## School Board Discusses Board Policies

By Anne Trautner

At the regular Kewaskum School Board meeting on Monday, July 8, the board discussed whether Board Vice President Troy Hanson should be censured.

Hanson had not stated that he was not speaking on behalf of the board when he said that Board Member Timothy Ramthun has a conflict of interest. Hanson was quoted in the *Daily News* on June 13 saying that Ramthun should step down from the School Board because he holds a position as a state representative.

Ramthun, who has not been found guilty of any statutory wrongdoing, was censured earlier this year for not stating that he was not speak-

ing on behalf of the board.

After about half an hour of discussion, the board voted 4-2 to forego censuring and turn over a new leaf. Doug Gonring and Jim Leister voted for censure. Ramthun abstained from voting.

"I'm going to lean on the side of forgiveness," Ramthun said. "I'm ready to move on and work for the kids."

Board Member Jim Leister made the motion to censure Hanson.

"I'm looking to censure for policy violation, because that's what the norm is for this board," Leister said.

"I don't believe that is the norm of the board. Censures have happened recently; that doesn't mean it is the norm of the board," Board President Mark

Sette said.

Since November, the Kewaskum School Board has censured both Leister and Ramthun.

"Last time, both of us got censured, nothing was brought to the board. The lawyer sat there, paperwork was cut and dry, it was a done deal," Leister said. "The question is: Do we have different procedures for different board members in this process?"

Hanson said that he had put Leister's censure on the agenda after receiving complaints from six community members.

"You didn't bring it to the board. It was cut and dry before that meeting," Leister said.

## Shrek Comes To Kewaskum

By Anne Trautner

Once upon a time, an ogre named Shrek lived in a swamp far away.

Actually, that swamp is not that far away. It is on the stage in the Kewaskum High School theater. Beginning this Thursday, audiences can come and see *Shrek The Musical*.

The show, which is based off the DreamWorks version of Shrek, is being presented by

the Kewaskum Theatre Company this Thursday, Friday, Saturday and Sunday (July 11-14).

Tony Brodzeller will portray Shrek in the show. This is his first appearance in a Kewaskum Theatre production.

"My girls were in the Kewaskum production of *Beauty and the Beast* two years ago, and I was so impressed with the directors and the whole group," the West

Bend resident said.

Brodzeller's two daughters, 11-year-old Shelby and 9-year-old Sydney, are in this year's show as well.

"To get to share this experience with them has just been a real treat. It is kind of undescrivable how special it has been for me and my family to be part of it together," Brodzeller said.

Shrek

Continued on Page 18

### Want To Go?

The Kewaskum Theatre Company will present *Shrek The Musical* at the following times:

- Thursday, July 11: 7 p.m.
- Friday, July 12: 7 p.m.
- Saturday, July 13: 1 p.m. and 7 p.m.
- Sunday, July 14: at 1 p.m.

Tickets can be purchased in advance at Geidel's Piggly Wiggly or at the door. Cost is \$15 for adults or \$10 for children 10 and younger.

The Kewaskum Theatre Company will present *Shrek The Musical* July 11-14 at Kewaskum High School. The cast has been rehearsing the show all summer. photo by Anne Trautner

# Wisconsin 9/11 Memorial Receives Support

By Anne Trautner

Kewaskum Remembers 9/11, Inc., is pleased to announce the following donation and pledge, which will go toward completion of Phase One of the Wisconsin 9/11 Memorial and Education Center.

The West Bend Community Foundation's Ziegler Family Foundation Fund has given a \$10,000 grant for Phase One construction costs of the memorial.

In addition, Joel Fleischman, president of Drexel Building Supply, notified the memorial's committee that Drexel Building Supply has made a \$5,000 pledge for the memorial.

"The Board is extremely appreciative for the support of the community for construction of this educational memorial. These donations bring us one step closer to completion of this important project," said Gordon Haberman, whose daughter was killed in the terrorist attacks on September 11, 2001.

The Wisconsin 9/11 Memorial is being built

in front of the Kewaskum Municipal Annex at 1308 Fond du Lac Ave. in Kewaskum.

Construction has started on Phase One of the memorial, which includes construction of the memorial's main rotunda and amphitheater. Work will also begin this year on Phase Four, which honors those who have served in the U.S. military.

When completed, the Wisconsin 9/11 Memorial will be an educational center where people can reflect and learn about the events of September 11, 2001, and what happened in its aftermath.

"The memorial is a tribute to the strength of our community, our state and our country," Haberman said.

The Wisconsin 9/11 Memorial is still in need of donations and sponsorship. One way to support the project is to purchase engraved pavers for the memorial's walkways.

To learn more about the memorial and ways to donate, visit wisconsin911memorial.com.

A rainstorm rolls into the Kewaskum area on July 2. The region has received record amounts of rain this year. This photo was taken in the Potawatomi Prairie subdivision in Kewaskum.

## Tuesday Night Sheephead Winners

Five-handed winners on Tuesday, July 2, were: Dick Kohn 73-3-70 23-2-21, Robert Aufdermauer 66-5-61 21-4-17, Jeanette Guillaume 69-9-60 23-6-17, Darlene Walls 67-12-55 16-6-10, Butch Schmitt 57-4-48 14-4-10, Jim Bellin 51-5-41 20-3-17, Jean Cornell 22 most loses and 7 low points.

The next five-handed call-an-ace will be Tuesday, July 16, at 7 p.m. sharp.

New players are always welcome at the Kewaskum Labor Center.

## XYZ Card

## Results

The winners of cards played at the Municipal Building Annex on Wednesday, July 3, were: Leon Schmidt, Janet Enright, Cliff Galeske, John Fleischman, Reiny Follmann, Kathy Schmitt, Joy Neuenfeld.

New members are always welcome. Cards are played from 8 - 11:15 a.m. every Wednesday.

## Week's Wit...

Cosmetics are a woman's way of keeping a man from reading between the lines.

## WASHINGTON COUNTY SHERIFF'S OFFICE REPORT

### Death Of Child

On July 4 at 2:05 p.m., Washington County deputies, along with Lifestar Rescue and Slinger Fire Department, were dispatched to an address in the 4900 block of Birchwood Road, in the Township of West Bend, for a report of 2-year-old boy who was found unresponsive in Big Cedar Lake.

Lifesaving efforts were attempted on scene, and the child was transported to St. Joseph's Hospital in West Bend where lifesaving efforts continued. Ultimately, the child never recovered and was pronounced deceased.

The Washington County Detective Bureau and the Washington County Medical Examiner's Office are investigating to determine the cause of death. Preliminary indications are believed to be that the child had drowned.

### Felony Theft and Pursuit

On July 3, Washington County deputies arrested three individuals for felony theft after nearly a 15-mile pursuit that ended in a minor motor vehicle crash.

At 12:22 a.m., an employee of Phantom Fireworks, located at 6711

County Highway W in the Town of Addison, reported the theft of a large amount of fireworks by three suspects. The investigation later determined all three of the suspects entered the store together when the 18-year-old Madison woman faked an injury to gain the attention of staff. At that point, the two other suspects, a 19-year-old man and a 31-year-old man, both of Madison, removed carts of merchandise from the store.

A deputy was able to locate the suspect vehicle in the area of County Highway W and County Highway D in the Town of Wayne. The vehicle immediately fled eastbound on County Highway D to U.S. 45 at speeds in excess of 100 mph. The vehicle continued to flee northbound on U.S. 45 into the southern portion of the Village of Kewaskum, where the driver turned onto Prospect Drive. The pursuit continued to Badger Road and then south on Kettleview Drive. Deputies were able to deploy tire deflation devices on Kettleview Drive and the vehicle subsequently crashed into a guardrail after failing to stop for the stop sign at Kettle-

view Drive and County Highway D.

The two passengers were then immediately taken into custody. The driver fled on foot and was taken into custody shortly thereafter when he was located hiding nearby. All three subjects complained of injuries and were transported for medical treatment before being transferred to jail. All three remain in custody for felony theft, and the driver will face additional driving related charges. Nearly \$2,700 worth of stolen fireworks were recovered in the vehicle.

Pursuits are inherently dangerous for suspects, law enforcement and innocent citizens. It is the policy of the Washington County Sheriff's Office to ensure the emergency operation of police vehicles is done in a manner that provides a reasonable amount of safety to all individuals listed above. The department has policy considerations that require officers to balance the necessity for pursuit against the probability and severity of damage or injury. Officers consider factors such as the time of day, road and traffic conditions, weather conditions, pedestrians, speeds in-

viewed and the nature of the incident. The Sheriff's Office also has supervisors working 24 hours, seven days a week, who monitor incidents such as this. They will order the termination of the pursuit if, in their opinion, the dangers created outweigh the need for immediate apprehension.

"Philosophically it is a careful balance for law enforcement. We strive to be as careful as possible, but it is also extremely important to me that criminals are held accountable for victimizing the citizens we serve," Sheriff Martin Schulteis said.

### Motorcycle Fatality

On July 1, 2019, the Washington County Sheriff's Office was notified that the operator of the motorcycle involved in the crash on June 7 died from his injuries. This is the fifth fatality investigated by the Washington County Sheriff's Office in 2019. The operator was identified as Michael Leo Seguin, 33, of the Village of Germantown.

The crash occurred on June 7 at 6:33 p.m. The accident involved two motorcycles on County Highway Q west of Highway 164 in the Village of

Richfield.

An on-scene investigation revealed the following: a group of motorcycles were westbound on County Highway Q. The lead motorcycle slowed to turn north into a local establishment. The second motorcycle, driven by a male, and the third motorcycle, driven by a male, crashed into each other, causing both of

the drivers to be ejected off the motorcycles.

Seguin, who was one of the drivers, suffered serious injury and was transported from the scene to Froedtert Hospital via Flight for Life. The other motorcycle driver suffered non-life threatening injuries and was taken to Community Memorial Hospital via Richfield Rescue Ambulance.

## SHEBOYGAN COUNTY SHERIFF'S REPORT

### House Fire

On Thursday, July 4, at 10:44 p.m. the Sheboygan County Joint Dispatch Center received a 911 call reporting a fire inside the attached garage of the residence at N2081 County Road CC, in the Town of Holland. The cause of the fire is unknown at this time. There were no injuries reported due to the fire.

The following resources were involved in this incident: Sheboygan County Sheriff's Office, Adell Fire Department, Random Lake Fire Department, Waldo Fire Department, Silver

Creek Fire Department, Cascade Fire Department, Cedar Grove Fire Department, Oostburg Fire Department, Fredonia Fire Department, Waubesa Fire Department, Adell First Responders, Random Lake Ambulance, Fillmore Fire Department and the Sheboygan County Fire Investigation Unit.

## FEATURE BUSINESS OF THE WEEK

### Tuttle Creek Learning Center, Inc.

Tuttle Creek Learning Center, Inc. is proud to be in business for over 18 years. After purchasing the established center in 1997, Mike and Audra Beyer began molding the business, adding their own unique touches and continued the growing process to accommodate the communities changing needs. Over the past 15 years an infant, toddler and two year old room have been added to the already existing preschool room at the main site, as well as adding before and after school programs in Kewaskum Elementary School and Farmington Elementary School. They have been providing quality childcare for Kewaskum and the surrounding area for over 18 years, while continually improving and adding new features!

Audra brings 27 years of experience to the business and the Administrator, Shelly Marx, brings 23 years of experience. Along with them, there are 10-14 employees depending on the time of year. Mike and Audra Beyer are supportive of their staff going back to school through funding in conjunction with TEACH.

Thank you to all of the parents who have shared their precious children with us! We feel truly blessed to have met each and every one of you. We look forward to many more years of helping your children grow!

OBITUARIES

Janice M. Koepke

Janice M. Koepke, 82, of Auburn Lake, passed away on Monday, July 8, 2019, at Grancare Nursing Home in Fond du Lac.

Janice was born on September 13, 1936, in Campbellsport, the daughter of the late Alvin and Lydia (nee Arndt) Butzke.

On September 29, 1956, she was united in marriage to Norman Koepke at St. John Lutheran Church in New Fane. Norman preceded Janice in death on April 27, 2009. Janice loved to garden around her house and had a huge vegetable garden.

Those Janice leaves behind to cherish her memory include her daughter, LuAnn (Ken) Larson of Auburn Lake; a granddaughter, Jennifer (Mias) Schwabe; two great-grandchildren, Addison and Ben Schwabe; a sister-in-law, Mavis Schulz; an aunt, Camilla Butzke; other relatives and friends.

In addition to her husband and parents, Janice was preceded in death by a brother-in-law, Gary Schulz.

Graveside services for Janice will be held on Wednesday, July 17, 2019, at 3 p.m. at St. John Lutheran Cemetery in New Fane with Rev. Mark Eckert officiating.

The Myrhum Patten Miller & Kietzer Funeral Home has been entrusted with Janice's arrangements. Additional information and guest book may be found at [www.myrhum-patten.com](http://www.myrhum-patten.com).

Native pollinators from bees to butterflies are an amazingly diverse and vital group of organisms. Learn more about them at the Ice Age Visitor Center on Saturday, July 27, at 6:30 p.m. for the Our Native Pollinators program.

# Our Native Pollinators

Kettle Moraine State Forest - Northern Unit's Summer Saturday Evening Events continues with the program "Our Native Pollinators."

The program will be held on Saturday, July 27, from 6:30 p.m. to 8 p.m. at the Ice Age Visitor Center. The center is located at N2875 Highway 67, Campbellsport, which is half mile west of Dundee. Thanks to the support of the Friends of the Kettle Moraine, the program is free, but donations are always gratefully accepted.

Native pollinators from

bees to butterflies are an amazingly diverse and vital group of organisms. Join Thelma Heidel-Baker as she covers their biology and what that means for protecting these insects.

Hear about the issues surrounding these keystone species as well as ways you can create pollinator habitat in your own backyard. And learn more about some special Wisconsin pollinators that need our help, like the endangered rusty patched bumble bee.

The evening presen-

ter, Thelma Heidel-Baker, is an entomologist, insect conservation specialist, and organic farmer. She seeks novel ways to incorporate beneficial insect conservation into all landscapes, from gardens to farmland.

For further information, contact staff at the Ice Age Visitor Center. The center's phone number is 920-533-8322 and is open Monday through Friday from 8:30 a.m. to 4 p.m., and on Saturday and Sunday from 9:30 a.m. to 5 p.m.

Pictured Right:

The Ozaukee Guzzlers Motorcycle Club was pleased to sponsor 25 books as part of a program promoted by author Karen L. Hartman, also known as "The Dream Catcher Lady." The sponsored book, "Gift from the Eagle," will be distributed at no charge to youth groups, families in shelters, children's hospitals, Boys and Girls Clubs, and other organizations within 100 miles of Campbellsport. "Gift from the Eagle" is a timely story that encourages confidence and inner strength through struggles and accomplishments. Pictured is Slick, representing the Ozaukee Guzzlers MC, and author Karen Hartman.

No storytime on Wednesday, July 24.

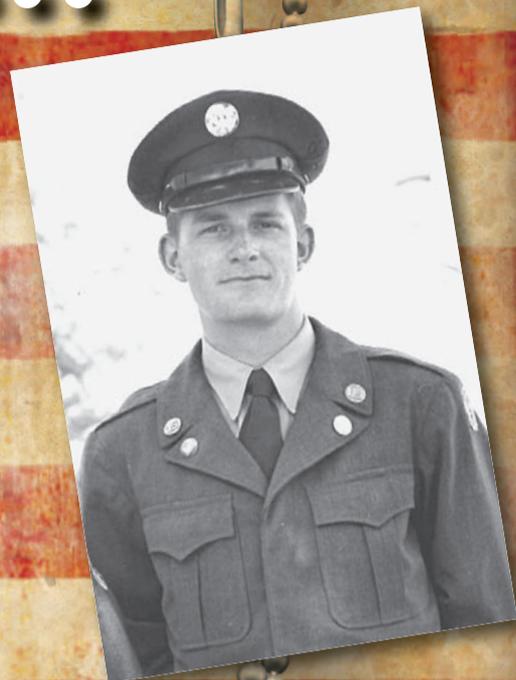

# Letters Home...

March 4, 1952

Dear Ma, Pa & Carol.  
Well today is the first day it rain here, and it was a light rain for a few hours. The meals aren't to bad, but we have to eat out of mess kits. We just got paid, I got \$43 in script. Then paid \$3 for having the French do my KP. H.B. over

The script money looks like play money, and is only good at the P.X. If we want our money for off post we change it into Francs. 350F is equal to one dollar. A Franc isn't worth the same each day, it devalues and raises. One Mill = worth 1000F or \$2.87? All we're doing so far is eating, sleeping, and playing cards. We were to broke to do

anything before. Last Sat. and Sun. we walked all over the town. This weekend we are planning on renting some bikes and ride out into the country, 150F for all day. The place we live in is so old that Napoleon had his men here, the Germans and French also had troops here. Then for 10 years no one was here, until seven months ago, when some other outfit came here.

When you send the box put some work socks in and my jar of naxzima. The shaver works on the power, but we had to stick a conversion plug in the outlet. The radio doesn't always work because the power goes down once in a while. Hope to send pictures next time. Roger

## Check It Out!

A Column By Kewaskum Librarian Lori Kreis

I have been thinking a lot about community partnerships and how I can work with local organizations to create and promote quality library programming. Our mission statement lists us as a strong community partner, and I have been looking at ways to enhance that. Working with other organizations and businesses within Kewaskum and Washington County is one way to accomplish increasing our partnerships.

We already have several community partnerships in the area. Some new; some have been around for a while. One established partnership is with Xpressions of West Bend and the jewelry workshops we hold here. There has been one since I started, and another scheduled on August 9. It is great that the business offers the workshops at a discounted price for our patrons and it's a lot of fun. We have also had programs with the Washington County ADRC and Extension's Washington County 4-H. Working with these local organizations is valuable to our patrons because some residents can't get to these agencies. Bringing the information and resources to the library, where patrons can access them easily, is an achievable goal.

There are new partnerships on the horizon, and I am excited for the programming this will bring. The Coffee Corner Bistro has a monthly book club and the library is dedicated to making sure the members of the club have access to the books they need to read. We will have several copies of the next selection for checkout a month before the meeting.

Badger Talks through UW provides speakers on a variety of topics. The topics are endless,

with categories such as history, wellness, arts, entrepreneurship and Wisconsin. We plan on having two of these speakers a year and are always seeking input from our patrons on what topics they would like.

Besides programming, collaboration with community establishments results in strengthening our presence in the village. Whether it's being allowed to put up flyers at businesses, receiving goods for free or at a discount or knowing that these places in the community are talking about the library is helpful to our mission.

Throughout the year, but especially during the summer, we rely on donations from the community and businesses. It ensures a summer of reading fun for all involved. I have gone to several places for flyer distribution and have always been accommodated. When I hear that someone learned about something going on at the library via word of mouth, I can't help feeling proud of this library and the community we serve.

There are challenges with community partnerships; one is the task of communicating with the businesses to let them know what we can do together. Some people may not be aware that the library has programs about many topics, not just books. There are diverse interests with varied expertise. Wouldn't it be great to bring those together?

If you would like to collaborate with the library on any program, please reach out to me. I look forward to hearing from you and forming new community partnerships.

## Music In The Park To Be Held Tuesday, July 16

Music In The Park continues on Tuesday, July 16, with Big Cedar Bluegrass performing bluegrass and gospel music at River Hill Park.

Music in the Park is a series of free concerts each summer in the Beer Garden of River Hill Park, organized by the Kewaskum Area Arts Council. The Kewaskum Firefighters Association provides the concessions starting at 5:30 p.m. The concerts

start at 6:30 and last 90 minutes to two hours.

Big Cedar has been performing locally and at regional festivals since 1992 and consists of four musicians who play banjo, acoustic guitar, mandolin, fiddle and upright bass. The band performs instrumental as well as vocal numbers with three and four part harmony - even some old time gospel. The upbeat bluegrass sound of Big Cedar will

have you clapping your hands and tapping your feet and the energy of all band members working around one microphone is really fun to watch.

Band members include: Jim Burch, who plays banjo, dobro, guitar and mandolin and sings baritone and lead with the band; Steve Dekker on bass; Tim Dekker, who plays fiddle and sings leads, tenor and baritone; and Marty Burch, who plays rhythm

guitar and sings lead or tenor.

This year's Music In The Park concerts are sponsored by Geidel's Piggly Wiggly, the Kewaskum Women's Club, Kewaskum Kiwanis Club, Drexel Building Supply, the Kewaskum Fire Fighter's Association and the Kewaskum Area Chamber of Commerce. The next performance will be The Verdict playing classic rock on July 23.

## Public Access To Hardwood Range No Longer Allowed

By Capt. Joe Trovato

The Wisconsin National Guard will permanently close public access to the Hardwood Range complex and the associated property, effective immediately.

The range complex has allowed the public to access the property over the years for recreational purposes like hunting and hiking. The range complex is the primary training area for the Volk Field airspace, one of the premier training areas in the country. Air crews from every mil-

itary service use this range to train for their mission to serve the United States and the state of Wisconsin. The range is used to simulate ground-to-air threats, and aircraft drop inert ordnance on the complex as part of their training.

Recent updates to United States Air Force regulations now prohibit access to areas deemed

hazardous due to the potential for unexploded ordnance or other hazards posed by inert ordnance or munitions that may remain on the range.

The Wisconsin National Guard regrets any inconvenience the closure of public access to the range complex causes to those who used it for recreational purposes. However, the

safety of the general public and citizens is the top priority of the Wisconsin National Guard, and the organization will follow Air Force policies and regulations concerning the matter.

For more information, the public can contact Volk Field Combat Readiness Training Center at (608) 427-1260.

## DAYS GONE BY

**5 Years Ago  
July 17, 2014**

In a few weeks the lights on Main Street will shine again. In April the primary power feed to the lights along the project route was accidentally cut, according to a notice posted on Kewaskum's village web site. Because of safety concerns the line needed to be de-energized. The line was a dedicated power source for the lights and the outage did not affect businesses or homes, Village Administrator Matt Heiser said.

Slowly but surely, the Kewaskum girls' soccer team is gaining ground on the perennial powers of the Eastern Wisconsin Conference. The Indians finished the EWC campaign with a 5-5-2 mark, good for fourth place, and the goal margin versus the top three was better this year. "We tied Falls this year. That was a first," coach Luke Piwoni said. "That was a nice step" after nine years of attempts. The EWC coaches acknowledged the skill on the current team, selecting sophomore Jeray Riffel to the all-conference first team and awarding honorable mention status to four others, junior Becca Strigenz, sophomores, Madisyn Longdin and Kalla Kirst and freshman Molly Schulties. Riffel was a marked woman after she started the season with a big scoring spree and ended with 19 goals and nine assists from her midfielder position. "From

day one as a freshman, she was a starter. She made second team last year," Piwoni said of Riffel. "It was good to see her take that step."

A few members of the Kewaskum Indians football team attended a football camp at the Don Hutson Center in Green Bay June 13 - 15. The camp is held annually by the High School Player Development, the National Guard and NFL. At each camp, college coaches pick out 12 athletes to participate in a seven-on-seven tournament against other teams. Three of the twelve picked will be seniors on the Indians football team in fall. They included, Brandon Thull, Steven Nurkula and Eric Doll.

Dennis L. "Gumby" Kuehl, 65, of Kewaskum, passed away on July 13.

Susan R. Spoerl, 57, of Kewaskum, passed away on July 14.

Kenneth "Bucky" Bales, 72, passed away on July 12.

Barbara S. Ebert, 64, of Kewaskum, passed away on July 10.

Cheryl Muller, nee Erdmann, of Houston, Texas, passed away on July 3.

July 8, 2004**

A 20-year-old West Bend man was taken into custody early Friday morning in connection with the apparent murder of Katie Gensmer, 18, of West Bend whose body was found Wednesday on the New

Fane Hiking Trail in the Town of Auburn. David Brace is being held in the Fond du Lac County Jail, according to Fond du lac County Sheriff's Department Detective William Flood. "We would consider him an acquaintance of the victim," Flood said, indicating the suspect's name surfaced after investigators pieced together the time line of Gensmer's final hours. "Through that, we determined we needed to question him," Flood said. Tuesday evening, a Milwaukee television station reported that Brace confessed to the act. This newspaper was unable to verify that confession with local authorities. The suspect was apprehended by members of the Fond du Lac County SWAT team at a campsite at Mauthe Lake.

A son, Brendon Joshua, was born to William and Alyssa Ebert, Campbellsport, on June 15.

A son, Logan James, was born to Cheri and Jason Neitzel, Lomira, on June 30.

A son, Samuel Christopher, was born to Jennifer and Christopher Peters, Kewaskum, on June 30.

A daughter, Meaghan Leigh, was born to Laurie and Lee Hutchins, Campbellsport, on June 29.

Alphonse H. Peters, 85, of West Bend, passed away on June 30.

Marjorie "Margie" Luedtke Krahn, 80, of Beechwood, passed away on July 5.

July 14, 1994**

The newly opened Subway held a grand opening party recently for family, friends and workers - giving everyone a chance to sample a variety of subs, and giving the new owners a chance to say thank you to all those that helped with the opening of the new shop.

The Hamburger Haus II opened in the former A & W Restaurant building on Monday. Hamburger connoisseurs no longer have to travel to the original Hamburger Haus in Dundee to sink their teeth into the charcoal-grilled burgers and other sandwiches now also offered at the new

establishment.

The Friedrich Seidemann descendants seem to celebrate their annual family reunion bigger and better each year. This is no exception. Over 3,000 family members have been sent invitations to this annual event and they are expecting approximately 500 people at the Ray Seideman family farm near Newburg on July 17, 1994. This is land settled by their ancestors and still owned by those descendants. There's a special feeling you get when you attend the reunion for the first time.

A son, Joshua Aaron, was born to Brian and Julie Kluever, of Slidell, Louisiana, on June 22.

Erna J. Schleif, 89, of West Bend, passed away on July 6.

Erwin W. Schoening, 81, formerly of Campbellsport, passed away on July 4.

Barbara A. Kleinhans, 60, of Campbellsport, passed away on July 6.

**50 Years Ago

July 7, 1944**

Miss Vernet Fellenz of Grafton is confined at St. Joseph's Hospital in West Bend with a brain concussion and bruises she sustained when she leaped from a moving car in which she was riding in front of the Mrs. Arthur Koch home on Main Street at about 8:30 p.m. Sunday evening. The young lady was riding in an auto driven by Allen Hartmann of Port Washington and her mother was also a passenger. They were returning from the church picnic at St. Michaels. It is reported that Miss Fellenz wanted to stop off at a certain place in Kewaskum and when the others objected an argument ensued and she told them she would jump from the car. She did and landed forcibly on the pavement. Dr. R.G. Edwards was called and Miss Fellenz was removed to the hospital in Miller's ambulance. A large audience was attracted to the scene.

Mrs. George Hansen and daughter Lucille left on a trip to Pennsylvania to visit their son and brother, Pfc. Edward E. Hansen, who is stationed at the Indiantown Gap Military Reservation.

A son was born to Mr. and Mrs. Ervin Butzlaff of Route 2, Kewaskum, at their home on June 28. The little strapper tipped the scales at 11 pounds.

A daughter was born to Mr. and Mrs. Ralph Habeck, West Bend, on July 2.

Mrs. John Klessig, nee Selma Gruhle, 83, of Kewaskum, passed away on July 5.

Mrs. Louisa . Guenther, nee Ferber, 82, of Kewaskum, passed away on June 29.

Mrs. Gerhard Luepke 49, of Kohlsville, passed away on June 26.

**100 Years Ago  
July 12, 1919**

Alex Klug, son of Mr.

and Mrs. Gust Klug, returned home on Thursday from Camp Grant where he received his honorable discharge from military service. Alex left home on April 26, 1918, for Camp Grant where he was assigned to the Signal Corps. After a few weeks stay at Camp Grant he left for the east from where he soon afterwards sailed for France.

The Enger-Kress Pocketbook Company of West Bend will start another branch factory in the village of Campbellsport as soon as a suitable building can be found.

The letter "B" which made its appearance on the oat leaves last year and which many believed to be a prophecy that the American Army would be in Berlin before Christmas, is again visible on the oat leaves this year.

Nothing helps the little ones more than a thorough tonic-laxative taken once a week; cleans the insides, purifies the blood, helps the appetite, makes them sleep and grow.

Dr. Rupert Blue, surgeon general of the United States public health service, offers the following suggestions for keeping cool during the summer: cut down meats, eat fruits, vegetables, crackers and milk; discard the coat; don't overdrink any fluids, including water, cut out alcohol; bathe frequently in tepid water, keep the mind cool; don't fuss; don't worry; don't rush; take your time; keep serene; if possible, do strenuous work only in early morning or late evening; when electric fan is used at night, adjust it so it blows under the bed.

During a visit at Milwaukee on Monday, William Schaub and Jack Tessar had the opportunity of seeing Jack Dempsey, World's Champion prize fighter. They were standing on Wells Street, when the Champion came driving along in a large Cadillac touring car. Tessar says that the boxer is not the man in his opinion that he was described to be in the papers.

Born to Mr. and Mrs. William Bremser of St. Michaels on Saturday, a baby girl.

A baby girl made its appearance at the home of Mr. and Mrs. Elwyn Romaine of Kewaskum on Tuesday.

Born to Mr. and Mrs. Edward F. Miller of Kewaskum last Saturday, a baby boy.

Born to Mr. and Mrs. Art Eichsteadt of Kewaskum on July 5, a baby girl.

- Nothing at this time.

**An Upcoming Calendar of Events for the Northern Kettle Moraine State Forest...**

**Thursday, July 11** - Snapshot Wisconsin Evening Exploration. Snapshot Wisconsin is a volunteer-based wildlife monitoring project utilizing a statewide network of trail cameras. The project recently launched statewide and wants you to get involved by hosting a trail camera or identify photos. Christine Anhalt-Depies, Dept. of Natural Resources Research Scientist, will share what the project has already revealed about our state's wildlife and how to get involved with the program. This program is most appropriate for people over the age of 12 years old. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 6:30 - 8 p.m.

**Saturday, July 13** - Extreme Saturday Morning. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages 3-5; ages 6-8; and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books. Picnic Shelters at Mauthe Lake Recreation Area (located off County Road GGG south of County Road SS near New Prospect) and Long Lake Recreation Area (located off Division Road north of County Road F near Dundee). 10 - 11 a.m.

**Saturday, July 13** - Sky Hunting Raptors. Summer Saturday Evening Event. Sponsored by Friends of the Kettle Moraine. Jeannie Lord, Owner of Pine View Wildlife Rehabilitation Center, and several live birds of prey will share insights into the world of these amazing sky hunters. She will explain their unique adaptations, habitat needs, and threats to their survival. This program is most appropriate for people over the age of 8 years old. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 7-8:30 p.m.

**Wednesday, July 17** - Ice Age Trail Trekkers. Meet at County Road S/Shelter 2 parking area (located southwest of County Road GGG near New Fane). Join us for an invigorating 2.13-mile morning hike between County Road GGG and County Road S. A shuttle will be available between the starting and finishing spots. 7-7:30 a.m.

**Wednesday, July 17** - Family Boot Camp. Long Lake Recreation Area South Beach (located off Division Road north of County Road F near Dundee). Bring the kids, co-workers, and friends for a workout of sports drills, light weights, jump rope, circuits, and interval training. For anyone over 10 years old and of any fitness level. 6-7 p.m.

**Friday, July 19** - Rainy Day Rainbows Nature Storytime. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). Have you ever seen a rainbow and wondered how it got there? We'll learn the colors of the rainbow and reveal how nature creates this beautiful arch of color. This hour of nature fun awaits three-to-six-year-olds with accompanying adults. 9:30-10:30 a.m.

**Saturday, July 20** - Extreme Saturday Morning. Picnic Shelters at Mauthe Lake Recreation Area (located off County Road GGG south of County Road SS near New Prospect) and Long Lake Recreation Area (located off Division Road north of County Road F near Dundee). Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages 3-5; ages 6-8; and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books. 10-11 a.m.

**Saturday, July 20** - Mid-Day Meanderings. Zillmer Trails (located off County Road SS between County Road G and Hwy 67 near New Prospect). Traverse a loop trail of the Zillmer trail with a naturalist to learn about the flowers, trees, and geology of the Northern Unit. This program is best for adults and family with children older than five years old. 11:30 a.m.-12:30 p.m.

**Saturday, July 20** - "Tree"mendous Trees Drop-in At The Beach. Mauthe Lake Recreation Area Beach (located off County Road GGG south of County Road SS near New Prospect). Stop in to find out how the "tree"mendous trees touch almost all parts of our lives. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. 1-4 p.m.

**Saturday, July 20** - Whooo's Awake? Owl Prowl. Summer Saturday Evening Event, sponsored by Friends of the Kettle Moraine. Mauthe Lake Recreation Area Picnic Shelter (located off County Road GGG south of County Road SS near New Prospect). With the Forest Naturalist, find out what owls call Wisconsin home and their preferred habitats. Then head out in the night to call and listen for resident owls of the Northern Unit. This program is most appropriate for people over the age of eight years old. 8-9:30 p.m.

**Sunday, July 21** - "Tree"mendous Trees Drop-in At The Beach. Long Lake Recreation Area South Beach (located off Division Road north of County Road F near Dundee). Stop in to find out how the "tree"mendous trees touch almost all parts of our lives. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Noon-3 p.m.

*All the events are free except at locations where a Wisconsin State Park System vehicle admission sticker is required or where a fee is listed. The events are held within the Kettle Moraine State Forest - Northern Unit at the locations listed for each event. The Ice Age Visitor Center is located about 20 miles north of West Bend and 20 miles south of Fond du Lac.*

# God's Red Phone

By Darlene Stern

In the 1960s during the Cuban Missile Crisis, a hotline was established between the United States and the USSR. It has euphemistically been called 'The Red Phone.'

Modern fiction had the phone established in the Oval Office of the White House, but in all reality it was not even a phone, and it was not in the White House. The hotline was a telegraph in the Pentagon that sent messages from Washington, D.C. over a 10,000 mile trans-Atlantic cable with four intersections in other nations before it got to Moscow. It could take up to 12 hours for a message to go one way and the results were not reliable.

The system was modernized in 1988 when a high speed fax replaced the teletype. A new fiber-optic system became operational in 2008, with software for both talking and sending high speed email messages, employing hourly testing on both ends. The American 'Red Phone' still resides in the Pentagon.

The concept of the red phone was instituted to avert an emergency. Neither side trusted the other, so to be sure there were no misconceptions regarding what

was transpiring around the world, it was available to verify circumstances. It has been used about eight times.

God has a Red Phone. It's found in Jeremiah 33:3 "Call to Me\* and I will answer you..." (NKJV). All you have to do is call and he promises to 'pick up the phone' on the first ring. That is a promise!

Doesn't matter what time of day or night, where you are or what he's doing, he will answer. God is always available to listen to you. Even when Jeremiah was writing to the Babylonian captives in chapter 29:12, God told them "Then you will call upon Me\* and go and pray to Me, and I will listen to you." (NKJV)

The writer of Psalm 91 echoes that idea in verse 15: "He shall call upon Me\*, and I will answer him..." (NKJV). The Passion Translation says it like this: "I will answer your cry for help every time you pray, and you will find and feel my presence even in your time of pressure and trouble. I will be your glorious hero and give you a feast."

Job 12:4 declared what happened with his prayer: "...Who called upon God, and He\* answered him..."(NKJV). Asaph, wrote in Psalm 50, verse 15: "Cry aloud

to me, and I will be there to rescue you..." (Passion)

The point is that God is willing to answer if we're willing to call out to him. The Jeremiah 33:3 verse is our hotline to God. The interesting part about this verse is how it continues: "...and I will tell you [and even show you] great and mighty things [things which have been confined and hidden (not from you, but for you)], which you did not know and understand and cannot distinguish." (Amplified Bible)

So, he's not just going to answer us, but he'll also show us things we didn't even think to ask about. And those things aren't always small potatoes, they can be great and mighty. One interpreter called them hidden treasures. Who else do you know can do that with just one call?

There's no waiting when you call on God's Red Phone; it's a direct instantaneous line. He'll answer the phone just as fast as it rings. We may think we're 'calling' for one thing, but God has so much more to tell us. It's like winning a jackpot on a game show. You never know when it will appear or what's in it, but it's always good.

\*direct quote capitalization

## Farm Service Agency In Wisconsin Extends Prevented Plant Crop Reporting Deadline To July 15

The U.S. Department of Agriculture's Farm Service Agency (FSA) is extending the prevented plant crop reporting deadline for Wisconsin producers affected by spring flooding and excessive moisture.

Producers without crop insurance or Noninsured Crop Disaster Assistance Program (NAP) coverage in Wisconsin now have until July 15, 2019, to report acres they intended to plant this spring but could not due to weather conditions. The new deadline coincides with the July 15, 2019, FSA crop acreage reporting deadline that is already in place.

"Producers need to report prevented plant acres to retain eligibility for FSA program benefits," Sandy Chalmers,

State Executive Director said. "In many areas of the state, excessive moisture has made it challenging for producers to get into their fields to plant and this deadline extension provides reporting flexibility."

Normally, the prevented plant reporting deadline is 15 calendar days after the final planting date for a crop as established by FSA and the Risk Management Agency (RMA). The prevented plant reporting deadline extension to July 15 only applies to FSA and does not change any RMA crop insurance reporting requirements.

However, the extension does not apply to crops covered by FSA's

NAP Program. Producers should check with their local FSA office regarding prevented plant provisions for NAP-covered crops.

Producers are encouraged to contact their local FSA office as soon as possible to make an appointment to report prevented plant acres and submit their spring crop acreage report. To locate your local FSA office, visit [farmers.gov/service-locator](http://farmers.gov/service-locator).

For information regarding RMA crop insurance, contact your Approved Insurance Provider. To find your provider, visit [rma.usda.gov/information-tools/agent-locator-page](http://rma.usda.gov/information-tools/agent-locator-page).

## AREA CHURCH SERVICES

## CAMPUS NEWS

### - Ripon College

Rebecca Rate of Campbellsport graduated from Ripon College during the 2018-19 academic year, with major(s) in Economics and Business Management.

Ripon College, founded in 1851, prepares students of diverse interests for lives of productive, socially responsible citizenship. Ripon's liberal arts and sciences curriculum and residential campus create an intimate learning community in which students experience a richly personalized education. In recognition of its academic excellence, the college was awarded a chapter of Phi Beta Kappa in 1953, placing it among a select group of the nation's top colleges. Ripon is consistently recognized as a "Best Value" and "Best 378 College" by The Princeton Review, and is the only Wisconsin college to be named a "Best Value" by U.S. News & World Report. Ripon is a "Best Buy in College Education" by Barron's, a "Best Liberal Arts College" and "Best Bang for the Buck" by Washington Monthly, a member of the President's Higher Education Community Service Honor Roll, and included among the top 200 private colleges in the nation overall and for value by Forbes. For more information about Ripon College, visit ripon.edu.

### - UW-Platteville

The University of Wisconsin-Platteville announced its Chancellor's List, honoring those with perfect 4.0 grade-point averages for the spring 2019 semester.

Campbellsport: Kyle Samann, Civil Engineering.

West Bend: Leo Miller, Mechanical Engineering.

The University of Wisconsin-Platteville celebrated its 202nd commencement ceremonies May 10-11 in Williams Fieldhouse, and the ceremonies featured local students.

Students from this area who earned their bachelor's degrees include:

Campbellsport: Alexander Dean.

Kewaskum: Amanda Plachinski.

West Bend: Rebecca Fisher, Jonathan Goetz, Christopher Kleman, Bailey Myrick, Mitchell Noreen, Kayla Schneider, Hayden Steinhardt, and Wyatt Wergin.

UW-Platteville, founded in 1866, has been named the best in

Wisconsin for annual return on investment for the fourth consecutive year by Payscale and the best in the state (and seventh nationally) for employment by Zippia, the Career Expert.

For more information on the university, located in Southwest Wisconsin, visit uwplatt.edu.

### - UW-Whitewater

The following students earned degrees from the University of Wisconsin-Whitewater at spring commencement on May 18, 2019.

West Bend - Matthew Balkowski graduated with a Master of Business Administration in business administration, Charles Breit graduated with a Bachelor of Business Administration in general business, Mitchell Hader graduated with a Bachelor of Business Administration in finance, Kerim Kaltak graduated with a Bachelor of Business Administration in marketing, Rachel Nelson graduated with a Bachelor of Arts in psychology, Sarah Nelson graduated Cum Laude with a Bachelor of Business Administration in marketing, and Kathleen Wiesner graduated with a Master of Science Education in school business management.

Kewaskum - Jessica Fieweger graduated Magna Cum Laude with a Bachelor of Science Education in physical education and Nicholas

Reichardt graduated with a Bachelor of Business Administration in marketing.

Campbellsport - Eric Limberg graduated with a Bachelor of Business Administration in accounting and Lindsay Muench graduated Summa Cum Laude with a Bachelor of Business Administration in human resource management.

More than 1,600 graduates crossed the stage at Kachel Fieldhouse.

The morning ceremony recognized 759 undergraduate and 88 graduate students from the colleges of Arts and Communication, and Business and Economics. The afternoon ceremony recognized 696 undergraduate and 100 graduate students from the colleges of Education and Professional Studies, and Letters and Sciences.

The graduating class included 82 veterans, 31 international students and 231 nontraditional undergraduate students, defined students who are 25 years of age or older. In addition, 111 self-identified students with disabilities received degrees.

### - Wheaton College

Callie Olinski of Campbellsport, WI, was named to the Wheaton College Dean's List for the Spring 2019 semester.

To earn Dean's List honors at Wheaton, an undergraduate student

must carry 12 or more credit hours and achieve a 3.5 grade point average or higher on the 4.0 scale.

Wheaton College (Wheaton, Ill.) is a coeducational Christian liberal arts college noted for its rigorous academics, integration of faith and learning, and consistent ranking among the top liberal arts colleges in the country. For more information, visit wheaton.edu.

### - St. Cloud State

St. Cloud State University has announced the names of more than 1,193 students whose academic achievement placed them on the 2019 spring semester dean's list. To be eligible for the honor, students must have a grade point average of 3.75 or higher on a 4.0 scale.

Annaliesa Anderson, West Bend, College of Science and Engineering, Electrical Engineering, BS.

St. Cloud State University is Minnesota's second-largest university, with more than 15,000 students from 90 different nations. Students choose from more than 60 graduate study programs and more than 200 majors, minors and pre-professional programs that hold nearly every available national accreditation. The 100-acre campus is located about an hour northwest of Minneapolis along the banks of the Mississippi River.

# 4<sup>th</sup> OF JULY

The tradition of the Kewaskum fireworks continued this year. The show was held on Wednesday, July 3, at River Hill Park at dusk. Hundreds of people filled the park for the event, blankets were laid out well in advance to save seats for the show. Heberer Brothers was a substantial contributor to the fireworks this year in recognition of the company's 50th anniversary.

## Melis Claims MSA Harry Neitzel Tribute Hardware At Dodge County

One of the most experienced Midwest Sprint Car Association drivers in the pit area also turned out to be the fastest, as Jim Melis of Glenbeulah led all 20 laps of A-main competition on the way to victory in the third annual MSA Harry Neitzel Tribute Race at the Dodge County Fairgrounds in Beaver Dam on Wednesday, July 3.

The special event to honor the universally respected Neitzel, who was one of the MSA's biggest supporters, drew a strong field of 31 360 Sprint Cars and a near-

capacity crowd of enthusiastic spectators to the track commonly dubbed, "the horsepower half mile."

Melis, who is a 38-year veteran of open-wheeled racing, began the A-main from the pole flanked by Kevin Karnitz of West Bend. On the drop of the green flag, Melis got the jump and outpowered Karnitz to gain the lead in turn two of the opening circuit, while Karnitz settled into second and Tim Haddy of Waupun, charged up from the sixth starting to take third on the fast, narrow and tricky racing

surface.

As Melis began to stretch out his lead to a half-straightaway margin in the early going, Haddy was on the move as he used the high groove to shoot past Karnitz exiting turn four on lap three. Haddy continued his charge over the next five laps to cut Melis' advantage to just 10 car lengths on lap eight.

However, disaster struck on lap nine when a red flag appeared after Josh Walter of Plymouth spun in turn two, which triggered a four-car incident involving Haddy, the third-place car of

Karnitz and the fourth-place machine of two-time MSA champion Danny Schlafer of Sussex, who started eighth.

Karnitz flipped after clipping the stalled machine of Walter, while Haddy and Schlafer also suffered damage in the melee, which forced all four drivers to retire from the race.

On the restart, Melis again powered away from the field while 10th starter Tony Wondra of Campbellsport snuck underneath Travis Arenz of Sheboygan, who started 12th, to seize second in turn four on

lap 10.

As Melis built up a half-straightaway cushion over Wondra at the front of the field, 14th starter Adam Miller of Plymouth was making his presence felt as he moved into the top five on lap 12 and wasted little time tracking down his brother, 2018 Plymouth Dirt Track Racing 360 Sprint Car champion Justin Miller of Plymouth, who started fourth, to work his way into fourth on lap 15.

Wondra closed the gap significantly as the leaders encountered slower traffic over the

final three laps, but he was not able to mount a serious challenge as Melis secured his first career Harry Neitzel Tribute Race victory and 20th career MSAA-main triumph.

Wondra placed second, Arenz finished third, Adam Miller wound up fourth and Justin Miller completed the top five.

2005 MSA champion Lance Fassbender of Burnett captured the 12-lap MSA B-main, while heat race victories went to Chris Clayton of Waldo, Al Schlafer of Sussex, Kevin Karnitz and Tim Haddy.

## Arenz Bags MSA Badger 30 At TNT Speedway

Second-year Midwest Sprint Car Association competitor Travis Arenz was clearly the class of the field throughout MSA A-main action at TNT Speedway in Three Lakes on Saturday, July 6. He flexed his muscle in the early going, persevered through four caution periods in the middle stages and pulled away in the closing laps to notch a commanding victory over his closest competitor in the Badger 30 presented by Badger Steel.

Polesitter Tony Wondra of Campbellsport got the initial jump to grab the lead on the opening circuit of the 30-lap A-main. On lap three, 2014 MSA Masters Series champion Paul Pokorski of West Bend used the outside groove to power around rookie Brandon Berth of Cascade, who started third, to secure second.

One lap later, Arenz, who started fifth, rode

the high groove to pass Berth and move into third in the running order. The leaders began to work their way into slower traffic on lap eight, which allowed Arenz to close in to pressure Pokorski for second. Two laps later, Arenz dove under Pokorski to seize second and quickly set his sights on Wondra for the lead.

Just as Arenz was about to unseat Wondra for the lead, the first of four caution flags appeared on lap 11 when rookie Justin Erickson of Plymouth spun in turn three. On the restart, Arenz pulled off a slide job in turn two to clear Wondra for the top spot. However, Wondra battled back to pull even with Arenz and maintain the top spot on lap 12 before Arenz powered under Wondra for good entering turn one on lap 13.

One lap later, a red flag was displayed when

Al Schlafer of Sussex, rookie Tyler Davis of South Milwaukee, rookie Jack Vanderboom and Boltonville's Bill Taylor collided entering turn three, which resulted in Schlafer tipping on his side. Schlafer was unable to return, but Davis, Taylor and Vanderboom were each able to tag the back off the field on the restart.

The ensuing restart produced a three-car pileup in turn two involving Tyler Davis, Brandon Berth and Kirt Boers of Belleville, which produced enough damage for all three drivers to be done for the night. The

next restart resulted in more trouble in turn two as Pokorski collided with Waupun's Tim Haddy and two-time MSA champion Danny Schlafer of Sussex with Plymouth's Adam Miller also involved in the incident, which forced Pokorski, Haddy and Schlafer to retire from the race.

Following the restart, Arenz bolted away from the field while four-time MSA champion Kurt Davis of South Milwaukee, who started 11th, made his way to the front of the field moving into fifth on lap 15. One lap later, Davis ad-

vanced into fourth before moving into third on lap 20.

Meanwhile, at the front of the pack, Arenz had checked out on the field as he cruised through lapped traffic to post his second MSA A-main victory of the 2019 season and third career MSA main event triumph by a half-lap margin.

Wondra wound up second, Davis placed third, 2018 Plymouth Dirt Track Racing champion Justin Miller of Plymouth finished fourth, after starting 13th, and fourth starter Will Gerrits of Waupun rounded out the top five.

The event drew 26 MSA cars to the third-mile high-banked TNT Speedway facility. Adam Miller won the 12-lap MSA B main and heat race victories went to Bill Taylor, Danny Schlafer and Kurt Davis.

The next MSA race on the 2019 schedule is this Friday, July 12, at Outagamie Speedway in Seymour. Grandstands open at 5 p.m. with racing at 6:30 p.m. The program will also feature IMCA Modifieds, Stock Cars, Sport Mods, Street Stocks and Sport Compacts.

## Sign-Up To Participate In October Deer Hunt For Disabled Hunters Now Open

Eligible disabled hunters hoping to participate in the 2019 gun deer hunt for hunters with disabilities must contact a hunt sponsor to sign up before September 1.

As of the June 1 sponsor application deadline, 62 sponsors have enrolled over 73,000 acres of land across 41 counties for this year's hunt, which takes place from October 5-13. For a complete list of 2019 sponsors, please visit

dnr.wi.gov and search keywords "disabled deer hunt."

"We are very grateful to the sponsors that are willing to provide opportunities for hunters with special challenges in the field," says Matthew Gross, DNR assistant big game ecologist. "Giving hunters access to over 73,000 acres of land is instrumental in making this unique opportunity a success and continuing Wisconsin's deer hunting tradition."

Eligible hunters may sign up for one property per year and must possess a gun deer license.

Hunters or assistants must contact sponsors directly to sign up for a hunt. Hunters must provide their name, contact information, and DNR customer ID number. To be eligible, hunters must possess a valid Class A, C or D disabled permit or Class B permit that is issued for longer than one year, authorizing shooting from a station-

ary vehicle.

It is important for hunters to note that some properties can accommodate more hunters than others, so hunters are advised to contact potential sponsors as early as possible to determine if space is available.

For more information, interested hunters are encouraged to contact Gross by phone at 608-261-7588 or email at Matthew.Gross@wisconsin.gov.

# School Board Discusses Board Policies

The board members each weighed in on whether Hanson should be censured.

"I saw the article, and initially I was shocked just because of the things you talked about and it was Troy's opinion, and it looked like it was from the whole body," Sue Miller said. "I would rather focus on getting things done within the school district rather than the internal fighting ongoing all the time. And to constantly have an attorney here and paying fees for those things and doing justice."

Leister said that when he was censured, the board never weighed in on whether an attorney should be involved.

"It was never brought to us, to the board, to get the attorney," Leister said. "That was cut and dry already, and the decision was made without board approval."

"I would concur that should have been discussed prior to getting a lawyer involved," Miller said.

"We have all these attorneys, and all the internal fighting. It takes away from the main reason we are here, and that is the kids. We should be spending money that way, not on attorneys. Honestly, I would like to see it all go away. It should be about the kids," Jay Fisher said.

"If there is anybody here who has been ambushed and vilified and attacked on a regular basis, it's me," Ramthun said. "I have two things going on my head right now. One is I am feeling forgiveness. The other part of me says I hear what Mr. Leister is saying. We were ambushed and it was done before the meeting started. That is a huge concern for the community. It was all done hard, and fast, and without mercy, prior to April 2, because of April 2."

"All of that noise, with bad intent mixed in, was for nothing. It caused harm. It divided the board. It created great mistrust. I can't even make a phone call with-

out being guilty. We are not doing what we need to do, for the needs of the kids. We are not running as an operation because there is a hidden agenda, special interests and ulterior motives. And it is hurting all of us as a team, it is hurting our community," Ramthun said.

Ramthun said that it was Hanson's first amendment right to express his opinion.

"I had a first amendment right to express my opinion at the village meeting on August 20, 2018. And at a minute 53 seconds into my expression, I said I didn't speak for the board, but I still got censured. So I also agree with Mr. Leister that certain people here are treated differently. We need to stop all of that and start working together," Ramthun said.

Gonring, who joined the board in April, also weighed in.

"I sat out here for 15 years.... I have never seen so much dysfunction. Where did it come from? It came from the administrators and the leadership to allow this to happen. You shouldn't allow that to happen. You shouldn't try to throw darts at people," Gonring said.

"My goodness. Why is everybody pointing fingers at everybody?"

Gonring added. "It is real hard to watch the board. I don't want to be a part of anything like this going forward."

Hanson said he was not misquoted in the article, so he did not apologize for what he said. He explained that the article was written after he received a survey in his lake house mailbox from Ramthun.

"There was this survey that made a reference to education funds not being spent correctly," Hanson said.

He said that sparked the topic of whether Ramthun had a conflict of interest.

"Over the last nine years, there have been times I have gotten overly righteous. This is one of those issues. Because I do care about the kids, a ton. This is where my grandchildren will be going. I also care about the taxpayers," Hanson said.

"I got on this board because I was very worried about this district. My kids were in private school. All four of them. I want this district to stay good and get better. That why I have concerns about future funding for this district," Hanson said.

"We sometimes have to agree to disagree, but one thing I think we can all agree on is we are here for the kids," Sette said.

# Nearly Half Of Injury Motorcycle Crashes Could Be Prevented By Wearing A Helmet

The Fond du Lac County Traffic Safety Committee reminds motorists to "Look Twice" for motorcyclists, as they can expect to see more motorcyclists on the roadways with the return of warmer weather.

Each year, 79 Wisconsinites die in motorcycle crashes according to data from 2013-2017, using a five-year average (WI Department of Health Services). In 2019, there has already been one fatal and seven injury motorcycle crashes in Fond du Lac County. In 2018, two people were killed and over 29 people seriously injured in crashes involving motorcycles in Fond du Lac County.

In fact, per vehicle mile traveled, motorcyclists are about 27 times more likely than passenger vehicle occupants to die in a motor vehicle crash, and five times more likely to be injured. It is essential that vehicle drivers pay complete attention on the roads: Even the smallest momentary lapse in a vehicle driver's awareness can result in the death of an unseen motorcyclist.

According to the CDC, helmets reduce the risk of death by 37 percent and reduce the risk of head injury by 69 percent. "Wearing a helmet continues to be one of the most effective ways to save a life and reduce risk of head injuries in crashes," said Kim Mueller, Fond du Lac County health officer.

Of fatal motorcycle

crashes between 2014-2016 in Wisconsin, 78 percent of riders were reported to not be wearing a helmet (WI Highway Safety Plan, 2018). Some states have laws in effect that require helmet use for all motorcyclist. In Wisconsin, the law only requires that all operators and passengers under the age of 18 wear a helmet.

"As we encourage everyone to wear their seatbelt while driving, we strongly recommended everyone wear a helmet while riding or operating a motorcycle," said Assistant Chief Steve Klein, chairperson of the Fond du Lac County Traffic Safety Commission, "wearing a helmet is imperative to the safety of our riders."

### Tips For Motorists

Because vehicle drivers control a much larger machine, it is imperative that they keep close watch for motorcyclists who may be riding nearby. Drivers may follow these tips to prevent a fatal crash with a motorcycle:

- Though a motorcycle is a small vehicle, its operator still has the same rights of the road as any other motorist. Allow the motorcycle the full width of a lane at all times.

- Always use a turn signal when changing lanes or merging with traffic.

- If you see a motorcycle with a signal on, be careful: motorcycle signals are often non-canceling and the motorcyclist could have forgotten to turn it off.

Always ensure that the motorcycle is turning before proceeding.

- Check all mirrors and blind spots for motorcycles before changing lanes or merging with traffic, especially at intersections.

- Always allow more follow distance — three to four seconds — when behind a motorcycle. This gives them more time to maneuver or stop in an emergency.

- Never drive distracted or impaired.

### Tips For Motorcyclists

At the same time, motorcyclists must take extra precautions to guard against drivers who may not see them. Motorcyclists may follow these tips to prevent a fatal crash with a vehicle:

- Wear a DOT-compliant helmet and other protective gear.

- Obey all traffic laws and be properly licensed.

- Use hand and turn signals at every lane change or turn.

- Wear brightly colored clothes and reflective tape to increase visibility.

- Ride in the middle of the lane where you will be more visible to drivers.

- Never ride distracted or impaired.

Remember to Share the Road with motorcyclists and vehicle drivers alike. For more information on motorcycle safety, visit [www.nhtsa.gov/road-safety/motorcycles](http://www.nhtsa.gov/road-safety/motorcycles).

# USDA Offers Producers Option To Re-enroll Or Extend Expiring CRP Contracts

Farmers and ranchers with expiring Conservation Reserve Program (CRP) contracts may now re-enroll in certain CRP continuous signup practices or, if eligible, select a one-year contract extension. USDA's Farm Service Agency (FSA) also is accepting offers from those who want to enroll for the first time in one of the country's largest conservation programs. FSA's 52nd signup for CRP runs from June 3 to August 23.

"Agricultural producers with expiring CRP contracts have set aside land to reduce soil erosion, improve water quality, provide habitat for wildlife and boost soil health for at least a decade," said U.S. Under Secretary for Farm Production and Conservation Bill Northey. "We want to make sure they – and their neighbors who may not have a CRP contract – know they have opportunities within CRP to continue their valuable contribution to our country's conservation successes."

FSA stopped accepting offers last fall for the CRP continuous signup when 2014 Farm Bill authority expired. The 2018 Farm Bill reauthorized the program this past December, and FSA has carefully analyzed the bill's language and determined that a limited signup prioritizing water-quality practices

further conservation goals and makes sense for producers as FSA works to fully implement the program.

This year's CRP continuous signup includes such practices as grass waterways, filter strips, riparian buffers, wetland restoration and others. View a full list of practices approved for this signup. Continuous signup enrollment contracts last for 10 to 15 years. Soil rental rates are set at 90 percent of 2018 rates. Incentive payments are not offered for these practices.

Letters are in the mail to all producers with expiring CRP contracts, describing possible options.

A one-year extension is being offered to existing CRP participants with expiring CRP contracts of 14 years or less that have practices not eligible for re-enrollment under this CRP signup.

Alternatively, producers with expiring contracts may have the option to enroll in the Transition Incentives Program, which provides two additional annual rental payments on the condition the land is sold or rented to a beginning farmer or rancher or a member of a socially disadvantaged group.

This signup also enables producers to sign up under existing Conservation Reserve Enhancement Program (CREP) agreements.

CREP is part of CRP and targets high-priority conservation concerns identified by a state, and federal funds are supplemented with non-federal funds to address those concerns. Download this fact sheet to learn more.

FSA is still planning a CRP general signup in December 2019, with a CRP Grasslands signup to follow. Those that extend their contracts may be eligible for one of these signup types or another continuous signup in the future.

On December 20, 2018, President Trump signed into law the 2018 Farm Bill, which provides support, certainty and stability to our nation's farmers, ranchers and land stewards by

enhancing farm support programs, improving crop insurance, maintaining disaster programs and promoting and supporting voluntary conservation. FSA is committed to implementing these changes as quickly and effectively as possible, and today's updates are part of meeting that goal.

Producers interested in applying for CRP continuous practices, including those under existing CREP agreements, or who want to extend their contract, should contact their USDA service center by August 23. To locate your local FSA office, visit [www.farmers.gov](http://www.farmers.gov). More information on CRP can be found at [www.fsa.usda.gov/crp](http://www.fsa.usda.gov/crp).

## BBB Tip: How To Spot And Stop Robocalls

If you've received a lot of robocalls calls recently, you're not alone. Nearly 2.4 billion robocalls are made every month, according to the Federal Communications Commission (FCC). The number has increased significantly in the past few years because internet-powered phone systems have made it cheap and easy for scammers to make illegal calls and display fake caller ID information.

**What's A Robocall?**  
If you answer the

phone and hear a recorded message instead of a live person, it's a robocall. Calls use a computerized autodialer to deliver a pre-recorded message to a home landline or wireless number. Many different scams use robocalls, from bogus companies claiming to lower utility bills or credit card rates, government grants, vacation packages and calls from individuals posing as IRS agents.

**What Types Of Robocalls Are Allowed?**

In the United States, recorded messages regarding candidates running for office or charities asking for donations are allowed. Messages that are solely informational, for example a reminder from your doctor's office, are permitted. Pre-recorded messages from banks, telephone carriers and charities also are exempt from these rules if the organizations make the calls themselves.

In Canada, the law differs slightly. Robocalls from charities and political candidates are also allowed. But calls from telemarketers are allowed if you have an existing business relationship, such as having recently made a purchase or inquired about a product. Read Canada's detailed regulations here.

**How Do I Know If A Robocall Is Illegal?**

In the US, an immediate red flag is if the recording is trying to sell you something. If the recording is a sales message and you haven't given your written permission to get

calls from the company on the other end, the call is illegal.

A telemarketer must have your written consent, whether through paper or electronic means, to receive a call or message. Simply buying a product, or contacting a business with a question, does not give them legal permission to call you. The new rules also require telemarketers to allow you to opt out of receiving additional telemarketing robocalls immediately during a prerecorded telemarketing call through an automated menu.

**How To Avoid Robocall Scams**

The Federal Trade Commission recommends three key steps consumers can take to help reduce unwanted calls: Hang up. Block. Report.

**•Hang up.** If you pick up the phone and get a recorded sales pitch, hang up. The call is illegal. Don't speak to them. Don't press a button to supposedly remove your name from a list. (That could result in even more calls.) Hang up. Furthermore, alert your employees that if they see a call that says it's from the IRS or Social Security Administration, don't trust it. Scammers know how to fake the Caller ID information.

**•Block.** You can reduce the number of unwanted calls you get by using call-blocking technologies. Your options differ depending on the model of your phone, service provider and whether you use a traditional landline or internet phone service. Visit [ftc.gov/calls](http://ftc.gov/calls) for advice.

**•Report.** After you hang up, report the unwanted or illegal call to the FTC at [ftc.gov/complaint](http://ftc.gov/complaint). The more information they have about the call, the better they can target our law enforcement efforts.

**What You Can Do To Stop Robocalls**

Consumers can help the government combat robocall scams by reporting the calls they receive.

The FTC recently announced Operation Call it Quits, a partnership with state and federal partners to crack down on robocalls. As of June 2019, it's included 94 actions targeting operations around the country that are responsible for more than one billion calls. Be sure to report the unwanted or illegal call to the FTC at [ftc.gov/complaint](http://ftc.gov/complaint).

In the United States, the Federal Trade Commission initiative provides telecommunications companies and other partners with known robocallers' telephone numbers every day. The FTC collects scammers' telephone numbers from consumer complaints, and the more consumers who report numbers, the faster it can develop its blacklist database. Report a scam call here. In Canada, residents can also report illegal robocalls. Go to the National Do Not Call list to file a complaint.

Consumers can also report robocalls to [BBB.org/ScamTracker](http://BBB.org/ScamTracker). BBB shares Scam Tracker information with government and law enforcement agencies, so every piece of information is helpful in tracking down scammers.

# Learn About Urban Wild Canines

Kettle Moraine State Forest - Northern Unit presents "Urban Wild Canines" for the next Thursday Evening Ex-

ploration. The program will be held on Thursday, July 25, from 7 p.m. to 8:30 p.m. at the Ice Age Visi-

tor Center. The center is located at N2875 Highway 67, Campbellsport, which is half mile west of Dundee. Thanks to the support of the Friends of the Kettle Moraine, the program is free, but donations are always gratefully accepted.

Since 2014, the UW-Madison Urban Canid Project researchers have been live trapping and radio collaring red foxes and coyotes in Madison. They wanted to learn more about how these wild canines survive in a human dominated landscape. Through this project, the researchers uncovered an unusual relationship between these two traditionally antagonistic species that is unique to the urban area.

The evening's presenter, David Drake, is an UW-Extension wildlife specialist and professor at UW-Madison as well as the lead researcher on Urban Canid Project. In his presentation, he will detail the relationship between urban-dwelling foxes and coyote, plus share infor-

mation on the methods they use to catch, radio collar, and track these animals.

For further information, contact staff at the Ice Age Visitor Center. The center's phone number is 920-533-8322 and is open Monday through Friday from 8:30 a.m. to 4 p.m., and on Saturday and Sunday from 9:30 a.m. to 5 p.m.

An Urban Wild Canines program will be presented at the Ice Age Visitor Center on Thursday, July 25, at 7 p.m. Learn how wild red foxes and coyotes survive in a human dominated landscape.

## PUBLIC NOTICES

### TOWN OF KEWASKUM NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a Public Hearing will be held before the Town of Kewaskum Town Board / Plan Commission on Monday, July 15, 2019 at 7:00pm or shortly thereafter. The meeting will take place at the Town of Kewaskum Community Center, 9019 Kettle Moraine Drive, Kewaskum, WI to consider the application of Friedl Ski Ventures for issuance of Conditional Use Permits under the Town Zoning Ordinance 17.17. Granting these permits would allow the applicant to utilize a mobile food establishment and have controlled livestock grazing at the property, T8\_0422 & T8\_0425, Section 21, Town of Kewaskum, located at 8355 Prospect Drive. All interested persons wishing to comment on this issue should appear at the hearing.

Dated this 27th day of June 2019.

7-4 (2) WNAXLP  
Holly Knoeck,  
Clerk/Zoning Secretary

### STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES PUBLIC NOTICE OF AVAILABILITY OF A NUTRIENT MANAGE- MENT PLAN AND INTENT TO REISSUE A WISCONSIN POLLUT- ANT DISCHARGE ELIM- INATION SYSTEM (WP- DES) PERMIT No. WI- 0064700-02

Permittee: Terrance Volm, 5385 Sunset Dr, Kewaskum, WI 53040

Facility Where Discharge Occurs: Terrance Volm Main Site: 5385 Sunset Drive; Across Road Site, 5412 Sunset Drive; Down Road Site, 5245 Sunset Drive; Town of Wayne, Washington County, Wisconsin

Receiving Water and Location: Unnamed tributaries to the Upper Milwaukee River and East Branch of the Rock River Watersheds, and groundwater of the state

Brief Facility Description: Terrance Volm is an existing Concentrated Animal Feed Operations (CAFO) for heifer raising located in the Town of Wayne in Washington County, Wisconsin. Terrance Volm has one Main Site and two satellite locations, Across Road Site and Down Road Site. Terrance Volm is owned and operated by Terry, Shaun, and Justin Volm. The Main Site consists of

two freestall barns, three feedlots, one calf hutch area, one feed storage location, one steer barn, three waste storage facilities, one digester, and one abandoned milking parlor. During the next permit term, Terrance Volm may construct a new milking parlor and abandon existing buildings on site. Currently, a waste transfer system collects and discharges animal waste and process wastewater from the freestall barns to the digester then to the waste storage facility 2. The Across Road Site consists of a one bed pack heifer barn and one feedlot. The Down Road Site consists of one two bed pack heifer barns, one feedlot, and grain bins. Manure from the Across Road Site and Down Road Site is scraped weekly and is either land applied or placed in the digester.

The current herd size is 1,405 animal units. Approximately 7.5 million gallons of liquid manure and process wastewater, and 900 tons of solid manure is produced annually at the current herd size. Manure and process wastewater is stored in three liquid waste storage facility on site. The total usable storage capacity is approximately 5.59 million gallons or approximately 272 days of storage capacity. Terrance Volm owns or rents 2,054 acres of cropland, of which approximately 2,054 acres are available for manure application.

The Department has tentatively decided that the above specified WP-DES permit should be re-issued.

Permit Drafter: Victoria Ziegler, DNR, 2300 N Dr Martin Luther King Jr Dr, Milwaukee, WI 53212, (414) 391-8946, Victoria.Ziegler@wisconsin.gov

Persons wishing to comment on or object to the proposed permit action, the terms of the nutrient management plan, or the application, or to request a public informational hearing may write to the Department of Natural Resources at the permit drafter's address. All comments or suggestions received no later than 30 days after the publication date of this public notice will be considered along with other information on file in making a final decision regarding the permit. Anyone providing comments in response to this public

notice will receive a notification of the Department's final decision when the permit is re-issued. Where designated as a reviewable surface water discharge permit, the U.S. Environmental Protection Agency is allowed up to 90 days to submit comments or objections regarding this permit determination. If no comments are received on the proposed permit from anyone, including U.S. EPA, the permit will be re-issued as proposed.

The Department may schedule a public informational hearing if within 30 days of the public date of this notice, a request for a hearing is filed by any person. The Department shall schedule a public informational hearing if a petition requesting a hearing is received from USEPA or from 5 or more persons or if the Department determines there is significant public interest. Requests for a public informational hearing shall state the following: the name and address of the person(s) requesting the hearing; the interest in the proposed permit of the person(s) requesting the hearing; the reasons for the request; and the issues proposed to be considered at the hearing.

Information on file for this permit action, including the draft permit and fact sheet (if required), the operation's nutrient management plan and application may be inspected and copied at the permit drafter's office, Monday through Friday (except holidays), between 9:00 a.m. and 3:30 p.m. Please call the permit drafter for directions to their office location, if necessary. Information on this permit action may also be obtained by calling the permit drafter at (414) 391-8946 or by writing to the Department. Reasonable costs (15 cents per page for copies and 7 cents per page for scanning) will be charged for information in the file other than the public notice and fact sheet. Permit information is also available on the internet at: <http://dnr.wi.gov/topic/wastewater/PublicNotices.html>. Pursuant to the Americans with Disabilities Act, reasonable accommodation, including the provision of informational material in an alternative format, will be made to qualified individuals upon request.

7-11 WNAXLP

# National Exchange Bank & Trust Announces 2019 Scholarship Winners

National Exchange Bank & Trust is pleased to announce the following recipients of its 2019 Campbellsport High School Scholarships. Students were judged on academics, a written essay on how they plan to be "money smart" throughout their college years and their contributions to community and school programs.

### Kyle R. Koltz

Kyle Koltz will be attending UW-Oshkosh this fall to pursue a major in secondary education and a minor in history. Koltz is the son of Duane and Carol Koltz of Eden.

Koltz was an active student throughout his high school years as a part of the football, basketball and baseball teams. He volunteered at the Eden Fire Department, Shepard of the Hill Parish and for Relay for Life throughout high school.

Outside of high school, Koltz works at Smith and Hatch Insurance Agency, Inc.

### Kaitlynn M. Sabish

Kaitlynn Sabish is planning to major in nursing at Concordia University of Wisconsin. Her parents are Ronald and Jennifer Sabish of

Campbellsport.

Sabish was an active member of the cross country and track teams, Girl Talk, Leadership Council, and the wrestling team as a manager. She was also a tutor for both reading and math and a religious education teacher during high school.

### Ashtyn Jungers

Ashtyn Jungers will be studying occupational therapy at Carroll University in Waukesha. She is the daughter of Brian and Gale Jungers of Campbellsport.

Jungers has been an active community member as the secretary for Family and Community Service Club and volunteered at Free Spirit Riders. She played softball and volleyball.

Outside of high school, Jungers works at True Value Home and Hardware.

### Gabriel A. Goebel

Gabriel Goebel will be attending Fox Valley

Technical College to pursue a major in farm operation. Goebel is the son of Stephen and Kathleen Goebel of Fond du Lac.

Goebel has been an active member of Forest Athletic Club baseball and the Armstrong 4-H club since 2006. He has volunteered at Eden Volunteer Fireman's picnic stand and Shepherd of the Hills Catholic Parish. Goebel has graduated from the FVTC tractor safety program and was a certified SolidWorks associate in the SolidWorks mechanical design program.

For the past six years, Goebel has worked at S&L Goebel Farm.

An avid supporter of education, National Exchange Bank & Trust is an independent bank with offices throughout Fond du Lac County and neighboring locations in Washington and Sheboygan counties. For more information, visit the bank's website at [nebat.com](http://nebat.com).

# Shrek Comes To Kewaskum

...continued from front

Plus, it is fun being Shrek.

"The Shrek part is awesome. He is such a funny character and yet very deep. Some people don't realize the deep emotional side of the character and what he is going through. I was kind of drawn to him feeling alone and like he doesn't fit in," Brodzeller said.

Shrek's costume is rather elaborate.

"I'm a big guy, so we don't have to worry about any padding or anything," Brodzeller said. "Good or bad, a lot of people have told me I would be a perfect Shrek. I'm not sure if that's a compliment or if I need to be worried."

Still, a lot of makeup is helping to transform Brodzeller into the lovable green ogre. One of the cast members, 14-year-old Talia Thorson is helping to create the character's look.

Being the makeup artist for the show is a dream come true for Talia.

"I love Shrek's makeup. That's what first got me into makeup was watching that movie — I thought it was incredible," Talia said.

When Talia heard that Shrek was coming to Kewaskum, she came with her mother, sister and two brothers from their home in Cedarburg

to take part in the show.

Even though she is only 14, Talia has experience doing makeup.

"I was self-taught since I was 12, and then when I was 13, I started doing special effects makeup," the home-schooled makeup artist said.

She received a scholarship to go to California for a cinema makeup school boot camp. There, she learned how to do special effects makeup. She now teaches online classes about how to do special effects makeup.

To create Shrek's head, Talia will start off with a bald cap. The cap will cover Brodzeller's ears, but will have tiny holes so he can still hear.

Talia will airbrush the cap green. She will use darker green paint in all the places where he needs depth and contouring.

"We will put on a giant prosthetic nose that we blend into his skin to make him look more Shrekly," Talia said.

She will paint on his thin lips and brush up his eyebrows, turning parts of him orange.

"I made a mold for his ears and filled the mold with silicone. I'm going to have that mold forever, Shrek ears. I don't know what I'm going to use it for later, but now I will use it to make his ears to glue on the bald cap," Talia said.

She will use a stencil

to create Shrek's skin texture.

"He will be in the makeup chair for like three hours before each performance," Talia said.

Talia will also help with special makeup effects for Pinocchio and the other fairytale characters.

"They have kind of given me the reins to do what I want. It is really fun to have all these different models with different skin tones and different looks, just to do anything you want to," she said.

This is Brodzeller's first time on stage in quite some time.

"I did theater in high school and one community theater show, but it's been over 20 years since I've been on the stage like this. I'm a worship leader at our church, so I have been singing, but not in this kind of format for a really long time," Brodzeller said.

In contrast, Andrea Roth, who plays the part of Fiona, has spent a good portion of her life on stage. She spent 12 years as a professional actress.

"I would call myself semi-retired because I used to travel and do this professionally. I'm just settling back into Wisconsin," said Roth, who hails from West Bend.

She has performed across the United States and has worked with theatrical groups based

out of Missouri, Florida and Minnesota.

"I went wherever the jobs were, doing musical theater, dinner theater, theme park singing — whatever I could get my hands on," she said. "Now I'm to the point I don't want to live out of a suitcase and I want to be closer to my family."

Roth is not new to the Kewaskum Theatre Company.

"I've known the directors, Lindsay and LoraJo, since they put the group together, maybe 10 years ago. I did their very first show, way back when they very first started. It's totally different people in the show than 10 years ago, but the same vibe," Roth said.

Lindsay Dahlberg and LoraJo Schneider are still directing the show. But Olivia Krautkramer is the music director for the first time.

"She is doing great; she is awesome. She is a schoolteacher, so she knows how to handle kids and crazy adults, because we are all big kids at heart," Roth said.

The show has 50-some cast members, many of whom are children. Roth said she enjoys working with all the cast members.

"Another thing that I like about the show is the message that it is OK to be different. It is about being accepted for who you are," she said.

And she likes playing

the part of Fiona.

"I'm a princess, but I'm also an ogre. You get the best of both worlds," she said.

For the first time, the Kewaskum Theatre Company is projecting scenery onto the stage rather than using a traditional set.

"It is something that should really increase what we can do on our stage, since we are so limited spacewise. So in terms of set and everything, that has been really cool this year," Dahlberg said.

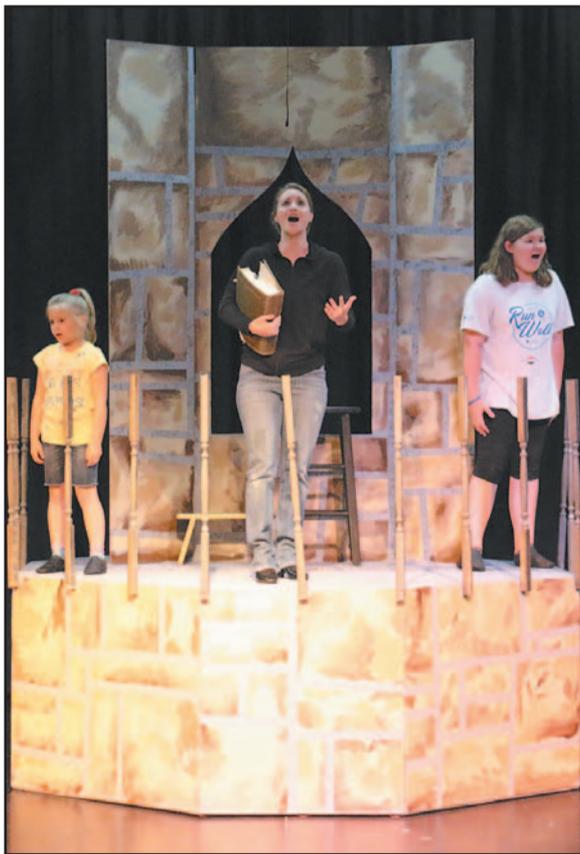

The musical comedy offers entertainment for audiences of all ages.

"It is funny, for sure. There is some stuff that goes over kids' heads that adults think is funny.

And there is stuff that kids think is funny. What little boy doesn't think it's funny to burp and fart on stage?" Dahlberg said.

"I think this year is going to be one of the best performances we have. It's really fun. People should come and see it," said Matthew Krautkramer, a Kewaskum High School graduate who will double major in engineering and music education at UW-Platteville this fall.

"I am just grateful for the opportunity and everybody supporting community arts. I hope everyone is able to come see the show. It's nice Kewaskum does this," Brodzeller said.

# Growing Blueberries In Honor Of National Blueberry Month

MELINDA MYERS

It's time to celebrate. July is National blueberry month so enjoy some of these nutritious berries and consider growing a few plants in your landscape.

Don't let a lack of space or poor soil stop you from growing blueberries. Simply plant a few blueberries in containers and enjoy their

spring blooms, fall color and tasty and nutritional fruit for snacking, baking and including in healthful meals.

Blueberries prefer moist well-drained acidic soil. Most of us don't have this type of soil. We can, however, create the ideal conditions with a quality potting mix. Or make your own with a combination of sphagnum moss, pine bark and rice hulls or perlite for drainage. Incorporate a slow release fertilizer at planting to provide needed nutrients for six to eight weeks.

Grow one blueberry in a five-gallon pot with drainage holes. You need only one plant to have fruit, but growing two blueberry plants more than doubles the

harvest. Plus, you'll have more flowers and colorful fall foliage to brighten your patio, deck or balcony.

Select a blueberry suited to your growing region or one of the compact blueberry cultivars like Top Hat, Jelly Bean, Blueberry Glaze, and Peach Sorbet. Perpetua is not only compact but produces both a summer and fall crop.

Place your container in a sunny location. Check soil moisture in your container gardens daily. Water thoroughly and often enough to keep the soil slightly moist but not soggy wet.

Dress up the container and keep the roots cool and moist with mulch. Cover the soil surface with shredded

leaves, evergreen needles, or shredded bark.

Birds are the biggest pest of blueberries. Simply cover the plants with netting as the fruit begins to develop to protect your harvest from hungry birds. This is a much easier task when dealing with a couple of potted plants versus a large in-ground planting.

You will need to provide a bit of winter protection if your winters are cold. Place your potted blueberries in a sheltered location and cover the container with woodchips to insulate the roots. Or sink the container in a vacant spot in the garden. You can also store your plants in an unheated garage for winter. Just be sure to water the plants anytime

the soil is thawed and dry.

And even if you don't get a big harvest – the flowers and fall color make great additions to any landscape. Visit MelindaMyers.com for tips on harvesting, storing and preserving blueberries.

*Melinda Myers is the author of numerous books, including Small Space Gardening. She hosts The Great Courses "How to Grow Anything" DVD series and the nationally syndicated Melinda's Garden Moment TV & radio program. Myers web site is www.MelindaMyers.com.*
