Tim Michels Launches Gubernatorial Campaign

Tim Michels, co-owner of Michels Corporation in Brownsville, announced his candidacy for State of Wisconsin Governor at a campaign announcement rally at Michels Corp in the village on Monday, April 25.

The 1980 Lomira High School grad will join a crowded Republican field of candidates including former Lt. Gov. Rebecca Kleefisch, business owner Kevin Nicholson and State Rep. Timothy Ramthun.

Michels, 59, last ran for office in 2004 against

then-incumbent Senator Russ Feingold. He lost that election as well as a 1998 State Senate election. This will be Michels' third attempt at state-level office or higher.

Michels cited his lack of faith in current Democratic Governor Tony Evers as his main inspiration for running in the 2022 election.

A U.S. Army veteran, Michels has vowed that he will not accept donation from political action committees (PACs), lobbyists or more than \$500 from any individual.

Youth Turkey Hunt

MARK WALTERS
COLUMNIST

This week, I took part in Wisconsin's Youth Turkey Hunt!

I spent about 48 hours with some very fun kids in Dodge County, near Burnett, on my good friends' - Rod Bensley and Wendy Vicks - 212 acres of pure paradise.

FRIDAY, APRIL 15
HIGH: 39, LOW: 26

There would be three kids hunting the connected properties

and all three of them were very into it.

Today I met Conner Thiede who is 10 and would be taking part in his second turkey hunt, and I would be his mentor. Eleven-year-old Carysn Thiede would be hunting with her dad Tyler and both Carysn and Conner attend Mayville Elementary School.

You may remember that I have written a couple of stories about Rod having terminal

rectal cancer and, in reality, Rod has outlived his diagnosis by about six months. Nothing slows this guy down and, before he passes, he has made the decision with Wendy to build a new house on their property, and Tyler is the ramrod running the show on the project.

Our other hunter would be 11-year-old Hunter Mass who is in fifth grade at Waupun Intermediate School. Hunter would

be teamed up with his father Nick and this would be his second hunting season.

All three of these kids had the day off from school, as it was Good Friday, and it was

Kiwanis Scholarship 50/50 Tickets Available Now

Tickets can be purchased at select locations until May 16

The Kewaskum Kiwanis Club is excited to hold its second annual 50/50 raffle, which will again give folks a chance at winning at least \$2,000. Last year's winner received \$3,600.

All proceeds from the raffle will benefit the Kewaskum Kiwanis scholarship fund.

"This is the second year where all the proceeds are going strictly to the four Kewaskum Kiwanis Club scholarships," said Mark Yanke, club president. "We decided to give this a try because we need to do something to build up the scholarship fund."

For nearly 70 years, the Kewaskum Kiwanis Club has offered scholarships to local students. To continue that tradition, the scholarship fund will need a boost because of the current low interest rates, according to Yanke.

"We need the community's help. We stand behind the community, and the community has always supported us. And I know they will here, too," Yanke said.

Raffle tickets can be purchased at the following prices: one for \$10, three for \$20 and eight for \$50. Tickets will be sold until May 16 at 5 p.m., just one hour before the drawing, which will be held at 6 p.m.

Purchase tickets at Kohn's BP Filling Station, Geidel's Piggly Wiggly, West Bend Elevator, Kewaskum Dairy Queen, Brodzy's Auto, Great Outdoors Supper Club, Goeden Auto Body, Little Folks School House and The Twisted Pear. Ticket requests can also be mailed to:

*Kewaskum Kiwanis Club
P.O. Box 154
Kewaskum, WI 53040.*

"The Kiwanis would also like to invite the community to Kewaskum's 125th celebration the week-end of June 10, 11 and 12," Yanke said. "We will be serving ice cream, Philly cheesesteak sandwiches, tator tots and cold beverages! Also, in celebration of the Kiwanis' 75th anniversary as a club, we will provide free face painting from 2 to 5 p.m. on June 11. We can't wait to celebrate our village's history with you!"

Renewal

Dear Reader,

If we could live life all over again, would we? Would we avoid some of our poor choices, pitfalls, and shortcomings, so that we could become a better person going through life? Would we jump on opportunities and choices we previously passed on? Would we still be married, have the children we have, traveled to wherever?

I probably would do it all over again. I'm glad for those family and friends in my life that make my world spin around well. Maybe I'd tweak it a bit around the edges by asking for forgiveness in some of the stupid things I did (college comes to mind), but not for much. Everything I did or didn't do led me to my space in the here and now. It's hard to beat that.

G.A. SCHEINOH
CONTRIBUTOR

On a near perfect one, like today (80-degrees and lotsa sunshine) a fella gets a hankering. No matter what chores beckon, a person just can't resist the tug. That comes when he drops a line in the water and a fish strikes.

My father use to prowl the local current, or lack thereof in the millpond. Come summer when the water level dropped, he'd flycast off the top of the dam. Occasionally, worked the stream below. My grandfather, on the other hand, would scabble down the steep banks to try his luck in a relatively algae free spot. Sometimes when he couldn't sleep during an uncomfortably humid night that's where he could be found, his '54 Chevy Bel Air pulled off the road on the shoulder above.

Often Dad took the whole family along on his outings. A few times he drove the 17 miles to Fond du Lac and Lakeside Park. Fishing off the pilings near the pavilion. Or in the less choppy flow off Stinky Point, where boats weren't always churning up the waves. Most of the time, we stayed loser to home. Winding up down at Lake Bernice. Dad picked a spot where the boats launched, then baited cane poles for us and we went to the bridge farther away. Guess he tired of us snarling all the lines on his flycast rigs. He had what all of us, including Mom lacked. Simply the true fisherman's gift of patience. Often boasted he could sit there and wait as long as the fish could. The whole night if that's what it took. Usually, after the only thing biting was mosquitoes, Mom cajoled him into leaving. When he had a good night, we left with a pail full of bullheads, once even a snapping turtle.

All in all, quite a catch of memories which has stayed with me these many years later.

When To Move On

AL WISNEFSKE
BROKER/OWNER, LAND & LEGACY GROUP LLC

Sometimes, it's easier to just wash your hands of a property.

Maybe you bought it when the market was high. Maybe there were issues that were uncovered after closing that caused the value and appeal to plummet. Maybe your emotions put a higher value on it than any other buyer. Maybe life got in the way and maintenance issues are decreasing the value.

Whatever the case may be, you've decided to sell, but it's still hard to sign on the dotted line for any price.

You had a vision, and now that vision is broken. You have attachments, and now those attachments seem worthless.

It's a struggle to come to grips with the reality that you're about to take a loss on this sale.

Rather than wipe the slate clean, you hang on. You pay the property taxes and insurance. You see the maintenance issues pile up.

It's time.

It's time to post the property for sale. It's time to close it. It's time for you to wash your hands of it and move on.

Wipe the slate clean.

The present may sting but your future self will thank you.

Newspapers In Education

MITCHELL BRADLEY KELLER
ACTING EDITOR

Our dedicated readers might recall an annual feature this newspaper participated in called Newspapers In Education (NIE).

The nationwide initiative took place every March, and it mostly involved our editorial staff presenting to local students about the importance of our industry. We also provided space in the paper for these same students to write letters to the editor, draw up their own banner ads and create crossword puzzles.

All in all, it is a lot of fun for everyone involved and it made for fantastic content.

As March has come and gone (leaving like a lion, no doubt), it pains me to say that our editorial staff did not explicitly partake in NIE this year.

This was the consequence of myriad challenges, all of which I am growing tired of writing (and I am sure some fatigue is felt by our readers, too). Ultimately, it just was not realistic to ask my newsroom (which has been levied unprecedented expectations, already) to undertake the responsibility. While I trust both Breanna Rice and Clarice Case would be capable at communicating the importance of newspapers to our area children, I believe I should allow them more time – they have only been with us a few months – to experience it first hand before imparting their wisdom.

That is not to say that we haven't been engaging

with the youth.

Last month, I stopped by a classroom at St. Matthew's Catholic School in Campbellsport, and we discussed the role of a newspaper in the village and what opportunities there are working in the news or communications. Those junior-high students were particularly eager to find out that my vocational journey has allowed me to meet folks like Bob Uecker and Toby Keith and has taken me to places as far away as Australia (though this particular class was not keen on a trip "Down Under" because of the spiders, and, take it from me, they certainly have reason to be anxious).

That same day, I participated in a career fair at Kewaskum High School. Especially in this context and setting, I am always impressed by the drive and maturity of teens. Too often, young people are criticized for being "disconnected" or "impatient" though I hardly ever get that impression when speaking to them. I am hopeful some of those KHS juniors who spoke with me that day will look us up for summer work or future internships!

I bring these instances up, because, while our staff did not officially participate in the annual Newspaper In Education program, our newspaper is always *in* local education.

While we have had to shuffle around a bit since 2020, one thing we have increased in all of our coverage areas is our communication with educators

New Policy for Letters-to-the-Editor

This newspaper's publishing company, Multi Media Channels (MMC), has made the following changes to its policy regarding Letters to the Editor (LTE) and political campaign letters:

"All letters submitted as an endorsement for a political candidate, referendum or political, will be charged \$40 per letter of up to 250 words in length. Longer political letters will be accepted but will be charged \$10 per additional 50 words. All political letters must be prepaid prior to printing. Letters to the Editor will not be accepted from candidates running for election or representatives of an organization endorsing their own referendum; those submissions will be referred to our advertising department to be run as advertisements."

This policy is effective immediately and was made in response to a rapidly changing environment. This newspaper values all opinions and has long provided its pages for free to candidates and supporters, however, a significant increase in letter writing from elected officials has caused our editorial leaders to reconsider this practice. As such, all political letters must first pay for advertising before being published.

This change was made across all of MMC's newspapers across the State of Wisconsin.

National Day of Prayer

DOUG BIRR
PASTOR, CAMPBELLSPORT ALLIANCE CHURCH

For generations, Americans have turned to Almighty God to be our hope through trials and our joy in celebrations. It's been more than 70 years since a unanimous joint resolution of the United States Congress established the first Thursday in May as the National Day of Prayer to reflect our continual dependence on God through prayer. Each year the President signs a proclamation encouraging all Americans to pray for our country.

The 71st annual observance of The National Day of Prayer is Thursday, May 5. The 2022 theme stands as an invitation and call to worship: "Exalt the Lord Who has Established Us." These expressions of thanksgiving will be carried out in all 50 states and several U.S. territories through tens of thousands of local prayer gatherings.

Over two million people attend more than 30,000 local, state, and federal observances. They meet at state capitols, county court houses, schools, businesses, churches, homes and on the steps of city halls to pray for our nation.

The annual national broadcast this year is produced in collaboration with *Pray.com* and The Museum of the Bible. It will air on television and radio, and will be streamed through social media at 7 pm CT. For station and social media information, visit www.nationaldayofprayer.org.

Local Event

A local National Day of Prayer event will be held Thursday, May 5, at noon in front of the Campbellsport Municipal Center, 470 Grandview (just north of Piggly Wiggly). The half hour observance provides an opportunity to pray for America, its leaders (local, state and national), current issues facing our country, its future and our families. There'll also be time to thank God for his blessings and ask him to continue to bless our nation. In case of bad weather, the event will move inside the Municipal Center. More information is available by calling Campbellsport Alliance Church at 920-533-5123.

One Person Missing Following Capsized Canoe on Fox Lake

One female occupant was rescued, but male remains missing

DODGE COUNTY SHERIFF'S OFFICE

Shortly before 12:30 p.m. on Thursday, April 21, the Dodge County Sheriff's Office received a 911 call reporting a canoe had capsized and two people were in the water, yelling for help, near the north shore of Fox Lake.

First arriving deputies were able to determine at least one person was above the water, but a second victim could not be seen.

An adult female, of rural Fox Lake, was recovered from the water and transported to an area hospital for treatment.

An active search [remained underway as of this publication's print time] for an adult male occupant of the canoe. The male is believed to be a resident of rural Fox Lake.

Conditions on the lake were not suitable for canoe or kayak use due to high winds. Neither occupant was wearing a personal floatation device (PFD).

Assisting the Dodge County Sheriff's Office at the scene [on April 21] were the Fox Lake Police Department, Wis. Department of Natural Resources Conservation Wardens, Fox Lake Fire Department and EMS, Beaver Dam Fire Department and Paramedics and the Fond du Lac County Sheriff's Office Dive Team.

[On April 22], the Dodge County Sheriff's Office, Fond du Lac Sheriff's Office Dive Team, Beaver Dam Fire Department Dive Team, Campbellsport Fire Department Dive Team, Fox Lake Fire Department, Waupun Fire Department, Campbellsport Fire Department,

Hustisford Fire Department and the Department of Natural Resources conducted an extensive search of Fox Lake until sunset on Thursday evening. Unfortunately, the male subject was not located and is considered missing. The female subject was treated and released from the hospital Thursday evening.

Search operations continued, however, due to impending weather, and the safety of divers, a full-scale search was not possible [on April 22].

[On April 23], The Dodge County Sheriff's Office, Fond du Lac County Sheriff's Office Dive Team, Columbia County Sheriff's Office Dive Team, Marathon County Sheriff's Office Dive Team, Fox Lake Fire Department, Beaver Dam Fire Department, Hustisford Fire Department and the Wis. Department of Natural Resources conducted another extensive search for the missing male subject.

At about 4:30 p.m., search operations were called off by the dive and boat teams due to high wind conditions on the lake. The conditions made dive operations difficult and dangerous to diving personnel.

Searches will continue in the coming days, but the extent of the searches, and the times and dates of the searches, will not be shared with the public. This is a result of wind weather conditions forecast over the next several days, which make it difficult to predict what search techniques may be feasible without putting divers at risk.

No further information will be available, and we will update the public as more information becomes available.

and administrators at our local schools.

We also are a unique newspaper offering insight into these local classrooms that few other, if any, nearby publications can replicate. It is a privilege and a service, and the majority of our readers have been thankful to us for keeping up that mission.

So, for anyone who missed NIE this year, I completely understand, and I agree. I missed it, too.

As such, for 2023, we, as a newsroom, promise to bring the program back, and we thank you for allowing us to take a year off while we get our feet set.

But, until then, please do take notice of all our education coverage throughout the

year, as we work to further solidify our role as a resource and tool in amplifying student and community-member stories.

Warmer weather is approaching, flowers are blooming and here is your forecast for new book releases in May.

In adult fiction, prolific authors James Patterson, Jennifer Weiner and Mary Kay Andrews have new releases. Kim Richardson will put out *The Book Woman's Daughter* a sequel to her best seller featuring Honey Lovett, the daughter of the Troublesome book woman. *Hidden Pictures* written by Jason Rekulak has positive reviews and follows babysitter Mallory who is fresh out of rehab and in a new job with a family. She loves her life there taking care of artistic prodigy five-year-old Teddy, until she views Teddy's sinister drawings of terror. Look for Chanel Cleeton's newest release *Our Last Days in Barcelona* and be caught up in a world of Spanish espionage. One of my favorite authors Chris Bohjalian returns with a thriller

involving an African safari. *The Lioness* follows a Hollywood star and her entourage after they are kidnapped by Russian mercenaries while partaking a luxurious vacation. Finally, be sure to check out *The Lost Summers of Newport*. This novel features three mysteries intertwined into one tale by writers Beatriz Williams, Lauren Willig and Karen White.

The average American spends 90% of their time indoors and children are no exception. Meateater's Steven Rinella discusses how families can find beauty, meaning and connection in a life lived outdoors in *Outdoor Kids in an Inside World: Getting Your Family Out of the House and Radically Engaged With Nature*. If you love reading speeches, pick up Jeff Nussbaum's *Undelivered: The Unseen Speeches That Would Have Rewritten History*. Political speechwriter Nussbaum presents the most notable speeches written but never spoken. In his eleventh book in the Killing series, Bill O'Reilly releases *Killing the Killers: The Secret War Against Terrorists*.

With writer Martin Dugard, O'Reilly explores and chronicles the global war on terrorism after 9/11.

There are plenty of new books in May for children. Kevin Henkes' picture book about seashells and grandparents in *Little Houses*. Novelist Lauren Wolk returns to the world of Wolf Hollow in *My Own Lightning*. There will also be new items featuring the Berenstain Bears, Pete the Cat, Wild Kratts and *I Survived*. For teens, look for E. Lockhart's *Family of Liars* which is a prequel to the popular *We Were Liars*. The third book in the American Royals series by Katherine McGee titled *Rivals* will also be out.

We will have new movies coming on DVD in May. Some of these include "Dog" with Channing Tatum, "Licorice Pizza" with Bradley Cooper and "The Batman" starring Robert Pattinson. A couple of new seasons of series will be released that we will have at the library; "Sanditon and Succession."

Stop on in to pick up a new read in May.

Boltonville Firecrackers 4-H Club April Report

ELLIE STEINERT
BOLTONVILLE FIRECRACKERS
REPORTER

Greetings from Boltonville Firecrackers 4-H Club! This month we learned that our bird seed fundraiser was a big success. We appreciate everyone who helped with it. We also discussed our bake sale. The bake sale will be held on Saturday, May 7, from 8:30 a.m.-2:30 p.m. at the R-Store gas station in Boltonville.

Stop in for some tasty treats! Our ice breaker was a game called 2 Truths and 1 Lie. We all had fun trying to figure out the lies. We had two demonstrations as well. Jovan taught us about his archery skills and Dalia and Lilla taught us about their chickens. It was an exciting night. Next month we will prepare for the Boltonville Rain Days parade. See you next time!

CES Evening of Celebration

SHANDA CERNY
PRINCIPAL, CES

On Thursday, March 31, Campbellsport Elementary School (CES) celebrated with an evening showcasing all the amazing work our students and staff are doing here at the school.

It was a great way to bring families and community members in to see all of this awesome work.

Throughout the evening, families traveled to all the different grade levels and stations in the school to see what their friends and/or siblings have been working on, while creating a mythical

creature to enter in a drawing for a door prize.

During the event, families were able to enjoy a spaghetti dinner together, literacy stations, an art station, student creations and the 5th grade wax museum.

Also, as part of the evening, the CES PTO provided amazing science stations through the Mad Science program in Milwaukee.

We would like to take this opportunity to thank everyone who attended this spectacular event and hope that you enjoyed your time here seeing all the amazing things going on at Campbellsport Elementary School!

Tyler and Carysn would be on an adjacent property owned by Darwin Berndt who, along with another neighbor – Randy Henkyn – had opened up their land (as long as it was just for kids).

This morning, Conner and I were making the hike at 5 a.m., and it was cold as it seems to be every year in April these days.

As soon as we were in the blind, we could hear five toms gobbling from their roosts and it was game on.

Reality struck when the toms flew down; we could not see them, and they headed in the opposite direction.

Tyler and Carysn had a bit of a crazy show from the get-go, as a flock of turkey came from behind, and a large tom got in range but blind/turkey positioning did not allow a shot.

Nick and Hunter did not see any birds but had some gobbling close by.

My goal in these situations is to teach and to be fun. We had a pond close by and our world was non-stop duck, goose and deer action. One experience that Conner witnessed was a pair of wood duck that were peacefully swimming in the pond. A stray, drake wood duck flew into the pond, beat the bajeeps out of the drake that was with the hen and the hen kept hiding on him by going underwater.

I had told Conner that when the toms we had heard from the roosts got bored with their hens, we may be able get a visit. About 9 a.m., we truly were having a good time when, out of the corner of my eye, I spotted a very large gobbler heading our way. I had hen decoys in two spots in the

picked cornfield that we were hunting, and he was not super interested.

It kind of looked like he was going to vanish, so I told Conner I was going to try to call him in.

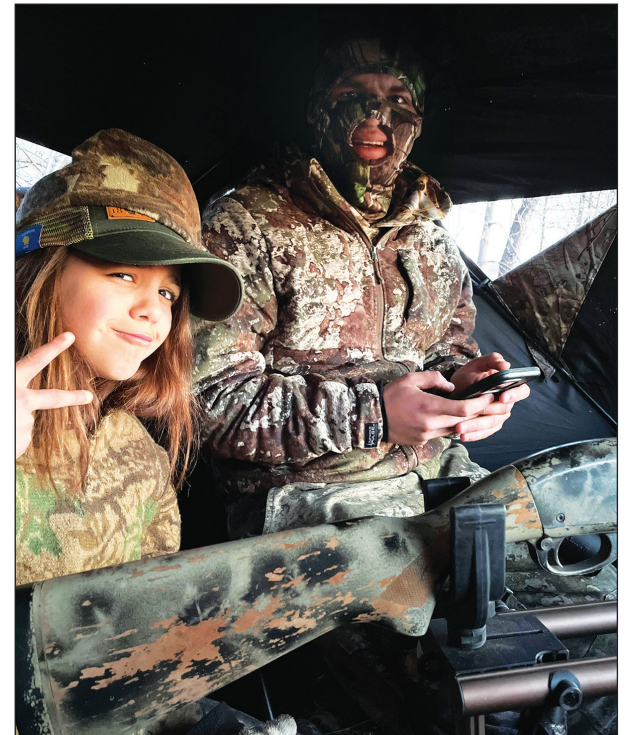

I gave it a try with my dad's Quaker Boy "Little One Sider" box call, and that's all she wrote.

The tom saw a jake/hen setup that I had and, kind of like the wood duck story, wanted to kick some butt. There was a very large jake with the tom, and it kept getting in the way.

The gobbler was close and should have went to heaven, but a young hunter had a heck-of-an-experience and his quarry escaped.

Toward dark, Carysn was hunting with her dad Tyler and had a couple of dozen turkey give her quite the show, as they were fighting but, once again, the bird did not make it to the oven.

I had a blast with these kids and was really impressed with Hunter and Nick as they quietly sat

in their blind for 9 hours without a heater.

For myself, there was lots to think about; several friends were hunting with kids, and we did some texting. It seems the 410 is becoming very popular and some birds were harvested with it.

One friend paid \$73 for five shells.

With Conner, we occupied ourselves with a deer, turkey and coyote spotting contest and watching the non-stop show called nature and, of course, I pretended I was a crazy man, and it seems I was rather convincing!

Get kids outside!

Washington County Drive-thru Prescription Drug Take Back Day on Saturday

The Washington Ozaukee Public Health Department, Ozaukee County Sheriff's Office, Sirona Recovery, Concordia University Wisconsin School of Pharmacy and Washington County Sheriff's Office, in cooperation with the Wisconsin Department of Justice (DOJ) and the Drug Enforcement Administration (DEA), will participate in National Prescription Drug Take Back Day on Saturday, April 30 at the Ozaukee Transit Center in Port Washington, Concordia University in Mequon and the Washington County Highway Department in West Bend (900 Lang St.) from 10 a.m.-2 p.m.

This effort will continue to bring focus to the issue of prescription painkiller abuse in Wisconsin. Drug Take Back Day provides a safe, convenient, and responsible means of disposal, while also educating the community about the potential abuse and consequences of improper storage and disposal of these medi-

cations. Unused or expired medicine should never be flushed or poured down the drain. Water reclamation facilities are not designed to remove all of them and trace amounts of pharmaceuticals are showing up in rivers and lakes around the world.

Guidelines

All waste pharmaceuticals must be generated by a household – no businesses are allowed.

Bring: Prescription (controlled and non-controlled) and over-the-counter medications, ointments, patches, inhalers, non-aerosol sprays, creams, vape cartridges and devices (with batteries removed), vials and pet medications.

Do Not Bring: Illegal drugs, needles/sharps, mercury thermometers, aerosol cans, bio-hazardous materials (anything containing a bodily fluid or blood), flares, personal care

products (shampoo, soaps, lotions, sunscreens, etc.), household hazardous waste (paint, pesticides, chemicals, oil, or gas), acids, or any vape devices containing batteries of any kind.

- Liquids will be accepted during this initiative. However, liquids, creams and sprays must be in their original packaging. Liquids without the original packaging will not be accepted.

- Illicit substances such as marijuana or methamphetamine are not a part of this initiative and should not be placed in collection containers.

Ozaukee and Washington Counties continue to offer permanent drop boxes for year-round prescription medication disposal. Drop boxes are available during regular office hours at police departments around the counties. To find a location near you, visit <http://doseofrealitywi.gov/find-a-take-back-location/>.

Village of Kewaskum Board of Review Notice Wednesday, May 11, 2022, 9:00-11:00 A.M.

NOTICE IS HEREBY GIVEN that the Board of Review for the Village of Kewaskum, of Washington County, Wisconsin, will hold its first meeting in the Council Room of the

Meetings and Public Hearings 7720

Municipal Building, 204 First Street on Wednesday, May 11, 2022 commencing at 9:00 a.m. to 11:00 a.m.

No person shall be allowed to appear before the Board of Review, to testify to the Board by telephone or to contest the amount of any assessment of real or personal property if the person has refused a reasonable written request by certified mail of the Assessor to enter onto property to conduct an exterior view of such property being assessed.

After the first meeting of the Board of Review and before the Board's final adjournment, no person who is scheduled to appear before the Board of Review may contact, or provide information to, a member of the Board about the person's objection except at a session of the Board. Open Book shall occur no less than 7 days prior to the Board of Review.

The Board of Review may not hear an objection to the amount or valuation of property unless, at least 48 hours before the Board's first scheduled meeting, the objector provides to the Board's clerk written or oral notice of an intent to file an objection, except that upon a showing of good cause and the submission of a written objection, the Board shall waive that requirement during the first 2 hours of the Board's first scheduled meeting, and the Board may waive that requirement up to the end of the 5th day of the session or up to the end of the final day of the session if the session is less than 5 days with proof of extraordinary circumstances for failure to meet the 48 hour notice requirement and failure to appear before the board of review during the first 2 hours of the first scheduled meeting.

Objections to the amount or valuation of property shall first be made in writing and filed with the clerk of the Board of Review within the first 2 hours of the Board's first scheduled meeting, except that, upon evidence of extraordinary circumstances, the Board may waive that requirement up to the end of the 5th day of the session or up to the end of the final day of the session if the session is less than 5 days. The Board may require objections to the amount or valuation of property to be submitted on forms approved by the Department of Revenue, and the Board shall require that any forms include stated valuations of the property in question. Persons who own land and improvements to that

Meetings and Public Hearings 7720

land may object to the aggregate valuation of that land and improvements to that land, but no person who owns land and improvements to that land may object only to the valuation of that land or only to the valuation of improvements to that land. No person may be allowed in any action or proceedings to question the amount or valuation of property unless the written objection has been filed and that person in good faith presented evidence to the board in support of the objection and made full disclosure before the Board, under oath, of all of that person's property liable to assessment in the district and the value of that property. The requirement that objections be in writing may be waived by express action of the board.

When appearing before the Board of Review, the objecting person shall specify in writing the person's estimate of the value of the land and of the improvements that are the subject of the person's objection and specify the information that the person used to arrive at that estimate.

No person may appear before the Board of Review, testify to the Board by telephone or subject or object to a valuation if that valuation was made by the assessor or the objector using income method of valuation, unless the person supplies the assessor all of the information about income and expenses, as specified in the assessor's manual under Sec. 73.03(2a), that the assessor requests. The Village of Kewaskum has an ordinance for the confidentiality of information about income and expenses that is provided to the assessor under this paragraph which provides exemptions for persons using information in the discharge of duties imposed by law or of the duties of their officer or by order of a court. The information that is provided under this paragraph, unless a court determined that it is inaccurate, is not subject to the right of inspection and copying under Section 19.35 (1) of Wis. Statutes.

The Board shall hear upon oath, by telephone, all ill or disabled persons who present to the Board a letter from a physician, surgeon or osteopath that confirms their illness or disability. No other person may testify by telephone unless the Board, in its discretion, has determined to grant a property owner's or their representative's request to testify under oath by telephone or

written statement.

No person may appear before the Board of Review, testify to the Board by telephone, or contest the amount of any assessment unless, at least 48 hours before the first meeting of the Board, or at least 48 hours before the objection is heard if the objection is allowed under Section 70.47(3)(a), Wis. stats, that person provides to the clerk of the Board of Review notice as to whether the person will ask for the removal of a member of the board of review and, if so, which member, and provides a reasonable estimate of the length of time the hearing will take.

Tierney Herman – Kewaskum Indian

Name: Tierney Herman
School: Kewaskum High School
Sport: Soccer
What team are you excited to face?

I am excited to face Slinger. For many years Kewaskum soccer has been under the radar and I hope that by competing with well known programs and having a positive outcome will prove what we have created here in Kewaskum.

Talk about a challenge you have had to overcome:

I think the biggest challenge that we have had to overcome as a team is losing our seniors from last year. We all grew up playing together and had a record breaking season last year. Losing parts of our starting line up was a bit of a mental block prior to the season. The season is a couple weeks and games underway and I would say that so far we are on the right track for another great season with the talent and skills we have this year.

Best high school memory?

My best high school memory would have to be the day that our soccer team beat Catholic Memorial in the Regional Finals. Ever since we were little our coach had said, "Catholic Memorial is the team to beat in high school, we have to beat them to go far." He was spot on and the day we beat them will forever be my favorite memory.

What has been your best game/performance of your high school career?

I would have to also say that the Catholic Memorial Regional Finals game was my best performance. That day the entire team clicked and supported one another. I felt as if I was making amazing passes, and each run I made had a purpose. Each teammate did this as well, which explains why we had the outcome we always dreamt of.

What is one thing most people do not know about you?

One thing most people do not know about me is that myself, my parents and my brother all have the same initials, including the middle

name. (TJH)

What are your college aspirations?

I will be attending Edgewood College in the fall to pursue nursing as well as continue playing soccer.

What is your dream job?

My dream job is to become a travel nurse!

Cake or pie?

Cake

Who is one of your role models?

One of my role models is my youth group leader. The way she lives through her faith is extremely inspirational to me, and I hope that one day I can make an impact like she has.

What is one of your dreams?

My dream is to be able to run a marathon in my life.

Favorite professional athlete/team?

Rose Lavelle, she played for the Badgers and is now on the U.S. Women's National Soccer Team.

Favorite tv show or movie?

I do not have time to watch TV or movies, so I will have to go with nothing!

What is your hype song?

Kewaskum, 6 vs Kiel, 5

Despite seeing its four-run lead whittled down by the end, Kewaskum (5-2) still held off the Kiel Raiders (4-1) for a 6-5 victory on Thursday, April 21.

The Indians earned the victory despite allowing the Raiders to score three runs in the seventh inning.

In the bottom of the third inning, the Indians tied things up at two when Hunter Loser singled on a 1-0 count, scoring one run.

The Indians took the lead, 3-2, by scoring one run in the fourth inning on a perfectly placed suicide squeeze by Lucas Block.

It was a day where pitching was done by committee. Donny Zillmer started and went 2 1/3 followed by Derek May 1 2/3 innings. Jacob Brzozowski earned the victory on the hill for Kewaskum. Brzozowski came in to relieve May in the fourth inning and lasted two and a third innings. Alec Cappozzo entered the game and recorded the last two outs to earn the save for Kewaskum.

Loser led Kewaskum with three hits in three at-bats and two RBIs.

Game #1: The first game of the spring 2022 season the U7 Rays started out on a very chilly day against the Slinger Hammerheads. Lucas Torn scored the first goal of the game. The second quarter the Kewaskum Rays came out strong with five goals achieved by: Liam Schoofs, Sawyer Knorr, Lucas Torn with two more, and Kennedy Bonlender. The team's strong passing resulted in two more goals from Liam Schoofs and Sawyer Knorr to end the game with a win. Final score was 8 to 0.

Game #2: U7 Kewaskum Galaxy won it first game, at home, earlier this month. It was a great week for Levi with two goals and several blocks. Eleanor also scored bringing the final score to 3-1. The Galaxy offense was strong with quite a few attempts at goal. Defense kept the ball down field, keeping the Hawks at only one goal.

Game #3: On Saturday, April 16, the U12 Comets battled Hartford – and the wind – in a game that ultimately ended in a 2-2 tie. Goals were scored by AJ & Brady F., with an assist from Jax. Evan and Oliver defended the Comets' goal with a hand-

ful of saves for each. Overall, it was a well played game by the entire group and the team represented KYSO well in their effort and sportsmanship.

Game #4: The U12 Flash team got the season started off playing against the Jackson Wolves on Saturday, April 16. It was a cold and windy day but the whole team came together and played a great first half with lots off attempts on goal by Porter Reis and Kaiden Wagner and Logan Honeyager and lots of great saves on goalie by Bryce Shirley. Overall they played a great first half with passing and great defense. The second half was a little more tough for the team but they still all tried there best and communicated and moved the ball around but the Jackson Wolves made 5 goals. Putting the score at 0-5.

ROUNDUP: Cougars Softball

DAN HEISDORF
CHS SOFTBALL COACH

Campbellsport, 8 vs Lomira, 2

Last Tuesday, April 19, the Cougar softball team handed Lomira their first loss of the season defeating them 8-2.

Kylie Krueger got things rolling in the first inning when she lined a double to the gap. After a Kaitlyn Goebel walk, Bri Thompson lined a double to the gap scoring Krueger and Goebel. Kinsley Homuth then hit an RBI-single up the middle to make the score 3-0.

The score would stay that way until the fourth inning when Kinsley Homuth would hit her first career varsity home run.

When asked about the home run, Homuth said, "It's the best purchase my dad has ever made! I named my bat Pitbull."

Later in the inning with two outs, Morgan Yahr singled and Carissa Heisdorf doubled to set up a two-RBI single by Krueger to make the score 6-0. Kylie Zehren would make it 7-0 with an RBI single.

In the fifth, after Maia Morgan and Yahr singled, Heisdorf would punch an RBI single to left to make the score 8-0.

Lomira would add a couple runs in the sixth to make the final 8-2.

After losing to Lomira in the sectional semi-final last year Krueger stated, "It feels great to beat them after last year. We did a great job hitting with runners in scoring position, and had a really strong defense led by our pitcher Z (Zehren) to keep us ahead."

Heisdorf, Krueger, Yahr and Homuth would each have two hits. Zehren, Goebel, Thompson,

Morgan and Brooke Flitter each had one.

Zehren started in the circle and allowed three hits, one earned run and struck out 12.

Campbellsport, 6 vs Laconia, 4

In the first game of a twin bill against Laconia on Thursday, April 21, Carissa Heisdorf started the game off with a single and would load the bases on an error and fielder's choice. Heisdorf would score on a passed ball and the Cougars would add another run on an RBI groundout by Brianna Thompson to make the score 2-0.

The Cougar defense had a couple errors in the bottom of the first that allowed Laconia to knot things back up at two.

In the second, Brooke Flitter would walk and Morgan Yahr would single. Kylie Krueger would then line a two-out, two-RBI triple to left center. Kylie Zehren would then line a single up the middle to make the score 5-2.

Laconia would add another unearned run in the third to cut the lead to 5-3.

In the fifth, Kinsley Homuth would hit a solo bomb to get the Cougars to six runs.

Laconia would add a run in the seventh and had the tying run at first base, but Flitter was able to induce a ground out to end the game.

About the game, Flitter said, "I feel offensively we had clutch hits and we hit the ball well. Defensively, it wasn't our best performance, but we overcame that and I am confident we will get those fixed."

Homuth would finish with three hits, while Heisdorf and Zehren each ended up with two.

Flitter got the win going all seven innings, allowing one earned run and striking out seven.

Campbellsport, 13 vs Laconia, 3

In game two, the Cougars pounded out 20 hits resulting in run-ruling Laconia in six innings.

The Cougars got things going again in the first inning when Kylie Krueger and Kylie Zehren got back-to-back singles. Brianna Thompson would then double, scoring Krueger, and Kinsley Homuth would hit a double of her own to score Zehren and Thompson to make it 3-0.

Laconia would eventually tie things up after three innings, however the Cougar bats were about to be smoking hot. Ava Sippel, Carissa Heisdorf, and Krueger all singled in the bottom of the fourth to load the bases. Zehren would drive a run in on an error and then Kaitlyn Goebel would drive in another run with a single. After an RBI ground out, Homuth would single to drive in two more to make the score 8-3.

CHS BASEBALL

Campbellsport, 2 vs Lomira, 0

Campbellsport beat Lomira 2-0 in a game of Flyway Conference unbeaten on Tuesday, April 19.

Lomira singled in the first but the inning was ended on a 6-4-3 double play started by a diving stop by Mitch McCarty.

Campbellsport threatened in the second inning after Cullen Beisbier led off with a single and Braden Heltemes moved him over with a bunt, but the Cougars were unable to drive him in.

Lomira continued to get base runners in the second and third, but were unable to plate any of them.

The Cougars did their damage in their half of the third inning. Garrett Roehl led off with a single, and Joey Nerat and Jalen Gellings followed with bunt singles, with Roehl scoring on a Lomira throwing error. Nerat later scored on a well-executed squeeze play by Cole Kaehne to give the Cougars a 2-0 lead they would never relinquish.

Gellings continued to pitch well, scattering four Lomira hits over 6-2/3 innings.

Campbellsport, 5 vs Laconia, 3

Laconia plated a run in the bottom of the third, and Campbellsport answered with a run in the fifth.

Laconia scored two in their half of the sixth on a home run to cut the lead to 5-4, but McCarty finished the inning without further damage.
