Kewaskum Village Christmas Parade is Sunday, Dec. 3

Kewaskum's annual Christmas parade, supported by the Kewaskum Area Chamber of Commerce, will run through the village this Sunday, Dec. 3, with the procession scheduled to start at 5 p.m.

This year's theme is: Favorite Childhood Game.

Santa, per usual, is scheduled to make his grand appearance at the end of the parade.

To stay in the festive mood before the parade begins, everyone is invited to take part in the Chamber of Commerce's Cookie Hunt, which will be held in downtown Kewaskum on Sunday, from 1 to 4 p.m.

The headquarters for the Cookie Hunt will be in the Annex Building, located at 1308 Fond du Lac Ave. Cookie Hunt participants can check in at the Annex.

The Kewaskum Christmas Parade will start at Kewaskum High School, at Bilgo and Third Street. The route goes east on Third Street to Parkview. The parade will make its way south on Parkview before turning west on Main Street.

Once it reaches Fond du Lac Avenue, the parade will turn north before turning right onto First Street, where it ends.

The detour route for traffic during the parade will consist of Knights Avenue, Edgewood Road, Highway H and Fond du Lac Avenue. There will be no parking on the detour route so traffic can flow more easily.

All parade participants should line up by turning from Highway 45 onto Old Fond du Lac Avenue, and then right onto Wildlife Drive. Turn right onto Reigle Drive, and parade officials will direct participants from that point. Lineup will begin on Third Street and then follow along Reigle Drive.

The annual parade is organized by the Kewaskum Area Chamber of Commerce, which funds the parade through sponsorships, membership fees and event revenues.

If you can't make the parade, be sure to check the *Kewaskum Statesman* Facebook page where it will be live-streamed throughout the evening.

Regal Ware Announces Passing of Jeffrey Reigle

REGAL WARE

It is with profound sadness that we announce the passing of Jeffrey (Jeff) Reigle, a beloved leader and visionary at Regal Ware, on November 22, 2023. Jeff, a third-generation descendant of founder J.O. Reigle and the eldest son of James D. Reigle, leaves behind an enduring legacy of excellence and unwavering commitment to his family, his company, and the direct selling industry.

Jeffrey (Jeff) Reigle (1951-2023)

Jeff served as President and CEO of Regal Ware from 1992 to March 2021, during which time he led the company with remarkable integrity, inspiring growth, fostering innovation, and championing continual reinvention. His dedication to building a company that prioritized the well-being of its employees, customers, and communities was a testament to his leadership.

Reflecting on his father's legacy, Jeff's son, Ryan Reigle, who succeeded him as CEO, said, "My father was not only a brilliant leader but also a loving husband and father. He set a high standard for us as a family and as a company. His legacy of compassion, innovation, transformation, and commitment to our core values will guide us forward."

Regal Ware employees also shared their thoughts on their late leader. Joe Swanson, a long-time employee and President of SynergyOps, the manufacturing division of Regal Ware, shared, "Jeff was a remarkable mentor who always encouraged us to explore new ideas and contribute to the growth of the organization. He cared deeply about our personal growth and success and always made us feel like a part of the Regal Ware family."

Jeff's dedication extended beyond his company as he actively supported the direct selling industry.

Love or Soulmates

Dear Reader,

Are there soulmates in this world? Possibly, and possibly not. When I think of my daughter Katelyn's love for her husband, I think of soulmates. When I think of other people who love each other, I think of them as semi-soulmates.

And then, when I think of people who just like each other, and want to be with each other, possibly they are soulmates of some sort too.

Love can be so diverse, from the deep connection of soulmates to the affection between people who simply like each other. It's a reminder that there's no one-size-fits-all definition of love, and that's what makes it so unique and special for each person.

Don't know if you'll agree. Could be wrong about this. By a far sight more than a country mile. Doesn't seem common sense is all that quotidian, leastwise round these parts on a daily basis. To find it, you've almost gotta consult the book of the same name by Thomas Paine.

Not talking about Trump and MAGA supporters who drop like hickory nuts all over, same as leaves blown clear of trees come autumn. Nor the sheer mania involved in the yearly routine; the week or so before opening day. A glorious kind of chaos.

Gotta fess up. Never a fan of the "sport", taking a bead on some innocuous animal, lined up unaware in those crosshairs. In fact, I was outright against it. Despite all the money sown into the local economy. For the simple reason, didn't have the singular, near cold blooded killer urge in these veins to squeeze a trigger and end any life.

When the DNR reintroduced timber wolves into the North Woods, rather thought it might simultaneously eliminate a couple problems from over population of whitetail, ergo starvation and damage to farmers crops. Providing enough food for the wolves to keep them from poaching cattle. Then they [allegedly] botched the deal with an overhunt to control the lupine numbers.

What could we expect? When man tinkers with nature, he usually goofs up. Because we lack the instinct, the a priori intuition inherent in every beast. Except us. So much for our post priori education and experience.

With the decades came tolerance, reality dawned. Much better for deer to be killed to feed someone than struck down on a road. Though it's also where trouble lingers. Always a few stragglers who don't go home after dusk; their vehicles still parked on the shoulder.

Fear the herd? Not anywhere as much as a careless shot in the dark.

Wisconsin is a great state, full of natural beauty, interesting people, and it is rich in resources and not overpopulated.

But, gosh, does it get brutally cold.

I ran from the Badger State roughly 10 years ago. I could not tolerate the frigid winters and darkness any longer.

"Never again!" I said, as I dreamed of California beaches or Australian summers (which are conveniently during the American winter). Of course, there's seasonal curses in those places, too, which I learned the hard way through experience.

Would you rather freeze or melt? I'm still not sure.

I was reminded of my disdain for this season earlier this week when temperatures plummeted to an icy 15 degrees. Standing outside in it, wait-

ing for my dog to do what he needs to do, is not a pleasant experience.

While I don't like it, I have learned to appreciate and respect winter. While the 3 p.m. sunsets and jagged ice crunching beneath my feet madden me, I do - as an adult - see the positives of having a seasonal "break" (if you will).

During the winter, I go to bed earlier and wake up with the sun. As a result, my mornings are more productive and my nights less meandering. I also spent more time inside, which means more inspiration to finish interior projects. It's also the only season I ever read books.

Without winter, I'd probably be perpetually up until midnight, neglecting my home chores and ignoring all the novels in my office.

Or, at least that's what I tell myself when I open the front door and feel winter's chill invade my bones.

No, I don't like it, but I respect it. I hope this winter is quick and painless, but I'm ready if it's not.

See you next week

Washington County Child Support Agency Named W.C.S.E.A. Agency of the Year

The Washington County Child Support Agency is recently named the Agency of the Year by the Wisconsin Child Support Enforcement Association. **SUBMITTED**

The Wisconsin Child Support Enforcement Association (WCSEA) named the Washington County Child Support Agency the Agency of the Year for the first time in the history of the Child Support Agency. WCSEA is the statewide association that works to foster the exchange of ideas and suggest methods for improvement of the state's child support program. The award was presented at the WCSEA's recent statewide fall conference.

Under the direction of Brad Stern, county attorney, and Brenda Gonzalez, agency director, with their team of professionals, the county agency was recognized in part for its innovation in finding ways to continue to meet performance goals by implementing a texting program to reach case participants to advise them of their case status, and resolving cases by way of stip-

ulations to eliminate the need for some court hearings.

"This is a well-deserved award, and I am happy to congratulate the Child Support Agency team on this achievement," said Josh Schoemann county executive. "This award recognizes outstanding performances and is considered the benchmark of excellence in the profession. We are fortunate to have this caliber of professionals in Washington County. Their contributions benefit children and families in our community."

Also receiving special recognition from WCSEA was Kim Lechner, former deputy county attorney, who retired in 2020 after 20 years of service to the county and was inducted into the WCSEA Hall of Fame. Gonzalez was selected to serve on the WCSEA Board of Directors in 2024.

Cantaloupes Linked to Salmonella Infections Sold in Wisconsin

At least four people in four counties have become ill; two of them hospitalized

The Wisconsin Department of Health Services (DHS), along with the Department of Agriculture, Trade, and Consumer Protection (DATCP), local health departments, and federal partners, is working to investigate a multistate outbreak of Salmonella infections linked to cantaloupes. According to the Centers for Disease Control and Prevention (CDC), 43 people in 15 states have been infected with the outbreak strain of Salmonella. This includes at least four people from Wisconsin.

Several cantaloupes and cantaloupe-containing products have been recalled recently due to suspicion of Salmonella contamination, including:

Whole fresh cantaloupes with a label that says "Malichita", "4050", and "Product of Mexico/produit du Mexique" sold between October 16 and

October 23.

ALDI cantaloupe, cut cantaloupe, and pineapple spears in clamshell packaging with best-by dates between October 27 and October 31.

Find more information about products affected by this recall and where they were sold on the DHS Outbreaks in Wisconsin webpage.

Anyone who purchased recalled cantaloupe products is advised to not eat them and to throw them away along with any food that may be packaged with the cantaloupe (for example: fruit salad). This includes any fresh fruit that was frozen for later use. If you ate any recalled cantaloupe and are experiencing symptoms of salmonellosis, contact a doctor right away. Let them know you may have been in contact with Salmonella. Signs and symptoms of Salmonella infection include diarrhea, abdominal pain, fever, and vomiting that lasts for several days.

Kewaskum Kiwanis November Students of the Month

Michael Medinger

My name is Michael Medinger and I am a high school senior at Kewaskum High School.

Throughout my high school career, I have been heavily involved in a number of clubs and activities including Scouts BSA, chess club, mock trial and debate, Kewaskum Impact Crew mentorship, National Honor Society (NHS), bowling, rocket club, and academic bowl. I have served as the Senior Patrol Leader for my scout troop for two years, I have been our chess club team captain for two years, our mock trial team captain for two years, I am currently the vice president of NHS, and one of our student representatives on the Kewaskum School District board. On top of this, I have attended Badger Boys state and National Youth Leadership Training.

In my free time, I work at Spaulding Clinical in West Bend and I work on my Eagle Scout project.

Next year, I plan on going to a four-year university on the pre-medical track with the ultimate goal of getting my MD and practicing medicine in a hospital setting. I am still deciding on where I want to go to school, but my current top choices are UW-Madison, SUNY Stony Brook, and Monash University.

Bella Hooker

Throughout high school I have had many experiences that have shaped me into the person I am today.

My freshman year I was involved in art club as well as track and field. Art has always been a passion of mine, but it became an even stronger passion during high school. My sophomore year I took first place with my "Brick by Brick" Illustration, and second place, along with fan fa-

vorite, for my "Shadows" illustration at the Moraine Park Technical College High School Art contest. I was accepted into the Milwaukee of Wisconsin Art Teen council my junior year. I am currently still involved with the program, where I along with nine other teens help plan art exhibitions for surrounding teen artists.

Another thing I grew to love throughout my high school career is running. I have been in track and field all four years, but it wasn't until my sophomore year, that I decided to join cross country. Cross country changed my life for the better, as I grew very close with many of the girls on the team and was blessed to qualify for three state championships. Throughout my years I have been awarded varsity letters for both cross country and track, as well as an Academic All State award for cross country. I also went to state my sophomore year in track, where our 4 by 8 team podiumed for sixth place in Wisconsin for division 2!

Some other extra curriculums I have been involved in have been Key Club, Spanish Club, Yearbook club, Peers for Peers, National Honors Society and Dance. I had been dancing since I was three years old all the way up to my junior year. I have been involved in countless Nutcracker performances, recitals and dance competitions, in which I have participated in a range of different styles such as tap, ballet, jazz, lyrical, hip hop, musical theater and poms.

Despite all the extra curriculums I have been involved in, I have always been an extremely dedicated student who has maintained a 4.0 GPA all four years of high school. Going forward I plan on attending a four-year college to obtain my Bachelors in education and run collegiately.

In addition to his professional achievements, Jeffrey was a proud graduate of Carroll College in Waukesha, earning his Bachelor's Degree in business in 1973.

OBITUARIES

Peter J. Lieven

Peter J. "Pete" Lieven, 68, of the Town of Farmington, passed away unexpectedly on Thursday, November 23, 2023, in Mineral Point.

Pete was born on September 30, 1955, in Hartford, the son of the late Donald and Lorraine (nee Reis) Lieven. On September 18, 1982, he was united in marriage to Mary McKinley at Holy Angels

Catholic Church in West Bend.

Pete was an amazing husband, father, and grandfather. There was nothing more important to Pete than his family. He adored Mary Pat, and enjoyed spending his retirement playing Wordle, sharing meal-times, improving their house, and taking day trips in the "little car." They traveled to Europe and around the country, with many trips planned for the future, but they also enjoyed traveling in-state and visiting old towns and local events. Pete was so proud of Sam. In his final years, their relationship morphed from father/son to best friends. They shared the bond of fatherhood and some of the headaches that come with. Pete loved hunting weekends, discussing projects in the garage, and a weekend beer. Pete and Anne had a wonderful relationship. They didn't agree on many things (politics-wise) but that never stopped them from getting along. Mid-afternoon phone chats and visiting different breakfast establishments were some of Pete and Anne's favorite bonding activities. Pete loved his kids' significant others; feeding into Nicky's crazy wood-working and craft projects, or conferencing with Zac on a new cooking technique or what they were planning for the next family meal. Pete's favorite role by far, was Grandpa; when he met Harper, he was so excited. He was able to help her learn to swim, was amazed by her intelligence, and loved that he got to be her grandpa.

Pete was passionate about helping others, and made a career of it. As a young man, he began life guarding and teaching swim lessons at the Hartford pool. After high school, he worked as an EMT while attending school full time at UWM. Pete was instrumental in starting the Hartford Emergency Medical Team. He then started work in the career that defined his professional life. Pete loved being a police officer; being able to help others and keep the community safe were what kept him going to work for more than 30 years. He was a leading force behind the formation of the West Bend SWAT team. Pete retired as a captain from the West Bend Police Department.

During his retirement, Pete enjoyed staying busy. Pete was the president of the West-Bar Sportsman's Club; was the president and founding member of the Elmwood Men's Club; a recent addition to the B.O.A Convertible Club; and a proud member of the Bedazzlers Trivia Team. Pete also enjoyed hanging out with his in-laws brewing beer, cooking maple syrup, and planning excursions. Pete had such a vibrant life filled with love, experiences, and friendship. He will forever be missed and loved by those who knew him.

Those Pete leaves behind to cherish his memory include his wife, Mary; two children, Sam (Nicole) Lieven and Anne Lieven (Zac Waters); a granddaughter, Harper Lieven; his siblings, Thomas (Bev) Lieven, Mary (Bob) Christianson, Anne (Dave) Zuern, and Monica (Dale) Wunder; his brothers and sisters-in-law, Tim (Mary) McKinley, Margaret (Bill) Archibald, Marcia (Dan) Smith, Nancy (Kevin) McKinley, Joe (Penny) McKinley, and Doug (Lori) McKinley; many nieces, nephews, other relatives and friends.

In addition to his parents, Pete was preceded in death by his infant sister, Margaret Mary Lieven; two brothers-in-law, Danno (Shelagh) McKinley and Ronnie Schellinger; his parents-in-law, Daniel and Lorna (nee Peck) McKinley.

VISITATION: Pete's family will greet relatives and friends at the Myrhum - Patten Funeral & Cremation Service, 1315 W. Washington Street, in West Bend, on Saturday, December 2, 2023, from 10 a.m. until 12:45 p.m.

LORI KREIS, DIRECTOR
KEWASKUM
PUBLIC LIBRARY

It is the end of the year and with it, I have our collection of December books. I think of this as our holiday gift to our community because not only will we have an assortment of great reads for all ages and preferences, but year-end means we are finishing up our book budget and have purchased what we didn't buy earlier this year. Come in to see what is new on our shelves, or get your holds placed for the high demand items.

I am looking forward to many of the new releases in adult fiction. Thirty-year-old Flores lives with her Peruvian immigrant moth-

er in a Brooklyn apartment. Three years after her father's passing, Flores discovers a note written by her mother asking for her husband's forgiveness under his urn. This forces mother and daughter to confront their complicated past in *Flores and Miss Paula* by Melissa Rivero. Searching for a story to launch her career and new friends to help her navigate motherhood, Tash, welcomed into a circle of sleek, sophisticated mothers, discovers the kind of life she's always dreamed of until two recent murders make her wonder why she's been so quickly accepted into their exclusive world. This thriller is titled *The Other Mothers* and is written by Katherine Faulkner. Based on true events, *The Frozen River*, authored by Ariel Lawhon is historical fiction covering the winter of

1789 in the Northeast United States. A midwife is called upon to investigate a suspicious death and in doing so, unleashes scandal threatening to tear her family apart. Robin Cook's new book, *Manner of Death*, is a face-paced medical drama featuring Jack and Laurie who must determine the cause of death after a pathology resident's skeptical suicide.

I don't think a month goes by without a new offering from James Patterson. In December, look for his writing in non-fiction. *What Really Happens in Vegas* are true stories of the people who make Vegas, Vegas. Revealing the real Vegas, this dazzling journey through stories of excess, drama and hope will transport the reader from the thrill of adrenaline-fueled vice to the glitter of A-list celebrity and entertainment. Another notable fiction

author, Douglas Preston releases his new find in true crime with *The Lost Tomb: And Other Real-Life Stories of Bones, Burials, and Murder*. You will find extraordinary and enthralling true stories of Egyptian burial chambers, lost treasure, mysterious murders, strange crimes and more. Read about the little-known story of Union soldiers from Atlanta who played a decisive role in the Civil War and how they were wiped from history in Howell Raines' *Silent Cavalry*. Look for newer non-fiction about healthy choices, relationship advice and a comprehensive history featuring Hampton Court Palace.

All these and more in new adult books will be waiting for you at the library this December. Hope to see you soon.

November 29, 2018

Recently, third grader students at Shepherd Of The Hills Catholic School made more than 30 pounds of homemade applesauce for the Thanksgiving meal at the Loaves and Fishes Program in Fond du Lac. Students and parent helpers peeled, cored, and chopped the apples and then put them in Nescos to cook throughout the day.

Are you looking for the perfect event to get you into the holiday spirit? Campbellsport has just the thing for you on December 8. The annual Campbellsport Christmas Celebration will include the Santa Parade, activities provided by the Campbellsport 4-H Club for youngsters, face painting, and the reading of Twas The Night Before Christmas.

The tree lighting ceremony for the Love Lights For The Holidays will take place at Campbellsport Fire Station on December 1. The lighting of the community trees located at the Mill Pond Park will follow. Snacks will be served before and after the ceremony.

During the past few weeks, students in the animal science class at Campbellsport High School have been learning how to handle steers and lead them. Each student takes young steers for a walk to practice good handling. They are being taught how to take care of the animals. The students take turns cleaning out the pens and the general care of the animals.

After cutting hair for the past 46 years, Richard Thiemer has retired from his barber business. Most of Richard's customers were from Kewaskum, Campbellsport, and West Bend; but he had some from Belgium, Slinger, and Beechwood. After working early in his career for different barbers in the area, Richard opened Thiemer's Sip and Snip on Highway 45. His father had purchased the building in 1954. It was a bar and the family put a lot of work into it. Richard's business, Richard's Cut and Style, was on one side of the building and the bar was on the other.

Eden Elementary School held a Literacy Night event on November 14. A reading dog was there to listen to youngsters reading.

Sergeant Steven Knuth visited first grade students at Shepherd Of The Hills Catholic School on Veterans Day. The students learned about the American flag and proper flag etiquette.

Campbellsport's girls basketball team lost its first game of the season, 61-38, to Mayville.

The Campbellsport Village Board went into the November 24 budget hearing and special board meeting hopeful they could trim the budget enough to keep the tax levy the same as it was for 2008. Although some money was trimmed, it was put in the contingency fund. There is a .98 percent increase on the mill rate over last year. Mike Yahr and Larry Martiny voted against approving the 2009 budget.

Waste Management addressed the Campbellsport Village Board at the public hearing for the budget, explaining the village's contract with the company is done in March and a new contract will be needed. Prices for waste removal could double in the village; the rep attributed the increase to a number of factors including fuel prices, maintenance, and employee costs. Currently, the price per residence or business that includes two bulk pickups each year is \$8.78 per month. The same service would be \$16.91 per month plus a fuel surcharge each month to do only residences. Businesses would have to contract for service on their own. An option that has only one bulk pickup in the spring would cost \$11.40 per month plus the

fuel surcharge. Village Clerk Diane Lemke told board members that she will research other companies before a decision needs to be made.

Several organizations have banded together to present A Christmas Walk In Campbellsport, which will be held December 13. The annual Santa Parade will start the event.

Santa will be visiting youngsters in Eden on December 13. Children will be able to have breakfast with Santa courtesy of the Eden Meat Market-Cafe and the Eden Fire Department.

The 4-H volunteers with 20 or more years of service were recognized at the annual leader banquet. They include Gerald Kinan, 40 years; Francene Trewin, 35; Brian Costello, 25; Rosemary Loehr, 40; Yvonne Respalje, 20; Karen Stahlmann, 20; and Marion Blakely, 25.

Team Badger Bikers includes bikers from this area. The team donated more than \$43,000 to the Make-A-Wish Foundation of Wisconsin in memory of teammate Nancy Sellers, who was killed by a drunk driver while on a bike ride in July.

Members of the Campbellsport football team who earned a spot on an Eastern Wisconsin Conference All-Conference team included Andrew Walsh, Taylor Pelot, Jared Lindsley, Chris Weiland, and Tyson Baughman.

Earning all-conference soccer honors for Campbellsport were Neil Scannell, Kevin Flood, and Tommy Beck.

Brittany Narges and Kelsey Schneider from the Campbellsport volleyball team earned all-conference honors.

A son, Tristan Jonathan, was born November 17 to Matt and Jenny Bosselman of Campbellsport. A daughter, Brielee Alesandra, was born November 17 to Scott and Kristine Theisen of Campbellsport. A daughter, Megan Rae Truse, was born November 17 to Josh Truse and Sara Edwards of Campbellsport.

Each has been on the board since April 1996. McCarty represents the Village of Campbellsport. Rentmeester represents the Town of Forest in Fond du Lac County and the area of the Town of Greenbush in Sheboygan County that is a part of the Campbellsport School District.

During the November 19 meeting of the Village of Eden, salary increases were approved. Trustees will now receive \$450 per year plus \$25 per meeting. The president will receive \$2,150 per year plus \$25 per meeting. The clerk/treasurer will receive \$4,400 per year, \$25 per meeting, and \$220 per quarter to do the sewer books. The Eden Area Joint Land Use Plan Commit-

tee meeting on November 16 had good attendance and input. The meeting discussed facilities including schools, libraries, village and town halls, fire houses, cemeteries, parks, police protection, healthcare facilities, water supply, solid waste disposal, road maintenance, utility and telephone service, cable television, wastewater treatment, and more. The next meeting is December 21.

On November 20, the Lady Cougars overcame a 5-0 deficit to beat Elkhart Lake 64-39. Three players scored in double figures: Jenny Wiesner, 17; Kris Loehr, 17; and Lisa Immel, 12.

Come to Bethlehem, a Christmas presentation, will be offered by the choral department of Campbellsport High School on December 4. On December 5, the Campbellsport Junior and Senior bands will present a Christmas concert. The Elementary Chorus will present a Christmas program on December 13.

Although the Cougars jumped out to a 19-12 first quarter lead, the Kewaskum Indians came back and won the basketball game 68-60. Al Miller led the Cougars with 16 points.

With the help of firemen and Lions members, the village crew completed putting up street decorations this past week.

December 1 is the 1974 Senior Class Play titled Rubberneck. The three-act comedy is about Rubberneck, a cloth dummy, who is put on the ballot for mayor of a small town in order to teach the real mayor a lesson. Chaos reigns supreme when he begins to win the election.

AN Outdoorsman's JOURNAL

The Red Brush Gang/Deer Camp

MARK WALTERS
COLUMNIST

It is Thanksgiving, and I am home from deer camp until tomorrow.

This past Saturday was the 52nd year in a row that I have hunted deer with a rifle in the Necedah National Wildlife and/or the adjoining Meadow Valley Wildlife Area, which – if you look on a map – is part of Wisconsin's Central Forest.

Our deer camp is called The Red Brush Gang and my father, the late Robert Walters, started it back in 1955 when he was attending UW-Madison.

To me, deer camp is probably the funnest place on earth, and by the end of the nine-day gun season about 25 people will have stayed there.

When I first started hunting here, there were no bear, fisher, turkey or wolf in the area. Whitetail deer populations were literally exploding, and it was a given that you would see 25 to 45 deer on opening weekend. The size of the racks were very small and our average camp contest winner was a fork horn, but it was a lot of fun to see so many deer and so much sign while in the forests and marshes of this beautiful part of the world.

SATURDAY, NOV. 18
HIGH 46, LOW 34

A beautiful sunrise in the Necedah National Wildlife Refuge. **MARK WALTERS PHOTOS**

Seventeen of us slept at camp last night. As you can imagine, there are a lot of individual stories.

My main story, and it was a stresser, is that the afternoon before both my daughter, Selina, and I became ill. Selina vomited at least 40 times, I felt disoriented and extremely tired. At 4 a.m. this morning, Selina told me she was good enough to hunt, which in her case includes a walk that is just more than two miles, and we hunt from dark to dark.

Selina's brother, Joey Dushek, was also in our neck of the woods, and we were in the part of the refuge that had thousands of sandhill cranes, geese, swans and ducks.

If you ever wanted to see an example of a refuge that is dedicated to waterfowl that really works, come here in the fall or spring.

Long story short, the

first two days our background music and view were of the above birds.

Concern came into my world when – two hours after daylight – I had not hardly heard a shot, seen a hunter or a deer. About 10 a.m., I started getting texts from Red Brush Hunters and many local friends, all with the same theme.

None the less, beautiful weather conditions and the view are what I thrive on. I was watching a marsh with a 500-yard view and well aware of how cool it is to be immersed two miles from my truck with two kids that are a huge part of my life. That was all I needed.

My buddy Jeff Moll, who has never missed a deer camp in his 49 years, had the real theme when – about 2 p.m. – he sent a text that he just saw a huge

Tim Rittmeyer with a buck that he harvested in the Necedah National Wildlife Refuge.

doe, his first deer of the day, and right behind it was a wolf. Text after text was wolf stories and very few deer being spotted.

I mean the following: the attitude in our camp is excellent and no matter what the health issue, every one of us gives our hunt 100-percent.

Tonight, at camp, not one of us out of 17 had a deer on the pole.

SUNDAY, NOV. 19
HIGH 51, LOW 28

I have been running hard for eight months, and this morning I arrived at my stand 35 minutes before first light.

I laid on the ground and took a beautiful nap, my daughter is kind of getting her health back and tonight is what the camp calls "The Sunday Night Party." The Sunday night party had good energy because today

Tim Rittmeyer, who is one of the kids in this gang ("about 35") had

harvested a buck. It was a fork horn, but we had a deer on the pole.

Our deer camp buck contest ends on Monday night even though everyone is at camp the following weekend, and Tim's fork horn would be the only buck harvested and the smallest contest winner in 30 years.

I respect the wolf; I also respect common sense management of all forms of wildlife!

Lady Cougar Bowlers Post Third Win of Season

C.H.S. GIRLS BOWLING

It was Monday, Nov. 20, and the Lady Cougar bowlers were on the road again.

This week they were headed to King Pin Bowl in West Bend to face the Hartford Orioles. The Orioles have a very young team with three veterans leading the squad.

The Orioles came out on the lanes and bowled superb for their first four games of the nine-game set.

After the Orioles opened with a 147 and 160 game, the Cougars found themselves 0-2 after two games.

This squad of bowlers does not let anything bother them, and they punched out a 192 and 149 game to even the match back to 2-2.

The Cougars went on to win the

last five games to win the match 7-2.

Senior Paige Jordan and junior Olivia Boegel led the team, filling 13 of 16 frames and 12 of 16 frames, respectively. Capri Constantineau chipped in with 9 of 14 frames.

The Cougars have a well-balanced team and they have no fear. When some are struggling, the rest of the team does a great job of picking them up.

The Cougars have Parents' Day next Monday, Nov. 27, at King Pin Lanes. Competition starts at 4 p.m. *Stats (strikes-spare-total frames): Taylor Muraski 2-5-14; Olivia Boegel 3-9-16; Capri Constantineau 2-7-14; Maddy Grunwald 3-0-12; Paige Jordan 4-9-16; Emma Muraski 3-1-10; Lillee Thorn 1-2-8.*

Campbellsport Wins Season Opener

BEN PRIESGEN JOURNALIST

The Campbellsport Cougars boys basketball team defeated Random Lake, 44-25, on Tuesday, Nov. 21, at home in their home season opener.

The Cougars (1-0) came out fast against the Rams (0-1) by taking a 13-2 lead in the first eight minutes of the first half.

"It was huge for our guys to have early success and to grow their confidence," said Head Coach Ethan Elliott.

Campbellsport's defense carried them to a 19-13 halftime lead.

The Cougars were led by their senior duo of Ethan Pickering (15 points, 9 rebounds, 6 assists) and Caleb Smith (9 points) in their season-opening victory.

It was a tight battle with Campbellsport having a 27-22 lead late in the second half, but the Cougars finished the game on a 17-3 run to secure the "W."

"Our defense is our identity, and when we defend we like our chances during games," added Elliott.

Campbellsport hit the road for its next two games: one after print time at Ripon on November 28 and at Omro on November 30.
