SKewaskum STATESMAN

South Eden Robotics Team 4410B-Technocracy Bravo won the VEX Robotics State Tournament on Saturday, March 13. The team actually double-qualified for the World Championships by winning the State Championship and also being awarded the Design Award, given to the team with the most effective and efficient robot design process. Team members include, from left, Garrett Roehl, Jacob Fabry, Joe Krahn, and Braden Heltemes.

Kewaskum Schools To Get New District Administrator

James Smasal To Retire; Dr. Mark Bazata To Become New District Administrator

BY ANNE TRAUTNER

JOURNALIST

The Kewaskum School District will have a new district administrator beginning July 1.

James Smasal, who has served as district administrator since 2012, has announced that he intends to retire at the end of the current academic year, on June 30.

The Kewaskum School Board is promoting Dr. Mark Bazata, who is currently the curriculum director for the Kewaskum School District, to fill the district administrator position. After interviewing him in closed session, the Kewaskum School Board unanimously approved Bazata for the job.

Since January, the Kewaskum School Board has met in closed session each month regarding school ad-

ministrators' contract renewal/administrative staffing. The new arrangement was agreed upon following a closed session held on Thursday, March 11.

The Kewaskum School Board released the following announcement regarding the change in administration:

After nine years of strong leadership, James Smasal, District Administrator of the School District of Kewaskum, announced his intention to retire, effective June 30, 2021. In his tenure at Kewaskum, James [Smasal] has tackled many difficult challenges, including: [district ranking in the] top 20 percent in student achievement while being lowest 20 percent in mill rates in Wisconsin; significant renovations of the school

Highway 67 Improvements In Campbellsport Began This Week

BY ANDREA HANSEN ABLER

EDITOR

It has been talked about for a long time and in the works for almost a decade and now it is here. The Highway 67 reconstruction project through the Village of Campbellsport has begun.

"We're excited to get working on this project, we've been working on it for years," said Rob Wagner, DOT supervision.

On Monday, crews started working on the removal of trees. Many trees along Main Street needed to be cut down for this project. That work started this past Monday and as soon as the trees are down, the rest of the project begins.

The Department of Transportation is doing a full reconstruct of 2.2 miles of the roadway, starting at Baumann Street and going to Triple S. DOT supervisors and the project manager gave residents a final overview of the project during a virtual meeting held on Tuesday, March 9.

Along with the road reconstruction, the Village of Campbellsport will also be replacing all sewer and water mains along this construction route. Most of the pipes under Main Street were installed around

A Treasured Find From The Past

BY ANNE TRAUTNERJOURNALIST

Linda Enright was sitting at her kitchen table in a farm meeting with her husband, Mike Enright, and a vendor when she received a text message on her phone on Friday, March 12.

"Linda, is this your mom and dad?" a friend had texted.

Attached to the message was a picture of an old wallet and some credit cards.

Enright couldn't believe her eyes. The credit cards had her parents' names on them. But the cards had all had expired nearly 50 years ago.

Enright's friend saw the photo after Kevin Zimmer, owner of Wallace Lake Supper Club, shared it on Facebook, asking if anyone knew Mary and Merlin Dreher. The wallet had been found during the demolition of the original Wallace Lake Supper Club dining room in West Bend.

The wallet was found under a floorboard, loaded with credit cards from the early 1970s – and no cash.

A Mystery

Zimmer, who owns Wallace Lake Supper Club, said that the wallet was likely placed there when the building went under renovations in 1972.

"It was clearly put there intentionally," Zimmer said. "One of our workers found it. It was kind of hidden underneath the edge of the hearth. There were loose

| LETTER TO THE EDITOR |

Letter To The Editor

Kewaskum Community Members:

In some way or another we all have been impacted by the pandemic, some more than others. My condolences to those families who have lost a loved one and my sympathies to those families who have suffered economic hardships. But I can't think of another group cumulatively in our community that have been effected more by the pandemic than our vulnerable students.

And we in Kewaskum have been incredibly Blessed and fortunate to have had our schools fully open for in-person learning since last fall! And for those families who needed to make the decision to lower their risk/exposure to the virus, I saw first-hand major improvements that our hard-working District Administrators and Teachers took to improve the quality of education and access our virtual students were receiving; as compared to the past spring when the pandemic abruptly shut everything down.

I'm sure I'm not the only one who has also seen the deep divisions and chasms in our community that this virus has created. It appears you were defined as being on one side or the other. Regardless of what the issue was, it all-of-a-sudden felt that I was being viewed and regarded as on "that" side before the viewpoint was heard.

Which brings me to my purpose for writing this letter to the editor: to ask for your consideration to vote for Lori Bruno-Sommer for the upcoming School Board election.

In this current climate that our community is experiencing right now, (in my opinion) Lori is the right candidate at the right moment because I have known her for many years and I have always seen her put children first! If anyone has gone to or listened to one of our recent school board meetings in the past couple of years, you have undoubtedly witnessed political divisions, unprofessionalism, bullying and just plain lack of decency and respect. I have not witnessed enough discussion-making about OUR KIDS!! The only agenda I look for in a candidate is one who puts our kids FIRST. Lori cares and selflessly gives her time to various organizations and events that benefit kids in our community.

Equally so, the other reason Lori is the right candidate at the right moment for our community is because of her experience as a school psychologist for over 20 years. We all see how the pandemic has effected our kids' mental health. Even before COVID, the mental health crisis amongst our school aged children was at an all-time high.

The ramifications our children will be facing as they grow in our school system are unknown right now. It's just too soon to tell. And many kids will be effected in many different ways. I feel our current school board will be much better served to have her experience and knowledge about a child's mental health in making important fiscal decisions as we navigate a post-pandemic educational system.

Thank you,

Sarah Moris

Dear Editor,

I am writing to endorse Lori B. Sommer for the Kewaskum School District Board. I have worked with Lori for the past five years at Thomas Jefferson Middle School where she serves as our school psychologist.

Lori is an exceptional leader, colleague, and advocate for students. She is committed to the academic, social, and emotional well-being of all students, and is instrumental when it comes to supporting and advocating for our special education students. For all of the time I have known her, Lori has presented as a consummate professional who is dedicated, compassionate, and considerate, that works closely with parents and staff to always put students first.

Lori has two daughters in the Kewaskum School District where she is actively involved in the PTO, Girl Scout Troup leader, and Destination Imagination comanager. Her passion for working with children is evident in all she does. Lori will be an outstanding asset to the School Board and Kewaskum School District.

It is my honor to endorse Lori B Sommer for School Board,

Jennifer Meerdink

TJMS School Counselor

PUBLISHER'S LETTER

The Essence of Humanity

Dear Reader,

I was reminiscing about a story by A.A. Milne, the author of the Winnie-the-Pooh series, about a knight in magnificent armor riding boldly about the countryside. Everywhere he went, he pressed by-standers, way-siders and just about

everyone in his path, even to the point of threatening them with bodily harm.

This knight spoke and even shouted out his capabilities and challenged all to take him on to their sure defeat. Well, defeat goes both ways. At a certain point, as inevitably happens in the story of the human condition, he met another knight in a joust who swiftly knocked him off his horse and put him flat on his backside. When the loud knight pulled off his shiny, intimidating armor, the reader learned he was not some stalwart robust fighter, but rather a skinny old man scratching his head wondering who and what he is.

Fast forward to now and to us, we who live beyond storybook land and in modern times – aren't we sometimes like this knight in shining armor? Don't we "armor

up" with jewelry, necklaces, watches, Mont Blanc pens, Prada, Polo, or anything else that will enable us to parade about like a bold knight?

It is a bit comical to think we

It is a bit comical to think we can ward off attacks with the glare of precious metals and gems, or the soft glow of brand

name clothing. We don't have to go down this path. We need to look inside and find ourselves – what do we stand for? What do we believe in? What are our core competencies? What is our place in a tiny corner of this big Universe? What can we do with it to make things better? Who can we count on to help us?

Looking out on the horizon, one sees so many opportunities to aid our fellow travelers in life. There is so much need out there which offers such a chance to those in a position to help. We can take off the armor and genuinely be a part of the fabric of life. That is the real battle, against poverty and oppression to help as a part of the kindness in humankind.

POLICE NEWS

Washington County Sheriff's Office Reports

West Bend Lakes Fire

On Sunday, March 14, at 1:51 p.m., the Washington County Sheriff's Office was notified of a structure fire at West Bend Lakes Golf Club, located at 1241 State Highway 33 in the Town of Trenton.

Washington County sheriff's deputies, a Newburg police officer and the Newburg Fire Department responded to the scene. The caller stated there was smoke coming from the ceiling in the bar. The first arriving Newburg officer advised that there were flames and smoke observed in the kitchen behind the exhaust hood of the deep fat fryers. Approximately 20 people were evacuated from the building without injury.

The building is a two-story structure with a pro-shop,

Washington County Sheriff's Office Reports - fire On Sunday, March 14, the Washington County Sheriff's Office was notified of a structure fire at West Bend Lakes Golf Club, located at 1241 State Highway 33 in the Town of Trenton. No one was injured, but the building and contents are

bar, kitchen and dining area. The fire quickly spread into the attic rafters, then out of the roof. Fire personnel arrived on scene and ultimately extinguished the fire. The fire was contained to the main building and did not spread to any other outbuildings. The building and contents are a total loss. Estimated monetary value of structure and contents is yet to be determined. The origin and cause of the fire is still under investigation by the Newburg Fire Department.

Personnel from the following fire departments responded: Newburg, West Bend, Saukville, Fredonia, Grafton, Cedarburg, Port Washington, Kewaskum, Allenton, Boltonville, Filmore, Waubeka, Slinger and Hartford, and WE Energies assisted on scene.

No fire or police personnel were injured.

State Patrol Report

Michael T. Norman, 58 years of age, from Merrill, has been arrested by the Wisconsin State Patrol Fond du Lac Post for operating a motor vehicle under the influence, sixth offense.

A trooper stopped a 2008 Dodge Ram for deviation from designated lane following a driving complaint on I-41 southbound near Fond du Lac. The driver, identified as 58-year-old Michael Norman of Merill, was found to show signs of impairment. Upon further investigation, including Standardized Field Sobriety Tests, Norman was arrested.

An evidentiary blood draw was completed, and Norman was booked into the Fond du Lac County Jail. Charges include sixth offense operating while under the influence and operating while revoked.

"Pursuant to the direction of the Wisconsin Supreme Court, as found in Supreme Court Rule 20:3.6, Trial Publicly, you are advised that a charge is merely an accusation and that a defendant is presumed innocent until and unless proven guilty."

Telephone Scams Targeting Individuals About Scheduling Vaccine Appointments Reported

The Froedtert & the Medical College of Wisconsin health network is being notified by patients of fraudulent calls they are receiving claiming to be from network representatives seeking credit card information to schedule a COVID-19 vaccine appointment.

These calls are not from Froedtert & the Medical College of Wisconsin health network and the health network would not ask for credit card information over the phone relating to a vaccination appointment. These fraudulent calls are being reported from the phone number 1-800-805-5880 and the caller ID states it is from "Froedtert Systems."

If you receive such a call asking for credit card information, do not respond and hang up. Call recipients may note the telephone number (if available) and contact their local law enforcement agency to report the incident.

For more information on what to do if you fall victim to an identity theft scam, visit the Wisconsin Department of Agriculture Trade and Consumer Protection website: https://datcp.wi.gov/Pages/Publications/Phishing402.aspx.

Coronavirus coronavirus when will you ever

Everyone Who's Been Suffering

POEM BY DAVID P. CARROLL

Our world has changed Like never before and it's so sad Every day because our lives have changed So much in life today and so many families suffering Like never before and this killer virus is here to stay And we where all caught and unaware and it's

In the air and Isolated from our loved ones every day And there's know happiness or joy in our lives today It's just an other loved one who's sadly passed away And coronavirus walks among us every day And we try our best to struggle through This horrible coronavirus storm Trying to stay safe and keep ourselves warm And the pain and hurt it's brought us and There's nothing much to gain and our Peace and love has all gone away And it's just a lonely tear rolling down my face and I've been

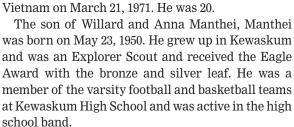

Crying inside this cold lonely old place And all the pain running though me every day

Just go away and I cry for the loved ones who's sadly Passed away and I'm still cocooning away and Every day and I'm lost without you in my life and The world has changed so much Coronavirus every day in our life And the darkness surrounds the world today And it's so cold and painful every day and I feel the chill up and down my spine every day And our warm hugs and soft kisses Have just all faded away and Just like our loved ones fading away And nobody to hold at night And nobody to whisper I love you goodnight And as a lonely tear rolls down my face I try to smile and remember your beautiful face As coronavirus has slowly taken you away But I promise you all I'll love And pray for everyone Who's been suffering from coronavirus Every day.

50-Year Commemoration Salute To Be Held Sunday

American Legion Post 384 will hold a 50-Year Commemoration Salute In Memoriam of James Walter Manthei, who was killed in action in the Vietnam War on March 21, 1971. The service will be held Sunday, March 21, at 1 p.m. at the Wisconsin 9/11 Memorial, located at 1308 Fond Du Lac Ave. in Kewaskum.

Warrant James Walter Manthei was killed in action in

Manthei graduated from Kewaskum High School in 1968. He went on to graduate from E.C.P.I. Computer School in Milwaukee in 1969 and was employed at Regal Ware, working in the finish department as a ware handler on the second shift.

He entered the service on Sept. 17, 1969. He completed a helicopter pilot course at the Army Primary Helicopter School in Fort Walters, Texas, following which he underwent advanced flight training at the Army Aviation School, Fort Rucker, Ala., where he graduated as a warrant officer on Nov. 18, 1970, and received his wings and bars. He was transferred to Savannah, Ga., after which he spent a 30-day leave at home before leaving for Vietnam on Feb. 13, 1971.

On March 21, 1971, Manthei was working as a copilot for the Army's First Aviation Brigade when the tail rotor of the helicopter he was flying was shot by enemy fire while he was supporting ground troops in Laos. Both Manthei and the other pilot, David Lancaster, broke their necks during the crash and died, according to military reports.

Manthei was the first casualty of his flight school class.

On his page at the Virtual Vietnam Wall of Faces website, Bob Malecki wrote, "Jim was one of my classmates in flight school at Fort Wolters, Texas. I remember him as a friendly, easy going, happy-golucky guy who was always smiling. Jim had many friends. His good humor often lightened up the stress that we all faced during training. And Jim loved to listen to music. His favorite tune was 'Dream,' by the Everly Brothers. During our few periods of relaxation, his stereo would fill the halls with that song. In fact, he'd play it continually and he sang along. After a while somebody would usually beg him to stop. His laughter was appreciated, but his singing was hard to bear."

Manthei is buried at Peace Church Cemetery on Highway 28, just west of Kewaskum.

Manthei's name is inscribed on the Vietnam War Memorial Wall at 04W-064

Carol M. Koltz

Carol M. Koltz, 45, of Eden passed away Tuesday, March 9, 2021, at Froedtert Hospital in Wauwatosa after a long battle with cancer.

She was born on March 3, 1976, in Fond du Lac, the daughter of James and Gloria (Stoffel) Twohig.

She received her Associates Degree from Moraine Park Technical College which is where she met her husband, Duane Koltz. They were married on September 19, 1998, at Our Lady of Angels Catholic Church in Armstrong.

Carol worked as an insurance agent at Smith & Hatch Insurance.

She was a member of Shepherd of the Hills Catholic Church where she was also a Eucharistic Minister. Carol was also a member of the Campbellsport Cougar Booster Club, Eden Fireman Ladies Auxiliary, and Eden Athletic Association. She enjoyed bowling, camping, and attending her sons' sporting events. Above all else, she cherished the time spent with her family.

Carol is survived by her husband, Duane "Dewey"; sons, Kyle and Kody; parents, Jim and Gloria; brothers, Jeff (Heidi) Twohig and Jim "Elvis" (Kim) Twohig; in-laws, Richard and Janet Koltz, brother-in-law, Daniel (Rebecca) Koltz, her godson, Colin Twohig, and many nieces, nephews, other relatives and friends.

She was preceded in death by her grandparents, Mary and James Twohig and Shirley and Jerome Stoffel.

Visitation was held Sunday, March 14, from 3 to 6 p.m. at Shepherd of the Hills Catholic Church, W1562 County Road B, Eden and on Monday, March 15, from 10 to 10:45 am also at church.

A Mass of Christian Burial followed at 11 a.m. at Shepherd of the Hills Church. Rev. Mark Jones will officiate and burial will be in Our Lady of Angels Cemetery, Armstrong.

In lieu of flowers, memori-

In lieu of flowers, memorials are appreciated to Fr. Mike Shea's Sarnelli House, Eden Fireman Ladies Auxiliary, and Campbellsport Cougar Booster Club.

cial thank you to the staff at Froedtert Hospital, Collen Costello, and Bill and Laurie Hatch for their care and compassion.

"God saw you getting tired and a cure was not to be. So he closed His arms around you and whispered "come follow me." You didn't deserve what you went through, and so he gave you rest. God's garden must be beautiful, He only takes the best. And when He saw you sleeping, so peaceful and free of pain, we could not wish you back, to suffer that again."

Twohig Funeral Home, Campbellsport, served the family with online guestbook and condolences at www.twohigfunerals.com.

Delores "Dee" M. Ward

Delores "Dee" M. Stump) Ward, 69, passed away peacefully on Monday, March 8, 2021, at her home in Kewaskum, surrounded by family.

She was born on September 7, 1951, in Illinois to W. Austin and Margaret (Kaufman) Stump.

Dee enjoyed family time, volunteering, quilting, needlepoint, reading and traveling.

Dee is survived by her step-son, Steve Ward and wife Katherine Taylor; five step-grandchildren, Alexandra, Isabelle, Andrew, Christian, Ethan; and six siblings, Kay Brown, Kathy Redington, Michael Stump, Marie McDonnell (Thomas), Trisha Lehman, Connie Mottley (Terry); and sister-inlaw, Marge Buchholz. In addition, Dee is survived by numerous nieces and nephews.

Dee was preceded in death by her husband, Dave Ward; her parents, W. Austin and Margaret Stump; her brother, Richard Stump and brotherin-law, Daniel Redington.

Visitation will be at the Phillip Funeral Home on Sunday, March 14, 2021 from 1:00 until 2:15 p.m. Interment will be a later date at St. Lucas Cemetery in Kewaskum.

A Funeral Service will be at 2:30 p.m. on Sunday, March 14, at the Phillip Funeral Home Chapel (1420 W. Paradise Dr. West Bend, WI 53095) with Pastor Tim-

(262) 338-2050 / www.phi llipfuneralhome.com

Geraldine "Gerry" Mueller

Geraldine "Gerry" (Horwitz) Mueller, 82, of Farmington was called home to be with the Lord on March 5, 2021, at Kettle Moraine Gardens in Kewaskum surrounded by her family.

Gerry was born in Milwaukee to Hyman and Helen (Fayta) Horwitz.

She was united in marriage to Glen Mueller on December 16, 1961 at Gloria Dei Lutheran Church in Milwaukee.

Gerry graduated from Rufus King High School in Milwaukee.

She was a newspaper reporter and writer for the Fond du Lac Reporter and the Kewaskum Statesman. Gerry was a charter member of the New Fane Kettle Riders Snowmobile Club where she also served as safety in-

structor for many years.

She enjoyed 50 years of country living with her dogs and horses which she loved.

After retirement Glen and Gerry enjoyed many camping trips to Northern Wisconsin and Minnesota, and also liked the casino trips - win, lose or draw.

Those Gerry leaves behind to cherish her memory include her husband of 59 years, Glen; son, Quin (Donna) Mueller; "special daughter," Stacy Mueller; step - granddaughter, Melissa Stommel; three step - great - grandchildren, Hannah, Logan, and Hailey; sister, Kathleen (Richard) Kiesner, and niece, Wendy Smith. She is further survived by cousins, other relatives and friends.

Gerry was preceded in death by her parents, and parentsin-law.

Graveside Service for Gerry was held on Tuesday, March 9, at Wisconsin Memorial Park (13235 W Capitol Dr. Brookfield, WI 53005) and Pastor Timothy Henning officiated.

A Big Thank You to Angie and the staff at Kettle Moraine Gardens for their excellent care and compassion during Gerry's time there.

Please consider signing our online guest book (www. myrhum-patten.com) to share your condolences with the family. Memorials to Threshold Senior Day Services (600 Rolfs Ave – West Bend, WI 53090), or cards addressed to the family may be sent in care of: Myrhum – Patten Funeral and Cremation Service, 1315 W. Washington Street, West Bend, WI 53095.

Myrhum-Patten Funeral & Cremation Service has been entrusted with Gerry's arrangements.

Glenn E. "Minnow" Haas

Glenn joined our Lord after passing away unexpectedly at his home on Sunday, March 7, 2021.

He was born in Ozaukee County on May 21, 1940, to Raymond and Florence (Borchardt) Haas.

He grew up at St Paul Lutheran Church in Grafton, where he was baptized and confirmed. He attended St Paul Lutheran Elementary and Middle school, as well as Grafton High School.

Glenn was an active member of St John Lutheran Church in New Fane.

He worked for Joseph P Jansen Construction prior to his employment with Hunzinger Construction. He retired in 2004, after 23 years with the company following a work injury.

He was a long time member of Cement Masons/Plasterer Union Local #397, and Local #599.

He enjoyed spending time with his family, and was a very proud grandpa. He rarely missed a football game, performance, or other school events of his grandkids.

He enjoyed watching and talking about the Packers, Brewers, Badgers, and NASCAR racing.

He was an avid sportsman, enjoyed his deer and bird hunting, as well as spending many hours on the water fishing with his best bud Warren. He enjoyed spending time with his team mates on his dart ball league for several years. He could be found sitting outside looking out over the lake and watching his birds at his feeders.

Glenn leaves behind his four children, Randall Haas of Milwaukee, Wendy (Steve) Domres of West Bend, Penny (John) Best of Random Lake, and Debbie (Brad) Hoffmann of Cleveland; his nine grandchildren, Zach (Abby) Haas of Florida, Holli Marie and Natalie Haas of Milwaukee, Amber (Fritz) Koehler of Fredonia, Ryan (Jillian) Walber of Pewaukee, Korey Walber Crawford (TJ) of Random Lake, Nathan Best (Emily), Tyler (Julie) Best of Random Lake, Hanna Best (Jordan) of Platteville; greatgrandchildren, Summer and Fritzy Koehler of Fredonia, Jaxon and Quinn Crawford of Random Lake, Grayson and Ella Walber of Pewaukee, Ava and Connor Best of Random Lake, Amaya Cross, and Kylia Harris of Milwaukee; and grandpups, Chloe and Ellie. Glenn is further survived by his brothers, Howard (Diane) and Richard (Cheryl) Haas; Aunt Viola Sievers, and lifelong best friend, Warren

He has been welcomed to eternal rest by his parents; sister, LaVerne Kassens; brothers, Robert, Harold, Allen, and Ronald.

Lemke, as well as his former son-in-law, Tim Walber, and

several nieces and nephews,

and many friends.

A visitation was held on Wednesday, at the Mueller Funeral Home from 2:30 to 4:45 p.m.

A funeral service was held on Wednesday, March 17, at 5 p.m. at the Mueller Funeral Home, 979 N. Green Bay Rd. in Grafton. Interment took place at Immanuel Cemetery in Cedarburg. Online condolences may be sent to the Haas family by visiting www.muellerfune ralhome.com.

Glenn was loved by many and will be greatly missed by his family, friends, and neighbors.

It's not goodbye Dad, it's see you later!

Loretta Kleinmann

Loretta Kleinmann died peacefully surrounded by family on March 7, 2021.

Born in Germantown, on June 22, 1922, to Andrew and Catherine Steger, one of 4 children, she grew up on a farm during the Depression.

In her early 20's she met the love of her life, Gerald "Jerry" Kleinmann, who lived on a nearby farm. Jerry was a good friend of her brother, Norbert. They married on August 22, 1945.

When discussing children, Mom said she wanted 4 and Dad said "how about 6?" Well, they had 8! Mom did an amazing job raising a big family. She was always there for us, putting her family first. Mom and Dad loved to go dancing, spending many evenings at the Nightingale Ballroom with friends, dancing to polka and big band music. Mom became an excellent seamstress, sewing many outfits for not only herself, but for all the children. At Easter we were all proud to walk into church, with our new clothes. They were devoted to their Catholic faith and were active in their church communities wherever they lived.

Mom supported Dad in his many endeavors which led to living in many different homes through their married life. Their biggest move was to Florida in 1978, residing in Brooksville and then Ocala. In the warm Florida weather, they became avid walkers. They made many good friends wherever they lived.

During their 18 years together in Florida, Mom and Dad loved to travel around the country visiting many national parks and their family.

After Jerry died in 1996, Mom lived in Florida for another seven years before moving back to Wisconsin to be closer to her family.

Loretta is survived by her children, Joyce (Modesto) Tavarez, Eileen (Tim) Robinson, Rosemary (Greg) Theisen, John Kleinmann, Wayne (Sue) Kleinmann, Richard (Lori) Kleinmann, Steve (Karyn) Kleinmann, Mand her brother Norbert of Aurora, CO; and brother-inlaw, Elroy (Donna) Kleinmann of Menomonee Falls. She is also survived by 14 grandchildren and nine great-grandchildren.

Loretta was preceded in death by her husband, Gerald; her infant daughter, Janet; and two grandchildren, as well as her brother, Ray and sister, Marcella.

The family would like to thank the staff at the Samaritan Health Center in West Bend for their loving care provided to Loretta over the last five years.

A Private Memorial Service is being held at The Phillip Funeral Home of West Bend. See www.phillip funeralhome.com for photos and memories.Live streaming of the Memorial Service will be at 1 p.m. on Thursday, March 11, on the Phillip Funeral Homes Facebook page.

page.

Your Help is Wanted!

Volunteers Needed for Home Delivered Meal Program in West Bend

The Washington County senior dining home delivered meal program needs volunteer drivers in the West Bend area on Mondays.

Volunteers would pick up meals at Meadowbrook Manor, 475 Meadowbrook Drive, West Bend, and give approximately one hour to take noon meals to homebound persons.

Anyone willing to deliver meals and have your mileage reimbursed should call the Aging and Disability Resource Center of Washington County at 262-335-4497 or 1-877-306-3030 for more information.

Family of Chuck Vorpahl Thank You

Chuck proudly worked at the Gehl Company for 45 years as a Master Scheduler. He enjoyed his job and the people he worked with. Chuck took great comfort in having nightly scripture readings and we take great comfort knowing he's in heaven with Jesus. The family would like to thank everyone for their support and prayers.

WALLET FOUND from page 1

floorboards right next to the hearth, so it was kind of half underneath the hearth, half underneath the floorboards."

Enright vaguely remembers her mother's purse being stolen around that time.

"My mom would not have parted with her credit cards willingly," Enright said.

In 1972, Enright was a freshman in high school. The supper club was called Dot's Club and was run by Dot Jonas, who lived above the restaurant in the second-floor apartment with her husband, Nick Jonas.

The restaurant was known for turtle soup back then. "My brother Randy used to catch turtles for my mom to make soup," Enright recalled.

Enright thinks that perhaps her mother's purse was stolen after she had placed it on the staircase that went from the kitchen up to Dot's apartment.

"I remember my mom and the other waitresses used to put their purses on that staircase. They would take a step and put their personal belongings, and then they would go in the kitchen and work," Enright said. "I have to wonder if whoever took her purse was working on the fireplace at the time. They could have stolen that purse, taken the cash out of it and strategically placed it underneath those floorboards, who knows."

The find brought a piece of the past back to Enright and her family.

"A part of me wanted to go there and pick it up and have it. To see it and touch it and feel it, because both of my parents are deceased," Linda said. "My dad has been gone 30 some years already. And my mom died about 11 years ago."

Enright contacted Zimmer, and he said that he had it in a display case at the supper club, and she could pick it up at any time.

So Enright and her sister, Shelly Lewis, went to the supper club on Sunday, March 14, to look at the relics.

It seemed fitting to Enright that the wallet would be at the supper club.

"My mom is part of the history of that place. She was a cook and a waitress there. She worked there a lot of years. And for him to put it behind a glass case for people to put on display, I'm compelled to leave it there for at least a little while," Enright said.

Kevin Zimmer (right) talks with a worker as they renovate the old dining room in the Wallace Lake Supper Club. A wallet was likely hidden in the room in 1972 under a floorboard beside the hearth. **ANNE TRAUTNER PHOTOS**

Renovating Buildings

Zimmer and his wife, Amy, have been renovating the building since they bought it in February 2020. They added on to the back of the building to create a new dining room. On the second floor, they are creating two air bed and breakfasts they will rent out. The two apartments will each be equipped with a washer and dryer, and the plan is to rent them out for at least a three-day stay.

The old dining room is being converted into a larger kitchen. Two handicapped accessible restrooms are also being added to that area.

Over the years, the supper club has had several different owners and different names. Most recently, it was Walden – A Supper Club, before becoming Wallace Lake Supper Club.

The fireplace and bar were added to the building in 1972. Zimmer feels the wallet was likely hidden at that time

"It is ironic that the fireplace and that bar went in 1972 and that was the newest date that we could find on anything in that wallet," said Zimmer, who agrees with Enright's theory about the wallet being stolen.

The Wallace Lake Supper Club is not the first building the Zimmers have renovated. They also have renovated the old Goodyear building that now houses The Hub Coffee coffeeshop, as well as Bibinger's and Culaccino in West Bend, to name a few of their projects.

"Renovating buildings is a little more than a hobby. We don't fish, hunt or golf. We buy orphaned properties and we put a lot of money into them to make them look new," Zimmer said. "This one is pretty special because it is a supper club that we really didn't want to see

Kevin Zimmer looks at old bottles that were found while renovating the Wallace Lake Supper Club.

changed too much. The staff was probably the biggest motivator for us to buy this one."

Some of the employees have been working at the supper club for over 10 years. The Zimmers have wanted them to continue working, so they have kept the supper club open during the remodel.

"When we bought it, I think the average staff members had been here for about 12 years. They have been together for a long time," Zimmer said.

The Zimmers appreciate the employees and offer a profit-sharing program, with 50 percent of the profits going back to the staff, according to Zimmer.

A wallet was found under a floorboard in the Wallace Lake Supper Club. The wallet, which was likely hidden there in 1972, contained credit cards belonging to Mary Ann Dreher and Merlin J. Dreher.

Uncovering The Past

It is estimated that the building that is now known as the Wallace Lake Supper Club was originally built in 1885, according to Zimmer. The wallet was likely hidden during the 1972 remodel, when the fireplace was added.

The wallet is just one of numerous items that have been uncovered while renovating Wallace Lake Supper Club.

A well-worn pair of shoes and a medicine bottle were hidden together in the attic of the supper club. Those items piqued Zimmer's curiosity, so he did a little research on them. The 12-ounce prescription bottle is from Louisiana, but Zimmer is not sure how it ended up in Wisconsin.

The shoes, which were made by Leonard, Shaw and Dean, a Massachusetts shoe manufacturer, date back to somewhere between 1885 and 1910. The shoes have holes in the soles and mismatched shoelaces.

"I have heard that sometimes a well-worn pair of shoes were placed in a wall or the attic for good luck. These shoes were clearly well worn," Zimmer said, explaining his theory on why those could have been placed in the rafters.

Among the other items found in the walls were a fisherman's prayer, a Christmas card, socks, a softball and numerous bottles. Hundreds of old milk bottles and ketchup bottles were found piled on top of the septic tank

For Zimmer, finding things from the past is one of the rewards of renovating old buildings. $\,$

"I love taking the buildings apart and putting them back together. I like seeing the different layers," Zimmer said.

In the Wallace Lake Supper Club, he got to see many different layers. There were at least four different wall-papers on top of drywall, which was placed on top of a clapboard wooden siding.

Zimmer has found old items in other buildings he has renovated as well. He has used those items to create a time capsule.

"Usually when we do these properties, anything that we find that was hidden or in the walls that was notable, we place in the last wall we finish and seal it up inside the wall," Zimmer said.

That is his plan for the items found in the Wallace Lake Supper Club. The items are currently displayed in a case in the restaurant, but they will eventually be sealed inside a wall.

"We will put everything back together and put it back into the wall, probably somewhere in the foyer area. Who knows, maybe in 100 years somebody will pull it out," Zimmer said.

DISTRICT ADMINISTRATOR from page 1

James Smasal

Dr. Mark Bazata

facilities and upgraded athletic fields below budget; built a solid, talented team of effective educators, support staff and leaders; and, most recently, the challenge of keeping our schools open and our students in school during the past year when many districts around the state elected to keep their schools closed for in-person education. We thank James [Smasal] for his leadership, his hard work and efforts in moving our district forward in a positive direction.

As we transition, we are extremely excited to announce that we have promoted Dr. Mark Bazata, current Curriculum Director, to the position of District Administrator. Mark [Bazata] has been with the district since 2014 and has served in several leadership positions. With the district's support, Mark [Bazata] received his Ph.D. in 2018 and his District Administrator license in 2019 from Marian University, Fond du Lac. Mark [Bazata] is well qualified to lead, and his passion for the School District of Kewaskum and our Community is evident.

Being able to develop talent and promote from within is a WIN-WIN for the school district. Ultimately, it saves money for the district, is more effective and provides for good continuity of leadership. It is also a testimony to the quality and focus of our leadership team within the district over the past nine years. The Board of Education conducted an extensive interview and voted unanimously to promote Dr. Mark Bazata as District Administrator of the School District of Kewaskum.

"Dr. Mark Bazata is a strong match for District Administrator of the School District of Kewaskum. I am very pleased, on behalf of the Board of Education, to welcome Mark in working together to ignite a passion for learning," Board President Jim Leister stated.

Hiring a District Administrator is one of the most important roles placed on the Board of Education. Please join us in thanking James Smasal as he moves on to a hard-earned retirement and embracing and congratulating Dr. Mark Bazata in his new role.

Sincerely,
Jim Leister, President

LOCAL NEWS

Boys And Girls Club Offers Egg Hunt Basket Kits

Due to Covid-19, the Boys and Girls Club of Kewaskum will not be able to host its annual Egg Hunt this year. The club has decided to put together 100 egg hunt basket kits for community members to pick up and do at home.

Each basket will have 10 eggs with goodies stuffed inside. Each participant is allowed to sign up for no more than four basket kits. The club also will be holding an egg toss competition and an egg coloring competition. Grab your family members and record yourself tossing an egg back and forth, outside. Whip up your most creative coloring skills and color an egg. Don't forget to take a picture of your egg. Post your video and/or picture on our Kewaskum Club's Facebook page and the winner chosen will receive a

Baskets can be picked up at Kewaskum Elementary School on Thursday, April 1, from 4 to 5:30pm. Please use the back parking lot of the school located next to the playground (shared parking lot with District Office building). The baskets will be located at the back door of the school (Door 2).

Please sign up by March 31. You can also spread the word to any other community members you know who might be interested. Please register at: www. eventbrite.com/e/kewaskum-boys-girls-clubs-eggbasket-kits-tickets-144071115585.

Kewaskum Restaurants Raise Funds For Food Pantry

Last weekend, two Kewaskum restaurants, Cousins Subs and Dairy Queen, donated \$1 to the Kewaskum Community Pantry for every mint shake sold in a friendly competition between the two businesses. Together, the two restaurants raised more than \$800 for the food pantry throughout the two-day promotion, which was held Saturday, March 13 to Sunday, March 14.

Franchisee and Cousins Subs owner Keith Novotny came up with the initiative after the response to some friendly banter between the two restaurants sparked community interest. Community members around town and on social media began referring to it as the "great shake debate."

'Since both restaurants are locally owned and heavily involved in their communities, we thought it would be a great idea to have a fun, friendly competition that also gave back to the community," Novotny said. "The Kewaskum Community Pantry has been there for countless individuals throughout the pandemic, so we want to support them in that continued effort."

Cousins Subs, a sandwich shop located at 1010 Fond du Lac Ave. in Kewaskum, "won" the competition by selling more than 350 shakes and raising an additional \$115 in customer donations.

Campbellsport Blood Drive News

BY MIKE SERWE

KNIGHTS OF COLUMBUS BLOOD DRIVE CHAIRMAN

The Campbellsport area Red Cross Blood drive was held on Tuesday, March 9. The Red Cross collected 46 total units from 47 folks who came in.

We had four walk in donors, but due to a full schedule of appointments, they were not able to donate. If we were able to get them in, we would have had 51 folks from the area willing to donate! We appreciate our walk in donors, but the Red Cross can only handle so many people in the time given them. Please don't be discourage, hopefully you can make an appointment in future drives.

We saw many new faces stop in to donate, especially many people from the Kewaskum area. Our two young first time donors were Kylie Zehren and Isaac Theis. It is so nice to see first timers have a good experience donating blood.

This was a very smooth drive, the longest wait time for just a few donors was about five minutes. If you are considering a donation, it is best to call for an appointment at 1-800-RedCross, even if you are not sure of the time you can come in. This assures we have enough staff.

Every donor should be proud of themselves for helping our community assist people in need. For every unit collected, three lives can be saved. From this blood drive, our donors have the possibility to help up to 138 other people!

The "Rapidpass" system the Red Cross has allows donors to read material and answer questions online the day of the drive, that speeds up your donation time. This program along with appointments,

save donors about 15 minutes. This makes more time for all our donors. We highly recommend future donors to use both of these systems next time they donate blood.

Area sponsors that help with the Red Cross Blood drive are: Campbellsport Knights of Columbus, St. Matthew's Parish, Campbellsport Alliance, Immanuel Lutheran and United Christian churchs, CHS Family & Community Service, Women's Farm Bureau. True Value Home & Hardware Chris and Barb Schanen, Schlaefer Optometrists, Campbellsport News, Smith & Hatch Insurance, Campbellsport Lions' Club, Wright Veterinary Service, Twohig Funeral Home, Loehrs's Meat Service, National Exchange Bank & Trust, Ruby Heating & Cooling, Campbellsport Piggly Wiggly, H&R

Block 25, Ken Ketter Insurance Agency, NBC Embroidery, Weiland Excavation, Heinecke Auto LLC, Campbellsport Snow Cougars, K-W Drywall, and the Campbellsport Chamber of Commerce.

Special appreciation for the volunteer women that feed and care for our donors. Due to the restriction on food, we were not able to have our normal dinner, snacks and homemade goodies. With the help from Kevin Harvey, of Campbellsport Piggly Wiggly, he came up with a great plan to have pre-packaged sandwich's, string cheese and snacks to feed our donors, which went over well. If anybody would like to join our helpers, please give me a call at 533-8114.

The Campbellsport Area Blood drive is a great way to pull our community together for a very worthwhile cause, to help save lives.

HIGHWAY 67 from page 1

the 1930s and those along Fond du Lac Avenue are also pretty old. So while the roadway is being removed, this was the perfect time for the village to update all of that piping.

The project is being done in three phases. The first phase will start on the east side of town between Triple S and Elm Street. In this portion, a new concrete overlay will be placed on the Milwaukee River Bridge.

The next phase will be on the east side of town, starting at N. Baumann Street. This portion is planned to start in June with hopes of completion by the end of August.

"We plan to have that portion in front of the school done by August for the start of school," said Jeff Spaeth, project manager.

The final phase will be between the school and Elm Street. This includes the business district.

Traffic Impacts

Throughout the construction process, the highway will be closed to through traffic from N. Baumann Street to Triple S Road.

Local access to businesses and properties in the work zone will be maintained.

Reconstruction of driveways and trenching for utilities may limit access to properties adjacent to Highway 67 for a very short period (less than a day). A member of the construction staff will notify property owners of driveway work prior to any access limitations.

"If you can use side roads throughout the project, that would be safer," Spaeth said. "Emergency vehicles will have access at all times."

A signed detour will direct motorists to use US Highway 45, Highway 28 and I-41.

Funding

Governor Evers signed a \$9.042 million contract for this project. The state will be paying for the costs of the reconstruction and repaying of the streets and sidewalks.

The Village of Campbellsport will be paying for the installation of the sewer and water laterals.

Vinton Construction Company of Two Rivers is the prime contractor.

Project Improvements

The project includes reconstructing Highway 67 to install new base aggregate, pavement, curb and gutter, sidewalk, storm sewer, urban shoulders, parking lanes and utilities (water and

Some Campbellsport residents gathered at the Campbellsport Municipal Center to participate in the virtual meeting on Tuesday, March 9, about the Highway 67 road construction project. Most people attended the meeting from their homes but those who couldn't log on from home had the option to come to the village board meeting room to participate in the meeting.

sanitary sewer). The bridge over the Milwaukee River will receive a concrete deck overlay and structural repairs.

"The road in general is not going to be any bigger than it is," Spaeth said.

Someone asked during the meeting whether there would be designated bike lanes added. Spaeth explained that the parking lanes will be a bit bigger to accomodate for bicyclists.

"There is no designated bike lane that is on there," Spaeth said. "It just will not be a designated bike lane (but there will be room for bikes)."

Project Benefits

The traveling public will enjoy an improved ride with enhanced safety at each intersection. Residents of Campbellsport will benefit from new sidewalks, new watermain and upgraded sanitary sewer.

Street Lighting

The current street lights will be taken down during construction. These same lights will be put back up at the end of the project.

If there are some that are in bad shape, the utility may repace a couple. The village is not planning to replace all the street lights as part of this project.

Though some lights may be moved to a different location from where they are

CAMPBELLSPORT GLANCE BACKWARDS

5 Years Ago March 17, 2016

In a special board meeting on March 14, the Campbellsport Village Board discussed the former Aurora Building project. The current plan for the building is to become the future site for the Village Hall and Community Center. Board members were made aware of the intervention of the Construction Business Group which inquired about the estimated cost of the project, which determines prevailing wage requirements for the job. This new information came as an unexpected surprise. Discussion of the bids was tabled until more information is known.

The Easter Bunny is coming to the Campbellsport area on March 26.

Lois Zingsheim of Campbellsport received the Outstanding Instructor award from Moraine Park Technical College during a banquet held recently in Beaver Dam. Zingsheim, former owner of The Amber Inn in Campbellsport, is a culinary arts instructor at the Fond du Lac campus for MPTC.

An Army Reserve soldier assigned to the Manitowocbased 377th Support Maintenance Company won the 103rd Sustainment Command (Expeditionary) Best Warrior Competition Soldier category at Camp Dodge, Iowa, February 21. Pvt. Beau Oestreich, a Campbellsport native, won the Soldier portion of the competition and will proceed to the next level - Best Warrior Competition at the 377th Theater Support Command later this year. Oestreich has been in the Army Reserve for three years and serves as a utility service repairer.

Teenagers often think being an adult and managing time and money is an easy task. However, reality often proves differently. On March 3, juniors at Campbellsport High School participated in a personal finance/time management simulation called Get Real. This provides students the opportunity to experience adult and family life and all of the corresponding financial and time responsibilities.

The St. Matt's B boys basketball team went 13-0 this season with a first place finish in the Divine Savior Tournament in Kiel. Members of the team included Mason Willacker, Joseph Volz, Joey Nerat, Colton Schodrow, Noah Fleischman, Billy Schrauth, Colton Zurn, and Luke Flitter.

15 Years Ago March 16, 2006

The Campbellsport Village Board approved the comprehensive plan. This plan details the future growth plan for the village. It specifies where areas of residential, commercial and industrial development will be allowed to occur. This plan is specified to go from 2006 to 2026.

Members of the Eden Village Board discussed reconstruction of Shady Lane with Dick Guell at the March 16 meeting. Guell is chairman of the Town of Eden and a representative of the county. Shady Lane is being reconstructed because of the development of the last phase of the Grahl Meadows subdivision. According to Fond du Lac County, a bypass lane will need to be constructed on Highway V.

The Campbellsport Police Department and Wisconsin Department of Corrections are holding a sex offender information and education meeting. This is an informational meeting only and no offenders are being released into the community there.

The Campbellsport School District announced the valedictorian and salutatorian for the Class of 2006. Rachel Ann Kluck is the valedictorian and Travis Zehren is the salutatorian.

Two round-trip tickets on American Airlines to any

destination in the Continental United States plus \$200 in spending cash was given away as the grand prize at the CAA banquet this past weekend. The prize was donated by the family of Jerry Pelischek. Winners off the prize were Tony and Brenda Fleischman.

Members of the Campbellsport Village Board approved bidding the training tower for the Campbellsport Fire Department during the March 13 meeting. Members of the fire department will donate most of the labor, and other materials have already been donated for construction of the tower.

Eighth grader Trisha Oestrich and seventh grader Amanda Salm from Campbellsport are heading to the state forensics meet.

The Campbellsport Wrestling Club had 10 members who qualified for the Youth State Wrestling Tournament in Madison on March 24-25. They included Alex Costello, Zachary Heberer, Jacob Hawley, Codi Wilch, Zachary Wetzel, Eric Gonwa, James Hawley, Payden Salm, Bo Seibel, and Cody Seibel.

A son, Owen Walter, was born March 9 to Steven and Sarah Davis of Malone. A daughter, Grace Anna, was born March 9 to Joel and Jennifer Wagner of St. Cloud.

Robert A. Haensgen, 64, Mount Calvary, passed away March 11. Helen E. Schmitz, 83, passed away March 15. Sr. Anna Eberhardy, 92, Campbellsport, passed away March 12.

25 Years Ago March 14, 1996

The Eden Village Board discussed the Center Street reconstruction project with the village engineer at the Monday night meeting. The board decided to proceed with the reconstruction, and have the village engineer

advertise for bids on the project.

A meeting with the members of the Town of Eden Board and the Village of Eden Board took place Monday night. The joint meeting was called to discuss the possible formation of a committee to pursue land purchase for future park needs in the Eden area. A committee of Dennis Immel, Bob Goebel, Dick Guell, Lee Fowler and Joe Majerus was selected to study the possibility of purchasing the land for future park use.

Carcel Salm, coach of the Campbellsport High School Cheer Team, was honored with this year's title of 1996 Coach of the Year Runner-up for the UPA National Cheer and Dance Championship. Fifty-eight teams competed at the annual event, and the Campbellsport team placed fourth in the SH Class II division and won the stunt team competition.

Seamus McCready and Gary Goebel were selected to the Flyway Conference basketball All-Conference teams for the 1995-96 season. The two Campbellsport players earned First Team honors.

The Campbellsport FFA and FFA Alumni continue to enjoy the support of many area businesses as they promote agriculture and agricultural education. Through the generosity of Ashford Mutual Insurance, the Quick Quail program became a reality at CHS. The new hands-on classroom curriculum provides organisms to study which fit neatly into a teaching unit. Students' attention stays on the topic due to the hands-on approach and daily interaction with the quail.

50 Years Ago March 18, 1971

As a school, Campbellsport finished second at the Lomira sub-district Forensic contest on Saturday with 10 local contestants being awarded A rank, making them eligible to continue in state competition. Earning a trip to state competition are Maria Lopez, Debi Sklener, Tina Guenther, Jeanne Freund, Diane Witkowski, Ellen Collier, Lori Gilray, Barb Mathieu, Julie Pesch and the play cast of Dawn Sklener, Marge Pugh and Maureen Murphy.

Kindergarten for the fall term at Jt. School District 28 became closer to reality Monday night when the Board at its monthly meeting authorized the purchase and installation of cabinets in the kindergarten room for \$1,648. The kindergarten room has been designated the first room north of the present administration office.

Mrs. Leo Lang was cited for special services in Girl Scouting during the observance of Girl Scout Week last Thursday. She was presented with a 20-year pin.

Six paintings and six pieces of craft work by artists from nine communities were selected as entries for the state art show at the Wisconsin Regional Artists Show held at the University of Wisconsin, Washington County Campus. Among the winners in painting was Dawn Sklener, whose scratch board entry entitled Nutritious Philosophy received an award.

The awarding of continual membership certificates highlighted the Lions Club dinner Tuesday. Thirty-five year pins were given to Frank Thiel, Leo A. Hoffmann and Herman Paas. John Collier and Everett Miller were awarded two-year pins for perfect attendance; Arthur Brandt and Charles Algiers had perfect attendance for one year.

A daughter, Julie Kay, was born March 6 to Mr. and Mrs. Joseph Reimer. A daughter, Michelle Jean, was born March 13 to Mr. and Mrs. Bruce Soyk.

Mrs. Sadie Oehler, 84, West Bend, passed away March

75 Years Ago March 21, 1946

District Attorney S. Richard Heath announced today he would be a candidate at the spring election for municipal judge to succeed Judge George M. St. Peter, who announced last week he would not seek re-election.

In the state contest "More and Better Corn for Wisconsin," sponsored by the Blaney Hybrid Seed Company of Madison, Reginald Pierret of Campbellsport High School won second prize for his entry of Hybrid No. 464 (100 Day Maturity). Agricultural instructors throughout the State have reported that this contest has been very educational in teaching the characteristics and uses of hybrids of different maturities, and in selecting the maturities best suited for each locality.

Rev. Walfred Erickson will be guest speaker at the 10 o'clock worship service at First Baptist Church. Until his honorable discharge within recent days, Rev. Erickson served as Chaplain with the 3rd Army in the European Theatre for two-and-one-half years.

An interesting discussion on whether or not the Lions should sponsor a junior baseball club this year was brought up at the regular meeting of the Lions Club. No definite stand was taken by the members.

100 Years Ago March 17, 1921

While the village of Eden and the surrounding country has always been "there" when it came to do things, the following article recently published has brought the fact to the attention of the public and gives one a good impression of what the people in our neighboring village are really doing.

Last Monday, Prohibition Officer T.W. Martin of Green Bay, accompanied by Deputy Fred Schlasck of the sheriff's office, arrived in Campbellsport. After deputizing Pat

Murphy, Frank Bauer, Henry Kloke, Ed Harter and Marshal John Schaefer, proceeded to make raids on several places where they suspected or had been informed that "moonshine" was being handled or manufactured.

The Knickel-Krans Co. received a letter last Sunday morning containing a draft for \$20 in payment for goods stolen from them several years ago. The letter from a pastor stated that the money had been entrusted to him by a person who several years ago, while in straightened circumstances, had broken into the Knickel-Krans Co. store and stolen a suitcase and several articles of clothing.

Lester S. McAuley, 33, passed away March 12. Mrs. Friederike Wilhelmine Hafemann, 64, Town of Mitchel, passed away March 11.

Mrs. Marie Krembs announced that her new spring and summer millinery has arrived and invited the ladies of the area to stop in to see the beautiful new line of merchandise.

KEWASKUM'S DAYS GONE BY

5 Years Ago March 24, 2016

The Kewaskum Junior Women's Club was officially chartered with the General Federation of Women's Club's on January 12, 1967, with 32 members. Since then, the club has done countless things for the community. Over the life of the club, nearly \$78,000 has been donated to various causes. The membership is now small and the group is seeking new members.

Over the past eight months, members of the Kewaskum School District's Long Range Plan Committee have studied issues to identify challenges and needs throughout the school district. The committee has narrowed its scope in an effort to address immediate concerns at Kewaskum High School and Kewaskum Middle School, such as soundproofing walls, securing entrances and updating the heating, venting, cooling and mechanical systems. The committee is comprised of approximately 55 people.

Kewaskum Elementary School students know how to dance. On March 18, the students performed African dances during an assembly held in the school gym. The students and staff members showed off their moves, which ranged from break dancing and the moonwalk to the sprinkler and tumbling moves. Sonya Thompson and DeMar Walker from Ko-Thi Dance Company in Milwaukee spent the last week teaching the young dancers different African dances.

On March 17, Kewaskum High School students were among more than 1,000 high school juniors from high schools across Washington County who attended the second annual Washington County College and Career Fair at the Washington County Fair Park & Conference Center.

Teacher Eric Joslin kissed a calf during the Kewaskum High School FFA Olympics on March 18.

Jan Chapman, Kewaskum Schools Pupil Services Director, received the "Making A Difference Administrator Award" from the Wisconsin Council of Administrators of Special Services (WCASS) Region VI at a ceremony held in Green Lake on March 11. Chapman was nominated by a group of former students, parents, and colleagues from the school districts of Cedarburg, Germantown and Kewaskum.

Fred Unke of Kewaskum Frozen Foods gave a presentation on March 16 that included explaining where different parts of meat come from on a cow and a pig. Students who are taking an animal to the county fair attended the presentation. The attendees included members of the Slinger FFA, Kewaskum FFA, Hartford FFA, Wayne Crusaders, Addison Achievers and Fond du Lac County FFA.

Fifth graders at Kewaskum Elementary School graduated from the D.A.R.E. (Drug Abuse Resistence Education) program on March 18. The New Fane Sportsman's Club donated \$500 to purchase books and supplies for the school's D.A.R.E. program. In addition, the Kewaskum Elementary School PTO purchased D.A.R.E. shirts for the students.

Brandon Thull, Kewaskum High School running back, will be at spring training next year for the University of South Dakota. He will be a preferred walk-on.

A daughter, Sarang Ann Miller, was born February 18 to Kevin and Hilary Miller. Marian L. Vogt, 85, Town of Wayne, passed away March 19. Tory A. Russell, 79, Kewaskum, passed away March 17. Gordon Becker, 77, Kewaskum, passed away March 17. Leona A. Wagner, 94, Kewaskum, passed away March 14. Infant Leah Aubrey Limbach passed away March 14.

15 Years Ago March 23, 2006

Residents from the Village and Town of Kewaskum gathered March 16 at the municipal building Annex to hear plans for the smart growth planning with Washington County for both municipalities.

A freshman teacher at Kewaskum High School has been charged with drug possession and drug paraphernalia possession after a Washington County Sheriff's Department deputy stopped him for erratic driving on March 11. Scott J. Schilz, 23, Hartford, began teaching in the technical education department of Kewaskum High School in August 2005.

With less than a year of municipal government under her belt, Town of Kewaskum supervisor Ellen Dettwiler submitted her resignation to the chairman and fellow board members on March 17. She stated in an email that she did not want her name attached to the town's proposed land use plan.

There was a great turnout for the annual pancake breakfast of Salem United Church of Christ of the Town of Wayne. The all-you-can-eat meal included potato and buttermilk pancakes, large breakfast sausages, applesauce, milk, coffee and homemade dessert. Over 300 pounds of potatoes were used and more than 400 tickets were sold.

Habitat for Humanity of Washington County board members Roger Neuman of Kewaskum and Mike Brown were pictured working on drywall at the recently rehabbed Washington Street condo during a workday. The upper and lower condo will be the center of attention during an open house and dedication to be held March 26

On March 28, the Kewaskum FFA will be holding its annual rabies clinic at the Kewaskum Veterinary Clinic.

The Campbellsport Police Department and Wisconsin Department of Corrections are holding a sex offender information and education meeting. This is an informational meeting only and no offenders are being released into the community there.

St. Michael/Holy Trinity Parish held a woman's retreat on February 25 at Cedar Valley Retreat Center. Forty-eight women gathered for the day entitled "Sharing The Joy." Events included exploring the joyful mysteries of the rosary, song and worship and Tai Chi led by Jo Gross.

The Campbellsport Wrestling Club had 10 members who qualified for the Youth State Wrestling Tournament in Madison on March 24-25. They included Alex Costello, Zachary Heberer, Jacob Hawley, Codi Wilch, Zachary Wetzel, Eric Gonwa, James Hawley, Payden Salm, Bo Seibel, and Cody Seibel.

The Brenda Oelhafen Memorial Award was presented by Jim and Carol Oelhafen to Cindy Dornacker of the Wayne Crusaders 4-H Club for her leadership, project work, and community service.

Kelly Zimmell and Andrea Gust attended grade school at St. Lucas Lutheran School in Kewaskum. The two are now hoping to help Kettle Moraine Lutheran High School in Jackson to win a state title.

A son, Quincy Jay, was born March 9 to Andrea and Gordon Flores of Kewaskum. A daughter, Macy Christa, was born March 9 to Pamela and Joel Fleischman.

June C. Kneifl, 86, Fond du Lac, passed away March 18. Rosalie E. Klumb, 90, West Bend, passed away March 13. Florence Metzger, 90, West Bend, passed away March 19. Adeline Niemeier, 70, St. Peter, passed away March 16.

25 Years Ago March 21, 1996

Newcomers Larry Fechter, Tom Timblin and Jon Downs decisively defeated incumbents Karen Sparks and Ruth Schmitt for the three vacant Kewaskum School Board seats.

With a good voter turnout at around 42 percent, incumbent Robert Stoltzmann retained his seat on the Kewaskum Village Board by securing the most votes (461) in Tuesday's election. New faces on the board will be Warren Dums with 380 votes and Jon Kenworth, 369 votes.

No one at this month's school board meeting was happy with the recent test score results of district students who participated in the Wisconsin Assessment Test this past fall. Discussion was focused on what to do about the problem of low scores.

Kewaskum High School placed third in the conference forensics competition. Perfect scores of 25 were achieved by Carrie Krell, Coral Choinski and Jamie Gaffke in prose, and Marnie Winninghoff in four minutes. Overall, of the 24 entries at the district competition, 21 are advancing to the state competition.

The two support persons for the quarter were presented awards recently. They are Mrs. Sally Schultz and Marilyn Terlinden.

The Kewaskum Pride Show Team competed at the Shamrock Festival on March 3 at New Berlin West High School. The team won first place with its dance twirl routine. Members included Eileen Kohlwey, Heidi Bertram, Sharon Albrecht, Megan Morell, Jessica Parrent, and Marnie Winninghoff.

A daughter, Lindsey Rae, was born February 29 to Michael and Tonya Zuehlke of Adell.

Alfonse J. Schladweiler, 78, Kewaskum, passed away March 13. Elmer G. Backhaus, 83, Kewaskum, passed away March 13. Melvin Treiber, 73, Campbellsport, passed away March 12. Sylvester F. Jacak, 77, West Bend, passed away March 14. Alma B. Kissinger, 71, West Bend, passed away March 16.

50 Years Ago March **19**, **1971**

A teacher salary schedule for 1971-72 that will cost the Kewaskum Community Schools district \$50,000 more than the current pay schedule was ratified by the board of education Monday after having reached an agreement previously with the Kewaskum Education Association.

Delegates for Badger Girls State and Badger Boys State from Kewaskum High School were chosen last week. James Kern, Glenn Eichstedt and Mitch Ogi will attend Badger Boys State. Debra Behnke and Jackie Justman will attend Badger Girls State.

A Horicon youth, 17, was detained in West Bend last Thursday after he was apprehended by a police officer from that city who stopped him for questioning. The youth fled while being interrogated. He was driving a stolen car. An auto was also reported stolen in the Kohlsville area, which was later recovered. A vehicle was stolen from Mark Rodenkirch, who resides near Kewaskum. It is believed the youth is responsible for the thefts.

The Kewaskum Fire Department will go into a new alerting system in the very near future, Chief Armin Oppermann announced this week. All fire and ambulance calls will be handled through the Washington County Sheriff's Department, which will then notify the local department members by radio.

The solution to Kewaskum School District's building problems is the goal of the \$2,915,000 bond referendum scheduled for April 6. On that day, voters of the district will be deciding the future course of their educational system.

The unbeaten Holy Trinity School basketball team ended its perfect season by defeating second place Barton Friday 40-32. Holy Trinity's 12-0 record gave it the championship of the Kettle Moraine Catholic Grade School League.

A daughter, Keri Lynn, was born March 11 to Mr. and Mrs. Otto Ramthun of Kewaskum.

75 Years Ago

1946

Carl Johnson received a letter from the University of California, Los Alamos Scientific Laboratory in regard to his work. Carl, who is employed in Milwaukee, invented a live center, a certain tool, and sold his patent to the university. His live center was instrumental in contributing to research in the development of the atomic bomb.

Ten children were confirmed at Peace Ev. and Ref. Church by the pastor, Rev. R.G. Beck.

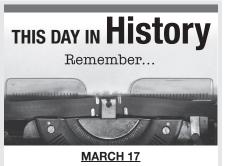

Otto Weddig, discharged veteran, is now employed at the Kewaskum Industries plant. Ralph Kohn, another discharged vet, is doing radio repair work at Miller's Electric Store.

Cyril N. Wietor, S1/c, arrived home after receiving an honorable discharge from the Navy. Wietor served on the Famed USS Intrepid, air craft carrier, hit four times by Japanese suicide planes.

County veterans discharged from the armed forces included these from the Kewaskum area: Leander Honeck, Sylvester Karl, Robert Luebke, Alois Bremser, Edward Hansen, Russell Heisler, Ellsworth Prost.

FEATURE BUSINESS OF THE WEEK

K-B Lettering

Karen does lettering, both hand-painted or computer generated vinyl lettering. The recent purchase of a 54" printer allows her to do digital printing also. If you want to personalize your vehicle, she can custom pinstripe it for you too.

The start of her business was after making a sign for her husband Bill to use at the high school where he taught. Another coach suggested Karen go into business for herself.

As word of mouth spread, the business picked up and became a full-time job. She worked out of a shop behind their home in Campbellsport until 1996. The Breitzmans then moved to St. Kilian where Karen was able to put up a

bigger shop. This allows her to fit semis inside. She specializes in vehicle lettering and graphics, pinstriping, signs, banners, decals and whatever else you may need lettered. In the past, Karen has painted race cars for Al Unser, Jr., Bobby Unser, Jr., and Alan Kulwicki.

"I was very fortunate to have my business by our home as the children (Becky and Rick) were growing up, Karen said. "It allowed me to be there for them. I've met many wonderful people and strive to give them a job they will be proud of. I thank God for the talent and abilities He has given me to be in this profession."

Check Karen out on the web: www.kblettering.com.

Newspapers in EDUCATION WEEK

Sharing During A **Pandemic**

GRADE 4, I4LEARNING COMMUNITY SCHOOL

When you were in school, did you ever share school supplies? Well now... We can't share any-thing in school anymore. Covid is a very different time.

We can't share art supplies or pencils anymore. For instance, last year we were approved by teachers that we could share supplies. When someone needed a pencil, we gave them one. Another example was if you are using a pencil and you walk away and your pencil rolls away. When you get back your pencil is gone, you could ask someone if they had one.

We can't share birthday desserts anymore in school. Last year we could bring in any kind of birthday desserts. We would bring in suckers, brownies, cookies, candy or cupcakes. Now we can't because of covid. We can't because of germs from our houses, our hands or the contain-er that we put it in.

We also can't share headphones in school anymore. According to our teacher last year, if you didn't have headphones you could borrow some from the school. For example, my partners and I were trying to find a video to listen to. One of my partners did not have any headphones, so he borrowed some to use. When we were done, he returned them to the teachers.

We can't share art supplies, pencils, birthday desserts or headphones. Last year is not similar to this year. People should not share with anyone until you get an OK from an adult to start sharing again. Stay safe!

What It's Like To Be A Kid in School During Covid-19

GRADE 4, I4LEARNING COMMUNITY SCHOOL

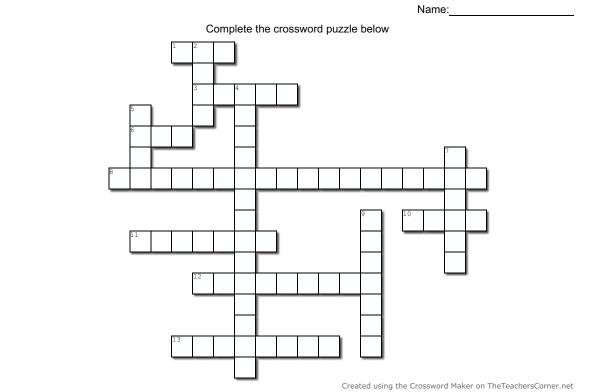

Have you ever thought about what it's like to be a kid in school during covid? Well, I'll tell you what it is like. Covid has really affected my school year this year more than last year. We have to wear masks, social distance and do more virtual things.

Covid has really affected my school year because we have to wear masks and sanitize a lot. Did you know that masks help block droplets that come out of your mouth when you talk? If you didn't, now you do. Another example that shows this is, we have to sanitize our hands when we enter or exit our classroom. Also, every time we end gym class we have to sanitize. Some-times the sanitizer is really watery and splashes (or squirts) everywhere. Let me tell you, sweat and hand sanitizer do NOT smell good together.

Another way my school year is different is a lot of us or things go virtual. For instance, one of my best friends is now schooling virtually, which for me is very unusual. But we talk to each other a lot because we are best friends. Occasionally kids in my class go virtual for a week or more, because they have to quarantine or got the coronavirus. Also, we used to play math games with materials, but now all the materials are online, like dice, number cards and game markers. We used to all have a pack of cards and each have a die, but now they're all online, which in my opinion is better so we don't lose them.

The last big difference about this school year is social distancing. To illustrate, when we walk in the hall, we have to stay six feet apart. It is like the person in front of you is a skunk. You want to stay your distance. But instead of spraying stink they spray germs! Another example is whenever we have to line up in the classroom we have to social distance. We even have to so-cial distance on the playground! Just as well we wear a mask. We got used to it.

Covid-19 has really affected my school year more this year than last year because of having to wear masks, doing a lot more virtual things, and having a lot of social distancing. Moving into the future, I hope that coronavirus is done and we can go back to our regular school schedule. I've always liked school, and still do, but because of Covid I don't like it as much. So now that you know what it's like to be a kid in school during Covid-19, don't assume stuff is easy or hard, it is in between!

Kewaskum School District Students Speak Out

COVID-19 created many challenges in the education field over the past year. The Kewaskum School District re-opened its doors for the 2020-21 school year for inperson learning for those students and families who chose that option. Precautions to mitigate the spread of COVID-19 were put into place. In addition, the district offered a virtual program for students who chose to attend school virtually.

Fourth graders at i4Learning Community School were asked how school has been different this year. Here are some of their responses:

"People should clean and sanitize. They are not doing it for themselves. They are doing it for the universe and the future of our lives!"

-Anaston Schmidt

"Covid-19 at school has meant wearing masks, going virtual and spacing six feet apart from all of my friends."

-Keirran Stogbauer

"This year is different because we sanitize tables and we also bring water bottles to school in-stead of using water fountains."

-Addison Marx

"This year is different because the Packers went to the Championship Game."

-Will Alles

"This year has changed because I am at a small school and I am doing better in my class.'

-Leonidas Kilmer

"One thing that makes school different this year is that I'm in a new school so there are differ-ent friends groups this year. Plus last year our school was two stories high. This year our school is only one story high."

-Elizabeth Helton

"I like the new school because you can have fun learning with people and you get three recess-es sometimes. And in specials they do want you to get stronger together!!!"

-Louella Degueme

"I am glad for all the new kids. This school is great for you."

-Sierrah Bonlender

"We have to social distance six feet a ton in the lunch lines, the lunchroom, the line to recess, the line to the bathroom and everything.'

-Benjamin Wright

"2020 is very different because everyone is wearing a mask and we have a new teacher."

-Brandon Parodo

"Because of covid-19, there are many new rules. For example, you wear a mask and you have to stand six feet apart in lines. You also have to use hand sanitizer a lot."

-Carson Strom

"This year you really have to be aware of your surroundings.... You also have to make sure you are staying six feet away from everyone."

-Miles Dickmann

"This school year is different than last school year because there are no more 4k students at our school. This is really sad because they had really cute voices! One time I asked a 4k student if they needed help packing their bag and they said, 'No,' with a kind tone and a friendly smile. They were so adorable."

-Sydney Bayer

C S friends, but family too. We can't visit our older relatives because we don't want to get them sick. It is sad but safe."

-Tessa Heiser, grade 4

"Covid has changed schools and even our lives but that will not stop us from being normal kids and not kids who just sit inside all day and play video games and eat chips.'

-Preston Wollenzein, grade 4

"This school year compared to last year is different because I'm getting older, which means more responsibility, which also leads to more homework. When I get older, I tend to need to remember new things I learn and forget to do my math homework! All of my programs fill my head with other stuff. Once, I had Destination Imagination (DI), and I had work to do, and I was so busy, I had to do my DI work on the bus!"

-Isla Rabuck, grade 4

"One way school is different is we have to be cleaning and sanitizing everything."

-Sadie Fonte, grade 4

"School is different this year because of covid-19. We have to wear masks, we have to be so-cially distant, we cannot share snacks and we cannot go on the playground equipment. One has to wonder: What would it be like if covid-19 did not exist?"

What A Year

GRADE 4, I4LEARNING COMMUNITY SCHOOL

Do you ever wonder what it is like to be a fourth grader in 2021? As you know, school is a lot different this year. For example, we have to sanitize, wear masks and we can't hang out with the other grades.

This year we have to sanitize everything. We probably have to sanitize about five times in a day, not including when all the students are gone. For example, we have to sanitize when we first walk in, when we eat snack, after snack, at lunch, and when we leave. One time when I was eating my snack, my food tasted funny. Then I realized that was because all the sanitizer made my food taste like rubbing alcohol. Also, all the sanitation makes my hands dryer than the

This year, unlike any other, we have to wear masks. When we try to talk, our voices get muf-fled. For example, one of my friends is a very soft speaker so it makes it 10 times harder to say something in the classroom. But I would say the worst part of wearing a mask is that you can't tell who is who. It is like trying to find a needle in a haystack!

Another way school is different is that we can't hang out with any of the other grades. For ex-ample, one time we were playing kickball with the fifth graders and one of the teachers said we can't play kickball with each other. Sometimes we say "hi." but we never talk to each other anymore.

This year is a lot different than past years. We have to wear masks and sanitize a lot and we can't hang out with other grades. But..... in 2020 we learned together and we adapted to the so-called "new normal." Remember in 2021 to keep your head up high, never give up and always be kind!

Seeking Public Input for 2021 Community Health Assessment

Every three years the Fond du Lac County Health Department, local health systems, and community partners collaboratively engage to conduct a Community Health Assessment (CHA). The main purpose of a CHA is to complete a comprehensive collection and analysis of data to identify health issues of primary concern. The CHA includes data from a variety of sources, such as surveys, focus groups, and health data from local, state, or secondary sources.

2020 Community Health Survey Results Available

The 2020 Community Health Survey by JKV Research was conducted in August-September 2020. This survey provides data on health behaviors, and the prevalence of risk factors and disease conditions among the adult population, serving as one data source of the CHA.

Results are now available on the Fond du Lac County Health Department website at www.fdlco.wi.gov.

Seeking Public Input On Top Health Issues

The CHA also takes into consideration what community members feel are the top health

concerns by collecting their input through a priority health issues survey. The priority health issues survey will be available to community members starting March 10.

The survey is available online on the health department's website and takes less than five minutes to complete. The last day to take the survey is March 31. Hard copies of the survey are also available at the health department.

Participation in the survey is voluntary and answers will be anonymous, confidential, and combined with those of all other survey respondents to identify common themes/issues. A summary of the survey results will be shared as part of the community health improvement process help to identify and address health issues.

Next Steps

A virtual community session will be held in the summer of 2021 to share and review the community health data and identify the top health concerns to be addressed in a community health improvement plan. Once the top health concerns are identified, community members and key stakeholders come together to mobilize into action to address the issues.

More information to come.

Bonsai: A Growing Hobby And Allen Centennial Garden Free Virtual Seminars

Free virtual seminars will be hosted by Roots and Branches.

Bonsai: A Growing Hobby will be the subject of the first seminar on Thursday, March 18. Allen Centennial Garden on will be featured on Thursday, April 1. Both seminars are virtual and require registration.

The first seminar on Thursday, March 18, will feature guest speaker Ron Fortmann, who will speak on "Bonsai." You will discover the mysteries, art and craft of Bonsai and learn about this fascinating hobby from Fortmann who has been growing Bonsai for 27 years. Fortmann is the founder of Ancient Arts Bonsai.

The second seminar on Thursday, April 1, will feature the Allen Centennial Garden in Madison. The garden has been described as "breathtaking" and "inspirational." The speaker is Josh Steger, director of the Horticulture at the Allen Centennial Gardens.

Register for this free, virtual event online at rootsbranches.org. You will receive a link to the seminar following registration.

If you have any questions, please call Roots and Branches office 262-335-5083, or email at rootsandbranches@ci.west-bend.wi.us.

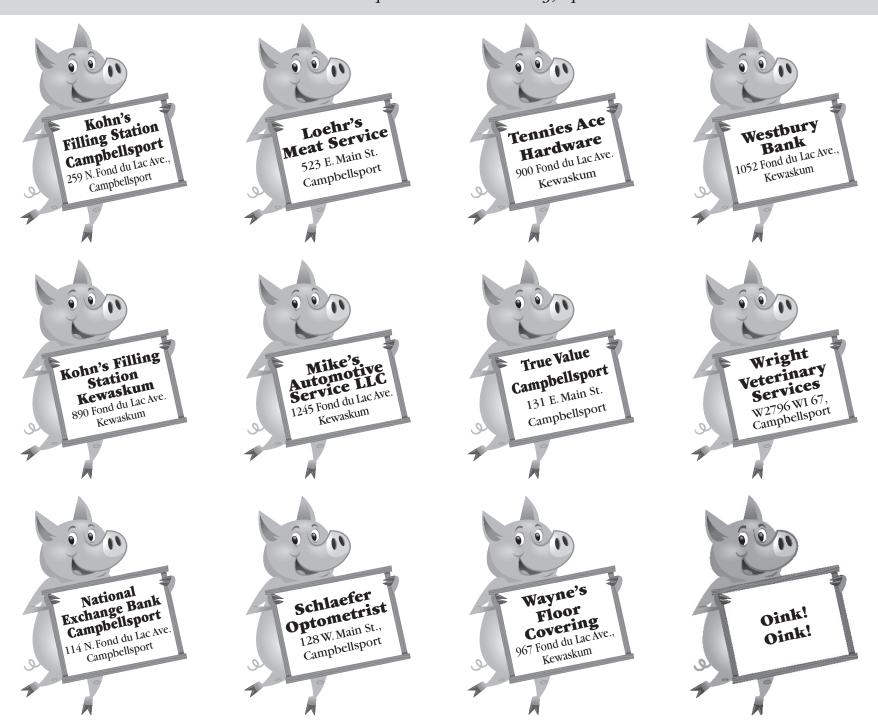

Roots and Branches, formally the West Bend Beautification Committee, is a non-profit organization positively impacting the natural environment of West Bend for 30 years through year-round programs that include a clean-up campaign, Arbor Day program, Mayor's residential and business beautification awards, Adopt-a-Plot program to provide beautiful in downtown West Bend and monthly education seminars.

Pitchers And Catchers Report!

BY JASON PIITTMANN

CONTRIBUTOR

I know some people love winter and the snow that comes with it. As a kid. I loved it. As an adult — eh, not so much. One of the things that helps me keep a positive attitude as we work through what I call the "Doldrum Season" of January and February, is when professional baseball has "pitchers and catchers report."

While we are stuck in the so-called frozen tundra of Wisconsin, where I have sat through snow at a Brewers home opener, it is nice to know that in Arizona and Florida baseball is getting started. It signals the end (hopefully) of the colder weather and frozen precipitation and ushers in some warmth and sunshine on a more regular basis. Don't get me wrong, the weather for spring baseball in the upper Midwest can be downright inhospitable, but it also leads to the months of May, June, July, and August.

Baseball, in my opinion, has taken an unfair rap, as being a boring sport. I think it is more of a sport of nostalgia. It isn't that other sports are not nostalgic, in their own ways, but that baseball exudes it more than the others. Basketball, volleyball, and hockey are fast-paced. Football, even though I like a good defensive battle, has evolved into a more wide-open game.

Baseball has its own pace — although I do agree with rules to speed up play. There is not a clock that tells you the game is over at "all zeroes." Each at-bat is its own chess match within the larger ones taking place each inning of a game. In my opinion, baseball has been the most romanticized sport in the motion picture world. The speech of James Earl Jones, as Terrance Mann, in "Field of Dreams" comes to mind as a classic description of the nostalgia that is found all throughout that film.

Every team has that hope that springs eternal, when pitchers and catchers report. For how many years did we hear our friends wearing the pinstripes, south of the state line, say, "Wait 'til next year!"? It always helps when the Brewers are playing meaningful games late into the season.

I didn't have the benefit of having a "home team" to root for as a kid in Iowa. We were a hodge-podge of Brewers, Twins, Cubs, White Sox, Cardinals, and Royals fans — largely dependent on which part of the state in which you resided. I have truly enjoyed the experience of cheering for the Brew Crew over the past 20-plus years.

As we transition into warmer temperatures and hopefully less and less snow on the ground, keep in mind what James Earl Jones said in his famous speech, "The one constant through all the years Ray, has been baseball. America has rolled by like an army of steamrollers. It's been erased like a blackboard, rebuilt and erased again. But baseball has marked the time. This field, this game, is a part of our past, Ray. It reminds us of all that once was good, and that could be again."

Straight From The Heart

BY MARK PETERSON

CONTRIBUTOR

The students at Campbellsport Elementary School just completed the 2021 Kids Heart Challenge (formally known as Jump Rope for Heart). The Kids Heart Challenge is a fun and exciting event where students learn about their heart while helping others by raising money for the American Heart Association. It prepares children for success through physical and emotional well-being.

For the past three weeks, students collected pledges from family and friends and learned important healthy things for the body during physical education classes at CES. We had daily talks about the "Heart Hero's" and the importance of taking care of our hearts and brain. Each Heart Hero had a message and the students could download an app to learn healthy ways to take care of their bodies. The Kids Heart Challenge culminated with a six-station physical challenge during gym class last week with each student wearing a pedometer to log their steps.

The students at CES had a remarkable year as they set a new school record, raising \$10,271.98 for the American Heart Association. The students shattered their goal, which was to raise \$7,500. The previous high total was in 1999 when CES raised \$6,861. Since starting the Jump Rope for Heart/Kids Heart Challenge in 1995, Campbellsport Elementary School has raised \$61,480.58 for a great cause.

This year's event was an emotional one for me since I lost my father to a heart attack this past November. For people who knew my dad, you were just as shocked as we were because he was in great health. He exercised every day, never had any major health issues, ate well and was in terrific shape for a 79 year old. The heart works in mysterious ways, there are people who smoke all their life and eat unhealthy and live to be a 100.

The money that is raised goes to help fight heart disease and the research to study about the vital organ that keeps us alive. The top pledge raiser this year was Noah Burghaus, a second grader in Mr. Fredricks class, he raised \$1,340.

Rounding out the top five were Mitchel Walsh (\$1,258), Brodey Laverenz (\$774), Libbie Helsell (\$385), and Mason Nichols (\$321). The class that raised the most money will be receiving some playground equipment for their effort. The school will also receive \$500 for Mr. P to use for physical education equipment. I just want to thank the Campbellsport community for your generosity and helping your children learn about leading a healthy

Amber Thompson Finishes Eighth At State Tournament

On March 5 and 6, Amber Thompson from the Campbellsport Cougar girl's bowling team set out on a mission. Amber earned one of four spots to the State Tournament by finishing as the top bowler in the conference.

Amber competed against 55 other girls from all over the state of Wisconsin. This was the WHSBC Championships and everyone had to earn a spot to be able to bowl in the Tournament.

The tournament was held at Ashwaubenon Bowling Alley in Green Bay. The format was three games and the top 14 would qualify for the semifinals. Amber threw games of 203, 212 and 235 in her first set to qualify number six out of the 55 and a chance to bowl Saturday night in the second three-game round. Fourteen girls were competing for the top five spots for Sunday's TV finals.

Amber opened up her first game Saturday night with a 179 including two open frames. In game two Amber made a few adjustments and shot a respectable 213 game to keep her in the running. Overall, the scores weren't high and a 200+ game would get her to the TV finals.

Game three began and Amber had a good opening to make the finals. Amber was having trouble coming out of the ball clean and before she knew it she had four opens with two splits. The game wasn't over yet, but she would have had to make a heck of a comeback.

A couple of 10 pins popped up and Amber's chances slipped away. She finished with a 131 game and a 521 series to go with her 650 from Friday night for a total of 1,171 averaging 193 for the Tournament and an eighth place finish. A little disappointing but an awesome season, one few girls have ever had.

Amber's eighth place finish was the highest for a Cougar in the last 14 years. Amber we are all so proud of your awesome season!

Moraine Park Program Revised to Meet the Needs of Local Manufacturers

Moraine Park is continuously working to address the needs of local industries, and the recent change to one of their main manufacturing programs did just that.

Quality and Advanced Manufacturing Technology (QAMT) is a restructured version of the Process Engineering program. The new program kept many of the same outcomes of the Process Engineering program-adding in a significant focus on automation.

"Process Engineering was a very successful program," Tom Roehl, Moraine Park instructor, said. "The reason for the change was simply to include some curriculum around the newer technology we are seeing in the industry. Many of our manufacturing partners are relying heavily on advanced manufacturing, and we want our graduates' skills to match the needs of our industries."

QAMT is a two-year associate degree program. The first class began in fall 2020

"We are seeing significant support for this program from our manufacturing partners," Roehl said. "All of our students in this program are employed in the manufacturing field, and some have seen promotions since starting the program. This tells us that what they are learning in the classroom is directly benefiting their career and our local industries."

The college worked with the program's advisory committee, comprised of industry leaders, to create a curriculum that meets their needs.

"Many of our manufactures are moving to an Industry 4.0 or smart factory

Moraine Park's Quality and Advanced Manufacturing Technology program includes a focus on automation technology.

environment," Roehl said. "This program update will ensure our students are learning skills that will prepare them for success in the field."

There are currently 10 students in the program, and they all hold full-time jobs outside of school.

"We try to format our courses to offer solutions for the working adult," Roehl said. "We understand that committing to a full-time school schedule isn't always a feasible option, and I'm proud that this program offers options for both full and part-time students."

The statewide median salary for graduates is \$45,132, in job roles such as Quality Assurance Technician, Manufacturing Engineering Technician, CNC Programmer, and Robotics and Material – Handling Technician – to name a few.

For more information on QAMT, visit morainepark.edu.

The Campbellsport High School varsity dance team competed at the Freedom Invite this past Saturday, March 13, where they earned a first place in hip hop. The perform again this coming Saturday, March 20, in Kaukauna for the WACPC regional competition. Since no spectators will be allowed at the competition, the dance parents are asking the community to join them in a send-off celebration in the lower parking lot at Campbellsport High School at 11:45 a.m. The bus will depart at noon with everyone cheering for the girls as they drive out of the driveway.

Apply For the Wisconsin Agriculture Youth Council By March 31

The Department Agriculture, Trade and Protection Consumer (DATCP) reminds students who will be seniors during the 2021-2022 school year to apply now for the Wisconsin Agriculture Youth Applications Council. will be accepted by email through March 31, 2021.

The four goals of the Wisconsin Agriculture Youth Council are to:

- Highlight the agricultural-related career opportunities available including those in government.
- Share the state tools available to support Wisconsin farmers.
- Provide insight on how to effectively engage in

state agricultural policy development.

 Increase networking opportunities for participants across the agricultural industry.

To apply, students need to submit a completed application, one-minute video, and a letter of recommendation. Fifteen Wisconsin high school seniors will serve on the 2021-2022 Wisconsin Agriculture Youth Council, with a goal to include at least one member from each of the nine council districts. The remaining seats will be filled with at-large members.

Selected Wisconsin Agriculture Youth Council members will serve a one-year term, participating in virtual sessions each month. Sessions include presentations from a variety of speakers and interactive discussions about agricultural topics.

DATCP created the Wisconsin Agriculture Youth Council in 2020. Current Wisconsin Agriculture Youth Council members continue to meet virtually and will conclude their term in May, receiving a certificate for their accomplishment.

"Never be afraid to try something out of your comfort zone and ask questions when doing it," said current Wisconsin Agriculture Youth Council member Chad Achenbach of Eastman. "I was afraid to apply for the council at first but am extremely happy I did as I have learned so much about the agricultural field and met so many interesting people."

For the application, a map of the council districts, and additional information, visit AgYouthCouncil.wi.gov.

Moraine Park Partners With Local High Schools

Moraine Park Technical College has reallocated a portion of its Non-Traditional Occupations (NTO) grant to be used to benefit high school class-rooms and encourage students to explore non-traditional career options. Non-traditional occupations are defined as careers that currently employ 25 percent or less of one gender.

Previously, these grant dollars were used to help recruit college-aged students into programs that qualified as NTO. This change will allow high school teachers to partner with Moraine Park to promote NTO and encourage more students to explore these career opportunities in a high school dual credit class.

"The goal with this change is to showcase these career options to students earlier," Sally Ruback, enrollment communication and student recruitment manager at Moraine Park, said. "By directing these grant dollars to our district high schools, we can partner with teachers to promote both dual credit classes and NTO. This will be done through classroom presentations in areas such as math, English, science, and business."

Students who participate in dual credit classes also have the opportunity of earning college credit. High schools within Moraine Park's district are eligible to participate in this grant program. Currently, partnerships are

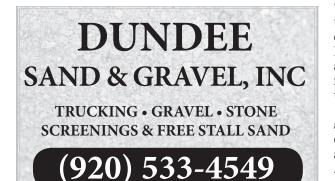

being formed to help influence the NTO exploration of skilled trade, health

care, and early childhood occupations. "Many of the programs that qualify as NTO also have a high demand for skilled workers in the field," Ruback said. "Our goal is to help fill those gaps in our local industries, and we can help do this by partnering with our high schools to expose students to these careers. There is also a significant benefit to students who choose to take college credit classes in high school. This opportunity helps to develop life skills to be more self-sufficient and well-rounded adults."

Currently, the college has 12 classes from nine area schools that will receive funding for NTO dual credit classes next fall. Each class will receive \$1,000.

"The grant money will go directly into the teacher's classes to enhance the learning environment," Ruback said. "This program provides reimbursement toward the purchase of materials, supplies, textbooks, software applications, or equipment for the dual credit class. Our NTO partnerships will directly benefit the students in our district, which is extremely exciting."

Moraine Park's district schools that are interested in exploring dual credit options should connect with the K-12 Department at k12@morainepark.edu. For more information on dual credit, visit morainepark.edu/k-12.

Check It Out! LORI KREIS KEWASKUM LIBARIAN

Exactly one year ago, the library closed its doors for several weeks, not knowing what the future would hold. With the support of the Library Board and the community and the hard work that staff put in, we were able to reopen fully much sooner than many libraries in the country. I have colleagues around the world who are either still closed or are open in limited capacity. I am often asked how we can maintain our hours and I reply that we are small, but mighty. We are diligent in quarantining material and sanitizing the library.

Lately, I have been asked when we will "get back to normal." Although many of our operations are back to normal with patron services and hours, programming still has some restrictions. Right now, we offer virtual storytime through Facebook Live and that shall continue throughout the summer.

We also have grab and go bags for all ages. For adults there are two a month, one craft kit and one recipe club-in-a-bag. For teens, they can pick up a different crafty kit every Monday. Children can choose three different kits each week. One for storytime, which correlates to the weekly program, a crafternoon kit and STEAM at home. These take-home programs are so popular, we plan to continue them indefinitely.

There are also book clubs that meet in-person. The Bookies, which have been getting together for over 50 years, discuss a preselected book on the last Tuesday of the month at 9:30 a.m. in the annex. A new program, the Indigenous Authors study group will be convening in the community room to learn more about the First Nations of Wisconsin and our country. Their upcoming meeting is on Wednesday, March 24, at 6 p.m. Because space is limited, please register in advance with the library.

The library is planning some innovative programs coming soon. We are going to try something brand new with our Wednesday morning storytimes. Each week, one family will be invited to participate in-person with Miss Kim. The program will still be broadcast on Facebook Live at 10:30 a.m. but will have one family in the room, that has pre-registered and is socially distant and masked. We will be trying this out during April and the first two weeks of May. If you are interested, please register for this fun opportunity.

Remember the Storywalk we had in October? There will be a new one with a different book during the month of May. We rely on local businesses to display pages of the book. If you are interested in participating, let us know. Families will be able to enjoy reading together while walking through the village.

I really do not know what back to normal will mean to us, but I do look forward to bringing you and your family these enlightening programs in the coming months.

Hope to see you soon.

Library Happenings

The Campbellsport Public Library,220 N. Helena St. in Campbellsport, is offering the following programs. For more information, contact the library at director@campbellsportlibrary.org or call 920-533-8534.

Boredom Busters

Are you looking for things to keep you busy this winter? Stop by anytime we are open, to pick up a free puzzle, copy of some crossword or sudoku challenges, a coloring or sticker sheet, or possibly even a craft project or cooking challenge.

How to Eat Fried Worms

During the month of March, elementary age kids should stop by to pick up the worm-themed craft projects to go along with Campbellsport Elementary School's reading of How to Eat Fried Worms. If your child would like to learn more about worms, the library has a display table full of worm-themed books that you can take home.

Find Peace. Read.

The Library's reading program suggests activities to explore what may bring you joy. Check out books and search the internet for other options of new healthy hobbies to explore. The library will periodically be providing free take home crafts and cooking suggestions that support a tranquil lifestyle, watch Facebook for these release dates.

A book bag with a log and instructions can be picked up at the library at any time or a log can be printed off the website. If you have any questions about the contest or if you need reading suggestions, please contact the library.

Digital Magazines Available

Over 3,000 popular magazines are now available to download and read on any device 24/7 through the

library. People with a library card can read digital magazines alongside eBooks and audiobooks on Libby or by visiting OverDrive at www.campbell-sportlibrary.org.

Activities At The Kewaskum Library

The Kewaskum Public Library, 206 1st St. in Kewaskum, is offering the following programs. For more information, contact the library at kewaskum@monarchlibraries.org or call 262-626-4312.

March Grab & Go Kits

Indigenous Authors Book Study Group

Wednesday, March 24, 6 - 7:30 p.m. Little Hawk and the Lone Wolf: A Memoir by Robert Kaquotash. Join Kewaskum residents committed to learning more about the First Nations of Wisconsin and our country.

Please register in advance as occupancy is limited. You can register in-person at the library, by phone at (262) 626-4312, or email to either kewas-kum@monarchlibraries.org or rcbindrich@gmail.com

Ancestry Library Edition available for in home use until June 30, 2021. Stop in for more information.

Storytime With Miss Kim

Interested in joining Miss Kim for storytime in person? Call the library to sign up for this special opportunity.

March 24: Animals in Springtime March 31: Socks & Shoes

Gov. Evers Appoints Paul Czisny To The Fond du Lac County Circuit Court

Gov. Evers announced that he is appointing Paul Czisny to the Fond du Lac County Circuit Court. The appointment fills a vacancy created by Judge Robert Writz's retirement, effective May 2, 2021.

"Paul Czisny is a seasoned attorney with extensive knowledge of the criminal justice system," said Gov. Evers. "He will bring compassion, fairness, and a deep knowledge of the law to the bench."

Czisny is a highly experienced criminal defense attorney. He currently runs his own law firm, where he focuses on criminal defense and

Paul Czisny

representing parents in Children's Court. Before that, he was a State Public Defender for more than 20 years.

"I am very pleased that the governor has appointed Paul Czisny as my successor," said Judge Wirtz. "He's eminently qualified and experienced, and I think he'll do a very good job on the bench."

"I am deeply honored that Gov. Evers has placed his confidence in me by appointing me Fond du Lac County Circuit Court Judge. The decisions made by judges have a profound impact upon those who appear in court, and upon their families," said Czisny. "I am humbled by this responsibility and I will always be mindful that the courtroom where I preside is not my courtroom: rather, it belongs to the people of Fond du Lac County whom I serve. Ensuring that all parties

are listened to and that my decisions are fair and just will be my goals as a circuit court judge."

Czisny lives in Fond du Lac. Czisny is highly involved in the community. He currently chairs the Fond du Lac County Board of Ethics and is on the Fond du Lac County Board of Canvass. He previously volunteered with Broken Bread Food Pantry in Fond du Lac and was a Hurricane Katrina volunteer for the American Red Cross. He is a graduate of the University of Wisconsin Madison and University of Wisconsin Law School.

Digital Magazines Available Through The Campbellsport Public Library

The Campbellsport Public Library is pleased to announce that more than 3,000 popular magazines are now available to download and read on any device 24/7. People with a Campbellsport Public Library card can read digital magazines alongside eBooks and audiobooks on Libby, the award-winning reading app, or by visiting OverDrive at www.campbellsportlibrary.org.

A sampling of digital magazines available include Newsweek, Us Weekly, Taste of Home, The Pioneer Woman, Women's Health, Vogue, Top Gear, Minecraft World, Creative Steps, plus many many more.

Digital magazines have no wait lists or holds, do not count towards checkout

limits, and provide readers the option to renew their selections. Campbellsport Public Library patrons can also download magazines to Libby for offline use. Readers can browse lists of magazines within the app and search by format to find available titles.

Named one of Popular Mechanics' 20 Best Apps of the Decade, Libby seamlessly connects first-time users and experienced readers with Campbellsport Public Library's digital collection. This locally selected collection offers ebooks, audiobooks and digital magazines including bestsellers and new releases. Readers of all ages can select from virtually every subject ranging from mystery, romance, children's, business and more.

Readers may browse the Campbellsport Public Library's digital collection, instantly borrow titles and start reading or listening for free with a valid library card. This service is compatible with all major computers and devices, iPhone®, iPad®, Android™ phones and tablets and Chromebook™. Through Libby, readers can also "send to Kindle®" (U.S. only). All titles will automatically expire at the end of the lending period and there are no late fees. Readers can also download titles onto Libby for offline use.

Go to www.campbellsportlibrary.org for more information about the library and to access the online card catalog and digital book and magazine collection. If you have any questions about any library service, please call (920) 533-8534 or email director@campbellsportlibrary. org. The Campbellsport Public Library is located at 220 North Helena Street, Campbellsport WI 53010.

The library is open Monday through Friday from 9:30 a.m. until 5:30 p.m. Users can come in the building to browse. They do ask that while in the building, you wear your mask properly and use hand sanitizer before you browse. Please call ahead to use a computer. The copy/fax machine is available for patron use.

If you are uncomfortable coming in the building, please contact the library and they will provide curbside service. The library is closed on the weekends.

Regal Ware Announces Recipients Of 2021 J.O. Reigle Scholarships

Lauren Sielski and Thomas Galleske are the latest recipients of the J.O. Reigle Scholarships awarded annually by Regal Ware. The scholarship program was established in 1963 in honor of Regal Ware's founder, the late J.O. Reigle.

The award recognizes the outstanding scholastic achievements of one or more graduating high school seniors in Kewaskum and is designed to assist the recipients in their pursuit of a college education. To be eligible for the \$28,000 J.O. Reigle Scholarship, a student must have attended Kewaskum High School for at least the previous two years and maintained at least a "B" average for the first $3\frac{1}{2}$ years of high school.

Lauren plans to major in biology followed by a Medical Degree in oncology and will attend UW-Madison. Lauren has served in leadership roles in National Honor Society, KEY Club, Student Council, and serves as a Senior Class Officer.

Her volunteer activities include assisting as a student teacher aid and fund raising for UNICEF to help children in Africa and for Pack the Pantry raising money for the Kewaskum Food Pantry. Her hobbies include baking, knitting, and traveling.

Thomas has plans to study psychiatry with a major in a biology or neuroscience. He has served in leadership roles in KEY Club, National Honor Society, Chess, and serves as a Senior Class Officer.

Thomas has been an active member of Kewaskum 4-H Club since kindergarten, serving as President, Secretary, Ambassador and Youth Leader. His leisure time interests include photography, baking, running, chess and collecting cacti.

Western Governors University Announces New Scholarship For Essential Workers

Western Governors University (WGU) has announced a new scholarship specifically designed for essential workers. Valued at up to \$3,000 each, the Essential Workers Scholarship was launched to show appreciation for first responders, grocery store employees, postal workers, sanitation workers, delivery drivers, transit employees and countless other essential workers who have shown unwavering perseverance and commitment in serving area communities throughout the pandemic.

The Essential Workers Scholarship is open to new students whose jobs have been considered to be essential throughout the COVID-19 pandemic and are interested in pursuing an undergraduate or graduate degree in any of the more than 60 degree programs offered at Western Governors University — in the areas of business, IT, education and health professions, including nursing.

Each \$3,000 scholarship will be applied to WGU's already-low, flat-rate tuition and will be credited at the rate of \$750 per six-month term, renewable for up to four terms. The deadline to apply is June 30, 2021, and the application can be found at wgu.edu/essential.

"During these unprecedented times, our essential workers have been working tirelessly to help meet our needs and bring a sense of normalcy to our lives that we all craved," said Dr. Angie Besendorfer, regional vice president of Western Governors University. "Through this scholarship offering, we aim to demonstrate our appreciation for everything they have done and continue to do, while providing an affordable and accessible path to higher education for those essential workers who are interested in advancing their careers."

The Essential Workers Scholarship is one of many offered by WGU to help create an affordable and accessible pathway to higher education for busy adults. Through the generosity of numerous corporations and foundations, plus special federal government appropriations, WGU maintains a robust program of scholarships made available to qualified students. For more information about WGU, the Essential Workers Scholarship or other available scholarships, visit wgu.edu.

Tammy Butz, Village Clerk 3-11(2) WNAXLF

Homeschool Group To Perform Robin Hood

In the forests of Nottingham, Robin Hood and his Merry Band are defending the poor of England during Prince John's reign, robbing from the rich and giving to the poor.

With King Richard fighting in the Crusades, Prince John has taxed the people to near starvation, causing them to turn to Sherwood Forest for aid. It can't get any worse for England... or can it? When a caravan travels through Sherwood on the way to Nottingham, Robin meets the unexpected — Maid Marian, under the care of Lady Merle. Lady Merle has a personal vendetta against Robin Hood and vows to capture him.

Robin Hood and his Merry Band must outsmart Lady Merle and the Sheriff of Nottingham, not just for their sake but for the sake of all England. Will they succeed? Join the Homeschool Performing Arts Club (HSPAC) to find out what happens on Friday, March 26, and Saturday, March 27.

Through the daring escapes and wicked plans, Tim Kelly retells the classic tales of Robin Hood and his adventures in Sherwood Forest. Written by Tim Kelly and produced through a special arrangement with the Pioneer Drama Company, this play is appropriate for all

'Robin Hood' is the 14th annual production of the HSPAC. A non-profit organization of area homeschooled kids who each have a part in creating every step of the play. Working together, the cast has been practicing since January to bring this performance to the public. The members, who range from four to 18 years old, helped pick a script; paint, make, or find set pieces; and create or find their own costumes. From painting the set, creating artwork for posters and programs, to collecting props, the cast of HSPAC brings everything to life on the stage this March.

With plenty of room for social distancing, 'Robin Hood' will be performed for the public at the Recreation Center at the Fond du Lac County Fairgrounds at 520 Fond du Lac Ave. in Fond du Lac. Show times will be Friday, March 26, at 7 p.m., and Saturday, March 27, at 1 p.m. This performance is FREE to everyone, all ages. Free-will donations are accepted.

For more information about this performance, or about HSPAC, please contact Dawn Doll at 920-921-4565.

The Homeschool Performing Arts Club (HSPAC) will be performing Robin Hood March 26 and 27 in the Recreation Center at the Fond du Lac County Fairgrounds. In this photo, the Sheriff of Nottingham (Colin Streeter), Kaspar of Lincolnshire (Isaac Tsao), and Lady Merle (Laura Tsao) surround poor Friar Tuck (Michael Doll) after he sneaks into the castle to rescue Maid Marian.

The Homeschool Performing Arts Club (HSPAC) will be performing Robin Hood March 26 and 27 in the Recreation Center at the Fond du Lac County Fairgrounds. In this photo, the Sheriff of Nottingham (Colin Streeter), Kaspar of Lincolnshire (Isaac Tsao), and Lady Merle (Laura Tsao) surround poor Friar Tuck (Michael Doll) after he sneaks into the castle to rescue Maid Marian.

The Homeschool Performing Arts Club (HSPAC) will be performing Robin Hood March 26 and 27 in the Recreation Center at the Fond du Lac County Fairgrounds. In this photo, Maid Marian (Sarah Doll), Anna (Jacqueline fehhelm), Belle (Alexis Rolf), Little John (Jimmy Streeter), and Will Scarlet (Adam Streeter) anchor Friar Tuck (Michael Doll) and his rope as they attempt to pull Robin Hood into the castle to save Maid Marian from marrying Prince John.

The Homeschool Performing Arts Club (HSPAC) will be performing Robin Hood March 26 and 27 in the Recreation Center at the Fond du Lac County Fairgrounds. In this photo, a disguised Robin Hood (Joseph Tsao) shoots his arrow at the target in hopes of winning the golden arrow, held by Maid Marian (Sarah Doll), his childhood playmate. Kasper of Lincolnshire (Isaac Ysao) and the evil Lady Merle (Laura Tsao) looks on in hopes of capturing Robin Hood.

Envision Greater Fond du Lac's Agri-Business Council Receives Two Dairy Excellence Awards From Dairy Farmers Of Wisconsin

during the pandemic.

They received first place for their virtual Ag Ambassador presentations in the Dairy Farmers of Wisconsin school day on the farm or school education and promotions category. They also received third place for their June Dairy Month breakfast or promotion for their Ag-Venture drive-thru event this past June.

Applications were judged by an independent panel of judges and award monies were allocated based on number of entries in each category and the quality of entries in each category. The results were tabulated then winners were notified.

"We continue to navigate through this COVID pandemic and find ways to pivot so we can continue the

Envision Greater Fond du Lac's Agri-Business mission of our Agri-Business Council," Amy Ries, di-Council received awards for two of their creative efforts rector of agriculture programs, Envision Greater Fond du Lac, said. "Through events such as last year's Ag-Venture drive-thru and this year's virtual classroom visits, we are able to remain committed to cultivating passion for the agriculture industry throughout our county and beyond."

Founded in 1980, the Fond du Lac Area Agri-Business Council provides a forum for communication among Fond du Lac Area agri-business entities, assists in cooperative promotion of area agribusiness from the field to the table, as well as providing local education on the role of agri-business in the economy of the greater Fond du Lac area.

To learn more about Envision Greater Fond du Lac, please visit envisiongreaterfdl.com.
