KHS Students Place Second In National Competition

By Anne Trautner

Four Kewaskum High School students placed second in a national AdCap Challenge Finalist Experience.

KHS students Samuel Lemler, Andrew Carlton, Kennedy Adams and Andrea Butz won second place for their work with the Fuel Up To Play 60 (FUTP60) Program. The students went to Pennsylvania earlier this summer to compete in the AdCap Challenge Finalist Experience.

The students brought home a \$3,000 grant to help implement an idea the students had developed.

The FUTP60 program currently features a food

each month at the local grocery store. The students would like to use that food in a recipe and have children in the Kewaskum Boys and Girls Club taste test the foods.

The grant will allow the children to bring home coupons for the food of the month to hopefully encourage healthier eating at home.

“Our idea is we have a harvest of the month that is highlighted at Piggly Wiggly, and have tastings at our high school, middle school and elementary schools each month. We will be making recipes for the Boys and Girls Club of Kewaskum, and giving those to all the boys and girls that attend,” An-

drew Carlton said.

Last week, the group met with community leaders to begin making plans of how to use the grant money to put their plan into action.

“Our plan is to meet monthly with our business partners,” explained Kennedy Adams. “We hope to branch out to other communities and businesses so we can expand the whole program.”

The students said that participating in the program not only is helping the entire community, but the process helped them as individuals as well.

Starting On A High Note

– Sixth Grade Band Camp Held

By Anne Trautner

When the students started band camp at Kewaskum Middle School last Monday, they had never played a note on their instruments. Most could not read music.

By the time Friday arrived, not only could they play some notes, but they could even play some songs together. They even performed a short concert.

The camp helped give the students a jumpstart on their sixth-grade band class.

“This camp allows the band rehearsals to run much more smoothly at the start of the school year. With most of the students knowing how to assemble their instru-

ments and make a good sound, we are able to move forward much faster,” said Rachael Holmes, who co-teaches the sixth-grade band at KMS with Josh Michlig.

There were about 65 students who attended the sixth-grade band camp. With about 90 students enrolled in the sixth grade band, about 90 percent of the sixth grade class is enrolled in the sixth grade band this year.

The students were broken up into smaller groups according to which instruments they were learning how to play.

Starting On High Note Continued on Page 7

Sixth grade students take part in a band camp held at Kewaskum Middle School last week. The music teachers were impressed with how much the students learned during the weeklong camp.

Library Happenings

ACTIVITIES AT THE KEWASKUM LIBRARY

The Kewaskum Public Library, 206 1st St. in Kewaskum, is offering the following programs. For more information, contact the library at (262) 626-4312.

Newsletter

Sign up to receive the library's monthly newsletter through email. To receive the newsletter, visit the library's website at www.kewaskum.lib.wi.us

Knit Wits

Join the Library's knitting, crochet and craft club. We are the Knit Wits and meet every Monday from 11 a.m. - 1 p.m. in the Community Room. Beginners and advanced crafters welcome. Bring your project to work on and meet other fellow artisans.

Volunteer At The Library

Volunteers at the Kewaskum Public Library benefit the library and community in many ways. We welcome your involve-

ment and offer a variety of volunteer opportunities for you. Some areas of need are helping with fundraising, assisting at programs or keeping the library tidy. Contact Library Director, Lori Kreis, for more information.

Ancestry Library Edition

Discover your family history at the library. Explore your family's history with the powerful tools provided by Ancestry.com Library Edition. Only available inside the library.

Storytimes

Will resume on September 18.

The Library will be closed from Saturday, Aug. 31 - Monday, Sept. 2, for Labor Day. We will reopen on Tuesday, Sept. 3.

Tuesday Night Sheephead Winners

Five-handed winners on Tuesday, Aug. 13, were: Chick Flynn 71-8-63 21-5-16, Delores Mielke 57-3-54 14-2-12, Jim Bellin 54-1-53 21-1-20, Don Schoonenberg 65-12-53 18-7-11, Delores Stoffel 55-3-52 19-2-17, Scott Stern 51-1-50 18-1-17, Rochelle Stoffel 56-6-50 19-5-14, Patty Heaslip 56-9-47 19-6-13, Ken Mastenbrook 21 most

losses and Gerold Stern 3 low points.

The next five-handed call-an-ace will be Tuesday, Aug. 27, at 7 p.m. sharp.

New players are always welcome at the Kewaskum Labor Center.

Annual "Drive Sober Or Get Pulled Over" Campaign

To enhance public safety and deter impaired driving, hundreds of Wisconsin law enforcement agencies will patrol in greater numbers for longer hours during the "Drive Sober or Get Pulled Over" campaign that began on Friday, Aug. 16, and continues through Labor Day (September 2). The Wisconsin Department of Transportation (WisDOT) utilizes federal funds to support the stepped-up law enforcement efforts, public education and outreach on the dangers of impaired driving.

"As we approach the last major holiday of the summer season, we're asking for the cooperation of all motorists to help us prevent needless tragedies along our roadways by being safe, alert and responsible every time they travel," WisDOT secretary-designee Craig Thompson said.

Last year in Wisconsin, alcohol-related crashes resulted in 159 deaths and nearly 3,300 injuries. Also in 2018, there were 24,624 OWI convictions in Wisconsin. While alcohol-impaired driving remains a concern, Wisconsin and many other states see a growing challenge with drug-impaired drivers — people whose ability to safely operate a motor vehicle is compromised by illegal drugs like heroin or marijuana, prescription or over-the-

counter medications.

To combat the problem, Wisconsin currently has:

- Nearly 5,000 law enforcement officers trained in Advanced Roadside Impaired Driving Enforcement (ARIDE) to help detect and remove impaired drivers from roadways.

- 301 highly-trained Drug Recognition Experts — among the most in the nation.

- 23 multi-jurisdictional, high-visibility OWI enforcement task forces that operate year-round across the state.

How citizens can help:

- If you plan to celebrate, identify a sober designated driver. Never allow someone else to get behind the wheel impaired.

- If you see a driver that you suspect is impaired, call 911. Be prepared to provide as much detail as possible about the driver, vehicle and location.

Download the free "Drive Sober" mobile app from the WisDOT website. Among its functions, the app includes a "find a ride" feature to help locate transportation alternatives. Since its launch on Labor Day of 2013, more than 73,850 people have accessed the app.

Some taverns and restaurants have programs to provide patrons a safe ride home. Visit www.tlw.org/ and click on "Safe Ride."

XYZ Card Results

The winners of cards played at the Municipal Building Annex on Wednesday, Aug. 14, were: Janet Jaeger, Dolores Mielke, Joan Schlicht, John Sever-

ance and Fred Lettow. New members are always welcome. Cards are played from 8 - 11:15 a.m. every Wednesday.

KEWASKUM POLICE REPORT

Stolen Van Recovered

A passenger van belonging to the Exodus House in Kewaskum was reported stolen to the Kewaskum Police Department early Saturday morning, Aug. 17. The van was stolen sometime overnight Friday, Aug. 16 into Satur-

day Aug. 17.

The van was located on Monday, Aug. 19, after the Milwaukee Police Department found it abandoned in Milwaukee.

The case remains under investigation by the Kewaskum Police Department.

Washington County's Most Wanted

OBITUARIES

Shirley V. Kempf

Shirley V. Kempf (Staehler), age 82 years, of Kewaskum was unexpectedly called home to be with the Lord on August 16, 2019.

Shirley was born on May 12, 1937 in West Bend to Andrew and Esther Staehler (Ohrmund). She was united in marriage to Leander "Lee" Kempf on August 18, 1956 at St. Frances Cabrini in West Bend. Lee passed away on Christmas Day 2018. <https://www.myrhumpatten.com/notices/LeanderLee-Kempf>

Shirley graduated from Kewaskum High School in 1955. She was a Loan Officer at Valley Bank in Kewaskum for many years. Shirley was a long-time member and active volunteer at Holy Trinity Catholic Church in Kewaskum. She was part of the Red Hats Ladies Group. Most of all Shirley loved spending time with her family and made it a top priority to plan and organize family functions. She always enjoyed

being involved in her family's lives and keeping everyone updated.

Those Shirley leaves behind to cherish her memory include her six children, Lynn (Jim) Gaffke, LuAnn (Tim) Potter, Carrie (Al) Copperud, Pam (Jeff) Newhauser, Lisa (Matt) Perkins and Holly (John) Swanson; 17 grandchildren, and 12 great-grandchildren. She is further survived by her brother, Eddie (Sandy) Staehler; brother-in-law, Alan (Janice) Kempf; and sister-in-law, Carolyn (Jim) Lindemann; as well as cousins, nieces, nephews, other relatives and friends.

In addition to her parents and her husband, Lee, Shirley was preceded in death by her brother, Gerald Staehler; brother-in-law, Marvin (Althea) Kempf; sister-in-law, Shirley (Roland) Koepke; and grandson, Anthony Potter.

Memorial Mass for Shirley will be held at 11 a.m. on Saturday, August 24, 2019 at Holy Trinity Catholic Church (331 Main Street - Kewaskum, WI 53040) with Father Jacob Strand officiating. Inurnment will be at Holy Trinity Cemetery in Kewaskum following Mass.

Shirley's family will greet relatives and friends at Church on Saturday from 9 a.m. until the time of Mass. Memorials to Holy Trinity Catholic Church or Holy Trinity Catholic School, both in Kewaskum. The Myrhum Patten

Miller & Kietzer Funeral Home of Kewaskum has been entrusted with Shirley's arrangements. Additional information and guest book may be found at www.myrhumpatten.com.

Mildred M. Theisen

Mildred M. (nee Lackas) Theisen, 96, of Kewaskum, passed away on Monday, August 19, 2019, at Kettle Moraine Gardens in Kewaskum.

Mildred was born on March 26, 1923, in Theresa, the daughter of the late William and Adela (nee Wolf) Lackas. On October 11, 1947, she was united in marriage to Albert Theisen at St. Theresa Catholic Church in Theresa. They settled into the Theisen homestead north of St. Michaels. A long-time

member of St. Michael Parish, she worked many fish fries and Fall Festivals over the years before selling the farm and moving into the Village of Kewaskum.

She was a stay at home mom until the unexpected passing of her husband, Albert on July 10, 1969. After which she worked various jobs throughout the years until retiring from Serigraph. Milly spent many hours creating beautiful crocheted doilies, afghans, and many other crocheted and knitted items which she sold at craft sales. A grandchild would always help her out for the price of a donut and a lesson in sheephead.

Milly is survived by her children, Susan (Gary) Peters, Peter (Luanne) Theisen, John (Michele) Theisen, and Nancy (Mark) Boden; grandchildren, Doug, Jeremy, Nicholas, Jennifer, Christopher, Ellyn, Michael, Lisa, Kathryn, and Emily; 15 great-grandchildren; a sister, Eileen Petri; a brother, Donald (Rosie) Lackas; two sisters-in-law, Rita Lackas and Mildred A. Theisen; other relatives and friends.

Milly is preceded in death by her husband, Albert; parents; siblings, Rueben (Francis) Lackas, Harold (Ber-

nice) Lackas, and Eugene Lackas and a brother-in-law, Bruce Petri.

A Mass of Christian Burial for Mildred will be held at Noon on Friday, August 23, 2019, at St. Michael Catholic Church, 8883 Forest View Road, Kewaskum (St. Michael's). Father Jacob Strand will officiate and burial will follow in the parish cemetery.

Mildred's family will greet relatives and friends at the church on Friday from 10 a.m. until

the time of Mass.

In lieu of flowers, memorials to Holy Trinity School are appreciated. Milly's family extends their heartfelt appreciation to the staff at Kettle Moraine Gardens for the loving care they provided Milly.

The Myrhum Patten Miller and Kietzer Funeral Homes have been entrusted with Mildred's arrangements. Additional information and guest book may be found at www.myrhumpatten.com.

Check It Out!

A Column By Kewaskum Librarian Lori Kreis

A couple weeks ago, we lost our internet at home. After convincing my husband that yes, we lost internet, even though he was still able to access Facebook from his phone. He was using data and not wi-fi. We tried to troubleshoot the problem. I can't even remember how many times we turned off the modem, waited and restarted it. Then, the cable box on the TV went out. We have two; one in the living room and the wireless one connected to the much larger TV in the family room that my husband has claimed. I had a big red X on my TV and the enormous TV was still connected to cable. I figured the problem would resolve itself eventually, so I opened

a novel. touch with a real live person on the phone and our modem was reset. Goodbye cable. Goodbye wi-fi. It seems our modem and receiver are outdated even though we have only had them one year. The rep was kind enough to set up an appointment with a technician to come out with new equipment which was scheduled for three days later.

My husband resolved his night without TV by watching a movie on DVD. I put away the laptop and hoped I didn't lose my cart of books. I know I can endure a weekend without internet or TV. Twenty-five percent of American households don't have the internet at home. Six percent of the U.S. population reside in areas where broadband is not even an option for them. That gap has closed in recent years but six percent is still about nineteen million people. Nineteen million Americans not having the ability to have internet in their homes; one reason libraries are still very relevant. Virtually all public libraries offer free wi-fi; this service is there for children to complete their homework, allows people to connect with friends and family and ensures that I can come in to work, type up the article I handwrote over the weekend and email it to the newspaper. And by Monday I will have survived a screen-free weekend at home.

DAYS GONE BY

**5 Years Ago
August 28, 2014**

Geidel's Piggly Wiggly is set to expand after receiving approval for a nearly 9,000 square foot expansion to their grocery store. Construction could begin as soon as September.

Brooke Boudreau, manager, and Brandon Kohn, owner, broke ground on a two-story expansion to Kohn's Corner Mart Citgo on Main Street Monday.

New teachers hired by the Kewaskum School District for the 2014-15 school year are Amanda Nederehe, Megan Scapin, Jennifer Schladweiler, Kristen Kapler, Chris Gregoire, Gabrielle Moroder, Lisa Hencsik, Alisha Lewis, Arli Donovan, Robyn Mooney and Nichole Berres.

Mike Prochnow didn't show any first-game jitters as the starting quarterback for the Indians Friday night at home. He engineered five scoring drives to lead the Indians to a 36-7 nonconference win over visiting West Bend East, August 22, in the season opener for both teams. The junior, in his first varsity regular season start, threw for 140 yards on 19 attempts, completing 11 passes.

The Beechwood senior girls team played hard all season and proved that dedication and teamwork would help them to achieve their goal of completing the season undefeated. The senior girls team is a part of the Kettle Moraine Softball Association. They are Amanda Block, Treylee Krahn, Stephanie Haack, Meghan Luedtke, Alex Krueger, Julia Cotter, Alyssa Heberer, coach Annette Vetter, Kelsey Heberer, Taylor Jacob, Serena Vetter, Sarah Peterson, Abby Reysen, Krystina Lepp, Jodi Newhauser, coach Sharon Krahn and coach Scott Krahn.

Steven C. Rahn, 96, of the Town of Auburn, passed away on August 22.

Audrey J. Heberer, 78, of the Town of Auburn, passed away on August 22.

Robert A. Boettcher, 83, of West Bend, passed away on August 25.

**15 Years Ago
August 19, 2004**

The Town of Kewaskum Plan Commission members are getting worried their township will soon be gobbled up by developers wanting to take their land into the Village of Kewaskum. Commissioners held a discussion Monday evening on handling the recent in-

flux of annexations taking place. "Our hands are tied, the town has no rights regarding annexation," the town chairman told members of the commission. Chairman Lettow later referred to the village being the "predator."

A Kewaskum man was involved in an accident at Highway 26 and E in Dodge County. Authorities say Paul Michael, 68, was pulling a pontoon boat on a trailer. He reportedly failed to stop at the intersection at Highway 26 and hit a southbound van. Four teens inside the van were injured. This was the third accident at that intersection. One of those three was a fatal crash that killed a 47-year-old Slinger woman on Sunday.

Not only did the late Margaret "Ma" Browne teach William "Bill" Martin many of the skills he needed to carry out the duties as village commissioner, the KHS teacher put in a good word so her former student would be selected for the position he would hold for 33 years. Martin, a lifelong resident of Kewaskum and an unofficial ambassador for the community, died early last Friday morning at the Samaritan Home in West Bend. He was 90 years old.

A son, Marshall Paul, was born to Brenda and Joel Schneiss of Campbellsport on August 9.

A son, Caelen David, was born to Dawn and Nicholas Spartz, West Bend, on August 5.

William S. "Bill" Martin, 90, of Kewaskum, passed away on August 13.

Gottlieb D. "Kell" Kelln, 84, of Fond du Lac, passed away on August 16.

Audrey Martin, 70, of Campbellsport, passed away on August 13.

Adela H. Weston, nee Kuester, 90, of Jackson, passed away on August 12.

Suzanne Bielinski, nee Wolf, 34, of West Bend, passed away on August 11.

Helen R. Schwark, 90, passed away on August 14.

**25 Years Ago
August 25, 1994**

Beginning shortly after October 31, after seeking and acquiring a number of regulatory approvals, Valley Banks in Kewaskum and Hartford will both be named Bank Wisconsin, with Kewaskum as the parent branch.

The Farmers Union Milk Marketing Co-Op has announced the opening of their new retail store this past Monday, located on Fond du Lac Avenue in Ke-

waskum.

On Monday, August 22, 1994, at 6:22 a.m., Washington County suffered its fifth traffic fatality of 1994. The accident occurred on CTH D, .3 of a mile east of Aurora Road in the Town of Wayne.

The Kewaskum Athletics closed out the regular season with a pair of victories to run their Rock River league record to 13-5. The A's won 11 of their last 12 games to secure a spot in the play-offs. Kewaskum beat Waupun on Saturday by a score of 12-8. Rick Peck picked up the win on the mound with relief help from Doug Buechel, Doug Gonring, Chad Cook and Dave Pauers led the way offensively. Gonring was three for five with two doubles, a homer, four runs scored and four rbi's. Cook also drove in four runs with two doubles and a single. Pauers went three and four with three runs scored. Greg Rinn added two hits to the Kewaskum attack.

A daughter, Rebecca Barbara, was born to Richard and Louise Fahney, West Bend, on August 1.

A daughter, Katherine Marie, was born to Paul and Jane Dean, Campbellsport, on August 18.

A girl, Alison Susan, was born to Bob Jr. and Kim Beisbier, Menomonee Falls, on July 12.

Jeanette Kay Schulz, 17, of Kohlsville, passed away on August 22.

Arnold H. Schmidt, 87, of Kewaskum, passed away on August 16.

Theodore Henry Schoofs, 80, of Kewaskum, passed away on August 16.

Vivian D. Thompson, nee Trussell, 65, of Beechwood, passed away on August 18.

**50 Years Ago
August 22, 1969**

Official word was received by Mr. and Mrs. Earl "Pat" Dreher, Kewaskum, this week from the Department of the Air Force, confirming the death of their son, T/Sgt. Charles Dreher, who lost

his life in a reconnaissance plane flight June 5 over the Bering Sea.

The Kewaskum Community Schools will open on Wednesday, Aug. 27, with the Junior and Senior High schools starting at 8:15 and the Elementary schools opening at 8:30. The anticipated enrollment of 1,850 students represents an increase of 150 students from the past school year.

In a two car crash which occurred at 8 p.m. Monday on S. Fond du Lac Avenue (Hwy 45) near the south village limits and near the intersection with CTH H, two women and two boys were injured.

A son was born to Mr. and Mrs. Joseph Volz, Campbellsport, on August 17.

A son was born to Mr. and Mrs. Raymond Staehler, Kewaskum, on August 18.

A daughter was born to Mr. and Mrs. David Brown, Kewaskum, on August 19.

Virginia Koepke, 70, of Kewaskum, passed away on August 14.

Amanda Stange, 69, of the Town of Auburn, passed away on August 19.

Alfred J. Chesak, 81, of West Bend, passed away on August 15.

**75 Years Ago
August 18, 1944**

F.E. Colvin of Forest Lake last week purchased the large Driesel estate home on the corner of Main and West Water Streets in the village. The home is occupied by the Tom Green and Herbert Justman families.

A fire of unknown origin completely destroyed a 36x80 foot barn and contents on the farm of John Bingen, father of Clarence Bingen of this village, located 1 1/2 miles south of Kohlsville, at 6:30 p.m. Tuesday, Aug. 8. The loss is expected to exceed \$7,000 and although insurance is carried, it was felt that the high prices of feed and grain will make it inadequate to cover the loss.

Lightning struck the

Art. Ramthun home on Highway 28 just east of the village during the electrical storm that struck the peak of the roof on one end about 3:30 a.m. last Friday.

Beginning Saturday, Aug. 19, the local barber shops will raise the price of shaves to 30 cents and all haircuts will be 10 cents extra on Fridays, Saturdays and days before holidays.

Byron Scheid, 72, Campbellsport, passed away on August 12.

Louisa K. Sook, 72, of Campbellsport, passed away on August 12.

**100 Years Ago
August 23, 1919**

The home of Mr. and Mrs. Paul Kurth, located about three miles south of this village, formerly occupied by Mr. and Mrs. John Kocher and family, was the scene of a tragic accident, last week Saturday noon, which might have resulted in instant death to Mrs. Kurth and other members of the family. While Mrs. Kurth was busily engaged in doing her housework in the kitchen, two of her sons, Earl, aged six years, and Raymond, aged four years, while at play in the same room, caught sight of a loaded shot gun. They immediately proceeded to play with same. In handling it, one of the boys started to pull back on the trigger, during which act his thumb accidentally slipped off, causing the gun to discharge. The full charge passed through Mrs. Kurth's right leg, just below the hip, inflicting a wound about an inch and a half in diameter. The shot lodged in the wall on the opposite side of the kitchen. Had it gone about five inches further, over to one side, it would have struck another younger brother of the boys. Mrs. Kurth was standing about five feet

away from the point of the gun at the time it was discharged. Mr. Kurth was assisting in threshing at the home of one of his neighbors at the time of the accident.

John Tessar, who for the past three years was employed by the William Schaub garage, on Monday closed a deal whereby he became half owner of that business. The new firm will in the future, be known as the "Service Motor Car Company," and will as heretofore handle the agency for the Chevrolet, Dodge and Overland cars. It is the intention of the new firm to make great improvements in the garage, and furnish same with larger stock. New, modern equipment will also be added, in fact the new owners are contemplating making it one of the most modernly and best equipped service stations in this section of the country. Mr. Tessar is well versed in the repair work of automobiles, as previous to his coming to this village, he was in the employ of Lochen and Heindel Ford garage in West Bend, for a number of years.

A baby girl was born to Mr. and Mrs. Frank Bartelt of Beechwood.

In Loving Memory of

Audrey Heberer
who passed away
5 years ago on
Aug. 22, 2014

Peacefully sleeping, resting at last;
This world's weary troubles and trials are past.
In silence she suffered, in patience she bore,
Till God called her home, to suffer no more.

Sadly missed by Husband Roger
& 3 Daughters
Linda, Mary & Wendy

An Upcoming Calendar of Events for Riveredge Nature Center, 4458 County Hwy Y, Newburg, WI. Visit: www.riveredgenaturecenter.org for further information.

Friday, Aug. 23 - Roger Kuhns Monologue - The Continuing Adventures of Carbon Man, Can I Eat That Cow and Other Stories. Follow the adventures of Carbon Man (Roger Kuhns), as he navigates through the maze and myriad of life choices while balancing good-earth behaviors, an insatiable need for coffee, the drama of diets, the search for guilt free electricity, and other comedic-dramatic sagas. Cost: Riveredge Members: \$5/person. Non-Members: \$10/person. 7 - 8:30 p.m.

An Upcoming Calendar of Events for the Northern Kettle Moraine State Forest...

Thursday, Aug. 22 - Shocking Fish Tales. Evening Exploration. Addie Dutton, Dept. of Natural Resources Fisheries Biologist, will share the status of the Northern Unit's fish populations and about the tools, from boom and backpack shockers to fyke nets and fish tags, that fishery biologists use in their jobs. Come see first-hand how these tools are used to assess a lake's fish diversity and health. This exploration is for people over the age of 12 years. Mauthe Lake Recreation Area Picnic Shelter (located off County Road GGG south of County Road SS near New Prospect). 6:30 - 8 p.m.

Saturday, Aug. 24 - Extreme Saturday Morning. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages 3-5; ages 6-8; and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books. Picnic Shelters at Mauthe Lake Recreation Area (located off County Road GGG south of County Road SS near New Prospect) and Long Lake Recreation Area (located off Division Road north of County Road F near Dundee). 10 - 11 a.m.

Saturday, Aug. 24 - Ssssnakes Drop In at the Beach. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our

fears. Uncover some truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Long Lake Recreation Area South Beach (located off Division Road north of County Road F near Dundee). 1 - 4 p.m.

Saturday, Aug. 24 - Tom Pease Family Concert. Tom Pease is a one-of-a-kind performer for all ages. He is sure to get your toes tapping, your mouth singing, and your funny bone laughing. This is an outdoor concert, so remember to bring your blankets and lawn chairs. In the event of inclement weather, the concert will be held at the Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). This evening of music is for all ages. Mauthe Lake Recreation Area Picnic Shelter (located off County Road GGG south of County Road SS near New Prospect). 6:30 - 8:15 p.m.

Sunday, Aug. 25 - Ssssnakes Drop In at the Beach. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our fears. Uncover some truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Mauthe Lake Recreation Area Beach (located off County Road GGG south of County Road SS near New Prospect). Noon - 3 p.m.

Wednesday, Aug. 28 - Ice Age Trail Trekkers. Join us for a revitalizing 2.79-mile evening hike between Kettle Moraine Drive and Hwy 28. A shuttle will be available between the starting and finishing spots. Meet at Ice Age Trail Hwy 28 parking lot (located off Hwy 28 west of Kettle Moraine Drive near Kewaskum). 6- 7:30 p.m.

Friday, Aug. 30 - Step into the Night Hike. As the sun sets and the light fades from the sky, the day animals retire and a new group of animals awakens. Bring your bug spray and sense of adventure as we explore the darkness for nocturnal insects. This night hike is best for families/groups with children at least 5 years old. Zillmer Trails (located off County Road SS between County Road G and Hwy 67 near New Prospect). 8 - 9:30 p.m.

Saturday, Aug. 31 - Extreme Saturday Morning. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages 3-5; ages 6-8; and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books. Picnic Shelters at Mauthe Lake Recreation Area (located off County Road GGG south of County Road SS near New Prospect) and Long Lake Recreation Area (located off Division Road north of County Road F near Dundee). 10 - 11 a.m.

Saturday, Aug. 31 - Birds of Prey Drop In at the Beach. We marvel at hawks, owls, eagles, and falcons soaring overhead. Find out what adaptations make these birds such efficient sky hunters. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Mauthe Lake Recreation Area Beach (located off County Road GGG south of County Road SS near New Prospect). 1 - 4 p.m.

Saturday, Aug. 31 - The Universe from Your Backyard. Summer Saturday Evening Event. Sponsored by Friends of the Kettle Moraine. The universe contains so much more than the naked eye can see, but celestial journeys are possible even from your own backyard. Jeff Setzer, Member of Northern Cross Foundation, will enlighten folks about what's "out there" and how you can see it for yourself without spending a fortune. This program is best for anyone more than 8 years old. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 7:30 - 8:30 p.m.

Saturday, Aug. 31 - Summer Star Gazing. Summer Saturday Evening Event. Sponsored by Friends of the Kettle Moraine. Look through a telescope or binoculars to bring into focus the wonders of the night sky. With the help of experienced night sky observers from the Northern Cross Science Foundation, spy distant planets, dumb-bell nebulas, globular clusters, and so much more. The program will be held only if the skies are clear. This program is best for anyone more than 8 years old. Drop in any time and stay as long as you like. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 8:45 - 11 p.m.

Sunday, Sept. 1 - Birds of Prey Drop In at the Beach. We marvel at hawks, owls, eagles, and falcons soaring overhead. Find out what adaptations make these birds such efficient sky hunters. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children. Long Lake Recreation Area South Beach (located off Division Road north of County Road F near Dundee). Noon - 3 p.m.

Wednesday, Sept. 4 - Ice Age Trail Trekkers. Come for a stimulating 1.95-mile morning hike between Hwy 28 and County Road H. A shuttle will be available between the starting and finishing spots. Meet at Ice Age Trail/Shelter 1 parking lot (located off County Road H on the north side of the road east of Milwaukee River near Kewaskum). 7 - 8:30 a.m.

Wednesday, Sept. 4 - Yoga on the Trail. Through this intro class, all levels will find benefit; beginners have an opportunity to absorb new elements, and the more advanced have time to go deeper into a practice. Bring a yoga mat if you have one. An engaging experience for those over 10 years old. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 6 - 7 p.m.

Friday, Sept. 6 - The Chirping Choir Nature Storytime. Who are the members of this evening choir? Listen and learn about crickets and their noisy relatives. This hour of nature fun awaits 3 to 6 year olds with accompanying adults. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 9:30 - 10:30 a.m.

Saturday, Sept. 7 - Eight Legs and Silk Exploring Nature Program. Spiders are found in almost every environment on earth. Untangle cool facts about these silk spinners. This program is best for families/groups with children between the ages of 6 and 12 years. Ice Age Visitor Center (located off Hwy 67 half mile west of Dundee). 10 - 11:30 a.m.

All the events are free except at locations where a Wisconsin State Park System vehicle admission sticker is required or where a fee is listed. The events are held within the Kettle Moraine State Forest - Northern Unit at the locations listed for each event. The Ice Age Visitor Center is located about 20 miles north of West Bend and 20 miles south of Fond du Lac.

Pegram (920) 269-4411. www.trinityunited-
methodistchurchlomira.com.

Continued From Front

Starting On A High Note

Corey Murphy, a West Bend band teacher, taught the low brass section of trombones, baritones and tubas. Clayton Frounfelker, owner of Hi Horns Music, taught the trumpets. Michlig and Holmes split up all of the woodwind instruments.

"It is really fun working with the students...it keeps you young. This group has been really exceptional," Frounfelker said.

In addition, the following older students volunteered to help at the camp: Kaitlyn Blank, Alyvia Anderson, Abigail Kopfhammer and Elizabeth Beine, flute; Ezekiel Halterman and Alexandra Taylor, clarinet; Matthew Blank, saxophone; Andrew Beine, French horn; Zoe Heiser and Macy Reysen, trumpet; Brionna Banovich, bassoon; Dustin Pick and Zach Heiser, trombone; J.J. Banovich and Hunter Pick, baritone; and Marty Heiser, tuba.

"I've really enjoyed working with the incoming sixth graders over the past six years. It's interesting to see how each year changes and how the progression of the kids' skill changes, and I get to compare that to what my grade was like when I attended band camp. I worked with the French horns alone this year for the first time, and I really enjoyed it. I'm hoping to further my education in music after high school, so it was a really great experience," said Andrew Beine, one of four high school helpers who has been involved for at

least four years.

"It's fun to teach other kids that are in the same scenario, like your passion for music and pass it on. It is a good experience to teach kids," said Alexandra Taylor, an eighth-grade clarinet player.

"You don't really realize how hard you had to work to get started and how much you have to build up your sound to get better," Alyvia Anderson added.

Macy Reysen remembers what it was like learning how to play trumpet at band camp a couple years ago.

"I liked getting a head start on my instrument before school started," she said.

This year's students enjoyed learning how to play instruments.

Emerson Schmidt and Brianna Kraus both

agreed that they have had fun learning how to play clarinet.

To showcase everything they had learned, all of the sixth-grade students performed 10 exercises from their band books that they had learned to play on their instruments, as well as five or six familiar songs at their concert last Friday.

For many of the young musicians, the theme from *Jaws* was a favorite, even though it is only two notes.

"This group is very sharp - they picked up on concepts very quickly, asked many questions and were determined to play well from the start. I am very excited to work with these students in this very important first year of playing an instrument," Holmes said.

Sixth grade students learn how to play instruments at a band camp held at Kewaskum Middle School last week.

Letters Home...

St. Warren, Ind.
Sept. 1, 1941

Hi Hazel & Family
Thanks a lot for the cookies, Boy! are they good. I've kept them hid in the supply room, because if I take them over to the barracks I would have to treat everyone. The cookies arrived in fine shape, only a couple of broken ones and the tomato only had a little bruise on one side, guess it pressed against the apples. We have off all day today (Labor Day), except that I had to go up to Headquarters for messages and pick up the mail at the post office. Don't know what I'll do this afternoon, perhaps find something to read, write some letters (I have eleven to answer) or go to town and walk around just to get away from here. Well Bill Helen has been here and gone. I didn't expect him until Sunday and then about two o'clock Saturday afternoon one of the fellows came over to the office and said that their was someone out in front of the barracks to see me. I finished up my work and went out and got the mail and then he gave me the stuff that he brought along, which included three boxes of stationary, stamps, candy, razor blades, hair tonic, shaving lotion and a couple of packages of cigarettes. The other fellows wanted to know if Santa Clause was around. I took him over to the guest house where he got a nice room for one dollar for the two nights. It was about five thirty then so we went into town and had something to eat and set around and chewed the rag. Then we went to another restaurant where there was a tavern and sat around and talked some more and drank two bottles of beer and came back to camp about nine thirty. Yesterday morning he came over and picked me up about nine and we went and visited with other West Bend boys around the camp until noon, had dinner and then went into town and he took some pictures around the capitol and out to the air port and then we came back to his room and looked at pictures he had bought along the way and he told me about his trip. Then we slept until about seven and came back to my barracks and sat around and talked with the fellows until eight thirty and then went into town and had something to eat, drank two cokes and talked until almost eleven when we came back to camp, said goodbye and went to bed. He said he was going to leave at five this morning and I guess that he did, because I haven't seen him. I was wishing that he would stay here today, but he wanted to start back so that he would be home by Wednesday win tout having to drive too much in one day. Sure hated to see him go, I suppose he will be the last company I'll have from home now that winters coming. Thanks for the pictures of you and the children, it helps to break the loneliness of this place. If Roger keeps on growing, he'll be as big as you are. Had a letter from the boss last Saturday and I guess he sure could use me. By the way he also sent me five dollars with Bill. No I won't have to go on any maneuvers and I think that our overnight camping trip to Pole Mountain is off. Bob will be leaving with the boys, but they may stay here until the 27th. We got 26 new fellas in the other day and now we are completely filled up in this Company. Last night when I was in town we saw them pick up about fifty more at the depot and take them out to camp in trucks. Yesterday when we called on the West Bend boys I found out that some of them may stay here. Danny Zettle, Eddie Groth and Fritzie Schlomer are quite sure of staying because they are cooks and bakers and Willard Harth might stay because he is in administration, so maybe it won't be so bad after all. I get the mail twice a day, so there is only about half a bag or less each time I carry it. The post office is only about seven blocks from here. If there are too many parcels they put a slip in the bag and sort them out with the mail for the different barracks and then the boys take their slip and go to the post office and pick up the package. No one came out here from town since we pulled it. I have hopes of coming home around the first of the year if I can save enough money. I can always take money out of the bank if it has to be, but I want to go easy on that because I will have to pay eighty dollars insurance out of that next month and I'll want some left so I can buy a car again when I get back. Perhaps by the time I get to come home I'll be earning more. The dinner bell just rang, so I better run. Good bye now.

Love,
Elmer

KHS Students Place Second In National Competition

"We learned a lot about public speaking and how to talk to people that we want to work with," Andrea Butz said. "The whole experience taught us a lot. Hopefully it will be possible to spread the idea beyond Kewaskum, and possibly across Wisconsin, or FUTP60."

The Kewaskum Plan

The Kewaskum Boys and Girls Club currently has about 90 families in its afterschool program. This equates to approximately 120 students, ages 6-14, on any given night.

Each of the schools in the Kewaskum School District will have Harvest of the Month tastings. The school district will prepare extra tastings for the Boys & Girls Club members.

Each of the 80 to 90 families will get one voucher produced by Geidel's Piggly Wiggly to turn in during the month that harvest is featured for one item per family.

Each family will be asked to participate in a survey regarding the tasting, recipe making and likely to recommend.

The first tasting is planned for September 11.

The group discussed possibly featuring the following foods throughout the school year: parsnip, cantaloupe, spaghetti squash, cheese, pumpkin, cranberries, horseradish, roasted chickpeas, parsley, smoothies, mushrooms, homemade granola, legumes and cheese dip.

The AdCap Challenge

The AdCap Challenge is a national competition by GENYOUth, a youth wellness non-profit organization. The contest cultivates entrepreneurship and innovation in young people looking to help solve pervasive global issues.

Hundreds of teams from across the country took part in the contest, but only five teams made it to the final competition, which was held in June. Over the course of three days, the stu-

dents completed mini-challenges, heard from business and health professionals and were mentored and coached by partners including, SAP, Corteva Agriscience, Domino's, Land O'Lakes, and National Dairy Council.

"It's thrilling to see the present and future of social entrepreneurship reflected in these incredible young thinkers and doers. Their solutions have tremendous potential to create change in communities and the world. The AdCap Challenge would not be possible without our amazing Challenge partners who are looking to young people to help innovate and define the future and spent so much time listening and learning from these student teams," said GENYOUth CEO, Alexis Glick, who judged the Shark Tank-style pitches on the final day of competition.

The five finalist teams were selected out of 100 semi-finalists to compete in the Finalist Experience. They pitched in front of esteemed judges, Glick, Kim Fraites-Dow, CEO, Girl Scouts of Eastern Pennsylvania, Donna Fisby-Greenwood, CEO, The Fund For The School District of Philadelphia.

"Today, we saw from these students ingenuity, ambition, and passion for addressing real issues being felt in their communities. The AdCap Challenge offers the tools and resources to help unleash students' natural entrepreneurial spirit, and I'm proud that SAP is part of this movement to empower thousands of students to be a force for positive change," DJ Paoni, president of SAP North America, said as the winners were announced.

The final five top team winners were:
 •Grand Prize Winner: The Benjamin School, North Palm Beach, Florida
 Project: HurriHome
 Team Members: Aadi, Andrew, Jonathan
 The team took on

SAP Technology with Purpose question by designing an app to shelter families in need during hurricanes.

PRIZE: \$5000 scholarship per student, \$5000 grant for their school and \$500 gift card for program advisor

• First Runner Up: Kewaskum High School, Kewaskum, Wisconsin
 Project: Fuel Up at Home

Team Members: Andrea, Andrew, Kennedy, Sam

The Fuel Up to Play 60 students took came presented a Land O'Lakes, Inc. Hungry For Change solution to get nutritious food into the hands of students in need in their community.

PRIZE: \$3,000 grant for their school, \$100 gift card for each student and program advisor

•Finalist: Peak to Peak Charter School, Lafayette, Colorado

Project: Sunscreen
 Team Members: Allison, Mahala, Nolan & Sam

The finalists took on the SAP Technology with Purpose question with a project targeting tech addiction in teens to increase face-to-face interactions with their community.

PRIZE: \$1,000 grant for their school

•Finalist: Ross High School, Hamilton, Ohio
 Project: JEE Foods

Team Members: Alayna, Michael, Levi, Rylee, Sophia

The students solved the Corteva Agriscience Hungry For Change question by reusing and repacking grocery food for donations and putting an end to food waste.

PRIZE: \$1,000 grant for their school

•Finalist: Island Trees Memorial Middle School, Levittown, New York

Project: Pizza Paws
 Team Members: Danielle, James, Melissa, Rebecca, Zach.

The team took on Domino's Pizza Hungry for Change recycling challenge by re-using pizza boxes to build cat shelters.

PRIZE: \$1,000 grant for their school

Empire Threshing Association's Annual Thresheree August 24

The Empire Threshing Association is hosting its annual Thresheree on Saturday, Aug. 24. It will take place on the John Wettstein farm, six miles east of Eden on County B, from 11 a.m.-7 p.m. Look for the signs to find the specific location.

No admission is charged for this event.

Many different activities will be held throughout the day. You can also walk around and look at the different displays.

You will be able to see old-time steam threshing and sawing, cutting, plowing, bailing, chopping and silo filling.

There will also be antique tractors, garden tractors, farm equipment and engines on display.

The kids can get involved by participating in the annual kids pedal pull around 12:30 p.m. They will use pedal tractors to pull a weight as far as they can. Awards will be given out to the top performers in the different weight classes.

Then stick around for a while to listen to music that will be provided from 3 p.m.-7 p.m.

There will be plenty of events going on throughout the day to watch and learn about

some farming history.

You can treat yourself to food and refreshments, sponsored by the Campbellsport FFA Alumni.

All day tractors, equipment and garden tractors will be on display. Blacksmith and rope making demonstrations will be held during the afternoon along with engine displays.

So, make sure you come out to rural Eden for the Empire Threshing Association's 35th annual Thresheree.

In case of inclement weather, the rain date will be Sunday, Aug. 25.

Healthy Group Of Indians Set To Open 2019 Campaign Under New Coach

By Judy Harlow

It's unlikely Kewaskum High football coach Steve Tennes walks around with a four-leaf clover in his pocket, but the first-year head coach doesn't want a repeat of the back luck the Indians experienced a season ago when they lost running backs Eli Bartelt, Jed Ermer and Jermaine J.J. Thull, along with quarterback Ty Cook, and also linebacker Reagan Dricken.

A good workout program can help remedy that situation, according to Tennes, who said after a recent practice "The kids did a good job of off-season training so we hope to eliminate that (season-ending injuries) ... I like where we're at."

"Everybody at this point is healthy," said Tennes, who took over the head job after Jason Piittmann resigned last fall, indicating all the injured players from 2,018 are back on the field and ready to go.

The Indians have been practicing for just over two weeks and although Tennes would like more time to fine tune his offense and defense, they have a date at Milwaukee Lutheran this Friday night (August 23) against a Red Knight team they are 2-0 against.

Last year's battle, won by Kewaskum 48-30 featured over 600 yards of offense by the two squads with KHS speedster Jermaine "J.J." Thull piling up 236 yards in 23 carries for three TDs and Lutheran's Ken Payne scoring three times, including an 83-

yard run and a 75-yard kickoff return. It was an electrifying baptism for the new artificial surface on the Doc Mitchell Field.

With both players back — Thull is a 160-pound senior and Payne, a 186-pound junior — there could be plenty of fireworks on the Pat Falk Field in Wauwatosa.

In answer to a question about the starting quarterback position, Tennes said yes there is a battle between 160-pound senior Ty Cook and 185-pound junior Michael Daniel, who took over the signal-calling duties last fall after Cook suffered a torn labrum in his shoulder in the game vs. Ripon.

"At this point, we're not naming a starting quarterback," Tennes said. "We'll find out Friday night."

The rest of the backfield is pretty well set with Thull (Sr.) and Bartelt (Sr.) as running backs. "Both will play," Tennes said.

Tennes announced the rest of his starting lineup on Monday, indicating the offense will include wide receivers Dylan Maechtle (Sr.), Joshua Bocher (Sr.) and Sam Schultz (Sr.), tackles Ben Leister (Sr.) and Tucker Schmidt (Sr.), guards Trenton Riekkoff (Sr.) and Alex Steiner (Sr.), who is filling in for the injured Hunter Brzozowski, center Jon Steger (Sr.), and tight end Joe Bocher (Sr.) or Dricken (Sr.).

The defensive starters include: nose guard Riekkoff, ends Leister and Schmidt, linebackers Kannon Muckerheide (Sr.), Bartelt, Sam

Lemler (Sr.) and Jay Hornung (Sr.); cornerbacks Trevor Degnitz (Sr.) and Ermer (Sr.); and Melzer and Bret Fahrenkrug (Sr.).

Captains for the year are Lemler and Riekkoff.

While he is obviously looking forward to his first game as a head coach, Tennes said, "We've got a lot of work ahead of us" to prepare for the Red Knights. Game time Friday night is 7 p.m.

Dreher's 89 Leads Kew-Cat Golfers In Opening Match

By Judy Harlow

Senior Allyssa Dreher put on a good show in the August 15 Washington County Invitational, leading the combined Kewaskum-Campbell-sport girls golf team to 20th place with 431 strokes.

Playing at the Washington County Golf Course near Hartford, Dreher finished in a tie for 22nd place with a very consistent 45-44-89. On the back nine, she was 3-over par going into the 17th hole but went 3-over on the last two holes for her 44.

"We struggled a bit for our first meet," Kew-Cats coach Amy Uhlig said.

Concerning Dreher, who has been playing varsity golf since her freshman year, she said, "Alyssa played a very good round. She had a lot of bogeys that could've been pars, so i'm confident she can be in the low 80s in future 18-hole events."

The other Kew-Cat

counters included: Rachel Anderson, 52-56-108; Karissa Lange, 56-54-110; and Madelyn Thull, 65-59-124.

Lange and Thull had trouble with their ball striking, according to Uhlig, who was pleased with the performance of Anderson, who, "was very calm for her first varsity match of her career. Looking forward to an exciting year for her!"

There were 24 teams in the event, which featured many of the strongest teams in southeastern Wisconsin, including defending WIAA state champion Kettle Moraine High

School, which claimed the title with a 323 total, 18 strokes lower than runner-up Arrowhead's 341. Finishing third through sixth were the combined Sheboygan North/South team, 345; Green Bay Notre Dame, 357; Franklin, 369; and Cedarburg, 374.

The meet medalist was Julia Schilling of Kettle Moraine, who carded a 2-over-par 74, two strokes lower than the 76 by Cedarburg's Elise Hoven.

On August 22, the Indians will host a quad meet with West Bend, Kettle Moraine Lutheran and Winneconne at Hon-E-Kor CC.

Adler Gerhartz throws the first pitch during the Kewaskum Athletic Association (KAA) Family Night at the Wisconsin Timber Rattlers game on July 31.

Davis, Schmidt, Otte, Arenz Collect PDTR A-main Hardware

On a night when Plymouth Dirt Track Racing honored both its past champions and its loyal fans, several record-setting performances highlighted an eventful evening of action at The Plymouth Dirt Track at Sheboygan County Fair Park in Plymouth.

In the 25-lap Richard's of Dunbar 360 Sprint Car A-main, 2010 PDTR champion Kurt Davis of South Milwaukee moved to the top of the track's all-time 360 Sprint Car A-main victory list by recording his third main event victory of the 2019 season at Plymouth. Justin Schmidt of Cleveland wrapped up his second consecutive PDTR Late Model championship by earning his first Gasroots Project Late Model A-main victory of the season.

Cedar Grove's Jonathan Otte made a rare PDTR appearance pay off by collecting his first career Klips & Tips Grand National A-main triumph. Regular 360 Sprint Car competitor Travis Arenz of Sheboygan found victory lane in the Cellcom B Mod A-main in a guest driving role in the car normally wheeled by PDTR B Mod point leader Tim Warner of Fond du Lac.

After lining up on the inside of the second row, Adam Miller of Plymouth powered past rookie pole-sitter Nick Daywalt of Slinger and outside front row starter Tim Haddy of Waupun to take the lead in turn four of the opening circuit.

On lap three, Kurt Davis, who started fourth worked the outside line of the tacky and two-groove racing surface to take over second, while 2017 PDTR 360 Sprint Car champion Brandon McMullen of Oshkosh moved in from the eighth starting spot to seize third with a low move in turn four on lap seven.

The leaders caught the rear of the field on lap nine, which allowed Davis to close in on Miller before the first of three caution flags appeared on lap 10 for the slowing car of rookie Jack Vanderboom of Dousman.

On the restart, Davis dove down low to take over

the top spot from Miller in turn two on lap 11, while McMullen followed into second on lap 14. One lap later, rookie Brandon Berth of Cascade made his presence felt as he also worked his way past Miller to take over the third position after starting sixth.

On lap 17, Miller spun to a stop in turn two with a driveline failure to bring out the second caution flag of the race.

After another caution on the restart for a spin involving Shane Wenninger of Kewaskum in turn two, Davis showed his strength by bolting away from the field. As the laps wound down, McMullen cut the gap and attempted to mount one final push using both the high and low grooves to try to find a way past Davis.

However, Davis fended off McMullen's challenges to post his record 23rd career PDTR 360 Sprint Car A-main victory to break a tie with two-time PDTR 360 Sprint Car champion Danny Schlafer of Sussex. It was also Davis' 60th career Midwest Sprint Car Association A-main victory, which also leads the series.

"I wasn't going to run for points this year, but then we found ourselves leading and it was hard to stop racing," Davis said in victory lane. "Travis Arenz has been really fast this year and someone needs to step up and give him a run. I have to thank everyone that works on this car all week, every week. This is a great overall team effort."

McMullen finished second, Berth recorded a PDTR 360 Sprint Car career-best third-place showing, Jim Melis of Glenbeulah, who started ninth, placed fourth and 2018 PDTR 360 Sprint Car champion Justin Miller of Plymouth moved up from the 12th starting spot to finish fifth.

Chad Vetting of Valders led the Late Model A-main on the drop of the green flag from the pole position while Brian Konitzer of Sheboygan, who started second, fell into second with Justin Schmidt, who started

fourth, taking third on the opening lap.

On lap two, Schmidt worked around Konitzer to seize second and quickly set his sights on Vetting for the lead. Schmidt ventured up to the outside lane on lap four to sweep around Vetting in turn two and secure the top spot.

Two laps later, Schmidt had built up a half-straightaway cushion over Vetting and his lead extended to a full straightaway on lap 10 as Schmidt skillfully worked his way through lapped traffic.

The first of three caution flags appeared on lap 18 for Konitzer's slowing car. On the restart, ninth starter Turk Letizia of Milwaukee worked the high groove to power into fourth, while third starter Ron Stroika of Milwaukee and Vetting battled side by side for second on lap 20.

Letizia quickly moved in to make it a three-car duel for second on lap 21 before engaging in a heated back-and-forth duel with Stroika for the runner-up spot over the next two laps.

Just after Letizia gained second for good, the second caution appeared on lap 22 for the stalled car of Kevin Baldry of Omro. The restart yielded the third caution flag when Mark Rose of Dorchester hit the turn one wall hard.

Following the final restart, Schmidt pulled away to earn his first PDTR Late Model A-main victory of the season and 10th career PDTR Late Model points race of the 2019 season next Friday, Aug. 23.

Letizia was second, Stroika finished third, 2016 PDTR Late Model champion Tim Buhler of Greenbush placed fourth after starting seventh and fifth starter Jim Schmidt of Cleveland rounded out the top five.

"I've been waiting all season for this," Schmidt said. "It feels good to get a win, which also helps a lot in sealing the track champi-

onship."

Polesitter Jonathan Otte got the jump on the drop of the green flag to lead the opening lap of the Grand National A-main, followed by second starter Donny Kulow of Elkhart Lake and third starter Josh Pierce of Fredonia.

On lap three, Pierce, Kulow and sixth starter Dan Sorce of West Allis battled three-wide for second with Kulow emerging with the spot followed by Sorce in third before the first of two caution flags appeared on lap five for a spin involving J.J. Pagel of Mount Calvary in turn two.

Pierce surged into second on lap six along the low groove while sixth starter Luke Scholten of Oostburg used the high line to power into third.

As Otte was setting a blistering pace at the front of the field, plenty of action was going on behind him as Scholten shot around Pierce using the high line on lap 11 to gain second. However, Pierce battled back on lap 13 along the low groove as the two drivers dueling side by side for the spot over the next two laps before Scholten finally secured the position.

On lap 15, Scholten moved in to pressure Otte for the top spot in turn three. Scholten and Otte raced door to door over the next three laps before Otte gradually opened up a sizable gap starting on lap 18.

Meanwhile, PDTR Grand National point leader Tyler Kulow moved in to challenge Pierce for third on lap 19 before the second and final caution appearance on lap 23 for an infield tire, which had been pushed onto the track in turn three.

On the restart, Otte pulled away while Kulow worked around Pierce and moved into duel with Scholten for second before securing the runner-up spot at the finish line.

Otte held on to collect his first career PDTR Grand National A-main victory. Kulow was second, Scholten placed third, Dick Hed of Plymouth, who started 10th, finished fourth and Dan Sorce completed

the top five.

"This is my first A-main win at Plymouth, which is the track where I started my racing career," Otte said. "It is just the third time I've raced at Plymouth in the last three years, so maybe I should come back a little more often. I saw Luke [Scholten] there and I have a lot of respect for him. He raced with my dad. When I saw him, I knew I had to give it a little more."

After starting on the pole, Travis Arenz grabbed the lead on the opening lap of the B Mod A-main as 2018 PDTR B Mod champion Tim Sheppard of Beaver Dam, who started third, moved into second.

On lap eight, Sheppard closed in on Arenz, who was driving for Tim Warner, as the leaders began to maneuver through lapped traffic. Arenz and Sheppard got bottled up behind a large group of slower cars on lap 12, which allowed fourth starter Gary Glander of Sheboygan Falls to pass Sheppard and seize second in turn four on lap 13.

Once he cleared the lapped traffic, Arenz opened up a half-straightaway cushion over Glander on lap 19. However, lapped traffic again played a role at the end as Glander made a huge run on the final lap as Arenz was held up behind a slew of slower cars.

On the white-flag lap, Glander went hard into turn three and made contact with Arenz, which caused Glander to spin into the infield. Glander eventually recovered to finish eighth, while Arenz continued to the checkered flag unscathed.

Arenz went on to earn his third career PDTR B Mod A-main victory in the caution-free race and shatter the previous B Mod A-main track record by 20 seconds. Sheppard finished second, fifth starter Travis Schmidt of Waldo placed third, Rick Kretschmann of Sheboygan Falls placed fourth after starting eighth and Shane Long of Sheboygan Falls, who started second, placed fifth.

Darrin Allard won the main event for the visiting Vintage Modifieds.

Annual HEK Tournament Starts This Weekend

By Judy Harlow

There's a place for every level of golfer, newcomer, duffer or low handicapper, in the annual club championship tournament at Hon-E-Kor Country Club, which gets underway this Saturday, August 24.

Sign-ups are currently being taken for the tournament which starts with 18 holes of medal play. The deadline for entering is (today) Thursday, August 22. Tournament director Kate Mueller said there will be 16 players in each of the flights, which are determined by the golfers' current USGA (United States Golf Association) handicaps.

The four players with the lowest scores in each flight will advance to the match play portion of the tournament, which will be held on Saturday, September 7th. (Rain date September 8).

The entry fee is \$20 per player. There will be flights for men, women and juniors, according to Mueller, who announced there will be hors d'oeuvres served at the conclusion of the tournament on the 7th.

The defending Men's Champion is Craig Anderson of West Bend. Last fall, he defeated Tony Gonring in the final match.

PUBLIC NOTICES

TOWN OF FARMINGTON
NOTICE OF PUBLIC HEARING

NOTICE IS HEARBY GIVEN that the Town of Farmington Board of Appeals will conduct a hearing on the application for appeal filed by Daniel McDaniel. The hearing will be held at 6:00 PM Monday September 9, 2019 at the applicants property located at 8294 Orchard Valley Rd. West Bend, WI. 53090 in the Town of Farmington.

The applicants property is located PT OF SW NE CSM 334 1+2 DOC 1118902.

The appeal is to seek a variance from the requirements of the Zoning Ordinance and if granted will allow the applicant to build an accessory structure (30'x50' shed) larger than allowed by ordinance.

All interested persons wishing to comment on the appeal should appear at the hearing.

SCHOOL DISTRICT OF KEWASKUM
BOARD OF EDUCATION
REGULAR MEETING
MONDAY, JULY 8, 2019
MINUTES

The meeting was called to order at 6:00 p.m. by President Sette in the Kewaskum District Office Conference Room, located at 1455 School Street, Kewaskum, WI.

Roll call Board members present: Jay Fisher, Doug Gonring, Troy Hanson, Jim Leister, Sue Miller, Timothy Ramthun, Mark Sette

Mr. Smasal verified that the meeting had been posted pursuant to §19.84(1)(2)(3)(4).

THanson/TRamthun motion to approve the agenda as presented. A secondary motion to

move items Payroll and Accounts Payable from 6b to 7f and 7g was presented by TR/JL. Discussion ensued. The secondary motion was later rescinded. Motion passed 4-3 TRamthun, JLeister, DGonring opposed.

Consent Agenda

THanson/JFisher motion to approve the consent agenda including June 10, 2019 regular and closed meeting minutes. Instructional Resignations; Candi O'Brien, KMS Special Ed Teacher, Instructional Hires; Sarah Mehring, KES Special Education Teacher, Extra-Curricular Resignations; Jason Piittmann, KHS JV Softball Coach, Brian Taylor, Trapshooting Coach and Extra-Curricular Hires; Rick Schlehlein, Assistant Football Coach. Motion passed. All aye.

Items for Discussion and/or Action

TRamthun/JLeister motion to approve the School Resource Officer Contract for \$44,000 in 2019-20 school year and \$45,000 in the 2020-21 school year. Motion passed 7-0.

SMiller/JLeister motion to direct the administration to incorporate the Board-approved list and description of the student academic standards that shall be in effect for the school year into a notice for parents and guardians that the administration shall provide in a

manner that is consistent with the requirements of section 120.12(13) of the state statutes. Motion passed. All aye.

JLeister/SMiller motion to approve the Preliminary Budget 2019-20. Motion passed 7-0.

A discussion ensued pertaining to a phone call made by TRamthun to the Germantown School Board President and Attorney Kirk Strang. TRamthun indicated the call was pertaining to personal business and had nothing to do with the Kewaskum School Board and therefore, was a non-issue. No action taken.

Discussion ensued regarding comments made by THanson in communication with a reporter from the West Bend Daily News. The information he provided was turned into a news article. THanson apologized for how it transpired but did not apologize for the content of his opinion.

JLeister/DFranzen motion to censure THanson for his comments in two West Bend Daily News articles. Motion failed 4-2, JLeister and DGonring opposed. TRamthun abstained.

JLeister/SMiller motion to adjourn meeting at 7:53 p.m.

8-22 WNAXLP
Minutes by Executive Assistant: Vickie Plachinski
Approved: August 12, 2019 Board President, Mark Sette

**THE NEWS OFFICE
WILL BE CLOSED ON SEPT. 2.**

**EARLY DEADLINE IS FRIDAY,
AUG. 30 AT 2 P.M.**

PUBLIC NOTICE
TO THE ELECTORS OF THE SCHOOL DISTRICT OF KEWASKUM

The Board of Education of School District of Kewaskum hereby gives notice of the 2019-20 budget as required by s. 65.90 Wisconsin Statutes. Copies of the detailed budget are available for review during normal working hours at the District Office, 1455 School Street, Kewaskum, Wisconsin.

A Budget Hearing will be held during the Annual School District Meeting at 7:00 p.m. on August 26, 2019 in the Kewaskum High School Theater, 1510 Bilgo Lane, Kewaskum, Wisconsin.

Strategies For Growing Edibles Later Into The Season

MELINDA MYERS

Don't let fall or potentially frosty temperatures stop you from enjoying garden-fresh produce. Extend the nutritional value and homegrown flavor into your fall and early winter meals with the help of short season crops and season extending strategies.

Lettuce, spinach, radishes, turnips, and

beets are quick to mature from seed to harvest. Plus, the cooler temperatures enhance their flavor. Simply count the number of frost-free days left in your growing season and compare it with the number of days from planting to harvest listed on the seed packet.

Protect these late plantings and other vegetables from chilly fall

temperatures with cloches, coldframes, and floating row covers. Many of these devices have long been used by gardeners to jump start the season in spring and extend it much later into fall. These devices trap heat around the plants, protecting them from frosty temperatures.

Convert gallon milk jugs into garden cloches for individual plants. Remove the bottom of the jug and slide it over the plant. Use the cap to capture heat or remove

to ventilate your homemade cloche on sunny days. Or purchase reusable cloches with built in ventilation. Originally made of glass many of the newer cloches are plastic, making them more affordable, easy to stack and portable.

You can make your own coldframes. Many gardeners convert discarded windows, a bit of lumber and nails into a homemade shelter for their plants. The window size usually determines

the size of your coldframe. Just make sure you can reach all the plants inside. For best results your frame should be higher in the back than the front so water and melting snow can drain off, and, if possible, facing south for better warming. The internet and garden books are filled with plans.

I prefer the construction-free, all-purpose garden fabrics. Simply drape these floating row covers (season-extending fabrics) over your

crops. Anchor the edges with rocks, boards, or wire wickets. The fabric traps heat around your plants, but allows air, light and water through so there is no need to uncover the plants during the day or for watering.

Increase the ease of season-extending fabrics with low and tall frost pop-up covers and plant protection frost covers. The frames are fitted with all-purpose garden fabric to create protective tents. You can protect new plantings and extend your harvest by protecting plants down to 24 degrees Fahrenheit.

So, with a little preparation you can keep enjoying fresh-from-the-garden flavor long past the traditional end to your harvest season.

Melinda Myers has written more than 20 gardening books, including *Small Space Gardening*. She hosts the nationally syndicated *Melinda's Garden Moment* TV and radio segments and her website, www.MelindaMyers.com, features gardening videos, podcasts, audio tips and monthly gardening checklists.

Designated Trails and Public Use Areas

Kettle Moraine Great Area To Visit

Hiking the trails of the Kettle Moraine State Forest is a very popular activity during the fall months. As the leaves change colors, it is a beautiful time to take a hike on any of the miles of trails in the forest.

photo by Andrea Hansen Abler

The Kettle Moraine area is a great place to visit. It boasts some of the best physical features in the state and some of the most friendly neighboring villages.

This time of the year is an especially nice time to visit the Kettle Moraine State Forest. As the temperatures start to drop, the colors in the forest become beautiful. It is a great time to take a walk down one of the trails and just look at the scenery.

Then, as the snow starts to fall, the fun continues. There are so many winter activities that you can do in the Kettle Moraine that you will need a lot of time to get it all done. You can snowshoe through the forest, cross country and down-hill ski, ice fish, snowmobile and just have fun in the snow.

Known as the Kettle Moraine State Forest-Northern Unit, this area can thank the glaciers for the unique characteristics. The northern unit of the forest is only a

portion of what is sometimes called the Kettle Range.

This range was created when the Green Bay Lobe of the glacier on the west, collided with the Lake Michigan Lobe of the glacier on the east, depositing sediment. The western glacier formed the Bay of Green Bay, Lake Winnebago and the Horicon Marsh while the eastern one formed Lake Michigan.

This area contains very hilly terrain and glacial landforms, such as kettles, kames and eskers. The forest is divided into two large and three small units, which are spread across a hundred miles.

The Kettle Moraine State Forest-Northern Unit consists of an area covering the western part of Sheboygan County, the southeastern part of Fond du Lac County and the northern portion of Washington County. It includes more than 29,000 acres. The forest itself was established in 1936 to help

preserve this unique area and its features.

The forest is managed for multiple uses, including recreation management, sustainable forest products, water quality and soil protection, terrestrial and aquatic wildlife, native biological diversity, and aesthetics.

The forest headquarters is located near Campbellsport. Features of the Northern Unit are the Greenbush Recreation Area, with a group camping area and hiking trails; the Parnell Observation Tower; the Long Lake Recreation Area, with a campground, a beach and boat launch; the Henry S. Reuss Ice Age Visitor Center; and the Mauthe Lake Recreation Area, with a campground, a beach and boat launch.

About 145 miles of trails can be found in the northern unit. These trails are used for biking, hiking, horseback riding, cross country skiing and snowmobiling. (See a color map on page 2 for the different trails in the forest)

Other facilities in the area include 336 family campsites with modern facilities, nine group campsites, six backpack shelters, a horse riders campground, three swimming beaches, five boat launches and an observation tower.

It is estimated that approximately one million people visit the forest every year. Annual camper nights equal more than 91,000.

You will definitely be able to find something fun to do in the Kettle Moraine State Forest-Northern Unit. There is something for everyone.

To find out more information, go to the DNR website at <http://dnr.wi.gov/>. You can also call the forest headquarters at 262-626-2116 or call the Ice Age Visitor Center at 920-533-8322.

The forest headquarters are located at N1765 Highway G, south of Dundee. It is open Monday-Friday from 8 a.m.-4:30 p.m.

The Mauthe Lake recreation area entrance station hours will vary during the off-season (which is after Labor Day). Call 262-626-4305

for more information.

The Long Lake Recreation area entrance station hours also vary during the off-season. Call 920-533-8612 for more information.

The Henry S. Reuss Ice Age Visitor Center is open seven days-a-week April through October. Winter hours go into effect November through March, call ahead to check on the specific hours the center is open. The center is one-half mile west of Dundee on State Highway 67 and offers forest information, interpretative displays, and a 20-minute Ice Age film. Call 920-533-8322 for more information.

Area Villages

Don't forget to visit the area villages and towns that surround the Kettle Moraine Forest. They are all welcoming and helpful.

Campbellsport is on the west side of the forest. You can get to Campbellsport by taking Highway 67.

Kewaskum is on the southwestern side of the forest. You can get to Kewaskum by taking Highway 45 or Highway

28.

Dundee is within the forest on the western side. It is located along Highway 67. The Henry S. Reuss Ice Age Visitor Center is just outside of Dundee on Highway 67.

New Prospect is a small town located within the forest. You can get there by traveling along Highway SS. The horseriders camp is located in New Prospect.

Greenbush is near the northern portion of the forest. You can get to Greenbush by taking County Highway A.

Glenbeulah is also on the northern corner of the forest. It can be found by taking County Highway A or County Highway P.

Plymouth is a short drive to the east of the forest. You can take Highway 67 to get to Plymouth.

Cascade is also a short drive to the east of the forest. You can get to Cascade by taking Highway 28.

West Bend is a short drive south of the forest. You can get to West Bend by taking Highway 45.

Ice Age Center Is A Great Resource

The Ice Age Visitor Center is a great place to visit to learn more about the Kettle Moraine State Forest and how it was formed. You can also take part in educational programs, find a trail, and just enjoy the beauty of the forest from the center. Many of the educational programs held in the forest are hosted at the Ice Age Center.

photo by Andrea Hansen Abler

The Henry S. Reuss Ice Age Visitor Center is a great resource for anyone visiting the Kettle Moraine State Forest-Northern Unit. It is located just outside of Dundee on Highway 67.

Its purpose is to introduce and orient visitors to the forest about the area and the special features of the area. The glaciers that covered this area about 10,000 years ago left some unique terrain and features in this area.

The Kettle Moraine was created when the Green Bay Lobe of the glacier, on the west, collided with the Lake Michigan Lobe of the glacier, on the east,

depositing sediment. The western glacier formed the Bay of Green Bay, Lake Winnebago and the Horicon Marsh while the eastern one formed Lake Michigan.

As the glaciers melted and moved, they left behind many different features like moraines, kames, eskers, drumlins, and kettles. The Ice Age Visitor Center explains these features, how they were formed and gives examples of these features in the area.

"You can get a good idea of how the glaciers affected this area and the treasures it left," said Jackie Scharfenberg,

DNR naturalist at the Ice Age Center. "A lot of groups come here as a jumping off point."

After visiting the center, you can then go out into the forest to see these different formations. Many trails can be found in the forest to get you to these features. A short trail is also accessible from the Ice Age Visitor Center.

Another feature of the center is the information you can receive about the forest activities. The center has maps of all the trails in the forest, campgrounds, information about Mauthe and Long Lakes and the campgrounds in the forest.

"We can provide information about the forest and its multitude of things to do," Scharfenberg said.

The Henry S. Reuss Ice Age Visitor Center was opened in January of 1981 and dedicated in May of 1981. It was named after a Wisconsin congressman. The Zillmer Trail was also named after a Wisconsin congressman.

"They got some of the initial money passed (for the center and trails)," Scharfenberg said.

The center is open year-round. From April through October, it is open Monday-Friday from 8:30 a.m.-4 p.m. and on weekends from 9:30 a.m.-5 p.m. During the months from November through March, the hours will vary, so please call ahead at 920-533-8322. About 25,000-30,000 people stop at the Ice Age Visitor Center every year.

Educational programs are held at the center every week. These programs teach young and old about the forest wildlife, vegetation and other fun nature-related things. Programs are generally free to the public, with some exceptions. A calendar of these educational programs can be found on pages 14-16.

Things To Do At The Ice Age Visitor Center

Throughout the year, the forest naturalists present a wide array of fun-filled educational programs. The programs are held at the Ice Age Visitor Center, Mauthe Lake Recreation Area, Long Lake Recreation Area or at other spots within the forest. There are programs for all interests and age levels.

View exhibits to learn about the frozen history of Wisconsin and the gifts of the glacier. There is a great view of the landscape from the nature center, and a naturalist is available to answer your questions.

Become a Wisconsin Explorer and discover the natural world. Pick up a booklet at the nature cen-

Kettle Moraine State Forest-Northern Unit Superintendent Jason Quast helps Sue Nault as she learns how to ice fish on Mauthe Lake during a Learn To Ice Fish program conducted by the DNR. They teach the basics of ice fishing and ice safety.

photo by Andrea Hansen Abler

ter. The booklets are full of hands-on, exciting and educational activities for days on the beach, rainy days at home or starry nights. Complete at least half of activities and return it to any state park, forest or recreation area. Receive a patch and certificate for completing the activities.

The Henry S. Reuss Ice Age Visitor Center is a great place to start your

visit to the Kettle Moraine State Forest-Northern Unit. It will help educate you about the forest and give you information about more opportunities in the forest.

A gift shop offering books, clothing and other souvenirs can be visited. The gift shop is operated by the Friends of Kettle Moraine - Northern Unit. All proceeds support the forest.

The Department of Natural Resources host a Learn to Ice Fish program every January on Mauthe Lake. Volunteers show everyone the basics of ice fishing and ice safety in the picnic shelter. They then take the group onto Mauthe Lake, where employees and volunteers have drilled holes in the ice, and teach them how to ice fish. Bait and poles are provided for those participating.

Winter Activities Abound In The Kettle Moraine

The Kettle Moraine State Forest is a beautiful place to visit and the fall and winter seasons are no exception. It has so many activities for everyone.

You can start out in the fall months with a hike through the many trails in the forest. As the temperatures start to go down, the colors in the forest really come out. A hike through the trails will be beautiful with all the yellows, oranges and reds you will see in the trees and the shrubs. Don't forget to climb Parnell Tower to get a beautiful look at most of the forest.

The winter months may be cold with lots of snow, but there are still many outdoor activities for you and your family in the Kettle Moraine Forest and surrounding areas. You can go ice fishing, snowmobiling, showshoeing, skiing and golfing in the snow.

Snowmobiling

One of the many fun activities in the winter is snowmobiling. Lots of trails for snowmobiles can be found around the forest and in the forest.

The state forest has a 60-mile network of snowmobile trails which join to county and private trails connecting to adjoining towns and villages. Trails are groomed by four local snowmobile clubs under contract with the state forest. These snowmobile clubs are Northern Kettle Moraine Crooked Trails, Greenbush Trail Blazers, Kewaskum Sno-Chiefs, and New Fane Kettle Riders.

Trails around the forest are kept nicely during the winter months and provide lots of opportunities for snowmobiling in the area. Trails around the forest are groomed by the following clubs: Campbellsport Sno-Cougars, Dotyville Drifters, Eden Sno

Birds, New Fane Kettle Riders, Northern Kettle Moraine Crooked Trails, Kewaskum Sno-Chiefs, Kettle Moraine Snowmobile Club, Plymouth Snow Rangers, Cascade Apollo Riders, Greenbush Kettle Moraine Trailblazers, and Beechwood Night Fliers.

See the current conditions page at the Kettle Moraine State Forest Unit's portion of the DNR website and/or call (920) 892-7455 to check trail conditions and to make sure trails are open.

Note: Any person who is born on or after January 1, 1985, and who has reached the age of 12, must have completed and received a snowmobile safety certificate in order to operate a snowmobile in Wisconsin. The certificate must be carried while operating the snowmobile, and displayed to a law enforcement officer upon demand. A parent, guardian, or person 18 years old or older must accompany any child under age 12 on the same snowmobile when operating on public areas.

Many snowmobile organizations have trails that they maintain outside of the forest. Fond du Lac County has hundreds of miles of trails in the area. You can check the Fond du Lac County Snowmobile Association's website at <http://fdlsnowmobile-assn.com/> for more information on the county trails and conditions.

Sheboygan County information and maps can be found at www.nkm-snow.com or by calling 920-459-3060 for map and 920-892-7455 for trail conditions. For Washington County information, call 262-334-6061 or check the Kewaskum Sno-Chiefs website at www.ke-waskumsno-chiefs.com

The green flag is raised for the start of the annual Steel Shoe Three-Hour Endurance Race on Kettle Moraine Lake in January. The racers had a cold, but sunny three-hours to race that day. The Steel Shoe Endurance Race is held every January. Check their website for the day and time of the race.

photo by Andrea Hansen Abler

waskumsno-chiefs.com to get more information.

Skiing

Skiing is a great winter activity that can not only be fun, but also great for physical fitness. You can either cross country ski in the area or try your luck at downhill skiing.

Cross Country — At the Greenbush recreation area a total of 25 miles of machine-groomed cross-country ski trails are provided for diagonal and skate skiers. Pets and hiking are not allowed on ski trails.

The 1.2-mile Brown Loop at Greenbush is lighted for night skiing. The trail lights can be activated by skiers nightly between 4:30 p.m. and 10 p.m. A heated log shelter house, a sledding hill, and nine miles of snow-

shoe trails also are open to the public at the Greenbush Recreation Area.

Volunteers from the Northern Kettle Moraine Nordic Ski Club (NKMNSC), in cooperation with the state forest, regularly machine groom the ski trail system for diagonal and skate skiing. For more information on trail conditions and the NKMNSC, call the club's trail hotline (920) 467-2099, or visit its web site at www.greenbushusa.com.

More than 11 miles of cross-country ski trails are available at the Zillmer Trail Area. Forest staff regularly machine groom the trails for diagonal and skate skiing. For current ski trails conditions in southeastern Wisconsin including

Zillmer visit the Friends of Lapham Peak Web site.

A total of 7.7 miles of ungroomed cross-country ski trails are available at New Fane.

Downhill — A couple of options are available in the area for downhill skiing.

You can go to Sunburst Ski Area in Kewaskum. It is a great hill for skiing and snowtubing. You can go to www.skisunburst.com for more information or call 262-626-8404.

You can also try Little Switzerland in Slinger. For more information on this hill, you can go to www.littleswitz.com or call 262-644-5020.

In Plymouth, you could try Nutt Hill. Follow Main Street to the top of the hill. This hill is opened when there is

10-12 inches of natural snow on the ground and has a heated shelter. You can call 920-207-SKII (7544) for current information on this hill.

Hiking & Snowshoeing

Hikers and snowshoers may explore several miles of trails that are not groomed for skiing. The following trails are recommended for winter hiking and/or snowshoeing: Greenbush and New Fane snowshoe trails; Moraine Nature Trail - .75 miles, easy to intermediate; Tamarack Nature Trail - 2 miles, easy; Parnell Trail - 3.5 miles, intermediate to difficult; Butler Lake Trail - 3.1 miles, easy to intermediate; Ice Age National Scenic Trail - 31 miles, intermediate to difficult.

Pets are prohibited on designated nature trails.

Lakes Of The Kettle Moraine

The Tiki Beach Resort on Kettle Moraine Lake is a fun place to spend a beautiful fall day. On this day last September, the temperatures were warm and it was a great day to spend one last day at the beach. During the winter months, you can ice fish and snowmobile on the lake.

photo by Andrea Hansen Abler

The Kettle Moraine State Forest-Northern Unit has more than a dozen lakes and ponds — mostly kettles, but also two impoundments of the Milwaukee River.

The Mauthe Lake and Long Lake recreation area entrance stations, when open, lend fishing equipment free of charge. Several private vendors within the forest sell bait and other fishing supplies.

The eight lakes range in size from 477 acres (Long Lake) to less than seven acres, accounting for a total of 786 acres.

The primary fish species in these lakes include largemouth bass, bluegill, crappies, and northern pike.

Auburn Lake (Lake Fifteen) — A medium-sized kettle lake, Auburn Lake provides a diverse fishery. A paved boat launch and trailer parking area are across from the Forest Headquarters entrance road. Access to launch is a narrow gravel road not suitable

for large boat trailers. A local wake ordinance, posted at the landing, is in effect. State park vehicle admission sticker required.

Expect to catch: bluegills of average size; crappies - present, but generally not quality size; northern Pike - often found near outlet stream mouth and on north end across from boat landing; yellow bass - abundant, but small; and largemouth bass are present, some of quality size.

Butler Lake — Butler Lake is the smallest of the easily-accessible Kettle Moraine Lakes. It is a kettle lake with an emergent wetland fringe around most of the lake. The Ice Age Trail meanders through the Butler Lake area and there is a loop hiking trail system near the lake. Butler Lake is spring-fed and the water remains fairly cold and oxygenated.

There is a paved parking lot and gravel launch area for canoes or small

rowboats. Gas motors are not allowed. A water pump is available near the parking lot. State park vehicle admission sticker required.

Expect to catch: bluegills that are small, but abundant; and largemouth bass that are present and average in size.

Crooked Lake — This medium-sized kettle lake has relatively clear water and a diverse aquatic plant community. Gravel access road and parking area are off of County Highway SS. Launch, suitable for canoes and small boats, is shallow and weedy.

Expect to catch: bluegills, which are common and average in size; yellow perch, which are common but small; crappies, population fluctuates widely with very good fishing some years; northern pike are present and average in size; and largemouth bass are present and of quality size.

public can launch at Tiki Beach Resort on Kettle Moraine Lake on the east side. Obey the local wake ordinance posted at landing.

Expect to catch: bluegills, abundant, but few of quality size; yellow perch are present but generally small; crappies are present and at times have quality size; northern pike, which has a large population for a lake this size, commonly found in the 17-inch to 21-inch size range; walleye is present with some quality size; largemouth bass, which are common and of quality size; and bullheads - bullhead fishing is the highlight of Kettle Moraine Lake in summer.

Lake Seven — This small, mostly undeveloped kettle lake has clear water and a diverse aquatic plant community. It is historically known as a tremendous bluegill lake.

No gas motors allowed. Fairly shallow gravel boat launch for canoes and small rowboats.

Expect to catch: bluegills, which are abundant and of average size; and largemouth bass, which are very abundant, but small in size.

Long Lake — Long Lake is a three-mile long impoundment of the East Branch of the Milwaukee River. The lake has relatively clear water and is stocked by DNR and the Long Lake Fishing Club. Heavy recreational use in the summer may make fishing difficult.

An accessible fishing pier and shoreline fishing opportunities are in the Long Lake Recreation Area.

It has a developed boat launch and parking for more than 20 vehicles and trailers. The

boat launch fills on summer weekends. Obey the local wake ordinance posted at landing. State park vehicle admission sticker required.

Expect to catch: bluegills, which are six- to seven-inches common in summer, best fishing along mid-depth weedlines and in deeper water on vegetated mid-depth flats; crappies are present; walleyes are present with some of quality size; northern pike, which has a good population with some larger fish; largemouth bass, which are common in summer, and the lake has a very good population with a nice size structure of fish available; and bullheads, which are one of the most popular summer fish to catch, especially near boat launch area.

Mauthe Lake — Mauthe Lake is a 78-acre impoundment of the East Branch of the Milwaukee River and is entirely within the state forest boundaries.

Accessible fishing pier, trail to dam, and shoreline fishing opportunities are within the recreation area. Paved launch for canoes and small boats. No gas motors allowed; electric trolling motors are allowed.

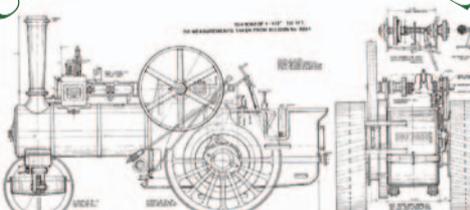

State park vehicle admission sticker is required.

Expect to catch: bluegills, which are abundant, but small in size; crappies are occasionally the highlight of the fishery; largemouth bass are common and of quality size; and northern pike are available, some caught in the past have been in the 30-inch range.

Handicap-accessible fishing pier, trail to dam, and shoreline fishing opportunities within the recreation area. Paved launch for canoes and small boats.

Lakes Of The Kettle Moraine

Area Ice Fishing Events And Other Activities

Long Lake Fishing Club's George Hudson Fishing Tournament — The Long Lake Fishing Club will hold the George Hudson Fishing Tournament on September 21 and 22. For more information, go to www.longlakefishingclub.com.

Dundee Sportsman's Club Chili and All-Soup Cook-Off — The Dundee Sportsman's Club will host the Chili and All-Soup Cook-Off on January 18. Check their website at www.dundeesportsmensclub.com to find out the 2020 date.

Long Lake Fishing

Club's Fisheree — The Long Lake Fishing Club holds a winter Fisheree in February. It is always held on a Saturday. The 2020 event will be February 29. Check the website at www.longlakefishingclub.com for more information.

Registration for the Long Lake Fisheree will be from 6 a.m.-4 p.m. A huge winter raffle drawing is also held in conjunction with the fisheree.

Campbellsport Jaycees Fisheree — The Campbellsport Jaycees hold a childrens' fisheree every year. It is always on the first Saturday of February. In 2020, the Kids' Fisheree will be held on Saturday, Feb 1, on Lake Bernice.

Snowmobiling is a popular activity in and around the Kettle Moraine State Forest. Hundreds of miles of trails can be found in the forest and in the counties around the forest. Check websites of the area or county snowmobile associations for copies of their trail maps.

photo by Andrea Hansen Abler

Children and their parents can head out to Lake Bernice, near the Sandpiper Inn, for the

event. The children go out and learn how to ice fish and see what they can catch. Prizes are awarded at the end of the event.

Dundee Sportman's Club All-Lake Fisheree — The Dundee Sportsman's Club will host the annual Fisheree on Saturday, January 18. This fisheree is open to everyone and you can fish on any lake in the area. Check their website at www.dundeesportsmensclub.com to find out the 2020 date. Fisherman can fish all

day and then bring their catch to the Dundee Sportsman's Club, on Highway 67, to be measured. The winners are awarded at the end of the event.

Long Lake Fishing Club's Snow Golf Tournament — The Long Lake Fishing Club will host the Sno Golf event on Saturday, January 25. As long as ice conditions allow, members of the club set up a small nine-hole golf course on Tittle Lake in front of Benson's Hide-A-Way.

Partial holes are drilled in the ice. Participants use their normal golf clubs, irons only, and a tennis ball.

For more information, check out the club's website at www.longlakefishingclub.com.

Dundee Sportman's Club Rabbit And Crow Hunt — The Dundee Sportsman's Club will host the rabbit and crow hunt on Saturday, February 15. Check their website at www.dundeesportsmensclub.com to find out the 2020 date.

Snow golf on Long Lake is one of the fun winter activities that take place in the Kettle Moraine State Forest every winter. Groups use a tennis ball and an iron instead of a driver to golf along all the holes set up on the lake.

Dundee Mill and Park

An interesting site to see while visiting the Kettle Moraine State Forests-Northern Unit is the Dundee Mill & Park. It is located in Dundee, near Highway 67 just down the road from the Ice Age Visitor Center.

The Dundee Mill & Park is owned by the Town of Osceola. Restoration of the old mill began in 1990 when a group of volunteers had the goal of restoring an old mill. Their aim was to preserve a part of Wisconsin's heritage for future generations so they may learn about a time when life was without modern technology.

In 1996 the mill was declared a Town Historical Site and the Partners of the Dundee Mill and Park, Inc. was created by the town as non-profit, non-stock, tax exempt, corporation to maintain, restore, and preserve Dundee Mill and Park.

A group of volunteers had the goal of restoring an old mill, which was declared a Town Historical Site. Their aim was to preserve a part of Wisconsin's heritage for future generations so they may learn about a time when life was without modern technology.

They have restored

the turbine that was in the mill and by using the water in Long Lake (a renewable resource) they produce electricity and pump it into the lines for Alliant Energy. This is a clean method of producing electricity as well as a great lesson for groups who tour the Mill.

The inside of the Mill is somewhat of a museum. Old artifacts hang from the beams and adorn the walls. An old "pot belly stove" provides warmth for the building. Those involved with the mill are also able to demonstrate the actual operation of the grain mill.

To date they have done many improvements to the building, including a new roof, gutters, siding, and windows. They have rebuilt the stone wall in the lower level of the Mill and the walls of the tail-race have also been restored. A water wheel and trough have been added.

The park provides two fishing ponds for those under age 16 as well as those who are handicapped to enjoy the outdoors or practice their fishing skills. Fishing seminars are conducted yearly at no charge. The

Partners sponsor an Easter egg hunt every Spring and have a Christmas Love Light tree and ceremony every December.

An exciting time for the Partners of the Dundee Mill was in 2006 when the television show *Extreme Makeover: Home Edition* was in town to make over a home. The television show also took on the Dundee Mill as one of its projects. The family who received the makeover is very involved with the mill, so the television show also wanted to feature the mill.

The restored turbine was installed during taping of the show. They also helped add display cases and other items to the inside of the mill.

It really is a gem of the Kettle Moraine area, so make sure to stop by and check it out while you are in the area. The park is open during daylight hours.

Tours are available by calling Donna at 920-533-8279.

The entire family can take a walk through highway along the mill raceway. There are waterfalls by the dam. Visitors can explore plants and trees along the

The Dundee Mill & Park is a beautiful area to check out in the Kettle Moraine State Forest. The park area is a pretty place to sit and relax. Many activities and events are held in the pavilion. Make sure to check out the old mill or take a walk around the grounds while you are visiting the Kettle Moraine

photo by Andrea Hansen Abler

Eagle Nature Trail.

Many events take place throughout the year at the Dundee Mill & Park. Some brat frys are held during the Dundee Farmers Market on Sundays in the summer and fall. Tours of the Dundee Mill are open to the public after the brat frys.

Other events to check out include:

Mill Market Day — August 24 from 11 a.m.-

7 p.m. Family activities all day. Huge raffle. Craft sale. Bake sale. Annual duck race. Live music. Food and beverages available.

Second Saturday in December — Loves Light Tree Lighting Ceremony. Event starts at 2 - 4 p.m. Enjoy homemade cookies and hot chocolate inside by the Love Light decorated tree. Then sing carols during the lighting of the

tree outside.

Saturday Before Easter — Annual Easter Egg Hunt at the Mill, 1 p.m.

Third Tuesday Of Every Month — Partners of the Dundee Mill & Park board meetings, 6 p.m. These meetings are always open to the public.

For more information about Dundee Mill and Park, visit www.dundee-mill.org.

Visit The Kettle Moraine Northern Unit

The Kettle Moraine State Forest – Northern Unit owes its unique landscape to glaciers of the Wisconsin Stage of the last Ice Age, which ended approximately 10,000 years ago.

During the Wisconsin Stage, several lobes of glacial ice moved into what is present day Wisconsin. The two largest lobes were in eastern Wisconsin, one coming down Green Bay and the other following the Lake Michigan basin. These two lobes side-swiped and collided with each other, and debris was deposited between them.

When the glaciers melted back, a jumbled ridge of hills was left behind, an interlobate moraine. This is known today as the hills of the Kettle Moraine, which runs for about 120 miles from Manitowoc County down into Walworth County. (This interlobate moraine is one of the few land features that can be seen from space.) In addition to the interlobate moraine, the glaciers also left behind various other landforms including kames, eskers, crevasse fills, kettles and erratics.

In the 1920's there were horrific floods in the city of Milwaukee and the city's population was rapidly growing. A group of foresighted people thought that if they could protect the headwaters of the Milwaukee River, this would help reduce the flooding in Milwaukee. They also wanted to provide a large tract of public land for Milwaukee's growing population.

After almost a decade, legislation along with funding became available for the creation of the Kettle Moraine State Forest. In 1936, the Conservation Congress (predecessor to the Department of Natural Resources) acquired 850 acres around Moon Lake (now Mauthe Lake) from the Milwaukee Chapter of the Izaak Walton League. This marked the start of the Northern Unit. Today, the Northern Unit encompasses nearly 30,000 acres within its 36,000 project boundary.

In the 1950s a lawyer from Milwaukee, Ray Zillmer, began a campaign to bring his dream of a National Park protecting the glacial features of Wisconsin to life. With the help of his friends, Congressman Henry S. Reuss and Senator Gaylord Nelson, his dream came to fruition with the creation of the Ice Age National Scientific Reserve and the Ice Age National Scenic Trail. On a sad note, Ray Zillmer died before he could see the creation of the reserve and the Ice Age Trail.

A 1964 Act of Congress established the Ice Age National Scientific Reserve to "assure protection, preservation, and interpretation of the nationally significant values of Wisconsin continental glaciation... and other reminders of the ice age." The reserve consists of nine units scattered throughout the state and the northern 20,000 of the Northern Unit is one of those reserves. Each reserve site protects a

unique glacial feature. The Northern Unit contains some of the finest features of continental glaciation in the state and the world including the interlobate moraine, kame fields, eskers, dry and wet kettles and crevasse fills.

In 1980 the Ice Age Trail was designated as a National Scenic Trail and later as a State Scenic Trail. The trail follows the southern extent of the last glaciers in the state of Wisconsin and is the only National Scenic Trail that is found entirely in only one state. Today about sixty percent of the 1000 mile trail is now complete. The nucleus of the Ice Age National Scenic Trail was the 30-mile "Glacial Trail" that ran through the Northern Unit from north to south.

The Northern Unit's glacial features set the ground work for wide diversity of biological communities and the geographical position of the forest adds to this diversity. The Northern Unit is situated along the "tension zone" which runs in a diagonal path from near Eau Claire to northern Milwaukee. The tension zone marks where the northern forest meets the southern and eastern forest, and the prairies and oak savannahs of the south and west.

A person traveling through the area will encounter such natural communities as northern red oak forests, eastern hardwoods with beech trees, cedar swamps, flood plain forests, kettle wetlands, remnant

The Kettle Moraine State Forest-Northern Unit is a beautiful place in the fall. Hundreds of thousands of people come to the forest to visit every year. You can see great views of the forest from atop the Parnell Tower. The tower and trails around it are a great place to go to see the fall colors.

photo by Andrea Hanen Abler

prairies and northern bogs. The Northern Unit also supports one of the largest intact forests in southeast Wisconsin. This wide array of communities leads to rich diversity of plant and animal life including many threatened and endangered species and species of special concern. Twelve areas within the forest have been set aside as State Natural Areas protecting ten biological communities that were not or slightly dis-

turbed by European settlement and two outstanding geological landmarks.

Today, it takes a team of managers and forest staff to manage all the resources found in the Northern Unit from forestry to fisheries, wildlife, endangered resources and water resources. But, the number one management goal is providing outdoor recreational opportunities with minimal conflicts for the nearly one million annual

visitors to the forest. People come to the Northern Unit to participate in a plethora of outdoor pursuits including hiking, hunting, camping, picnicking, swimming, horseback riding, snowmobiling, snowshoeing, cross-country skiing, fishing (year-round), canoeing, boating, geocaching, backpacking, wildlife observing, off-road biking, dog training, spirit renewing, and learning.

Tuesday, March 3
BOOK RELEASE

Please join the Kewaskum Historical Society as the village kicks off its 125th anniversary celebration.

Authors Aaron Laatsch & Anne Trautner will tell the story behind the book

"Kewaskum, Wisconsin: The Making Of A Village."

at Holy Trinity Parish Center, 331 Main St. in Kewaskum
Social Hour 5 p.m. • Dinner 6 p.m. • Program 7 p.m.
*Dinner \$15, open to public, reservations required.
Call 262-343-1834 or 262-203-2683 to reserve a spot.
All book proceeds benefit the Kewaskum Historical Society.

Campgrounds in the Kettle Moraine

Benson's Century Camping Resort, Inc.

250 sites with water and electric, separate tenting areas, seasonal sites, and overnight sites. Services offered include limited groceries, L.P. gas, two dump stations, two shower buildings, wood for sale.

For recreation, the grounds offer a swimming beach, two playgrounds, horseshoe pits, volleyball court, recreation hall, game room, lake boat launch, and fishing. Boats and canoes available to rent.

For more information, go to their website at bensonscampground.com or call 920-533-8597. N3845 State Road 67, Campbellsport.

2019 Camping season ends October 15.

Mr. Ed's Campground

Over 1,000 feet of lake frontage. Offers 100 seasonal-only sites on three levels with full hookups including 30- or 50-amp electric, water, sewer, limited accessibility for people with disabilities, call for specifics.

These scenic campgrounds offer Timberlake Lodge Bar and Restaurant, a swimming

beach, private docking and launching for campers only, boat launch, fishing, horseshoes, basketball, and nature trails.

Call to reserve the beautiful cabin on the lake. For more information, go to their website at www.mredscampground.com or call 920-533-4342. N3554 Highway 67, Campbellsport.

Hoef's Resort and Campground

125 seasonal sites and 55 campsites with four different grassy and wooded areas including lakefront sites and the most popular and unique sites on a peninsula. Most seasonal sites separate from campsites. Sites include water and full use of location's facilities.

There is a lake and beach, playground area, horseshoes, basketball, recreation hall, trails, lake boat launch. Fishing bait and firewood for sale.

Rental items include six housekeeping cottages (some on waterfront), boats, paddle boats and canoes. Renters provide bedding, towels, toiletries, garbage bags, soap, etc.

Call 262-626-2221 for

reservations or go to www.hoefresort.com for more information. W9070 Crooked Lake Drive, Cascade.

Breezy Hill Campground

Breezy Hill offers 85 sites, 15 with full hookups (30/50 amp), 70 with water and electric (30/50 amp), 35 pull throughs, separate tenting areas, and eight cabins. Amenities include heated pool, hot tub, general store, pavillion and arcade, basketball, tetherball, volleyball, horseshoe pits, swimming pond and beach, laundry facilities, dish washing station, playground, two jumping pillows, weekend movies, wagon rides, themed weekends, walking trail, catch and release fishing pond, and campsite-wide WIFI.

Breezy Hill Campground is a family oriented campground near Eden. Owners Jon and Jennifer Wiltzius offer fun activities for campers of all ages.

Breezy Hill also offers a full-service overnight horse boarding facility. Hay, water, large stalls, pasture and paddocks are available.

Call 920-477-2300 or visit www.breezyhill-camp.com for more in-

formation. N4177 Cearns Ln., (off County Road B in Eden) Fond du Lac.

Mauthe Lake Campground

The campgrounds at Mauthe Lake have 135 sites, including 51 electrical sites. There is one shower building with flush toilets and several vault toilets. Campsites accessible to people with disabilities are available.

The beach area features playground equipment and concessions available for food, camping supplies, and watercraft rental. A private concessionaire provides firewood when the entrance station is open. A sanitary dump station and recycling/garbage station are provided for registered campers.

An authentic Native American plains tepee is available for rent. Enjoy the unique opportunity to camp in a

canvas reproduction of a Native American plains tepee from mid-May through September.

The tepee is 16 feet in diameter and supported by 25-foot-long wooden lodge poles. Four cots are provided. If you have more than four members in your camping party, there is room on the site to accommodate an additional tent if desired.

No smoking, fuels, flames or equipment such as stoves, gas lanterns, heaters or candles are allowed inside of the tepee. Pets are not allowed. Do not spray insect repellent inside or near the tepee. This is a non-electric "tent only" site. No wheeled campers are permitted.

Mauthe Lake is open for camping year round. For more information call 262-626-4305.

Reservations may be made up to 11

months in advance either online or by calling toll-free 888-947-2757, TTY 800-274-7275. N1490 County Rd GGG, Campbellsport.

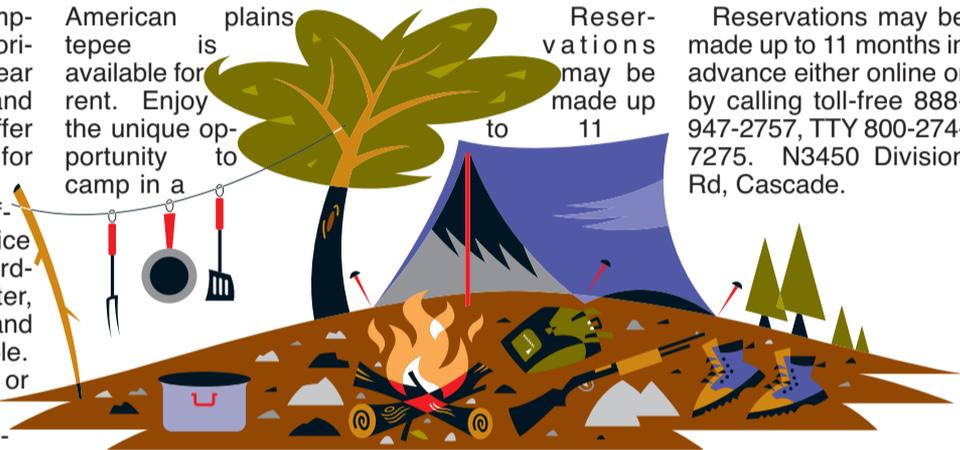

Long Lake Campground

The campgrounds at Long Lake provide 200 sites, flush and vault toilets, and showers. A private concessionaire provides firewood when the entrance station is open. Campsites are available for campers with disabilities. A sanitary dump station and recycling/garbage station are provided for registered campers.

Long Lake Campground is open for camping the first weekend in May through mid-October.

For more information call 920-533-8612.

Reservations may be made up to 11 months in advance either online or by calling toll-free 888-947-2757, TTY 800-274-7275. N3450 Division Rd, Cascade.

Great place to eat, Terrific place to work.

Campgrounds in the Kettle Moraine

Greenbush Group Campground

The Greenbush Group Campground offers nine outdoor sites which accommodate groups up to 40 individuals. Only tent camping is allowed on the actual campsite. Sites are near the Greenbush Trails, where campers can enjoy hiking or off-road biking.

An enclosed shelter building, drinking water, and vault toilets are available nearby.

Reservations are required and can be made up to 11 months in advance either online or by calling toll-free 888-947-2757, TTY 800-274-7275.

Discounted camping rates are available for resident chartered non-profit youth groups.

Greenbush group campground is open for camping April through November. N5854 Kettle Moraine Dr., Glenbeulah.

Backpack Shelters

Five backpack shelters are available year-round for rustic camping along the 31 miles of the Ice Age National Scenic Trail. One backpack shelter is available from

April 1 through November at the Zillmer Trail area.

Each site offers a roofed trail shelter, fire ring, and pit toilet. Drinking water is available less than a mile from each site.

These sites are not accessible by vehicle. All camping equipment must be backpacked in and all refuse packed out. A camping permit is required and you must camp at a designated shelter campsite.

One reservation (camping party) is allowed per site per night. Reservations are limited to 10 persons per site and are limited to one night per site. Another site may be reserved for a second night and a third night at a third site.

To reserve a backpack site, call Reserve America at 888-947-2757, TTY 800-274-7275. Shelters cannot be reserved online.

If you do not have a reservation, you must stop in at either the Forest Headquarters, Ice Age Visitor Center or Mauthe/Long Lake entrance stations (when open) to obtain a camping permit. Site availability is limited for spring and fall weekends and reservations are recom-

mended. A reservation is required for stays longer than two nights along the trail.

If all the backpack sites are reserved for a weekend night on your hiking trip, consider staying one night at the Mauthe Lake campground.

New Prospect Horse Riders Campground

The New Prospect Horse Riders Campground has 22 family campsites with 20/30/50 amp electric service and three group sites. Campers must be accompanied by a horse to stay at the campground.

In the family camping area, each site has a picnic table, fire ring and a 30-by-30-foot graveled area with picket posts and/or pipe corrals where horses are to be kept. The camp area has one drinking water source, an open air picnic shelter, vault toilet, covered stable with 24 box stalls and manure pits.

In the group camp area, each site has a drinking water source, fire ring, four picnic ta-

bles and a manure pit. Group sites A and C each have nine, 10-by-10-foot metal pipe corrals. Group Site B has two tether post areas and 12 pipe corrals. The group camp has a vault toilet. No more than 20 people may occupy a group site.

Campers are responsible to place all hay and manure in the manure pits which are located throughout the campground; wheel barrows and forks are provided. Horses are to be kept in designated areas to protect the green space of the campground.

The campground is centrally located in the state forest and provides easy access to the 33-mile bridle trail which traverses the length of the forest. There also are two loop trails, the 2.5-mile Crooked Lake Loop and the four-mile Forest Lake Loop. All horse riders 16 years and older must have a state trail pass while using the designated bridle trails in the state forest.

The campground opens the first weekend in May and closes the last weekend in October.

For more information call 262-626-2116.

N1765 Highway G, Campbellsport.

Lake Lenwood Beach and Campground

130 total sites, 130 water/electric hookups, 10 pull throughs, dump station, pay showers, offsite storage, credit cards accepted.

Recreation, swimming beach, playground, kiddie beach with slide.

7053 Lenwood Dr, West Bend, 262-334-1335, www.lakelenwood.com.

Lazy Days Campground

79 acres for summer fun and recreation, 313 extra large sites in 3 different grassy or wooded areas.

Spring fed lake for great swimming and great fishing - bass, northern, crappie and perch waiting to be lured onto your hook.

Live bait and tackle available. Amenities include, grocery store, beach, volleyball, park area, arcade, mini golf, firewood, ice, LP gas, bike rental, laundromat, shower building, boat rentals and trailer rentals. We are a pet friendly campground!

1475 Lakeview Road

West Bend, 262-675-6511 or email lzd@charter.net.

Timber Trail Campground

Timber Trail contains spacious campsites providing unusual privacy beneath a canopy of maple and beechwood trees. We are geared toward family camping with an emphasis on fun, 120 acres of fun. The picturesque hiking trails are included as part of the Kettle Moraine Ice Age Trail.

Amenities: whirlpool and heated swimming pool, recreation building with a fireplace, snack bar and ice, hot showers, bottled gas, playground, dumping station, firewood for sale, laundry and groceries, big screen tv and video games, ping pong and pool tables, basketball and tennis courts, ball field and sand volleyball, hiking and fishing, and horseshoes.

Kettle Moraine State Forest Educational Programs

Thursday, August 22 — Shocking Fish Tales Evening Exploration at the Mauthe Lake recreation area picnic shelter, 6:30 p.m.-8 p.m. Addie Dutton, Dept. of Natural Resources Fisheries Biologist, will share the status of the Northern Unit's fish populations and about the tools, from boom and backpack shockers to fyke nets and fish tags, that fishery biologists use in their jobs. Come see first-hand how these tools are used to assess a lake's fish diversity and health. This exploration is for people over the age of 12 years.

Saturday, August 24 — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages 3-5; ages 6-8; and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

Saturday, August 24 — Ssssnakes Drop In at the Beach at the Long Lake recreation area, 1 p.m.-4 p.m. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our fears. Uncover some truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Saturday, August 24 — Tom Pease Family Concert at the Mauthe Lake recreation area picnic shelter, 6:30 p.m.-8:15 p.m. Tom Pease is a one-of-a-kind performer for all ages. He is sure to get your toes tapping, your mouth singing, and your funny bone laughing. This is an outdoor concert, so remember to bring your blankets and lawn chairs. In the event of inclement weather, the concert will be held at the Ice Age Visitor Center (located off Highway 67 half mile west of Dundee). This evening of music is for all ages.

Sunday, August 25 — Ssssnakes Drop In at the Beach at the Mauthe Lake recreation area, 12 p.m.-3 p.m. Slithering across the ground with their tongues flicking, snakes arouse our curiosity or sometimes our fears. Uncover some truly astonishing facts about these legless reptiles and the habitats where they live to gain an appreciation of their role in nature. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Wednesday, August 28 — Ice Age Trail Trekkers meet at the Ice Age Trail Highway 28 parking lot (located off Highway 28 west of Kettle Moraine Drive near Kewaskum), 6 p.m.-7:30 p.m. Join us for a revitalizing 2.79-mile evening hike between Kettle Moraine Drive and Highway 28. A shuttle will be available between the starting and finishing spots.

Friday, August 30 — Step into the Night Hike at the Zillmer Trails, 8 p.m.-9:30 p.m. As the sun sets and the light fades from the sky, the day animals retire and a new group of animals awakens. Bring your bug spray and sense of adventure as we explore the darkness for nocturnal insects. This night hike is best for families/groups with children at least five years old.

Saturday, August 31 — Extreme Saturday Morning at the picnic shelters at the Mauthe Lake recreation area and Long Lake recreation area, 10 a.m.-11 a.m. Calling all youth to come explore the extremes of nature by participating in the Wisconsin Explorers program! The program involves completing a required number of activities in one of three age appropriate books (ages 3-5; ages 6-8; and ages 9+) to earn a very cool patch. Get help from a naturalist who will work with youth on activities from one of the first four topic areas of the books.

Saturday, August 31 — Birds of Prey Drop In at the Beach at the Mauthe Lake recreation area beach, 1 p.m.-4 p.m. We marvel at hawks, owls, eagles, and falcons soaring overhead. Find out what adaptations make these birds such efficient sky hunters. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Area residents and visitors to the Kettle Moraine Forest ice fish on Mauthe Lake. This was part of a Learn to Ice Fish program that the Department of Natural Resources hosts every January on Mauthe Lake. **photo by Andrea Hansen Abler**

Saturday, August 31 — The Universe from Your Backyard Summer Saturday Evening Event at the Ice Age Visitor Center, 7:30 p.m.-8:30 p.m. The universe contains so much more than the naked eye can see, but celestial journeys are possible even from your own backyard. Jeff Setzer, Member of Northern Cross Foundation, will enlighten folks about what's "out there" and how you can see it for yourself without spending a fortune. This program is best for anyone more than eight years old.

Saturday, August 31 — Summer Star Gazing Summer Saturday Evening Event at the Ice Age Visitor Center, 8:45 p.m.-11 p.m. Look through a telescope or binoculars to bring into focus the wonders of the night sky. With the help of experienced night sky observers from the Northern Cross Science Foundation, spy distant planets, dumb-bell nebulas, globular clusters, and so much more. The program will be held only if the skies are clear. This program is best for anyone more than eight years old. Drop in any time and stay as long as you like.

Wednesday, September 4 — Ice Age Trail Trekkers meet at Ice Age Trail/Shelter 1 parking lot (located off County Road H on the north side of the road east of Milwaukee River near Kewaskum), 7 a.m.-8:30 a.m. Come for a stimulating 1.95-mile morning hike between Highway 28 and County Road H. A shuttle will be available between the starting and finishing spots.

Wednesday, September 4 — Yoga on the Trail at the Ice Age Visitor Center, 6 p.m.-7 p.m. Through this intro class, all levels will find benefit; beginners have an opportunity to absorb new elements, and the more advanced have time to go deeper into a practice. Bring a yoga mat if you have one. An engaging experience for those over 10 years old.

Friday, September 6 — The Chirping Choir Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Who are the members of this evening choir? Listen and learn about crickets and their noisy relatives. This hour of nature fun awaits three to six year olds with accompanying adults.

Saturday, September 7 — Eight Legs and Silk Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. Spiders are found in almost every environment on earth. Untangle cool facts about these silk spinners. This program is best for families/groups with children between the ages of six and 12 years.

Wednesday, September 11 — Ice Age Trail Trekkers meet at Ice Age Trail/Shelter 1 parking lot (located off County Road H on the north side of the road east of Milwaukee River near Kewaskum), 6 p.m.-7:30 p.m. Come for a lovely 1.95-mile evening hike between Highway 28 and County Road H. A shuttle will be available between the starting and finishing spots.

Thursday, September 12 — Solving the Mysteries of Hibernation An Evening with Nature Program at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Many animals spend the winter hibernating to avoid the season's hardships. Join Dr. Hannah V. Carey, Ph.D., professor of comparative biosciences and director of Biotron Laboratory, UW-Madison, as she explains the mysteries of hibernation and the new discoveries made by scientists.

She will share how these findings may benefit humans. This program is most appropriate for people over the age of 10 years old.

Saturday, September 14 — Women's Day in the Outdoors at the Mauthe Lake recreation area picnic shelter, 9:30 a.m.-3:30 p.m. Through hands-on activities, gain basic outdoor skills from knot tying and fire building to tent pitching, outdoor cooking, and more. Learn from experienced women how to become comfortable spending time enjoying the great outdoors. Register by calling (920) 533-8322 by September 9. Fee: \$5/person to cover the cost of lunch.

Wednesday, September 18 — Ice Age Trekkers meet at Ice Age Trail County Road H parking lot (located off County Road H on the south side of the road west of Milwaukee River near Kewaskum), 7 a.m.-8:30 a.m. Join us for a beautiful two-mile fall morning hike between County Road H and Eisenbaun Trail where it crosses Highway 45. A shuttle will be available between the start and finishing spots.

Wednesday, September 18 — Trail Run Zillmer at the Zillmer Trail area, 6 p.m.-7 p.m. Join an experienced trail-runner for a run on the two-mile Green Loop. Proper warm-up and cool-down exercises demonstrated. For anyone over 10 years old.

Friday, September 20 — 1, 2, 3, 4, 5, 6, 7, 8 Legs! Nature Storytime at the Ice Age Visitor Center, 9 a.m.-10:30 a.m. What has eight legs? Spiders of course! Discover some fascinating facts about these silk-spinning insect-eaters. This hour of nature fun awaits three to six year olds with accompanying adults.

Saturday, September 21 — Predator vs Prey Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. Who will win — the predators or the prey? Explore what adaptations each possess that help them survive. This program is best for families/groups with children between the ages of six and 12 years.

Wednesday, September 25 — Ice Age Trail Trekkers meet at Ice Age Trail County Road H parking lot (located off County Road H on the south side of the road west of Milwaukee River Kewaskum), 6 p.m.-7:30 p.m. Join us for a casual two-mile fall evening hike between County Road H and Eisenbaun Trail where it crosses Highway 45. A shuttle will be available between the start and finishing spots.

Saturday, September 28 — Tree Houses for Wildlife at the Ice Age Visitor Center, 10 a.m.-2 p.m. Trees provide homes to many different animals. Find out what animals live in the leaves, branches, trunks, bark, and roots of forest and city trees. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Sunday, September 29 — Tree Houses for Wildlife at the Ice Age Visitor Center, 11 a.m.-2 p.m. Trees provide homes to many different animals. Find out what animals live in the leaves, branches, trunks, bark, and roots of forest and city trees. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Kettle Moraine State Forest Educational Programs

Friday, October 4 — Leaves of Many Colors Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Join us as we wander the autumn woods to find as many different colored leaves as we can. We will also solve the mystery of why trees drop their leaves in fall. This hour of nature fun awaits three to six year olds with accompanying adults.

Saturday, October 5 — Nature Printing at the Ice Age Visitor Center, 10 a.m.-2 p.m. Let your artistic energies flow! Using objects from nature, print lovely designs on cloth or note cards. Bring a T-shirt or bandanna or purchase one that day. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Sunday, October 6 — Nature Printing at the Ice Age Visitor Center, 11 a.m.-2 p.m. Let your artistic energies flow! Using objects from nature, print lovely designs on cloth or note cards. Bring a T-shirt or bandanna or purchase one that day. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Thursday, October 10 — Before the Hunt An Evening with Nature Program at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Before you head out to bag a pheasant, buck, or other quarry, join wildlife biologist Josh Jackl to learn what work the DNR wildlife team undertakes to provide good habitat for game animals and wonderful hunting opportunities. He will explain the science that goes into determining hunting seasons, areas, and quotas. Warden Nick Miofsky will also be on hand to share any changes to and answer any questions about the hunting rules and regulations. This program is most appropriate for people over the age of 10 years.

Saturday, October 12 — Creatures of the Night Fall Drop In at the Ice Age Visitor Center, 10 a.m.-2 p.m. Uncover what animals are awake while we sleep at night and how they are adapted to survive under the cloak of darkness. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Sunday, October 13 — Creatures of the Night Fall Drop In at the Ice Age Visitor Center, 11 a.m.-2 p.m. Uncover what animals are awake while we sleep at night and how they are adapted to survive under the cloak of darkness. Everyone is invited to drop in for a few minutes or more than an hour for some nature fun. Adults are encouraged to participate with their children.

Friday, October 18 — What's for Lunch? Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. You may have a hamburger for lunch, but what do the animals eat? Find out what is on the lunch menu for the wild animals of the Kettle Moraine. This hour of nature fun awaits three to six year olds with accompanying adults.

Friday, October 18 — Halloween Nature Hikes at the Mauthe Lake recreation area beach, 6:30 p.m.-9:30 p.m. Look up for those things with wings! Traverse through the dark autumn woods to meet the fast-flying little brown bat, the soaring turkey vulture, dazzling dragonfly, and many more. This is not a scary hike and is best for those over five years of age. Groups leave every six minutes. The last hour-long hike leaves at 8:30 p.m. While waiting for your hike, enjoy playing fun-filled games, making a craft to take home, or snacking by the glow of a campfire. In the event of severe weather, the event will be canceled for that night.

Saturday, October 19 — Halloween Nature Hikes at the Mauthe Lake recreation area beach, 6:30 p.m.-9:30

p.m. Look up for those things with wings! Traverse through the dark autumn woods to meet the fast-flying little brown bat, the soaring turkey vulture, dazzling dragonfly, and many more. This is not a scary hike and is best for those over 5 years of age. Groups leave every six minutes. The last hour-long hike leaves at 8:30 pm. While waiting for your hike, enjoy playing fun-filled games, making a craft to take home, or snacking by the glow of a campfire. In the event of severe weather, the event will be canceled for that night.

Saturday, October 26 — Nature's Unloved Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. Unearth intriguing facts about some of nature's unloved critters including bats, skunks, slugs, and spiders. You may just go away liking them or at least appreciating their role in nature. This program is best for families/groups with children between the ages of six and 12 years.

Friday, November 1 — Those Sly Foxes Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. If you are lucky, you may catch a glimpse of a shy, sly fox. Come investigate the world of these secretive animals. This hour of nature fun awaits three to six year olds with accompanying adults.

Saturday, November 9 — Wild Gobblers Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. What's our state's largest woodland bird? The wild turkey! After discovering all the incredible adaptations of turkeys, you'll understand why Ben Franklin suggested that the turkey might be a better national bird than the bald eagle. This program is best for families/groups with children between the ages of six and 12 years.

Tuesday, November 12 — Thousand-Miler An Evening with Nature Program at Turning Rivers Camp (located off Youth Camp Road between County Road G and County Road S near New Fane), 7:30 p.m.-9 p.m. Millions of people take to the Ice Age National Scenic Trail every year, but only a few intrepid hikers become Thousand-Milers, those who travel the full 1,000-mile route. Join Melanie Radzicki McManus, thousand-miler and author, as she shares tales of her incredible adventures of through hiking the entire Ice Age Trail. This program is most appropriate for people over the age of 12 years.

Thursday, November 14 — Gottfried Arboretum's Create a Winter Wreath at the Zillmer Trail shelter, 1 p.m.-3:30 p.m. or 6 p.m.-8:30 p.m. Using a variety of natural materials, create a beautiful wreath and swag that will enhance your home's winter decor. To register for a session, call (920) 940-8869 (leave a message) or email wiscotmcd@hotmail.com by November 12. Space is limited. This program is best for people over 12 years old. Cost: \$20/person; fee payable to the Gottfried Arboretum.

Friday, November 15 — Oh Deer! Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Deer are one of Wisconsin's largest wild animals. Find out incredible facts about these handsome woodland creatures. This hour of nature fun awaits three to six year olds with accompanying adults.

Friday, December 6 — Chick-a-dee-dee-dee Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Always bright-eyed and full of energy, chickadees add a cheery note to any winter day. You'll be amazed by the lives these tiny birds lead. This hour of nature fun awaits three to six year olds with accompanying adults.

Thursday, December 12 — That Tree — An Unin-

tended Adventure Evening with Nature Program at the Ice Age Visitor Center, 7-8:30 p.m. While recovering from a near fatal car accident, Mark Hirsch, author, became motivated to embark on a unique adventure. He took a photo a day of a lone bur oak tree in a Wisconsin cornfield. Find out how spending time with "That Tree" provided him with a transformative and therapeutic journey of self-discovery, inspiration, and enlightenment. This program is most appropriate for people over the age of 10 years.

Saturday, December 14 — Gifts from the Heart of Nature Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-12 p.m. or 12:30 p.m.-2:30 p.m. Why not create a gift using materials from nature? We will make several crafts from ornaments and sun catchers to pressed flower note cards. Space is limited. This program is best for families/groups with children between the ages of six and 12 years. To ensure plenty of supplies, call (920) 533-8322 by December 12.

Friday, December 20 — Forever Green Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Forever green are the evergreens. Join us as we investigate these truly remarkable trees. This hour of nature fun awaits three to six year olds with accompanying adults.

Friday, December 20 — Winter Solstice Night Hike at the Zillmer Trail shelter, 6:30 p.m.-8 p.m. Gather around the fire as we share traditions of the longest night of the year. We will then travel through the dark woods to find out what animals are awake and braving the cold of a winter night. This program is best for families with children over six years old.

Friday, January 3 — The True Stories of Wolves Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Are wolves really the big bad animals of fairy tales? Join us as we share the true stories of timber wolves. This hour of nature fun awaits three to six year olds with accompanying adults.

Thursday, January 9 — Climate Change — Past verses Present An Evening with Nature Program at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. The Earth has experienced many periods of climate change including ice ages and climate optimum. Learn what past climate changes can tell us about one and this current change differs. The presenter for this program will be Herman Bender. This program is most appropriate for people over the age of 10 years.

Friday, January 10 — Full Moon Walk at the forest headquarters (located off County Road G south of County Road SS near New Prospect), 6:30 p.m.-8 p.m. Traverse the two-mile trail around Mauthe Lake under the light of a full moon. Dress for the weather including snow boots. This walk is best for people over the age of eight years old. Bad weather date: February 8

Saturday, January 11 — Ice Age Legacy Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:45 a.m. With leafless trees and snow covered hills, the glacial landforms pop on the landscape. We'll start at the Ice Age Visitor Center for an overview of our Ice Age legacy and then carpool to see the kames, drumlins, eskers, kettles and other landforms created by the glaciers. This program is best for people over 10 years old.

Friday, January 17 — Silent Snowflakes Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Come for some snowy fun! We'll count the sides of a snowflake, make our own, and go play in the millions of piled up snowflakes. (Hopefully!) This hour of nature fun awaits three to six year olds with accompanying adults.

Kettle Moraine State Forest Educational Programs

Saturday, January 18 — Get Outdoors! Learn to Ice Fish at the Mauthe Lake recreation area picnic shelter, 12:30 p.m.-2:30 p.m. Learn the tricks of winter fishing with experienced ice anglers. We will start inside the Mauthe Lake picnic shelter for a presentation on safety tips and appropriate gear and tackle. Then it's off to Mauthe Lake to try our best at luring those fish out of the water. Equipment, tackle and bait will be provided. This program is best for people over six years old. Special surprises await all who pre-register. To register, call (920) 533-8322 by January 17.

Saturday, February 1 — Candlelight Ski/Hike at the Zillmer Trail Area, 5:30 p.m.-8:30 p.m. Cross-country ski or hike in the Kettle Moraine State Forest-Northern Unit by candlelight. At the bonfire join fellow hikers and skiers for hot drinks and snacks provided by the Friends of the Kettle Moraine. The trail is perfect for novice skiers with no steep hills or sharp turns. The Zillmer shelter building will be open, lit, and heated.

Saturday, February 1 — Winter Star Gazing at the Ice Age Visitor Center, 5:30 p.m.-8:30 p.m. Look through a telescope or binoculars to bring into focus the wonders of the night sky. With the help of knowledgeable night sky observers from the Northern Cross Science Foundation, spy distant planets, dumb-bell nebulas, globular clusters and so much more. The program will be held only if the skies are clear. This program is best for anyone more than 8 years old. Drop in any time and stay as long as you like.

Friday, January 7 — Winter Sleepers Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Who's sleeping away winter? Discover what animals sleep through the cold and snow of winter, and why they do it. This hour of nature fun awaits three to six year olds with accompanying adults.

Saturday, February 8 — Snowshoe, Eat, Sled Exploring Nature Program at the Greenbush Recreation Area Shelter (located off Kettle Moraine Drive between Highway 67 and County Road T near Greenbush), 10 a.m.-2 p.m. Bundle up and get out of the house for some winter fun. After an overview of snowshoeing, we will head out for an invigorating snowshoe walk through the woods. Snowshoes provided for those who need them. Bring a quart of chili to add to the chili dump for lunch at noon. With warm, filled bellies, it's off to the hill for some sledding. Remember your favorite sleds or snow tubes. Come for all or any portion of the day. To register, call (920) 533-8322 by February 7. This program is best for families/groups with children over eight years old.

Thursday, February 13 — Pros and Cons of Feeding Wildlife An Evening with Nature Program at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Many people feed wildlife from birds to deer so that they can observe them more closely. While others think that animals need human help to survive. Join Diane Robinson, Department of Natural Resources wildlife biologist as she shares the best methods for feeding wildlife and the how to avoid the harm that may happen when providing food for our wild neighbors. This program is most appropriate for people over the age of 10 years.

Friday, February 21 — Scampering Squirrels Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Squirrels of all kinds scamper their ways through our forests and backyards. Learn how these energetic creatures are adapted to tree life. This hour of nature fun awaits three to six year olds with accompanying adults.

Friday, March 3 — Rowdy Red-wings Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Look!!! The red-winged blackbirds are back! Spring must not be too far away. Come celebrate the return of the red-wings to the Kettle Moraine. This hour of nature fun awaits three to six year olds with accompanying adults.

Thursday, March 12 — Two Sides of Fire An Evening with Nature Program at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. Many plant communities need periodic fires to remain healthy, while wildfires can cause great devastation to ecosystems and human structures. DNR staff will share how they use fire as a management tool and to prevent wildfires and the great harm they cause. This program is most appropriate for people over the age of 10 years.

Saturday, March 14 — All Things Maple Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-11:30 a.m. Discover what kinds of maples grow in Wisconsin and how to identify them. Find out what products humans make from maples and sample that most famous maple treat — maple syrup. This program is best for people over eight years old.

Friday, March 20 — Spring into Spring Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. Through songs, stories, and games, we will welcome spring back to Wisconsin. We'll even go outside to explore for signs of its return. This hour of nature fun awaits three to six year olds with accompanying adults.

Friday, April 3 — Pink-toed 'Possums Nature Story-

time at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. What has pink toes, a hairless tail and a pouch? An opossum, of course! Discover other interesting facts about the only North American mammal with a pouch. This hour of nature fun awaits three to six year olds with accompanying adults.

Saturday, April 11 — All Tied Up in Knots Exploring Nature Program at the Ice Age Visitor Center, 10 a.m.-12 p.m. There is a knot for every kind of job. Learn how to tie basic knots and how to do simple lashing. To practice your new skills, you will get to make a couple of knot projects. To register, call (920) 533-8322 by April 10. This program is best for people over 8 years old.

Thursday, April 11 — Solving Bird Nest Mysteries An Evening with Nature Program at the Ice Age Visitor Center, 7 p.m.-8:30 p.m. How do birds make nests without arms and hands? What materials do they use? Which bird made what nest? We answer these questions and more as we work to solve the mysteries surrounding bird nests. This program is most appropriate for people over the age of 10 years.

Friday, April 17 — Earth Friends Nature Storytime at the Ice Age Visitor Center, 9:30 a.m.-10:30 a.m. In honor of Earth Day (April 22), learn how to become better friends with the earth and all its critters. This hour of nature fun awaits three to six year olds with accompanying adults.

Friday, April 24 — In Search of Sky Dancers and Spring Noise-makers Night Hike at the Zillmer Trail area, 7:30 p.m.-9 p.m. An early spring evening is the perfect time to search for those incredible sky dancers, woodcock and snipe. As the sky darkens, we will tune in on those nighttime noise-makers, the frogs. This hike is most appropriate for adults and children over the age of six years.

Saturday, April 25 — Earth Week Litter Pick Up at Kettle Moraine Scenic Drive (meet at the forest headquarters off County Road G south of County Road SS near New Prospect), 8:30 a.m.-12 p.m. Help give the Kettle Moraine Scenic Drive a spring cleaning. Join others for a morning of camaraderie and litter pick up. Youth and other groups are encouraged to participate. Bring your own gloves. Garbage bags will be provided. Meet at the Forest Headquarters off County Road G to get your road assignment. After cleaning up, return to the Headquarters for snacks and refreshments. To register groups, call (262) 626-2116. Sponsored by the Friends of the Kettle Moraine.

Holiday Happenings Around The Kettle Moraine

The holidays are always a great time of the year and this is no different around the Kettle Moraine State Forest and surrounding communities. Lots of fun activities can be found.

HALLOWEEN

Halloween Nature Hikes — The fun starts in October with Halloween. The state forest hosts a Halloween Nature Hike. This is a fun and educational hike around the Mauthe Lake Campground that teaches you a lot about the forest and the history of the forest.

This year, the event will be held on Friday, Oct. 18, and Saturday, Oct. 19, from 6:30 p.m.-9:30 p.m. Just go to the Mauthe Lake recreation area and follow the signs to the start of the nature hike. It is great fun for the whole family.

Halloween Caper — The Campbellsport Area Chamber of Commerce hosts a fun Halloween event every year for kids from the area. The Hal-

loween Caper will be held on either Friday, Oct. 25, or Saturday, Oct. 26, from 5 p.m.-9 p.m. It will be held at Campbellsport Elementary School.

The Caper has many activities for the kids to enjoy including hay rides, games, food, entertainment, a haunted hallway and a costume contest. For more information on the event and to find out the exact date, go to the Campbellsport Chamber's Facebook page or its website at www.campbellsportchamber.org.

Trick or Treat — Every community in the area will have Trick or Treating for the kids at Halloween. Many in the area will be held on either Saturday, Oct. 26, or Sunday, Oct. 27, but you will need to double-check with each municipality to confirm the correct day and time.

CHRISTMAS

West Bend Christmas Parade — The City of West Bend hosts its Christmas parade on

Sunday, Dec. 1, at 5 p.m. Enjoy the second oldest Christmas Parade in Wisconsin as it winds its way from Regner Park through historic Downtown West Bend to Badger Middle School. A West Bend tradition, for more information please visit www.westbendchristmasparade.com

Kewaskum Holiday Parade — The Village of Kewaskum hosts a Christmas parade every year. The event will take place on Sunday, Dec. 8, at 5 p.m.

It will have many floats, music and treats for the kids. The parade culminates in the lighting ceremony for the village Christmas tree.

Campbellsport Christmas Celebration — Campbellsport area organizations work together to host the Campbellsport Christmas Celebration every year for area youngsters. The event will be held on Saturday, Dec. 14, from 10 a.m.-12 p.m. with many of the events being held at the Campbellsport Public Library.

This event includes crafts, face painting, musical entertainment and much more.

Check the Campbellsport Chamber and Campbellsport Public Library Facebook pages closer to the event date to find out more information.

Dundee Mill & Park Love Light Tree — The Dundee Mill & Park hosts a Love Light Ceremony every year. This year's event will be on Saturday, Dec. 14. The mill will open at 3 p.m., with the tree lighting ceremony at 4 p.m.

Before the event, you can purchase "Love Lights" in memory or honor of a loved one, yourself, or victim of our country's turmoil. These lights will be lit throughout the holiday season outside of the mill.

Tours will be given during the event. All proceeds raised at this and

the many other events throughout the year will go towards painting the Mill in the next year.

Breakfast with Santa — A Breakfast with Santa is held every year in the Village of Eden. It will be held this year on Saturday, Dec. 14.

Kids can meet Santa at the Helena Feed Mill, corner of Highways 45 and B, at 8:30 a.m. and walk with him to the Eden Fire Station. At the station, the entire family can enjoy breakfast and the children

can talk to Santa and have their picture taken with him.

EASTER

Dundee Mill & Park Easter Egg Hunt — Every year on the Saturday before Easter, the Dundee Mill & Park hosts an Easter Egg Hunt on its grounds. In 2019, it will be held on Saturday, April 11, at 1 p.m.

Children can come out to the Mill and look throughout the park for hidden eggs.

Campbellsport Easter Bag Hunt — The Campbellsport Area Chamber of Commerce hosts an Easter Bag hunt every year on the Saturday before Easter. This year it will be held on Saturday, April 11, at 1 p.m.

Children of all ages can meet in the National Exchange Bank parking lot. They will receive an egg with a number on it and then will walk around to the businesses in town to find the one who has his/her bag of goodies.

Visitors check out all of the cars that were on display at the Dundee Car and Craft Show last year at the Dundee Sportsmen's Park.

photo by Gay Griesbach

Dundee Fall Color Car and Craft Show

Get ready to "Fall into Fun" when the Dundee Annual Fall Color Car and Craft Show kicks off at the Dundee Sportsman's Park on Saturday Oct. 12, 9 a.m. to 4 p.m.

Automotive enthusiasts of all kinds are invited to come out and enjoy a day. The family-friendly free event features something for everyone — including great craft, gift and goody vendors inside. Food and beverages from 9 a.m.-3 p.m. Music from 10 a.m.-3 p.m. Plenty of free parking is available directly on the grounds.

Car registration is from

9 a.m.-12 p.m. Awards and cash prizes in various categories for the registered old classics, hot rods, muscle, trucks, custom, etc. The event is jointly hosted rain or shine by the Dundee Sportsman's Club and the Long Lake Preservation Association. The admission is free.

You can locate the Dundee Sportsmen's park pavilion across from the Exxon gas station in Dundee. Just follow the banners in the area. The address is 3019 Highway 67, Campbellsport.

Everyone is welcome

at this free event. Come and enjoy the day while supporting the local clubs in and around Dundee. Hope to see you there! To learn more, please visit us at <http://longlakepreservation.org/car-show.php>.

The clubs will be accepting greatly appreciated donations. The funds generated will be used to continue with the clubs goals that benefit the community. You can learn more about the club, its goals, and fund raising events at www.dundeedsportsmensclub.com or www.longlakepreservation.org.

This area youngster was excited to find plastic Easter eggs filled with treats during one of the area Easter Egg Hunts.

Special Interest Areas In The Kettle Moraine

The Kettle Moraine State Forest has a lot to offer in its almost 30,000 acres. It includes a variety of terrain that's home to many plants and animals.

Approximately one million people visit the forest each year.

The forest can thank the glaciers for its unique characteristics. This gives the forest some interesting areas that visitors should try to see while visiting the Kettle Moraine State Forest-Northern Unit.

Some of these areas include:

Greenbush Kettle — On Kettle Moraine Drive, one mile north of State Highway 67. This is an outstanding example of a glacial kettle hole. A scenic overlook, viewing deck and interpretive display is just a short walk from the parking lot.

Haskell Noyes Memorial Woods — On County Highway GGG just south of Highway SS. A historical marker greets visitors to this 67-acre State Natural Area. This area is designated as a Wisconsin Wildlife Viewing Area and is included in the national "Watchable Wildlife" program.

Haskell Noyes Memorial Woods is a classic example of southern dry-mesic forest dominated by sugar maple and red oak, with smaller amounts of basswood, white ash, bitternut hickory, and ironwood. The land was purchased in 1947 to prevent imminent logging. Haskell Noyes Memorial Woods is owned by the DNR and was designated a State Natural Area in 1952.

Vista Trail Overlook — At the Henry S. Reuss Ice Age Visitor Center. A short climb up some stairs and you arrive at a viewing platform overlooking a beautiful vista from which you can see drumlins, eskers and ground moraines.

The Visitor Center offers forest information, interpretive displays, and a 20-minute film explaining how the glaciers shaped most of Wisconsin's landscape. You can buy nature books, cloth-

ing, admission stickers, and trail passes there. Public programs are scheduled throughout the year and group programs on request.

Jersey Flats Prairie — On County Highway SS, a quarter-mile west of the village of New Prospect. This restored prairie is a glacial outwash plain. This area is designated as a Wisconsin Wildlife Viewing Area and is included in the national "Watchable Wildlife" program.

Little Mud Lake — On County Highway SS, one-half mile east of County Highway GGG. This site is a State Habitat Preservation Area and is vital for the long-term survival of the red-spotted, blue-spotted, spotted, and tiger salamanders that thrive here. A picnic table and grill are provided at the small parking lot.

Dundee Kame (White Kame) — On County Highway F, a quarter-mile east of Dundee. This conical moulin kame lies within a 468-acre State Natural Area. The kame is known throughout the world by geology students and is often pictured in geology textbooks because of its near perfect form.

Kame Field — Near the intersection of Highway V and Deer Road looking north. The mile-wide view of this spectacular kame field is breathtaking. Visitors can view and experience the rock and rubble and gravel "insides" of a kame up close.

Spruce Lake Bog State Natural Area — North of Dundee on Airport Road, one-half mile west of Vista Drive. This area is designated as a Wisconsin Wildlife Viewing Area and is included in the national "Watchable Wildlife" program. Visitors must stay on the boardwalk trail due to the fragile nature of the bog plants, the presence of poison sumac, and the unstable bog surface.

Spruce Lake Bog features an undisturbed shallow seepage bog lake situated in one of the many kettle holes

characteristic of the interlobate glacial deposits scattered throughout the area. The 35-acre lake has moderately hard water with a pH of 7.5 and supports a dense, floating-leaved aquatic flora of water shield and water lilies.

Milwaukee River Tamarack Lowlands — The Milwaukee River Floodplain Forest features a bottomland hardwood forest with small upland islands located along the East Branch of the Milwaukee River. The site also contains dry-mesic forest and shrub-carr.

The well-structured floodplain forest is dominated by large silver maple and green ash with other lowland trees including hackberry, black ash, and burr oak. Just east of the river are small upland islands with sugar maple and beech. Several spring runs are also present.

Butler Lake and Flynn's Spring — East of Long Lake on Butler Lake Road, a seven-acre lake surrounded by sedge meadow. Butler Lake and Flynn's Spring features a seven-acre shallow hard-bottom lake surrounded by sedge meadow. Previously, the site contained a tamarack hardwood swamp but a few years of high water levels has killed off most of the trees. Nearby Flynn's Spring is a small, spring brook flowing into the south end of Butler Lake.

Adjacent to the lake is Parnell Esker, a geologic feature known worldwide and used extensively for education. The esker is five to 35 feet in height and runs northeast southwest for about four miles. Of particular interest at this site is the presence of two rare species — the unicorn clubtail dragonfly (*Arigomphus villosipes*), and the swamp spreading (*Lestes vigilax*).

Milwaukee River And Swamp — This area is along the Milwaukee River north of Mauthe Lake and includes a large spring that feeds the river.

Milwaukee River and Swamp features an unusual combination of

The Haskell Noyes Memorial Woods is one of the beautiful special features of the Kettle Moraine State Forest-Northern Unit. When you are visiting the forest, spend some time checking out all of the beautiful features of the area.

photo by Andrea Hansen Abler

southern and northern wet-mesic forests situated along 0.75 mile of a slow, meandering warm water stream with accompanying shrubs zones and communities including lowland hardwood forest, conifer swamp, and a small bog lake.

The river bottom is mucky with sand and gravel and there are good populations of northern pike, black crappie, walleye, and several smaller forage species. Aquatic plants include water-lilies, water-milfoil, coon's-tail, waterweed, giant duckweed, water nymph, and several pondweeds.

One large spring, 1,000 feet long, feeds the river in the north portion of the site. Bordering the river is a dense shrub zone that changes abruptly to a yellow birch, white birch, American elm, black ash, and basswood lowland forest. East of the small lowland forest is a more dense conifer swamp of mainly white cedar but also tamarack and black spruce.

A small bog lake occurs in the eastern portion of the natural area.

Spring Lake — Southwest of New Prospect west of County Highway G, this clear, shallow lake has many fish. Various warblers nest in the area.

Spring Lake is a clear, alkaline lake surrounded by fen and northern wet forest with an unusual flora and fauna. Aquatic vegetation is sparse and consists of yellow water-lily, bladderworts, pondweeds, and chara. The shoreline is an undercut bog shelf under which fish find refuge. Northern pike, large mouth bass, perch, bullhead, and green sunfish are found in spite of a maximum water depth of 1.5 feet.

Crooked Lake Wetlands — East of New Prospect on the north side of County Highway SS, this area includes three lakes and various kinds of woods and wetlands. It is home to many kinds of birds.

Crooked Lake Wetlands is a diverse complex of communities including northern wet forest, southern dry-mesic forest, southern sedge meadow, shrub-carr, open bog, and two shallow seepage lakes.

The 65-acre Crooked Lake is one of the larger natural lakes in the county and has a maximum depth of 34 feet. The inlet provides a spawning ground for northern pike while the outlet forms a small tributary of the East Branch of the Milwaukee River.

Kettle Hole Woods — Northeast of New Fane on County Highway S, then north on Forest View Road, this area has woods, shrubs, wildflowers, birds, and frogs.

Located in southeastern Wisconsin's glacial kettle topography is Kettle Hole Woods, an isolated hill forested with southern mesic and dry-mesic hardwoods. Ephemeral ponds are scattered throughout the site.

The mature forest features an excellent canopy of very large trees, primarily red oak and sugar maple with associated beech, basswood, white ash, white oak, and bitternut hickory. Most saplings are sugar maple and beech suggesting that the red oaks will eventually be replaced by other more mesophytic species.

Special Interest Areas In The Kettle Moraine

Kewaskum Maple-Oak Woods — Southeast of Kewaskum via State Highway 28 and South Mill Road, two parcels with interesting wild plants and birds.

Kewaskum Maple-Oak Woods consists of two parcels separated by old field and pine plantation that contain southern dry-mesic and mesic forest dominated by sugar maple, red oak, white ash, and basswood with some beech. Located just east of the Milwaukee River, the southern tract is hilly with southern, eastern, and western exposures and contains a very rich herb layer.

The northern tract is flatter and generally lower, containing very large red oak, white oak, sugar maple, and black cherry. Both parcels have kettle depressions that hold water seasonally.

Kettle Moraine Red Oaks — The Ice Age Trail goes through this area southeast of Greenbush. It has more than 100 kinds of trees, shrubs, and other plants.

Kettle Moraine Red

Oaks is a mature second-growth southern dry-mesic forest which originated in 1889. Composed of red oak, basswood, sugar maple and white ash, it is one of the richest oak forests in the region and contains over 100 species of trees, shrubs, and herbs.

Other canopy species present include big-tooth aspen, white oak, black cherry, and shagbark hickory while the sub-canopy is composed of ironwood, sugar maple, basswood, and ash saplings. The forest is situated on the high interlobate moraine and contains several outstanding dry kettle holes, which provide some diversity in exposure.

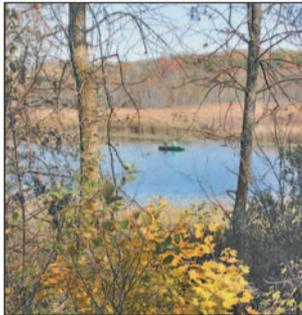

Johnson Hill Kame — South of Highways 67 and U near Woodside and Shamrock roads, a cone-shaped hill formed by water pouring down through a hole in a melting glacier.

Johnson Hill Kame is a "moulin" kame, a conical hill of sand and gravel formed near the edge of the wasting glacial ice sheet by subglacial meltwater

streams that poured downward through cylindrical holes in the glacier. The swirling motion of the debris-laden water reminded early French mountaineers of a moulin (mill in French).

Hundreds of spectacular glacial features can be found within the Kettle Moraine and the Northern Unit contains one of the best displays of moulin kames in the country. Surrounding the kame is both southern and northern dry-mesic forest. The southern slope is composed of red oak, big-tooth aspen, beech, ironwood, sugar maple, butternut hickory, basswood, white oak, and eastern hop-hornbeam.

The cooler north slope consists of basswood and sugar maple with beech, red oak, and eastern hop-hornbeam.

Area's History Comes Alive At Local Museum In Kewaskum

A little piece of local history sits right next to the scenic Milwaukee River on Parkview Drive in Kewaskum, just waiting to be seen.

Actually, there are many pieces of history in the collection that the Kewaskum Historical Society has built up.

The society's museum has the only milk can washer in the state and an authentic log house next door that takes you back to life in the 1840s.

The museum features numerous historic artifacts. It houses the original post office window that was located in Kewaskum, as well as an original doctor's chair that dates back over 100 years ago.

There is information about early farms and steam engines. There are items from a country school and a general store. An old printing press is on display. And numerous historic photographs can be viewed.

"It's a lot of everything," said Dan Schmidt, founder of the Historical Society and vice president.

"I think it's something we need to save. Otherwise our children and grandchildren aren't going to know how things were," he said. "If you want to know where you're going in the future, you have to know where you went in the past," stated Schmidt.

Schmidt said items come from society members, people in the surrounding area and from across the country. Someone in California may have grandparents who pass away who had ties to Kewaskum, and will send photos or other remnants of past generations.

Sometimes, modern technology and the kindness of local businesses pitch in. The milk can washing machine came from the Beechwood Cheese Factory after it was ordered to stop using cans and go to bulk. The factory sold the washer for scrap and then found out the Historical Society was interested. The Heise family promptly bought it back from the scrap dealer and donated it.

The museum opened in 1976, year of the country's bicentennial, and quickly received a unique honor. The society became affiliated with the Wisconsin Historical Society and received a certificate of commendations the same year the museum opened. Normally, affiliation for three years is the standard before commendations are given.

The log house opened in 1982, the culmination of a three-year project. It was donated by the Reysen family, who planned on tearing it down before building a new home on the family farm. Marshal Reysen and his son, Randy, are active society members and have both served as president.

The Kewaskum Historical Society Museum is open on Sundays during the summer between Memorial Day and Labor Day, from 1 to 4 p.m.

During the rest of the year, the society hosts several events to take people back to a simpler time. In February, members visit fourth-grade students in Kewaskum as part of Lumberjack Days. Area youth also learn about the village's history as part of the Kewaskum School District's summer school program.

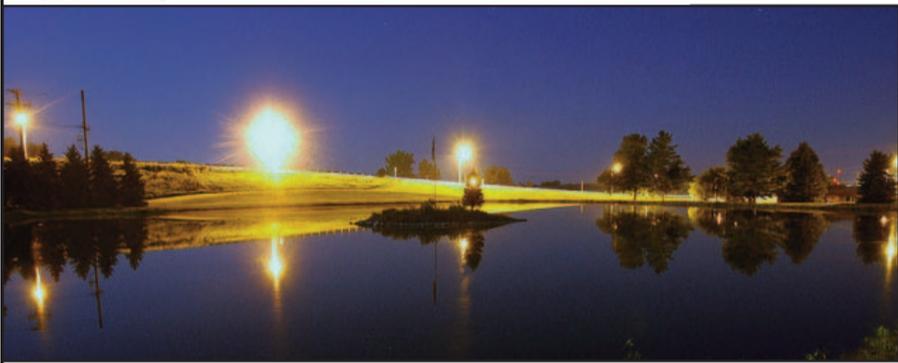

The society's signature event marks the closing of the museum and log cabin for winter. Each year on the Sunday after Labor Day, Early Farm Days packs in 60-80 exhibitors showing off old equipment and machinery along the Milwaukee River. Antique steam engines, gas engines, cars, trucks, threshers, sawed lumber and processed grain can be taken in firsthand. In addition, the event includes refreshments and horse-drawn wagon rides and small, farm animals to pet. The museum and log house will be open throughout the day.

This year's Early Farm Days, sponsored by the Kewaskum Historical Society, will feature horse-drawn equipment on Sunday, Sept. 9, from 10 a.m. to 4 p.m. Admission is free.

Lomira Area Chamber of Commerce

www.lomirachamber.com

The Lomira Area Chamber of Commerce is a organization of local businesses whose goal is to further the interests of local businesses and the communities they serve. We serve the communities of Lomira, Brownsville, Knowles, Leroy and Theresa, in the Northeastern corner of Dodge County, Wisconsin.

Lomira Appreciation Day

Sunday, September 1

Get some free corn and enjoy Appreciation Day at Sterr Park! As always, there will be bingo, a silent auction, kids' games, a live band, the FFA Alumni Tractor Pull, and much more.

The Toys 7:30-11 • Fireworks @ 9

The Lomira Chamber of Commerce was officially formed on January 12, 1972. In 1988, its name was changed to the Lomira Area Chamber of Commerce. In addition to promoting business, the organization sponsors an annual Citizen of the Year award, Santa Visit, a citizen welcome program and a free Labor Day corn roast.

Trails in the Kettle Moraine

One of the great things about the Kettle Moraine State Forest-Northern Unit is the many trails that are available within the forest. You can walk, bike, picnic, ride horses, cross country ski, snow shoe and have a lot of fun on these trails.

The Kettle Moraine State Forest-Northern Unit has more than 132 miles of trails, varying in difficulty, length, and permitted uses. Steep climbs or descents are common. Pets on designated trails must be on a leash (no longer than eight feet long). Parking lots are provided throughout the forest. A state trail pass is required for bikers and horseback riders, 16 years of age and older.

To see a full forest map with all of the trails highlighted, turn to page 2.

Butler Lake Loop: On Butler Lake Road, 1.5 miles east of the Long Lake Recreation Area, the Butler Lake Trail winds more than three miles through the 158-acre Butler Lake and Flynn's Spring State Natural Area.

A portion of the loop trail is shared with the Ice Age Trail. Interpretive displays are set at

the base of the esker and overlook Butler Lake. A picnic table, grill and drinking water are at the trailhead.

Greenbush Loop System: On Kettle Moraine Drive, 2.5 miles north of State Highway 67, the Greenbush Trail recreation area has two trail systems: four loops of challenging mountain bike trails totaling nine miles, interwoven with five loops of hiking trails totaling 13.5 miles.

Hikers and off-road mountain bikers share this multiple-use trail system in season. For safety reasons, these trails are use-specific: hiking is not allowed on the bike trails, and biking is not allowed on the hiking trails.

In winter, the trails are groomed for cross-country skiing. Pets and hiking are not allowed on ski trails. The 1.2-mile Brown loop at Greenbush is lighted for night skiing. The bike trails are excellent for winter hiking and snowshoeing. A heated picnic shelter, picnic tables, grill, drinking water and vault toilets are near the trail head. There is also access to the Ice Age Trail.

New Fane Loop System: On County Line

Road, 1.5 miles east of Kettle Moraine Drive, the New Fane area has two trail systems: four loops of moderately-challenging mountain bike trails totaling 5.5 miles, interwoven with four loops of hiking trails totaling 7.7 miles. A short connector trail allows hikers access to the Ice Age Trail (bikes are not allowed on the connector trail).

Hikers and off-road mountain bikers share this multiple-use trail system in season. For safety reasons, these trails are use-specific: hiking is not allowed on the bike trails, and biking is not allowed on the hiking trails.

An open-air reservable shelter is located near the trail head, and drinking water and vault toilets are available year-round.

In winter, the hiking trails serve as un-groomed cross-country ski trails, and the bike trails are open to winter hiking and snowshoeing.

Parnell Loop: On County Highway U, one-quarter mile west of County Highway A, the Parnell Tower Trail begins its 3.5-mile loop with a series of steps leading to the highest

The Kettle Moraine State Forest-Northern Unit is a beautiful place to visit during the fall months when the leaves are turning colors. This picnic area at Parnell Tower is a fun place to have lunch and then go for a hike.

photo by Andrea Hansen Abler

point of elevation in the forest. There a 60-foot observation tower rises above the treetops for a birds-eye view of the glacial landscape.

The trail follows the Ice Age Trail near a rustic backpack shelter reservable for camping. Picnic tables, grills, drinking water and vault toilets are adjacent to the trailhead.

Tamarack Loop: This trail can be accessed near the Forest Headquarters off County G, or from the Mauthe Lake recreation area off County GGG. This two-mile nature trail is entirely within the Mauthe Lake Refuge and loops around the lake.

This area is closed to hunting, and pets are prohibited on the trail. Flush toilets are available year-round on the headquarter's side.

Spruce Lake Bog Trail: This 0.25-mile, easy boardwalk trail takes visitors through a unique open-lake bog community to Spruce Lake. This site was designated as a National Natural Landmark by the National Park Service, and one can expect to see sundews, pitcher plants, and other rare plant species.

Visitors are requested to stay on the boardwalk, due to the fragile nature of the habitat and the presence of poison

sumac.

Summit Trail: Accessed from the Long Lake Campgrounds (upper 900s loop), the Summit trail is a one-mile nature trail loop which scales Dundee Mountain.

Glacial geology interpretive signs mark this challenging trail to the top of the highest kame in the forest, with panoramic views of the Campbellsport drumlins and other ice age topography. Pets are not allowed on this trail.

Zillmer Loop System: On County Highway SS, one-quarter mile west of County Highway G, the Zillmer Trail Area consists of four loop trails for a total of 11 miles. The south trail head has a heated shelter, vault toilets, picnic tables, grills and drinking water.

Visitors can also access the trail from the Ice Age Visitor Center. A rustic backpack shelter is reservable for camping along the trail.

In winter forest staff regularly machine groom the trails for diagonal and skate skiing. Hiking and pets are prohibited when snow is present. The area is closed to hunting with firearms, except during deer gun and spring turkey seasons.

Moraine Nature Trail:

This 3/4-mile, easy nature-trail loop begins at the Ice Age Visitor Center. A self-guided booklet links to the numbered posts along the trail and identifies the common trees of the Kettle Moraine.

Picnic tables are available at the trail head. Pets are not allowed on this trail.

Lake to Lake Bike Trail: This 6.5-mile limestone surfaced trail connects the Mauthe and Long Lake recreation areas and passes by the village of Dundee.

This gentle trail winds through hardwood forests, prairies, conifer plantations, and lowland swamps.

Off-Road Bike Trails: Off-road biking is only permitted on the Greenbush (nine miles) and New Fane (5.5 miles) loop trails. Normally these trails are opened in late April through November, depending on trail conditions.

It is highly recommended that you not ride while it is raining or within four to six hours after rain has stopped.

A trail pass is required for riders 16 years of age and older. See the current conditions page on the DNR website and/or call ahead to check trail conditions and to make sure trails are open.

Trails in the Kettle Moraine

Wade House Access Trail: A 1.7-mile linear trail that connects the Old Wade House State Historical site in Greenbush to the Ice Age Trail. The trail travels through hardwood forests, a meadow, and the Kettle Moraine Red Oaks State Natural Area.

Limited parking is available at the Wade House parking lot (no overnight parking). Walk one block east on Washington Street to the trail head.

Bridle Trails: Equestrians enjoy 41 miles of bridle trail which are traditionally open late April through mid-November depending on trail conditions. The main bridle trail winds the linear length of the forest of 33 miles. Two loop trails, Crooked and Forest Lake, provide shorter routes totaling more than seven miles.

Volunteers from the Northern Kettle Moraine Horse Trail Association, in cooperation with the state forest, partner

working on projects and special events to enhance the horseback riding experience in the state forest.

A trail pass is required for riders 16 and older. See the current conditions page on the DNR website and/or call ahead to check trail conditions and to make sure trails are open.

Ice Age National Scenic Trail: About 31 miles of the Ice Age National Scenic Trail travels the length of the forest. The moderate to difficult course follows sinuous eskers and tumbled moraines descending into bogs and deep kettles. Five rustic backpack shelters are reservable for camping along the trail. The Ice Age Trail includes various portions of other forest trails.

The Ice Age Trail is a National Scenic Trail located entirely within Wisconsin. The trail is also one of 42 designated Wisconsin State Trails, and the only one

specifically designated as a "State Scenic Trail." From Interstate State Park on the Minnesota border to Potawatomi State Park on Lake Michigan, the Ice Age Trail winds for more than 1,000 miles, following the edge of the last continental glacier in Wisconsin.

One of only eight National Scenic Trails, the Ice Age Trail is intended to be a premier hiking trail and conservation resource for silent sport and outdoor enthusiasts. The trail traverses some of Wisconsin's most scenic landscapes and helps tell the story of the last Ice Age by highlighting Wisconsin's unique glacial features.

The Ice Age Trail travels through 30 counties on state, federal, county and private lands, connecting dozens of communities. There are hundreds of trailheads and access points located along the trail route. More than 600 miles of trail are open. The completed sections

of the trail are connected by less-traveled roadways and other temporary routes.

*Pets allowed on designated trails and must be on a leash (no longer than eight feet long).

Snowmobile Trails: The state forest has a 60-mile network of snowmobile trails which join to county and private trails connecting to adjoining towns and villages. Trails are groomed by four local

snowmobile clubs under contract with the state forest. These snowmobile clubs are Northern Kettle Moraine Crooked Trails, Greenbush Trail Blazers, Kewaskum Sno Chiefs, and New Fane Kettle Riders.

See the current conditions page on the DNR website and/or call (920) 892-7455 to check trail conditions and to make sure trails are open.

Note: Any person who is born on or after January 1, 1985, and who has reached the age of

12, must have completed and received a snowmobile safety certificate in order to operate a snowmobile in Wisconsin. The certificate must be carried while operating the snowmobile, and displayed to a law enforcement officer upon demand. A parent, guardian, or person 18 years old or older must accompany any child under age 12 on the same snowmobile when operating on public areas.

Snowmobile Trails In The Kettle Moraine Area

The state forest has a 60-mile network of snowmobile trails which join to county and private trails connecting to adjoining towns and villages. Trails are groomed by four local snowmobile clubs under contract with the state forest. These snowmobile clubs are Crooked Trails, Greenbush Trail Blazers, Kewaskum Sno Chiefs, and New Fane Kettle Riders.

See the current conditions page on the Northern Kettle Moraine State Forest's portion of the Department of Natural Resources website to check trail conditions and to make sure trails are open. You can also check any of the websites for the Fond du Lac County, Sheboygan County or Washington County Snowmobile Associations.

Note: Any person who is born on or after January 1, 1985, and will be operating on public land, must have completed and received a snowmobile safety certificate in order to operate a snowmobile in Wisconsin. The certificate must be carried while operating the snowmobile, and displayed to a law enforcement officer upon

demand. A parent, guardian, or person 18 years old or older must accompany any child under age 12 on the same snowmobile when operating on public areas.

Fond du Lac County's snowmobile trail system consists of approximately 297.3 miles of groomed snowmobile trails on privately owned land. Of this 297.3 miles approximately 50 miles is located on abandoned railroad corridors. These state-funded trails crisscross Fond du Lac County establishing a network of snowmobile trails for users to enjoy.

For updates on local snow conditions check the Fond du Lac County Snowmobile Association website at fdlsnowmobileassn.com or call 920-929-6840.

Washington County has 186 miles of snowmobile trails. For more information on Washington County snowmobile trails and trail conditions, check out the Washington County Snowmobile Association's website at www.wcasc.org or calling 262-334-6061.

Snowmobile trail maps are available at local businesses. Ride safely! The Eisenbahn Trail is

a main trail to ride in Washington and Fond du Lac Counties. Rules for the Eisenbahn Trail include:

- Speed limits for ATV and snowmobiles in the Village of Kewaskum is 10 miles per hour.

- All users must display valid state stickers.

- ATVs are limited to and must stay on the straight 16-foot wide groomed trail. They must not trespass on any snowmobile trail, farm access road or road crossing leaving the trail. No entry is allowed other than at Lighthouse Lanes or the Kewaskum BP Station.

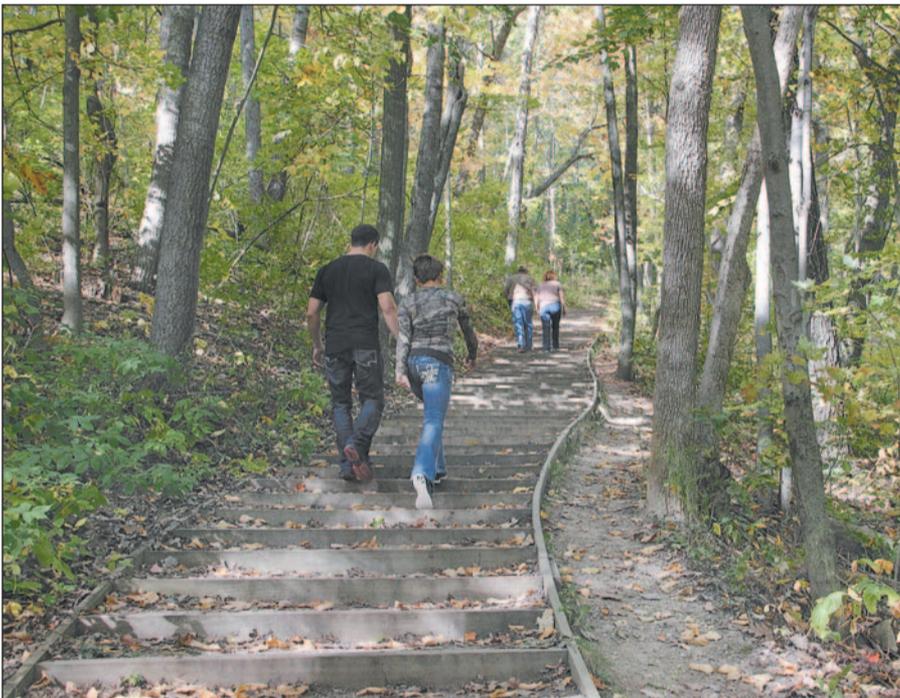

- All state ATV and snowmobile laws apply.

- All town ordinances apply. The Village of Kewaskum excludes ATV use from 2 a.m.-6 a.m.

- All county park rules apply except for hours of operation.

Sheboygan County also has a lot of trails throughout the county and joining the Kettle Moraine State Forest. You can find out more information by going to www.nkmsnow.com.

This website will give you a list and contact information for the local clubs. You can also find a map on this website.

The Kettle Moraine State Forest-Northern Unit is a beautiful place to visit during the fall months when the leaves are turning colors. There are miles of trails in the area to hike and take in the beautiful scenery. When the winter months area here, many use the trails for skiing and some for snowmobiling. There is always something to do, no matter what season, in the Kettle Moraine.

Friends of the Kettle Moraine

The Friends of the Kettle Moraine is a non-profit organization committed to promoting conservation, recreation, and education within the Kettle Moraine State Forest-Northern Unit.

The group was created in the mid 1980s to inform and educate the public. The general goal was to develop a greater appreciation and environmental awareness of Wisconsin natural resources. Specific goals were to enlist public involvement in the activities and future direction of the Forest and to provide financial assistance directly to the Kettle Moraine State Forest – Northern Unit for new programs and activities.

The first meeting of the Friends group, held in July 1984 at the Ice Age Center, was hosted by William Moorman of the DNR Bureau of Parks and Recreation. Local press releases resulted in a large turnout of local citizens who were very receptive to the idea of starting a Friends group. The group elected Gus Christ, Byron Gessner, Jerry Ninnemann, William Stoffel, Irene O’Laughlin, Jerry Schanen, and John Zillmer as board members.

The Northern Unit of the Kettle Moraine State Forest is located 45 minutes north of Milwaukee. The group’s mission is to aid in the understanding of the human and natural history of the forest, so that visitors can enjoy and appreciate the heritage of the Kettle Moraine area.

The specific goals of the organization today include:

- To publicize the unique recreational and educational experiences that are available in the Northern Unit.

- To develop a public appreciation for the Northern Unit and its resources.

- To recruit public involvement in the activities and future direction of the Northern Unit.

- To provide financial assistance for educational programs and other forest projects.

The Friends of the Kettle Moraine has more than 100 individual members and around 10 business members. They are always welcoming new memberships.

The group holds three or four meetings a year and a large year-end informational meeting that includes a meal. Representatives from the DNR are also in attendance at the year-end meeting. The group, along with the DNR, discuss any upcoming projects for the next year.

The Friends have volunteers called trail watchers, who walk the many trails and relate any concerns or trouble spots back to the DNR. These trail watchers are a valuable resource for the DNR.

The Friends of the Kettle Moraine hold an Invasive Species Day each year in cooperation with the DNR to eradicate invasive plants within the state forest.

Visitors can explore 30,000 acres of rolling hills, lakes, forests, grasslands, and parks. There are many trails open all year round for your enjoyment. A great place to start your outdoor adventure is at the Henry S. Reuss Ice Age Visitor Center. You may purchase a state park sticker and park merchandise from the center’s gift

shop. Your purchase helps support the Friends of the Kettle Moraine Forest. The forest hosts approximately one million visitors a year.

Some of the accomplishments that the Friends are very proud of include the signs at Mauthe Lake State Park, a shelter near the Greenbush Trail, a shelter in the New Fane Loop system and playground equipment at the Mauthe Lake State Park.

The Friends of the Kettle Moraine provide a variety of events in the Northern Unit. Many of these events are held at the Ice Age Center. They sponsor a yearly Candlelight Ski in February and Earth Week Litter cleanup in April. They also provide a Halloween Hike in October at Long Lake. This is an educational hike for young children.

The Friends have also funded a number of development efforts in the forest including prairie plantings, playground equipment, invasive species control, construction of trail shelters and maintenance buildings, natural landscaping, interpretive signage, and the purchase of educational equipment, along with a number of others. Some of the more recent additions were the Lake 2 Lake Trail between Mauthe and Long Lakes and the new shelter at the Zillmer Trail area.

The Friends are continuing with many improvements in and around the Ice Age Center. They also have a Land Fund set up. This fund will help with the purchase of more private land in the Kettle Moraine Forest when the land becomes available.

You can find more information about the Friends at <http://friendskmnu.blogspot.com/>. Applications for membership are also available at the Ice Age Center. Anyone can

become a member. Your help with all of their special activities in the forest such as cross-country ski outings, hikes, seminars and many other activities is very important to the forest and to the Friends.

The beginning of the Vista Trail can be found near the Ice Age Visitor Center in the Kettle Moraine State Forest-Northern Unit. The forest is a beautiful place to visit.

Book Release Celebrates History Of Kewaskum

In 2020, the Village of Kewaskum will celebrate its 125th anniversary.

To kick off the village’s celebration, the Kewaskum Historical Society will hold a dinner and program as a new book about the history of Kewaskum is released on Tuesday, March 3, at Holy Trinity Parish Center, 331 Main St. in Kewaskum.

Doors will open at 5 p.m. As guests arrive, they will be able to enjoy beverages as they view displays about the history of Kewaskum and the making of the book.

Dinner will be at 6 p.m. and the program will begin at 7 p.m. Snow date is March 10.

The cost of dinner is \$15. Reservations are re-

quired by calling 262-343-1834 or 262-203-2683.

The program will feature local authors Aaron Laatsch and Anne Trautner speaking about the story behind their new book, *Kewaskum, Wisconsin: The Making of a Village*.

The 296-page, hardcover book will be released at the March event; 100 percent of all book proceeds will benefit the Kewaskum Historical Society.

The book contains historic photos and a comprehensive village history. This “coffee-table” style book also will have memories of local residents scattered throughout the pages.

The book is a culmination of several years of research by Laatsch and

Trautner, who are both volunteers for the Kewaskum Historical Society. Laatsch is a fifth-generation Kewaskum resident with a passion for researching and preserving local history. Trautner is a journalist with the *Kewaskum Statesman* who shares an interest in Kewaskum’s treasured past.

“The goal is to create a book that will carry out the mission of the Kewaskum Historical Society of preserving and documenting Kewaskum’s past,” Laatsch said.

The society maintains a museum and log cabin, as well as an extensive digital collection of photos and documents. Each year, the Kewaskum Historical Society sponsors Early

Farm Days for the entire community. Society members also visit local schools to educate students about the village’s history through regular classroom and summer school programs in the Kewaskum School District.

To celebrate the village’s 125th anniversary, the Kewaskum Historical Society will sponsor other special events throughout the year as well.

A weekend celebration will be held on Friday, June 12, and Saturday, June 13, at River Hill Park. The celebration will include a parade, music, historical re-enactors, Native American dancers, vendors, fireworks, music, a 5K Historic Hustle, entertainment, and plenty of food and fun.

A Geological History Of The Kettle Moraine

Some 20,000 years ago, two lobes of a great ice sheet met along a line extending northeast from Richmond in Walworth County through the Oconomowoc Lake country to Kewaunee County. One lobe moved down what is now the Green Bay-Lake Winnebago area.

Spreading under tremendous pressure, the two lobes met and in the encounter, large blocks of ice were broken off and buried in the glacial deposit or till. As the ice melted, "kettles" were formed, some only a few yards across, others 100 to 200 feet deep.

The ice moved under great pressure, changing shape rather than sliding across the face of the land. As it changed shape, large amounts of rock, gravel, sand and silt were picked up and carried along by the glacier. When the ice melted, this material was deposited, in some instances, across glacier-formed valleys. Some "kettles" were formed this way.

The Kettle Moraine is an area of varied topography — parallel, steep-sided ridges, conical hills and flat outwash plains, mostly composed

of sand and gravel. Many of the conical hills are conspicuous. Holy Hill reaches an elevation of 1,361 feet above sea level and some 340 feet above the stream valley to the east. Sugar Loaf or Pulford Peak (elevation 1,320 feet) is 320 feet above Pike Lake. Lapham Peak (elevation 1,233 feet), where there is a picnic area and observation tower, is 343 feet above Nagawicka Lake.

Similar detached sand and gravel conical hills, called kames, characterize the moraine throughout much of its extent. Some of these kames are cones formed beneath the glacier by surface streams which fell through holes in the ice. The undulating level-topped, narrow ridges called eskers were probably deposits in open cracks (crevasses) in the ice. In some areas the outwash terraces are pitted due to the melting of buried ice masses.

The Kettle Moraine area rises to 300 or more feet above the lands to the east and west yet is not a continuous divide. Maximum thickness of the drift is not known because few wells reach bedrock. It is

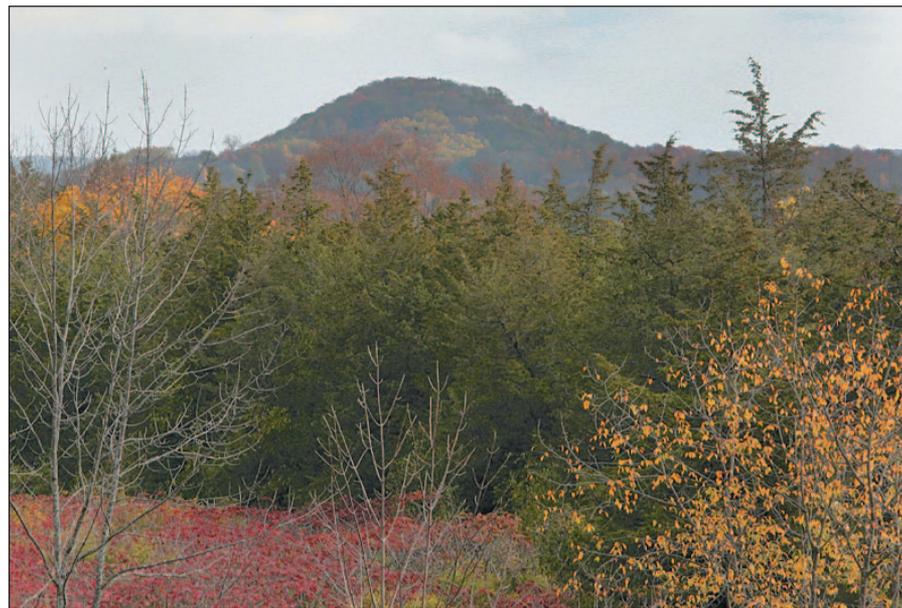

possible that the drift reaches a thickness of 500 feet in some places.

Limestone underlies much of the Kettle Moraine. This formation is 450 to 800 feet thick and dips gently eastward. Its western edge or escarpment extends from Washington Island to the Illinois line near Walworth. It lies 20 miles to the west of Kettle Moraine at Greenbush, is completely covered by the moraine in the Waukesha County area and is eight miles east of the moraine at Elkhorn. Because of the cover of drift, there are few outcrops in the moraine.

Lakes, of several origins, add greatly to the attractiveness of the Kettle Moraine. With the exception, of Pewaukee Lake, which lies in a preglacial valley blocked on the west and east by drift, all lakes in the Oconomowoc area occupy kettles. Long Lake, Big Cedar Lake and Elkhart Lake occupy preglacial valleys between morainic ridges. These valleys were probably occupied by ice blocks and escaped being filled by glacial drift.

State Forest History

After the period of

The Kettle Moraine State Forest is a beautiful place to visit, especially in the fall months when the leaves are turning colors. Many educational activities are planned every week in the forest. There are also miles of trails to walk and bike to check out the beauty of the area.

photo by Andrea Hansen Abler

glaciation, most of the highland surface became forested with fine hardwood timber and the swampy or low areas with softwoods.

Before the 17th century, small bands of roving Indians inhabited the area. With exploration and development of the area during the 18th and 19th centuries by the white settlers, a great change took place.

Fifty percent or more of the land in the northern Kettle Moraine was

cleared and turned into farms. Sixty to 70 percent of the land in the southern Kettle Moraine was farmed. A substantial proportion of the cleared land was submarginal.

Over the years plantings of conifers, such as white and red pine and spruce, have been made in all units of the forest. The pine and spruce will convert to northern hardwood species of maples, cherry, ash and bass-

wood.

With the increase in Wisconsin's population, particularly in the southeastern 16 counties, the need for a large acreage devoted to public outdoor recreation and forestry became evident as early as 1920. In its 1937 session, the Wisconsin Legislature authorized the development of this forest and recreational area.
