14 Spartans from minute one. Last year the two teams they lost to in very close games were on their schedule for this season.

The Spartans entered the Richfield tournament 7-0 on the season defeating both teams they lost to, but the comeback season wasn't over yet.

The first obstacle was the Slinger Hurricanes. The Spartans beat the Hurricanes in the first game 7-2 but knew they needed a shut out and achieved that, winning 2-0 over the shortened game time.

Game two was Hartford. The Spartans never faced them before but after the coach did some scouting, the team knew they could handle them easily. Kewaskum won 4-0.

A second shut out propelled Kewaskum into the championship game with a hat trick from Denali Fellenz. In the championship it truly was the best two teams there. Kewaskum's opponents were the Slinger Wildcats, and the Spartans knew it would be them. They beat them 2-1 in the season after they were beaten by Slinger 3-2 in the tournament last year. But this was Kewaskum's game. The final score was 2-1 with the two goals being credited to Denali Fellenz bringing his total for the season to 21.

Kaeden Dieringer totaled 10 goals on the season and defense from Luke Baumann and Dillan Steger made sure they never came close to losing. The average score of games was a 6-2 victory.

The team went out and did what their coach had told them to do at the very first practice, and that was win the championship.

June 2

Kewaskum U7 Rebels 6, Richfield U7 Robins 5

The Kewaskum U7 Rebels met some tough competition on Saturday. The Rebels took game one with Tony Pasbrig scoring five goals.

Jackson U7 Lions 3, Kewaskum U7 Rebels 2

The Rebels lost to the Jackson Lions in the second game.

Both games were fast-paced with good passing and great defense on both sides.

June 2

Richfield U10 Sharks 4, U10 Kewaskum Twisters 2

The Kewaskum U10 Twisters started the Richfield Tournament with a great display of teamwork. Cooper Saeger and Liam Stoffel combined for a fantastic passing play that resulted in a goal from Liam in the opening minutes of the first quarter against the Richfield Sharks. Liam scored again in the second quarter, but the Sharks answered back with two scores of their own leaving the game tied at the half.

Even though Alex Jacobson and Ruby Gerhartz showed great hustle and drive on the defensive end of the pitch and keepers Isaac Michlig and Eric Jungers had some amazing blocks, the Sharks were able to score twice in the second half.

The Kewaskum U14 Kewaskum Spartans soccer team placed first in the Richfield tournament. Team members include: (front row) Justin Mielke; (second row, from left) Blake Bonlender, Calvin Stram, Carter Curtin (behind Reid), Reid Amerling, Hudson Curtin, Diesel Fellenz, Kaiden Dieringer and Adam Hoogervorst; (back row) James Maas, Denali Fellenz, Noah Nanz, Dillan Steger, Trevor Maine, Ryan Buchel and Luke Baumann; (not pictured) Andrew Bolek, Colin Duren, Brandon Wienrick, Dylan Strankowski and Kristin Anderson; and coaches Mark Stram and Michael Anderson.

photo submitted

Richfield U10 Eagles 10, U10 Kewaskum Twisters 1

Game 2 of the tournament matched the Twisters up against a club team, the Richfield Eagles. Though the 10 to 1 loss was heartbreaking for the Twisters, they played with quality and class and showed the fans that Kewaskum players have determination and follow through.

June 2

U7 Kewaskum Thunder 6, Richfield U7 Robins 2

In the final matchups of the season the U7 Thunder split their games at the Richfield Tournament. In the first game against the Richfield Robins, the Thunder displayed their teamwork in amazing fashion. All 11 players pitched in and handily beat the Robins 6 to 2.

Scoring for the Thunder were Claire Broughton, Abigail Pritchard and Carson Strom, who once again secured the hat trick with goals in the second, third and fourth quarters. Meanwhile, Payton Stange, Evelyn Jungers and McKinley Timblin were a force on defense only allowing two goals.

Jackson U7 Tigers 7, U7 Kewaskum Thunder 5

In the second game, the Thunder faced a well-matched Jackson Tigers. Going shot for shot through the first two quarters, the Thunder found themselves tied at halftime. Even though the Thunder scored twice in the third and fourth quarters, they were unable to stop the Tigers who went on to win the game 7 to 5.

Scoring for the Thunder were Claire Broughton, McKinley Timblin and Carson Strom, who scraped together another hat trick for the day.

U12 Kewaskum Warriors Richfield Tournament Results

The U12 Warriors finished the season strong with a championship win at the Richfield Soccer Tournament. The Warriors had three shutout wins against Hartford, Richfield and Jackson teams. This team went undefeated for the entire soccer season.

The girls played amazing on both offense and defense. On defense, Rowyn Wiedmeyer, Abigail Gorton and Madison Legate didn't let anything get past them. Ashlyn Aker and Alexis Klahn did a great job of knowing where their teammates were open for a pass. Abby Gerhartz, Macy Fleischman and Emma Survis were all strong at saving goals.

The offense had great hustle and good control of the ball. Ally Heipp did a great job sprinting for the ball. Brooke Gruen, Jadin Czuppa and Emilee Steinbauer had controlled dribbling, good passes and crossovers that led to the warriors scoring goals.

Goals in the first game against Hartford were scored by Brooke Gruen (1), Jadin Czuppa (2), and Emilee Steinbauer (1).

Brooke Gruen scored two goals in the second game against Richfield that took the team to the championship game.

In the championship game against Jackson, goals were scored by Emilee Steinbauer and Madison Legate. Every single girl on this team contributed to the team's success. The coaches couldn't be more proud of this group of girls.

Track Teams Need More Depth, But Still Send 10 To State Meet

By Judy Harlow

Jump high or jump far... Run Fast... Take seven steps and skim over the hurdle in front of you... Spin, spin, spin and sail a metal platter as far as you can.

While this might sound easy, those who participate in the sport of track and field know it is not that simple. Track athletes face cool temperatures, rain (and sometimes even snow) and must train hard to get a faster time or add inches to their long jumps, high jumps or throwing events.

There is something for everyone who comes out for track, however, and Kewaskum High coaches are more than happy to have good athletes who participate in multiple events. They are needed for a team to challenge for the team championship.

While the program is going in the right direction, KHS co-head coaches, Kris Evans and Jason Last, knew early on teams like Plymouth, Berlin and Ripon would be the teams challenging for the East Central Conference team title because of their depth and tradition.

The Indians had too many open events or events where freshmen are the starters to be included in that group. The boys

finished fifth in the EC Conference meet with 65 points, while the girls were tied for fifth with Waupun at 68.

Thus the Indians had to be content with individual successes, led by seniors Cade Peterson, Riley Donovan, Cole Surprenant, Tony Steger, juniors Tyler Heus (400 and relay), Abby Meidl, Romela Olla (3,200 and 4x800), sophomore Maddy Thull (hurdles) and Benny Frazee (800), and freshmen Alyssa Butz (1,600, 3,200, 4x800 relay), Gannon Kreuser (1,600 and 3,200).

Peterson stood out as a leader and top performer, doing well in the 100-, 200-, 400-meter dashes and the 4x100 relay. As Evans put it, Peterson could compete in almost every event the sport offers and place in them.

Peterson won two individual races in the EC meet, the 100 in 11 seconds (11.00), the 200 in 22.25 and anchored the 4x100 relay (Heus, Steger and Surprenant) to victory. The same group is the number one seeded team in the Division 2 state meet after putting together a time of 43.38 in the Whitewater Sectional.

Meidl can run, and she can soar in the pole vault where she cleared 10 feet, nine inches

twice late in the regular season and 10 feet, six inches in the sectional, earning a berth in the state meet. She will also be going in the 4x400 relay (Breanna Rice, Anna Peterson and Courtney Butzlaff, a team that amazingly cut 10 seconds off its best time of the year while competing in the sectional.

Donovan was unable to stay with "the big dogs" from Winneconne and Berlin in the EC meet, but he came up with good efforts in the regional and sectional to earn a second straight trip to state, where he finished 11th a year ago.

Track always welcomes newcomers to the program, and occasionally they get athletes who do well in their first year out. Senior Liz Lightner is a good example, as she high jumped five foot in the sectional and was in the state meet June 1st.

Going to La Crosse is definitely a goal of every track athlete, and this year the Indians will be represented by 10 athletes in five individual events and two relays.

Eli Bartelt and Kyle Bath run in a relay race for Kewaskum in a track meet at Plymouth on May 1.

Confident Lady Indians Still Chugging Along

By Judy Harlow

This spring, the Kewaskum softball team was like the children's story "The Little Engine that Could."

The Lady Indians started with the thought "We think we can, we think we can" climb the hill to the East Central Conference title, and after going a perfect 14-0, they can say, "We knew we could, we knew we could."

Even though KHS has just two seniors on its team, there was a great deal of confidence in the team's pitching, hitting and defense.

Ace Kennedy Lehn was back with another pitch in her repertoire and more speed, up to

the high in the 60 miles per hour range. She didn't disappoint, going 14-0 against conference foes and 18-0 during the regular season with more strikeouts than many post during an entire career.

In the 20 games played, including the first two tournament contests, Lehn has 285 strikeouts and just 23 walks. The 285 strikeouts is 127 more than the next best pitcher in the EC.

Lehn has given up 47 hits and a mere 13 runs, only four earned, which figures to a sparking 0.22 earned run average (ERA). KHS coach Jeff Gosse still isn't certain how many no-hitters she

has this year because several of the games ended after four or five innings.

Lehn also contributes to the Indians' success in another way — offensively. Looking at hitters from the EC (in all games played so far,) KHS has two of the top three in the most hits category. Lehn has the most hits, 39, including one home run, four doubles and 28 singles and is batting a hefty .500 (39x78).

At No. 3 is junior outfielder Maddie Geidel, who is 36x63 (.571). Her line includes 15 singles, a dozen doubles, three triples, a team-high four homers and 23 runs batted in, another team-high.

Geidel is definitely the team's power hitter, so much so opponents won't give her much in the strike zone.

The Indians also have the No. 7 to 11 batters in the league in Ashley Trapp, Leah Theusch, Tara Theusch, Kaitlin Leitheiser and Kaitlyn Miller.

Trapp, a cool customer at shortstop, batted .352 (25x71) with 15 singles, four doubles, three triples, 21 runs scored and 12 RBIs while Leah Theusch, who is an excellent catcher, is batting .397 with 25 hits, including one double and one triple, in 63 at bats.

Gosse was certainly happy to see Tara Theusch move into the

district and come out for softball. The veteran coach said she is a perfect leadoff hitter and her stats show it as she has 25 hits for the year to go with 10 bases on balls she has drawn.

At Nos. 10 and 11 are Leitheiser and Miller, who have come on strong this spring, batting .387 and .444, respectively. Leitheiser had 24 hits, including eight doubles, while Miller, who switched from track to softball this season, has 24 hits, including three dubbles, a triple and 26 RBIs.

The other KHS starters, first baseman Megan Marx and third baseman Skylar Donath, have also contributed with their

defense and combined 30 hits, including a pair of home runs by Marx.

With Lehn striking out the majority of opposing hitters, there isn't much of a chance to make defensive plays, but when they do get the opportunity, the Indians are pretty efficient. They have committed just 11 errors, which figures to an .897 fielding percentage.

All this adds up to the Indians winning their first conference crown since 2012, but there is still business to take care of — winning a Division 2 state title, which eluded them a year ago. At this point, the Indians go in thinking they can bring home the gold ball.

KHS Golfers Turn Back All Challengers

By Judy Harlow

With improved scoring from a solid core of returnees, the Kewaskum High golf team experienced a great deal of success this spring, winning the East Central Conference championship by a landslide.

Coach Casey Scheel's Indians won all seven mini-tour events held at the various home courses of the teams and ran away with the title in the EC Conference Tournament, posting a score of 315, which was 14 shots ahead of runner-up Waupun.

At the beginning of the season, there were predictions of a three-team race, including the Indians, Waupun and defending conference champion Plymouth. About four matches in, however, it was obvious the Indians were the class of the

league. While KHS was going first, first, first, first, Waupun slipped to fourth in the first meet, followed by a pair of seconds and a third as Plymouth went from second to fourth, to third to second.

The Indians, who just kept rolling meet after meet to finish with nine points on the year, 15 fewer than Waupun and 17 fewer than Plymouth. Their season average was 155 from the low four scorers, and they set a school record of 148 in dual meet No. five held at their home Hon-E-Kor Country Club course.

Scheel's five returning lettermen, including juniors Jacob Schlosser, who played at No. 1, Brad Buechel, Talon Ralph and senior Jordan Carlton never budged from their spots in the varsity lineup, and neither did Travis Griesemer, who played in

several matches during the 2017 season and once he was a starter at No. 5, would not relinquish the spot.

Only when Brad Buechel injured himself, did sophomore Toree Ralph move up to take a spot on the varsity, a spot Buechel quickly reclaimed.

"It doesn't happen to often that a team sweeps the conference season, winning every meet, but we did just that," Scheel said after the conference tournament, which was hosted by Ripon at the Lawsonia Links.

About the only thing the Indians didn't win was the East Central medal. That honor went to Kettle Moraine Lutheran's Solomon Zarlino, who won for the second year in a row. Zarlino earned 82 points, behind three first place finishes in the mini-

tour events and a first in the 18-hole tournament.

Schlosser finished second overall with 70 points. He won two of the nine-hole duals but slipped at Waupun where he only scored one point.

Talon Ralph, Carlton and Buechel placed fourth, fifth and seventh, respectively with 54, 45 and 33 points.

Now for the next goal the Indians had back in April — making a return trip to the WIAA D-2 state tournament and improving on their fourth place finish, two strokes out of third. Already the Indians have easily won the D-2 regional hosted by Kettle Moraine Lutheran at the Washington County Golf Course, shooting a 305, which ties the low 18-hole school record set by Kewaskum back in the early 1970s.

Stay tuned.

Young KHS Soccer Team Made A Move In The Right Direction

By Judy Harlow

With his two leading 2017 scorers moving on to college soccer and six freshman on his varsity roster this spring, Kewaskum High soccer coach Luke Piwoni wasn't expecting any miraculous start to the season. What he hoped for and expected was steady improvement and a good finish, which is pretty much what happened to the Lady Indians.

After wins over Columbus and Ripon and a whole bunch of cancellations, the Indians lost four of their next six games, but just kept plugging away, finishing the first round of action in East Central Conference at 1-4-2.

The Indians finished EC play at 3-0, competing in a round robin against other teams in the number five to eight spots in the league. They posted a 1-0 win over Ripon, a 3-0 shutout over Berlin, which they tied 1-1 early in the season, and defeated Campbellsport 3-1 to take fifth place in the EC and end the regular season at 6-9-3.

"Overall, it was a good week. Our goal was to attack and come out

aggressive," Piwoni said after the round robin. "It was great to see them step up."

So, how did the new freshman do during the season you might ask? Well, Kennedy Adams, a midfielder, wound up as the team's leading scorer with 12 goals. She finished the year with 29 points from the dozen goals and five assists. Her speed and athleticism were obvious, and when she gets the opportunity to score, it's a good bet she will.

Andrea Butz also made good strides as the year went along. She finished with five goals, second on the team, and one assist.

Nicole Butz is another player with a bright future, and it looks like it will be as good as goal keeper. After trying a couple others in the nets, Piwoni decided on Butz, and she didn't disappoint. In the final three, regular-season games, she gave up just one goal and averaged giving up 2.43 assists per game in her 12 games at the position.

Lily Schlosser, another freshman, played 260 minutes in her first high school season, scoring one goal. Sophomore Arianna Krueger was another of

the Indians forwards who was a scoring threat. She had three goals and one assist.

When it came to defense, the Indians depended on good play from freshman Gwen Manteufel, and along with sophomores Emma Penfield and Kaylee DuCharme and senior Brandi Geldnich, and they came through. Penfield was on the field for 256 minutes in 17 games to lead the defenders.

"The freshmen and sophomores have grown throughout the season, but I feel the last week and a half the intensity and aggressiveness have increased," Piwoni said about the finish to the regular season. "It is great to see us develop a winning mentality. We hope to build on this and carry it forward to the off season and next year."

The team says goodbye to senior forward Paige Airaudi, defenders Geldnich and Morgan Denlinger and Taylor Cook, but all the rest of the squad will be back, and that's good news for Piwoni and fans of KHS soccer.

Tennis Players Enjoy Lots Of Success: Goeden And Chesak Going Back To State

By Judy Harlow

The 2018 Kewaskum High tennis season can be summed up in two words — Mission Accomplished.

Its No. 1 doubles team, Brent Goeden and Jared Chesak earned a return trip to the WIAA D-2 State Tennis Tournament. The Indians finished third in the nine-team Eastern Wisconsin Conference (first among the four teams from the East Central), and all of the players, singles and doubles, improved from the team's first competition to the last.

"The team not only met its goals but they exceed-

ed them," assistant coach Peter Garcia said following the sectional competition at East Troy High School after Chesak and Goeden went 3-0 to win the title at No. 1 doubles and the team scored 28 points to finish third in the battle for the team title. The No. 1 team is the first team in school history to qualify for the state tournament.

Kewaskum had a rough start, playing on the road at Manitowoc Roncalli, one of the perennial powers in the EWC. With just a couple outdoor practices beforehand, the Indians lost the match 5-2, but after that they won five of

six conference matches. The only exception was at Kohler, which was crowned as conference champion again and has two singles players and one doubles team in the state competition.

The Indians also won the first Waupun Quad Tournament, defeating Waupun, Ripon and Port Washington, a member of the strong North Shore Conference.

Three of the four KHS singles players and all three of the doubles teams wound up with winning records, led by Chesak and Goeden, who were 16-3. Then came No. 4 singles regular Bryce

Halvorsen, who was 13-2. He won the fourth and deciding point to give the Indians a 4-3 team win over Sheboygan Falls, reversing the outcome of recent matches against the Falcons.

The other players finished as follow: No. 2 singles - Kyle Loehr, 10-9; No. 3 singles - Matthew Krautkramer, 11-5; No. 2 doubles - Isaiah Cochran and Bret Fahrenkrug, 12-7; and No. 3 doubles - Patrick Krier and Tyler Degnitz, 10-6. Cochran and Fahrenkrug were playing together for the first year, while Krier and

Degnitz, both seniors, both key members of the KHS football team last fall, were out for the sport the first time.

Senior Devin Schneider finished 5-10 at No. 1, always facing the opponents' best player, a difficult task considering Kohler has Casey Johnson, a two-time state champion, Roncalli's Ben Salut, going back to state for the second year and good other players from Ripon and Sheboygan Falls.

The team graduates six seniors, including Schneider, Goeden,

Chesak, Degnitz, Krier and reserve Donald Keaton. With three singles players and one doubles team returning, head coach Andrew Dahlberg and Garcia are confident the Indians have an opportunity to continue a winning tradition in the sport.

Note: Four of the five senior regulars, Schneider, Chesak, Goeden and Degnitz graduated summa cum laude (3.75 grade points average or higher), while Krier earned cum laude honors (3.0 or higher).
