'Words Cannot Describe' – Wisconsin Resident Visits Ukraine Amid Crisis

A young girl gets some rest on the long journey to Przemysl, Poland, by clinging to her stuffed bear. Tens-of-thousands of children and their parents have been displaced by Russia's invasion of Ukraine. **ANDREW FIDZIUKIEWICZ PHOTO**

Camp Vista Director Andrew Fidziukiewicz of Eden, Wis., and a native of Poland, visited Ukraine in March amid the Russian invasion. He provided the below information and words of reflection to share with our readers.

ANDREW FIDZIUKIEWICZ CAMP VISTA DIRECTOR

During my travels, I saw the difference that even the smallest gift could make.

I visited the city of Sokolka, Poland, then Przemysl, and its train station, which is the closest one to the Ukrainian border. I also crossed the border into the beautiful, historical town of Lviv, where I experienced the Russian airstrike that hit the petroleum plant located on the edge of the city.

What I saw was a firsthand encounter of despair, tragedy and sorrow of so many people affected by this disastrous war. Words cannot describe what I have witnessed, but all I can say is that: What I saw, I hope, no one would ever have to experience for themselves.

On Being Apolitical

Dear Reader,

Have we ever published in this newspaper anything about Donald Trump or Joe Biden? The answer is no. Have we ever said anything about any of the politicians on the national scene or in the world or even on the local scene for that matter? No.

Perhaps you wonder why. The answer is that we are not in the business of persuasion. We are in the business of gathering news - local news that matters to people in this community. That's our stewardship: Hyper-local news that is reported truthfully.

How many people are out there who are persuadable on controversial issues? Our answer is; not many. People think and feel the way they do, and there isn't much anyone can do to sway anyone. So, we stay away from that, and instead focus on telling the truth about our local community.

We will make one exception to this policy by calling out the horrors we are all witnessing in Ukraine at the hands of Vladimir Putin, a desperate man who will do anything to increase his power. His unprovoked and brutal attack on Ukraine has inflicted pain and evil on millions of people who just wanted to live their lives. We have compassion for the suffering of a people that is striving for freedom and the right to pursue happiness.

Reader Views State Senator's Critiques of Evers' Vetoes as Unfair

In the May 19 [edition of this newspaper], District 20 Wis. State Sen. Duey Stroebel (R-Saukville) wrote about Wis. Gov. Tony Evers' vetoes on what Mr. Stroebel considered "common sense" reforms.

One element of Stroebel's opinion that was ignored was the reason Gov. Evers vetoed these bills.

So, according to the veto explanations, published from the Office of the Governor, I will attempt to provide this information:

SB 296 - the "Riot Bill" - and AB 827: concerned penalties for rioting. The bills were vetoed because they duplicate existing laws and could criminalize non-violent protestors.

SB 119: concerned "defunding local police". It was vetoed because it set onerous restrictions on local governments to set their budgets. Instead, Gov. Evers proposed increases in aid and levy limit flexibility so local governments could govern "as they see fit".

SB 16: concerned preventing a child who is born alive after a failed abortion attempt cannot be left to die. It was vetoed because state law already provides these protections.

AB 963: a parental bill of rights to parents. It was vetoed because parents, educators and school boards already work together to do what's best for our children. Gov. Evers feels support for our schools, not division, is the best tool in education, and this bill is unnecessary.

AB 970: removing caps on the Wisconsin Parental Choice Program, was vetoed because it created an unfunded \$1,000 per-student education account reimbursement program. It could have a

\$500 million impact on taxpayers in a school year, which would be fiscally irresponsible.

SB 463: required the posting of school curriculum materials online. This bill would require a list of bibliographic information on every piece of material or activity covered in a school year. It was vetoed because no appropriation, staff or resources were established in the bill to maintain this list. Also, federal laws already exist that require policies and procedures to respond to parents' concerns about instructional materials.

AB 173: prohibits third parties from funding election administration in politically targeted communities. It was vetoed because, as demonstrated during the pandemic, these funds were utilized by election administration, according to existing state and federal law, to provide a safe election. Gov Evers has faith in local governments, election administrators and poll workers to follow existing election laws.

You can find all of these veto explanations at docs.legis.wisconsin.gov.

Mr. Stroebel's term ends in 2025 but, due to gerrymandering, which he wholeheartedly supports, his re-election is likely guaranteed.

Gov. Evers election relies on all of Wisconsin voters.

The Wisconsin State Legislature was in session from Jan 18, 2022 to March 8, 2022. I would hope for the rest of the year, since he has the time, Mr. Stroebel would be somewhat fair in his complaints against Gov. Evers.

Signed,
Anne Sesing

Appraisals vs. Assessed Value

AL WISNEFSKE
BROKER/OWNER, LAND & LEGACY GROUP LLC

What is the difference?

Although both can refer to ways of measuring a property's value, each takes a different approach to calculate.

Property appraisals are conducted by state-licensed appraisers, typically by a financial institution that is serving as a mortgage lender. This will impact the home selling price and mortgage amount. It is a form of assurance to lenders and potential home buyers that help ensure that they're not being asked to loan or borrow more money on any given property than it is actually worth.

Assessed value is the dollar value assigned to a home or other piece of real estate for property tax purposes. It takes into account the value of comparable properties in the area, among other factors. In many cases, the assessed value is calculated as a percentage of the fair market value of the property.

If you would like more information regarding these subjects, please contact me at al@landandlegacygroup.com.

Doing Summer Well

ROY SMALLEY
CONTRIBUTOR

The last two years have been frustrating and unpredictable, to say the least.

For example: A marathon I was signed up to race has been rescheduled, deferred or cancelled four times, and a June triathlon was just postponed to a yet-to-be announced date at a new location to be determined.

Frustrating and unpredictable.

Given the nature of things lately, there's a good chance that many of us still haven't made any solid plans for the summer. However, even when vacation plans are up in the air, you can stay grounded in your health and wellness and reduce stress levels by making a habit of eating well, moving well and being well.

Eating Well

Burgers and brats are synonymous with summer! But, while they're delicious, they don't deliver all the nutrition your body

needs for an active day in the sun.

When temperatures rise and the sun beats down, plan ahead to include a wide variety of seasonal fruits and vegetables.

Sweet corn, a Midwest favorite, is rich in fiber, vitamins and minerals, along with antioxidants that help protect your eyes from the damaging effects of sunlight. Natural sunglasses!

And cool, refreshing foods like melons, tomatoes, berries, summer squash and cucumbers are packed with hydrating water and minerals that can actually help decrease risk of sunburns.

Under-hydration increases your risk of heat-related illness and extreme fatigue. Whether you're working in the garden or walking the trails, plan ahead to bring plenty of water, and sip it frequently.

A quick note on alcohol: While a cold one can be refreshing on a hot day, more than one or two alcoholic drinks can dehydrate you and lower your body's temperature regulat-

UKRAINE from page 1

In just the span of a day when I went to help on the Ukrainian side, more than 31,000 refugees crossed the Ukrainian/Polish border, and this was surprisingly a "manageable" number. There have been times where more than 150,000 refugees crossed the border in just one day.

Each of these refugees has their own tragic story, and here are a few that touched my heart:

1. A mother with a child from the Donbas area said that she had time to pack only two suitcases of just necessary things. In the middle of her fleeing journey, she had to leave one behind at a transfer area because there was no more room, as there were so many people and not enough room for belongings.

2. A woman I spoke with said that,

Bags of sand cover the first-story window of a building in Lviv. Structures like these were created as shelters for displaced civilians.

as she found refuge in Poland, she received a call that her house was totally destroyed and two of her sons were missing on the battle front. She was praying at every moment of the day for her sons to be found.

3. The war created panic and uncertainty in Ukraine. Ukrainians in the areas effected by war have just one basic need and desire, and that is to have a meal each day. Some try to leave the war zones but are unable to, due to Russians blocking humanitarian convoys.

These stories don't even scratch the surface of the devastation that is happening in Ukraine, and the effects it has on surrounding areas.

To anyone who has provided material or financial relief to those in crisis: I assure you, your donations were heaven-sent to these people who don't know if they will see their families, or even tomorrow.

If you can imagine being in a position where you don't know if you

will ever see your brothers, sons and husbands again, or how you will eat or even where you will sleep, please pray for the people for whom this is a reality.

Thank you, again, for everyone's generosity and for your prayers. Our community efforts were able to provide food and other support to the refugees who have nothing.

In these two weeks I spent abroad, I have not only experienced the need and desperation and the tragedy of people. but also I have experienced the solidarity and the big and generous heart of our community.

On behalf of the Ukrainian people affected by the war with Russia, I would like to sincerely thank everyone for their prayers and tremendous financial support. We were impressed at your response to a crisis that seems so far away from our little Village of Eden.

Together, we raised \$17,221, which included \$9,209 raised by the Shepherd of the Hills Parish, alone.

These donations were shared with the refugees in my hometown of Suprasl, Poland, and beyond, as I

went to help in areas spanning wider than places I planned on going to.

Thank you, and God bless you all!

OBITUARIES

Ione Bette Kohlman

Ione Bette Kohlman, age 90 years, of West Bend, was called home to be with the Lord on Wednesday, May 25, 2022.

Ione was born on November 15, 1931, in St. Michael, to the late Jake and Elizabeth (nee Schneider) Schladweiler. She was united in marriage to Harold Kohlman on June 26, 1954. Harold passed away on September 16, 1997.

Ione had an amazing zest for life. She left a mark on most people she met with her smile and love. She was happy, conversational and most importantly, caring. Her special interests were gardening, canning, ironing, and talking about her time at Amity, The West Bend News, and Shopko. She was the epitome of positivity. She truly wanted to help and remember anyone she met. Her positive attitude and love will be dearly missed.

Those Ione leaves behind to cherish her memory include her daughters, Patrice (Mark) Klos, Pam (Gerry) Brown, and Paula (Gary) Moser. She is also survived by her grandchildren, Brandon (Emily) Klos, Ben (Special friend Sheila) Brown, Becky Brown and Jake Moser. She is further survived by a very special great-grandchild, Everett Klos.

In addition to her parents and husband, Ione was preceded in death by 10 brothers and sisters, Marcella (Pete) Schmidt, Mildred (Edgar) Wolf, Al (Naomi) Schladweiler, Viola (Clarence) Schoenbeck, Arnie (Mary) Schladweiler, Delores (John) Van Beek, Leroy (Gertie) Schladweiler, Clemmie (Corinne) Schladweiler, Estelle (Ralph) Matenaer, and Bernice (Ed) Van Beek.

A Mass of Christian Burial was held on Wednesday, June 1, at St. Mary's Immaculate Conception Parish, 1610 Monroe Street, West Bend, at 6 p.m. with Father Justin Lopina officiating. The family greeted relatives and friends on Wednesday, June 1, at St. Mary's Immaculate Conception Parish from 3 p.m. until the time of Mass at 6 p.m.

Burial will take place on Thursday, June 2, at 11 a.m. at St. Mary's Cemetery on Forest View Road with Father Nathan Reesman officiating.

The family would like to thank the EMTs from Newburg Fire Department for their care and compassion.

Myrhum-Patten Funeral Service and Cremation Service has been entrusted with Ione's arrangements. Additional information and online guest book can be found at www.myrhum-patten.com.

Lynne Anne Reigle

Lynne Anne Reigle, age 66 of Ellsworth, died peacefully May 19, 2022, at her home with her family by her side.

Lynne was born on March 29, 1956, in West Bend; the daughter of Harold 'Buddy' and Eileen (Schommer) Perkins.

She was raised in Kewaskum, where she would graduate from high school. She attended the University of Wisconsin Eau Claire, where she received her Bachelor's of Arts degree.

Lynne loved life and those she had the pleasure of meeting. She was one of those people who connected with everyone and made you feel special. Her caring and generous heart was appreciated by all who had the privilege to call her friend or be an acquaintance. On July 1, 1978, she said a resounding "I Do!" as she married the love of her life, Ronald Reigle, at Holy Trinity Catholic Church in Kewaskum. They were soul mates, who not only complemented each other but brought out the best in each other. They loved each other through high school, college and 44 years of marriage. Lynne was a dedicated mother who cherished her children, Sam and Chelsea, who brought her the utmost joy.

As much as she cherished being a mom, she took great pleasure displaying her fashionable taste. She operated Wee Friends children's retail clothing in Richfield, which won Family Favorite Award from MN Parent two years in a row in the early 90s. She worked at many other jobs, including teaching aerobics, teaching art classes, working as a florist, and working for several years as a manager at Creative Kidstuff. Lynne had a taste that was admired by many. She had the ability to see past the initial appearance of a given room or landscape and add that little something that tied everything together.

She enjoyed seeing her friends at the YMCA in Red Wing, where she did water aerobics or catching up with her Multiple Sclerosis support group. She loved being around others. She was also a gourmet cook. Nothing made her happier than planning and cooking for family and friends. Her dinners for birthdays and holiday feasts were legendary. A quiet day cozied up with a Bon Appétit magazine inspired many a dish. She loved the house of her dreams, that Ron designed, and watching the beautiful butterflies and birds all around them.

But above all, she treasured her family. She adored Ron, revered her children, and could not get enough of her grandchildren who were the apple in her eye! She was the crazy, loving grandma they called Nee-Nee who loved to spend the day with them and spoil them the best she could. She always looked forward to visiting family in Kewaskum, where they would sit for hours around the table talking and laughing (and laughing some more). On the other hand, a quiet morning with Ron while drinking her tea and listening to the birds sing was priceless. Simply put, she was the heart of their family.

Lynne will remain in the hearts of her husband and best friend, Ron; children, Sam (Janet) Reigle, Chelsea (Matthew) Schaefer; grandchildren, Cade, Rory, Owen, Ada, Ender; siblings, Patrick (Caren Town) Perkins, Michael (Patricia) Perkins, Tim (Renee) Perkins, Pam Perkins, Tracy (Scott) Amerling, and Candy Behm, along with her favorite nieces and nephews.

Her parents precede her in death. A Celebration of Life for Lynne Reigle will be 3 p.m., Friday, June 17, with a gathering to follow from 4 to 8 p.m. at the O'Connell Family Funeral Home in Hudson, WI, 502 S. 11th Street. Interment will be private.

In lieu of flowers, we want to remember Lynne's generous heart by asking for contributions to Tubman, an organization that provides comprehensive services to youth and families in need. Go to: tubman.org/give-help/wa for more information. You may mail memorials to O'Connell Family Funeral Home, 130 N. Grant Street, Ellsworth, WI 54011.

On November 14, 1970, he was united in marriage to Sandra Hoepner at Holy Trinity Catholic Church in Kewaskum. Richard was employed at John Deere as a millwright and retired after 38 years of employment. He enjoyed snowmobiling, traveling and going on train trips, farming, and spending time with his grandchildren. Richard was active in Catholic Financial Life as a social secretary/treasurer, a member of the Bintzler-Waehler American Legion #347 in Lomira, a member of the Kewaskum Sno-Chiefs, and an active member of St. Kilian Catholic Church.

'Raised from the Ashes' Camp Vista to Celebrate Rebuilding of Chapel

A blessing and festival will take place at the camp's grounds on Saturday, June 4

MITCHELL BRADLEY KELLER
ACTING EDITOR

It was heart-wrenching scene in the north Kettle Moraine Forest on October 24, 2018, at Camp Vista located in the southeast section of Osceola township: the Catholic summer retreat's chapel, named Our Lady of the Vista, at the remote site just west of Long Lake, had burned to the ground.

Remaining after the fire, the cause of which remains "undetermined", was just a chimney and the structure's foundation. The fire was discovered by a local at roughly 5 a.m., but the bulk of the damage had been done by the time nearly one dozen local fire departments arrived at the scene.

Countless items were lost: a large wooden cross that hung inside that included a time capsule and two wooden altars (crafted by a carpenter from local trees) were listed among the most-cherished items burned into the ether.

What was not lost, however, according to Camp Vista Manager Andrew Fidziukiewicz, was his and the community's resolve. Almost as quickly as the chapel burned a vision to rebuild it was brewing. Money was raised from across the state, and by 2020, the hope of reconstruction had come to fruition.

Fidziukiewicz's vision will finally become a reality on Saturday, June 4, as a brand new chapel on the grounds will be officially opened alongside a holy mass and blessing of the new Our Lady of Hope Vista Chapel at 4 p.m. Throughout the day, Fidziukiewicz and camp staff will host the Vista Festival from noon to 9

p.m. (including the 4 o'clock service).

Archbishop Jerome Listeki will be present to bless the new facility, and the public is welcome to attend and celebrate at the outdoor festival, which will include food stations, outdoor music and fun and games for all ages.

The new chapel broke ground – after roughly one-and-a-half years of fundraising – on March 13, 2020.

"Coincidentally, that same day – just a few hours later – the White House declared the coronavirus a national emergency," stated Camp Vista's website. "As a result, our retreat was closed for the entire year."

The pandemic caused a dramatic cut in the camp's income, and the organization stated that it earned "just enough" funds since to remain in operation all the while rebuilding the chapel. The group had planned to unveil the building in September of last year, but was forced to delay until the present.

All things considered, it has been a tough four years for the Christian retreat, but the optimism has never ceased, and Fidziukiewicz is looking forward to seeing the community again after so many tribulations.

"All are invited!" said an enthusiastic Fidziukiewicz, who added that folks would be wise to bring their own folding chairs on Saturday.

In addition to the holy mass, blessing and outdoor fun, a schedule of concerts and activities will also take place inside the newly reconstructed chapel.

Fidziukiewicz asked that those planning to attend be so kind as to RSVP by e-mailing campvista@outlook.com.

Boy Scouts of America Help Honor Washington County Veterans

Marking Memorial Day 2022, Washington County and the Boy Scouts of America (BSA) collaborated to gather data at more than 7,000 veteran gravesites throughout the county. In a partnership with the Washington County Veterans Service Office, Washington County Parks Department, and BSA, the geocache project provides a public portal to help locate veteran burial sites throughout the County, using name and service period. In addition, there was an opportunity for families and volunteers to place flags and wreaths on the graves of their loved ones in honor of Memorial Day.

"I applaud the volunteers and scouts for their outstanding efforts to memorialize our nation's veterans. It is our civic responsibility to teach our children about the service and sacrifice our veterans have made for us, and this partnership by the county and the Boy Scouts provides an ideal opportunity for us to have an important conversation with our kids about duty and hon-

or," said Josh Schoemann county executive.

As part of the initiative, and in exchange for their participation in the Veteran Geo-cache Project, scouts and volunteers will camp overnight on designated weekends at Sandy Knoll County Park.

In 2019, an endowment was created to ensure permanent funding for the remembrance of veterans each Memorial Day in Washington County. The placing of flags at gravesites costs approximately \$6,000 annually.

"I am proud of this program. It fosters a sense of service and pride in Our Great Community. This is our strength, and we must instill this strength of service - above self - in all who come after us," concluded Schoemann.

For additional information about the Veteran Geo-cache Project, contact Kurt Rusch, Washington County Veterans Service Office at kurt.rusch@washcowisco.gov; 262-335-4457.

During the June 4 meeting of the Campbellsport Board of Education, board members continued to work on the budget for the 2007-2008 school year. Administrators had submitted a preliminary budget to the board about a month ago, with figures about eight percent higher than the budget for the 2006-2007 school year. Board members asked administrators to try to cut the eight percent to five percent. Some numbers could still change as information is gathered during the coming months.

The main topic of discussion at the May 15 Eden Village Board meeting was the site improvements/upgrades at the sewer plant. Village of Eden employee Ed Costello reported that per a DNR permit application, the sewer plant's phosphorous removal system must be in place and operational by March 31, 1998. Costs have been estimated from \$4,000 to \$6,000 to install tanks, piping, and flow valves this summer. Additional requirements for set-up have increased those figures into the \$9,000 to \$10,000 range. With the contacts made by Costello, he feels the work could be done in-house at a cost not to exceed \$5,000.

KEWASKUM'S DAYS GONE BY**5 Years Ago
June 8, 2017**

The Chris and Tracey Elbe family will host this year's Washington County Breakfast On The Farm. Neither of the two grew up on a farm, but Chris began helping on a farm when he was nine. The farmer was having some financial problems, so Chris was paid with heifers. When the couple married in 1991 at age 21, they bought a 250-acre farm and moved to it with 90 cows, an old Ford tractor, and a golden retriever. They now have four children and each helps on the farm. Golden "E" Dairy Farm is located on Shalom Drive.

Although a sign was placed in front of the Kewaskum Fire Department designating it as the future location of a new 9/11 Memorial, that may have been premature. Before the memorial can be built at that location on Fond du Lac Avenue, it needs to acquire village approval and that has not yet happened. Concern was voiced by village trustees about the location. They want to make sure fire personnel can get out quickly when called to a fire if there are people at the Memorial when a call occurs.

With the 4-0 victory over Whitnall, the Lady Indians are heading to the Division 2 State Softball Tournament. Pitcher Kennedy Lehn gave up two hits, walked two and struck out 15. Other team members include Ashley Trapp, Leah Theusch, Abigail Baumann, Kaitlyn Leitheiser, Brittany William, Breana Trepes, Emma Debelak, Sydney Kertscher, Skylar Donath, Kenzie Lehn, Megan Marx, Sydney Rosenthal, Madeline Geidel, and Sydney Donath. Kewaskum, 25-3, will play Rice Lake on June 9, with the winner advancing to the State title game on June 10.

At the WIAA State Golf Tournament held June 5 and 6, the Kewaskum team placed fourth. The team shot a 672 over the two-day event. Jacob Schlosser finished 16th with a 161 total. Jordan Carlton was one shot behind and tied for 17th place. A score of 172 gave Brad Buechel a tie for 28th place. Talon Ralph's final score was 177.

Brady Hanson placed second at the Division 2 State Track Meet with his 6'5" high jump. Also placing second was the 4x100 relay team of Tony Steger, Brady Hanson, Kyle Pamperin, and Cameron Dodge. Their time of 42.90 was .13 of a second behind Catholic Memorial's team. Cade Peterson finished seventh with a time of 22.68 in the 200m dash. Derrek Brock's time of 40.22 in the 300 hurdles gave him seventh place.

Kewaskum's golf team captured the Sectional title and is heading to the WIAA Division 2 State Golf Tournament.

Although the doubles team of Jared Chesak and Brent Goeden jumped out to a 3-0 lead at the State tennis championships, the duo lost 3-6 and then 1-6. They finished the season with a 13-5 record.

Thomas R. Jalas, 79, Kewaskum, passed away June 1. Darlene A. Tessar, 81, Kewaskum, passed away June 3. Nicholas M. Smith, 15, Farmington, passed away June 2. June D. Sarnowski, 92, Kewaskum, passed away June 6.

A threat was made to blow up Kewaskum High School on May 30. However, only a handful of people knew about the threat found by a teacher in the morning; and quick thinking averted panic. The threat was found at the school inside a men's bathroom stall. The message stated, "There's a bomb in school and will blow up on 5-30." Principal Christine Horbas didn't believe the threat was legitimate. School officials and law enforcement were unable to substantiate the threat.

Dr. Kieth Kriewaldt, Kewaskum School District's director of elementary education, has accepted a contract to fulfill a superintendent's position in the Erin School District. He will ask the board of education to end his contract at the June meeting. He's been with the district since

November 20, 1995.

Commencement exercises for the Kewaskum High School Class of 2007 will take place June 9. There will be 145 diplomas awarded.

Kewaskum police are investigating a case where a Fox Valley man has made off with over \$500 by cashing counterfeit payroll checks he is believed to have printed himself. He cashed two checks at Geidel's Piggly Wiggly on May 6. Store manager Aaron Laatsch called police on May 29 when Jason Williams returned. Williams bolted but left behind his driver's license.

A new bathroom facility awaits those camping at Mauthe Lake. The New Prospect Horserider's Camp is also undergoing a remodeling project. The improvements come from funds through the state's Knowles-Nelson Stewardship Fund.

A hobby has now turned into a full-time career for one soon-to-be village resident. After about 10 years as a recreational "scrap booker," Linda Schickert will go pro with the opening of The Scrap Nook, which will be downtown.

Five scholarships were awarded at Kewaskum FFA's annual banquet. Clayton Stoffel received the Dr. Ogi Scholarship and the Kewaskum Frozen Foods Scholarship. Zach Rate received the Jim Becker Memorial Scholarship and the Kewaskum FFA Milk Machine Scholarship. Erika Norem received the Kewaskum FFA Alumni Scholarship.

The line-up for the Washington County Fair has been announced. Appearing will be Chicago, Willie Nelson, John Kay and Steppenwolf, Paul Rogers, Skid Row, Slaughter, and Vince Neil of Motley Crue.

Beechwood Firemen's Picnic will take place June 9 and 10.

Ashley Weiss and Anton Lewko are the Kiwanis Students of the Month for June.

Kewaskum softball players earned all-conference honors: first team, Marissa Dehler; second team, Bekki Heberer, Brooke Wodsedalek, and Shaylah Haire; honorable mention, Tiffany Hedlund and Brandy Wagner.

Georgiana A. Kirchner, 73, West Bend, passed away May 31. John S. Peters, 78, West Bend, passed away May 29. Bernard J. Willavage, 66, Kewaskum, passed away May 30. Suzanne A. Al Schneider, with assistance from neighbors, put out a fire to his barn when sparks from a rubbish fire set fire to the barn. There was a hole burned in the building, but the fire did not spread to the frame dance hall and tavern near the barn in Wayne.

The building formerly used as an office by the late Dr. N.E. Hausmann on Fond du Lac Avenue was moved onto David D. Korth's property this past week. Korth purchased the building some time ago. It will be part of the new home for Korth and his wife.

- Beginning at 5 p.m., children can sign up at the game table to participate in three old fashioned games. The games will be divided into age groups 3-6, 7-11, 12-older. The winners of each age group will win a \$10 gift certificate to TYs Place. The games will begin at 6 p.m. and will continue back-to-back through the age groups until finished. (Times below are approximate)

- 6 p.m. – Sack Race
- 6:20 p.m. – Three-legged Race
- 6:40 p.m. – Egg and Spoon Race

Throughout the night stop by one of our three face painters to have your face painted or watch as our balloon twister creates a magical creature for you to take home with you. Stop at our bubble station to create life size bubbles in our swimming pool, or play some yard games including ladder golf, yard Yahtzee or corn hole.

Worried about what your family will eat for dinner that night? Well, worry no more, stop at our food stand and buy a hotdog, brat or hamburger. We will also have chips, water, and soda available for purchase. Once again, we will have sweet treats at our bake sale table and snow cones for only 50 cents! All profits from the night will go directly back to the library for new materials.

Make sure to visit our raffle table to buy three tickets for \$1 and be entered to win several wonderful prize packages. When you enter the raffle you will also receive a special gift from the library commemorating our 100th birthday!

We are so excited for this night and

hope to see you here!

As a continuation of our 100th Birthday celebration at the library, we have also invited local historian Karl McCarty to come speak with us again. Karl will be here on Thursday, June 9, at 6 p.m. to discuss the topic, "Medicine in the Area from 100 Years Ago." He will be discussing the Hoffmann's family of doctors that influenced Campbellsport. This will include personal stories from the area as well as from the surrounding rural communities. Those attending the evening are encouraged to share their stories of early medicine as well.

THANK YOU

We would like to thank everyone who came out to support the Caitlyn Ziegelbauer Benefit on April 30th. Although we've always known that Campbellsport has been such a wonderful place to live, we've definitely underestimated how the community can rally together to take care of their own.

THANK YOU to ALL of our donors, and to the people that helped make this amazing day possible. Regardless of how big or small you feel your contribution was, the day wouldn't have been such a success without YOU. Never did we expect such an amazing turnout! We apologize for not being able to personally thank each and every one of you, but please know that your gestures did not go unnoticed.

A special thank you to all of you who were willing to be added to the bone marrow data base to potentially help others who may be in need of a future bone marrow transplant—your selflessness is admirable. Also, a thank you to the Campbellsport Sportsman's Club for hosting us and all of the members who volunteered their time.

Caitlyn continues to fight the fight with Leukemia, but knows that with the support of all of her friends, family and the community behind her, she will overcome this battle.

AN Outdoorsman's JOURNAL

Anything for a Coho

MARK WALTERS
COLUMNIST

Thirty-three years ago this week I was living in the Canadian bush and was the camp manager at Chimo Lodge and Outposts; a fly in fishing camp.

It was my second season, and I had made an agreement with Dick and Molly Emerson – who owned the *Poynette Press*, to write a weekly column about my six months in the bush.

When I came home in November, this column – which at the time was called “North of the Border” – was very popular and, this week, I am writing for 65 papers, and I love my job.

TUESDAY, MAY 17

HIGH: 53, LOW: 36

One reason that cold weather in mid-May is a good thing is that coho salmon, which migrate north each spring, continue to swim in shallow water.

The water that I am talking about is Lake Michigan, and this week's outdoor adven-

Two coho landed from canoe outside Kenosha. MARK WALTERS PHOTOS

ture took place at the Port of Kenosha, as I was paddle-trolling out of my canoe.

I have taken part in this type of experience about once a year for 20 years; some years I paddle in the middle of the summer and push myself all night, as there is generally less wind and boat traffic.

The coho action is in late April to, maybe, June 1.

I put in at the marina in Kenosha, and when I paddled back after dark, I slept in the backseat of the “Chevy

Hotel.”

During this late afternoon, until about an hour after dark, I did not see one other watercraft on Lake Michigan, and it was quite chilly.

I used a Helix 7 for electronics a 2x6 C clamped to my gunnels with 3 Scotty, rod holders and I also have a Coleman propane lantern that is screwed to the 2x6.

Two of the rod holders were loaded with trolling rods that were rigged with dodger/fly combinations that had a left and a right planer board to pull them away from my canoe.

My other rig was a spinning rod with 12-pound test line, and I was using a deep diving crankbait on it.

So here is the real-

A simple rig set-up for salmon fishing from a canoe on Lake Michigan.

ity of paddling a canoe and fishing this style: It is hard to paddle fast enough to make your lures attract a fish, and it is crazy-hard to land a fish once you get a hookup (which, in my case, is rare).

So I reach 40-feet of water, which is maybe 1.5 miles from shore, all is well in my world and one of my rods with a flasher fly starts bending, and I can see a coho jumping like a bunny 35-feet behind the board.

At this point nothing, not even death matters.

First thing I have to do is quit going into the wind or else my other two lines are guaranteed to get real ugly with each other and with the rod with the coho on it.

Next part of the

game is to get the planer board off from my line without losing my quarry. All of that worked out, but then the coho – which had no desire to become fillets – swam in front of my canoe, and my line got caught on a rivet.

I did a catch or die move and got the line off and the fish in the net.

You got to do this in a canoe, to fully understand the mental reward when it all comes together.

I promised myself a beer if I caught a fish, but I was in no mood to burn daylight with anything else in my hand other than a paddle, rod or a fish. So, I mistakenly paddled back to 30-feet, burned an hour and started working my way east to deeper

water.

Literally the first time the Helix 7 showed 40-feet, my crankbait got whacked, and it was fish on.

The game is much easier in a canoe with a spinning rod and no planer board. I did not worry about the other lines and, just like that, I had coho number-two flopping in the belly of my rig and, this time, I pulled a beer out and thoroughly enjoyed the moment.

I have come to realize that the way I paddle troll, which is by squatting on my knees, has a mental and physical max of five hours. At about three-and-a-half hours, I start to lose most feeling, and, at four, I couldn't swim if I had to. At five hours, it literally takes me a lengthy period of time to get out of the canoe when I reach shore, and I pray there is no one watching.

After another wonderful night in the back seat of The Chevy Hotel, I put five-and-a-half hours on Lake Michigan and had one chance. It was one of those jumping coho's and it was on a flasher fly.

On one of its jumps, it was a home run for the fish, and it was a good thing for the coho, because when I catch a salmon in a canoe, the chance of it getting released is about as slim as gas going back to two-bucks-a-gallon.

Live large while you have the option!

ing ability, raising your risk of heat stroke. Enjoy libations in moderation, and keep sipping water between drinks.

Moving Well

Racing helps motivate me, so the disappointment of cancelled events can make it tough to maintain a movement mindset.

If uncertainty over big summer trips or events blows your motivation to make exercise an everyday habit, planning local summer “stay-cation” activities with friends or family can be just the ticket.

To find local summer activities, look no further than your local parks and recreation department. Among other things, Mayville’s Parks and Recreation Department – located at the TAG Center – offers an adult summer bag toss league, softball leagues for men and women and evening family-friendly fun runs. The Horicon Recreation Department – located at the old Van Brunt Memorial School Gymnasium – has open-court pickleball available as well as an expanding list of programs for this summer.

Local churches, also, have opportunities to stay active and engaged like family camping and adult softball.

If your bike has been collecting dust, get your wheels out!

Mayville has some great bike lanes on its main roads – and did you know you can walk from the Mayville Park Pavilion all the way to the Horicon Marsh on paved sidewalks? Follow the Gold Star Memorial Trail, which has a trailhead at Theiler Park.

Being Well

Few things can make summer a bummer faster than an injury or illness.

Whether you’re enjoying time in the backyard or back nine, planning ahead for summer safety is an important part staying healthy and well.

Grilling the official foods of Wisconsin summer? Be fire safe!

According to the National Fire Prevention Association, grills cause more than 10,000 home fires and dozens of injuries and deaths every year.

Don’t make your steak a statistic: Place your grill or smoker far away from the house, deck and trees, and clean it regularly – many grill fires are caused by grease buildup on grates and in trays.

For more tips on grilling safety, type “NFPA grilling safety” into your favorite search engine.

Heading out to the waterfront?

Don’t forget your lifejacket!

That floatation vest can mean the difference be-

tween an amusing story about your boat capsizing or a tragic story of a drowning.

Keep an eye on your littles around the water, too – drowning remains a leading cause of injury and death among kids of all ages.

For more information on drowning prevention, check out cdc.gov/drowning.

Lastly, while you’re out and moving, watch for signs of heat-related illnesses.

If you experience heavier-than-usual sweating, muscle cramps, fatigue and headaches, move somewhere you can cool off, and seek immediate medical attention if symptoms get worse.

Check the website cdc.gov/disasters/extreme-heat for more information on heat-related illnesses and other hot weather wellness tips.

This summer, planning ahead to eat well, move well and be well can help keep the frustration out of your summer vacation.

Remember always that we don’t decide our future: We decide our habits, and our habits determine our future.

- sign the poll book

***If a voter does not have acceptable photo identification, the voter may obtain a free photo ID for voting from the Division of Motor Vehicles.**

If a voter is not registered to vote, they may register to vote at the polling place serving their residence if the voter provides proof of residence. Where ballots are distributed to voters, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the voter shall enter a voting booth and then proceed to a machine to cast their ballot. The vote should not be cast in any manner other than specified here. Sample ballots or other materials to assist the voter in marking their ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked. A voter who is a parent or guardian may be accompanied by the voter's minor child or minor ward.

An election official may inform the voter of the proper manner for casting a vote but the official may not advise or indicate a particular voting choice.

Assistance for Voting

A voter may select an individual to assist in casting their vote if the voter declares to the presiding official that they are unable to read, have difficulty reading, writing, or understanding English, or that due to disability are unable to cast their ballot. The selected individual rendering assistance may not be the voter's employer or an agent of that employer or an officer or agent of a labor organization which represents the voter.

Where Optical Scan Voting is Used

The voter shall fill in the oval next to the name of the candidate of their choice for each office for which they intend to vote. To vote for a person whose name does not appear on the ballot, the voter shall write in the name of the person of their choice in the space provided for a write-in vote and fill in the oval next to the write-in line. When using an **electronic ballot marking device** to mark an **optical scan ballot**, the voter shall use the tactile pad to select the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the voter shall type in the name of the person of his or her choice in the space provided for a write-in vote.

Spoiling Ballots

If a voter spoils an **optical scan** ballot, they shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one voter. If the ballot has not been initialed by two inspectors or is defective in any other way, the voter shall return it to the election official who shall issue a proper ballot in its place.

After Voting the Ballot

After an official **optical scan ballot** is marked, the voter shall insert the ballot in the voting device.

The voter shall leave the polling place promptly.

The following is a sample of the official ballot:

Erickson Collects First Career PDTR 360 Sprint Car Win

With the touring stars of the Tezos All Star Circuit of Champions in town for the series' fifth annual appearance at The Plymouth Dirt Track at the Sheboygan County Fairgrounds in Plymouth, a contingent of Wisconsin-based drivers used their local knowledge to steal the spotlight with 10-time Bumper to Bumper Interstate Racing Association champion Bill Balog of Hartland leading the way en route to his third career All-Star Circuit of Champions 410 Sprint Car Series main event victory in the All Stars-IRA Shootout Saturday, May 21.

Balog, who earned his first career All Star Circuit of Champions A-main victory at The Plymouth Dirt Track last year, led a Wisconsin sweep of all three podium positions in the 30-lap All Stars-IRA Shootout A main, as Danny Schlafer of Sussex placed second and Sheboygan's Scotty Thiel finished third.

In the 25-lap Plymouth Dirt Track Racing 360 Sprint Car A main, Justin Erickson of Plymouth notched his first career main event triumph.

The initial start of the 30-lap All Stars-IRA Shootout main event was negated after Brandon Spithaler of Renfrew, Penn. hit the wall in turn three. After a complete restart, Bill Balog jumped into the lead from the pole position as Danny Schlafer, who started on the outside of the front row, slipped into second and fourth starter Parker Price-Miller of Kokomo, Ind. moved up into third.

By lap five, Balog caught the rear of the field and began to negotiate his way through lapped traffic, which allowed Schlafer to cut the lead considerably. The second and final caution flag flew on lap 10 when Blake Nimee of Oswego, Ill. spun against the turn two wall.

Scotty Thiel, who started third, dove underneath Schlafer to briefly take over second place before the two-time PDTR 360 Sprint Car champion regained the runner-up spot several laps later.

Balog, who is in his second season as full-time competitor with the All Star Circuit of Champions, had to deal with dense lapped traffic on the lightning fast and relatively narrow track surface over the final 10 laps of the event, but he skillfully sliced his way through the gaggle of slower cars to extend his lead over Schlafer in the closing laps en route to his third career All Star Circuit of Champions A-main victory, 133rd career IRA main event triumph and fifth straight A-main victory in his last five starts in All Stars and IRA competition at Plymouth.

The victory earned Balog \$6,600, including \$600

in bonus money courtesy of Newton-based Mulch Express of Wisconsin through the Gr8 Challenge, which awarded \$100 to the leader of lap 8 of the All Stars-IRA A-main and an additional \$500 if the leader on lap 8 went on to win the race.

"This is what we want to do running with the All Stars," Balog said. "We want to get feature wins and better finishes than we have been getting. We've been struggling a bit at some of the tracks we've been to with the All Stars this year. For some reason, we were good tonight. I wish the All Stars would come to Wisconsin a little more often. I have to thank all of my guys and supporters for helping to make this happen and all of the great fans here for helping to make us feel so comfortable and welcome the few times we get to race here now."

Schlafer, who owns 23 Plymouth Dirt Track Racing 360 Sprint Car A-main victories and has yet to record an IRA A-main win, had to settle for an IRA career-best second-place finish.

"I can't be too upset to run second to Bill because he's the king of Wisconsin Sprint Car racing," Schlafer said. "To run second is a hell of a night for us and to do it with the All Stars is an honor. My crew is what puts me here. I may get all the credit as the driver, but they make me look good."

Thiel placed third, Price-Miller was fourth and Kyle Reinhardt of Neptune City, N.J. finished fifth after starting seventh.

The opening lap of the 25-lap PDTR 360 Sprint Car A main saw 2018 PDTR 360 Sprint Car champion Justin Miller of Plymouth and Justin Erickson, who started fourth, dueled side by side over the first two laps before Erickson surged into the lead in turn two on lap 3.

By lap 6, Erickson proceeded to bolt out to a full-straightaway advantage over Miller before encountering lapped traffic for the first time on lap 10.

Two laps later, the first of two caution flags appeared when Chris Larson of Franksville spun in turn two. On the restart, Tim Haddy of Waupun, who started on the pole, used the high groove to turn to surge past Miller into second place,

Miller battled back on lap 15 as Haddy and Miller swapped the runner-up spot back-and-forth over the next five laps before Haddy regained the position on lap 20. One lap later, Larson spun again in turn four to bring out the second and final caution flag of the race.

Erickson controlled the ensuing single-file restart and held on over the final four laps to collect his first career PDTR 360 Sprint A-main victory.

Haddy finished second, Miller wound up third, defending PDTR 360 Sprint Car champion Travis Arenz of Sheboygan Falls, who started 18th, charged up through the field to place fourth and 2011 PDTR 360 Sprint Car champion Ben Schmidt of Plymouth, who started fifth, rounded out the top five.

Justin Peck of Monrovia, Ind. won the 12-lap All Stars-IRA B main. Two-time PDTR 360 Sprint Car champion Kurt Davis of South Milwaukee won the 15-lap PDTR 360 Sprint Car B main.

In All Stars-IRA qualifying, Parker Price-Miller led the way by establishing a new PDTR track record with a lap of 10.895 seconds to shatter Scotty Thiel's previous track record of 11.300 set on July 1, 2021.

2008 PDTR 360 Sprint Car champion Lance Fassbender of Burnett earned overall fast qualifier honors in the PDTR 360 Sprint Car division with a lap of 12.696 seconds.

The third PDTR program of the 2022 campaign, which was sponsored by JDL Automotive, drew a strong field of 36 All Stars-IRA 410 Sprint Cars and 31 PDTR 360 Sprint Cars.

ROUNDUP: Cougars Clinch Flyway Title, Knock off Two Rivers in Regional

CHS BASEBALL

Campbellsport, 9 at Omro, 4

Campbellsport traveled to Omro Tuesday, May 24.

The Cougars scored in the first on a Joey Nerat home run and carried a 1-0 lead to the third inning.

Campbellsport added three in the top of the third on a Jalen Gellings three-run home run.

Omro answered with three in the bottom of the third, and tied it at four in the fifth, but Campbellsport broke it open in the sixth.

Braden Heltemes led off and reached on a hit-by-pitch, Noah Fleischman moved him on a sacrifice bunt and reached on an Omro throwing error. Garrett Roehl scored Heltemes on a safety squeeze, Nerat walked, then Gellings doubled and Mitch McCarty homered to push the lead to 9-4.

Zach Mrochinski took over for McCarty on the mound to start the sixth and held Omro scoreless over the last two innings to seal the victory.

Cullen Beisbier was 2-3 with two doubles and a walk.

The win clinched a Flyway Conference Championship for the Cougars, who finished 13-1 for the conference season.

Campbellsport, 9 vs Two Rivers, 1

Campbellsport hosted Two Rivers on Friday, May 27, to open regional play.

Jalen Gellings took the mound and held Two Rivers scoreless in the first. Gellings got the Cougars on the board in the home half of the first with a solo home run.

The Cougars increased the lead to 5-0 in the second inning when Alec Harrison led off with a hit and Braden Heltemes reached on a hit-by-pitch. Noah Fleischman laid down a nice sacrifice

bunt and reached on an error, scoring Harrison. Garrett Roehl followed with a single to score Heltemes. Fleischman and Roehl moved up a base on a Joey Nerat deep fly-out, and both of them scored on a heads-up hustle play on a wild pitch.

Gellings cruised on the mound, striking out 10 in five innings of work.

The Cougars added in the fifth when Mitch McCarty singled and Cullen Beisbier drove him in with a hit.

Reilly Kohlmann took the mound in the sixth and held Two Rivers to one run in two innings of work.

In the Cougars half of the sixth, they scored three more on a Nerat two-run home run and a Cole Kaehne RBI single.

Roehl, Nerat and McCarty all finished with two hits on the night.

Cougar Softball Ends Run after Close 4-3 Loss

DAN HEISDORF

CAMPBELLSPORT HIGH SCHOOL, VARSITY SOFTBALL COACH

The Cougar softball season came to an end last Tuesday, May 24, as they lost in regional action to Laconia, 4-3.

The Spartans would score all their runs in the first inning. After a single and a walk to start the game, a controversial call changed how the first inning would go. Mollie Dual, from Laconia, hit a grounder to third baseman Kylie Zehren. Zehren would flip the ball to shortstop Ava Sippel who appeared to have hit the bag with her left foot for the first out, however, the umpire deemed Sippel never touched the bag. I talked to the umpire, who then talked it over with the home plate umpire. The home plate umpire's view was blocked, so the call stood.

Starter Brooke Flitter would walk in a run, and then

with one out gave up a bases clearing double to make the score 4-0.

The Cougars would try and peck away at the lead, when in the third, after a Kaitlyn Goebel walk, Brianna Thompson would triple her in to make it 4-1.

In the sixth after two were out, Thompson, Kinsely, Homuth and Flitter would all single to make the score 4-2.

Heading into the bottom of the seventh, Carissa Heisdorf would hit a one-out solo home run to make it 4-3. The Cougars would make it interesting by getting the tying run to second with two outs, however, Laconia would strike out the Cougar batter to end the game.

It was a great effort by the Cougar pitchers as Flitter and Zehren only allowed three hits, while striking out 15.

The Cougars ended their season with a record of 16-6.

Stay tuned for a future article on all-conference awards.

Athlete Spotlight

SANTANA RYAN

Campbellsport Cougar

Name: Santana Ryan

School: Campbellsport High School

Sport: Track and Field

Favorite event: The 200 meter dash.

Talk about a challenge you have had to overcome:

Last year, I injured something in my quad.

It took one week until I was able to run again. I missed two meets and a week worth of practice. When I was finally able to run again, I had to go slow. A week later I reinjured it. I had to sit out another three days. I, eventually, was able to heal my leg, but I missed out on a week or two of practices and three meets. When I was finally able to run again, I was slightly behind where the other athletes were, so I had to work even harder to catch back up to them.

Best high school memory?

Getting accepted into the National Honor Society. This was my best memory because I proved to myself that all the hard work that I have put into school had paid off.

What has been your best game/performance of your high school career?

This year, we had an indoor track meet at Beaver Dam. I was in two events: 4x200 meter relay and the 200 meter dash. When I was getting ready to run the 200 meter dash I learned the only person faster than me was the girl in the lane next to me. I was determined to beat her. I ran my race and won. A few seconds after, I discovered that she was a D1 athlete and had signed with a college. I couldn't believe that I was able to win against a D1 athlete.

What is one thing most people do not know about you?

Most people don't know that I lift weights six days a week. During that hour to two hour period of time, I'm in my happy place and forget about everything that is bothering me.

What are your college aspirations?

I hope to run track at college, shadow at different jobs in the fitness industry, and get a few internships to get more experience in the fitness industry.

What is your dream job?

Personal trainer.

Cake or pie?

Cake.

Who is one of your role models?

Derek Toshner.

What is one of your dreams?

To place at state for track and field.

ROUNDUP: KHS Golf Advances to Sectionals

CASEY SCHEEL
 KHS GOLF COACH

The Kewaskum boys golf team saved its best round of golf for when it mattered most, as Kewaskum shot a 367, good enough for fourth place and a berth into sectionals, at the regional meet on Tuesday, May 24, at Fire Ridge Golf Course (hosted by Grafton High School).

Kewaskum was led by freshman Alex Theusch, who shot his best round of the year with an 86 (45-41). His growth and maturity throughout the year has been great to see, and he has a very bright future ahead of him on the golf course.

Senior Connor Griesemer, the leader of the team, came in with a 91 (46-45). Senior Holden Serwe shot a 92 (49-43).

Rounding out the scoring was junior Ryan Cook with a 98 (50-48).

Brody Kral's 104 (53-51) did not count towards the team score.

The regional was originally a 10-team regional, but three schools opted out due to low golf numbers.

The seven teams in the regional were: University School of Milwaukee, first place with 318; Kettle Moraine Lutheran, second place with 329; Grafton, third place with 348; Kewaskum, 367; Cedar Grove Belgium with 383; Brookfield Academy with 392; and Campbellsport with a 403.

Coming into regionals, Kewaskum had the fifth lowest average, so they were on the outside looking in trying to get to regionals.

This is a big step in the right direction; shooting our lowest round of the year.

Sectionals took on Tuesday, May 31, after print time at The Broadlands Golf Course (hosted by Catholic Memorial High School).

Results from that meet will be in next week's paper.
